

Special Soldier 541

Chapter 541: cheat

Lu Yangang wanted to laugh at it, but he didn't say what he said, so he was just stunned, and he also reacted!

If only the six-hundred-meter and eight-hundred-meter targets had 10 rings, then Lu Yan would still think that Qin Yuan had missed the target, but the Nima 100-meter target was also 10 rings. Isn't this a cheating?

Even if it is a new recruit, it is impossible that only one bullet hits the bullseye and all the other bullets miss the target, right?

So, Lu Yan thought of another possibility...

Deng Jiuguang also reacted and said quickly:

"Hurry up, bring the target over and let me have a look!"

And the three of Lu Yan rushed over and took all these targets, and seeing the bullet holes on them, all three of them were speechless.

"No way....."

Jiang Xiaoyu, who was on the side, let out a sigh, looking at Qin Yuan's eyes as if he were looking at some monster.

"This flat calf is too awesome!"

Zhang Chong also grew his mouth and looked at Qin Yuan incredulously.

At this time, Deng Jiuguang saw that there was only one ten-ring on the 800-meter target, and there was a stormy wave in his heart. Although he had expected Qin Yuan to go high, Qin Yuan had already broken his budget. Is this kind of marksmanship still human!

That's right, everyone reacted, Qin Yuan's ten rings had all the bullets hit in one bullet hole. This kind of marksmanship is almost the same as that of a fairy!

"It is true that the generation is stronger than the generation. Your hand is really powerful, Qin Yuan, I lost. I am convinced that I lose. You are indeed a veritable king of the soldiers!"

After finishing these words, Deng Jiuguang paid a military salute to Qin Yuan directly.

And Lu Yan looked at the bullet hole, but couldn't believe it:

"This...it's impossible at all! How can this 800-meter target be able to achieve such a result!"

"Then do you have any other ideas? You can see that this bullet hole is obviously larger than a normal bullet hole, and no one else is making trouble. It is obvious that all ten bullets hit this bullet hole. , The hot bullet will burn and enlarge the bullet hole a bit, and this will naturally happen."

At this time, Deng Jiuguang directly explained to a few apprentices, but Zhang Chong and Jiang Xiaoyu couldn't stop talking:

"My mother, this is too amazing, it's even more amazing than the TV show!"

But Lu Yan couldn't believe it, and shouted:

"This is absolutely impossible. The 800-meter target is already very good to be able to hit the target. How could it be possible to do this!"

At this time, Lu Yan is really a little desperate. After all, Qin Yuan seems to be much better than him in any aspect. How can such a person compare?

But when he heard this, Deng Jiuguang shook his head. He knew his apprentice's shortcomings and was a bit too proud, so he said directly to him:

"This is achievable. When I was participating in the Mars military competition, I met a man from the country, and he was able to do this. There are many powerful people in this world. Lu Yan, you really want Open your eyes and take a good look."

"I....."

Lu Yan looked ugly at this time, and he didn't know what to say.

And Deng Jiuguang said to Qin Yuan again:

"Brother Qin Yuan, your hand is really amazing. Whether it is time or target number, I have lost to you. I am convinced of you now! To be honest, I am so excited, like you It's a great event for our team to join the masters! Of course, according to what we said before, from now on, you can freely train at other times except when you are on a mission."

After finished speaking, Deng Jiuguang patted Qin Yuan directly on the shoulder.

Seeing such a situation, Qin Yuan smiled hehe, and then said directly:

"In fact, what Lu Yan said is correct. I did move my hands and feet."

what?

Hearing this, everyone was shocked, and Lu Yan said with excitement:

"Look, what I said is right! He admits it himself!"

And Deng Jiuguang frowned and looked at Qin Yuan suspiciously. Although Qin Yuan had already admitted, the target was arranged by Jiang Xiaoyu and others. Even if Qin Yuan wanted to manipulate the target, That's impossible too?

But Qin Yuan smiled, and said directly to Deng Jiuguang:

"Otherwise, you look at Jiang Xiaoyu's target?"

Yep?

Hearing this, everyone was shocked, and then they all looked at Jiang Xiaoyu.

"Okay, Jiang Xiaoyu, are you a deflated calf doing something on the target!"

Zhang Chong directly caught Jiang Xiaoyu at this time, but Jiang Xiaoyu directly raised his hand and said to Zhang Chong grievously:

"I am more wronged than Dou E! What can I do?"

But after seeing the number of Jiang Xiaoyu's targets, Lu Yan on one side said directly:

"I haven't done anything yet. I have already seen it. Your 600-meter target has 90 rings. Even the 800-meter target has 15 rings. You got two shots. Do you dare to deny it?"

To know how Jiang Xiaoyu's marksmanship is, they are all aware of it. Usually the target of 600 meters can hit the 80th ring, which is already very good, but now it turns out to be the 90th ring, even the target of 800 meters. On the target, the two of them have better marksmanship, neither of them on the target!

However, Deng Jiuguang stopped the two of them and directly asked Qin Yuan:

"How is this going?"

"Hey, of course I got the gun!"

Qin Yuan said this and threw the weird-looking rifle in his hand!

And after the gun turned out, Deng Jiuguang was shocked.

Comfortable, so comfortable!

This arc, this feel!

Deng Jiuguang looked at the Type 95 in his hand, and he felt like his wife had undergone a plastic surgery suddenly!

"I shot a few shots!"

Deng Jiuguang eagerly changed a magazine directly, and then shot at a target 800 meters away!

"Master, eighty-five rings!"

Hearing Lu Yan's report, Deng Jiuguang took a breath!

Nima, this is his best score on weekdays, which is the seventieth ring. As a result, he changed a gun and improved so much?

And how long did Qin Yuan just stay in the gun store, twenty minutes? ten minutes?

This Nima can improve the performance of this gun so much in such a short time. Is this guy really a human?

"I have modified this gun, but as far as the current conditions are concerned, this is already the limit. Also, do you want to follow me to learn how to modify the gun?"

At this time, Qin Yuan smiled and said to a few people, and hearing such words, even Deng Jiuguang's eyes lit up.

Chapter 542: Willow Hill's experience

A few days later, when Liu Xiaoshan, who was almost in good condition, returned to the sea training ground, he saw that there was no one outside the beach.

"Oh, what's going on, no need to train?"

Liu Xiaoshan looked at this situation and murmured, but when he approached the warehouse, he heard all kinds of screams coming from inside!

"Oh, I can't do it anymore! Master! I can't hold on anymore!"

"If you can't do it, you have to do it, hold on, I have already practiced the second form of this physical exercise, you can't even complete the first form, what is it, wait for your master to come back, you won't die!

"My mother, why is this stuff so uncomfortable!"

"I...I can't do it anymore, my hand feels broken!"

Hearing such a yelling at this time, Liu Xiaoshan's brows suddenly wrinkled. They were all soldiers, and they were called like this, like what!

But as soon as he approached, Liu Xiaoshan saw the door of the warehouse. There was a deck chair. A soldier-like person was basking in the sun and drinking black tea. That's a comfortable one!

Seeing this, Liu Xiaoshan's eyes suddenly turned round, and he saluted this man directly!

"You are Qin Yuan, right, thank you, you saved my life before!"

At this time, Liu Xiaoshan said to this man with great gratitude. He knew before that he was rescued by a person named Qin Yuan, and he also saw Qin Yuan's photos. Now that he saw Qin Yuan, he was naturally Very excited, I want to thank Qin Yuan.

