

Special Soldier 531

Chapter 531: Swimming in water

Qin Yuan originally thought that the name of the South China Sea Fleet was familiar, but for a while, he couldn't think of where he heard it, but when he heard the name Jiang Xiaoyu, Qin Yuan instantly reacted.

Isn't this filming the navy TV series Fire Blue Blade?

Although Qin Yuan has been to warships and has seen the more elite Xiaolong commando, he is still more interested in these people.

What's more, I have experienced life and death many times in Ivia some time ago. Even Qin Yuan is a bit tired. If you go to the beach to take a rest, it is not impossible.

After all, Qin Yuan knew that the development focus of Yan Guo's army in the future would be the navy, and then all services would make progress in concert.

"What are you doing, guest, we're going to have a look, you should go and hide in the cabin, don't get anything wrong."

The crew member was stunned when he saw Qin Yuan, so naturally he persuaded Qin Yuan for a while.

But Qin Yuan didn't say anything. Because he wanted to hide his eyes and ears, Qin Yuan came out on an ordinary merchant ship this time. Although the people on board knew Qin Yuan's special status, they didn't know what Qin Yuan was.

"Thanks a lot, it's okay, I just have a look, maybe I can tell the person who called, it will be okay after a while!"

Qin Yuan chuckled, then threw down the crew, directly turned on his radar and Hawkeye ability, and suddenly saw a fishing boat a few nautical miles away.

Under the eagle eye's ability, Qin Yuan clearly saw that the three characters of Yuanyang were written on the fishing boat!

Qin Yuan was shocked at this moment. You know, he clearly remembered that the Ocean Ship seemed to be a pirate ship.

And Qin Yuan took a closer look and found that there were indeed two people on the boat, a man and a woman. These were obviously Jiang Xiaoyu and Shen Ge!

"I'm going, is this meeting someone?"

Qin Yuan was bewildered, but he did not expect that this would have reached the sea area of the beast camp!

At this time, Qin Yuan suddenly heard a system prompt:

"dingdong~"

This time Qin Yuan was taken aback. He didn't expect that after he got here, the missions would become more intensive. This is even a mission, and now he releases another mission. Isn't it about saving these two people?

"Ding Dong, the system released the task, and the host allowed Liu Xiaoshan to survive this action and rewarded a grid."

Hearing this, Qin Yuan's eyes lit up even more.

Willow Hill?

This is a character that Qin Yuan has been waiting for for a long time.

You know, when watching TV, Qin Yuan liked Liu Xiaoshan and Deng Jiuguang the most.

These two veterans have always thought about winning the first place in the Mars military competition, but later because of their physical injuries and unable to continue participating in the

competition, they have been hiding in the sea training ground. Days are competing, but the strength of the two people is comparable.

Later, the two of them added their own thoughts to their apprentices. Jiang Xiaoyu and Lu Yan Zhang Chong, who trained them, were going to die and live, and they were very happy.

It's just a pity that because of this mission, Liu Xiaoshan was seriously injured by a grenade in order to save Jiang Xiaoyu and died.

It was a pity and regret for Qin Yuan to behave like this, but now that Qin Yuan has encountered it, how can he not let such a tragedy happen again!

At this time, Qin Yuan suddenly saw that in his radar system, a speedboat suddenly appeared, and it was heading towards that fishing boat.

And the few people on the speedboat are not Deng Jiuguang Wuyun, Liu Xiaoshan and others?

Thinking of this, Qin Yuan suddenly showed a slight smile on his face, and then said directly to the crew member on one side:

"Say something to your captain, I'm disembarking here, and there is no need to deal with the distress radio wave. Someone has already rescued the two people."

"what?"

This crew member was suddenly bewildered, and he didn't understand what Qin Yuan meant.

But Qin Yuan didn't explain much. Instead, he smiled slightly and turned around and jumped off the boat!

"Fuck it! I'm crazy, why do you jump down such a high wave? Do you want to die?"

The crew member saw this incredible situation and yelled, and then he saw a sea wave, which suddenly hit the boat. Such a big wind wave, let alone an ordinary person, even a fish, it can't be specified. Will be hit by the waves, pat directly on the hull, and be broken into pieces!

"Hurry up, I will throw down the ladder, you can climb up quickly!"

At this time, the crew member roared. He can't see where Qin Yuan is now. He can only use this method to rescue Qin Yuan.

After hearing such a voice, Qin Yuan also suddenly showed his head out of the water, and waved his hand to the crew on the ship:

"You go back quickly, I'm going to save people!"

Then Qin Yuan turned around and walked directly into the waves, but the crew member was just watching everything and couldn't believe it. ,

Qin Yuan was swimming in the water while watching his radar system, but at this moment, he was a little surprised to find that it seemed that a group of people had touched the boat quietly!

Qin Yuan frowned. He knew that this man must be the villain of the Fire Blue Blade ~
www.readwn.com ~ Thomas, a retired frogman from Country C.

And Qin Yuan was surprised to find that this Thomas really has a hand, extremely flexible in the water, when he touched the boat, Jiang Xiaoyu and Shen Ge did not even notice!

And Qin Yuan knows that he loves this guy's long crooked melons, but his strength is really not to be underestimated. He is extremely cunning and spicy, and he has a lot of escape skills, even if he is better than a scorpion!

When I thought of this, Qin Yuan's heart was shocked. He is still some distance away from the Yuanyang fishing boat, but if he swims at his speed, I am afraid that Liu Xiaoshan will be cold!

Although Qin Yuan has achieved a cosmic swimming speed, 140% of the swimming speed on landing, and a 50% reduction in physical exertion, but this so-called land speed is calculated based on a person's normal speed, not Qin Yuan's own speed!

So Qin Yuan wants to complete this character now, he must have a higher swimming speed!

More swimming speed...

At this moment, Qin Yuan couldn't help thinking in his head, but at this moment, Qin Yuan suddenly saw a sword on the water swimming towards him!

shark?

Qin Yuan was taken aback, but this is too small?

But soon, Qin Yuan saw that this was just a swordfish, not a shark!

But Qin Yuan's eyes lit up. Sailfish, isn't it the fish that claims to swim the fastest?

Chapter 532: Recycling sailfish

Thinking of this, Qin Yuan suddenly activated the power of the ant, using the powerful force, instantly rushed towards the sailfish!

Qin Yuan's power in an instant was naturally much faster than the swordfish, and Qin Yuan struck a left fist with the power of a dung beetle, and with strong water pressure, he suddenly pumped towards the swordfish. Past!

And this swordfish was directly slapped by the strong water pressure, as if it was really slapped.

Qin Yuan smiled, this is the advantage of fighting underwater. The powerful force can even make Qin Yuan's attack form something similar to a shock wave. How can these little fish resist?

Then Qin Yuan directly received this sailfish into the system!

"Ding Dong~ System recovery is successful, please start to choose the host!"

With the prompt tone of the system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class high-speed swimming ability!"

"2, get world-class water fighting!"

"3, get world-class water affinity!"

Seeing these three options at this time, Qin Yuan's eyes suddenly brightened. These three options seem to be very useful!

This high-speed swimming ability, Qin Yuan guessed, it should be similar to the instantaneous movement speed on land, which is what Qin Yuan needs most now!

As for this underwater fighting technique, Qin Yuan has just experienced a little bit of this ability. Fighting on land and in the water is a completely different experience. If you have acquired this kind of underwater fighting ability, Qin Yuan There is no need to retrain, and you can instantly gain powerful underwater fighting ability!

As for this water affinity, Qin Yuan was a little confused, but he always felt that this skill should also be very useful.

