

Special Soldier 471

Chapter 471: 1 bullet!

At this moment, seeing the guards of these soldiers, Qin Yuan, who was hiding in the warehouse in the distance, smiled slightly. It is best to deceive people with half-truths.

The people of Xhaka did cooperate with other organizations, but the cooperation between Xhaka and the White Bear was not harmful to General Sharaf. After all, the White Bear came here only for money and yellow cake. Now this thing is in hand. However, the White Bear is naturally unwilling to engage in Ivia's internal war, and it is estimated that he will leave soon.

The reason why Xhaka's attitude towards these people is not good is that Xhaka has already noticed that the purpose of this Sharaf at the beginning was not religion or the people, but to live a good life for himself. He was just Using Zhaka and the religion behind Zhaka.

After all, every warlord knows that religion can be used when fighting the world, but it cannot be used when guarding the world. After all, when the country and religion conflict, in a country with a strong religious atmosphere like Ivia, they are more willing Believe in religion, not the so-called leader.

On this point, many people in history have set an example.

At this time Lalta said to the soldiers under his hands:

"Quickly, quickly, all of us quickly transport the yellow cakes on the plane! Remember that this is the property of the general, and we must keep them well!"

After saying this, Lalta also glanced at Xhaka, and Xhaka felt Lalta's guard, and felt a little lumpy in his heart. You know, for these yellow cakes, he also uses the technology of yellow cakes. How many people died? How much effort did it take? As a result, this **** still has such an attitude towards him!

This also made Zhaka feel a little disgusted with Lalta's people. At this moment, Zhaka suddenly received a call and glanced at the phone number. The card's eyes lit up, and then Said carefully:

"Sir, why are you calling? I'm currently handing over the yellow cake."

"Zhaka, are you with Lalta now?"

"Yes, sir."

"Be careful. General Sharaf tore up the treaty with me. The rebels intend to eat us. They must bring back all the yellow cakes and the information. From now on, this war belongs to us!"

Hearing such words, Zhaka's eyes suddenly flashed with a craziness!

at last! Finally, at this time, they were finally able to build a country that belongs to them!

And the key point among these points is the yellow cake in his hand!

A trace of murderous aura flashed in Zhaka's eyes at this time, turned his back to Lalta, and directly made a gesture toward his subordinates!

And these subordinates are also very understanding, raising their hands is a shot, wanting to hit Lalta's head!

But Lalta can be considered as a battle-tested. Since he is prepared, how could he be killed so easily by these guys, and he dodges directly behind a car, and said loudly: "Keep these ***** Kill the guy!"

At this time, Zhaka was also hiding aside, madly letting his men attack, after all, he had just handed over the yellow cake information to Lalta!

"Fuck!"

"Suddenly!"

At this time, the two parties did not agree, and he entered the most intense firefight. However, he was a little desperate. Although they had planned to kill Zhaka and others, it was not at this time. He originally wanted to wait until the plane left. When they got up, these people were completely blown into the sky with a bomb, but now the plane hasn't flew up, and they don't have as many manpower as Zhaka, and now they can only be passively beaten!

Qin Yuan, who was hiding in the distance, saw such a situation, and a sneer suddenly appeared at the corner of his mouth, and it finally became lively!

However, he carefully imitated the trajectory of the bullets of both sides, and directly hit Zhaka's body with a single bullet, but his favorite marksmanship was extremely accurate. A few shots in a row killed a lot of these terrorists in an instant, which was considered balanced. The strength of both sides!

Then Qin Yuan rushed out crazily and yelled at Lalta:

"General, go!"

And these rebels, seeing that they like such bravery, are also embarrassed. They don't know where this friendly army comes from.

However, this does not delay them from quickly evacuating towards the transport plane following Qin Yuan's voice, as long as they can get on the transport plane, then they can directly blow all these people into the sky!

"retreat!"

At this time, Lalta was extremely excited. He had already made plans. When the retreat was successful, no matter where this person came from, he must give this brave soldier a good reward!

But Xhaka was so angry that he thought he could kill Lalta, but the appearance of this person in front of him changed the situation in an instant. Although they had more people than Lalta, But because of this person, he couldn't hold his head up!

At this time, Zhaka gritted his teeth and said to one of his men:

"Blow up the transport plane first!"

But when one of the men heard this, he looked terrified and said to Zhaka:

"Boss, the transport plane is full of yellow cakes. If we blow up the transport plane, the yellow cakes can only be picked out of the sand bit by bit!"

You must know that this yellow cake has a lot of radiation, if you really want to pick it out from the sand again, then I don't know how many people will die!

But Zhaka did say with a grim look:

"Even so, we can't let the opposing person get it. You don't know that the general has already turned our face against us now. If the other party gets it, all of us will die!"

After saying this, Zaka immediately rushed out. Although he was very old, he knew that he had to solve this situation by himself. He picked up a bazooka from the side and loaded it with ammunition. , Suddenly hit the transport plane!

The people around were all horrified. If Zarqah really blows up the transport plane, then the yellow cake in the transport plane will blow up, I don't know how far it will go. By then, everyone in their vicinity will not survive. Come down!

This also includes Zhaka!

At this time, Zhaka's eyes were filled with endless madness, and he shouted directly:

"For the holy war!"

Then he pulled the trigger directly!

And just at this critical moment, suddenly a bullet directly hit the rocket in Zhaka's hand!

"boom!"

With an explosion of a huge crack, Zhaka was blown out in an instant, and the surrounding rebels took this opportunity to retreat to the transport plane quickly!

Chapter 472: Do something that shocks the world!

However, Zhaka was not dead, except that his face was covered with blood, and the morale of these terrorists was greatly reduced because of Zhaka's injuries.

They knew that they might not be able to stop these rebels, and they knew that after they boarded the transport plane, they would attack them!

So after discovering that they could not achieve their goal, they took Zhaka directly onto the truck. They knew that it was time to escape the bombing!

But at this time, Zhaka struggled and let out a scream:

"Hurry up... call your husband!"

"Chief, you are seriously injured now, you can't move!"

At this time, a strong man said to Zhaka in embarrassment, but Zhaka grabbed the strong man by the collar, his face was covered with blood, like a ghost crawling out of hell, facing this The burly man said with a full face and said:

"Go!"

Seeing this, the strong man gritted his teeth and said to the person on one side:

"Go drive, let's go quickly!"

And hearing this, Zhaka was also relieved!

At this time, the face scratched by the shrapnel came with a sharp pain. Zhaka is not afraid of this pain, but the panic in his heart can't escape it!

Because he suddenly remembered something, remembered a report given to him by a subordinate before!

Before, there was a special soldier from Yan Nation who was able to shoot rockets flying in mid-air directly!

Just now, there was exactly one bullet that directly hit the rocket he was about to launch!

Only one bullet!

This is enough to prove that the enemy is not blind at all, but is aiming extremely accurately!

And like this sharpshooter, even if it is a million people, there will be no one!

Therefore, Zhaka has already determined that this must be the same person!