After hearing this, Qin Yuan also waved his hand to Liu Xiaoshan from the couch:

"It's okay, it's all casual, don't thank me, you should go see your apprentice."

After hearing the outside sound, the few people trained in the warehouse also walked out directly!

"Master, you are here!"

At this time, Jiang Xiaoyu's eyes were bright, and he rushed out to meet Liu Xiaoshan, but Liu Xiaoyu's eyes widened, looking at the man in front of him!

It has only been a few days, how come that Jiang Xiaoyu, who was a little bit crooked before, turned out to be like this!

You know, although Liu Shanshan is Jiang Xiaoyu's master, he is not very fond of his apprentice. After all, this kid is stealing and playing slippery and has no fighting spirit. If he hadn't forced this guy to train every day, he would have been early He has fallen into a spoiler!

But now Jiang Xiaoyu, Kong Wu is powerful, and more importantly, he has a spirit of energy on his body, which makes people know that this is a well-trained soldier!

Is this still the stupid apprentice I know?

"Oh, sir, you must be lucky if you survive a catastrophe, I...I almost missed you!"

At this time Jiang Xiaoyu was talking, and he cried out with a wow. To be honest, he watched Liu Xiaoshan fall in his arms, thinking that the master was really going to die!

When I saw Jiang Xiaoyu's appearance, Liu Xiaoshan also had a sour nose. He gently touched the apprentice's head and said directly:

"Okay, what are you crying? A man, bleeding without tears, you will be obedient to you from now on. Just complete the training I assigned to you in full every day."

And when he heard this, Jiang Xiaoyu immediately shivered. When Liu Xiaoshan and Deng Jiuguang competed in training before, that would train him to be ecstatic!

But when Deng Jiuguang on the side heard this, he laughed and said directly:

"That won't work, Shanzi, our previous trainings are all outdated. Look, this is the new training table that Qin Yuan made for us! From now on, we will just practice like this. This is what Qin Yuan did before. The secrets of the troops!"

And Qin Yuan also smiled:

"What an unspoken mystery, it's just that this technique is too difficult and must be promoted slowly."

But when he heard this, Liu Xiaoshan was confused. He glanced at the training table above, only to find that most of the physical training had disappeared, and it was replaced by something called physical training!

"Master, this physical exercise is so powerful, I can't stand it!"

Zhang Chong, who was on the side, also said to Liu Xiaoshan, and upon hearing this, Deng Jiuguang also said directly:

"Yes, Shanzi, in the past few days, I have used this method, but it is a lot better than you!"

Upon hearing this, Liu Xiaoshan suddenly couldn't bear it, and said directly:

"A Guang, you are floating, although I have been injured in the past few days, but I am now completely healed, otherwise, let's compare the two?"

But when he heard this, Deng Jiuguang smiled and said directly to Liu Xiaoshan:

"You don't need to test, your body is just right, I don't compare with you, but if you want to compare, you can compare this physical exercise, dare you?"

"Huh, what can't you dare? Come on!"

Liu Xiaoshan also gave a cold snort, and directly agreed, but what he didn't see was the strange smiles of the people around him.

And Qin Yuan also smiled, and said to Liu Xiaoshan:

"Shadow, you have to be careful, don't flash your old waist!"

"Hmph, just take a look!"

Liu Xiaoshan got his feet up, first did a warm-up, and then said to a few people with great confidence: "Okay, come on, let me see what this physical exercise is like!"

After hearing this, Deng Jiuguang said directly:

"Jiang Xiaoyu Hurry up and teach you master!"

"Hey!"

Jiang Xiaoyu smiled, and said to Liu Xiaoshan:

"Master, it's different now. This is called Feng Shui turn around. Now I will teach you!"

"So much nonsense? Hurry up!"

Liu Xiaoyu kicked Jiang Xiaoyu directly, and Jiang Xiaoyu started to demonstrate the exercise technique.

But when Liu Xiaoshan saw the exercise technique demonstrated by Jiang Xiaoyu, he was a little dumbfounded:

"I'm going, that's it? What are you doing? How can such a technique have an exercise effect? How is this different from those old ladies' square dancing!"

But when he heard this, Deng Jiuguang said with a smirk:

"Okay, hurry up! I'm still waiting!"

To say that this bodybuilding technique was indeed a bluff at the beginning, Deng Jiuguang didn't believe that this technique was effective, but when Deng Jiuguang started it, it was different!

Sure enough, Liu Xiaoshan was very relaxed at the beginning, but when he did it, Liu Xiaoshan's face changed!

At this time, feeling the soreness from various parts of his body, Liu Xiaoshan's face turned green!

This Nima, is it a bit too sour?

After practicing this, Liu Xiaoshan's eyes looking at Qin Yuan finally changed!

Who the **** is this guy, and how did he make such awesome things!

Chapter 543: Treatment task

Seeing the shock on Liu Xiaoshan's face, Jiang Xiaoyu also said with pride:

"Master, this skill is much better than the way we carried wood and soaked in water. You see, I have only had so many muscles in just a few days! And, Master, my progress is better than Hurry up, I am now able to make the first formula!"

"Is there a second style?"

Liu Xiaoshan's eyes were full of surprise, while Qin Yuan on one side said with a smile:

"There are five styles in total. If you practice well, you really don't need to move the wood. But don't take Jiang Xiaoyu's words to heart. He just relies on his training for a longer time."

But when he heard this, Liu Xiaoshan was taken aback for a moment, but his face was a bit ugly, and he muttered to Qin Yuan:

"This previous training method still needs to be used!"

"Ah? Master, why? Let's move wood and do push-ups together, isn't it just to make the body stronger? We have achieved this goal, why should we do it?"

Zhang Chong also asked with some doubts at this time, but Qin Yuan thought about it, but said directly:

"Yes, the previous training still cannot be thrown away. After all, this physical exercise can only improve your physical fitness, but those traditional training can not only increase these, but also increase the feelings between our comrades!"

"Hey, is this the right thing? To be a soldier is to order and ban. The military order is like a mountain. If you don't even do these training, then you will be a soldier!"

Hearing what Qin Yuan said at this time, Liu Xiaoshan was also a little excited, and then directly said to these people:

"Go, let's go for training!"

"Let's go, after finishing these trainings, come to practice physical exercises!"

Qin Yuan also greeted for a while, Jiang Xiaoyu and the others were crying and began to train!

But once the training was started, Liu Xiaoshan and Deng Jiuguang were even more surprised by Qin Yuan. They originally thought that after Qin Yuan had exercise skills, they would not conduct other regular training, but this When he moved, Qin Yuan was able to do his best no matter what the training was!

But Qin Yuan smiled, he knew that for Liu Xiaoshan Deng Jiuguang. He is considered a new generation of soldiers, so Liu Xiaoshan and Deng Jiuguang still have some doubts about them.

So Qin Yuan will now let them see if he is the king of soldiers worthy of the name!

These projects are very simple for Qin Yuan. After all, he has won the title of Special Forces Training Master. He can easily complete all the projects that special forces can do, and even break the sea training easily. Camp records for many years!

"I'll go, this is simply awesome, these records are much better than Xiang Yu!"

"You can pull it down, I don't want to listen to this at all right now, just how awesome is Brother Yuan, how can Xiang Yu match?"

