

Special Soldier 551

Chapter 551: Recycle Taito

At this time, the person in the patrol team in front was also chatting leisurely.

"Jack, what did you say we asked us to do? Our paradise island is so steep and surrounded by the sea. If someone finds out only by radar, it is better to go back and play a few more chicks. !"

At this time, a younger yellow-haired pirate said to the man named Jack on one side, but Jack replied in an angry voice:

"What do you know? Didn't we have a group of people here today? These people want to cooperate with the boss, so we brethren must cheer up, or else we will be despised by those people?"

"Yes, yes, Jack is right, I don't think those people are easy to provoke, let's make a little movement, frighten them, let them know that the people on our Paradise Island are not eaters!"

Qin Yuan, who was lurking in the distance, suddenly smiled when he heard this. These people still have this kind of consciousness?

But for Qin Yuan, it doesn't matter. Anyway, these people are pirates, and they do everything under Thomas, and kill them for the people!

But just when Qin Yuan just wanted to go up and kill these guys, he suddenly heard a faint sound coming from the grass on one side. At this moment, Qin Yuan was stunned, and then stopped. I directly turned on the thermal imaging capability, and discovered how many people were still hiding in this bush?

Dark pile?

Qin Yuan frowned tightly. This place has hidden piles. Is it too much to use too many people?

But no matter how much, Qin Yuan immediately touched it!

But when Qin Yuan sneaked in and got close, he discovered that these people were not pirates at all, but ninjas!

"Yamada-san, this group of people also said to show us how good they are. Haha, it's just a waste. We are hiding here, and they haven't found it. When they walked in front of us, I could beat each other four It's all cut!"

"Shimagasan, we are the best of Koga, they are just some pirates, of course they are not better than us, but these guys dare to have these thoughts on us, and we will go out and subdue them in a while! Let them know about us. Awesome!"

At this time, two ninjas wearing tights and hiding in the grass whispered, but when they heard these words, Qin Yuan was a black thread.

Is there something wrong with this group of people, I have already touched them in front of them, but in the end these guys still didn't notice it at all.

What Qin Yuan didn't know was that the world-class lurking ability alone surpassed many people, not to mention that these two people were just thinking about how to tease those pirates, they were not prepared at all!

But this is not important to Qin Yuan at all, but he is a bit curious, what are these people?

Kill these people first!

And at this moment, Qin Yuan deliberately fiddled with the branches next to him, and suddenly he made a rustling sound, and the two of them also shook suddenly, and hurriedly drew out their knives, just about to make a sound, but They saw two big hands and suddenly pinched them towards their necks!

The eyes of these two ninjas were filled with incomparable horror. Someone directly touched their backs, and they had not noticed anything!

terrible!

With such thoughts, two people rushed to the back quickly, and they rushed in two different directions very cleverly. They only thought that two people could survive one! It's a pity that they are fast, Qin Yuan is indeed faster than them,

Such a master lurked in, they must issue a warning, otherwise it is the real danger!

It's a pity that they are fast, and Qin Yuan's speed is faster than them. The world-class python strangulation technique instantly wrapped their necks, and with two crackling sounds, the two ninjas' necks were directly twisted. !

These two people didn't even hum, they were solved by Qin Yuan instantly!

At this time, the young yellow-haired pirate who was patrolling outside heard something strange from the bushes. He was a little curious. He leaned in and just wanted to inquire, but from the bushes, it was A hand was directly stretched out, and it directly grabbed his neck and broke his bones!

Jack and the others behind him just watched the yellow hair look down at the grass, his body was shaking, and he was still surprised what this guy was doing?

"Johnny? What's wrong with you?"

The pirate named Jack asked, but before the yellow-haired Johnny had time to answer, a person sprang out of the grass, it was Qin Yuan!

Then Qin Yuan's two hands couldn't help flashing, and the people of these patrols were all broken their necks by Qin Yuan in an instant!

Four people fell straight down, seeing the bodies of these people, Qin Yuan frowned slightly.

Although it didn't take any effort for Qin Yuan to kill these four people, it was like trampling a few ants to death, but Qin Yuan felt that this method was a bit too time-consuming!

"Is it a bit dirty to kill these people directly? It's a pity that I came in anxiously this time. I didn't bring poker cards, and the gun would make a sound. If ' has a cold weapon, it will All right."

At this time, Qin Yuan murmured, although he brought a rifle this time, when dealing with these people, it was natural that he could not shoot.

If he has a Nepalese saber in his hand at this time, he can chop off the heads of 4 people with just one round!

"Perhaps we should find a few more praying mantises and recall the mantis sword technique."

Qin Yuan still loves these cold weapons very much. Now he needs to be so natural and wants to get it. But now, Qin Yuan suddenly saw in the grass, there are two ninjas on their backs. Bad ribs.

Qin Yuan's heart moved, and he immediately took these two ribs.

The so-called rib is a short knife, which is shorter than the ninja. It is generally used by these ninjas. However, most people know this thing because the island people use this short knife when they commit suicide by cutting their abdomen.

Qin Yuan always felt a little unlucky looking at this thing, but there was nothing suitable to use at hand, so Qin Yuan also directly received these two ribs directly into the grid!

"The Dingdong system was successfully recovered, please start the selection!"

With the prompt tone of the system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class sword drawing skills!"

"2, get world-class tachi forging!"

"3, get world-class kendo!"

Chapter 552: madman

At this time, seeing these three options, Qin Yuan's eyes suddenly brightened, and he didn't expect that this rib difference was the same as Taito, and the Taito sword technique could appear.

But among these three options, what made Qin Yuan interested in was the first option of drawing swordsmanship.

Although at the beginning, Qin Yuan just wanted to get some swordsmanship, and this third option also showed a sword.

is nothing but the kendo of the island country, in Qin Yuan's eyes, it is a pediatrics at all, and only this sword drawing technique can make Qin Yuan curious.

After all, the sword drawing techniques in the TV series are all unique tricks. According to common sense, this sword drawing technique should be only a trick in the sword.

So Qin Yuan also wants to try, how amazing this sword drawing technique is!

"System, I choose item 1!"

At this time, following Qin Yuan's choice, the system also rang in Qin Yuan's mind and said:

"Ding Dong, the host chooses to succeed and obtains world-class sword drawing skills!"

Then Qin Yuan suddenly felt that there was more knowledge in his mind. Not only that, but Qin Yuan felt that some changes had taken place in his hands, and the ribs in his hands suddenly became familiar a lot.

Qin Yuan first untied the ninja's belt and tied it around his waist, then put the rib on his waist, put on a posture, and drew his sword suddenly!

brush!

At this time, Qin Yuan was surprised to find that as long as he activates this sword drawing technique, the surrounding time seems to slow down, it is as if he activates dynamic vision!

And Qin Yuan was still a little surprised to find that if he was staring at a certain target, he could even barely see a dashed line from above it!

"What is this? Is it the dead line in the legend?"

It is said that in an object, there will be a physical weakness, as long as it is cut along this place, no matter how hard it is, it will break with it!

And the most amazing thing about drawing a sword is that it can cut off the things that the sword originally cut continuously!

Looking at this dashed line, Qin Yuan suddenly chopped it out along the dotted line!

brush!

I saw the fallen leaf in front of Qin Yuan, floating in half.