In fact, all he wanted to say was one sentence!

That is when the people of Yan Guo got into the team of General Sharaf!

Go even further!

General Sharaf has cooperated with Yan Guoren!

...

At this time, Qin Yuan took advantage of this opportunity and directly boarded the transport plane with Lalta!

At this time on the transport plane, Lalta touched the cold sweat on his forehead and let out a big laugh!

Sure enough, he won!

Although many subordinates have been killed, but with such a military transport plane, they are invincible! The people from the Zaka Army below can only be his targets!

And all of this is due to the credit of this outstanding soldier!

"Brother, dear brother, thank you so much this time! When I go back, I will definitely recommend you like General Salaf!"

At this time, Lalta patted Qin Yuan on the shoulder, and couldn't help but praise Qin Yuan. After all, like such high-quality soldiers, let alone their rebels, even the Lighthouse Nation might not have them!

And hearing such words, Qin Yuan also showed a mysterious smile, and then said to Lalta:

"Sir, where are we going to transport these yellow cakes?"

"Let's not talk about it, now is the time for us to take revenge. We must first kill these **** bastards, and even dare to betray General Sharaf. These people are looking for their own dead ends!"

At this time, Lalta's eyes flashed with a bit of resentment. They obtained the technology of yellow cake and dirty bombs. It was just when they were about to win. If they were killed at this time, it would be a big loss!

Therefore, at this time Lalta completely forgot, they were originally going to kill the Zaka army, but now they feel that the Zaka army betrayed them first!

Having said this, Lalta said to his hand savagely:

"Go! Kill those people!"

But at this time Qin Yuan had his own thinking. He finally provoked the confrontation between the Zaka Army and the Salaf Army. How could he let Lalta kill Zaka so quickly?

What's more, Qin Yuan had already seen it before, and Zhaka probably won't live long!

But where Zhaka died is also particular. After all, dying in the hands of the enemy on the spot and dying in the arms of his own people will cause completely different emotions!

Therefore, Qin Yuan whispered:

"I'm really sorry, sir, I am afraid your wish will not come true!"

But when he heard this, Lalta suddenly took out his pistol and aimed directly at Qin Yuan!

"Haha, bastard! I have already discovered that you are wrong, you must be an undercover agent sent by Zhaka, right? Humph, although your marksmanship is more powerful, do you dare to shoot here?"

But Qin Yuan glanced around, but sneered. There were boxes containing yellow cakes, and it was indeed not the place to move the gun.

However, Qin Yuan showed a more playful smile when he saw the brawny men flexing their hands on the opposite side.

...

A minute later, Qin Yuan glanced at the bodies of other people, saw Lalta trembling with a pistol, and said lightly:

"Sir, did you do it yourself, or did I do it?"

"You...who are you!?"

Lalta asked Qin Yuan tremblingly, but Qin Yuan smiled softly:

"It's a passerby."

After saying this, Qin Yuan flew out a poker card directly and crossed Lalta's neck!

A smear of blood flowed directly from Lalta, and then at the last moment of Lalta's death, he saw the man in front of him, opened his holster and fake beard, revealing a face belonging to the East Asian region.

"You are... are..."

Lalta felt the last air last, and completely lost his breath!

Seeing that Lalta was dead, Qin Yuan picked up the phone and walked to the position of the cabin, pulled the dead driver aside, then looked at the button-filled device on the transport plane, and scratched his head a little. Asked on the phone:

"Principal Lei, I wonder if you can drive a transport plane?"

"What? Qin Yuan, what are you doing?"

At this time, the same person on the opposite side ' heard Qin Yuan's words, but his eyes widened, wondering if he had heard something wrong.

How could Qin Yuan get a transport plane as a single soldier?

"Just leave it alone, send someone to this coordinate point and get ready to fly away."

Hearing this, the heart of the same Tong was a little hairy, and he asked Qin Yuan softly:

"What the **** are you doing?"

When Qin Yuan heard this, he said lightly:

"Do something that shocks the world."

After saying this, Qin Yuan reported the coordinates with a face, and then hung up the phone.

Looking at the phone that had been hung up, there was an ominous premonition in the same heart, as if there was a big pot that was about to be buckled on his forehead!

Chapter 473: Reclaim desert road turtles!

After hanging up the phone, Qin Yuan began to work seriously.

Just now, the driver wanted to attack Qin Yuan from behind. Qin Yuan had no choice but to kill this guy!

However, the plane is still in automatic flight mode, and it will be ignored for a while, it seems that there is no problem, Qin Yuan still has some time.

"Book! Book! Book!"

Qin Yuan searched for the corpses of these people at this time, trying to find a book about the transportation rack, but he found it and couldn't find it at all!

"Madan, don't these guys learn at all?"

Qin Yuan was really a little panicked at this moment, he couldn't fly a plane!

But this time it was a bit misguided. Qin Yuan didn't expect these guys to have nothing to recycle at all!

Qin Yuan looked at the buttons in front of him at this time, thinking in his mind which one could be depressed, and also thinking about where to recover the transport aircraft driving technology!

But at this moment, Qin Yuan saw that there was a notebook on one side, and he immediately moved in his heart, and quickly received the notebook into the grid!

Qin Yuan did not forget that as long as the person dies, he can extract the skills he wants from the person's personal belongings or the person's attribute cards!

"System, recycling!"

"Ding Dong, congratulations to the host for the successful recovery and get the Peath character card!"

It seemed that the driver was named Pe Si, Qin Yuan hesitated for a moment, and then continued to say to the system:

"System, extract skills!"

"Dingdong, please start choosing!"

"1. Get a world-class Ivia language!"

"2, get world-class gun skills!"

"3, get world-class fighting skills!"

"4, get a world-class transport aircraft driving!"

Seeing these four options at this time, Qin Yuan did not hesitate to choose the fourth item, world-class transport aircraft driving technology!

After all, this is the technology Qin Yuan wants most. Fortunately, this guy's driving is okay. If Qin Yuan acquires a skill with insufficient level, it will be a waste of a grid!

"Ding Dong, congratulations to the host for acquiring world-class transport aircraft driving skills!"

Then Qin Yuan felt that there were many more skills in his mind, and then Qin Yuan suddenly felt that these buttons in front of him seemed to have become a lot more familiar!

Then Qin Yuan directly changed the coordinates of the transport plane, carefully calculated the time, and turned on the autopilot.

Now Qin Yuan has taken this half of the yellow cake, and now, there is the other half!

Qin Yuan took out his computer and found that the other half of the yellow cake was still in that small town. This also meant that Qin Yuan was probably going back again!

But how can you save time and return to the small town of Bassem?

This is worth thinking about...

...

At this time in the town of Bassem, dying Xhaka was making a call.

"Yes... sir, you must... be careful!"

"Yes, it should be a Yan nationality. The yellow cake is lost... the technology is also lost... However, I can still ask, there is half of the yellow cake in the hands of the white bear. Information, but, all of this, I am afraid I can only use money to buy..."

"I also know that we don't have enough money, but this is the last resort..."

