

Special Soldier 451

Chapter 451: Not reconciled

what?

Hearing this, everyone was shocked!

Zhaka's people actually caught the president?

"what is happening?"

"Right, did you read it wrong?"

"God, this is incredible, right?"

At this time, several people thought that this kind of thing could not happen, and Xiaohua was a little uncertain when seeing the crowd, and said directly to them:

"I'm not sure about this. I just looked at the figure of that person. It seemed to be somewhat similar to President Basandu on TV. I haven't seen the president, so I'm not sure if it is true."

"And these people were only sent here today. They were sent by those with better equipment. There was a woman who looked terrible."

Hearing this at this time, Qin Yuan suddenly remembered the blonde woman he had met at the gate of the hostage camp before and narrowed his eyes slightly.

If you put it this way, everything becomes reasonable.

Now Ivia no longer has a prime minister, but Minister Mohadi has become the acting prime minister. Qin Yuan has also seen information about the country of Ivia. This Prime Minister of Basandu, although not able to completely solve all problems, However, in addition to exploring mineral resources, he is also actively developing tourism and driving the domestic economy. It has

to be said that the life of the civilians at the bottom has improved a lot because of the tourism industry.

But this riot completely destroyed everything that Basandu had done before. With war, it is estimated that no one will travel here in the future.

At the beginning of the riot, Basandu disappeared directly. Although General Sharaf has always claimed that they killed Basandu, he has been unable to produce any useful evidence, so few people are convinced.

And now the people of the Ivia government army also have a great adoration for Basandu. They feel that Basandu is better than Mohadi. If Basandu reappears, it will inevitably inspire all the government and military subjects. confidence.

If it is the opposite, if Xhaka directly executes Basandu publicly, it would be an unprecedented blow to the government forces!

And the initial disappearance of Basandu, now it seems that it was also the hand of k2, which means that k2 may have already taken a fancy here!

Thinking of this, Qin Yuan couldn't help but an idea popped up in his mind!

If he rescues this president, will the whole situation in Ivia change?

After this thought appeared in Qin Yuan's mind, it was like a fire, how could it not be forgotten!

At this moment Qin Yuan saw Yang Rui on the opposite side, and found that Yang Rui's eyes were also shining, as if he had thought of the same plan as Qin Yuan, but unfortunately, Yang Rui quickly shook his head, as if he wanted to shake this idea. Get out.

But he did spot Qin Yuan's eyes and said directly to Qin Yuan, what are you thinking?

"What do you care about me, what are you thinking?"

And after making these words, Yang Rui did show a bit of a bitter smile, and then said to Qin Yuan, give up, this idea is definitely impossible. We have too few people, and it is not easy to escape. , Let alone do these things.

Qin Yuan also sighed and said to Yang Rui:

"But if I don't try it, I really won't be reconciled."

"No, don't forget that our first mission is to protect these two people from returning to the warship. These other missions are all additional. This is what you said!"

Hearing such words, Qin Yuan couldn't help but sighed, then shook his head, completely giving up the idea.

Qin Yuan said in a deep voice to several people: "Well, I'll go out and see if I can get a car back, Yang Rui, call the team members back, we are going to retreat!"

"Yes!"

Yang Rui agreed, and then began to radio the sniper team and the blasting team.

But as soon as he heard the news, Yang Rui's face changed:

"No, they are surrounded! We are going to save people!"

Hearing this, Qin Yuan's face also changed, and he opened the channel and asked loudly:

"what happened?"

"Report, the opponent has a master, I was watched! Li understands looking for the opponent's location, but has not found it. Moreover, the opponent's hand is an L115A3 sniper rifle, which is probably an invited foreign military master!"

At this time, hearing the report from Gu Shun in the headset, Qin Yuan's brows were also frowned tightly. For a sniper, a good gun is very important, and an L115A3 sniper rifle is worth twenty-four. More than 10,000 yuan, and it is also the exclusive equipment of the British army. If you want to buy it on the black market, it will cost at least 500,000 yuan!

Qin Yuan knew that these people must be k2's elite masters, because these Zhaka terrorists have no money to buy such expensive weapons!

And Qin Yuan asked the blasting team again:

"Xu Hong, how about you over there?"

"Report to Captain, I am fine here. I am lurking behind a small haystack. I have not been spotted for the time being, but we are outside a wall in the small square. They are gathering. Although we can continue to lurk, we don't know. When will I have a chance to go out!"

Hearing this, Yang Rui's face was a little ugly. After all, he knew that Xu Hong and Lu Chen could not speak Ivian. Now that these people are rioting, there is no way to hide safely, and once they are discovered, That is definitely dead!

"How to do?"

At this time, Yang Rui asked Qin Yuan anxiously. After all, the two hostages could not be rescued, but their team members were folded in!

"It's okay. I'll go over and keep in touch. After a while, I will kill the sniper first, and then make a little noise. You take advantage of the opportunity to rescue Xu Hong and Lu Chen, and Yang Rui, you and Shishi will meet Xu Hong. Tong Li, you are here to protect the two hostages. Also, inform Zhuang Yu to see if there is a chance to drive the car over. If you can go, you will meet at another meeting point! Understand?"

"understand!"

At this time everyone agreed, but after hearing such words, everyone looked at Qin Yuan very nervously. They finally ran out with great difficulty, and now it's better to go back. Once more dangerous.

But Qin Yuan's situation is even more dangerous, because Qin Yuan not only has to deal with the rebels, but also with a super sniper who can hurt Gu Shun!

"Brother! You...you must come back alive!"

At this time, Xiao Hua couldn't restrain it anymore, and rushed over to hug Qin Yuan!

Qin Yuan touched Xiaohua's head again, and said to her:

"Don't worry, when I turn around, brother will make you a good meal!"

After saying this, Qin Yuan said directly to Yang Rui:

"Okay, let's go!"

Chapter 452: select!

When he heard this, Yang Rui also nodded, followed Qin Yuan with the stone, and walked out.

Then the three of them lurked again to the small town of Bassem together, and seeing the messy and headless flies outside, Qin Yuan whispered to them:

"After a while, I will open a gap from the east side of the town, and then find a chance to take Gu Shun and Li Dong away. You will meet Xu Hong and Lu Chen on the west side, and then we will go round to the south to gather together and take Tong. Li and Zhuang Yu left together, do you understand?"

"Understood! You must be careful!"

Yang Rui didn't say anything when he heard this. He knew that all hopes now rest on Qin Yuan. If Qin Yuan's plan succeeds, then they might really retreat all over, but if Qin Yuan falls in. , Then their loss this time will be great.

"Relax, don't worry about me, I have my own way."

After saying this, Qin Yuan directly found a turban, re-enclosed himself, and after making a gesture to Yang Ruibi, he rushed into a room, even if he was separated.

When Yang Rui saw Qin Yuan's back, he could only sighed and waved at the stone:

"Let's go, now everything is up to Qin Yuan himself!"

At this time, Qin Yuan did not directly rush into the group of rebels. He must now learn some prerequisite skills.

Qin Yuan used his lurking skills to hide directly in this room, and then saw a small group of rebels approaching, and taking advantage of these people not paying attention, he rushed out, shot like electricity, and two cards flew. Going out, it hit the throats of the two opposite people, while the remaining one dragged directly into the room and broke his neck directly!