Qin Yuan saw this situation, and a smile suddenly appeared at the corner of his mouth.

I didn't expect this sword drawing technique to have such an effect.

Just now, he saw with his own eyes that his ribs did not fall on the fallen leaves at all, and the blade wind alone had already cut the fallen leaves in half.

It's not like being cut by a blade, it's more like finding the weakness of decomposition directly!

So now Qin Yuan has determined that as long as he cuts along such a dotted line, he can cut the opponent into two directly!

"No wonder the swordsmen in those island countries only practice drawing swords. It turns out that drawing swords is really powerful."

Seeing the fallen leaves on the ground that had been divided into two sections, Qin Yuan was immediately excited. He didn't expect that it was just a whim, and he was able to obtain this ability again, which was considered to be an addition to himself.

It seems that there are still many doorways in this cold weapon. He must pay attention to this aspect in the future!

A smile appeared on Qin Yuan's face, looking at the villa in the distance, he rushed over again!

And at this time in a room in the villa, the room was full of people.

The two people in the middle are Thomas and an old man from the island country.

"Mr. Kudo, for the sake of this transaction between us, I have put all my old books on. I use my entire island as bait, but can I attract that guy? Those Yan Nation navies It's not easy to deal with, are you sure you can beat the opponent?"

This is Thomas looking at Kudo on the opposite side with suspicion, but Kudo did chuckle and said directly to Thomas:

"Mr. Thomas, this is certain. If we don't have the ability to do anything, how can we dare to come to you? Don't worry, our people have helped you find the whereabouts of the second black box. The black box is delivered to you, and I will use my deciphering expert to decipher the black box. No matter what the 303 submarine is, the two of us will be divided equally. Even if it is some technical things, I will Give you a satisfactory price."

Hearing this, Thomason smiled with satisfaction.

This 303 ghost submarine has been coveted for a long time. If he passes this time and directly cracks the secret of the 303 submarine, then it is not a loss.

"If this is the case, then I will wait and see. When I called the navy before, my signal was not blocked, so the navy probably already knew about this place. Are you sure you can handle it?"

Thomas looked at Kudo on the opposite side playfully, but Kudo sneered and said directly:

"Mr. Thomas, you really don't know how powerful our Fuso Club is. We can not only call on the people of our organization, but can even influence the military power of the entire island nation' Moreover, what we want to kill is just that It's just a kid called Qin Yuan. Other things are just the basis for our cooperation.

As long as he dares to come to this place, we will blow up the entire island! "

Hearing such words at this time, Thomas's face suddenly changed. He looked at Kudo on the opposite side in horror, and said with staring eyes:

"You actually planted a bomb on this island?"

"Mr. Thomas, you are just ignorant. How can someone from our organization use something like a bomb? There is a submarine just 15 kilometers away. There is a super missile on the submarine. Enough to blow up the entire island. If these Yan Guo navies fail to keep their promises, then we will teach them a lesson!"

When Kudo said this, his eyes were constantly flashing crazily, and Thomas looked at Kudo on the opposite side, and his body couldn't stop trembling. He felt that he was crazy enough to be a pirate, but Compared with the lunatics on the opposite side, he is like a little sheep!

Thomas took a deep breath, and finally asked Kudo:

"Kudo, if the navy sends a ship directly, you will blow up the entire island, but what if they send someone to sneak in? The Marine Corps of Yan Country is not eating dry food, are you sure they are their opponents? "

But Thomas hadn't finished speaking yet, a voice came directly from one side:

"Do you think my men are all the wine and rice bags like yours?"

Chapter 553: Ryuzakiyama Ichiro

what?

Hearing this, Thomaston frowned tightly, and looked at the direction of the sound full of anger.

But at this time, he saw a hooked nose, a very strong man sitting on one side, and in his hand, there was a slender sword!

As soon as he saw this person, Thomas took a breath. He could clearly feel a murderous intent from this person. He also had this murderous intent, but compared with this person, his murderous intent was nothing short of it. Little ugly.

This is not something that can be cultivated by killing ten or eight people, but hundreds of thousands of talents. In other words, the person in front of you killed so many people!

But such a murderous Thomas can be seen, but Thomas's men are not good enough. Seeing the face of this man who dares to ferment their boss, he suddenly jumped out!

"Fak, how did you talk to our boss!"

At this time, a black man stood up directly, but before he could finish his words, Thomas slapped the guy directly on the back of the head:

"Sheet! We talk, what are you talking about?"

"Boss...I..."

This subordinate was beaten unclearly, but he could only retreat with a frown.

And on Thomas' forehead, there was also a trace of cold sweat, because he saw that the man with hook nose just now slowly retracted his hand.

Thomas knows that if he speaks more slowly, I am afraid that his little brother will be cut off by this person!

"Grandma, these people are not easy to provoke!"

At this time, Thomas felt a little regretful in his heart, but fortunately, these people were generous in their shots. Many advanced weapons were given as they were told, and when the money was transferred, they were all very happy.

It's just the funds available now, even if Thomas directly loses this paradise island, it doesn't seem to be a big loss.

Forget it, after this matter is over, just go find another island. Anyway, there are so many small islands on the high seas, and you can always find a suitable one.

"Mr. Kudo, let's go first."

Thomas said to Kudo respectfully, and Kudo nodded, and then Thomas and his men directly exited the room.

After Thomas was gone, the hooked nose said to Kudo:

"Kudo-san, why should we cooperate with the people in the sewers and kill them all, wouldn't it be better to control this island?"

But after hearing this, Kudo shook his head and answered directly:

"Ryugasaki-kun, I know you have always wanted to avenge your brother Ryuji Ryuji, but our plan is also very important. Although these people are not good at fighting, they can live up to now. They have their reasons. Anyway, pay. The money given to these people is just a little bit of money. For our Fusang Club, the money is just a number. You have to remember this."

But after hearing such words, Ryugasaki Yamaichiro laughed loudly and said to Kudo:

"Kudo-san, you guessed wrong, I don't want to avenge my brother at all. I just have some curiosity about who killed him, even though my brother is just a trash and gave up the samurai. With the dignity of a ninja, you must learn to use modern weapons, but his combat power is pretty good. This person named Qin Yuan can kill him. I am very interested in him!"

But when Oharu Kudo heard this, he smiled slightly and said to Ryugasaki Yamaichiro:

"I am afraid that you will not be able to do what you want. According to our plan, this kid will probably be killed directly. You have no chance to fight him one-on-one."

"Humph!"

Ryugasaki Yamaichiro snorted coldly, obviously very dissatisfied with this matter, but he had no choice but to lie down and continue drinking.

And Kudo saw the appearance of Ryugasaki Yamaichiro, and also narrowed his eyes. This time they were on a fishing boat and learned that Qin Yuan had arrived at the navy side.

I didn't expect that a master like Qin Yuan would come to such a small fishing ground. That's why he directly caught up with Thomas and wanted to take this opportunity to kill Qin Yuan directly.

The hatred between Qin Yuan and their Fusang Club is not low. It not only pulls out all the forces lurking in Yan Nation for their Fusang Club, but more importantly, they also destroyed their plans and killed them when they were in the Philippines. Many of them.

Although they had spent money to find Qin Yuan, Qin Yuan's traces were not easy to find, so no one went to assassinate Qin Yuan.