"Yes, sir, I will send the yellow cake and the information..."

At this time, Zhaka hung up the phone with a tired face.

Because all the faces on his body were wounded, so now Zhaka, only half of his face was wrapped, but it looked even more hideous.

"If you don't have money, you can only use a gun..."

Thinking of this, Xhaka's eyes were slightly ugly.

It's not that he couldn't bear to start with the white bear. After all, for the success of the jihad, he could even dedicate his life, let alone a white bear who has not known him!

The main problem now is that he is not strong enough, and even if he catches the white bear, how to make the K2 people hand over the dirty bomb manufacturing method.

After all, Zhaka learned from previous conversations with Bai Xiong that most of the people in k2 are acting in groups, and they have their own subordinates. If Bai Xiong is caught, but there is no way to get this information, it will be thorough. Ruined!

And now, the husband has begun to assassinate General Sharaf. After all, the two sides have torn their skins now, and Lalta has yellow cake and technology in his hands, and the threat is greatly enhanced, so he must first act first!

However, Xhaka knew that to deal directly with the white bear, the possibility of obtaining the information was really small, and something must be done.

"White Bear, sorry."

Zhaka coughed, slowly got up from the bed, and left the room directly.

...

As time passed, the night slowly descended, and Qin Yuan sneaked into this small town for the fourth time!

Attacks again and again have reduced the defense of this town by half and morale.

Looking at the guarding crowd around him at this time, Qin Yuan sneered. This time, he didn't plan to hide anymore!

Go in!

At this time, Qin Yuan has been repaired, and he has also received the sniper rifle given to him by the same, which is now in the strongest state.

And at this moment, Qin Yuan suddenly saw a chubby thing crawling over here, and Qin Yuan turned on his night vision ability, but he almost dropped his jaw!

Because this chubby thing is nothing but a tortoise!

"Fuck, how come there are turtles in this desert area?"

But no matter how surprised Qin Yuan was, this tortoise did indeed appear in front of Qin Yuan, which made Qin Yuan really feel the magic of the world, there could be tortoises in the desert!

But Qin Yuan searched for this tortoise, only to find that it was a desert tortoise, and it was a tortoise that lived in the desert!

Qin Yuan looked at these three small one, one big and four turtles. ' couldn't help but have a hint of thought in his mind. He took out a little water, and these turtles immediately surrounded him.

Qin Yuan looked at these desert tortoises, directly pinched the other's carapace, and said silently in his heart:

"System, recycling!"

Because Qin Yuan thought about it carefully, it seemed that when he came to Ivia, he hadn't reclaimed an animal exclusively in the desert!

And these tortoises in front of me, no matter they are rare, but also very useful!

After all, Qin Yuan only has a head, which is considered a bit defensive, but he does not have it on his body. Now he is about to fight, naturally he wants to see if this tortoise's defensive ability can be obtained by himself!

The tortoise shell is a harder shield in the animal kingdom!

And with Qin Yuan's actions, these desert tortoises disappeared immediately and appeared directly in Qin Yuan's grid!

Chapter 474: Just kill it!

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get a world-class lifespan enhancement!"

"2, get a world-class turtle breath technique!"

"3, get a world-class turtle shell defense!"

Seeing these three options at this time, Qin Yuan was immediately surprised. It seems that he hasn't gained such a good ability for a long time. Each of these three options seems to be very useful!

The first lifespan enhancement, for Qin Yuan, there is no need to talk about it. After all, everyone wants to live longer. As the so-called thousand-year king and eighty-thousand-year turtle, although it is a bit ugly, everyone is envious of it. Have such a long life!

And the second tortoise breath technique is a more magical technique, which can steadily strengthen Qin Yuan's various physiques and abilities, and even has a certain meditative function, and Qin Yuan often needs to lie in for a long time. The ability of this tortoise breath technique can completely protect one's physical strength!

As for the third one, not to mention it. This is what Qin Yuan wants most. The student has previously obtained an iron head skill to make his head able to withstand damage, but the body does not have such a defense ability.

Although Qin Yuan's various abilities are very strong now, they are not invincible. If he is hit by a bullet, he will still be injured. Although Qin Yuan's recovery ability is very strong, but such injuries have accumulated, Qin Yuan is still There is some damage.

But if he had this ability, it would be equivalent to covering his body with an extra layer of armor. For ordinary bullets, Qin Yuan would not have to work hard to dodge, so that he would naturally have more on the battlefield. The margin.

This is equivalent to building the opponent's basic damage in the game. The previous attacks by these people on Qin Yuan, because of Qin Yuan's various abilities and avoidance, can only make

Qin Yuan's body more bruises and bruises at best, but If he had this defensive ability, Qin Yuan would not even have these.

Seeing these three options, Qin Yuan's heart is full of entanglements. To be honest, he wants all three options, but now he only has 2 grids, and he cannot consume all of them, that is Said that he could only choose one.

But Qin Yuan struggled for a long time, and had to put this ability on the third option!

After all, this is currently the most usable one!

"System, I choose item 3!"

"Ding Dong, the host chooses successfully, and gets world-class tortoise shell defense!"

At this time, the voice of the system sounded directly in Qin Yuan's mind, and Qin Yuan instantly felt that his body was like an extra layer of hard armor.

"Ding Dong, world-class tortoise shell defense, can make every inch of the host's skin resist 200Mpa pressure attacks!"

200Mpa?

Hearing this, Qin Yuan's eyes were full of shock, knowing that 1Mpa is equivalent to 10 kg of pressure, and 200Mpa is equivalent to 2000 kg of pressure!

The shooting power of a general small-caliber bullet is equivalent to about 250Mpa!

This world-class tortoise shell defense is already much stronger than ordinary primary body armor!

What's more, this is only a world-class tortoise shell defense. If it is upgraded to the cosmic level, I don't know what it will reach!

Thinking of this, Qin Yuan was even more excited, and then directly chose to raise this tortoise shell's defense ability to the cosmic level!

"Ding Dong, world-class tortoise shell defense, can make every inch of the host's skin resist 1000Mpa pressure attack!"

1000Mpa!

10 tons!

Although Qin Yuan knew that this was only literal data, it was too scary, right?

Qin Yuan felt that at least ordinary rifle pistols had no effect on him. As for heavy machine guns and artillery bombs, their power would be greatly weakened!

At this moment, Qin Yuan concentrated on his breath, and directly shot his own arm with his silencer pistol!

Qin Yuan has made plans. He deliberately chose a muscle that will not affect his actions. Even if he is injured, Qin Yuan can quickly heal the injury without affecting his next actions!

But this 9mm bullet stopped abruptly on Qin Yuan's skin!

But Qin Yuan just felt a touch of touch on his skin! Without any pain!

by!

Is this still playing like this?

This Nima is better than Captain America!

At this moment, Qin Yuan's eyes were flashing like LED lights! Glancing at the soldiers patrolling around the town, a bloodthirsty smile appeared on his face!

"White Bear, Zhaka, I am coming!"

After saying this, Qin Yuan suddenly rushed out!