When they heard Zhang Chong's answer, these people also nodded. To be honest, Xiang Yu is indeed far behind Qin Yuan, and Qin Yuan shook his head slightly when he heard these words.

The training of this Marine Corps is still worse than that of Spike. A war ***** Xiangyu can break many records in the sea training camp continuously. Such things rarely happen in Spike!

Of course, this is also because of the record of Langya, which has basically reached the limit of human beings, because all the records are for this guy Qin Yuan!

But seeing that Qin Yuan is so powerful, Liu Xiaoshan and Deng Jiuguang gritted their teeth and started to fight with Qin Yuan, especially Deng Jiuguang. He lost to Qin Yuan in marksmanship and combat before, but if he is here In this kind of traditional training, they are not as good as Qin Yuan, so they lose face at all!

So I practiced, Jiang Xiaoyu, Zhang Chong and Lu Yan have all fallen out of the team, only Qin Yuan, Liu Xiaoshan and Deng Jiuguang are left, and they are training together!

But seeing such a situation, Qin Yuan was a little bit dumbfounded. Because of his physical strength, Liu Xiaoshan and Deng Jiuguang couldn't match it, so he directly said to Liu Xiaoshan and Deng Jiuguang:

"Otherwise, let's stop, as I told you before, this kind of training has no effect on me. If we continue to compare, there is nothing to compare!"

But Liu Xiaoshan and Deng Jiuguang said in unison:

"No, this is not just to compete with you, but also to find an opportunity to force the two of us. Although the two of us have been fighting before, but the improvement over the years has been very little. Now we finally have a strong enemy like you. To exist, we must take advantage of this opportunity to force us well, so that we can become stronger!"

Hearing such words, Qin Yuan was immediately in awe. The two veterans were indeed very powerful. With such a will, they could basically accomplish whatever they were doing.

And Qin Yuan knows that it is precisely because of this strong will that this generation of Yanren will become so strong!

Hearing what Liu Xiaoshan and Deng Jiuguang said, the three Jiang Xiaoyu who had been left behind were also shocked. They gritted their teeth and continued to follow!

Seeing such a situation, Qin Yuan also smiled at and stopped stopping.

After all, the awakening of the three people in the original work was due to the death of Liu Xiaoshan, but now Liu Xiaoyu has been rescued by Qin Yuan, so even if the three Jiang Xiaoyu received the impact, they would not be as big as before, it must be impossible. As trained as in the original.

But now that Liu Xiaoshan and Deng Jiuguang are taking the lead, the three of them also have a further mental impact. Coupled with Qin Yuan's bodybuilding skills, they will definitely become stronger than before!

But at this moment, Liu Xiaoshan suddenly snorted, staggered under his feet, and almost fell to the ground, and Deng Jiuguang also covered his chest, his face turned pale!

When seeing this situation, Jiang Xiaoyu and others suddenly screamed:

"No, it must be my master and their previous injuries!"

And Qin Yuan was also taken aback, and then walked directly over, but at this moment, he suddenly heard a voice in his mind:

"Ding Dong, the system will release a task to treat the injuries of Liu Xiaoshan and Deng Jiuguang, and reward a grid!"

When he heard this voice, Qin Yuan's eyes suddenly lit up. Isn't this a task for him? Unexpectedly, the system will release a task!

So Qin Yuan said directly to Liu Xiaoshan and Deng Jiuguang:

"You have injuries in your body, why didn't you tell me earlier? Walk around, let's go to the lounge, I will show you a good look!"

Chapter 544: Healing Willow Hill

"Forget it, these are all my old injuries that we left in the Mars training competition. There is no way to treat them. I have seen them in the hospital many times."

At this time, Liu Xiaoshan was sweating on his forehead and said to Qin Yuan, to be honest, his body was just right, and he seemed to be unable to hold on after receiving such severe training at first.

But when he heard this, Qin Yuan smiled and said directly to Liu Xiaoshan:

"Okay, don't forget, who saved your life, go to the bed honestly, and I will give you a good check."

But when he heard this, Liu Xiaoshan said to Qin Yuan with a bewildered look:

"But didn't I have some simple skin injuries before? Your surgical technique is indeed very powerful, but this kind of old and old injuries, Western medicine surgery can't help it?"

And Deng Jiuguang also nodded directly, obviously he thinks so too.

Although Liu Xiaoshan was seriously injured at the time, if he rushed to the hospital for treatment, there would not be much damage, but they were still at sea at that time, there was no way to quickly send Liu Xiaoshan to the hospital, so Can only be handed over to Qin Yuan for treatment.

Besides, Qin Yuan stayed in the cabin during the treatment. They didn't know what Qin Yuan used, and Liu Xiaoshan had fainted a long time ago, and they didn't know what Qin Yuan did.

Qin Yuan was speechless when he heard the words. He did not expect that he was afraid of exposing his medical skills and did not completely cure Liu Xiaoshan. Instead, he let these people underestimate his medical skills!

"Okay, you two shouldn't be procrastinated. Go to the house and take off your clothes. I'll give you a good treatment. Haven't you heard that medical and martial arts are not separated, if I really rely on How can the surgical technique create the ability like physical exercise?"

After hearing such words, Liu Xiaoshan Deng Jiuguang's eyes suddenly brightened, as if Qin Yuan said something reasonable!

You must know that some of the masters in ancient times were all masters of medicine, or else they would have trained themselves to death when they were practicing martial arts!

"You... can you really heal me?"

Liu Xiaoshan asked in disbelief, but Qin Yuan smiled indifferently:

"Don't say it's just this leg injury, even if you go to the ghost gate again, I can save it!"

Hearing this, Liu Xiaoshan still frowned, but he honestly followed Qin Yuan's advice, went into the dormitory together, took off his clothes, and lay on the bed!

Although he doesn't think Qin Yuan can really heal his leg injury, there is always no loss if you try it.

And if Qin Yuan can really cure him, then...

At this time, Qin Yuan saw Liu Xiaoshan's nervous look, but he shook his head, took out a box of silver needles from one side, and then suddenly pierced Liu Xiaoshan's leg!

And Qin Yuan also entered a mysterious and mysterious state, eight needles against the sky! Start again!

After Qin Yuan obtained the fourth stitch of eight needles against the sky before, it seems that the previous four stitches have been strengthened to a certain extent. Now Qin Yuan, even in the eyes of others, carries a kind of powerful tolerance! Every move seems to have a trace of air current!

As soon as the silver needle pierced Liu Xiaoshan's body, Liu Xiaoshan suddenly snorted. He felt a warm air current on his leg, directly on his leg, it was like a scorching heat. Hot springs are constantly washing the muscles of the legs!

But slowly, the temperature of this hot spring is constantly strengthening, and finally Liu Xiaoshan is sweating all over!

But Liu Xiaoshan did feel extremely comfortable, and the whole person was almost screaming out in a relaxed manner. He could feel that his leg injury was being repaired quickly!

Seeing the appearance of Liu Xiaoshan, Deng Jiuguang also looked incredible! A gleam of hope couldn't stop appearing in his eyes!

It's been eight years, they have been sick for eight years!

Since eight years ago, after being injured in the Mars training competition, both Liu Xiaoshan and Deng Jiuguang knew that they had been completely abolished. That's why they felt sorry for each other and came to this sea training field together. The two are not only opponents, It's even more warm together!

After all, with these injuries on their bodies, it is impossible to perform some important tasks. Therefore, the people in the beast camp, even if they know how powerful they are, they can only let them stay here quietly. Bother them.

