

## **Special Soldier 50**

Chapter 50: Enron's call!

"Three grids! Finally got it!"

Qin Yuan was overjoyed!

Nowadays Qin Yuan has 7 free grids!

"After I go back, I must improve my strength!"

After a short mistake!

Qin Yuan successively killed Gao Shiwei with an angry face, Fan Tianlei, Chen Shanming and others in a daze!

He Chenguang and Li Erniu also finally shot!

They started a crazy burst of fire!

That's right!

A burst of fire from 500 meters away!

after all!

Now this exercise!

Strictly speaking!

was originally a test of the actual combat capabilities of special forces!

The result should have been completely crushed!

but now.....

Because of Qin Yuan's appearance!

made this exercise that was supposed to be crushed all the way to be reversed!

The red side instead killed all the high-level blues!

The smoke dissipated!

Fan Tianlei smiled wryly.

Chen Shanming was also surprised and shocked!

He never dreamed of it!

The Red Soldiers actually killed their number one at such a critical moment!

Originally, their dissatisfaction with this exercise was only very dissatisfied with the battle loss ratio!

But what I did not expect is...

In the end, they not only lost the Thunder and Wolves, the two special combat teams!

even reimbursed No. 1 and a group of senior officers!

This exercise!

They lost all the games!

I lost terribly!

unprecedented tragedy!

"Fan Tianlei! After the exercise, you go to my office!"

Gao Shiwei looked angry and made no secret of it!

He has a pair of piercing eyes, exuding domineering coercion!

roared, immediately got in the car and ordered the guards to return!

"Yes! Chief!"

Fan Tianlei immediately respectfully salute!

no way!

Fan Tianlei knows!

scolded!

is inevitable!

"Oh! I really lifted a rock and hit myself in the foot! I have been preparing for this exercise for so long! In order to prepare a satisfactory answer for the chief! Why did I want to send the evildoer Qin Yuan to the iron fist group? What? Isn't it good to stay in Langya?"

Fan Tianlei sighed helplessly!

But deep inside!

He is still very pleased!

Comfortable place!

I discovered Qin Yuan, this terrifying super evildoer!

But now!

Fan Tianlei needs to confirm!

Who was it that shot in the distance!

He took the sniper rifle from a soldier!

Through the scope!

Fan Tianlei clearly saw above the chimney, Qin Yuan smiled at him, smiling at him!

Beside Qin Yuan, He Chenguang and Li Erniu!

"I didn't expect it to be this kid!"

confirmed that the other party is Qin Yuan!

Fan Tianlei only felt that it was all worth it!

"With the power of one person, the thunder and lightning wolf was destroyed, and even the unprecedented beheading operation was planned! This Qin Yuan...regardless of his marksmanship or combat consciousness, he is the top super existence!"

"It seems to be the first person in the special warfare of the Southeast Military Region! It is not an exaggeration to call it the God of War!"

Fan Tianlei only feels old and happy!

"Chief of Staff, those guys on the chimney, shall we send someone to clean them up?"

At this time, Chen Shanming came over and asked in a deep voice.

no way!

was beheaded by the enemy in front of his lair, especially the chief!

This is a shame!

Must teach those few guys who don't know the height of the sky a profound lesson!

"Pack them?"

Fan Tianlei immediately shook his head and said with a smile, "Shanming! These are our future treasures! If the lesson is broken, who will be responsible?"

"Okay, you go to deal with the aftermath work! I will deal with the issues in the exercise field!"

Fan Tianlei waved his big hand to let Chen Shanming leave.

This exercise ends here!

is completely over!

The Blues were defeated!

Red Army Jedi reversed!

is definitely the most classic exercise!

He must digest the gains and losses of this exercise!

"Facts have proved that the future war is indeed a special forces war!"

"The red side can win! It's not that the overall military is strong! It's all because of Qin Yuan, the special warfare god! One person can turn things around! So...this time the red side's victory can be attributed to the victory of the special forces!"

Fan Tianlei's thoughts are getting smoother!

In the end, I can even convince myself!

"Haha... Now I have an explanation for the old chief!"

The haze on Fan Tianlei's face was instantly swept away!

The whole person is smiling!

But at this moment--

Fan Tianlei's satellite phone rang suddenly!

"Huh? Who is calling this time?"

This satellite phone, but not many people know it!

"Chief of Staff, I am Anron! The situation on the target side has changed, so I ask for immediate support!"

As soon as the call was connected, An Ran's slightly anxious voice came from the other end of the phone!

"Enron?"

Hearing An Ran's words, Fan Tianlei was suddenly excited!

As an undercover agent in the Southeast Military Region!

Fan Tianlei is actually very important to the Enron performing this undercover mission!

Because there are not many women special warfare soldiers like Enron!

Especially last time...

An Ran almost died!

Fan Tianlei even considered whether to replace Enron!

Change to a person and continue undercover!

But after thinking about it...

Fatty Liu is about to enter the final stage!

Replaced Enron, there was no suitable candidate for a while!

and so.....

Fan Tianlei has been waiting!

waiting for a chance!

If you can, eradicated Fatty Liu with the momentum of thunder!

"Violet, what's the situation on your side now?"

Fan Tianlei's voice was composed, and he walked quickly to a remote corner to ask.

"Chief of Staff, Fatty Liu's evidence has been collected almost! But now... Fatty Liu has decided to cooperate with the people of R country! They have caught up with a force called the Black Dragon Society of R country!"

"Once they complete the cooperation, Fatty Liu's strength will be greatly enhanced, causing greater damage to the border and inland D product trading markets in my country!"

"I suggest that the chief of staff now start the network closing operation!"

An Ran finished.

just hung up the phone!

Fan Tianlei's eyes couldn't help but flicker!

"Should we start the network closing operation now?"

Fan Tianlei couldn't help thinking!

For the R country Black Dragon Club!

Fan Tianlei has actually heard of it!

This is a monster!

If Fatty Liu reaches close cooperation with each other once!

Fatty Liu's power on the border will be more consolidated, and even form a detached power!

When the time comes, as their power grows stronger!

And with the help of the people of R country, I am afraid that it will be more difficult to eliminate, causing more damage to China!

Therefore!

Destroying Fatty Liu... is imminent! !

"That's it! Then do it!"

Fan Tianlei groaned slightly, and then ordered Chen Shanming to convene the two special teams of Thunder and Lone Wolf for an emergency meeting!