At this time, Qin Yuan directly turned on his night vision and thermal imaging capabilities, and the night was like day in Qin Yuan's eyes!

But Qin Yuan hadn't had time to act, but he was surprised to find that he still shot, in this small town, gunshots have already begun!

"Fuck! What's the matter?"

Qin Yuan hid aside at this time, looking at the bustling Zaka Army soldiers around him, puzzled!

But at this moment, Qin Yuan suddenly saw a small team, guarding a person, fleeing wildly!

But seeing the faces of this group of people, Qin Yuan understood, and after half a year, Zhaka and Bai Xiong actually fell out!

Qin Yuan was immediately happy at this moment. Originally, he was thinking about how to get the yellow cake out of the white bear's hand, but now it's okay, this guy seems to have come to the door!

But if you think about it carefully, this is normal. After all, Qin Yuan has already obtained the yellow cake from Zhaka, and if Zhaka wants to get the yellow cake again, he can only grab the white bear!

"Hey, the dog bites the dog, a hairy mouth!"

But there is also a lot of room for maneuvering inside'Qin Yuan smiled, then glanced at the locator he left, and slowly touched it!

But now the people of Bai Xiong have not had time to leave with Huangbing!

Qin Yuan directly lurked in the past at this time, and went directly to a car, which contained the remaining half of the yellow cake!

Looking at the remaining eight buckets of yellow cakes, Qin Yuan showed a sneer on his face, and then recovered!

"1. Obtain cosmic radiation resistance!"

"2. Obtain world-class uranium ore purification technology!"

"3, get world-class weapon manufacturing technology!"

These options appeared in front of Qin Yuan once again, and Qin Yuan's main purpose this time was to use the grid to take away the yellow cakes directly. He just chose a random choice, and then directly shut down the system. A bomb was directly placed on a car!

Now all the yellow cakes are in hand! Next, it's time to kill those two directly!

Chapter 475: Panicked White Bear

"Damn! Untrustworthy bastard!"

At this time, the white bear cursed. He really didn't expect that the old ***** Zhaka would be so shameless. He said that he would turn his face. It was fine just now, but after returning, he wanted to kill him.

However, Bai Xiong thinks about it carefully. It seems that this is normal. Zhaka, the old boy, definitely wants to not only repent, but also wants to get the materials to make dirty bombs from his own hands!

But Bai Xiong knows it clearly. Don't look at him as a leader of K2, but if he is really caught by Zhaka and wants to use Bai Xiong as a hostage, ask the K2 headquarters for information on dirty bombs. The people at the k2 headquarters will definitely not fart any more, they will fly over a missile and blow up Zaka along with him!

"Damn, hurry up, take the yellow cake with him, he won't kill me directly!"

Thinking of this at this time, Bai Xiong immediately turned the corner. The first priority now is to save his life. With these yellow cakes, Zhaka's people will not use cannons or the like to kill. Sex weapons, and they don't dare to kill themselves directly, after all, they are still waiting to exchange information with the people of k2!

The white bear has already made plans. If it can escape, it will naturally be a good escape, but if it can't escape, then use Xhaka's psychology to see if he can get a dirty bomb from the headquarters of k2. Information!

However, no matter what, the white bear still has a lot of hole cards in his hand, and he can't let it go casually!

Besides, in the current situation, it is not certain whether Zhaka's people are his opponents!

"Little ones. Get rid of all these people! Damn, you dare to betray us!"

At this time, Bai Xiong said directly to the people under his hands, and the people of k2 are soldiers retired from various countries, and their strength is still relatively tyrannical, while Zhaka asked Qin Yuan several times to kill more than half of the people, although there are A certain supplement, but the strength is also weakened a lot!

In addition, it is possible for Xhaka to throw a rat avoidance device. In this way, their chance of escape is indeed not small!

"Sable! Find a chance to kill me that old bastard!"

At this time, the white bear said to the walkie-talkie, while on the other side of the walkie-talkie, a blonde beauty said faintly:

"OK. You are the boss, but this is another task. You have to add money! Twenty million dollars, and to prevent you ***** from going wrong, I want you to give me the money now!"

"Damn, when is this, how could I transfer money to you? Twenty million dollars, your lion speaks loudly!"

"Then I'm sorry, I can only give you a little support at most. I want me to kill Zhaka and then endure the attack by so many believers under him. It is not worth it. Sir White Bear, then I wish you good luck. !"

After saying this, Sable hung up the phone. After all, for a bounty hunter like her, how much money and how much work was done, the white bear, a miser, wanted to use the basic salary and sent her away. This is dreaming!

However, Sable did not intend to throw away the white bear directly. In other words, he is a cheap boss. When this guy truly realizes the threat to his life, he will naturally no longer bargain with himself, and then it will be the time to make money! fEís U ZW.C o M

But at this moment, Sable suddenly flashed a sense of crisis in his heart, his eyes were suddenly staring, he hugged his gun tightly, and began to patrol around nervously!

Just now, she felt that it was as if someone was looking here towards this side. As a sniper, hiding oneself is the most important job. Once it exposes one's position, it is equivalent to exposing oneself to the other party. Under the gun!

But Sable had been searching for a long time, and couldn't find where that person was. Although the sense of crisis in his heart had disappeared, it still existed faintly!

This is enough to prove that that person definitely did not leave, but he did not put all his attention here!

At this time, Sable directly turned on his walkie-talkie, and said to the white bear in a deep voice:

"Boss, there is a master on the opposite side, he really wants to add money!"

"Anyone who is not a master, there is a sniper on the other side, and they were killed by those Yan Guomen. If you want to add money, it would be too clumsy to find this excuse!"

At this time, Sable's eyes narrowed when she heard this. Although she loves money more, if she finds such an idiot boss, it is also a very serious threat to herself, so she directly puts her headset on. Throw it out, planning to retreat silently.

Anyway, this **** is not a good person, he is dead if he dies.

The opponent's sniper must be a master, and he will not work hard for such a person. Anyway, I have also reminded the other party, believe it or not, that is a matter for the white bear!

At this time, Bai Xiong heard the voice in the walkie-talkie hung up again, and yelled angrily. He knew that the woman Sable was insatiable and obviously used this method to raise prices!

But it doesn't matter, since this woman loves money, she will definitely not leave herself easily!

But at this moment, the white bear suddenly heard a voice:

"Report the boss, the yellow cake is gone!"

"what?"

When Bai Xiong heard this, his eyes widened. You know, the reason why he was able to escape from here with confidence is because of the existence of these yellow cakes!

As a result, these yellow cakes were gone' This proved that the old boy Zhaka must have planned for a long time, and he did not want the half of the yellow cakes to leave here!

"Old stuff! In such a situation, then I will fight with you, brothers, kill me Xhaka!"

At this time, the white bear yelled angrily, and the people around them all quickly counterattacked!

But at this moment, a bullet suddenly struck from a distance. In an instant, it focused on the person next to the white bear, and directly blasted this person's head to pieces. Moreover, Yu's more than one, directly hit the back one. Human belly is also punched through!

