

## Special Soldier 571

### Chapter 571: Buffet challenge

Qin Yuan just remembered at this time, it seemed that this little girl was still a rich woman. In that case, Qin Yuan was naturally not welcome, and went directly to a restaurant with Shen Ge.

But when Qin Yuan followed Shen Ge to a big shopping mall, he looked at the shops around him, but he couldn't laugh or cry and said to Shen Ge:

"No wonder you are not in a hurry, you are taking me to the buffet for a long time?"

"What? Can't it? I've seen you so good. If this really took you to eat some caviar and beef, what if it really broke me?"

Shen Ge said with a smile, but soon said to Qin Yuan:

"Well, I'm kidding you. The place I booked is not here, but a western restaurant in front. I invite you to dinner, how can I go to the buffet?"

But Qin Yuan scratched his head slightly:

"Western food? I can't get used to western food."

"But I have already booked, so what should I do? Should we return the reserved place and change another one?"

Shen Ge said to Qin Yuan with a smile on his face.

"No need to be so troublesome."

Qin Yuan also nodded. Anyway, if someone invited him to dinner, he would follow them. Anyway, although Qin Yuan had not eaten Western food before, he had never eaten pork, but he had seen pigs running. The skills of eating, drinking and playing also include the etiquette of this western food.

What's more, after receiving so many skills just now, Qin Yuan is already very hungry now, so don't pay attention to so many.

But at this moment, Qin Yuan suddenly saw a banner with a very conspicuous word written on it:

"Opening a big bargain, challenge success and eat for free!"

But seeing this, Qin Yuan was stunned for a moment, and then his eyes lit up. He had nothing to challenge or challenge, but Qin Yuan was very interested in the free food delivered to his door.

"Don't go, don't go, let's take a look here first."

Qin Yuan said to Shen Ge with a lively look, but Shen Ge saw this situation, but he couldn't laugh or cry. What's the matter? I just said that I don't want to eat the buffet. Why did I stop at the door of the store?

But they didn't have much to do. Since Qin Yuan wanted to watch the excitement, then she would wait here with Qin Yuan.

At this time, a waiter stood at the door and said to these people outside:

"My friends, let me explain to you the rules of our event. The content of this challenge is to finish a special beef noodle in our shop within 10 minutes!"

"If you can't finish it, you will pay the corresponding fee, but once it can be finished, then our entire consumption will be free!"

Free for the whole show? Isn't this a cafeteria? Don't you just exempt the money for a buffet?

Hearing this, Qin Yuan looked up at the price list at the door, and found that although it was a buffet, it was still relatively high-end, costing nearly 300 yuan per person.

At this moment, the fat man in front of Qin Yuan said to the waiter:

"Brother, if I finish two or three portions of this beef noodle, will there be any extra rewards?"

It is a pity that the waiter looked at the fat man up and down, but said:

"Impossible. We know exactly how big our portion of noodles is. With a figure like you, you can't even eat one serving, let alone two or three servings."

"Really? Then I naturally want to challenge it."

After saying this, the fat man took a picture of himself at a selfie stick and said directly:

"Did you see it, friends, he doesn't believe me, then I will try to see how much I can eat!"

Qin Yuan glanced at the phone on the fat man's selfie stick and found that this person turned out to be an anchor.

And the waiter's eyes suddenly brightened, anchor? Good anchor!

We must know that now is the time when the Internet celebrity economy is at its best. If this anchor has a relatively high number of fans, wouldn't it be free to advertise this store?

Besides, even if he can eat, how much he can eat, such a fat man, no matter how much he eats, he won't be overwhelmed by his shop!

And Qin Yuan was curious about this situation. Although he had heard of such things as Internet celebrity live broadcasts, he had never watched it. Now he finally met a living Internet celebrity, he also wanted to see what such a person is like.

At this time, Shen Ge saw Qin Yuan's curious eyes and said to Qin Yuan:

"Why? You are also interested in this kind of thing. I also know the anchor just now. It seems to be a food broadcaster named Li Dazui, who seems to have millions of fans."