Qin Yuan took a look and found that no one had discovered the situation here, and then dragged the bodies of three people in.

Then he rummaged through the bodies of the three people, and finally found what he wanted.

This is the manual for the Ivia Rebels!

Qin Yuan knew that none of these Zhaka's subordinates had a very high level of education, but the Zhongjiao atmosphere here was very heavy, so Zhaka directly combined religion with his terrorist attack culture and brainwashed these people. Can get so many fighters who are not afraid of death!

And this manual is equivalent to the Bible of the religion of Zhaka!

Qin Yuan grinned when he saw this thing, and then received the manual into the grid!

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get a world-class Ivia language!"

"2, get world-class paper manufacturing!"

"3, get world-class brainwashing!"

Seeing these three options at this time, Qin Yuan was immediately overjoyed. As he expected, by recycling these manuals, he could gain Ivia's language ability!

Before, he was seen through by those people because of his lack of language ability. If he was able to ensure that his language ability reached the cosmic level, he would not believe that he would be seen through by these people!

And although Qin Yuan wanted to brainwash the third item, he only had two grids now, so he had to spend this good steel on the blade and had to leave any grids as a spare, so temporarily gave up this skill.

And Qin Yuan had already acquired the Cicada Singing Technique, which was enough.

Although Qin Yuan knows that the hypnotic ability of this cicada chanting technique is only short-term and cannot achieve long-term hypnosis, and the ability of this brainwashing technique is probably long-term and the effect is more lasting, but in this situation, it can only be temporary. give up.

Qin Yuan whispered directly: "System, I choose item 1!"

Then Qin Yuan heard the system prompt for a while:

"Ding Dong, the host chooses to succeed and obtains world-class Ivia language skills!"

After that, in Qin Yuan's mind, the one that used the ability of a junior language master to obtain Evia language skills was directly replaced by this world-class Evia language ability!

Qin Yuan felt this newly acquired language ability, and found that there were some differences between the two.

But this was not enough. Qin Yuan had to upgrade his language ability to the universe level now.

After that, Qin Yuan followed the law and directly raised this ability to the universe level, and then Qin Yuan clearly felt that the language ability of Ivia in his mind had been greatly enhanced.

And what the little soldier said to him before, he can now understand what it means. Now that he is ready, Qin Yuan stopped dragging and walked out, even imitating the appearance of the militias around him, filled with indignation. Shouting, to kill all those little mice that got in! Kill those two Yan Country women directly!

Naturally, the people around did not find Qin Yuan. Qin Yuan just mixed in the crowd and began to look for the traces of Gu Shun and Li Tang.

This small town is not big, but not too small. Qin Yuan couldn't find where Gu Shun was for a while, but he knew that Gu Shun was back after hearing the voices of these people around him. Not being caught, this proves that there is hope.

Taking a look at the crowd, Qin Yuan directly turned on the radar capability and began to search quickly.

At this time, Ye Xiao, with a serious face, was on a balcony, looking at the R93 sniper rifle whose scope had been broken, and frowned slightly.

Seeing the blood on one side, Ye Xiao asked the rebel army on the other side:

"Are there any dogs?"

"No! Even if there are dogs, they are all wild dogs without training."

The rebel army also looked at Ye Xiao with contempt, huh, just now he bragged that he must have killed the sniper, didn't he let him run?

Hearing the words of the resistance army, Ye Xiao's face also sank, and it looked even more ugly.

He really didn't expect that ' he had already hit the opponent's scope, and he could even make the opponent run away. It seems that these Yan Guoren indeed have two brushes!

"Okay, I will find this person, you should go find someone else first."

At this time, Ye Xiao said something, and then went straight downstairs.

These people from Yan Guo were quite able to run. After playing for so long, none of them were caught, and the convoys that had been chasing before were all beaten back!

Therefore, Ye Xiao must kill this sniper, otherwise, a hidden sniper is hidden in the dark, and all of them are not safe!

This kid was injured and could not run very far, and he would never give up revenge easily.

Thinking of this, a ray of light flashed in Ye Xiao's eyes.

Because this is a common problem of snipers.

And he is also a sniper!

Chapter 453: Can't run away!

At this time, Gu Shun's face was full of sweat, and he couldn't help breathing heavily.

He was now in an abandoned chimney. The narrow space and the sultry air made Gu Shun sweat.

But now he is injured and must find a chance to deal with it.

Thinking of the shot just now, it was really thrilling. If it wasn't for Gu Shun's headset that had a problem, he tilted his head when he heard the news, and the shot would be directly headshot by the opponent!

Even so, Gu Shun's injuries were not minor. Both his neck and face were scratched by fragments from the rifle. Fortunately, he didn't scratch the aorta. Although half of his face was full of blood, it could only be regarded as a trauma.

Gu Shun has turned off the headset. He now has to deal with his injury first, find a safe place, and then turn on the headset. Otherwise, the chimney structure can easily amplify the sound. If it is because of this The reason is discovered, then Gu Shun is really dead unclear!

However, it is a pity that Gu Shun's operation also directly captured Qin Yuan's radar detection!

At this time, Qin Yuan did not find the location of these two people, and his brows were also frowned. Now there are so many people and there are a lot of blood around him. Qin Yuan did not use his olfactory ability to search for Gu Shun. However, he knows that in this situation, if he hides to a position he can't find, it will prove to be really safe, and it is difficult for these rebels to find them.

However, this is not a solution. Qin Yuan thought for a while, still planning to make a big noise!

But seeing the tank on one side, Qin Yuan became interested and leaned directly over!

"Hey, brother, can this tank be repaired?"

At this time, Qin Yuan directly asked a resistance army repairing tanks, and the resistance army responded directly:

"It's okay. Only one tank is completely out of order. There are four tanks left. As long as the tracks are attached, they can continue to be used!"

When Qin Yuan heard this, the smile on Qin Yuan's face became even brighter, and he said directly to this person:

"So, brother, let me help you. As long as we can fix this tank, we can kill those who are abandoned by God!"

After hearing Qin Yuan's words, this person glanced at Qin Yuan suspiciously, but he was not doubting Qin Yuan's identity, but doubting whether Qin Yuan would repair the tank!

"Yes, my brother, but will you repair tanks?"

"Yes, I will, even if not, I can give you my strength!"

After saying this, Qin Yuan leaned towards the resistance army, and then lightly snapped his fingers...

...

And at this time in the command room, Zhaka was violently angry at the white bear:

"Why do you just watch those people run away? They took away the femininity you need most! Do you still want to cooperate?"

But after hearing what Zhaka said, Bai Xiong snorted coldly:

"Do you know the point? You need that woman hostage? We just need you to use these people to show your position and prove that you are not with the Yan Guo navy team. If you say that you will use half of the yellow cake in exchange, but you It's not keeping promises and getting so few yellow cakes, it's you who are not keeping promises!"

At this time, the white bear is mad at death. After all, he is a serious businessman. He has spent so much effort and spent so much money in order to get enough yellow cakes to bring back to the organization and get bigger interest.

But who would have thought that this old Ivia boy gave him a few buckets of yellow cakes, so that nothing was enough!