Seeing this situation, Bai Xiong's eyes suddenly widened:

"Sniper! And also a sniper with a large-caliber sniper rifle!"

At this moment, the white bear really panicked completely. He quickly turned on the intercom and said to the sable in the intercom:

"Sable! I'll transfer the money to you, and I will transfer the 20 million to you right away! The other party really has a sniper! There really is a sniper, hurry up and kill that sniper!"

Chapter 476: 1 kill

The white bear knows that in this situation, if the opponent really has a sniper, it would be an extremely vicious weapon!

And now that the night is dark, the sniper in the opponent's hand is definitely an incomparable elite, which can be directly stimulated in the night, and this makes it more difficult to find this sniper!

But what Bai Xiong did not expect was that Sable had already noticed the danger of the opponent's sniper, so he had already run away!

At this time, Qin Yuan, who was hiding in a blockhouse, also showed a sneer at the corner of his mouth. He shot the bullet just now, and he looked at the gun in his hand with great satisfaction.

This gun was given to him by the same, and it used a special bullet, and a bullet was 20 cm long.

High-sound explosive bombs, armor-piercing bombs, mercury bombs, burst bombs...

Each bullet has a different function, and Qin Yuan sees the pattern above, knows that this bullet is expensive!

Moreover, this gun is more than two meters long, even longer than Qin Yuan's height, and has an extremely powerful range of more than 3,000 meters. This is a special weapon specially developed by the same weapon research factory. No mass manufacturing.

But Qin Yuan could clearly feel that this weapon was more powerful than Barrett and AWM.

And this weapon has not been made on a large scale because it has a strong recoil. Although it has been offset by the recoil, the recoil of this gun can be discharged forward, but such a Come, it will cause a puff of smoke in front, exposing its position.

But after Qin Yuan got the gun, he immediately removed the recoil force counteracting device. What he needed was a ghost gun hidden in the darkness. As for the recoil of this gun, For Qin Yuan, is it still a problem!

The only drawback is that this gun has too few bullets. There are only 20 bullets in total, which makes Qin Yuan scratch his head. After two trials, he put this gun away and switched to other ones. Sniper rifle.

At this moment Qin Yuan's spear technique is like a god, like a ***** of death in the dark, the gun in his hand, wherever he points, anyway, for Qin Yuan, the people below are all enemies, and now he has made plans to Taking advantage of the darkness, get rid of everyone below!

After all, although Qin Yuan possesses night vision capabilities, the terrain is so complicated now that he doesn't know where the white bear and Zhaka are. Therefore, the best way is to directly kill all the enemies with guns that can resist!

However, Qin Yuan's sniping and killing is also limited, he naturally knows that the two groups of Bai Xiong and Zhaka are fighting, so he will help which side is weaker when he looks at it!

Bai Xiong just felt that two of his men had been killed, but what he didn't know was that the dozen or so elite players around Zhaka had all been named by Qin Yuan!

At this time, Zhaka's brows were also frowned. He really did not expect that Bai Xiong's men should have such an elite master, but the young sniper under his men had been killed by the Yan Chinese, and now he can only be passively beaten !

"Asshole, haven't you found where the opponent's sniper is? Just shoot him to death!"

At this time, Zhaka felt that half of his face was more painful!

And when he heard Xhaka's words, the surrounding men also rushed out in a hurry. They knew that if the sniper were not killed, all of them would not be safe!

Although they don't know where the sniper is, as long as they blow up all the commanding heights of the town, they can force the opponent's sniper out!

These little brothers around are filled with righteous indignation, prepared all kinds of artillery, and plan to blow up the snipers on the opposite side!

Although this method is not smart, it can only be used in the current situation!

But just when one of the little brothers raised the rocket launcher, just when he wanted to directly blast towards a small building, with a bang, a bullet directly hit the rocket launcher, and immediately shot the little brother and the surrounding ones. All individuals are killed!

But seeing such a situation, Zhaka's eyes widened suddenly. With such a technique, even if he dreams, he will not forget that the terrifying sniper is here again!

"Damn! Damn! People from Yan country, do you think ours is a public toilet? Come and leave if you want, how many times have it been!"

At this time, Zhaka yelled frantically, cursing a series of Ivia's local curses!

However, Zhaka soon calmed down. He knew the current situation. If the Yan Nation sniper is not killed, I am afraid that neither he nor the white bear can safely take the yellow cake. !

At this time, Zhaka said to one of his men:

"Go! Contact Bai Xiong and ask if the sniper is theirs. If not, it means that the sniper is Yan Nation's sniper. We will work together to kill the opponent!"

Hearing such words at this time, the surrounding brothers were also shocked, but they still followed Zhaka's orders!

And the white bear, who was being beaten up by Zhaka, suddenly heard Zhaka's description, his eyes were also staring.

He really did not expect that there would be a third party in this small town!

"Damn! Bastard of Yan Country' I must kill you!"

At this time, the white bear also understood in an instant. The sniper must be the Yan countryman, and the reason why his yellow cakes disappeared like this must be because the Yan countryman stole the yellow cakes directly!

Now that the white bear was in contact, Zhaka also said with an ugly face:

"My dear brother, although I betrayed you this time, we already have a common enemy. If we don't kill this Yan Nation soldier, then I'm afraid we won't be able to leave here alive!"

"Damn, Zhaka, it's all because of you. If it weren't for you, how could we have suffered such a big loss if we were together!"

At this time, the white bear is about to explode. He used to think he was shameless enough, but he didn't expect that Zhaka would be more shameless than him. This is the case, and he can turn back to seek cooperation!

But the white bear knows that what Zhaka said is true. If the two of them are still diametrically opposed, I am afraid that everyone will be killed one by one by the sniper hiding in the dark!

Chapter 477: power

At this time, hearing the white bear's curse, Zhaka's face also sank, but now the situation is better than others, he said directly:

"Brother White Bear, I know you want to sell these yellow cakes this time, and I will buy you 250 million dollars for this half of the yellow cakes, how about it?"

At this moment, Bai Xiong's eyes lit up when he heard this. These are more appropriate!

After all, the price of these eight barrels of yellow cakes is about 200 million dollars, but this Xhaka is willing to spend more money to buy it, probably because he wants to get the dirty bullet information from his own hands again.

The information on dirty bombs is not complicated. The information is in the database of k2, so you only need to make a copy of it yourself!

If a piece of information can directly earn 50 million dollars, it is estimated that even if the leader knows it, he will agree to the sale!

"Well, since you are so sincere, then the two of us will cooperate. However, your money must be paid quickly!"

Hearing this, Xhaka was also happy. To be honest, although they are poor, they still have some money in their hands. Once they have the technology of dirty bombs, they can successfully win the government. Army, and General Sharaf.

This is a very profitable business, so spending the money to buy these yellow cakes is nothing!

"Well, you give me the information, and I will call you the money!"

"Yes, but we will kill the Yan Chinese first, otherwise we can't make a good deal!"