And this time, after they learned the news, they planned to kill Qin Yuan with one stone and kill two birds with one stone, and then settle the black box business, so that they can also understand their concerns!

I don't believe it anymore, the man named Qin Yuan, even if he can fight, can still directly block the bombardment of the missile!

But at this time, there was a gunshot from outside the house. Kudo and Ryuzaki Yamaichiro immediately stood up, Kudo said solemnly:

"What exactly is going on?"

Thomas also crawled from outside and ran in' and said to Kudo:

"Mr. Kudo, someone broke in from outside!"

"It's impossible. The gunshots have come down to us, but I have scattered all of my people. It's normal for your people to be killed, but it's absolutely impossible for my people not to shoot. Any sound will be killed by the enemy!"

At this time, Kudoman said in disbelief that for this time to be foolproof, he specially brought a few Shangnin from the organization, and each of these Shangnin was a master of stealth assassination and search for news. Using these people as a secret whistle, how could it be possible to be beaten downstairs by others without even making a single move?

Thomas heard this, but said anxiously:

"I have already told you that the Marine Corps of Yan Nation is not easy to deal with, but you still don't believe it, right now?"

Hearing Thomas's reprimand, Kudo frowned suddenly, just about to say something, but at this moment, Ryugasaki Yamaichiro stood up directly, staring at the door, full of smiles. Said:

"Isn't this better? I'll be able to compete with that guy!"

Sure enough, as soon as Ryugasaki Yamaichiro finished speaking, the gunfire outside suddenly stopped, and then the door of this room was suddenly kicked open from the outside, and a person walked in directly with all his murderous aura.

is Qin Yuan!

Chapter 554: New task

The people outside were naturally killed by Qin Yuan. After he touched the villa, he didn't bother to hide, so he took out his gun and killed all the pirates and the Fusang community!

Originally, Qin Yuan was still wondering what exactly these people were, but when he saw Ryugasaki Yamaichiro, his eyes were directly narrowed, because he felt that the person in front of him seemed to be familiar.

Sure enough, as Qin Yuan entered this room, a series of voices sounded in Qin Yuan's mind:

"Ding Dong, the system publishes tasks to defeat Fusang Club's conspiracy and reward a grid."

"Ding Dong, the system releases the task, kills Ryugasaki Yamaichiro, and rewards 2 squares."

When Qin Yuan heard the task in his mind, a sneer suddenly appeared on Qin Yuan's face. No wonder he felt that these people were familiar. They were really old friends, and if Qin Yuan didn't guess wrong, the Ryugasaki Yamaichiro in front of him, I'm afraid I have some connection with the Ryugasaki Yuji he killed in the Philippines!

After seeing Qin Yuan, Thomas was also shocked, and he quickly yelled at his hands:

"What are you still doing, kill him!"

Thomas' subordinates also reacted, and all kinds of long guns and short cannons were launched towards Qin Yuan in an instant!

And Kudo also waved his hand suddenly, and several ninjas in black who sat behind him also rushed out!

Kudo's eyes had a hint of killing intent, and he didn't believe it anymore. With the rain of bullets and the ninja's supplement, this kid could still escape!

It's a pity, Qin Yuan sneered after seeing these people shooting!

Do these guys think that only they can shoot?

Then Qin Yuan immediately took out two pistols from his waist, bang bang bang! Send left and right! Every bullet flew towards these people's foreheads!

And Qin Yuan's pistol marksmanship has already reached the cosmic level, and there is no false bullet!

While firing the gun, Qin Yuan's body moved with it. He had already opened up 21 times the dynamic visual ability. Those bullets in front of him were like slow motion. The ninjas around, although one by one They all rushed towards him with the sword in their hands, but Qin Yuan's eyes were full of flaws!

But at this moment, Ryugasaki Yamaichiro moved. He suddenly pulled out the slender sword at his waist, stood in front of Kudo, and unceasingly swung it, splitting Qin Yuan's bullets!

Qin Yuan's cosmic pistol bullet was directly blocked by him!

But those of Thomas' subordinates did not have such good luck. All of them were shot in the eyebrows and fell to the ground feebly. Even the ninjas who rushed up were killed by Qin Yuan by half, only a few were lucky. Yes, hid by his companion's body.

But when I saw this room, more than half of the people died in an instant, and a layer of cold sweat broke out on Kudo's forehead!

He really did not expect that this person in front of him should be so powerful!

You must know that these ninjas, even when facing machine guns, can evade calmly, and normal people can't even see these ninjas.

But in Qin Yuan's eyes, these ninjas are just like ordinary soldiers. They can be killed with a pistol, which really makes Kudo's heart a little bit afraid!

But seeing that Qin Yuan's pistol has no bullets, Kudo's eyes flashed with excitement, and he shouted directly:

"He has no bullets, go and kill him!"

And the ninjas around had a trace of evil spirit in their eyes. Two ninjas appeared directly beside Qin Yuan, the long sword in their hands suddenly slid towards Qin Yuan's chest, and the remaining

ninjas were even more so. In the surroundings, the darts, flying needles and cross swords in his hand, like no money, kept flying towards Qin Yuan!

It's a pity that Qin Yuan's eyes moved, and the python strangulation technique in his left hand instantly pinched a ninja's arm, and then the sword that was originally drawn towards Qin Yuan, and then directly towards that ninja!

噗噗!

With two crisp noises, the ninja that Qin Yuan grasped stabbed the knife in his hand at the other ninja on one side, while Qin Yuan grasped the person in his hand and directly blocked the various weapons of those people from flying. Shoot!

"Shimada-kun! Kameshita-kun!"

Seeing these two high-level ninjas, they died in Qin Yuan's hands as soon as they met each other. Kudo also couldn't stop screaming!

You need to know that these two people brought him a special kind of forbearance. As a result, he still did not survive a round in front of Qin Yuan. This is simply impossible!

In this way, the other two Kaminari Yamada and Shimaga are already finished!

And at this time, Qin Yuan pulled out the darts on the corpse and flew towards the ninjas!

Although Qin Yuan has never learned to throw darts, the technique of throwing poker cards still has a lot of effect. Those ninjas who were originally inferior to these two ninjas were immediately killed by Qin Yuan. drop!

But at this moment, Qin Yuan suddenly felt a sense of crisis, his eyes widened, and he threw the body out!

And this hapless corpse was torn in half with a bang', this was not over yet, Qin Yuan just barely avoided, the clothes on his chest were even cut into a gap, carrying him on his back The strap of the rifle was directly cut off, and the rifle slipped off!

Qin Yuan's brows wrinkled tightly. He passed through the blood mist and looked at the person on the opposite side. It was Ryugasaki Yamaichiro who hadn't moved before!

What made Qin Yuan a little frightened was that this guy was not only sinister enough, but also gave Qin Yuan a sense of crisis in his eyes.

Originally these people's flying knife bullets, as long as they were not of large caliber, Qin Yuan had to rely on the defensive ability of the tortoise shell, so there was no need to hide.

But Qin Yuan had a frightened feeling with the cut just now. He had a faint premonition. If he didn't avoid the cut just now, I'm afraid he would really be hurt!

This guy in front of you is a master!

Ryugasaki Yamaichiro had a crazy smile on his face. He shook the blood on the knife handle and said directly to Qin Yuan:

"Hey, that guy, fight me!"