There was also a gleam in Zhaka's eyes. It was not that he was unwilling to give the yellow cake to the white bear, but wanted to get the dirty bullet from the white bear's hand, and he didn't know which **** it was. The news of the disappearance of William's necklace leaked out. Now these people knew that he didn't have dirty bullet manufacturing technology in his hands, so the lion opened his mouth and wanted four-fifths of the yellow cake. How did Zhaka accept this?

So he hid most of the yellow cakes to see if there was any other way to get the dirty bullet technique from this cunning guy.

Both are pregnant with ghosts, and they are full of mistrust, but they can't turn their faces directly, which makes people very uncomfortable!

But at this moment, they suddenly heard a bang from outside!

Boom!

A loud noise rang directly from the top of their heads, and then the large patches of dirt and stones were smashed down!

"Who! What is going on!"

At this time, both Xhaka and Bai Xiong were extremely angry!

Fortunately, the speed of the stone falling is not fast, otherwise they would be a big joke if they were killed by the stone!

And Xhaka rushed outside at this time, and saw a tank car as if he had taken medicine, and ran outside like crazy, and directly cursed at one of his subordinates:

"What exactly is going on?"

"Report, Chief, we don't know, one of our brothers, after repairing the tank, fired a shot, and then drove the tank away!"

"What?"

Hearing this, Xhaka was completely stunned. What is going on?

"Could it be those of Yan Country?"

At this time, the white bear was also a little bit ashamed, and asked directly to Zhaka.

When Zhaka heard this, his face became extremely hideous, and he gritted his teeth and said:

"I remembered, among those Yan people, there is one who knows how to make up! It must be him! Damn, the first time he came is not enough, but he came the second time, no, this person must not stay, Is an extremely serious hidden danger, I must let him die! Otherwise, it will have too much influence on our great cause!"

Xhaka had already thought ' Since they were already enemies, what if Qin Yuan used his face to go to other places and command indiscriminately?

Therefore, the best way is to directly kill the Yan countryman!

And Bai Xiong also narrowed his eyes. He also felt it necessary to kill this person, so he directly said to the walkie-talkie:

"Ye Xiao, did you see that tank? Stare at him, then kill everyone inside!"

Hearing this, Ye Xiao, who was looking for Gu Shun, frowned slightly, and could only give up his plan to find Gu Shun. The gun in his hand was aimed at Qin Yuan's tank!

But after taking aim, Ye Xiao gave up firing. The advantage of this gun in his hand lies in its range, not its power. It is not enough to penetrate Qin Yuan's tank with reactive armor!

"Huh, you can't run away!"

Ye Xiao snorted coldly, then went straight downstairs and got on an armored vehicle!

Chapter 454: Go!

And Qin Yuan didn't expect that with the shell he had just now, he could almost complete two tasks at once. If he knew it, he would probably regret it.

The reason why Qin Yuan fired that shot was not to hit people at all, but to remind Yang Rui that the action had already begun!

Sure enough, after hearing the sound of the cannon, Yang Rui immediately understood and called directly in the intercom:

"Xu Hong, Lu Chen, the time has come! Find a chance to run out!"

At this time, another voice came from the intercom:

"Report, we are also inside. On the small building behind the junkyard, Gu Shun was injured. How do we get out?"

This is the voice of Li Tang. After hearing the voice just now, Gu Shun also ran out of the chimney, and as an observer, Li Tang found Gu Shun one step ahead of those k2 people!

When Qin Yuan heard this, he said directly:

"Yang Rui, proceed according to the original plan. I will meet Li Tang, and you will wait for me in the south!"

"Li understand, go to the wall behind the junkyard, I will fire a shot from 10 meters east, you guys find an opportunity to come out!"

"Roger that!"

"Roger that!"

At this time, both groups of people received the order, and then began to act quickly!

Qin Yuan drove the tank directly to the outskirts of the abandoned depot. Just now he used the Cicada Singing Technique to hypnotize the tank repairman. After the tank was repaired, he was killed directly, and before leaving, Qin Yuan placed him One bomb directly blows up the remaining four tanks!

Although Qin Yuan came to investigate just now, there are other tanks in this town, but they are all like this tank and need to be repaired, so Qin Yuan knows that he still has a lot of time!

"Get ready! I'm going to shoot, get out!"

At this time, Qin Yuan arrived at the designated position. A drifter parked the tank, then aimed at the back wall of the abandoned car yard, and fired suddenly!

Boom~!

An armor-piercing projectile was launched directly, and the soil wall in front of it was almost like tofu. It was directly pierced through, and the huge kinetic energy of the armor-piercing projectile directly broke this wall into a big hole.

"fast!"

At this time, Li Tang led Gu Shun directly along the big hole, and rushed out, and Qin Yuan also turned abruptly, and shot directly at the position just now. Sure enough, it suddenly came from there. A scream!

"Go, let's meet Yang Rui!"

Qin Yuan jumped out of the tank and said to Li Dong and Gu Shun:

"Can you drive a tank?"

"meeting!"

At this time, Gu Shun agreed. Their Jiaolong commando is considered to be the Marine Corps, so the training that these land forces have undergone, they also have to go through!

"Well, you go and drive, I'll fire the gun, Gu Shun, are you okay?"

"Row!"

At this time, Gu Shun gritted his teeth and nodded in agreement. Although his right ear is completely inaudible now, and his leg is injured, he can't hold back his teammates in such an emergency!

"Well, eat this thing. This is my gun. If the people behind dare to chase after us, the two of us will kill them together!"

At this time Qin Yuan roared and said, although there is a tank, this tank is not equipped with a machine gun to deal with the infantry, and there is a long time interval for the guns, so a sniper rifle must be used as a Substitute for the firing interval of the shells!

"Yes!"

Gu Shun yelled, quickly took the sniper rifle in Qin Yuan's hand, and then directly set the gun up!

Although the use of a sniper rifle on a tank car has many limitations, Gu Shun deserves to be the most professional sniper. He soon adjusted his state. The whole person was shaking with the tank car and began to adapt to the tank. The rhythm of the car!

As long as the shaking of the tank is added as the third variable!

After saying this, Gu Shun saw a motorcade coming from behind and asked Qin Yuan directly:

"Captain Qin Yuan, there is a motorcade behind!"

"Kill them!"

Qin Yuan didn't even raise his eyes at this time, he turned the turret directly, and one shot was shot out!

boom!

With a whistling sound, the armor-piercing projectile directly pierced the front car, and the whole car burst into a ball of sparks instantly!

But the car behind couldn't dodge in time, and immediately hit the car in front, forming a chain of death!

Seeing Qin Yuan's shot, Gu Shun's eyes also brightened, and he also aimed at the fuel tank of a car, and shot a bullet directly!

"boom!"

Gu Shun's shot was extremely accurate, and it directly hit the fuel tank of the car in front, and the whole car suddenly exploded.

These cars are turning over again!

At this time, seeing this situation, Gu Shun was also relieved. If they followed this momentum, they would be able to escape directly!

"Good job, go, let's pick up Yang Rui!"

At this time, Qin Yuan also passed the lookout hole of the tank and saw Gu Shun's record. He hehe smiled, this time they completely played the terrorists!

And Yang Rui and several people were already ready, seeing Qin Yuan coming, they squeezed in!