Hearing this, Qin Yuan was also a little surprised. He did not expect that such an anchor would have so many people's attention and support.

But think about it carefully, if Qin Yuan is also willing to open this thing, there should be many fans.

After all, when I was in the Ivia Desert, the live broadcast was impressive to many people.

Soon Qin Yuan and the anchor named Li Dazui were queued, and a group of people went directly in and sat on the table.

After all, this challenge is not carried out one by one, but like a meal' Everyone is assigned a number plate, which can save time.

The people in the restaurant were also very kind and supportive of the anchor named Li Dazui. When he saw this, Qin Yuan scratched his head a bit and asked Shen Ge:

"Why should they treat her so nicely? Is it because he is a celebrity?"

"Of course not, you think, even people like me know Li Dazui, and occasionally watch his live broadcast, so as long as the taste of this store is good, it is equivalent to a free advertisement. A lot of people come here to check in and spend, doesn't the boss just save money on advertising?"

Shen Ge smiled and said to Qin Yuan, and when he heard this, Qin Yuan also nodded without understanding, and then smiled and said to Shen Ge:

"You really understand these things."

"Then there is no way, who let my family do business? Although I joined the army, I have been fascinated by my eyes since I was a child. Naturally, I know the ideas of these businessmen clearly.

Shen Ge said softly.

Chapter 572: Intentionally or unintentionally contest!

However, when Qin Yuan also put a big beef noodle in front of Qin Yuan, Shen Ge was a little surprised and said:

"No, you really plan to eat it? If you eat the buffet, wouldn't the place I booked earlier be wasted?"

"It's okay. The country now advocates diligence and frugality. Everything you eat has already come up. Naturally, you have to finish it. As for the western restaurant you mentioned, it's okay. I will try it after I finish eating this big bowl of noodle That's it."

However, when the two people were talking, someone was constantly pushing away the food in front of them, clutching their stomachs, stood up humbly, went to the counter to pay the money, and then left.

This portion of beef noodles is really too much. Even a normal adult man can barely finish half of it. Most people are still normal people. Even if they try to eat a few more bites, they don't. Maybe eat this portion completely.

Seeing such a situation, Shen Ge also looked at Qin Yuan speechlessly, completely wondering how to describe Qin Yuan.

At this time, Li Dazui had already started to eat, and he was eating while interacting with the audience in the live broadcast room.

"Awesome, look at him eating so fast, he has eaten half of it in just a few minutes, I think this Li Dazui will definitely be able to challenge success!"

"Isn't this nonsense? We still don't know what Li Dazui usually eats. Let's see how many servings he can eat now."

"I think I can eat three servings, you see, there are a lot of portions!"

"I bet 4 copies!"

A group of water friends communicated with each other in the live broadcast room, but at this moment, someone suddenly played an exclamation mark for a long pass!

"I'll go, look at the man behind!"

At this time, the audience in the live broadcast room looked at the background of a few passers-by behind Li Dazui. They were surprised to find that Li Dazui had just eaten half of it, and the man behind it had all eaten it!

"I'm going! Great!"

"Is there a few minutes? I guess it's not even three minutes. Such a big bowl of noodles are all eaten?"

After Qin Yuan finished eating this large bowl of noodles, he thought it tasted good, and shook his hand to the waiter, and said softly:

"Boss, give me another one."

Almost everyone in the store was paying attention to this Li Dazui, and Qin Yuan was sitting next to Li Dazui. Naturally, what he said was inevitable and could be transmitted to the live broadcast room.

The shopkeeper was also shocked when he heard this. He has been in today's challenge for a day. Even if someone with a gift can finish a serving, he is already humming. This is the first time I have seen that there are people who want to refill the cup!

However, the owner quickly became excited and said directly to the waiter:

"Hurry up, hurry up, give him another copy!"

But after hearing this, the waiter did say with a puzzled look:

"That's wrong, boss, don't we rely on Li Dazui to increase the popularity of our store?"