From the peak of their time, they suddenly fell to the bottom!

According to the advice given to them by their superiors, they should be allowed to retire professionally, but they didn't want to leave the barracks, so they stayed here!

But fortunately, they have never given up. Although it has been eight years, they insist on training every day without any self-defeating or giving up!

But now that Qin Yuan appeared, it gave them a glimmer of hope, and it also made Liu Xiaoshan and Deng Jiuguang's hearts alive!

And they are now at the age of 30, which is the peak of the mixture of body and experience in life!

In other words, if Qin Yuan can really heal their injuries, then they can return to the battlefield! !

"It's been 8 years, we have waited for 8 years, but it was really cured!"

At this time, Deng Jiuguang murmured, and Liu Xiaoshan directly clenched his fists!

Seeing this situation, Qin Yuan also smiled slightly, then his fingers trembled, and suddenly all the silver needles were pulled out!

And Liu Xiaoshan also yelled and stood up!

Seeing the current situation, Deng Jiuguang quickly said nervously:

"Shanzi, how are you, do your legs still hurt?"

At this time, Liu Xiaoshan didn't answer, instead he kicked a high whip kick inside the house!

Then, Liu Xiaoshan performed all the difficult movements, and Deng Jiuguang's eyes became brighter and brighter when he looked at Liu Xiaoshan!

"It doesn't hurt anymore, it doesn't hurt, it really doesn't hurt at all!"

Liu Xiaoshan said with excitement, and Deng Jiuguang couldn't help but tears in his eyes!

When Qin Yuan saw this, he smiled slightly and wiped the sweat on his head. Not only did he use the first stitch of the eight needles against the sky just now, he also used all the next three stitches. .

In this way, not only did Liu Xiaoshan's legs healed, but even Liu Xiaoshan's body was repaired from the inside out!

And Qin Yuan felt the fatigue of his body, but he was actually a little bit happy. Sure enough, for so long, he has become stronger. When he first got the eight needles against the sky, he just released the first needle, and he was already exhausted, but now the four needles are used together, it is only the same as the previous first needle. The consumption is almost the same!

So when the iron was struck while it was hot, Qin Yuan directly smiled at Deng Jiuguang:

"I want you to stop being happy, and take off your clothes quickly!"

Chapter 545: 2 dumbfounded

Soon, Qin Yuan completed the treatment for Deng Jiuguang.

After and healed their injuries, Deng Jiuguang and Liu Xiaoshan were extremely grateful to Qin Yuan. After all, Qin Yuan completely changed their military career!

"Qin Yuan, I...I really don't know how to thank you!"

"Yes, you are our great benefactor!"

At this time, both of them thanked Qin Yuan unceasingly, but Qin Yuan smiled and said directly:

"Okay, everyone is a comrade-in-arms. This is what I should do. I am grateful for something. Then I am a little bit tired. I am a little tired and want to rest. You can continue to train if you can train one day earlier. It's good to have a usable special forces team."

When they heard this, the eyes of the two of them also lit up. This is a good idea!

For Liu Xiaoshan and Deng Jiuguang, although they are training Jiang Xiaoyu and others, there is still a big difference between them directly!

No matter what, they couldn't do it directly, but now Qin Yuan has healed their injuries, wouldn't they be able to directly participate in this Mars competition!

"Haha, I see! Okay, then you have a good rest, let's go training!"

"Yes, you take a break, I'll go get some seafood to make up for you!"

After hearing this, Qin Yuan was a little bit dumbfounded. He asked these people to train for the task, so he said angrily:

"Okay, you don't need to be so anxious, just don't hurt yourself again!"

But now the two of them are extremely excited, so are they likely to follow Qin Yuan's words?

And Qin Yuan also shook his head, planning to find a bed to rest first, but at this moment, Qin Yuan happened to hear the system prompt:

"Ding Dong, the host completes the task, heals the injuries of Liu Xiaoshan and Deng Jiuguang, and rewards a grid!"

When he heard this voice, Qin Yuan couldn't help but smile. This is another grid!

Now Qin Yuan has 11 squares, but he is unprecedentedly rich!

Before, Qin Yuan obtained rifle manufacturing and rifle design, and he knew a lot about firearms, and Qin Yuan had plans in his heart, and wanted to work ***** this military industry.

It's just the current situation of Qin Yuan. If he applies for military engineering, he will definitely not agree, so Qin Yuan can only temporarily slow down these matters.

He needs to find a way to prove his strength.

But these things were temporarily thrown aside by Qin Yuan, instead, he wanted to reclaim the various animals on the beach!

I came to the beach once, so naturally I wanted to see what animals there were around, and I could use some useful skills!

After all, Qin Yuan is now a rich man!

Do it as soon as he thinks of it, at this time Qin Yuan went directly to the sea alone.

After all, Qin Yuan remembered it again. He had obtained a lot of good abilities from the tortoise before, and now he took the opportunity to get these abilities directly!

So Qin Yuan walked directly to the beach and didn't say hello to other people. He slammed into the sea!

But seeing Qin Yuan jump into the sea, Lu Yan, who was training on the side, said to Jiang Xiaoyu:

"Jiang Xiaoyu, look!"

But Jiang Xiaoyu saw this situation, but looked at Lu Yan a little playfully, and said directly:

"Lu Yan, are you still dissatisfied? Can we not compete? My brother Yuan is better than us no matter what?"

At this time Lu Yan heard this, his face flushed, but he still said with his neck:

"That... can that be the same? We can't compare to other places, but swimming and diving, we are both professional, which are our strengths. If you don't compare with Qin Yuan in this respect, can you feel at ease? "

This is the true thought in Lu Yan's heart. After all, he is a candidate for the Olympics. If he takes turns to swim, he really hasn't been afraid of anyone!

But Jiang Xiaoyu's mouth twitched and shook his head:

"You, don't worry about this. At most, you will eat lotus pom and not take the core, so you can eat yourself!"

Lu Yan heard this, and then he faced Jiang Xiaoyu softly. After all, he challenged Qin Yuan alone, did he seem a bit too stupid, so he wanted to take Jiang Xiaoyu to be with him.

But Jiang Xiaoyu is not like Lu Yan. He doesn't have any special thoughts about becoming the number one. He won't do something that is not good. What's more, he is now convinced of Qin Yuan. Wouldn't be boring at all.

No way, Lu Yan knew that Jiang Xiaoyu loves money, so he launched a money offensive directly. This was the only way to get Jiang Xiaoyu to agree and challenge Qin Yuan with him.

But they just planned to tell Qin Yuan this anger, but Lu Yan glanced at the water surface with a little puzzlement and asked Jiang Xiaoyu:

"How long have we been talking?"

"Um? What's wrong?"

Jiang Xiaoyu was also a little confused, I don't know what Lu Yan meant by saying this.

But in Lu Yan's eyes, there was a hint of panic:

"Since we saw Qin Yuan go down, but it has been almost ten minutes, why haven't we seen him come up for breathing?"

Hearing this, Jiang Xiaoyu was also taken aback The eyes were also surprised:

"No, he came up, did we see it?"

"How is it possible, we are here, if he comes up, it is impossible not to see it, just now I saw that he was cured by the master, the body is already very tired, will something happen!"

"Get into the water and save people!"

Jiang Xiaoyu also reacted at this time. The two of them took off their shoes and wanted to jump directly into the water!