But Qin Yuan's most urgent need now is the first item.

"The system I choose item 1!"

"Ding Dong, the host chooses successfully, and obtains world-class high-speed swimming ability!"

"World-class high-speed swimming ability: Allow the host to obtain a swimming speed of 60 kilometers per hour!"

Yep?

Seeing this description, Qin Yuan suddenly opened his eyes!

60 kilometers per hour!

This Nima is faster than a car driving in the city!

With the sound of this system, Qin Yuan suddenly felt that his muscles seemed to have undergone some changes, and when he twisted his waist, he would immediately generate a powerful twisting force, and his speed was directly increased by a lot!

.....

At this time, on the Ocean Ship, Jiang Xiaoyu used the instrument to complete the call for help. When he just wanted to turn his head and say something to Shen Ge, he suddenly heard a voice behind him and suddenly turned his head. Jiang Xiaoyu was indeed surprised to find that Shen Ge had fallen into Thomas' hands!

"Let her go!"

"You must not move!"

At this time, Thomas slanted his eyes and looked at Jiang Xiaoyu sullenly. It's just that he grabbed Shen Ge by the neck and looked at Jiang Xiaoyu with murderous expression in his eyes.

It was Thomas' accident to meet Jiang Xiaoyu and Shen Ge today, but who could have imagined that this man and woman would have gotten so hard to get rid of several of his men, and even escaped his encirclement.

Originally, he thought that Shen Ge is so beautiful, could he take Shen Ge to other places, but this is a good thing, stealing chicken does not lose money, but loses a lot!

How can this be tolerated?

So he has made a plan, he must kill Jiang Xiaoyu, and insult Chen Ge, let these people know how to provoke him.

So he directly pointed the gun at Shen Ge's head and said to Jiang Xiaoyu who was opposite:

"Hurry up, put down the gun in your hand, and be kind to your own woman like a man."

Hearing such words at this time, Jiang Xiaoyu's forehead was also sweating coldly. Although Jiang Xiaoyu's mouth is slippery, Jiang Xiaoyu is not sure what to do now in such a dangerous situation.

However, he is very clear that if he really puts down the gun, that is the real dead end. After all, this guy still has a gunman on this side. As long as his muzzle leaves the opponent, then the opponent is not the same. Shuttle swept himself to death?

When the time comes, the two of them will have a very miserable ending. Jiang Xiaoyu is dead, and Chen Ge, as a female soldier, will have serious consequences!

"Jiang Xiaoyu leave me alone, hurry up!"

At this time, Shen Ge yelled. She knew that in this situation, this was the best choice. Although it was clear that if Jiang Xiaoyu escaped, her fate would be extremely miserable, but as long as it was When she became a soldier and put on this uniform, she had already anticipated this ending!

Hearing what Shen Ge said, Jiang Xiaoyu's cold sweat on his head became even more, but at this time Shen Ge was a little impatient. He didn't want to talk about these people at all, and said directly to his subordinates:

"Pete, break this woman's leg!"

When he heard this, Jiang Xiaoyu's heart was immediately shocked. Obviously, Thomas completely hit his weakness!

"Don't don't don't, I will throw it! I will throw it now!"

Jiang Xiaoyu couldn't control so much at this time. The situation was so urgent that he could only put the gun in his hand on the ground, and then kicked Thomas at the foot.

Seeing this situation, Chen Ge closed his eyes in despair.

Sure enough, Thomas let out a very proud laugh:

"Hahaha, it seems that you two are going to be a desperate mandarin duck, Pete, get rid of this idiot, as for this woman, let's enjoy it and send it to reunion with him!"

"Haha, yes, boss!"

This is the subordinate named Pete, who also laughed. After all, he saw that Shen Ge was so beautiful. After this woman was enjoyed by their boss, they could also drink some soup, which was naturally extremely happy.

At this time, Jiang Xiaoyu and Shen Ge, seeing this situation, closed their eyes in despair!

They know that they are dead!

But at this moment, a bullet suddenly hit the little brother Pete. This time Thomaston was shocked, but Jiang Xiaoyu took advantage of this opportunity and directly rushed over!

The two struggled together, and Liu Xiaoshan and others quickly boarded the boat!

But Thomas was so strong that he subdued Jiang Xiaoyu in three or two hits. When he was about to kill the killer, he found someone coming. Thomas quickly fled, but when he fled, Thomas suddenly dropped it. A grenade!

Liu Xiaoshan, who had just come up, saw the grenade on the ground, his eyes widened suddenly, and he roared:

"Grenade! Concealed!"

The people behind hurriedly avoided, but Liu Xiaoshan saw Jiang Xiaoyu lying on the side panting, but he stood in front of Jiang Xiaoyu!

Chapter 533: 8 stitches against the sky, stitch 4

Liu Xiaoshan knew that this grenade was so close that if it exploded, he would definitely die! But as Jiang Xiaoyu's master, he can never watch Jiang Xiaoyu get injured!

"Master!"

And Jiang Xiaoyu also screamed!

Boom!

The grenade exploded suddenly, and countless shrapnel splashed around!

"Shanzi!"

At this time, Deng Jiuguang screamed in surprise and rushed over. At this time, he saw the **** Liu Xiaoshan whose body had been blown up!

And Jiang Xiaoyu also widened his eyes, looked at Liu Xiaoshan who stood in front of him, and shouted in disbelief:

"Master!"

Seeing such a situation, the few people who followed also looked ugly. They all knew about the injury, and they definitely couldn't be saved...

But at this moment, from the sea on one side, there was a sudden wave of waves, and then everyone saw a person jump directly onto the boat!

"who are you?"

Deng Jiuguang was alert in an instant, but this person quickly rushed to Liu Xiaoshan and said directly to Jiang Xiaoyu:

"If you still want to save your master, then you must get out of the way."

what?

Hearing this, everyone was stunned. This person who appeared suddenly could say such a thing, no one can believe it!

"Who you are, tell us right away, otherwise we will not just let you heal, but will catch you!"

At this time, Deng Jiuguang said with a serious face, although Qin Yuan looks like a Yan Chinese, but in this sea area, there are either good people with East Asian faces!

Qin Yuan saw this, shrugged his shoulders, and said directly:

"This is my certificate, now you finally believe it."

"Qin Yuan of the Southeast Military Region? Your name is Qin Yuan? But your credentials are too strange?"

At this time, Deng Jiuguang looked at Qin Yuan with furrowed brows. Although he looked like a soldier from Qin Yuan's appearance, the ID was not like an ordinary officer ID!

"If you don't believe it, you can check with Captain Long Baichuan. However, I can wait, but he can't wait."

Qin Yuan said to Deng Jiuguang with a smile on his face, and when he heard this, Deng Jiuguang's face was uncertain, but seeing the appearance of his old friend, he gritted his teeth and said to Qin Yuan:

"Then you will have treatment first, and I will confirm it now. Once you lied, you will definitely not be able to bear the consequences of lying to me!"

Qin Yuan shrugged his shoulders. He can understand the feelings of these people. As for other things, let's talk about it later.

"Yes, let's get treatment first, you are all waiting outside, oh yes, if you are free, you can go down and dispose of the body of this guy."

what? !

At this time, everyone's hearts were shocked, and I didn't know what Qin Yuan was talking about, but in Jiang Xiaoyu's eyes, [lian Cheng] flashed a trace of understanding.

Qin Yuan directly put Liu Xiaoshan into the cabin, and then took out the silver needles and surgical utensils he carried with him. Since the arms box was recovered, Qin Yuan's all these things can be placed in his portable space. But it's a lot more convenient.