Although the tank space is not small, it is still full after 7 people squeezed in, but fortunately, they soon arrived in the previous town and found an abandoned car, which finally relieved the embarrassment of being crowded together!

"Haha, I didn't expect to escape so easily!"

At this moment, after Yang Rui ran out of the tank, ' said to Qin Yuan, and Qin Yuan showed a silent smile when he heard this.

Shishi followed with a smile, and as long as they picked up Tong Li, Xiaohua and others, they could leave this ghost place directly!

Qin Yuan also relaxed a little, and now he has almost completed the task. Although he has not been able to directly kill Zhaka and Bai Xiong, as long as Xiao Hua is rescued, then the biggest goal has been achieved!

And at this moment, a voice came directly from everyone's headsets:

"Captain, Zhuang Yu drove the car over, and I will meet you!"

This was Tong Li's voice, and Qin Yuan and the others were also delighted when they heard this. They looked towards the south, and they saw that there were two cars heading here!

But at this moment, Qin Yuan suddenly felt a sense of crisis, raised his head directly, but suddenly noticed a whistling sound from the air, which turned out to be a few rockets, and Qin Yuan directly faced everyone. Yelled:

"No, it's a tank rocket, go!"

Chapter 455: position!

At this moment, hearing Qin Yuan's scream, several people panicked and hid immediately!

But Qin Yuan had no weapons in his hand, and just about to leave, he realized that Li Dong was stuck by the exit of the tank's driver's seat. He suddenly turned his head and threw Li Dong out, but he himself lost. The best chance to escape!

boom!

The rocket hit this tank directly, and instantly broke the tank's tracks and electronic devices, but the tank's reactive armor was too thick, and these rockets were not powerful enough to destroy The whole tank detonated!

"brother!"

"Qin Yuan!"

At this moment, Xiao Hua, who was watching from a distance, and Yang Rui, who was hiding aside, both screamed. They didn't expect that they would escape soon, and Qin Yuan actually died at this time!

And Li Dong's eyes widened. To tell the truth, he has been running in with Gu Shun, and he is a little disinterested in Qin Yuan, and he doesn't know what kind of person he is, but... he wants to save himself. , Died directly?

At this time, Li Dao felt that there was a buzzing in his head, and there was an indescribable depression, making him want to explode!

"Go! What are you doing in a daze?"

Gu Shun took Li Guo directly and hid directly behind a wall of soil!

At this time, the group of locust-like terrorists outside took advantage of this opportunity and directly chased up, and this time, they were obviously elite. When these people moved forward, they were obviously advancing in a staggered manner. In this way, even Yang Rui failed to knock down a few people, but instead kept these people close!

Although the government troops in Zhaka's hands rarely undergo serious military training, and their military literacy is completely inferior to that of Yang Rui and others, the years of fighting have allowed these people who can survive. Comparable combat experience!

This is the shortcoming of Yan Guo's army, there are too few actual combat!

Although the Yan Nation army is known as invincible in land warfare, it has not experienced serious wars for decades. Although the new batch of soldiers have undergone the most rigorous training, they simply do not have enough battles. experience!

At this moment, Yang Rui saw that these people could not be suppressed, so he suddenly yelled:

"Let Tong Li and others go upstairs, we will cover!"

Yang Rui still knew that their purpose this time was Deng Mei and Xiao Hua in Tong Li's car. If these two hostages died, their actions this time would be completely meaningless!

The stone at this time was extremely fierce. Picking up the light machine gun was to abruptly at the rebel army, directly suppressing these people, and then yelled into the walkie-talkie:

"Tong Li, the enemy in the north direction has been suppressed, please go upstairs carefully!"

"Roger that!"

At this time, Tong Li was also directly pulling Deng Mei and Xiao Hua, squatting down and moving forward quickly, while Zhuang Yu in the car was getting equipment down from the car!

However, at this time, a figure full of flames suddenly rushed out from under the tank. This person hid directly to the side, rolling around, and soon extinguished the flame on his body!

This person who was full of fire was Qin Yuan, he was really unable to dodge just now, and in desperation he could only hide under the tank.

"brother!"

At this moment, Xiao Hua who was in the distance just wanted to jump over, but was pulled back by Tong Li:

"Your brother is fine, he didn't panic, he must be fine!"

And Yang Rui was also relieved. He saw Qin Yuan's full of breath, and knew that Qin Yuan was not seriously injured!

At this time, Qin Yuan was also scared for a while. Grandma's, he didn't expect that these people would not give up and continue to catch up. If the power of the shell just now is more powerful, it is not a fire bomb but a burst bomb, then his one My life will be over!

Qin Yuan is very fortunate now that he has recovered the flame before and is not afraid of this burning flame bomb. If the other party uses a burst bomb and directly blows the entire tank into an explosion, then even if Qin Yuan has great skills, he will be shot by the shell. Death exploded to death!

At this time, Qin Yuan rushed to Yang Rui's side in twos and threes and asked Yang Rui, "How is the situation now?"

Yang Rui was also extremely nervous at this time, and said to Qin Yuan:

"There are almost forty or fifty people on the opposite side, but we haven't figured out where the rocket on the opposite side is!"

Qin Yuan directly turned on the radar capability and found the location of the rocket in an instant. He saw Zhuang Yu was working hard to unload the equipment from the car, and rushed over, and he picked up a Sidewinder missile and suddenly turned towards Flew over there!

At this moment, hiding in a truck at the foot of the mountain, several rebels were loading rockets and wanted to take a second shot at Qin Yuan's small building, but at this moment, they suddenly saw the air coming from the sky. There was a whistling sound, and a missile slammed directly down from the air, and landed on the car with a bang, blasting them clean!

Yang Rui saw that the rocket team over there had been wiped out, and he shouted in excitement, and then commanded the other team members:

"The sniper team is going to take the position, Shishi, Lu Chen, you go to the second floor to protect the hostages! Others follow me and build a line of defense downstairs!"

Hearing this, everyone immediately began to act. Qin Yuan was also observing the surroundings to see what strength the enemy had, and where he could lurch in the past, and directly kill them all!

As for the few people on the second floor, they all felt light, and the stone became extremely fierce. They shot directly at the terrorists outside. I didn't know how many people were killed. Finally, a howitzer was fired. Kill a few terrorists hiding behind the rocks!

But at this time, Everyone at suddenly heard a muffled sound, a bang, and the stone that had just reached the second floor suddenly heard a fierce scream, and Lu Chen was also making a depressed cry!

On the other side, Tong Li suddenly rushed forward and saw that half of the stone's face was directly torn apart by the bullet, and Lu Chen was even more miserable. One arm was punched with a big hole!

Seeing the bullet holes on the wall, Tong Li shouted directly:

"Everyone is hidden, the opponent has a sniper!"

Hearing such words, Yang Rui's eyes suddenly widened, and he directly asked Tong Li:

"Tong Li, where is the sniper!"

"Captain, at six o'clock! Shishi and Lu Chen are injured, hurry up and save people!"

At this time, Tong Li was really panicked. Looking at Lu Chen who was madly saving herself over there, she directly stuck a tube of tranquilizer on the stone! .

Chapter 456: As it should be!

However, there is a certain amount of time for the effect of this tranquilizer to be exerted. At this time, the stone is still trembling in pain!