When he heard this, Qin Yuan's face also showed a hint of excitement and a warlike smile.

Sure enough, the goal of the two grids is not so easy to deal with!

The same is true for Yuji Ryugasaki before, and the same is true for Yuji Ryugasaki before him!

"Want to fight with me, OK, then I will fulfill you!"

Qin Yuan threw away all the things on his body abruptly, and with a tiptoe, the ninja Tachi just now jumped into his hand!

Chapter 555: Draw sword

"Long Qi-kun, kill him!"

Kudo yelled at this time, with endless enthusiasm in his eyes.

You know, Ryugasaki Yamaichiro is a well-known master of their Fuso Society, and the strongest kendo disciple from Namsan. He once killed a hostile society of more than 500 people with a sword alone!

The entire Fuso Club attaches great importance to Ryugasaki Yamaichiro. To be honest, if it weren't for Ryugasaki Yamaichiro this time to come and see the master who killed his brother, Kudo would not be qualified to dispatch Ryugasaki Yamaichiro!

After all, only after Qin Yuan is killed can they wash away their shame!

"Shut up and get out!"

Ryugasaki Yamaichiro turned his head back and yelled at Kudo. Kudo shrank from the shock, and he dared not speak any more.

And Ryugasaki Yamaichiro looked at Qin Yuan and said with a smile:

"If I didn't guess wrong, you are Qin Yuan, right, you killed Ryuuji?"

"Why, do you want to avenge him?"

Qin Yuan also smiled, he knew that the person in front of him had something to do with Ryuuji.

"Hehe, that's not necessary. I just want to see what kind of master it is. To be honest, I have been a long time and haven't had a good fight with others, because it's really not worth it. People! But when I saw you just now, it seems to be okay? Then use you to try the knife!"

Ryugasaki Yamaichiro grabbed a knife and sneered at Qin Yuan, but Qin Yuan smiled.

Ryugasaki Yamaichiro couldn't find his opponent, so why not Qin Yuan!

In an instant, Qin Yuan moved, and the long knife in his hand was like the fangs of a beast, biting directly at the throat of the prey!

Ding Ding Ding!

Sparks splash!

Although Qin Yuan has not learned the righteous sword technique, his mantis boxing technique has reached the cosmic level, and the sword technique and the boxing technique are similar. This mantis sword is really playing!

As soon as Ryugasaki Yamaichiro took over, his eyes flashed with surprise!

A lot of strength!

Ryugasaki Yamaichiro didn't expect that the guy in front of him didn't look sturdy, and he had such great power!

However, Ryugasaki Yamaichiro showed a crazy smile!

Because he has already seen that although the opponent's technique is superb, the opponent has not practiced the sword technique!

"Hahaha, I wanted to hack you to death. Although Yuji Ryuuji is a trash, he is also my eldest brother, but now I have indeed changed my mind!"

At this time, Ryugasaki Yamaichiro looked at Qin Yuan, and then continued:

"If you are willing to worship me as a teacher, I can accept you as my apprentice, and I will teach you the most powerful trick in the entire island country, draw the sword! Your talent is very good, if you worship me as a teacher, maybe you can Become the first swordsman in the island nation!"

Qin Yuan sneered when he heard this. Did this islander get kicked by a donkey in his head? What is the relationship between himself and the other party, can't he think of it? It is a dream to let myself worship him as a teacher!

Therefore, a trace of killing intent flashed through Qin Yuan's eyes!

Ryugasaki Yamaichiro also felt Qin Yuan's attitude, and he smiled and said directly to Qin Yuan:

"I know you may think that I am not enough to teach you, so good, I will let you see it, I am very good at it!"

Slash?

When Qin Yuan heard this, he remembered that he had just learned the technique of drawing a sword?

"You can draw swords, and I can draw swords! Then the two of us will try whichever is great!"

After saying this, Qin Yuan also closed the sword directly, putting on a posture of drawing a sword!

But seeing Qin Yuan's posture, Ryugasaki Yamaichiro on the opposite side suddenly showed a trace of anger!

This draw can be said to be the most powerful thing about Ryugasaki Yamaichiro, but Qin Yuan dared to make an axe in front of him, it was just looking for death!

"Hmph, you seem to have some talent at first, and want to accept you as an apprentice. I didn't expect you to be so ignorant to promote, then you can just die!"

After Ryugasaki Yamaichiro finished speaking, he held his breath, and a golden light flashed in his eyes, he drew his sword instantly, and slashed directly towards Qin Yuan!

And Qin Yuan also suddenly drew out the knife, and rushed towards Ryugasaki Yamaichiro!

The figures of the two people rushed together, only to hear a cry, and then the two stood with their backs to each other!

Click!

The sword in Qin Yuan's hand was instantly shattered into a pile of fragments!

Lost!

Qin Yuan looked at the scars on his body, a little surprised!

I can't beat the opponent?

This Ryuzaki Yamaichiro is really not eating dry rice, his sword skills have surpassed the world class!

Seeing this, Ryugasaki Yamaichiro also laughed loudly, and said to Qin Yuan:

"Did you see it? This is how I drew my sword and slashed, honestly kneeling on the ground, worshiping me as a teacher, and I forgive you for not dying, otherwise, you will end up like this long sword!"

But after hearing such words, Qin Yuan spat out, sneered, and said to Ryugasaki Yamaichiro:

"Look at your knife!"

"what?"

Ryugasaki Yamaichiro was startled in his heart, and then looked directly at his sword, only to find that there was a gap in his long sword!

And this was not over yet, the crack continued to extend, and finally with a clatter, his long knife broke in two and fell to the ground!

"My knife!"

Ryugasaki Yamaichiro let out a mournful cry. His long knife has been handed down for hundreds of years. It is considered a famous treasure, but it was broken into his hands!

Qin Yuan saw the appearance of Ryugasaki Yamaichiro, just sneered. Although his sword drawing skills may not be as good as Ryusaki Yamaichiro's, how could the skills produced by the system be inferior to personal training, so Qin Yuan directly cut along the dead line. In the past, although he did not kill Ryugasaki Yamaichiro, he cut off the knife in Ryugasaki Yamaichiro's hand!

"I'm going to kill you!"

At this time, Ryugasaki Yamaichiro was extremely angry, and his murderous aura was overflowing. Although he was also murderous just now, he still showed mercy to Qin Yuan. After all, he still thought that he could harvest Qin Yuan as an apprentice!

But now that his treasure is broken, Ryugasaki Yamaichiro has completely given up this idea, and must kill this guy!

However, because Ryugasaki Yamaichiro was too angry, he didn't realize that the sword on the ground seemed to flicker a few times!

Seeing Ryugasaki Yamaichiro who rushed over, Qin Yuan's face showed a slight sneer, using his Taito with only the hilt, he once again assumed a posture of drawing a sword!

And seeing Qin Yuan's appearance, the killing intent in Ryugasaki Yamaichiro's eyes was even more serious. Is this guy looking for death?

Chapter 556: missile

Ryugasaki Yamaichiro looked at Qin Yuan, his eyes full of cruelty!

Although his sword was broken in two, there was still half of it left, but Qin Yuan only had a short hilt in his hand!

Using such a knife to use the technique of drawing a sword, even the sword ***** cannot do it!