Although these people are extremely anxious, everyone knows that if Qin Yuan is not allowed to heal, when the helicopter comes over, Liu Xiaoshan is truly dead.

And Qin Yuan looked at Liu Xiaoshan in front of him, but he smiled, and then directly took out the silver needle!

Eight stitches against the sky! launch!

"Eight stitches against the sky! The second stitch, calm the mind!"

Liu Xiaoshan's injury was indeed serious this time, but Qin Yuan was not worried at all.

Because of the effect of this calming machine, it can completely fix the patient's injury, so that the injury will not continue to deteriorate!

But when Qin Yuan pinched the silver needle and just pierced Liu Xiaoshan's body, Qin Yuan suddenly heard a voice:

"Ding Dong, the host's physique has been improved, and he has been able to learn the fourth needle against the sky!"

what?

This time it's Qin Yuan's turn to grow his mouth!

can learn it!

Qin Yuan clearly remembered that when he first started learning Eight Needles Against the Sky, he wanted to raise the Eight Needles Against the Sky to the top.

But the system at the time was a reminder that I was not physically fit enough to continue studying.

And Qin Yuan also gave up studying later, anyway, the first three shots were enough to treat ordinary injuries.

But now after hearing the prompt, Qin Yuan is still unstoppable excited, which is enough to prove that he is much better than before!

"Learn!"

Qin Yuan said to the system excitedly.

With Qin Yuan's confirmation, the system also directly rang a voice:

"Ding Dong~ Congratulations to the host for obtaining the cosmic-grade eight needles against the sky, so that the host can learn the fourth needle of the eight needles against the sky! The fourth needle, Cassia, cast the fourth needle, no matter how serious the injury is, it will keep the injured the spirit of!"

Seeing these descriptions at this time, Qin Yuan's brows frowned:

"What does this mean? Jue Lingming? Keep your spirits? Couldn't the second shot be able to save people's lives"

Qin Yuan's heart moved, and he looked down at Liu Xiaoshan, but his eyes seemed to see something weird. The Liu Xiaoshan in front of him was like a transparent light, and the light was rapidly dimming.

And Qin Yuan held the silver needle at this time, and with a light touch, Liu Xiaoshan's body suddenly changed drastically. The light did not continue to darken!

"This....."

Qin Yuan saw this situation, his eyes were full of disbelief.

Nima, as a firm materialist, this thing looks like the so-called soul in the legend.

And Qin Yuan can be regarded as understanding, this so-called Cassia, not only can save people's lives, but even their souls!

"I'm going, this is too awesome, is this soul coming out?"

Qin Yuan looked at the system in disbelief, but it was normal for Qin Yuan. After all, the unscientific things like the system had already appeared. Is there anything else impossible?

It's just that it's just the fourth stitch now, and it has risen to the top level. Where should I study the four stitches behind this?

"Ding Dong, answer the host, the last four stitches of eight stitches against the sky, the host needs to unlock more senior titles."

Senior title?

Qin Yuan is thoughtful, now Qin Yuan has the title of Special Training Master, Language Master, Genius Doctor, and a Physical Training Master.

Originally, Qin Yuan thought that these titles were only for simple purposes, but who would have thought that this is actually related to the unlocking of the last four stitches of the eight stitches against the sky!

There is a faint feeling in Qin Yuan, if he also learns the last four stitches of the eight stitches against the sky, then there will be unexpected benefits!

Chapter 534: Healing Willow Hill

However, these high-level skills are big consumers of grids, so if Qin Yuan wants to obtain the ability of the last four stitches, he must obtain more grids and skills!

And this top priority is naturally to rescue Liu Xiaoshan in front of him.

Newly obtained the fourth stitch of the eight needles against the sky, Qin Yuan naturally wanted to use it! Then Qin Yuan directly pierced the silver needle directly into Liu Xiaoshan's body!

Liu Xiaoshan chuckled, and his body trembled suddenly, and then Qin Yuan was extremely surprised to find that Liu Xiaoshan's body seemed to be completely still, as if all the cells had stopped shaking!

And Qin Yuan was happy this time. Originally, Qin Yuan wanted to take out the shrapnel from Liu Xiaoshan, thinking that Liu Xiaoshan could not hold on, but now all the body functions have been static, Qin Yuan naturally has leeway to do it. Willow Hill Healing!

Immediately, Qin Yuan shot like electricity and began to remove the shrapnel for Liu Xiaoshan.

While outside, Deng Jiuguang and the others are waiting anxiously. Deng Jiuguang has already contacted the people above. Now he can only wait until Long Baichuan appears, and then he can know whether Qin Yuan's identity is true.

But at this time, Zhang Chong who was on the side was very surprised and said:

"There are corpses in the water!"

what?

Hearing this, everyone was shocked, and rushed over and took a look!

And under this water, the bodies of several people appeared!

These people are all fierce and evil, they don't look like good people, but their faces now have endless fright. Obviously, they must have been severely frightened before they died!

"These people are Thomas's men!"

At this time Jiang Xiaoyu screamed. When he was on the island, he killed some. Then he wanted to steal these people's fishing boats and seized the opportunity to escape. But who would have thought that he had not had time to escape. Thomas had already touched the boat and almost killed Liu Xiaoshan!

Jiang Xiaoyu originally thought that these people had escaped, but who would have thought that these people would have died here!

"These ***** are all dead, who did it?"

At this time, Zhang Chong said in a speechless voice, with so many people, even he would definitely not be able to do it!

"Also, it must be the person just now. Didn't he say before, let us clean up the bodies of these people?"

Lu Yan said solemnly, his fear of Qin Yuan deepened even more.

"I'll be a good boy, are these people killed by that kid?"

"Bald, it's not difficult. You see these people drowned. This is enough to prove that that kid didn't take action against these people. As long as you can drag them, you can drag these people to death."

Jiang Xiaoyu said to Zhang Chong, but even so, Zhang Chong smashed his mouth twice, in the end he didn't dare to say that he could do this step.

"Who is this kid?"

At this time, Deng Jiuguang also murmured, and at this moment, an armed helicopter flew up from the sky, and one person walked down from above, not Long Baichuan.

"What exactly is going on?"

"Shanzi is injured, I am afraid it will not work, but there is a person who said that he was transferred from the Southeast Military Region, and he is being treated inside, but I see Shanzi's injury..."

Deng Jiuguang sighed, and Long Baichuan's heart also slammed. After hearing the whole story, he slammed his fist on the hatch:

"These **** pirates! Thomas, this bastard, has always been our wanted object. This time, we must find a way to uproot these people!"

But at this point, Long Baichuan asked curiously:

"But, what is the origin of this new soldier?"

"Have you not received the notification?"

Hearing this, Deng Jiuguang also became serious. If this person is not from the Southeast Military Region, then the matter is big!

But Long Baichuan thought for a while, but suddenly thought of something, his eyes lit up, and he said to Deng Jiuguang:

"Is he called Qin Yuan?"

"Uh, I don't know, this is his ID."

Long Baichuan quickly received Qin Yuan's certificate, but after seeing the above explanation, he showed a smile:

"Pig raising?"

"Yes, and you have done a good job feeding the pigs. Isn't this a nonsense?"

Deng Jiuguang said this, but soon, he also reacted, and his eyes widened!

"Could it be..."

"No, but he should be trustworthy, we just watch."

At this time, Long Baichuan directly interrupted Deng Jiuguang's words. As veterans, they also knew this rumor. It is said that some of the unspeakable teams claimed that they were all feeding pigs. If Qin Yuan's merits were true, then It proves that Qin Yuan is a big man!