Tong Li saw the hideous look of the stone, and she was about to cry. She quickly took out a piece of candy from her pocket and said to the stone:

"Stone, eat candy! It won't hurt if you eat candy!"

At this moment, the stone could not say a word that hurts, but when he saw Tong Li handing the sugar over, he still stuffed it into his mouth, but the meat on his cheek had been beaten, and this piece of sugar was unexpectedly from the wound Fell out of it!

"what!!!"

At this time, Tong Li was almost crazy. She picked up the candy from the ground quickly, wanted to clean it, and put the stone in her mouth again, but at this time, a bullet turned out to be from the previous one. It came in through the bullet hole and hit the stone's throat directly!

A ray of blood was sprayed directly from the body of the stone. At this time, Tong Li was completely crazy. She knew that she had hit the aorta, and the stone could not be saved!

"Stone!"

At this time, Tong Li was like a she-wolf who had lost everything, and she let out a stern cry.

She knew before that Stone seemed to like herself, but she never responded. After all, as the only female member of the Dragon Team, she had to avoid suspicion in this regard.

Originally, she was still thinking that when she left the dragon, she would fall in love with this fool again, but who would have thought that it was over before all this could be said?

But at this time, a figure rushed upstairs directly and shouted at Tong Li:

"Go and do what you should do! Watch out for snipers!"

Qin Yuan was supposed to help clean up those terrorists below, but a voice suddenly rang in Qin Yuan's mind just now:

"Ding Dong, the system will issue a mission to save the members of the Dragon Squad from death and reward a grid!"

After hearing this sound, Qin Yuan heard Tong Li's cry again, and soon thought of the scene of being shot in a stone!

Even if there is no mission, Qin Yuan will save the stone, not to mention the grid now?

So Qin Yuan rushed up directly, and when he went upstairs, he found that the stone was not only a serious injury on his face, but the blood on his neck was like a fountain, and he rushed up for treatment!

And Tong Li looked at Qin Yuan, but she was stunned, and shouted at Qin Yuan:

"He was shot in an artery!"

Human arteries have great elasticity. Once they break, they will shrink back and bounce to both sides. As long as they can't stop the blood, they will die! Usually the femoral artery is difficult to save, but now the stone has hit the artery in the neck!

"Can't die!"

Qin Yuan said in a deep voice, then slapped the stone unconsciously with a slap, then took out a needle from his pocket, and found and sutured the large artery of the stone in three or two!

Although this is still bleeding, it is at least much better than the appearance of the fountain just now!

Then Qin Yuan directly took out the silver needle and plunged it into the stone!

"Eight needles against the sky!"

At this time, the silver needle in Qin Yuan's hand traversed a mysterious arc, and directly stuck on Thor's body!

Eight needles against the sky, the third needle, start!

At this time, Tong Li saw Qin Yuan's movements, and she was all attracted by the movements of Qin Yuan's hands. After all, the arc was so beautiful that it made people feel lighthearted!

Just looking at it is an incomparable enjoyment!

And as Qin Yuan's needle fell, the lying stone immediately hit a spirit, and his whole body trembled directly!

"stone!"

Tong Li screamed, but she was extremely shocked to find that the blood on the stone's neck had stopped. Not only did the blood vessels in her neck stop bleeding, but even the wounds on her face stopped bleeding!

"Go and do what you should do! If I get disturbed, he will really be dead!"

At this time, Qin Yuan gritted his teeth and said to Tong Li, and Tong Li just woke up, raised the gun directly, and began to suppress the terrorists outside!

And while Qin Yuan was treating the stone, Yang Rui also directly asked the walkie-talkie:

"Gu Shun, the opponent's sniper who hasn't been found yet!"

At this time, the people in the Jiaolong squad were all complaining. There was a sniper watching outside, and they were shackled, seeing that the terrorists were about to rush forward!

At this time, everyone also heard the voice from Gu Shun:

"Captain, I can't find it, everyone must be careful. In his hand is an L115A3 sniper rifle, with an effective range of 2500 meters!"

When they heard this sound, everyone immediately knew that they had sucked in a breath of air-conditioning, 2500 meters. What is this concept? This means that when the enemy hits you, you don't even know where the bullet came from!

"Gu Shun, find a chance to kill the opponent's sniper! I'll use it as a bait!"

At this time, Yang Rui yelled into the walkie-talkie, but when he heard this, Gu Shun was extremely nervous, and said to Yang Rui:

"Captain, I may not be able to do it!"

"Gu Shun is holding an M24 sniper rifle, and the range may not be enough!"

At this time, a voice came directly, and it was Qin Yuan who had already finished the treatment for Qin Yuan. After using the third stitch of the Eight Needles Against the Sky, Qin Yuan's physical strength was also consumed a lot!

Qin Yuan's expression at this time was also very ugly. The gun that Gu Shun was given was traded from the hands of the Ivia government army. It was not a good gun, and it was far inferior to the opponent's L115A3 sniper rifle. !

Everyone was shocked at once, and they all understood that if they couldn't solve the opponent's snipers, then even if they killed these people in front of them, it wouldn't make any sense, because they could only be targets for the opponent's snipers!

At this time everyone heard Gu Shun's voice:

"I'm going to attract the attention of the opposing sniper' You defend the line first!"

Hearing this, everyone felt extremely uncomfortable. They all knew that Gu Shun wanted to use his own life to help them delay time. After all, even the range of guns is not enough, how can you fight back?

At this time, Li Tang was also uncomfortable. He knew that Gu Shun's ears had been injured, and his eyes were also damaged to a certain extent. What's more, Gu Shun was not that person's opponent before. Now with a gun like this, how could he hit him? Of each other?

But he also knew that now there must be someone to attract the attention of the sniper, otherwise, they might all die here!

"Gu Shun, I'll go with you!"

At this time, Li Ding said in a deep voice, in fact, if Qin Yuan hadn't saved him just now, he would have already died, and now it is reasonable to be able to make a little contribution!

Chapter 457: Precisely report!

"No, you can't go, I'll go, you take the opportunity to take the hostages and wounded away!"

At this time, Yang Rui also said in a deep voice, and Li Donggang wanted to explain something, Yang Rui continued:

"Li understand! You are an observer, remember your mission, no matter whether we can hit the opponent or not, we must find the opponent's position! Understand?"

With a fierce look in Yang Rui's eyes, he said to the walkie-talkie every word:

"Remember, our soldiers from the Yan Kingdom will not die like this. Even if they die, they must let the other party see the dignity of our soldiers from the Yan Kingdom!"

Hearing this, Li Dao nodded suddenly!

The captain is right, people can die, but the task must be completed!

But at this moment, the two of them heard a voice:

"I have a way, maybe I can hit that bastard!"

Yep?

At this time, everyone was shocked when they heard such words, and Qin Yuan was treating Lu Chen's injuries upstairs at this time.

"Qin Yuan, what can I do?"

At this time, Yang Rui asked Qin Yuan, but Qin Yuan sneered and said directly to everyone:

"We don't have long-range weapons in our hands, but don't forget, we still have a cannon!"

"gun?"

Hearing this, everyone looked confused. Where is the gun?

Where did they buy individual weapons from the government of Ivia? Stinger missiles, which can hit planes, are already considered the most high-end. Where can there be guns?