What's more, his sword is a treasure sword that has been passed down for hundreds of years. It is extremely hard and cuts iron like mud. Although Qin Yuan uses a forbearance sword, it is completely incomparable with his own sword!

If they really collide together, this guy is dead!

"Huh, go to hell!"

Ryugasaki Yamaichiro roared, with incomparable murderous aura, the Taito in his hand suddenly drew an arc!

brush!

The two crossed by again!

Seeing such a situation, Gong Kudo, who was watching on the side, instantly became excited: "I won! I won! I must have won!"

Qin Yuan just now had a long knife in his hand that couldn't beat Ryugasaki Yamaichiro, and now he only had a hilt in his hand, let alone Ryugasaki Yamaichiro's opponent!

But at this time Ryugasaki Yamaichiro looked back at Qin Yuan with a look of horror, his eyes filled with incredulity, and finally opened his mouth:

"Impossible, why did your...swordsmanship suddenly become so powerful..."

As soon as Ryugasaki Yamaichiro said to play, he knelt on the ground with a thump, and a mist of blood spurted out of his throat!

Qin Yuan shook his head when he saw Ryugasaki Yamaichiro's appearance.

To be honest, the guy in front of him is indeed the strongest expert Qin Yuan has encountered, and his sword-drawing technique has even exceeded the limits of the system.

If it were not for the bonus of the system, it would be impossible for Qin Yuan to beat the opponent just now!

Moreover, Qin Yuan just received all the surrounding swords into the grid just for insurance, and instantly raised his sword drawing technique to the cosmos level!

Qin Yuan's world-class sword drawing technique just now had the power of an ant and 21 times the dynamic vision, so he was able to tie the opponent.

And as Qin Yuan raised his sword drawing skills to the cosmic level, Ryugasaki Yamaichiro naturally couldn't resist it, and was instantly beheaded by Qin Yuan!

Even if there is only a small hilt left in Qin Yuan's hands, it is not something the opponent can beat!

This is the universe-level sword drawing technique, combined with the power of ants, and 21 times the power of dynamic vision!

"No... impossible!"

At this time, Kudo's eyes widened, and he looked at Ryugasaki Yamaichiro, who was lying on the ground and breathless, with disbelief. You know, Ryugasaki Yamaichiro is a rare master in their Fuso Society! In the same age group, he almost hit the world invincible, but he did not expect to die in Qin Yuan's hands!

You know, Qin Yuan seems to be in his twenties, how could he be more powerful than Ryugasaki Yamaichiro!

Moreover, Ryugasaki Yamaichiro is dead, Kudo also knows that he is dead, just this time the mission is successful, he will not be reused by the organization, the safety of Ryugasaki Yamaichiro is probably more important than this mission!

So at this moment Kudo knelt on the ground with a plop, his eyes filled with despair, and then he directly pressed a button on his hand.

At this moment Qin Yuan saw Kudo's appearance, frowned, and said directly to Kudo:

"Let's talk, where is the woman you caught? What is the purpose of your coming this time, I can give you a good time!"

But after hearing this, Kudo showed a tragic smile, with a trace of anger and madness in his eyes, and said to Qin Yuan:

"Hehe, don't need you to give me a good time, let's go on the road with me!"

After saying this, Kudo stood up and took out a pistol from his body, just wanting to shoot Qin Yuan.

Qin Yuan shook his head, raised his hand, and cut Kudo's neck with his sword with only the hilt left.

"Ding Dong, the host completed the task, defeated the Fusang Club's conspiracy, and rewarded a grid."

"Dingdong, the host completes the task, kills Ryugasaki Yamaichiro, and rewards 2 squares."

Qin Yuan suddenly heard a voice rang in his mind, and he was immediately excited. This time there were so many grids, it was right!

But at this moment, Qin Yuan suddenly felt a sense of crisis in his heart, and at this time, he saw the controller at Kudo's hand!

Looking at the red light on the controller, Qin Yuan suddenly felt a very bad feeling in his heart!

There was a string of secret words on the controller, and a small codebook beside it. Qin Yuan immediately understood that this must be a secret code, but Qin Yuan couldn't understand it!

decryption!

Qin Yuan felt the more and more intense sense of crisis in his heart, and instantly received this controller and codebook into the grid!

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class secret phrase cracking!"

"2, get world-class secret language manufacturing!"

"3. Get world-class secret language equipment upgrades!"

Looking at these three options, Qin Yuan didn't hesitate to choose the first item!

"Ding dong, the host chooses successfully and gets a world-class secret phrase cracking! Crack it once in an instant."

Then, in Qin Yuan's mind, there was suddenly some more knowledge, which was the knowledge of countless decodings and decryptions!

And the ability to crack in this instant is to enable Qin Yuan to crack a special code in an instant!

Qin Yuan immediately used the codebook in his hand. After using it, Qin Yuan could naturally see what instructions Kudo had issued just now.

But seeing the instruction issued, Qin Yuan's eyes suddenly widened!

Because there are only two words in this instruction, the above is clearly written-"launch!"

"Oh shit!"

Seeing this secret order, Qin Yuan also cursed, and then jumped directly outside, frantically using his soil-traveling ability ' to drill towards the ground!

He is in Ivia and he has already tasted the missile, but he doesn't want to try it again in this place!

But at this moment, Qin Yuan suddenly remembered that although he could use his ground penetration ability to avoid the bombardment of this missile, Shen Ge couldn't!

"Damn it!"

Qin Yuan cursed, and instantly he used the thermal imaging ability to directly find a similar place. The whole person seemed to be crazy, and he rushed over!

At this time, a warship that was more than ten nautical miles away from Qin Yuan launched a missile directly, and the destination of the missile was naturally Paradise Island!

As for Qin Yuan, who just rushed out, the sense of crisis in his heart broke out in an instant. He looked up and found that in the night sky, it was a missile with a tail flame flying over!

At this time, Qin Yuan's entire body was erected!

Too late, the missile will fly over, I am afraid it only takes a few seconds, such a short time, it is impossible to find the sinking pigeon!

Chapter 557: Back-up

Do you want to give up her?

Qin Yuan's eyes are about to crack. Although he has killed a lot of people, he still cares about his teammates. If Shen Ge dies, I am afraid he will not sleep well in the future!

But after thinking of an idea, Qin Yuan held his fist instantly!

"Come on, let me try, this dead line, is it useful for missiles!"

At this moment Qin Yuan roared, took out a sword, and stared at the missile flying in the air!

Although Qin Yuan understood that even if he hit the dead line, he would definitely be able to prevent the missile from exploding. Qin Yuan knew even more that if he gave up sinking the pigeon now, at his own speed, no matter if he was directly hiding Underground, or escape to the sea, can escape the bombardment of this missile!

However, this time Qin Yuan didn't want to hide!

Since you have never avoided it, don't hide it!

Qin Yuan stared at the missiles flying in the sky, focusing on the cosmic sword drawing technique!

Sure enough, slowly, Qin Yuan saw the dotted line!

Dead line!

Qin Yuan roared, and the sword in his hand suddenly drew out, twenty-one times the dynamic vision, the power of ants plus the power of dung beetles, the induction of cosmic spiders, all the skills are fully activated!

brush!

An invisible shock wave was sent directly from Qin Yuan's Taidao. Qin Yuan's blow turned out to be like cutting through an oil painting, and it continued to spread toward the missile!