And seeing Long Baichuan's eyes, Deng Jiuguang also understood something, and then nodded directly, knowing what to say and what not to say, but looking at the eyes in the cabin, he became a lot firmer!

"If it's him, then maybe Shanzi still has a chance!"

Long Baichuan gently patted Deng Jiuguang on the shoulder' and Deng Jiuguang also nodded, then looked at these soldiers and said directly:

"Okay, the one inside is our comrade-in-arms from the Southeast Military Region. Don't worry, just wait at ease."

After hearing this, the dark cloud on one side said:

"Master, I heard that there is a Spike Brigade in the Southeast Military Region, which is full of special forces, is it true?"

After knowing Qin Yuan's identity, Deng Jiuguang was also relieved. Naturally, he was in the mood to talk to the female apprentice, and said directly to the black cloud:

"That's just ignorance. Tell you, the Spike Team is indeed a special force, and there are many special teams in it. The most famous of them is the red blood cell team, and a female special force was established before. The formed Fire Phoenix team, these are all famous teams!"

Hearing such words at this time, Wu Yun said in shock:

"There is even a team of female special forces elite? But what is the strength of these people, are they stronger than our animal camp?"

As a member of the Marine Corps, Wu Yun is very proud of his identity.

"I don't know this, but before, I was fortunate enough to compete with other members of the wolfya team. I think they are just normal. If you follow the marksmanship, your master will not be a problem facing those wolfya Fighting ability is not bad!"

At this time, Deng Jiuguang touched his head and said with a smile.

Chapter 535: plead

"That's the case, it seems that their wolf-fangs are not that good."

At this time, the dark clouds snorted, thinking that the people in their beast camp are more powerful.

But when he heard such words, Deng Jiuguang smiled and said directly to the black cloud:

"But some time ago, a legendary soldier appeared on Langya's side. The time to join the army is not very long, but he has been promoted to a lieutenant colonel! And his strength is very strong, the horror of death in his hands. There are countless elements and drug dealers, and they even went to other countries to complete many extremely difficult tasks, very powerful!"

The fact that Qin Yuan became a combat hero before was praised by the entire military region, so almost all the soldiers knew Qin Yuan's name, and there was even a wave of waves.

It's just that Liu Xiaoshan and Deng Jiuguang have been staying in the sea training ground, and they are not very sensitive to these news.

"Pull it down, it must be bragging. How can such a person directly become a lieutenant colonel, how much credit should he make?"

Zhang Chong, who was on the side at this time, said with disdain.

"I don't believe it very much either. Is his family background relatively rich?"

Jiang Xiaoyu on the side also shook his head, but Lu Yan said:

"Even if he has a good family background, he wouldn't be so blatant. Maybe he really did something."

Hearing such words, Deng Jiuguang's brows wrinkled tightly.

He still admires Qin Yuan very much. After all, he also knows that things like this can only be based on real evidence. Even the son of a big leader will not directly inform the whole army!

It's just that he has never seen Qin Yuan after all, so he still has some doubts about Qin Yuan's abilities. If he can compete with Qin Yuan, it will be fine.

Especially as a legend of the Marine Corps, although he has only heard about Qin Yuan, but if he is allowed to admit that Qin Yuan is stronger than him, his heart is also a little unconvinced.

After all, if you don't have the heart of a strong man, how can you become the strongest soldier?

"I can't tell you about this issue, but if I have the opportunity, I can take you to the Southeast Military Region to see it. At that time, it will be a mule or a horse.

Long Baichuan, who was on the side at this time, also said with a smile. And hearing such words, all these people sighed in their hearts.

Seeing the appearance of these people, Long Baichuan also said directly:

"This one is from the Southeast Military Region. If you want to know more about the Southeast Military Region, you may ask him."

But when he heard such words, Zhang Chong smashed his mouth and said:

"Let's pull it down, look at him like this, he must be a medical student, even if his swimming ability is better, what can he know?"

"You need to understand this yourself."

Long Baichuan laughed, and said nothing.

And at this time, Qin Yuan in the cabin directly heard a voice:

"Ding Dong, the host completes the task and allows Liu Xiaoshan to survive this action and rewards a grid."

Hearing this sound at this time, Qin Yuan's heart suddenly moved. Although he had not completely treated Liu Xiaoshan's body yet, the system had already prompted to complete the task, so he stopped.

After all, he has another mission, he needs to hide his identity and spend a month in the beast camp. If this directly cures Liu Xiaoshan, wouldn't it be a sensation for the entire military area?

Thinking of this, Qin Yuan walked out directly, saw the crowd of people outside, and said directly:

"I have rescued people, so I just need to send them to the hospital for treatment!"

Hearing this, Jiang Xiaoyu, Deng Jiuguang and others were all excited, and then said to Qin Yuan:

"That's really thank you so much!"

After , they went straight into the cabin to take a look at Liu Xiaoshan.

But Qin Yuan stepped aside and said directly to Long Baichuan:

"Hello, Lieutenant Colonel, Private Qin Yuan, report to you!"

But after hearing such words, Long Baichuan said mysteriously:

"Hehe, comrade, the order I received, your identity is not this, maybe, I still have to salute you."

After hearing this, Qin Yuan also smiled slightly. It seems that this person knows his identity, so he directly asked Long Baichuan:

"Comrade Lieutenant Colonel, what do you need me to do?"

"I don't know about this, but I think, since I want to hide you, as long as you don't do anything too outrageous, it won't be a big problem, but I have heard of your name. For a long time, if you can, please help train the soldiers of our animal camp."

And this time hearing such words, Qin Yuan's mind suddenly sounded a voice:

"Ding Dong, the system releases the mission, trains five qualified naval members, and rewards two grids."

Hearing such words, Qin Yuan was also lightly relieved, he finally had something to do.

If Qin Yuan is really allowed to stay here for a month' but there is nothing to do, then Qin Yuan will definitely be suffocated!

After , the group of people returned directly to the sea training ground, dragged Liu Xiaoshan to the treatment, and Shen Ge. Long Baichuan looked at Shen Ge and reprimanded Shen Ge loudly:

"Counsel Shen, you cannot avoid this punishment."

While Qin Yuan saw Shen Ge on the side, he also shook his head. To be honest, as a military staff, he didn't even have the slightest military awareness, and went to play on the high seas alone. The consequences were extremely serious.

If it wasn't Qin Yuan this time, I am afraid Liu Xiaoshan would be killed.

Sure enough, it's better to have An Ran and Mu Qingmei. A woman like this is simply troublesome!

And Shen Ge was in his eyes, with teardrops in his eyes, and his heart was full of endless regrets, and he said directly to this Long Baichuan:

"Yes, I am willing to accept any punishment."

Hearing this, Long Baichuan also nodded, just about to announce the punishment for Shen Ge.

But at this time, Qin Yuan said:

"Dragon Team, although Staff Officer Shen made a lot of mistakes, she was also unintentional. What's more, I have rescued Liu Xiaoshan back. It is not considered to have caused too much damage. Let's take it lightly."

Hearing such words at this time, other people also reacted and started to plead for Shen Ge. After all, Shen Ge is very popular.

Chapter 536: Go to sea training ground

At this moment, Shen Ge was also taken aback when he heard such words. He looked back at Qin Yuan with a trace of gratitude in his eyes. She did not expect that Qin Yuan not only saved her, but also helped her speak at this time.

But Qin Yuan showed a helpless smile, because he suddenly remembered that this Shen Ge's father seemed to be the boss of a company with a sea training ground in his hands.