At this time, Zhaka and Bai Xiong heard this, and there was a cold and cruel smile on their faces!

Now this Yan countryman has become a thorn in their eyes, a thorn in the flesh, and this person must be killed!

After all, Bai Xiong knew that his yellow cakes had disappeared, and they must have been hidden by the people of Yan country. Therefore, the people of Yan country had to be caught or killed to know where the yellow cakes were.

"Well, if that's the case, let's work together to kill the sniper first. Let's stop the fire first, and then blow up all the highest points around to see if the sniper can shoot? If you dare to shoot, we rushed over together. He only has one gun, so it is impossible to kill all of us!"

After Zhaka finished saying this, he immediately began to give orders, and the two parties directly stopped the fire!

At this time, Qin Yuan saw that the two sides had ceased fire, and a very bad idea suddenly appeared in his heart. It is estimated that he has been discovered by them, and the two of them will work together to deal with him!

At this time, Qin Yuan was not at all constraining. He knew that Bai Xiong's people were more difficult to deal with, so he changed a rifle and a strafe, and directly killed a half of Bai Xiong's soldiers!

Then the whole person quickly left this position and fled quickly!

"over there!"

At this time, Bai Xiong saw his fallen men and yelled, and Zhaka's people also discovered Qin Yuan's location. A series of rocket launchers flew directly, and countless bullets hit them directly. The small building where Qin Yuan is located!

It's just that Qin Yuan was no longer in that position. Looking at the small building that had been bombarded to pieces, Qin Yuan showed a sneer on his face.

Since secretly doing things is no longer complete, then just head-on, kill all these people!

At this time, Qin Yuan directly took out the special sniper rifle from the space and aimed it at the place with the most heat!

"Super mercury bullet!"

boom!

Qin Yuan fired the shot directly, and a bullet flew out instantly!

This bullet directly penetrated the wall and hit the crowd in an instant!

After this bullet broke through the wall, the entire bullet burst instantly, just like a shotgun, directly sifting the front few people!

And other people also screamed. The mercury instantly evaporated in the air, forming a stream of fire, which directly hit them. Even if the mercury splashed to a small point, it could still cause them. A lot of damage!

This shot immediately poured cold water on these people, letting them know that even if Qin Yuan had only one person, they couldn't underestimate it!

"Everyone is scattered, as long as you find where that guy is, just use the rocket launcher to greet!"

But the person who looked like the captain just said that a bullet hit his head in an instant, and the captain's head suddenly looked like a sunflower, completely blooming!

This is not over yet, the few people standing behind the team leader were still hit by this bullet, and the bullet remained undiminished. It penetrated several walls, and this was the last person to be hit. Inside!

"Special armor-piercing bullets!"

Seeing such a situation at this time, everyone's hearts flashed with a trace of fear. Is the power of this bullet too great? It is like a laser beam, indestructible!

"Find his position, hit it!"

At this moment, a group of people shot in the direction of Qin Yuan, and Qin Yuan faced the rain of bullets and exchanged another bullet!

But this time Qin Yuan didn't shoot at these people, but happened toward the sky!

"Special incendiary bomb!"

The bullet that Qin Yuan shot out, like a missile, turned a corner in the air, and when it fell, it instantly lit up a fireball!

The fireball fell directly on this group of people, and immediately caused this group of people to let out a terrible scream!

And this fireball is like a bone-attached maggot, no matter how these people roll, how they want to extinguish these flames' is still useless, because these flames are created after a hundred years, and they are simply unusable. Put it out with ordinary methods!

"Heavy machine gun, give me this one to smooth out!"

Seeing the tragic situation of his men, Zhaka also yelled directly!

At this time, Qin Yuan was like a ***** of death, constantly changing various special bullets, and hitting these people!

At this moment, Qin Yuan suddenly felt a sense of crisis in his heart. Turning his head, he found that the group of people had already gathered a few heavy machine guns, but Qin Yuan didn't panic at all, and changed another round of bullets. , Suddenly shot towards that heavy machine gun!

"boom!"

With this gun, Qin Yuan's muzzle immediately emitted a flame, demonstrating the power of this bullet!

"Special burst bomb!"

A fireball flew out directly, and then directly hit the heavy machine gun, instantly bending the handle of the heavy machine gun!

Chapter 478: Are you hanging up?

This is not over yet!

This bullet was almost like a small explosive package, it exploded directly, not only killing a few people around, but also directly detonating those heavy machine gun bullets!

Sososo!

The people around were instantly covered in blood by these bullets! A few unlucky ones have even been beaten into a sieve!

"Asshole!"

At this time, Bai Xiong saw this situation, and suddenly an absurd idea appeared in his mind:

Wouldn't they be together in a group, nor is it the opponent of the sniper?

You know that they are more than 100 people, can't they still deal with that sniper?

However, this ridiculous idea was constantly fermenting in Bai Xiong's heart. He also looked at the soldiers outside who kept screaming, and looked at the people who were declining next to him. A panic appeared in his heart!

This kind of panic is like facing a completely unbeatable monster!

It looks like they surrounded this monster, but in fact, the eyes of this monster are full of contempt, because in the eyes of this monster, these people in front of them are just his dinner!

And his white bear is just a slippery chicken ***** during dinner!

escape!

At this time, Bai Xiong's heart only has this idea!

He must seize this opportunity now and hurry up. If this monster kills all these people in front of him, then he probably won't have a chance to run out.

At this time, the white bear directly said to the two people around him:

"Now, it's time for you to dedicate yourself to the organization! If this guy doesn't kill, the organization's plan will definitely not be implemented!"

At this time, these two men also nodded directly. They had already seen how powerful the person opposite was!

Not only is the marksmanship fascinating, but also the ghosts are out there. In this situation, they have not seen the shadow of the other person!

"This is probably the ultimate master of Yan Nation. He is not only powerful, but also capable of dissolving. He must be removed. Otherwise, it will be a big trouble for our organization! I know that all black cats and wild dogs How did it fail? It is indeed difficult to deal with such a person in Yan Country!"

At this time, the two men heard what Bai Xiong said, and nodded solemnly, and said to Bai Xiong:

"Team leader, what do you want us to do!"

Hearing the words of these two people, Bai Xiong's face also showed a trace of hideousness. He directly took out two needles from his pocket and said to the two people:

"This is the potion we have developed. It can improve the various strengths of the two of you in a short time, but after using it, it will die in an hour. Do you dare to use it?"

And looking at the two potions, the faces of the two younger brothers also showed a steadfast expression. He directly took the two potions and said to the white bear:

"Group leader, we dare to use it, we must kill this person, otherwise, I am afraid that all of us will not be able to safely leave here!"

"That's right, team leader, it is only natural to sacrifice the two of us so that others can survive. I hope that team leader can help us take care of our family!"

Upon hearing this, the white bear also showed a touch of touch and relief on his face, patted the shoulders of the two people, and said in a deep voice:

"Don't worry, as long as I can kill this guy, I will definitely take good care of your family!"