Qin Yuan knelt on the ground weakly on one knee at this time, but his eyes were straight at the transparent trace!

But at this time!

boom!

With a loud noise, the missile in the air exploded directly!

"Won it? Won't it? It's not there yet!"

Qin Yuan looked at the explosion with a dazed expression. If he read it correctly, his own was a knife-like thing. The missile had already exploded before it hit the missile!

At this time, Qin Yuan discovered that it was not that his darts and slashes exploded the missile, but the interceptor missile launched from one side!

Yan Country Navy!

This time Qin Yuan let out a sigh of relief, and his whole body was completely limp to the ground!

The knife just now really drained all Qin Yuan's strength.

But fortunately, Qin Yuan also possesses the tortoise breath technique and various recovery skills, and he will soon be able to fight without worry.

Then, while his physical strength was slowly recovering, Qin Yuan also directly turned on his mobile phone and dialed the Navy's phone.

"Qin Yuan! Qin Yuan! Are you okay?"

On the phone, Fan Tianlei's voice came directly, and Qin Yuan was also taken aback. He didn't expect that Fan Tianlei would come this time.

But think about it carefully, what I say is also a member of the Southeast Military Region, and the same estimate is that Qin Yuan's subordinates are placed in the Southeast Military Region, so it is not unusual for Fan Tianlei to come over.

"I'm okay, which missile did you stop?"

"Hehe, of course, although it is on the high seas, he dared to use force around us, and even the artillery shells and ships were sent to the west!"

Fan Tianlei said with a sneer, these years, the country of Yan hasn't been aggressive, so countries in the world really treat them as sick cats?

After saying this, Fan Tianlei said with a calm face:

"Qin Yuan, when you act in the future, it's better to tell us, not to let you execute orders, but to tell you that behind you, there is us, and there is a powerful country, I Even if it can't provide you with any useful help, it will definitely not hold you back!"

And hearing this, Qin Yuan's heart suddenly rushed into a sorrow and warmth.

To be honest, Qin Yuan also felt that he had done a little too much. Although the timing of some things was fleeting, it was indeed necessary for Qin Yuan to execute it himself, but when Qin Yuan acted alone, he did not know how much it affected. Human heart.

And Fan Tianlei and others in the military already knew what Qin Yuan was capable of, so their requirements for Qin Yuan were gradually reduced, and even for Qin Yuan's teammates, there was only one limit, that is, not to hold back.

Now that Qin Yuan heard this, he suddenly felt begged by his old father. As a prodigal son, Qin Yuan's heart was also full of touches.

"Well, I know, but I have to say, you guys did a great job this time!"

Qin Yuan said with a smile, this missile is really a bit ridiculous, if there is no missile interception, Qin Yuan will at least be seriously injured!

"Then I will continue my mission. Those islanders are almost dead, but the guy Thomas ran away in the chaos, and there was a sinking pigeon. I also want to rescue her, Golden Eagle, I'm leaving!"

"it is good!"

At this time, Fan Tianlei heard this, and slowly hung up the communication, but a smile appeared at the corner of his mouth.

However, after smiling, Fan Tianlei looked at the naval force with a serious face, and said directly to them:

"Comrade, your response is really too slow. Although I know that you are not a special force, but as a rapid reaction force, let the fishing boat hide the missile and touch the sea near the sea, and let us take our people away. It is already your major negligence!"

Hearing this at this time, the people in the Navy were all unsightly, but they couldn't say a word. After all, it was indeed their major mistake this time. Even if it weren't for Fan Tianlei's quick reaction, they might not be able to The missile is intercepted!

The navy's actual combat is still a bit too little. Although there are some pirates, it is too low sensitive to these missiles and the like.

"We will admit our mistakes like our superiors', report the origins of this incident, inform the entire army of this incident, and strengthen actual combat drills!"

When he heard this, Fan Tianlei also nodded, but when he heard the announcement of the entire army, he shook his head and said:

"There is no need to inform the entire army. This time, Qin Yuan is involved. Although we all know his identity, it is still highly classified. Let's not interfere with him too much."

And hearing this, these people in the navy were stunned. Although they all knew that Qin Yuan's status was very important, they didn't expect that Qin Yuan's status had already become so important!

"Chief of Staff Fan, I don't know what this Comrade Qin Yuan did that actually requires us to do this?"

"What did you do?"

Hearing this, Fan Tianlei's eyes suddenly changed for a long time. Thinking of what happened during this period, he muttered:

"What he did, people like us, I'm afraid we can't do it. He is a true hero."

Chapter 558: Underwater rescue

But at this time, on Qin Yuan's side, he stood up again and headed towards the basement of the villa.

But Qin Yuan hadn't reached the basement yet, but through the thermal imaging system, he found a group of people moving quickly underground!

"Underground tunnel?"

Qin Yuan's brows raised. These ***** follow the same routine every time, but worrying about the safety of Shen Ge, Qin Yuan also hurried to catch up.

At this time, Thomas, with a few of his subordinates, pulled Shen Ge and ran away quickly!

"Fak, was my head kicked by a donkey? I would even agree to such a thing! This time it's all right, it's not done, and my hometown is gone!"

Thomas was extremely angry at this time, but his footsteps were non-stop. When he saw Qin Yuan's move just now, he felt bad in his heart, and finally saw that Qin Yuan used a small knife directly to kill the powerful dragon. After Ichiro Sakiyama was killed, Thomas didn't hesitate and made up his mind to escape.

This kid is too strong, Thomas knows that even if 10 of them are added together, they can't be his opponent!

So if you want to survive, you can only run away with your own things, and pulling Shen Ge is just Thomas' life-saving means!

Although he knows that Qin Yuan's marksmanship is more powerful, he can at least stop him with Shen Ge. If he is lucky, as long as he can jump into the river, he will be able to escape from the sea by then!

But Thomas just ran out of the tunnel he set up, and he didn't run far, he suddenly heard a gunshot from behind, and he fell to the ground instantly under those men!

At this moment Thomaston was an exciting spirit, and he hurriedly hugged a single Shen Ge, and his whole body was trying to hide behind Shen Ge. He stepped back and said loudly:

"Don't come over, or I'll just kill her!"

At this time, Qin Yuan was too lazy to continue hiding, stood on a rock, looked at Thomas and Shen Ge, and said lightly:

"Okay, now you're dead, let her go honestly, I might even give you a happy death."

When Thomas heard this, especially seeing Xu Fan's icy eyes, he couldn't help trembling in his heart. He stepped back and said to Qin Yuan:

"Don't force me. I and you have no grievances in the past and recent days. It's just that this time I took the wrong path. I will give you all my savings for the rest of my life and let me have a way out!

After all, Thomas knew Qin Yuan's horror. Although several of his subordinates moved on with himself, he didn't plan to take it anymore. As long as Qin Yuan was willing to give him his life, he was willing to spend money to buy his life.

It's just that Qin Yuan sneered when he heard this:

"You're okay, why do I have to let you go to get the money and kill you, it's not the same!"

"you!"

Thomas was also a bit speechless, but at this moment, he suddenly saw a rope in front of him. This was the rope of his treasure box. He had already reached the edge of the cliff. As long as he could jump into the sea, then Can leave here with his treasure!