Seeing the appearance of these people, Long Baichuan had to deal with Shen Ge lightly.

After , Long Baichuan said to everyone again:

"Next, let me introduce to you, this is Qin Yuan from the Southeast Military Region. He is a military doctor."

Hearing this, everyone immediately applauded. As soon as Qin Yuan came, he did a great favor to them and saved Liu Xiaoshan directly. If Liu Xiaoshan really died, then they would even be with Shen. No matter how good the pigeon relationship is, it will not help Shen Ge to intercede.

After a brief introduction, Long Baichuan asked Qin Yuan:

"I don't know where you want to go?"

"Let me go to the sea training ground. After all, Liu Xiaoshan is injured and needs some treatment. I can follow it."

Qin Yuan would not go to places like the beast camp. After all, Qin Yuan wanted to hide his identity. The people in the beast camp had many eyes and some people might have recognized Qin Yuan!

How good is it to go to the sea training ground, not only is it quiet, but also there are only a few people. As long as all these people are convinced, then Qin Yuan's life will be a lot easier, and he can directly train a few qualified people. Soldier, when the time comes, the grid will also be in hand, and the days have passed, isn't it all right?

Only after hearing such words, Long Baichuan was a little helpless. He originally wanted Qin Yuan to go to the beast camp and train more soldiers, but he didn't expect Qin Yuan to choose the sea training ground.

But since Qin Yuan had made a choice, Long Baichuan couldn't force Qin Yuan, so he had to let Qin Yuan go to the sea training ground with him.

After , Qin Yuan followed Zhang Chong and others on the bus, and soon arrived at the sea training ground together, and after arriving, Zhang Chong and Jiang Xiaoyu were attentive to Qin Yuan:

"Your name is Qin Yuan, tell you, come to our sea training ground, that is the right place, look at this place, there are mountains, waters, and deserts. It is a paradise for soldiers!"

"Yes! In this entire animal camp, here is the best scenery!"

Qin Yuan was speechless when he heard the words of these two people. Sure enough, these two guys are a living treasure.

"It's alright, let's talk about it. You are all comrades-in-arms what you want to do. If I can help, I will definitely help."

Qin Yuan saw that these two guys had intentions at a glance, so he said it directly, and when he heard what Qin Yuan said, the two guys laughed happily, looking a little embarrassed.

However, Zhang Chong directly said to Qin Yuan:

"I just wanted to ask you something, so I told you that there is a guy named Qin Yuan in your Southeast Military Region. That guy is very tight and smart with you. How is this guy?"

And Jiang Xiaoyu also said directly:

"That's right, your medical skills are really amazing. You saved my master directly. I thought that the one named Qin Yuan was you, but after seeing your medical skills, I didn't think so. There is no one who is so powerful, knows how to heal, and can fight wars. Isn't that omnipotent."

More importantly, in the eyes of both of them, the legendary Qin Yuan must have a round waist and a strong body. However, although Qin Yuan seems to have some muscles, it is not much different from them. How could it be legendary? Where is the Qin Yuan in?

Qin Yuan was speechless when he heard this, and said to the two people with some dumbfounding:

"Okay, okay, since you want to understand these things, then I will tell you a good deal."

After , Qin Yuan told these two people all the things he had done before, but after hearing Qin Yuan's words, the two people's eyes widened, and their faces were unbelievable:

"You said that guy, in the first drill, he killed the opposing chief?"

"And I went to the Philippines and almost killed the king?"

Seeing the surprised faces of these two people, Qin Yuan couldn't help but roll his eyes. No matter where this is, you are already scared like this. If he put himself in the Silver Triangle and Ivia, Say it all out, then these two are going to jump into the river in fright?

"Actually, don't think of him as a great person. I have seen him, he is not tall, he is similar to me, and his skill is not as strong as I am. It is his luck to complete these tasks. it is good."

At this time, Qin Yuan said these things, and it was not a deceit to these two guys. After all, it has been a long time since Qin Yuan obtained this rank. Isn't Qin Yuan now stronger than Qin Yuan at the time?

But when they heard this, Zhang Chong and Jiang Xiaoyu looked at Qin Yuan speechlessly.

"I said, brother, it's nothing more than bragging to force us to listen, but don't let others hear. Although you and the lieutenant colonel are the same name, they were shot with a single shot, so you can't just say anything. "

"That's right, ' I think that kid is like Xiang Yu who can lift a tripod. The one-to-three Lv Bu is simply invincible, and our little shrimps are still invincible."

Now Qin Yuan is even more speechless. He is telling the truth, but in the end these people feel that they are bragging.

But at this moment, Deng Jiuguang, who was on the side, came over cheerfully and said to these people:

"It's alright, what are you doing here one by one? Hurry up and start training. Today's training mission has not been completed yet. By the way, since you are our recruit, let's train with me."

Hearing this, Zhang Chong and Jiang Xiaoyu both nodded, stood up and started training.

To be honest, both of them are deeply moved by what happened today. If they could be stronger, maybe Liu Xiaoshan would not end up like this.

So the hearts of both people are full of strength, and they want to train to become stronger.

But at this time, Qin Yuan said directly to Deng Jiuguang:

"This veteran, I will not participate in your training plan."

"No way, although you are just a doctor, you have already come to our hands. You are ours. There are no soldiers in our training camp that can't fight."

At this time, Deng Jiuguang said directly to Qin Yuan, while Zhang Chong and Jiang Xiaoyu on one side also gave Qin Yuan a word of comfort:

"That's right, our sea training camp is like this."

Chapter 537: Learn from

But after hearing such words, Qin Yuan was helpless. It was not that he was unwilling to accept the training in the sea training ground, but that these trainings had no meaning to him and could not make himself stronger. What is the role of training? With this skill, wouldn't it be better for Qin Yuan to practice the exercise technique a few times?

So Qin Yuan said directly to these people:

"It's not that I don't want to train, but that I have a better training method. Or else you will train with me?"

Hearing this, Deng Jiuguang didn't say anything, but Zhang Chong and Jiang Xiaoyu couldn't listen anymore, and they said directly to Qin Yuan:

"I said, brother, although you helped us a lot, you can't be like this."

"Yeah, you saved my master, then we will definitely repay you in the future, but you can't throw our achievements directly on the ground. Although you are from the Southeast Military Region, you can't say that you are from the Southeast Military Region. Our sea training campers must be strong!"

Deng Jiuguang, who was on the side, heard this, with a mysterious smile on his face, and then said directly to these people:

"Then what else is there to say, everyone is a soldier, can you just compare directly?"

Give it a try?

Hearing this, Zhang Chong and Jiang Xiaoyu both nodded, then raised their eyebrows at Qin Yuan provocatively, wanting to compete with Qin Yuan.

But Qin Yuan was full of helplessness, asking him to compete with Jiang Xiaoyu and Zhang Chong, wouldn't it be a torture?

And he has also noticed the banter in Deng Jiuguang's eyes. Obviously, Deng Jiuguang has a little understanding of his identity. He took this opportunity to help him train these two guys!

But at this moment, Qin Yuan suddenly remembered his previous mission. If he wants to train five qualified fighters, then he must defeat these guys.

So Qin Yuan glanced at Deng Jiuguang, then he said:

"If that's the case, then we will have a good competition, but let's just compete with you two."

what?

Hearing this, Zhang Chong and Jiang Xiaoyu couldn't sit still anymore. Qin Yuan's words obviously didn't put them in their eyes at all?

"Brother, you are a little bit fluttering! Or else you compare me first?"