But the owner of the shop said to the waiter in an annoyed manner:

"Idiot! I have succeeded in the challenge now. Naturally, I can continue to eat in our store, and you don't think that if this Li Dazui competes with this man, that is the real thing that can get out of the circle. !"

Hearing this, the waiter also understood. I ran away quickly and served Qin Yuan a bowl.

At this time, Li Dazui, who was live broadcasting, was shocked when he saw this situation.

Someone can eat faster than him?

And when Li Dazui turned his head, he found that Qin Yuan indeed had an empty bowl in front of him, and the second bowl had already arrived!

I saw that under such circumstances, Li Dazui was also interested. You should know that he is a veritable big stomach king. When he first became famous, there were many big five and three strong men who came to challenge him. In the end, those people were even It was a group, all of them were defeated, but unexpectedly, I met a handsome boy with a white face in this place and gave him the second?

This can't work, isn't it going to throw the scene?

Li Dazui's eyes rolled around, and then directly said to Qin Yuan:

"Brother, do you mind if I change my position?"

At this time, Li Dazui directly asked Qin Yuan, and Qin Yuan took a look and found that if Li Dazui changed the position, he would be able to take pictures of his front face directly, but he could only take pictures before. To the profile.

Seeing this situation, Shen Ge just wanted to say something, but Qin Yuan nodded directly: "Okay, it's up to you."

After all, in Qin Yuan's view, the other party hadn't affected him, it was just that he changed a position on his table.

But after hearing this, the spectators in the live broadcast room laughed loudly:

"The bar is on the bar! Li Dazui is on the bar with this man!"

"If you don't talk nonsense, you must compare, otherwise everyone will be convinced!"

"Do you think this guy is here to find faults?"

"Who knows, but this guy is really edible. I have been paying attention to this person just now. The portion of noodles in front of him is quite large and eats very fast."

And Li Dazui also discovered that this guy is almost like a machine. He stuffed the noodles in front of him into his mouth without chewing. It was horrible!

No, no, I have to speed up, or I will be killed by this guy!

But Li Dazui reluctantly finished the noodles in front of him, and heard a voice from behind him:

"Boss, add another one!"

At this moment, Li's mouth was completely stunned. I went, how did this guy's mouth and stomach grow?

Now Li Dazui is also completely panicked. He has to speed up. If there is too much difference from this person, even if he eats more than others, it is inevitable to be laughed at!

But how can he be too anxious about things like eating! The more anxious Li Dazui is, he feels that his stomach fills up faster, and when he finally finished the second bowl, he couldn't eat anymore. Up!

And when he turned his head, Qin Yuan behind him had already finished the fourth bowl!

"It's over, you must lose to the other party now!"

Li Dazui panicked, and speeded up again, but at this moment, he suddenly felt uncomfortable in his stomach. He gave a scream and screamed and fell on the ground!

And seeing this, the shop owner also opened his eyes wide!

That's it!

Something happened!

At this moment, a group of people hurried over yelling, trying to lift Li Dazui up to see what happened to this guy.

But they hadn't lifted Li Dazui up, and a voice came from behind:

"Don't move him, he can't move now!"

Chapter 573: Accident

Yep?

Hearing this sound at this time, everyone was stunned for a moment, then turned around and found that it was Qin Yuan who stood in front of this Li Dazui!

And when I saw Li Dazui down in the live broadcast room just now, it was completely exploded!

"I'm going, what's going on, big mouth really eats up your body?"

"What are the people around you doing in a daze? Don't call an ambulance to save people!"

"Why does this person say not to get up? Did he look at his mouth falling down and come to see a joke!"

Countless doubts are constantly emanating, and not only the people in the live broadcast room, even the shop assistants also look at Qin Yuan with a strange expression.

But just take advantage of your heat to avoid watching others die, right?

But Qin Yuan didn't seem to see these people at all. He squatted down directly, then put his hand on Li Dazui's belly, squeezed it lightly, and Li Dazui rattled and suddenly sat up!

"Huh! What's wrong with me?"

Li Dazui looked around and said in disbelief.

"You just choked on something."