And at this moment, Shen Ge also woke up, looking at the current form, thinking that Thomas nearly killed Liu Xiaoshan before, Shen Ge was also extremely angry, and his heart was abrupt, and he turned directly towards the head. Thomas smashed over!

And Thomas didn't expect that Shen Ge would suddenly get into trouble at this time, his body suddenly skewed, and he fell down the cliff!

But this is not over yet, Thomas is still holding a treasure chest, and this chest also fell off the cliff with Thomas!

And Shen Ge just wanted to say something to Qin Yuan, before he had time to speak, suddenly a powerful force came from behind him, and he instantly pulled Shen Ge and fell down the cliff!

The **** Thomas not only pulled the rope of Treasure, but also buckled the rope directly on Chen Ge!

This time Treasure and Thomas fell, and naturally they fell into the water together with Shen Ge!

Seeing such a situation, Qin Yuan was also shocked, and immediately followed and jumped off the cliff!

boom!

The three of them jumped directly into the cliff together with a box. The height of the cliff was not low. After Thomas jumped down, he was instantly pulled to the bottom of the sea by the heavy treasure box, and Shen Ge also followed with him, unable to swim at all!

And seeing Qin Yuan from above also followed, Thomas felt a trace of despair, and directly detonated a bomb in the water!

boom!

The shock wave in the water was transmitted directly, but Shen Ge did not hum, but was directly fainted!

But Qin Yuan, who had just swam over, frowned, and instead of caring about Thomas, he swam in front of Shen Ge.

Seeing such a situation, there was a glimmer of hope in Thomas's heart. The explosion just now not only stunned the pigeon, but the rock that exploded on the cliff was also the rope that held down the pigeon.

If Qin Yuan came to chase him, then Thomas would definitely be in disaster, but Shen Ge would drown.

If Qin Yuan wanted to save Shen Ge, he had to get the rope off Shen Ge and swim up first.

And if Qin Yuan chooses to save Shen Ge, then Thomas has a chance to escape!

He had prepared a propeller in the water long ago, as long as Qin Yuan diverts his attention, he can use the propeller to escape!

Of course, Qin Yuan would not give up Shen Ge, so he swam directly to Shen Ge's side, trying to break the rope on Shen Ge. But what surprised Qin Yuan was that this rope. It turned out to be a specially made rope, once it touched the water, it would become extremely tough, and Qin Yuan couldn't even break the rope directly.

After all, Qin Yuan had consumed a lot of vitality today, and the ant's power was over-used, and his arm was as painful as it was about to break.

However, Qin Yuan was carrying a knife this time, so he didn't worry, he smashed the rope bit by bit.

Seeing Qin Yuan's movements, Thomas's heart was instantly proud. He had found the propeller and oxygen tank, took a joking look at Qin Yuan, and came directly!

He has enough leeway to leave here, after all, after Qin Yuan cut the rope, and then took Shen Ge up, he had already run away!

According to normal theory, Thomas's idea is correct, but it is a pity that Qin Yuan is not a normal person at all!

So after Qin Yuan cut off the rope, he didn't take Shen Ge to leave at all. Instead, he took advantage of the ability to breathe in the water, took a deep breath of oxygen from the water, and went directly to Shen Ge!

Chapter 559: Weapon Master

At this time, Shen Ge clearly felt that a puff of air came from Qin Yuan's mouth, but Shen Ge was struggling violently!

The air that a person can inhale is limited. If this air is given to himself, what will Qin Yuan do?

But Qin Yuan felt Shen Ge's struggle, but he showed a smile. Of course he knew that Shen Ge was kind, but at this time, he didn't have to explain much. He just squeezed Shen Ge's neck gently, Shen Ge He fainted immediately.

After that, Qin Yuan took Shen Ge and swam directly towards Thomas.

And Thomas also saw Qin Yuan's anger to Shen Ge, and smiled silently in the water. Hehe, doing it in the water is no different from looking for death. That is to say, Thomas is rushing for his life, otherwise he only needs to be When you look back, and fight this guy underwater, this man and woman will die here!

But Thomas was also completely relieved. In this way, Qin Yuan completely lost the ability to chase him, and he could escape with his treasure calmly.

But at this moment, Thomas suddenly felt a strange sound coming from behind him, and when he looked back, he was frightened to death!

I saw Qin Yuan not only didn't go up, but instead took the woman and chased him over!

And Thomas also saw that the woman had fallen into a coma. In order to prevent the woman from drowning and lack of oxygen, the soldier of the Yan Kingdom directly stuck to the woman's mouth, and kept on oxygen!

This time Thomaston was so angry!

Is there a limit to look down on people? I've already run away, but you still dare to come and die?

According to Thomas, this man does not have an oxygen tank, even if he does nothing, this kid will die!

However, seeing this kid's swimming speed, Thomas felt a little numb in his scalp. Grandma's, didn't he use a propeller? Why did this kid catch up so quickly!

Seeing Qin Yuan getting closer and closer, Thomas knew that this was not a solution, so he directly closed the oxygen tank, turned his head, and rushed towards Qin Yuan!

He wants to kill this unconscious ***** first, otherwise, he can't escape!

And Qin Yuan was shocked when he saw Thomas come back, but soon became excited, hehe, this guy is looking for death on his own, and that is also the province himself!

So the two were pregnant with ghosts, and finally ran into each other!

As soon as he started his hand, Qin Yuan punched directly at Thomas!

This is in the water, so this punch of Qin Yuan, directly like a water cannon, with a shock wave, is attacking Thomas!

Thomas was even more shocked when he saw a wave of water flying over. Is this kid still a human being, he hit the water with a punch?

At this moment Thomas panicked. He felt that he was a little too cautious, so he didn't dare to continue to approach. Instead, he looked back and wanted to grab his propeller again and continue to escape!

How could Qin Yuan miss this opportunity and chase him up again, but there was a hint of treacherous in Thomas' eyes!

Bang!

As soon as Thomas touched his propeller, a big net flew out, entangled Qin Yuan and Shen Ge firmly, and Thomas saw this situation, and he was immediately happy in his heart. The net was originally intended for drifting to some islands for fishing, but I didn't expect it to be used so much now!

Qin Yuan, who was caught, was also shocked. Although he was very good underwater, his ability to breathe underwater was not invincible. It had a time limit and could not be completely like a fish in the water. To survive, Qin Yuan still needs to hold a sinking pigeon in one hand, and he will not be able to tear this big net apart for a while.

Seeing Thomas was about to escape, Qin Yuan was full of unwillingness, did he just let this guy escape?

But at this moment, Qin Yuan's heart moved, yes, why didn't he just put away this big net?

Just do it when you think about it, Qin Yuan's heart moved, and the big net that wrapped him disappeared!

"Ding Dong~ The system was successfully recovered, please start choosing the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Get world-class fishing technology!"

"2, get world-class fishing net manufacturing!"

"3, get world-class rope skills!"

And seeing these three options, Qin Yuan's heart moved. Qin Yuan could understand the first two options, but what is this rope technique?

Well, at first glance, Qin Yuan couldn't help but think of certain skills that only appear in action movies...

But this is not the point. The point is that the rope has disappeared, and among the three options, it seems that only this one is more useful.

"System, I choose the third item!"

"Ding Dong, the host chose successfully! Get world-class rope skills!"