"That is, brother, everyone is a friend, although you are from outside, you can't be so arrogant!"

At this time, Zhang Chong and Jiang Xiaoyu both spoke to Qin Yuan unkindly, and even Lu Yan, who had not spoken on the side, looked at Qin Yuan with strange eyes.

But Qin Yuan was helpless and said to the two of them:

"But I really didn't lie. I told you that I was in the Iron Fist before and I received the same training, and during the exercise, I also killed a whole Spike Special Forces soldier. Don't underestimate me."
"

Killed a whole spiky special force?

Hearing this, Zhang Chong and Jiang Xiaoyu's eyes flashed with a light, and they became more serious.

Although Zhang Chong and Jiang Xiaoyu have never seen what Spike's special forces are like, they have also heard from their masters and fought against those people.

And even if it takes 10,000 steps, it is a company that specializes in training special forces, and it is not even comparable to the people in the beast camp, but the Qin Yuan in front of him can directly kill an entire special force, even if it is used. What means is enough to prove that his ability is not small.

What's more, when Qin Yuan was on the ship before, he not only showed his medical skills, but also killed several pirates. This is even more proof that the soldier in front of him is not eating dry food!

And Deng Jiuguang, who was on the side at this time, said:

"Qin Yuan, there is no need to compare with me. After all, Shanzi is not there now. It's better to wait for his injury to heal then, and the three of us will try together."

For Deng Jiuguang, his old friend is still in the hospital, so he doesn't have much desire.

What's more, Deng Jiuguang didn't think that Qin Yuan could beat himself. After all, they were the strongest part of the Marine Corps, even stronger than the current God of War Xiang Yu! So even if he knew Qin Yuan had some abilities, he didn't want to do it.

heard such words. Qin Yuan nodded and said:

"All right, then you all come together."

Hearing Qin Yuan agreed, Zhang Chong and Jiang Xiaoyu were gearing up, full of fighting spirit, and then Zhang Chong said to Jiang Xiaoyu:

"Jiang Xiaoyu, you go up first, and I will go up when you lose."

"Hey, Zhang Chong, if I'm on this, if you have a chance to make another move, it doesn't necessarily matter."

After such a long time of training, Jiang Xiaoyu is also very confident. Now based on his ability, he is basically ranked in the top 10 in the animal camp, and there is absolutely no problem.

But after hearing this, Qin Yuan said strangely:

"No, I just let you two go together just now, I was planning to beat you two alone, oh, yes, and you, your name is Lu Yan, right? Then you should follow along, and I will challenge you alone. Three."

what?

Upon hearing this, the people at the scene were suddenly surprised!

"I'll go, this guy said he is fat' He is still breathing, and he dares to challenge the three of us alone!"

"It's too cruel, it's a big talk, if we beat it up, it won't look good."

Hearing what Qin Yuan said, even Jiang Xiaoyu was so angry, not to mention the grumpy Zhang Chong.

Deng Jiuguang, who was on the side, was also full of surprise. He looked at Qin Yuan's eyes with brilliance. To be honest, even if he came to challenge these three people, it was a little difficult.

After all, Jiang Xiaoyu, Zhang Chong and Lu Yan, these three are good soldiers. Although Zhang Chong has a grumpy temper, he is powerful and has great martial arts, and can even catch wolves with his bare hands.

Although Lu Yan is taciturn, he is a good swimmer and even can enter the national team before.

As for Jiang Xiaoyu's active mind, he is always unexpected and has great potential. Now that he has been trained, it is not so easy to deal with.

"Okay, as you said before, it's a mule or a horse. Pull it out for a walk, we'll know if we compare it."

At this time, Qin Yuan smiled, and hearing these words, Deng Jiuguang also slightly narrowed his eyes and said directly to the three of them:

"Okay, let's go with the three of you, I think you are not necessarily his opponents!"

"That's okay, brother, since you asked for it, don't blame us for taking it too hard!"

Now that Deng Jiuguang has already spoken, Jiang Xiaoyu and the others stopped refusing, and opened their posture, preparing to compete with Qin Yuan!

Chapter 538: 1 enemy 4

A few people went to the beach outside together, set up a posture, and prepared to take action.

"Brother, if you can't do it, just stop!"

At this time, Jiang Xiaoyu also exhorted Qin Yuan intimately, which made Qin Yuan a little bit dumbfounded.

"Okay, come on, I'm hungry! It's over early, eat early!"

Qin Yuan directly stretched out his hand to the three of them, and upon hearing this, Jiang Xiaoyu, Lu Yan and Zhang Chong glanced at each other, their eyes also cold!

After , Zhang Chong shot instantly, smashing towards Qin Yuan with a straight fist, and the other two also rushed over, waiting for an opportunity to attack Qin Yuan!

The three of them have been together since they arrived in the army. The previous training and confrontation let them know the skills of each other. The cooperation of the three will definitely exert more than three combat power!

And Qin Yuan saw these three people rushing over, and the corners of his mouth also showed a slight chuckle. Now that he has agreed to the competition, Qin Yuan intends to have a good time with these three people!

Then Qin Yuan gave up his other abilities and directly assumed the mantis boxing posture. Instead of retreating, he moved forward and directly attacked the three people!

As soon as he took over, Qin Yuan directly slammed Zhang Chong's fist with a punch, but he shook Zhang Chong back, his arm numb!

"Damn, this guy is so powerful!"

After hearing this, Jiang Xiaoyu and Lu Yan both changed their eyes. You know, Zhang Chong is the most powerful of the three, but even Zhang Chong is not as strong as Qin Yuan?

It seems that this person is really not talking big, a little bit troublesome!

However, this is just the beginning of the temptation, the real battle has not yet begun!

Then the three screamed, and they attacked Qin Yuan together!

But Qin Yuan had a smile on his face, just simply resisting the attack of the three people.

But these three people are getting more and more shocked, because no matter what method they use, there is no way to break Qin Yuan's two hands!

This guy in front of him is like he has eight hands. Not only can he catch their attacks, but he even has a chance to fight back!

And all three of them felt it. When Qin Yuan fought back, he was definitely merciful. Otherwise, the three of them would have already lost!

But no matter how difficult it is, these three people still clenched their teeth!

After all, it is embarrassing enough for three people to fight one by one. If you give up again, wouldn't it be even more shameless to see people!

When I saw this, Deng Jiuguang's eyes on one side also glowed.

He knew that Qin Yuan's identity was not simple, but he didn't expect that Qin Yuan was so strong!

There is no point in continuing to fight now, but Deng Jiuguang's hands are itchy in his heart, so he shouted directly:

"Be careful, I'm coming!"

At this time, Deng Jiuguang yelled, and he also squeezed into the battle group directly, and Qin Yuan also brightened his eyes. He was still bored at first, but Deng Jiuguang joined in and felt completely different!

Deng Jiuguang's fists were heavy, and he was extremely tricky, specifically to make up for the vacancy in the attack of the three Jiang Xiaoyu, and it really made the situation a little different!

And now Qin Yuanguang relied on his own physical fitness, and there is no way to take these people directly!

Sure enough, Deng Jiuguang is a master. If he cooperates with Liu Xiaoshan, he will be even stronger.

But also because of this, in the Mars competition that year, it is estimated that if Deng Jiuguang and Liu Xiaoshan did not compete, they would definitely win the championship!

It's only a pity that because of the rivalry between the two people, the bodies of both of them were injured and unable to carry out real training and fighting. This is indeed a pity.

Now that Qin Yuan is here, don't be afraid, let alone these two people, even Long Baichuan can be cured by Qin Yuan!