Even if there is, they can't bring it!

"Hehe, look at the outside!"

At this time, everyone looked outside and found that there was only one bombed messy tank outside!

"Nothing exists outside, no...no...do you want to use this abandoned tank?"

Yang Rui looked at the tank outside and said in shock.

But how do you use this tank?

"Why can't it be used? I've seen it just now. The launch system of this tank is not damaged! Directly find the bastard's location, shoot it and kill the bastard!"

Hearing this, the people in the Dragon Squad were dumbfounded. Even with the high accuracy of the current artillery, it is simply impossible to use the artillery to hit targets thousands of meters away!

And for the turret outside, the electronic settings were obviously broken, which means that they have to manually modulate the data of the turret!

This is even more a fantasy. Electronic data is inaccurate. Isn't this manual data even worse!

You know, even if the muzzle is only one millimeter away, and the shell hits a few kilometers away, it will be a gap of several meters!

Although the power of this shell is also splashing and can cause damage for several meters, don't forget that the opponent is also a sniper master, not a dead thing!

And every sniper is a sniper who has experienced the fear of being bombarded by a platoon of artillery. He is not a good sniper who has not experienced the cannon rain!

So Qin Yuan wanted to kill a senior sniper with this method, it was a dream!

"Do as I said, if we don't kill this sniper, we can't run away alone!"

Qin Yuan said directly at this time, and when he heard this, everyone fell silent.

After all, the threat of a professional sniper is really too great. If they don't kill this person and run away, they are equivalent to sending their heads to the gun!

"Well then, let's follow your instructions! We do!"

At this time, Yang Rui was also full of helplessness. Although he knew that this was not a good way at all, there was a good saying that even if it was a bad way in a desperate situation, it was better than no way!

Although others felt that Qin Yuan's method was a bit unreliable, since their captain had already agreed, they naturally agreed to follow suit.

"Help me suppress the opposite person!"

At this moment Qin Yuan yelled, and then rushed out!

And those people saw that someone finally rushed out, and immediately attacked Qin Yuan, but they were soon suppressed by Yang Rui and others!

Qin Yuan quickly jumped onto the tank, but at this moment, Qin Yuan suddenly felt a burst of danger, opened forty-nine times the visual speed, and suddenly saw a bullet directly from the direction of six o'clock. Fly over!

"Hehe, it really shot!"

Qin Yuan sneered, and then directly avoided the bullet and entered this turret!

Bang!

This bullet hit the wall directly, and Ye Xiao, who was two kilometers away, also gave a cold snort!

Shooting at a super long distance, even for Ye Xiao, is a very difficult thing.

"I see how long you can hide inside!"

Ye Xiao stared at Qin Yuan firmly at this time, and directly aimed at the position of the turret!

At this time, Qin Yuan was in the turret, feeling the burning heat around him, and was also sweating, but he directly said to the walkie-talkie:

"Li understand, find him at half past six!"

"I'm trying!"

At this time, Li Dong hid behind a small stone and kept searching, but he didn't find it at all!

"The distance is not enough, your height is too low! Go to higher places!"

"understand!"

Li Dao agreed, he just crawled towards the mountain on one side!

At this time, the terrorists who had not been cleaned up wanted to intercept Li Tang, but they had not taken two steps before they heard a bang!

There was a whistling, a shell was directly excited, and suddenly the terrorist hiding behind the stone was blown into the sky!

A character who looked like a captain, seeing this situation, directly yelled:

"Fak!"

After saying this, he took out the walkie-talkie, and wanted the people behind to quickly get rid of this tank. With such a turret, they would never be able to rush in!

But this guy hasn't spoken yet! A bullet directly penetrated his head!

At this time, Gu Shun, who was hiding in the distance, said lightly:

"The opposing commander has been eliminated!"

With an M24 in his hand, although he can't beat the sniper in the distance, it is enough to deal with the terrorists in the vicinity!

The commander was killed, and the attack of these terrorists stopped immediately. At this time, Li Dong finally ran to the designated position, and then used the laser tester in his hand to observe the reflected light of the opponent's sniper shell. Finally It was Ye Xiao who was hiding behind a rock!

"Report, I found it! On the hillside one thousand nine hundred meters away, there is a small flat ground on the top of the slope, behind a stone!"

"Accurate report! I can't see it, I can only use your data to attack!"

At this time Xu Fan agreed, but what he said was shocking!

Chapter 458: Crushed

what?

Hearing this at this time, everyone's hearts were tight. This report shooting, even with a sniper rifle, was difficult to do, but Qin Yuan wanted to use a cannonball?

Is this crazy?

What's more, now Qin Yuan can only adjust the data manually, but cannot calculate it with a computer. This difficulty is extremely terrifying!

"What are you doing? Hurry up and do as I say!"

At this time, Qin Yuan yelled, and soon awakened everyone, and Li Understanding gritted his teeth, and then quickly reported to Qin Yuan where Ye Xiao was!

At this time, Qin Yuan heard the position reported by Li Dong, and a sneer appeared at the corner of his mouth, and then quickly adjusted the data in the turret.

Soon the fort turned around, and then aimed at the direction of Ye Xiao,

At the midnight snack 2 kilometers away, he suddenly felt a sense of crisis. He also saw that Qin Yuan's fort was aimed at this place, but he showed a contemptuous smile.

With such a distance and such a slope, it is absolutely impossible for Qin Yuan's fort to hit him!

But at this moment, he suddenly saw that the fort was directly activated, and a cannonball suddenly blasted towards this side!

This time Ye Xiao also trembled in his heart, but this shell exploded directly more than ten meters away from Ye Xiao!

Suddenly, Supper also smiled directly. His guess was indeed correct. With such an error, the opponent would definitely not hit him!

Then Ye Xiao directly aimed his muzzle at the barrel of the tank. As long as this guy fired another shot, he would directly hit the barrel of this guy, killing them all in this way!

Even if you can't hit the shell, it can break the turret!

And as soon as he finished speaking, Ye Xiao saw the opponent's barrel, and after a small adjustment, another shell was excited here!

The supper also pulled the trigger directly and shot a bullet directly at the barrel of the barrel.

bump!

boom!

A shell still exploded more than ten meters to the left of Ye Xiao, and although Ye Xiao's bullet hit the turret, it did not hit the position of the barrel!

"Come again!"

There was also a hint of excitement in Ye Xiao's eyes, and both parties were betting! Bet on who is lucky and bolder, and see if the cannonball is adjusted first, or if Ye Xiao hits the opponent's barrel first!

This kind of competition is beneficial to Ye Xiao, because the shell is still more than ten meters away from him, but he hit the turret only a few centimeters!

bump!

boom!

It was another round of confrontation between the two sides, and Ye Xiao directly hit the barrel this time, but it was not powerful enough to penetrate the barrel!

But as long as any trace is wiped out in the barrel, it will have a fatal blow to the accuracy of the shell!

"Hehe, I won!"

At this time, Ye Xiao sneered, but at this moment, he clearly felt that another cannonball exploded directly beside him!

"Fak, how is this possible?"

At this time, Ye Xiao was completely panicked, what the ***** was this, why had he wiped the turret, why did the other party seem to have no influence?

But Qin Yuan in the turret showed a sneer, and then once again received a cannonball directly into the grid!