But before the two had time to rush over, they saw Qin Yuan holding a cage of seafood coming out of the water!

And Qin Yuan looked at the two men taking off only their underwear, and asked a little puzzled:

"Are you going to swim training?"

"Uh...huh? It's... isn't it?"

At this time, Lu Yan squatted and said to Qin Yuan, and Jiang Xiaoyu looked at the various fish in the net bag in Qin Yuan's hand, and even a few large turtles, his head was like a rattle. !

Grandma's! This is too awesome!

It is the first time they have seen someone who can dive and hold their breath for such a long time, and can directly catch such a big fish!

You must know that diving itself is a very oxygen-consuming activity, so professional diving personnel will avoid strenuous activities.

But Nima not only dived for more than ten minutes, but also caught so much seafood, and Nima brought it back in a cage. This is simply outrageous!

Chapter 546: Shen Ge arrives

At this moment, seeing the appearance of these two people, Qin Yuan also shook his head, then took his own things and left:

"Okay, pay attention when training, wait for a seafood dinner!"

After hearing this, Jiang Xiaoyu touched Lu Yan with his arm, and said with a smile:

"How about, are you still going to challenge?"

"This is still a challenge! Is this guy a human?"

At this time, Lu Yan no longer dared to say to challenge Qin Yuan, nothing else, just such a vital capacity, it would directly crush him!

This guy is just like Superman!

Looking at Qin Yuan's back, Lu Yan was completely convinced this time.

At this time, Qin Yuan heard that in the system, his reputation has increased a bit.

However, Qin Yuan is not too surprised. After all, Ivia's things have continued to ferment before, so his reputation will increase from time to time. Qin Yuan has become accustomed to it, and now the most important thing is to deal with these ingredients. !

Thinking of this, Qin Yuan's eyes were also shining. He didn't start well in the water just now, so Qin Yuan directly grabbed a lot of seafood first, and now just took advantage of this opportunity to directly recycle it into the grid!

First this big turtle!

At this time, Qin Yuan directly recovered these turtles into the grid.

"Ding Dong~ System recovery is successful, please start to choose the host!"

With the prompt tone of the system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class lifespan enhancement!"

"2, get a world-class turtle breath technique!"

"3, get a universe-level turtle shell defense! (cannot be selected

Looking at these three options, Qin Yuan smiled, and then directly selected the remaining two options!

"Ding Dong, the host has successfully chosen to gain a cosmic lifespan enhancement!"

"Ding Dong, the host chooses successfully, and obtains the cosmic turtle breath technique!"

"Ding Dong, gain a cosmic-level lifespan enhancement, greatly increasing the host's life ability, the stronger the physique, the longer the host's lifespan will be, and the host's lifespan will be 1,000 years!"

A thousand years!

Seeing this number at this time, Qin Yuan almost jumped up!

Although Qin Yuan is still relatively young now, he can live a thousand more years in this one, and Qin Yuan is also extremely shocked!

Nima!

How many dynasties have been enough to span this millennium?

And this is not the limit. If Qin Yuan's physique continues to strengthen, his life span can even continue to increase!

"It seems that I am going to become a monster?"

Qin Yuan muttered, but the smile at the corner of his mouth could not be hidden!

And this cosmic level tortoise breath technique was directly transferred to Qin Yuan's mind!

Sure enough, this kind of ability, Qin Yuan has heard of, is a meditative ability.

Just feeling the difference, Qin Yuan was a little surprised:

"Ding Dong, the cosmic turtle breath technique, as long as the host stays still and enters a static state, it will enter the turtle breath meditation, which greatly improves its physical recovery."

Seeing this explanation at this time, Qin Yuan was shocked!

Because this ability just doesn't say under what conditions!

Doesn't this mean that Qin Yuan can still restore his physical strength even in the water, or under some high temperature and pressure conditions?

And Qin Yuan still remembered that he had seen the ability to breathe in water on a small fish. If this ability was obtained, wouldn't it be possible to have unlimited oxygen, unlimited physical strength, and be able to live in the water in the future?

Thinking of this, Qin Yuan directly recovered a few small fish!

"Ding Dong~ System recovery is successful, please start to choose the host!"

With the prompt tone of the system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class resistance scales!"

"2, get cosmic diving ability! (cannot be selected

"3, get world-class water breathing!"

Sure enough, I remember correctly, this little fish can acquire this water breathing ability!

Seeing this, Qin Yuan was excited again and directly chose the third item!

"Ding Dong, the host chooses successfully and gets world-class water breathing!"

"World-class aquatic breathing allows the host to breathe like a fish, providing 20% oxygen in the water!"

After seeing this explanation, Qin Yuan was immediately satisfied. After all, the oxygen content in the air is only 21%. This 20% is already a lot!

What's more, you can continue to upgrade!

Then Qin Yuan directly raised this ability to the universe level!

And cosmic level water breathing, the oxygen supply has reached 100%!

Seeing this, Qin Yuan couldn't stop being happy. If he was in the water, he could even breathe pure oxygen, wouldn't it be happier than on land?

Thinking of this, Qin Yuan couldn't help but want to try it!

As for the remaining grids, Qin Yuan plans to go to the library in the city. After all, he has made plans. If he wants to be a military industry, he has to tilt his resources in this regard.

But it's not the time yet, after all, it's almost time for dinner, nothing is important to eat!

I caught a lot of seafood today, so naturally I want to make a seafood feast!

Qin Yuan moved quickly!

As for the chef who possessed cosmic cooking skills, there was an aroma in the kitchen. This aroma was so strong that even the few trained people were a bit untenable!

"I'm going to this is too fragrant!"

"Hurry up, come and take a look!"

"Oh, my saliva is coming out!"

At this time, Jiang Xiaoyu and a few people rushed over, even Deng Jiuguang and Liu Xiaoshan had their eyes bright.

"Okay, you go and clean up, it will be done soon!"

Qin Yuan said to several people, and these people were also excited.

But at this moment, a jeep drove directly over, and then a woman walked out of the car. This woman smelled the alluring fragrance, and her eyes lit up:

"smell good!"

Seeing this woman at this time, Qin Yuan also smiled and said directly to her:

"Staff Shen, why are you here?"

This person is Shen Ge, but to be honest, Qin Yuan is always a little worried when facing this woman, after all, this woman can really cause trouble.

But since experiencing the last time, it is obvious that this woman has also learned a lesson, so she said directly to Qin Yuan with a solemn expression:

"I knew that Liu Xiaoshan was back, and I specifically apologized to him. Of course, it was also to thank you!"

"Thank me?"

Qin Yuan smiled and shook his head, but seeing Qin Yuan's appearance, Shen Ge was depressed, why is this tone of voice, isn't he so annoying?

Chapter 547: Sudden task

But Qin Yuan didn't have much to say. Apart from being self-willed, this woman didn't seem to have anything particularly annoying, but Qin Yuan was a bit preconceived, and really didn't have much favor.

"Alright, eat with us!"

At this time, Qin Yuan said directly to Shen Ge, and when he heard this, Shen Ge's eyes lit up, and he found a bench very familiar to do it, and then began to eat.

And when the chopsticks, Chen Ge's eyes suddenly brightened, these dishes made by Qin Yuan are so delicious!

"Oh my God, I only now know that your sea training camp actually eats such delicious food, I want to move here directly!"

"Hey, these are all made by Brother Yuan, I tell you, Brother Yuan is a good man not only with high skill, but also with the same high skill!"