Qin Yuan said lightly, just now Li Dazui was just a small problem, and he didn't even need to ask Qin Yuan to take out the silver needles, just using massage techniques would be enough to cure him!

And everyone around him was relieved, especially the shop owner, who fortunately came over, otherwise, if something really happened, he really didn't need to do it in this shop!

"Oh, thank you very much, if it weren't for you, I didn't know it would be like this today!"

Li Dazui is also a man of temperament, holding Qin Yuan's hand and can't help expressing his gratitude, but when he saw the bowl on Qin Yuan's table, he screamed:

"I'll go, I'll work for a while, have you finished the fifth bowl?"

After hearing this, Qin Yuan looked back and said silently:

"Oh, I said, why would you be choked for a long time, are you going to play against me?"

"Uh, hey, brother, you forgive me, isn't this for live broadcast effects!"

Li Dazui was also a little embarrassed, but Qin Yuan shook his head, and compared to his eating speed, it was simply seeking a dead end!

After all, Qin Yuan has strengthened his teeth and strengthened his stomach, and he has consumed a lot of energy today. It is just when he can eat, let alone a big mouth, even if it is a total of ten big mouths. He must be able to catch up with Qin Yuan.

Qin Yuan now is a real rice bucket!

"Okay, I understand you live broadcast, but the most basic point for eating is to fill in the stomach. It is best to do what you can. Also, the country is now advocating food conservation. It is enough to eat as much as nine minutes, and eat too much. It's not healthy either. Look at your belly, it's time to lose weight."

Qin Yuan actually has no idea about Li Dazui. Although their special forces climb the ice and lie in the snow, and in some difficult areas, let alone eat and drink like this, even boiled noodles may not be able to eat well, but as long as it is these people who respect them and do not do anything to commit crimes, and Qin Yuan will not discriminate.

After all, the reason why these soldiers are fighting is to allow more people to live a life of food freedom.

Only after hearing what Qin Yuan said, Li Dazui looked at the bowl on Qin Yuan's dinner table, and was speechless for a while, you let others eat less, you have done 5 big bowls, what's the matter?

But they didn't dare to say anything more, after all, they were really awesome, and they had eaten five bowls abruptly, and they were really big stomachers!

But after saying these things, Qin Yuan turned around and smiled at Shen Ge, and said to her: "Let's go, then we will go upstairs to eat steak!"

"What?"

Hearing this, the people around were completely confused. Damn, I haven't eaten enough yet. After eating 5 large bowls of noodles, I still have a stomach to eat steak?

Shen Ge also looked at Qin Yuan with surprise, but she was a little used to Qin Yuan's abnormalities, so she smiled and left the store with Qin Yuan.

It's just that in the live broadcast of the big stomach king world, there is a legend, that is, a man who killed 5 bowls of beef noodles!

In the end, Qin Yuan and Shen Ge had a steak and went straight back to the sea training ground. Shen Ge gave Qin Yuan the car and got off halfway. After all, she had other things to do.

Qin Yuan drove the car and returned directly to the sea training ground, but as soon as he arrived at the Hisense factory, he discovered that a bus had come on the beach!

Seeing such a situation, Qin Yuan's eyebrows jumped slightly. What does this mean? Are those tourists coming?

But soon, Qin Yuan remembered a plot in his mind, that is, the lease period of the sea tour field, I am afraid it is about to arrive, the people of Dingsheng Group have come to reclaim the land.

"Brother Yuan, it's okay, it's okay. Someone has come to mess up the place, what shall we do? Directly slash them?"

Zhang Chong saw Qin Yuan coming, and rushed up quickly. Reported to Qin Yuan, but when Qin Yuan heard this, he couldn't laugh or cry for a while, what age is this, how could he act on these people.

What's more, people have formal procedures, and it is only natural to use a higher rent to get this piece of land. On the contrary, they can only get out if they can't afford a higher price.

And Qin Yuan also feels that there is not much need for the sea training ground. After all, although it is close to the beach, there is actually not much infrastructure. ' seems relatively desolate, if the sea training All of these people in the field went to the animal camp, and naturally there would be better conditions to receive training, presumably it wouldn't be a problem now.

