

## Special Soldier 56

Chapter 56: Universe night vision capability

Body shape moves!

Qin Yuan is like a sharp arrow shot!

flew several meters away in an instant and came to the chameleon!

Shoot like lightning!

The chameleon was directly held by Qin Yuan for seven inches!

My heart moved!

The chameleon was directly recovered by Qin Yuan into the system space with one click!

"Ding Dong~ Please choose!"

The crisp system prompt sounded suddenly!

Three brand-new options suddenly appeared!

"1, get world-class camouflage ability!"

"2, get world-class lurking!"

"3, get world-class color changing ability!"

Three options!

Qin Yuan's eyes lit up!

"Fuck! Is this option specially designed for special soldiers?"

Qin Yuan couldn't help being ecstatic!

camouflage, latent ability, but every outstanding special soldier must have basic skills!

Especially latency!

If applied properly!

can even complete tasks faster and more successfully at the least cost!

"This disguise and lurking, it's good to understand! It's just this discoloration, what is the situation? Did I choose this ability! Can I change the color?"

Qin Yuan raised his eyebrows and was very curious about the third option!

The color change principle of chameleon is to adjust the nano crystals on the skin surface to change color by changing the refraction of light.

But on the surface of Qin Yuan's skin, there are no nanocrystals!

Naturally, the refraction of light cannot be changed!

Could it be that.....

I chose the third option, the system will make my skin grow nanocrystals?

I think about this!

Qin Yuan couldn't help but shiver!

shook his head quickly!

"With Lao Tzu's ability! Maybe you don't need lurking and disguise at all! As for this ability to change color? It's even more tasteless!"

Qin Yuan immediately eliminated the third option!

"I choose 2!"

lurking and disguising!

Qin Yuan chose to hide!

As for the ability to disguise?

With Qin Yuan's current ability!

completely useless!

is the lurking ability! Can be used in many occasions!

comes in handy!

"Ding Dong~ Congratulations to the host for your successful selection! Get world-class lurking!"

"World-class lurking! It can make the host perfectly hide its own breath and lurking perfectly! 10 meters away from the target, 100% undetected!"

"Fuck! Can you hide your breath perfectly? And, 10 meters away, you can guarantee that you will not be discovered? Is it so powerful?"

an instant!

Qin Yuan realized the horror of this ability!

For example, Qin Yuan stood more than ten meters behind Fan Tianlei!

As long as Fan Tianlei does not turn around, does not see Qin Yuan with his own eyes, or while Fan Tianlei turns around, Qin Yuan also perfectly shifts his position and moves behind him or behind obstacles, preventing Fan Tianlei from looking directly at him To!

Fan Tianlei would never discover the existence of Qin Yuan!

"This ability! It's too strong!"

Qin Yuan is very satisfied with this!

For a moment——

A mysterious breath wanders around Qin Yuan's body!

Qin Yuan only felt for a moment, his body seemed to undergo a miraculous change!

He has feelings, as long as he wants, this moment...

He can almost perfectly condense the aura from his body!

Feel it carefully!

indeed!

own breath, within a few meters, it can be said that there is no trace of fluctuation!

just like.....

Qin Yuan does not exist at all!

"This ability, used in special operations, is simply against the sky!"

Qin Yuan couldn't help shouting magic!

immediately.

Qin Yuan keeps searching!

Hope to find the second chameleon!

However...

No matter how Qin Yuan searched, he couldn't find the second one at all!

This makes Qin Yuan very depressed!

He still wants to strengthen his latency!

It's just that there is no chameleon now, and Qin Yuan is helpless.

But--

No chameleon was found!

But Qin Yuan found two owls!

"The range of night vision capability is only 400 meters! But this range is doubled! If the night vision capability is raised to the cosmic level! This distance will exceed the thermal imaging capability!"

"At that time, in the dark night, I directly use the night vision ability, and my actions will also be unimpeded!"

Just do it!

Qin Yuan started directly!

came to the branch under the two owls!

Raise your hand!

The two cards are like sharp blades, shoot them out!

"Cuckoo~"

The two owls were hit by Qin Yuan's universe-level poker skills and hit their heads. With a scream, they passed out and began to fall.

Qin Yuan has quick eyes and hands!

When the owl is about to fall to the ground!

Qin Yuan stretched out his hand and grabbed the two owls one by one, with one thought, one key to retrieve the owls into a new system grid.

"Ding Dong~ Please choose!"

The crisp system reminder sounds!

Three familiar options are in front of you!

"1, get perfect hearing!"

"2, get Grand Master Night Vision!"

"3, get a world-class owl laugh!"

"I choose 2!"

without hesitation!

Qin Yuan made the choice directly!

The reason why this owl was caught is for the most powerful night vision ability of the universe!

"Ding Dong~ Congratulations to the host for your successful selection! Obtained the master-level night vision ability!"

"The master-class night vision ability can enable the host to obtain perfect night vision within a radius of 800 meters, as clear as day!"

"Continue to choose! I choose 2!"

The crisp system reminder sounds!

Qin Yuan was overjoyed!

Continue to choose immediately!

"Ding Dong~ Congratulations to the host for choosing successfully! Obtained cosmic night vision ability!"

"The cosmic night vision ability can enable the host to obtain perfect night vision within a radius of 1600 meters, as clear as daylight!"

The system prompt sounds again!

Qin Yuan finally smiled brightly!

"Success!"

an instant!

Familiar feeling emerges again!

I just felt a refreshing feeling rushing to my eyes instantly!

In a moment, the transformation is over!

Qin Yuan's heart moved, stimulating the cosmic night vision ability!

In an instant...

Everything within a radius of 1600 meters is instantly visible!

1600 meters in radius, This is a very large area!

"Huh? Unknowingly, you have already approached Fatty Liu's villa?"

I saw a spot more than 1,500 meters away!

A luxurious manor is located in it!

The manor is not only very luxurious and majestic in its own building, but also the exterior decoration design is incomparably majestic. It is obvious that ordinary designers can design it!

"This Fat Liu, I really will enjoy it!"

Qin Yuan could not help but show a sneer, "But... after tonight, all the tasks here will no longer exist!"

Scan it again carefully!

Qin Yuan finally saw the figure he wanted to see!

I saw a window on the fourth floor of the villa!

An Ran, dressed in black sportswear, is standing at the window, looking at the dark night outside, as if thinking about something!

at this time--

Another familiar beautiful beauty also appeared!

is the Anfisa who had a good impression of Qin Yuan at the beginning!

Anfisa was standing beside An Ran very affectionately, smiling and chatting with An Ran.

Qin Yuan couldn't help but his eyes lit up, "This Anfisa, the action is so strange? Why does it look like she is very affectionate to An Ran?"

At last!

Qin Yuan once again confirmed and noted the location of the secret post leading to the villa!

Body shape moves!

Qin Yuan suddenly burst out all his power! !

an instant!

once again turned into a sharp arrow, shooting directly at the closest secret whistle!