At this time, Jiang Xiaoyu also smiled and said, and when he liked to hear this, he knocked on the plate and said to Jiang Xiaoyu:

"Okay, okay, hurry up and eat your meal!"

Seeing such a situation, Shen Ge didn't say much, but gave Qin Yuan a weird look.

Before eating, Chen Ge also apologized directly to Liu Xiaoshan.

Shen Ge has already accepted the punishment for this incident, so Liu Xiaoshan also let it go directly. After all, he is not a person with a small belly.

After , the group of people happily ate their meals.

Soldiers seldom chat when eating, but Shen Ge eats, but can't eat anymore. She feels that she's too full to eat, no more!

But these men in front of them are still stuffing these foods into their mouths, their mouths are like a bottomless pit!

Seeing such a situation, Liu Xiaoshan on one side also directly said to Shen Ge:

"Counselor Shen, if you are bored here, you can go around our training ground first. We need to continue to eat for a while."

And these few people are also unceasingly nodding. After all, their training volume is not generally large. Not only do they need to receive ordinary training, but they also need to be tortured by physical exercises. They get a lot of results and naturally consume energy. There are also a lot, so every time I eat for a long time.

Hearing this, Shen Ge also nodded. She did eat a lot today, and she also needs some training to maintain her figure.

And if you go around here, you can also see what they need to buy in the sea training camp, and maybe take this opportunity to give some compensation.

"Well, you guys eat first, I'll go around and see what I can do."

Shen Ge glanced at Qin Yuan, and after saying this, he walked out directly, but Liu Xiaoshan laughed when he heard it, and then when Chen Ge had gone away, he said to Qin Yuan:

"Qin Yuan, this Staff Officer Shen is indeed a good girl."

Upon hearing this, these men suddenly became interested, and laughed happily, Jiang Xiaoyu also took a bite of rice and said to Qin Yuan:

"That's right, Brother Yuan, this Counselor Shen, I heard that the conditions at home are very good, if you really stay with her, you won't have to worry about anything in the future!"

"Haha, as the saying goes, men chase women, the mountains are separated, the women chase the men, the scrim, Qin Yuan, you have to seize this opportunity."

While Zhang Chong heard this, he took a bite of the fish and said:

"All of you are analyzing what, why didn't I see that she was interesting to our brother Yuan?"

"You don't believe me if you say you are a idiot. Just look at the look in your eyes. People like you should be a bachelor honestly. If you look at other girls, I will get angry with that girl! "

Upon hearing this, everyone laughed suddenly, but Qin Yuan said in an angry tone:

"It's okay, you guys are analysing everything, I only met with her a few times, you just messed up the mandarin duck book, let alone, do you know that I am single?"

And when they heard this, these people stopped talking, but Jiang Xiaoyu on one side asked Liu Xiaoshan:

"Master, since we have become like this now, when can we return to the beast camp?"

In any case, the sea training camp is also a **** place. The conditions are still a lot worse than that of the beast camp. What's more, the bodies of Liu Xiaoshan and Deng Jiuguang have recovered. According to common sense, they have been able to Back to the animal camp to continue training and perform tasks.

But after hearing this, Liu Xiaoshan said directly:

"How to drop? I want us to go, let me tell you, I have already discussed with Lao Deng, if you don't train these little ones, we will not go."

"why?"

At this time, Jiang Xiaoyu said with all doubts, to be honest, although Qin Yuan is here, they have already learned Qin Yuan's physical exercises. They should go to better places to train. Isn't it better?

"Stupid, it must be because of you guys. If Lao Liu and Lao Deng leave, can you guys continue to train honestly? I guess I will wait until the higher level revokes your punishment, and everyone will return to the animal camp. , Isn't it better?"

And as soon as I heard this, Jiang Xiaoyu and Lu Yan Zhang Chong were both extremely moved. It turns out that their masters actually meant this.

"Have you heard? From now on, you have to train well, strive to do your work earlier, and then return to the animal camp together."

"I know Brother Yuan!"

"Yes, Brother Yuan!"

"Don't worry, Brother Yuan!"

At this time, the three of them all agreed, and Lu Yan also screamed directly. He was now convinced of Qin Yuan.

Hearing this, Qin Yuan also smiled slightly, but he directly asked:

"Oh right, do we have any military library here?"

"Oh, do you want to borrow a book? But our library here may be a bit far away. If you want to go, you'd better borrow a car. This staff member Shen just happened to be here by car. You can ask him to take you with you later. go with."

At this time, Deng Jiuguang said directly to Qin Yuan, and when he heard this, Qin Yuan also nodded directly.

But at this time, a voice suddenly rang in Qin Yuan's mind:

"Ding Dong, the system releases a task to save the pigeon and reward a grid."

"Ding Dong, the system will issue a task, kill Thomas, and reward a grid."

At this time, when he heard such a voice, Qin Yuan's eyes suddenly went wide, and his heart was startled. What is going on, why is he still releasing this mission now? Hasn't Shen Ge already met Thomas before?

Chapter 548: Thomas' conspiracy

But Qin Yuan also knew that this is not the time to struggle with this, so he directly addressed Liu Xiaoshan and Deng Jiuguang on one side:

"Contact Staff Shen, I feel a little flustered, is there something wrong with her?"

"what?"

At this time, the two people were shocked, and they went to contact Shen Ge quickly, but when they called Shen Ge's cell phone, they got the news that the phone was turned off!

All of their hearts were shocked. Knowing that something might be wrong, they immediately gave an order:

"Hurry up, let's go out together, look for it carefully, where did she disappear!"

After everyone immediately divided into several teams and rushed out directly, and Qin Yuan also turned on his thermal imaging capabilities and radar capabilities, and instantly spread across the entire beach to find the trail of sinking pigeons!

But Qin Yuan didn't find it at this time. He just found the footprints of Shen Ge on the beach!

"Go to the sea? No, it was taken away!"

Qin Yuan immediately thought of Thomas before, and his heart suddenly became tight, and then he directly opened up his olfactory ability, and he was in the air, smelling a smell of a pigeon!

And in this smell, there is this smell of pirates, it is Thomas!

Obviously, Thomas has taken Shen Ge away!

Qin Yuan was shocked at this time, and immediately wanted to go directly into the water to chase people!

But before leaving, Qin Yuan first told other people the news!

And Qin Yuan hasn't moved yet, he just heard Deng Jiuguang on the walkie-talkie say:

"There is a speedboat in the warehouse, everyone is driving the speedboat and looking for it separately!"

After hearing this, Qin Yuan also moved in his heart, and then quickly went to the warehouse, directly lifted a speedboat, and then quickly brought it to the beach.

This speedboat is a few hundred catties, but I like to be impatient, and directly lift the speedboat up, just like lifting a plastic toy.

When he reached the sea, Qin Yuan flipped directly onto the speedboat and started the speedboat, but I was surprised to find that he didn't seem to be able to drive!

"Grandma, do you still have skills in speedboats?"

Qin Yuan cursed, but there was no alternative, he received the speedboat directly into the grid!

"Ding Dong~ The system recovery is successful, please start to choose the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class speedboat driving skills!"

"2, get world-class speedboat repairs!"

"3, get world-class speedboat manufacturing!"

Seeing these three options, Qin Yuan didn't have any doubts and chose the first one directly!

"System, I choose item 1!"