Having said this, Bai Xiong directly gave these two medicines to these two men. In fact, Bai Xiong was not surprised by the choice of these two people. After all, they were brainwashed by the K2 organization. Also has 12 points of obedience!

"it is good!"

After the two little brothers passed the two potions directly, they suddenly pierced toward their body!

And with the effect of the medicine, the two men suddenly uttered an extremely painful howl!

In just a few tens of seconds, these two men suddenly became a muscular man, and there was a trace of terrible evil spirit on their bodies!

Seeing this situation, Bai Xiong's eyes were filled with satisfaction!

This is his final hole card!

Then the two brawny men directly howled, and quickly rushed towards Qin Yuan's location!

There was endless coldness in the eyes of the white bear. He believed that these two super fighters would definitely bring a lot of trouble to the sniper opposite!

And once this sniper is entangled, the surrounding soldiers will inevitably kill this guy directly!

At this time, Qin Yuan also noticed that two abnormal heats were about to rush toward him, but Qin Yuan didn't care at all, and continued to aim and shoot with his right hand, but with his left hand, he had already touched his ass!

Two silver rays of light flashed past, and the two super fighters did not hum, they were directly blown to the head by the two silver rays!

Meteor pendant!

At such a short distance, Qin Yuan didn't even need to use a gun. He could clean up the opponent by relying on his own dragon pecking cone!

However, Qin Yuan can also know what means the other party must have used, and smiled disdainfully:

"How old is this? You are still studying this kind of thing that only grows muscles but not brains. No matter how powerful your muscles are, can you block bullets?"

Qin Yuan sneered. He didn't know what these foreign research institutes were doing. Was it really brainwashed by the movie?

If these two super fighters can carry two heavy machine guns, carry four or five boxes of ammunition on their backs, and add a small missile head, then Qin Yuan may be able to give them a treat.

But these two muscle bumps rushed over directly, is this just looking for death?

Huh!

At this time, Bai Xiong saw the two subordinates ', not twenty meters after they rushed out, they were directly beaten into sunflowers by Qin Yuan, completely shocked!

This is the latest achievement researched by their research room, originally Bai Xiong wanted to be a killer!

You know, super fighters strengthened by medicines, regardless of the physical quality, have exceeded the limit that humans can reach!

Strength, speed, neural response ability, vision, hearing,...

After these qualities are strengthened, even with two fingers, they can easily pinch off the enemy's throat!

Moreover, these super fighters have good defensive capabilities and can block the shooting of ordinary small-caliber bullets. With the addition of two layers of body armor, ordinary rifles can't be used!

As a result... was the opponent given a second?

And it's gone if you don't even see the shadow on the other side?

This Nima is broken!

Chapter 479: Cruel smile

Seeing the fate of his two subordinates at this time, Bai Xiong's heart was also embarrassed!

He more and more determined his previous views!

This guy is definitely not easy to mess with, the wind is screaming!

Bai Xiong can be regarded as a leading figure, his mind turned extremely fast, and when everyone was not paying attention, he ran directly towards a jeep.

This jeep was specially made by him when he was running for himself. Originally, the group of people drove him and wanted to use this jeep to leave here, but Xhaka directly cooperated with him, so the white bear is Stopped.

And now the white bear is just accomplishing what was not done just now!

"I want to go, I want to go!"

At this time, the white bear had only the thought of running away. He completely desperately opened the door of this jeep, slammed on the gas pedal, and the jeep sprang out instantly!

The sound of gunshots, cannons, and all kinds of messy sounds around this place kept ringing. The jeep rushed out, but it did not attract the attention of many people.

At this time, Bai Xiong was full of fortune. He finally ran out of this terrifying place. Even if he was taught by the boss, even if the mission failed, but he still has his own life. He is still alive. The savings that have been saved for so many years, no matter where you go to the world, you can live very well, and if it's a big deal, you will leave all the forces behind to provide for the elderly!

At this time, Bai Xiong was dreaming about his future life, and his face couldn't help showing an extremely excited smile!

But at this moment, a handful of bullets suddenly appeared from behind him, unbiased, and instantly hit the fuel tank of this jeep!

boom!

The whole jeep exploded in an instant. Although this jeep had bulletproof glass and various armors, it was a pity that it still looked like a piece of paper under Qin Yuan's gun!

And Qin Yuan's heart was also full of ridicule. If the white bear did not go out, Qin Yuan would not tell which person was the white bear in this situation, but this guy was clever and wanted to drive away, so Qin Yuan was immediately I found the specific location of this guy, and sent this guy to the west with one shot!

"Dingdong, congratulations to the host for completing the task and killing the leader of k2, the white bear! Two grids are awarded!"

Hearing this sound at this moment, Qin Yuan's eyes suddenly lit up. As expected, his guess was correct. The guy who escaped was the idiot!

And the explosion in the distance directly awakened these people, especially Bai Xiong's men, watching his boss just finished!

It's a pity that this is not the time to be stunned. Qin Yuan saw the appearance of these people and directly shot a special mercury bullet to completely harvest these people!

And seeing that the white bear is finished, Zhaka's heart trembled a little!

That's it!

The white bear is dead!

This dirty bomb technology is completely gone!

"Sir! I'm really sorry for you! Our jihad cause is completely destroyed in my hands!"

At this time, Xhaka let out a cry of desperation. For this jihad, how much energy they spent and how many people died, they ended up with this ending, which made Xhaka totally unacceptable. !

It's a pity that Xhaka found these by himself. In fact, if Deng Mei and Xiaohua had not been kidnapped, even if Xhaka got the yellow cake and completely subverted the government army, it would have nothing to do with Yan Guoren. Relationship, Yan Guoren will not directly send troops to deal with Xhaka, but will attack Xhaka on the international level.

In any case, Zhaka will not suffer such a serious loss!

But Xhaka thinks that he is invincible in the world, and even the people of Yan country dared to provoke him. Since he touched the tiger's ass, then when he was bitten to death by the tiger, don't blame God!

All this is Xhaka's own self-conceit!

At this time, Zhaka also gave out a sorrowful and tragic laugh all his life, with immense regret in his heart, and felt that the trend was over.

At this time, a younger brother on one side rushed over and said to Zhaka:

"Chief, we are really not that person's opponent, retreat!"

But at this time, Zhaka said with straight eyes:

"Go? Where can we go? The guy on the opposite side intends to wipe out all of us. I'm afraid you can't run away alone!"

"Leader, stay with the green hills, not afraid of no firewood, as long as you can survive, we must be able to regain the manpower and resources, and launch the jihad again, not to mention we still have

the help of the husband, as long as we can get it thoroughly. With the army in the hands of General Sharaf, we still have a chance to win this time!"

The captain of this team is obviously not low in status, so they know exactly what they are doing now!

But when Xhaka heard such words, he still smiled miserably, and said directly to the captain:

"Moika, you have been with me for a long time. You know that my age is no longer young. I don't have enough time to do it again. What's more, my husband will not forgive me for this failure. , He will definitely not continue to support me."