"World-class rope skills, the host can skillfully manipulate ropes and soft materials like rope whips."

"Ding Dong, get a certain number of weapon skills, and then get three weapon skills to unlock the title, weapon master."

With this voice, Qin Yuan suddenly felt the rope of the fishing net in his hand, as if he was one with himself!

And more importantly, is this rope a weapon? And the title of Master of Weapons?

After careful calculation, Qin Yuan seemed to have acquired many weapon-type skills.

But the most important thing now is not to study this, but to think about **** the **** in front of me!

Qin Yuan sneered, With a flick of the fishing net in hand, he entangled it directly at Thomas!

I saw that the fishing net was like a long snake, entangled directly on Thomas' body, scared Thomas!

And Thomas looked back and found that the kid was looking at himself with a smile on his face!

All three of them were entangled by the fishing net. Thomas wanted to break free, but he found that the fishing net was tightly entangled.

At this time, Qin Yuan saw Shen Ge grunt, so Qin Yuan once again swept the air in his own sky.

But seeing this, Thomas wasn't in a hurry. He was alone, and he took a sharp breath in the oxygen tank just now. How could it be longer than this kid's breath!

What's more, this kid hasn't breathed in for such a long time, it must be no more!

However, Qin Yuan did not delay. The rope in his hand flicked and entangled directly in the engine of the thruster, and then punched it out, smashing the thruster against a rock, smashing it.

Chapter 560: Death of thomas

And for a while, the engine of this propeller entangled the rope directly, and the rope on Thomas's body was also tightened abruptly, strangling his neck!

Thomas felt the pressure on his neck and struggled a few times, but his neck was still strangled with a click.

A generation of frogmen died in the water.

"Ding Dong, the host completes the task, saves the pigeon, and rewards a grid."

"Ding Dong, the host completes the task, kills Thomas, and rewards a grid."

"Ding Dong, the host completes the task, clears the pirates on the paradise island, and rewards a grid!"

Hearing this series of noises at this time, Qin Yuan also laughed, and this time has gained a lot!

Seeing Thomas completely died, Qin Yuan no longer hesitated, and went directly to the surface of the water.

At this time, on Fan Tianlei's side, the Marines had just landed on the Paradise Island, and this time WISCO personally took people up in order to conquer merits and crimes, and Fan Tianlei and others were also on the same boat and went there.

But after becoming a paradise island, WISCO's eyes widened completely. He originally thought that there are so many pirates on the opposite side, and there are missiles, how to reduce casualties, but how to land on the island, the people on this island Almost dead?

WISCO couldn't believe it at first, but his subordinates searched for a long time and found that the island did not have any resistance, and there were only some women and fishermen who were captured by pirates.

At this time, Fan Tianlei and Long Baichuan also directly boarded the island. Seeing the bewildered look of WISCO, Fan Tianlei laughed and said:

"I told you a long time ago, you don't have to be so anxious, maybe when we arrive, the task will be completed."

After working with Qin Yuan for so long, Fan Tianlei has a deep understanding of Qin Yuan's power. To be honest, it's not just some pirates. If it wasn't because they had taken the hostages, let alone Qin Yuan, I'm afraid. Their current special team can easily kill them.

Hearing such words this time, WISCO also showed a dumbfounded expression. I thought I had already looked at Qin Yuan very highly, but I didn't expect that the legendary soldier king was so powerful!

Let alone WISCO, even Long Baichuan was extremely surprised. Although Long Baichuan knew Qin Yuan's identity and had heard of Qin Yuan's record, he now saw Qin Yuan with his own eyes, and single-handedly wiped out the entire pirate group. , He could not help but be shocked.

"In addition to pirates on this island, there are also some Fusang people. It seems that the missiles on the fishing boat were brought by these people. Otherwise, relying on the ability of pirates, it is absolutely impossible to bring such missiles."

"That fishing boat has also been checked and there is no sign, but the people on the boat took the opportunity to escape, and our people are tracking it."

At this moment, Fan Tianlei and Long Baichuan both nodded their heads when they heard what kind of report. These things are no longer for the two of them to decide. They still have to continue to report, but at this moment, Fan Tianlei asked strangely. One sentence:

"By the way, did you find Qin Yuan?"

"No, Shen Ge did not find it, and Thomas, the leader of the island, also disappeared."

Wu Gang just wanted to answer, but at this moment, Xiang Yu on one side was the first to say it.

Hearing this, everyone looked at Xiang Yu a little strangely.

In fact, Xiang Yu's heart was full of resentment. You must know that he is the first God of War in the entire beast camp. When he first received the news, he had already applied to his superiors and set off quickly, but the people above did not agree.

It turned out to be better now. Suddenly someone did not obey the order and killed all the pirates, and now he was praised by these people. How could Xiang Yu be convinced?

WISCO and Fan Tianlei and Long Baichuan looked at each other, and they all understood what Xiang Yu meant, but the faces of WISCO and Long Baichuan were a bit ugly.

"Xiang Yu, to be a soldier, the most important thing is to obey orders. If you are unconvinced, wait until this matter is over."

Wu Gang frowned tightly at this time and reprimanded Xiang Yu, and when Xiang Yu heard this, he stopped talking.

And just at this moment, suddenly there was a pop in the water, and a person jumped up, and this person was Qin Yuan?

Only seeing Qin Yuan, Fan Tianlei also brightened his eyes, and hurriedly greeted him, and said to Qin Yuan:

"How? How is it?"

"Looking back, I feel like I'm going to die of starvation now, want to eat, and I have to find a doctor to check her. Although I think it's okay, I should go to the hospital for a good check."

After saying this, Qin Yuan left in a hurry. This time he expended a lot of effort, especially the slash, which almost consumed Qin Yuan's energy. Fortunately, Thomas was just a waste. It doesn't take much effort, otherwise Qin Yuan may not be able to catch up.

And seeing Qin Yuan about to leave, Xiang Yu frowned, and just wanted to ask about Thomas, but in the end he heard Qin Yuan's voice and passed it from a distance:

"Oh, by the way, Thomas is underwater. If you want his body, get it back by yourself."

All of a sudden, Wuhan Iron and Steel and Long Baichuan looked at each other. You know, this Thomas was also the ruthless man who won the first place in the Mars Military Competition, but Qin Yuan was so lightly killed?

"Lao Fan? What kind of ruthless person is your subordinate, so powerful?"

Long Baichuan asked Fan Tianlei in a little surprise' But when he heard this, Fan Tianlei smiled mysteriously and said to Long Baichuan:

"You can't ask me about this, his confidentiality level is much higher than mine!"

"But, is this too powerful?"

Long Baichuan couldn't stop exclaiming, but at this moment. Fan Tianlei glanced at Long Baichuan, and quietly said to Long Baichuan:

"He is not only good at this point, but he also has a magical medical skill. Didn't you have a physical injury before? Then why can't you take this opportunity to let him treat you well?"

"What? He can heal my injury?"

Long Baichuan was a little surprised. Although he knew that Qin Yuan had cured Liu Xiaoshan before, Long Baichuan only thought that Qin Yuan would first aid on the battlefield, but his old problems could not be cured by battlefield first aid.

"Hey, don't worry about that."

Fan Tianlei patted Long Baichuan on the shoulder and left with a smile.