But, this is all for the future!

A hint of excitement flashed in Qin Yuan's eyes, and he said directly:

"Be careful, I'm going to use my strength!"

Cosmic Mantis Fist!

In an instant, Qin Yuan's hand hooked one by one, and the hitting knife slashed directly on Jiang Xiaoyu's neck, while the other hand dragged Zhang Chong's attack and hit Lu Yan directly!

This time, the three of them were beaten out, and only Deng Jiuguang was left. Naturally, he couldn't hold on to it. The second move was thrown away by Qin Yuan!

All this is between electric light and flint, Jiang Xiaoyu and others did not react before they found that they were already lying on the ground!

"I'll go, you still have a hand hidden!"

"Master, one person beat all four of us out!"

"Master, you can't do it!"

At this time, Deng Jiuguang also looked at Qin Yuan with an incredulous face, and asked softly:

"Lian Jiazi?"

"How many hands have you practiced, okay?"

Qin Yuan also smiled, to be honest, since raising the mantis fist to the universe level, no one has been able to hold on to him for a long time.

"It's okay? This is too good!"

At this time, these people looked at Qin Yuan as if they saw a ghost, after all, Qin Yuan's hand was simply too powerful!

"With such skill, it is estimated that the God of War Xiangyu in the beast camp is not an opponent, right?"

Jiang Xiaoyu sighed, but Qin Yuan shook his head and smiled. According to Xiang Yu's ability, it is estimated to be similar to He Chenguang at the beginning. Qin Yuan was not afraid of him at the beginning, let alone now .

After a few people sighed for a few words' they were convinced by Qin Yuan. But Deng Jiuguang said to Qin Yuan again:

"Since the comparison has already started, then we can just do it again. I wonder how your marksmanship is?"

"Marksmanship?"

Qin Yuan groaned, then said:

"It's just average."

But after hearing this, several people looked at Qin Yuan with very strange eyes.

Qin Yuan didn't seem to say anything just now, and as a result, he beat a few of them violently. Now he says that his marksmanship is average. If they can believe it, they are clubs!

While Deng Jiuguang's mouth twitched, he still said:

"Then we will try, but this shooting technique is fed by bullets. What do you think of you?"

Deng Jiuguang is still very confident about marksmanship. Using a rifle, he can do it with no bullets within 300 meters.

What's more, he also has a pistol and match stunt. If it compares, it will definitely not fall behind.

What's more, what Deng Jiuguang didn't realize was that he originally wanted to try Qin Yuan, but he didn't realize that he was already a little bit competitive.

"Didn't I say this, it's just normal."

Qin Yuan chuckled, he was idle anyway, playing with these few people.

Hearing this, Deng Jiuguang and the others felt like constipation, and they took a sigh of relief. They want to see how great Qin Yuan is!

Chapter 539: Firearms transformation

After that, a few people went directly to the firearms depot. Seeing the dazzling array of firearms, Qin Yuan's heart was also excited.

Firearms are just the romance of soldiers.

And these guns are more like blood to Qin Yuan.

Deng Jiuguang saw that Qin Yuan looked at these rifles with a smile, and although Qin Yuan said that his marksmanship was average, he was already exposed as soon as he started.

"The 95-type rifle is the most commonly used firearm. The advantage is that it is durable and the disadvantage is that it has no characteristics."

Qin Yuan also nodded when he heard this. Because he often goes out on missions, Qin Yuan has used various firearms. The Type 95 rifle is indeed not an excellent firearm, and its characteristics can only be as Deng Jiuguang said. It's cheap and strong.

"You choose the gun first, but try first."

Deng Jiuguang said directly to Qin Yuan, after all, every gun has the characteristics of each gun. Just like a car, it has a professional feel. Deng Jiuguang doesn't want to take advantage of Qin Yuan's advantage.

Hearing this, Qin Yuan also nodded, and then directly picked up a gun. After hitting the bullet, he went to the place where he was interviewing the gun and shot twice.

But even though they have already hit the 10th ring, Qin Yuan still frowned.

"There seems to be something wrong with this gun."

Qin Yuan looked at the gun in his hand. He could clearly feel that when he fired the gun, the tremor of the gun was a little abnormal, but Qin Yuan couldn't tell what was wrong with the gun.

After all, Qin Yuan's marksmanship is systematically added, and compared with ordinary people's marksmanship, there is less gradual progress.

"This is also normal. The gun in your hand belongs to Shanzi. He has used it for a long time. Most people are really not used to it. Moreover, the Type 95 itself has many shortcomings, so most of the good gunners are willing to change the gun by yourself. Change it until it fits your hand."

Deng Jiuguang said with a little embarrassment. To be honest, although this kind of thing is nice to say, it is also a violation of discipline to modify the firearms privately, but this is also a small welfare for their sea training ground. As long as the number of guns is right, no one will question the two of them.

Hearing this, Qin Yuan also nodded, but at this moment, Qin Yuan's heart moved.

Didn't you get the ability to make guns when you recovered your rifles before?

Thinking of this, Qin Yuan's heart has a trace of interest!

After all, when the guns were first recycled, Qin Yuan was thinking of one thing, and that was to open an ordnance factory to make money, and now Qin Yuan found that although he didn't need to make money anymore, this ordnance factory still had to be opened.

After all, no matter how powerful Qin Yuan is, it is impossible to directly replace all soldiers, but if Qin Yuan can transform these guns to make them feel better and improve their marksmanship, this is not the same as strengthening the strength of all soldiers of the Yan country. Is it effective?

Thinking of this, Qin Yuan nodded, just do what he said, and said directly to Deng Jiuguang on one side:

"Well, wait for me, I want to take a good look at these rifles."

Hearing what Qin Yuan said, Deng Jiuguang and others were a little strange, but they didn't stop it.

Then Qin Yuan returned to the warehouse again, looking at the rifle in front of him, his heart moved, and he recovered!

"Ding Dong~ The system recovery is successful, please start to choose the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get cosmic rifle marksmanship! (cannot be selected

"2, get a world-class rifle design!"

"3, get world-class rifle manufacturing!"

Sure enough, Qin Yuan remembered correctly, he had two abilities at that time!

And this time, Qin Yuan did not hesitate to choose the last two items directly!

"Ding Dong, congratulations to the host for his successful selection and a world-class rifle design!"

"Ding Dong, congratulations to the host for his successful selection and get world-class rifle manufacturing!"

With these two voices, Qin Yuan was also shocked, and there was a lot of professional firearms knowledge in his mind!

And what shocked Qin Yuan was that after obtaining these two abilities, Qin Yuan grabbed the rifle in his hand and suddenly looked like a pair of perspective eyes, directly seeing the inside of these guns!

Not only that, Qin Yuan's mind also automatically popped up some transformation and upgrade plans for these guns, and according to Qin Yuan's calculations, if these changes can be completed, the performance of this gun can be improved by at least 50%!

awesome!

Qin Yuan couldn't stop being speechless, after all, if this gun can increase the performance by 50%, it is already better than the best rifle of the same year!

And this is only a world-class rifle design and rifle manufacturing, if Qin Yuan directly obtains a cosmic rifle design and rifle manufacturing, what will be the result?

Just do it, Qin Yuan once again put these rifles into the grid, and suddenly raised these two abilities to the universe level!

This moment was even more serious. Qin Yuan looked at these rifles and didn't want to be autonomous in his hands. He directly disassembled the few rifles in front of him into the smallest parts, then picked the best parts in these guns and reinstalled them into four. Gun!