"Ding Dong, the host chooses successfully, and obtains world-class speedboat driving skills!"

With the sound, a piece of knowledge appeared directly in Qin Yuan's mind. The buttons and switches in front of him were like a spiritual meeting, and he became a top-level crew in a speedboat!

Seeing this, Qin Yuan snorted, and then drove the speedboat towards one direction!

But now on the other side, on a small island, Thomas looked at the pigeon in front of him with a sneer.

"Hehe, madam, we meet again!"

Thomas looked at Shen Ge with a dark smile, but Shen Ge spit out, full of anger!

She really didn't expect that this pirate would be so bold that he would rush to the shore and arrest her directly!

Thomas looked at Shen Ge, but he was intoxicated and sniffed, and said directly:

"Hehe, the last time you came to my site, you not only destroyed one of my fishing boats, but also killed several of my brothers. I want to repay such a great kindness!"

And at the end, Thomas' tone became extremely vicious. Although he is more famous, he does not have many people. He has only 30 people under his confidant.

But on the island before, several of them were killed by these navies, which naturally made him angry!

That's why he seized the opportunity and dived directly into the shore. Originally, he wanted to catch a few people and get revenge, but he didn't expect that his luck would be so good, and he actually caught Shen Ge again!

And seeing Thomas' extremely greedy eyes, Chen Ge was indeed a little panicked. She didn't know what the ***** was going to do, but she knew that she was in danger.

After all, the previous time, Jiang Xiaoyu came out with her, but this time it was looted by Thomas, and no one knew she had an accident.

While the people like Qin Yuan are eating, although they don't know when they discovered their disappearance, it must be too late.

While feeling the panic of Shen Ge, Thomas chuckled and said directly to Shen Ge:

"Little beauty, I won't do anything to you, on the contrary, I will treat you well. After saying this, Thomas gave another order, and these people took Shen Ge directly to a small island!

While looking at this small island, Shen Ge is full of strangers. I don't know how far this small island is from the sea training camp. I am afraid that Qin Yuan and others have found their confidence, and it is even smaller!

"Hehe, beauty, welcome to my base camp Paradise Island!"

At this time, Shen Ge looked at this small island with a look of surprise. She thought that Thomas's nest would be in a poor mountain and bad water, but she discovered that the environment here is not bad, and There are many more buildings!

And there are many people on the island, people of all skin colors!

This sinking pigeon was completely shocked, and asked Thomas:

"What the **** are you going to do?!"

"What do you do, hehe, of course I use you as a bait to teach those Yan Nation navies a lesson!"

Thomas sneered and said directly to his hands:

"Take it with you!"

After , Shen Ge can only be taken away.

And seeing the appearance of Shen Ge, Thomas picked up a mobile phone and said directly to the other end of the phone:

"Mr. Kudo, you see, I have already started doing what you asked me to do! And what I want, are you sure you can prepare it?"

And with this voice, there was a direct answer:

"Thomas, you are too impatient, things have just begun, isn't it just cracking a black box? With the ability of our Fusang Club, this is very simple! As long as you can kill the soldier named Qin Yuan, what you want, There will be!"

When he heard this, Thomas also remembered the ghost that was underwater when he escaped on the oceangoing ship. If his men hadn't entangled that guy, he might have died too!

Chapter 549: Thomas

But this time these people found themselves and said they were going to kill a soldier. Thomas recognized it at the time. This was the soldier he saw underwater at the time!

Thomas instinctively wanted to refuse, but unfortunately, these people put forward a condition that Thomas could not refuse, that is, these people would help them crack the black box of the 303 submarine!

You must know that Thomas has heard the legend of this 303 submarine a long time ago, and he also has half of the black box in his hand, but it is a pity that he is not strong enough to crack it.

It is said that among the 303 submarines, there are a lot of gold antiques that were taken away from Yan Nation when they invaded Yan Nation.

There is another saying that there is a powerful weapon in this submarine, which every country wants.

But no matter what kind of statement it is, it is enough to prove that as long as the submarine can be found, it is estimated that there is no need to worry in this life!

So Thomas said directly to the phone:

"Mr. Kudo, this time I donated all my lair to you as bait, you must not forget my benefits!"

"Hehe, absolutely not, Mr. Thomas, our organization is not short of money at all. What we want is that person's life and the technology in the 303 submarine. We will give you a satisfactory price."

Hearing this, Thomas also showed a satisfied smile. The people from Fusang Club still knew that these people are powerful and should keep their promises.

Thinking of this, Thomas said to the phone:

"Well, we'll make a decision."

After Thomas hung up the phone, looking at Shen Ge in front of him, there was a trace of greed in Thomas' eyes:

"Wait, wait for that kid to send someone to rescue you! Hahahaha!"

There was also a hint of fear in Shen Ge's eyes. She knew that when Thomas said these things, he didn't avoid her at all. This was enough to prove that he didn't want to let him go!

Qin Yuan, you must never come!

Shen Ge kept praying in his heart, but was quickly blindfolded and forcibly taken away!

"Bring this woman a bomb collar, I want to see if that person has the guts to save this woman!"

At this time, Qin Yuan had just driven the speedboat to the vicinity of the island.

Looking at this island at this time, Qin Yuan couldn't stop showing a sneer.

Although it seems that there are no people on this island, Qin Yuan knows that at least a hundred people are ambushing on this island!

Qin Yuan just wanted to sneak in, and suddenly heard a voice from the system:

"Ding Dong, the system releases a task, clears the pirates on the paradise island, and rewards a grid!"

"Ding Dong, crack the black box of the 303 submarine, and reward a grid."

When Qin Yuan heard these words, Qin Yuan's eyes suddenly lit up. Didn't expect this to be Paradise Island?

Qin Yuan remembered that this was Thomas's lair, and there were densely packed structures inside. Now this guy opened the island loudly, obviously he wanted to go up!

But he did not expect that Qin Yuan possesses a thermal imaging system. No matter how well these people hide, in Qin Yuan's eyes, they are still as conspicuous as fireflies in the dark!

But Qin Yuan was here, but he did not see Shen Ge, so Qin Yuan did not act rashly for the time being, but slowly lurked down, waiting for the night to come!

When it comes to the dark sky, that is to Qin Yuan's home court, and then silently rush in, then Shen Ge can be rescued safely.

At the base of the beast camp, Wuhan Iron and Steel and Long Baichuan were also anxious like ants on a hot pot.

They have all searched the coast, and still haven't found any trace of the sinking pigeon!

"What the **** is going on? This wonderful person can't be missing, right?"

At this time, WISCO frowned and said to Long Baichuan on one side, and Long Baichuan was also silent.

Shen Ge's identity is a military district staff officer, a civilian, but his status is not low. If this is really missing, they will not be able to explain to their superiors!

"It will never be the same as last time, she went to the high seas alone, right?"

WISCO suddenly thought of something and said directly to Long Baichuan.

"Impossible, if this is the case, at least we have fewer ships, but I have searched it all. No matter it is ours or the people's ships, there are none. According to satellite comparison, there was an unmarked ship before. I went straight to the shore and left quickly. If I guessed correctly, she should be on this ship!"

"Isn't this a nonsense? How can she get on this kind of ship casually?"

Wugang heard this, his heart was immediately anxious, but Long Baichuan shook his head and said:

"I'm afraid she didn't go up by herself, but was taken away. In addition to the black fishing boats of fishermen, these boats are more pirates! I have a guess that she has been taken away by pirates!"