As soon as Qin Yuan entered this turret, he had already made such a plan!

He cured the stone just now and got a grid directly! So directly put the shells in the grid!

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class artillery shell manufacturing!"

"2, get world-class shell improvement!"

"3, get world-class shells to shoot accurately!"

After seeing these three options, Qin Yuan didn't say anything, he just chose the third option.

"System, I choose item 3."

"Dingdong~The host selection is successful! Get world-class shells to shoot accurately!"

Then Qin Yuan felt like he was directly integrated with this turret. Before, Qin Yuan had recovered the tank driving ability, and the accuracy of the shells was not low!

But compared to now, it is still far behind!

It's like a short-sighted person who puts on his glasses and feels that the whole world is instantly clear!

"Hehe, wait for death!"

At this time, Qin Yuan directly received a few shells into his own grid, and then directly raised this world-class shell precision shooting to a universe-class shell precision shooting!

But at this time, Qin Yuan suddenly felt a soft noise from the turret, knowing that it was Ye Xiao's bullet that hit the turret again!

However, Qin Yuan was not in a hurry. He hit, and now any damage to the turret, Qin Yuan knows all about it. By then, this small deviation can only be counted in the data calculation. !

"Li understand! Report wind speed! Humidity!"

"Yes!"

At this time, Qin Yuan yelled directly at Li Tang, and Li Tang quickly reported the data, and then Qin Yuan adjusted the turret slightly, and with the precise shooting of the universe-class shells, Qin Yuan's control of the turret The control has been refined and meticulous, and the moving distance is even smaller than millimeters!

"emission!"

"emission!"

boom!

At this time, a cannonball was directly excited, with a whistling, with the barrier of wind speed, with the trouble of humidity, with the gravity of the earth, but even with so many influences, the cannonball is still extremely accurate, directly Hit that big rock!

Ye Xiao felt something was wrong, and when he looked up, a cannonball had covered the sun, and it was getting bigger and bigger in his eyes!

"Do not!"

"boom!"

With a bang, Ye Xiao and the whole rock were completely blown to pieces!

"Hit!"

"Fuck, Nima is so awesome!"

"This is a god!"

At this time, the people in the Jiaolong team felt that their goose bumps were about to appear' They were all trained in tanks, so they knew that Qin Yuan made such a difficulty, it is almost more direct than an ant. It is even more difficult to lift a large truck, but Qin Yuan's operation this time not only lifted the large truck, but also threw a flower!

How can this make them not shocked by the onlookers?

Is this Nima something human can do?

At this moment, Yang Rui looked at Qin Yuan, and his mind went white. He was thinking of comparing with Qin Yuan before, but now it seems that he is more than a hammer!

With this hand, Yang Rui couldn't even dream when he was dreaming, let alone do it!

And Qin Yuan also smiled, and said directly to the walkie-talkie:

"What are you doing in a daze, I've already killed that sniper, just run over these bugs, let's go home!"

Chapter 459: Deal

"Yes!"

Hearing Qin Yuan's words at this time, the morale of the Dragon Squad was like pouring gasoline, stimulating its full potential, and directly pressing down on the opponent's people!

And Qin Yuan also showed a sneer, turned the turret, and aimed at the direction where the terrorists were avoiding!

boom!

Death's sickle is down!

...

It didn't take long for the people from the Jiaolong team to wipe out all of these people, and they also got two cars from the surroundings, which were even more spacious.

And they also left this place, hid in a small cave in the mountain, and rested for a while.

After all, even if they were all well-trained special forces, they would not be able to stand the repeated battles.

Qin Yuan helped to heal the injuries that Shishi Lu Chen and Gu Shun suffered. Although Shishi and Lu Chen can't continue fighting, they can at least survive without leaving any sequelae.

"Well, your face, after removing the stitches, the main thing is to pay attention to maintenance, so there will be no scars."

At this time Qin Yuan said to the stone, and because the stone was punched through his throat, he could not speak yet, just hummed a few words to Qin Yuan.

"You don't need to say thank you anymore. I'm just a doctor, and the person you want to thank is standing next to you!"

Qin Yuan smiled at this moment, glanced at the stone and grabbed Tong Li's hand, and then everyone saw Tong Li standing on the side, and they all laughed.

And Tong Li was flushed, and wanted to take her hand out, but she held the stone tightly and was totally unwilling to let go.

However, Tong Li still whispered to Qin Yuan:

"Thank you."

And everyone looked at Qin Yuan eagerly, and to be honest, if there were no Qin Yuan, they would be very difficult to accomplish.

Qin Yuan also smiled slightly, then directly waved his hand and sat aside to rest.

After playing for so long, even Qin Yuan was a little tired. But it was a good deal to save Xiao Hua.

At this time, Xiao Hua saw Qin Yuan coming, and directly gave Qin Yuan a point in the can, and then leaned directly on Qin Yuan.

"Brother, it's great that you can come and save me."

Xiao Hua looked at Qin Yuan slightly exhausted. Although Xiao Hua's personality was relatively aggressive, she was tired after such a long period of fear.

"Sleep for a while."

Qin Yuan gently put his hand on Xiao Hua's head, and then the hypnotism was activated instantly, Xiao Hua quickly closed his eyes and fell asleep.

And seeing Xiao Hua's appearance, Qin Yuan also smiled slightly, and then looked at his mission.

There are three main tasks now, rescue Xiaohua and Deng Mei, kill Zhaka and White Bear, and get the yellow cake.

It is a pity that none of these three tasks has been completed.

However, the safety of Xiaohua and Deng Mei is the most important thing. As for other tasks, I will come back later and kill those two ***** directly!

And Qin Yuan took another look at his strange task.

The system releases self-care tasks to help the Ivia government forces guard the line of defense and reward grids!

Now behind this task, there is still a button to receive, and the reward grid has become two!

Qin Yuan understood. It was obvious that he had made such a big noise this time. He destroyed most of the weapons in Zhaka's hand, and the elite force also killed more than a hundred, which was not a small loss to Zhaka.

After all, an elite veteran needs at least one out of ten recruits to be able to pick one out. With such a calculation, Qin Yuan's wave directly killed several thousand people in Zhaka's hands.

If this happens in a few more waves, it will definitely be able to increase the reward for this task to a higher level.

But for now, it's better to send the flowers back first.

"Okay, let's go!"

But at this time, on the other side, it was a dark cloud.

Upon receiving the news from his subordinates, Zhaka's face was extremely ugly.

It turned out that this team of Yan Guo soldiers not only took hostages from them and killed a large group of people, but also the people from the previous Green Valley Energy Company were taken away by Yan Guo.

This means that William's necklace is completely missing.

And the white bear on one side also had a gloomy expression. He didn't expect Ye Xiao to die.

A sniper capable of ultra-long-range shooting is not so easy to find. It took a lot of effort for their k2 to train such a master.

Originally, Ye Xiao was of great use. After all, being able to achieve ultra-long-range shooting is of great benefit to the assassination. The organizer has also arranged it and let Ye Xiao complete these things in the future.

The night owl has always wanted revenge because his elder brother wild dog was killed, and this time I heard that Ivia was able to get a dirty bomb, so he followed, just to get a dirty bomb, go Finish what his brother didn't accomplish.