And this is not over yet, Qin Yuan even found some messy other things from one side, and added them to the best gun' completely transformed this gun into something that looks so different. Monster!

Looking at the gun in front of him, Qin Yuan was a little bit lost. This is the limit that can be modified without moving the whole parts of the gun, but Qin Yuan still has many ideas that have not yet been realized.

"It seems that if you want to get a perfect Type 95 rifle, you still need to work on the initial design."

Qin Yuan muttered, but at this moment, he heard a voice:

"Qin Yuan, have you chosen?"

At this time, Qin Yuan reacted. People outside were still waiting, so he picked up these guns and went out!

But seeing that Qin Yuan took several guns, Jiang Xiaoyu and others were puzzled:

"Uh, brother, what are you doing? We know that marksmanship is not your opponent, so only my uncle can compare with you."

"It's chirp, what's the matter with it!"

Zhang Chong is even slightly dissatisfied, after all, they have been standing here for a while.

But after hearing this, Qin Yuan smiled and said to several people:

"It's okay, everyone is just for fun. How many shots will you shoot after a while?"

Although Qin Yuan has completed the transformation, he still needs a certain amount of experimentation. After all, in his hands, no matter what the gun is, it has a hundred shots, but in the hands of these ordinary people, it is different, so Qin Yuan wants to use it. These people try.

Chapter 540: Marksmanship

At this time before the beach, Jiang Xiaoyu and Zhang Chong and others have set their targets.

Five targets, each with fifty bullets.

100 metres

200 meters

400m

600m

800m

"Qin Yuan, the seaside is windy, and the shooting limit of this rifle in our hands is 600 meters, but the real master can use inertia to increase the effective range of the rifle. You have to be careful about this."

Deng Jiuguang said to Qin Yuan confidently. To be honest, he didn't think Qin Yuan could compare to him. After all, his marksmanship in the interior was better, but it didn't mean that his marksmanship at the beach was equally good.

The wind on the sea is strong, and the wind speed calculations are much more precise. What's more, Deng Jiuguang's home court is still here. Although the environment is the same, it still has some advantages.

But when he heard this, Qin Yuan just smiled and said nothing.

But when they saw the weird-looking rifle in Qin Yuan's hand, they were a little surprised. They didn't know that Qin Yuan had made such a thing.

"Oh, don't be surprised. This is my own rifle. If you think it's inappropriate, we can use the same gun."

Qin Yuan looked at Deng Jiuguang and said, in fact, he didn't know Deng Jiuguang's mind, so he used this gun to remedy his disadvantage.

"It's not necessary, it's okay, if you are ready, then we will start."

At this time, Deng Jiuguang said directly, after all, compared with the strange thing in Qin Yuan's hand, Deng Jiuguang still trusted the old gun he had used for many years.

And Zhang Chong and Lu Yan were also ready, only Jiang Xiaoyu was a little curious about the guns Qin Yuan assembled, so he took a handful and used it.

After all, Jiang Xiaoyu knew that his marksmanship had no advantage over others. Even if it was serious, it would be the bottom. It's better to look at Qin Yuan's gun, what is special about it.

"3.2.1 start!"

At this time, with the countdown, everyone clicked, and shot instantly!

And the fastest ones are Deng Jiuguang and Qin Yuan!

The first three targets were shot by two people almost at the same time!

Seeing this, Qin Yuan was also a little surprised. This Deng Jiuguang's marksmanship is really not bad!

You know, he has already used half of his level, but Deng Jiuguang can actually keep up!

After all, Deng Jiuguang is also a master who can directly wipe a match!

It's just that Deng Jiuguang and Qin Yuan noticed that there is still something to be done!

Because next is the 600-meter target!

The marksmanship has reached the point of advanced, every slight improvement will be extremely difficult, and this 600 distance has reached the limit of this rifle!

So even Deng Jiuguang, at this distance, the speed of his shot slowed down!

Within half a second, calculate the wind speed and other influencing factors, and hit the bullseye directly. This is already very fast!

As for Zhang Chong and Lu Yan, at this time, they are no longer good enough and can only barely hit the target.

After reading the situation of these people, Qin Yuan smiled and stopped temporarily.

All these people were shocked. What did Qin Yuan mean by stopping? Could it be that he knew he couldn't hit and planned to give up?

But Deng Jiuguang was unaffected, just aiming at a target 800 meters away very seriously, holding his breath and shooting!

It's a pity that the target at this distance has indeed broken away from the limit of this gun, so even Deng Jiuguang can barely hit the target, completely unable to hit the tenth ring as before.

Deng Jiuguang frowned slightly at this time, feeling that he was not doing very well, but he didn't say anything, just looked at Qin Yuan.

But at this time, Qin Yuan shot directly!

DaDaDaDaDaDa!

A series of gunfire sounded, it was like shooting the first three targets before, without any hesitation!

And what surprised Deng Jiuguang even more was that even at the 800-meter target, Qin Yuan still did not slow down, it was almost the same as turning on fully automatic shooting!

95 rifle, the rate of fire is 650 rounds per minute, which means that in the fully automatic state, it can shoot almost ten bullets per second!

But Qin Yuan's twenty bullets just now took only three seconds. This means that Qin Yuan only wasted one second of his time when he moved the target, and the other time was not wasted at all. !

"I'm going, is this making trouble?"

Zhang Chong stared at Qin Yuan with wide eyes. Isn't this rate of fire the same as a blind fight?

Lu Yan, who was on the side, also shook his head and sneered. It seems that this Qin Yuan is really bad at marksmanship. If he can still hit this way, he would rather eat the target!

Deng Jiuguang on the side of was also full of doubts. According to his guess of Qin Yuan, Qin Yuan shouldn't be a self-defeating person, so we can only look at the result.

The 800-meter target, even in the eyes of a master like Deng Jiuguang, has only a small point, so they have to use a telescope or report the target to see how many targets are.

"Zhang Chong, Jiang Xiaoyu, report the target!"

At this time, Deng Jiuguang yelled, and Jiang Xiaoyu on one side immediately started reporting the target with a telescope:

"Deng Jiuguang, 100 meters with 100 rings, 200 meters with 100 rings, 400 meters with 100 rings, 600 meters with 100 rings, 800 meters with 65 rings!"

Hearing such results at this time, Both Zhang Chong and Lu Yan, who were on the side of clapped involuntarily.

After all, this kind of result is already very good. It can maintain the number of cycles above 60 without the actual range. This is the limit that humans can reach!

Deng Jiuguang also looked at Qin Yuan a little proudly. Although this was not his best result, the wind is not small today. It is already the limit to be able to achieve this step. Now let's see how far Qin Yuan can achieve. .

Zhang Chong on one side also picked up the binoculars excitedly, but when he saw the target, he couldn't stop for a moment. The binoculars in his hand all fell off.

"What are you doing in a daze? If it works, I can't come."

Lu Yan said directly to Zhang Chong, and then grabbed the telescope.

To be honest, Lu Yan still doesn't like Qin Yuan. After all, this guy drowned several pirates as soon as he shot. Isn't this better than his swimming skills?

Furthermore, this guy is so handsome and has good skills. If he stays here in the future, wouldn't he be a lot of limelight?

So now Lu Yan is very happy to watch Qin Yuan's jokes, so he took a look at Qin Yuan's jokes, and he was a little stunned, and said blankly:

"Qin Yuan, 100 meters with 10 rings, 200 meters with 10 rings, 400 meters with 10 rings, 600 meters with 10 rings, 800 meters, or 10 rings!"

Each of Qin Yuan's targets only made 10 rings!