"what!"

WISCO screamed, if Shen Ge is really caught by the pirates and they still can't get it back, then no matter what the reason is, it's the serious negligence of their navy!

When the time comes, they will really lose face at all!

"It's too mad! This time, no matter who the attacker is, we must completely uproot the other party!"

WISCO yelled aloud Long Baichuan also had a gloomy expression and said directly:

"We do need to clean up these people, but the current focus is to find people first!"

At this moment, the staff officer on one side walked over and said to the two of them:

"Report, we just received a mysterious call, saying it was for you!"

"Yep?"

Wugang and Long Baichuan looked at each other as if, and then became more solemn in an instant, and then said to the technician on one side:

"Track the location of this phone!"

After , Long Baichuan carefully connected the call!

"Hello, my navy, the beauty you want is in my hands. If you want her to survive, then you can exchange the other half of the 303 black box in your hands. Otherwise, you can only See such a beautiful beauty, the scene of Xiang Xiaoyu's death, oh right, don't make a big mess, I just want money!"

At this time, an extremely frivolous voice came from the phone, and when he heard this voice, Long Baichuan's face suddenly changed:

"Thomas, do you know that you are provoking the dignity of our Yan Guo navy?"

"Hahaha, don't scare me, there is something wrong with this beauty, you can't get rid of the relationship."

Thomas, who was on the opposite side, didn't seem to be afraid at all, and said playfully.

Chapter 550: Enter Paradise Island

"I also retired from the frogman unit of country c. So, I know exactly what your army is like."
Thomas continued:

"I advise you to hand over the black box honestly. Oh, yes, you have a person named Qin Yuan, right? Let this guy send the black box to this coordinate. Don't use tricks. Otherwise, I can It's not annoying!"

Then, the phone hangs up directly!

"Damn bastard! He dared to threaten us like this, does he want to die?"

At this time, Wuhan Iron and Steel screamed, and he was about to rush out to organize the team. He must kill this arrogant bastard!

"Stop, don't act rashly, Shen Ge is still in his hands, we act rashly, what should Shen Ge's safety do! If you really rush over, then you are really fooled by this guy!"

Long Baichuan said blankly.

"This! Well, you are right!"

Wugang heard this, and suddenly calmed down, then looked at Long Baichuan and said:

"Then what should we do now?"

"Technical team, where is the location of this phone, have you found it?"

Long Baichuan did not answer WISCO, but turned his head and asked the technical staff on the side.

"I found it, but it will take some time to determine the coordinates."

"it is good."

After hearing the news, Long Baichuan and WISCO were also a little excited, but after WISCO calmed down, they asked Long Baichuan:

"After knowing the coordinates, what should we do? Also, why did Thomas ask the soldier named Qin Yuan to send the materials? I remember he turned from Langya. Then he went to the sea training camp."

Wugang hadn't finished speaking, suddenly two people rushed in from outside, it was Liu Xiaoshan and Deng Jiuguang!

"Captain, we apply for a mission!"

Seeing these two people, WISCO's brows suddenly frowned and said to them:

"Making a fool of yourself, don't you know what's the physical condition of the two of you? Especially you, Lao Liu, was injured just now. It's been just a few days, and I want to go on a mission."

"Captain, our body is already healed, and we can't go if we don't. One of our sea training camps went to Staff Officer Shen, but also lost contact!"

At this time, Liu Xiaoshan said with an ugly face, he was talking about Qin Yuan. After Qin Yuan called him before, there was no news after that, and he could no longer be contacted!

"What? Who is so naive!"

Wugang heard this, it was almost mad, why the more anxious, the more chaos!

"It's Qin Yuan, he healed my leg injury and Shanzi! But don't worry, his safety should be guaranteed, but he can't be contacted, I hope to find it!"

Deng Jiuguang also said directly, although his rank is not high, but his prestige is not low, so when facing WISCO, he is not ashamed.

"Qin Yuan?"

Hearing this name, WISCO was taken aback. Why is this guy?

"Well, Wuhan Iron and Steel, we can't solve this matter, directly report it to the war zone!"

Long Baichuan's face is also a bit ugly, why Qin Yuan also got in!

You need to know that the command given to him by his superiors was to help Qin Yuan hide his name and stay honestly in the sea training camp for a period of time, but I didn't expect that just how long had passed before such a thing happened!

"It's not going to be reported to the military region? Old dragon?"

Wugang's complexion also changed. Although this matter was serious, did they report it directly to the military area without doing anything?

And Long Baichuan whispered directly to WISCO, and directly told the other party Qin Yuan's identity.

"What? He turned out to be... This is bad!"

Wugang's expression changed in an instant, and he quickly said to Long Baichuan:

"He is probably more important than Shen Ge, please contact the people above!"

But as soon as WISCO finished speaking, I heard a voice outside.

"No, we are already here, but you don't need to worry, if he does go, maybe this matter will be easier to solve!"

After , a group of people walked in directly, and who was the head of that person, not Fan Tianlei?

"Fan Tianlei, Chief of Staff of the Southeast Military Region, hello!"

At this time, Fan Tianlei stretched out his hand directly at WISCO, and seeing the golden flower on Fan Tianlei's shoulder, WISCO was shocked. Good deed, Major General!

"Hello, Chief of Staff Fan!"

Long Baichuan also shook hands with Fan Tianlei, and then directly told the story.

Hearing this, Fan Tianlei also nodded, and then said:

"In this case, let's do it directly. Since the other party has what we want, we won't take it easily to the hostages. We will take the black box to talk or fight, and wait until we meet!"

"But, not only is Staff Officer Shen over there, even Qin Yuan has lost the news now. I am worried..."

Wu Gang just knew Qin Yuan's identity, so naturally he was nervous about Qin Yuan's safety, but Fan Tianlei said:

"This is not necessary, we must be fast, otherwise, we can only help collect the corpse..."

"what?"

Wugang heard this and was completely stunned.

At this time, on Qin Yuan's side, he finally waited until it was dark. He looked at the small island in the distance and slowly went into the water.

In order to prevent being discovered by these people, Qin Yuan parked the speedboat far away But when he got into the water, Qin Yuan suddenly activated his high-speed swimming ability, like a beast in the water. , Skip it quickly!

On the edge of the island, a secret whistle was looking around with a telescope, but at this moment, a figure suddenly appeared from the water in front of him, grabbed his neck and dragged him directly. In the water!

This person is Qin Yuan.

"First!"

Qin Yuan sneered and murmured.

Then Qin Yuan directly used the fire control ability to dry the water on his body. This was the gun, and he slowly touched the island!

Qin Yuan looked around. He hasn't figured out the position of Shen Ge yet, so he can't reveal it.

Then Qin Yuan was like a big bird in the dark night, flying across the sky quickly!

Instant burst speed!

At this time, those secret whistles only felt that a black shadow flashed in front of them, and then their necks fell cold, and the strength of the whole body could not help disappearing, and finally they could only fall to the ground weakly!

And Qin Yuan advanced hundreds of meters, and killed five or six dark whistles, and finally saw the patrol in front, Qin Yuan's mouth showed a dark smile.

He will bring Shen Ge back in a while, so he must take advantage of this opportunity to get rid of the secret guard patrols around here as much as possible, otherwise, when he comes out in a while, Shen Ge's safety cannot be guaranteed.

What's more, he still has a mission to clean up the pirates!