But now he died here directly, which made Bai Xiong somewhat unable to explain to his superiors.

No matter how you explain it, this Yan Nation team must be eliminated!

At this moment, looking at Zhaka, who looked as ugly as the opposite, Bai Xiong said coldly:

"Mr. Zhaka, our cooperation seems to be hindered by a bug. Should we join forces to eliminate this bug first?"

But after hearing this, Zhaka said gloomily:

"Mr. White Bear, I really want to kill these people, but if we join hands, it seems a bit funny. Mr. White Bear, you brought a total of fifty people to Ivia, and my men, But there are thousands of people like Ivia, do you think it is inappropriate to join hands with us?"

And the white bear smiled, said directly to Zhaka:

"You are right. In this regard, we are indeed not your opponents, but we also have what you want. Moreover, you have to thank us for catching President Ivia. Of course, these are all in the past. , I know what you want, I take a step back and immediately give you the dirty bomb technology so that you can trade with General Shayev, but I also hope that you can show your sincerity!"

Zhaka didn't expect that the White Bear actually used this technique, narrowed his eyes, and said directly:

"Well, if the technology is true, then I will not only let the soldiers of our holy religion chase, but also let General Sayyev provide us with assistance! At that time, at least a few thousand people will chase the opponent. Kill the opponent completely!"

"Moreover, we will control the harbour we have, and completely expel the Yan Nation fleet, leaving them nowhere to escape!"

Hearing such words, Bai Xiong was also extremely satisfied, and directly nodded and said:

"Very well, since everyone is sincere, then, make a deal!"

Chapter 460: How to do?

The two big hands were directly held together, Bai Xiong and Zhaka looked at each other, and then both showed a cold smile.

Soon, things just changed.

At this time on the side of the warship, Captain Gao Yun heard his report:

"Report to the captain. Just now there was news from the Jiaolong team. They have successfully rescued the hostages Deng Mei and Chen Qingrui. They are currently heading towards the port and dare to come!"

Upon hearing this news, Gao Yun and Wang Qiang were both delighted:

"Haha, good job!"

"Yes, Yang Rui must have done a good job this time. Oh, yes, and the instructor sent by the superior."

Gao Yun had an uncontrollable smile on his face, and then said to this person:

"Notify Yang Rui, let him be careful all the way, I am waiting for him to come back!"

And this correspondent also ran out with a look of excitement, but at this moment, another person ran back in a hurry, and said to Gao Yun a little nervously:

"Report to the captain that the three trucks on the hillside have exposed their weapons and aimed at us!"

When Gao Yun heard this, he felt tight, holding the binoculars directly, and seeing what was on the truck, his eyes condensed, he found that the truck prepared on the truck turned out to be a high-explosive missile!

Although it is impossible for this missile to blow up their warship, this is already a signal!

"The first-level battle deployment of the whole ship!"

"Yes!"

Following Gao Yun's order, the entire fleet became active, and all weapons in the fleet had been opened for insurance!

But at this time, Gao Yun saw that the other party actually fired a weapon directly, and was shocked:

"The secondary artillery intercepts the enemy's missiles and the main artillery attacks the target!"

Da Da Da Da Da!

At this time, the machine gun and secondary artillery on the fleet roared, directly smashing the missile launched by the opponent, and even a nail did not reach the fleet!

Then the main artillery was also excited, and directly hit the opposite cliff, crushing the three trucks into rubble!

Although these people have been completely wiped out, Gao Yun's expression is extremely ugly!

Because this is a provocation to Yan Guo's troops, but now because Ivia has not recognized the status of these terrorists, and Yan Guo is notoriously not interfering in other countries' internal affairs, they can only fight defensively. It is not possible to directly drive the fleet, drive various bomber fighter fighters, and directly use shells to kill the ***** of Zhaka, but only urge the government of Ivia to deal with Zhaka!

But the current government forces of Ivia can't beat General Shayev, so how can they have room to deal with Xhaka?

"Asshole!"

Gao Yun was desperate at this time, but he was helpless.

At this time, political commissar Wang Qiang also looked ugly, but he still reminded Gao Yun directly:

"Captain, these people have publicly attacked us now. For the safety of the citizens on board, we can only temporarily withdraw from the offshore waters."

Hearing this, Gao Yun's face was also pale, and said to Wang Qiang:

"What about Yang Rui and others?"

"Our people can pick up, or let the Iveans provide assistance, or let them go a little longer and let them go to the next port of Abigail."

"Ok!"

At this time, Gao Yun snorted coldly and went directly to give orders, but he said to the communicator on one side:

"Remember, tell Yang Rui, be careful!"

On Qin Yuan's side, their group was heading towards the previous port, but at this moment, Zhuang Yu, who was in charge of communications, said directly to the crowd:

"Captain, I received a message, and Zhaka sent another general message."

Hearing this, Yang Rui quickly took a tactical tablet, and then looked at the description above, but frowned:

"What does this mean? I will never give up the struggle, nor will I let anyone dare to provoke them? Something is wrong, right?"

"Are you talking about us..."

At this time, Xu Hong, who was on the side, asked, but after the question, he laughed. After all, although they rescued the hostages from Xhaka's hands, they wouldn't let Xhaka's people continue to chase them. She, the most important thing for these people is to think about how to deal with government soldiers.

"Don't scare people."

Qin Yuan also smiled, and said directly:

"If they really give us this face, we won't be able to deal with it! If we kill Zhaka, maybe this is possible. Now, it's probably nonsense."

But at this moment, Zhuang Yu suddenly heard a piece of news and said directly to Qin Yuan:

"Captain Qin Yuan, news from the warship!"

Soon Yang Rui connected the message, and after hearing the news, Yang Rui's face suddenly became extremely ugly!

"what happened?"

"The people on the ship who said that Zhaka launched an attack on the ship, so for the safety of the diaspora, they have to go to the next port first!"

Hearing this, Qin Yuan's face also sank. Now they are only two hours away from the port of Ohafa, but if they detour to the next port, it will take five hours, and the road in the middle Also close to the war zone!

"Hehe, it seems that this group of ***** may really be directed at us."

Qin Yuan shook his head and sneered, and Yang Rui also had an ugly face. They wanted to bring three female civilians who were unable to bind chickens, and two of them could not fight. If they encounter danger again, it will be hard not to happen Downsizing.

"How to do?"

At this time, Yang Rui asked Qin Yuan' and Qin Yuan directly took out the map, took a look, and said to Yang Rui:

"If we follow the original plan and return directly from this road, I am afraid it is a bit dangerous. So my idea is this. You, just give up the road, put on makeup, and then follow the small road to Iraq. Then let them provide helicopters on the site of the Vivian government forces, and then walk along the coastline, and they should be able to safely reach the port of Abijah.

When he heard this, Yang Rui's expression was a bit ugly. Although it was a large force that could directly avoid the enemy, the speed was a lot slower. Since Zhaka's people have already released words to deal with them, this It means that they will definitely come after them. After all, they are not locals. If they are caught up, it will be over!

"I'm afraid this won't work. We can't pin the security issue on the other side's stupidity."

"Who says I treat them as idiots, I have a second plan to execute simultaneously!"

At this moment, a light flashed in Qin Yuan's eyes.