Speaking of this, Zhaka glanced at Moika standing beside him, and said lightly:

"Dear Moika, my nephew, are you afraid of death?"

When Moika heard this, his eyes widened, but his eyes quickly became firm, and he said directly to Zhaka:

"Chief! No matter what you ask me to do, I will do it. I am a jihadist warrior, I am not afraid of death!"

"Haha, well, in that case, you can take a group of people directly, and then take all the people in the cellar out. You must protect their safety. They are very important to your husband' It is a very useful chess piece in our hands!"

But Moika frowned when she heard Zhaka's words, and asked to Zhaka:

"Chief, you gave me this task, what about you?"

"Me? I have returned to the embrace of the Holy Lord!"

At this moment, there was a trace of death in Zhaka's eyes and said directly to Moika:

"My dear nephew, hurry up and do what I ask you to do, hurry up and get out of here!"

At this time, Moika's eyes were full of shock when he heard what Xhaka said, but he saw the firmness in Xhaka's eyes, knowing that he might not be able to persuade him! Can only nodded heavily, and then left the room with a pair of the most elite fighters!

At this time, watching his nephew leave from the back, Zhaka's eyes became deeper and deeper, looking at the direction from the gunfire outside, a cold and cruel smile appeared on his face!

Chapter 480: Guard the line of defense!

At this time, on Qin Yuan's side, his thermal imaging ability suddenly saw a group of people just wanting to flee outside. This time Qin Yuan also showed a sneer. Obviously, this group of fleeing people must be Zhaka!

And just when Qin Yuan wanted to shoot the gang directly, he suddenly heard a voice from the other side:

"People of Yan Country, I know you are here, isn't your target me? Come and kill me!"

Hearing this voice, Qin Yuan turned his head and saw that Zhaka, with half of his face injured, was standing on a tall building, dancing all over, for fear that others would not see him!

Qin Yuan frowned immediately. He really didn't expect that the one who had escaped was not Xhaka!

However, Qin Yuan's eyes narrowed. His task was to kill Zhaka directly. Although he said before that he wanted to kill everyone here, this method was only to force Zhaka out.

Now that Zhaka has come out, Qin Yuan won't care even if a few soldiers escaped!

At this time, Qin Yuan directly turned the gun and aimed the gun at Zhaka, who was dancing in the small building. He just wanted to pull the trigger to fully understand the life of this demon, but at this moment, Qin Yuan's headset, But suddenly heard an extremely urgent voice:

"Qin Yuan, are you still in the small town of Bassem, hurry up, the government soldiers have already determined the location of Zhaka just now, and they want to deliver missiles in the small town of Bassem!"

what?

It's just that Qin Yuan's eyes widened when he heard such words. He really didn't expect that the government soldiers would drop bombs into this small town!

You have to know that the town of Bassem is not very big, a bomb can completely razed the entire town to the ground!

But what makes Qin Yuan more entangled is how did these people know?

After all, the people of Yan Guo would not inform the Ivia government forces to tell them that Xhaka is here!

But Qin Yuan suddenly raised his head, looking at the fang dancing claws in front of Zhaka, an incredible thought suddenly flashed in his heart, this information is probably exposed by the old ***** in front of him!

The guy just wanted to pull Qin Yuan and die with him!

"by!"

At this time, Qin Yuan screamed and killed Zhaka with a single shot!

"Ding Dong, congratulations to the host for completing the mission and killing the terrorist leader Zhaka! Two grids awarded!"

But after hearing this voice, Qin Yuan didn't have any joy, but fled wildly!

The people behind saw that Xhaka was killed, and they seemed to be crazy, and they kept pouring bullets at him!

"Damn, it's going to explode!"

At this time, Qin Yuan felt an extremely strong sense of crisis. He uploaded it from the beginning and looked up. As expected, there was something, with a whistling sound, that wanted to smash it down!

That was a missile!

At this time, Qin Yuan was also numb. He knew that no matter how tough his body was, it would not be able to withstand the bombardment of missiles!

Is it finished?

At this moment, Qin Yuan's eyes flashed with despair!

He yelled directly to the sky!

what! ! ! ! ! !

boom!

A missile landed directly on the ground in the town of Bassem! The surrounding terrorists were torn to pieces by the missile's explosion in an instant, and the entire town was completely flattened against the shock wave, and a small mushroom cloud instantly rose!

At this time in Yan Country, An Ran and Mu Qingmei's hearts twitched, as if something bad had happened!

Two people are not in the same place, but they are looking in the same direction at the same time!

There, it was the direction of Qin Yuan's mission.

"Could it be that Qin Yuan had an accident?"

At this time, An Ran panicked and rushed out regardless of his care, and Mu Qingmei also directly handed the patient to another doctor and rushed out!

But... Is Qin Yuan really dead?

...

"Ahem! Bah! Bah!"

At this time, the small town of Bassem, which had been razed to the ground, had a small mound pouring out of it! But at the top of this small mound, a head was directly exposed!

This head spit out a few mouthfuls of sand, and took a breath of fresh air!

This person is naturally Qin Yuan!

"Damn, it's so dangerous, I almost died here!"

At this time, Qin Yuan spit, and said in an angry tone!

And Qin Yuan looked at the corpses around him that had been torn into pieces, as well as the blackened and dried blood on the ground, he felt helpless.

Had it not been for his faster speed, he had directly used his digging skills to quickly dig out an explosion-proof cave, I am afraid that his fate is no different from these people!

Qin Yuan knew that this time the missile must have been called by Zhaka, he just wanted to bring himself to death.

It's a pity that Qin Yuan's life is really great, and with the help of the system, he still survived. It is estimated that if Xhaka learns this news, he will definitely crawl out of the coffin, and then die again.

However, Qin Yuan looked at the small building that had been sealed as a flat ground, but he shook his head helplessly. Zhaka's body had been completely torn to pieces by the missile, and even the blood was burned into air. Even if you want to find a piece to be stuffed into the coffin, it is impossible, so Zhaka, let's go to **** honestly!

At this time, Qin Yuan also let out a long sigh. Now that the dust has finally settled, the white bear is already dead, and Zhaka is already dead. If Qin Yuan gives the remaining half of the yellow cake to Yan Guo's navy or someone who is the same, then has completely completed the Dzogchen, and ended all the tasks in Ivia!

But Qin Yuan suddenly thought of something!

Some people seemed to ran out just now!

Originally, Qin Yuan thought that these people had seen his fighting more brave, so directly became deserters, but now it seems that they are not!

Zhaka, the bastard, doesn't even care about his own life, how can he care about the lives of these terrorists?

It is estimated that Zhaka is even thinking about bringing some more people to his burial. It will be more faceless if this continues!

But even in this situation, Zhaka sent a small group of people to leave the town directly, that is to say, Zhaka must hope that these people can survive!

Thinking of this, Qin Yuan's eyes suddenly sank, and an idea suddenly appeared in his heart!

With this thought, Qin Yuan glanced at his task panel again:

"The system issues self-care tasks to help the Ivia government forces guard the line of defense and reward grids!"