But there is a problem, Qin Yuan scratched his head, that is, he still has a character, and he must hide his identity. If he returns to the beast camp now, then the people in the beast camp will inevitably see them training like this. Scream, then Qin Yuan can't hide his identity.

So Qin Yuan thought for a while, let's continue renting this sea tour field for a while.

But at this moment, a voice rang in Qin Yuan's mind:

"Ding Dong, the host issued a task, and without using personal money, persuaded the Dingsheng Group to abandon the sea training ground and let the village committee continue to rent the sea training ground to the Marines. The task is completed and a grid is awarded."

I go? Actually came to the task?

Qin Yuan's eyes suddenly lit up!

He had just spent 5 squares, and he felt that his pocket was a little empty. He didn't expect that this kind of thing would be able to get a task.

Chapter 574: 1 condition

However, seeing the description of this task, Qin Yuan scratched his head.

It is not allowed to use personal money!

At the beginning, Qin Yuan was thinking that he would directly buy the land of the sea training ground with his own money, and then give it to the Marines.

After all, Qin Yuan is also rich, and he doesn't have much way to spend money. If it can be used in useful places, Qin Yuan will not be stingy.

But this is all over, the system does not allow him to use his own money!

Qin Yuan remembered clearly that now the other party had obtained the contract in black and white. It was not so easy to make these profit-oriented businessmen give in.

In the original book, it was because of Liu Xiaoshan's sacrifice, so after they obtained a \*\*\*\* military uniform, Jiang Xiaoyu used his own three-inch tongue to convince these people directly!

But now because of Qin Yuan, Liu Xiaoshan is still alive, then where are they going to get this \*\*\*\* military uniform?

At this time, Jiang Xiaoyuliushan and Deng Jiuguang both ran over, and they were obviously worried about this matter.

This is Liu Xiaoshan who saw Qin Yuan and said with a look of embarrassment: "Qin Yuan, what should we do about these things? He has already signed the contract, and we probably have to move now."

And Deng Jiuguang also said with a gloomy look: "We have lived here for 8 years, and we have already remembered all the plants and trees here in our hearts. Now let us go, it is really very reluctant."

For Liu Xiaoshan and Deng Jiuguang, the two of them had already regarded this place as their home. As a result, this home has become someone else's, and they are naturally full of unhappy faces.

But Jiang Xiaoyu, who had just recovered, volunteered and said:

"Leave this to me. How did I use these three-inch tongues to fool these people away!"

Hearing this, the eyes of the few people suddenly lit up. They had all experienced how much this Jiang Xiaoyu can fool.

But when Qin Yuan heard this, he shook his head and said to Jiang Xiaoyu:

"It's not appropriate, even if you really fudge them away, but they still have a contract in their hands, they can still react to it in the end. What should we do when they come again? This matter must be completely followed. The root is solved, once and for all!"

Hearing this, Jiang Xiaoyu nodded, and Lu Yan also made a suggestion: "Then we should go directly to the leaders of the village committee to discuss it, and see if we move it with emotion, know it and understand it. Maybe it will make them change their minds."

"You can rest assured to do it boldly. I will take them to climb the mountain after a while and take them a few laps to see if they dare to attack us."

Jiang Xiaoyu also said directly to the people. After all, for them, walking a few kilometers on the mountain road is nothing, but for these people who often sit in the office, it is a lot of suffering.

But Qin Yuan also shook his head gently, and said directly:

"It's still the same sentence. Now that the villagers have signed the contract, even if they change their minds, we can't get the other party to pay the liquidated damages."

"Then what to do? It's not okay, that's not okay, then we can only watch and look for it and be taken away by them!"

Zhang Chong was also a little anxious at this moment, but Qin Yuan smiled and said directly to Zhang Chong:

"Bald, can you drink?"

"Who wouldn't be able to drink, let me tell you, our karda, normal adults start at a pound!"

Hearing such words, Qin Yuan also showed a satisfied smile, and said to Zhang Chong:

"Well, if you can drink, then come with me."

"What exactly is Qin Yuan going to do? If it's just drinking, we can do our best."

At this time, Liu Xiaoshan and Deng Jiuguang looked at each other and said directly, but Qin Yuan shook his head and replied to the two of them:

"It doesn't matter, you two put your heart in your stomach and see if I find a way to get this sea tour field over."

After that, Qin Yuan took Zhang Chong, drove the jeep, and returned to the city again, and Zhang Chong was curious about why Qin Yuan brought him to the city, and he was facing someone who came by. , This person is Shen Ge!

"Qin Yuan, why are you back again? Are you still not full?"

At this time, Shen Ge looked at Qin Yuan and said curiously.

But Qin Yuan just showed a mysterious smile, and said to Shen Ge: "Yes, I am indeed not full, so there is one thing that needs your help!"

"what?"

Shen Ge was full of doubts. Qin Yuan had eaten so much just now, and he was not full, but when he saw Qin Yuan's mysterious smile, he realized that this fellow Qin Yuan must have other plans!

"Get in the car, let's tell you in the car!"

Qin Yuan directly pulled Shen Ge into the car, and as he watched Qin Yuan's stretched hand, Shen Ge was flushed.

After Shen Ge sat in the co-pilot, he asked Qin Yuan:

"By the way, Qin Yuan, you haven't told me, where are we going?"

"This time the task, but you really can only solve it!"

Hearing this, Shen Ge was taken aback, and Qin Yuan was just telling the whole story to Shen Ge!

"What? My dad did such a thing!"

At this time, Shen Ge was also frowning. She really didn't expect that her father would actually do business to the army!

"So this matter can only rely on you!"

When Zhang Chong heard this, he was shocked and said to Shen Ge:

"My goodness, it turns out that Staff Shen you are from Dingsheng Group?"

"I'm not from Dingsheng Group, it's just that my dad is the boss of Dingsheng Group, but don't worry' I will be on your side in this matter."

Shen Ge saw Zhang Chong's horrified look, and said with a smile, but when it came to this, Shen Ge glanced at Qin Yuan while driving, and said to Qin Yuan:

"It's not impossible to ask me to help this matter, but I have a small condition, I hope you can agree."

Yep?

Qin Yuan was also lascivious when he heard this. Originally, he felt that he had saved Shen Ge, and this woman should help him free of charge. Why did he still propose conditions now?

However, Qin Yuan nodded, and said directly to Shen Ge:

"Okay! As long as this condition is not excessive, then I will agree."

But Zhang Chong, who was on the side, waved his hand quickly and said directly:

"No, no, you are a member of the Dingsheng Group, then staff member Shen, what should I do if the people of the United Dingsheng Group cheat us on Brother Yuan? You quickly talk about the conditions. After we listen, we will consider whether to agree or not!"

Chapter 575: Shen Ge's little trick

"Don't worry, don't forget, Qin Yuan saved me twice, how could I do anything to harm him, but sometimes, he needs his help."

Shen Ge said to Zhang Chong with a smile on his face, and when he heard this, Qin Yuan also shook his head and said directly:

"Okay, as long as it is something that does not violate the moral law, as long as I can do it, then I will promise you, heroine, hurry up, Jiang Xiaoyu doesn't know how long it can be delayed!"

"See, Qin Yuan has already agreed."

Shen Ge smiled like a little fox. He glanced at Zhang Chong, and Zhang Chong touched his bald scoop and nodded:

"Okay, then I won't say anything in this case."

"Hey, let's go, I'll take you to see my father's company."

After that, Qin Yuan drove this car all the way, heading directly towards the Dingsheng Group's original non-stop, and while this was on the road, Zhang Chong also helped Shen Ge to explain what was the reason for this.

Hearing these words, Shen Ge's brows frowned slightly. He really didn't expect that his father would do business to the army!

You must know that even in the eyes of Shen Ge, this business is not very good. After all, although the scenery of the sea training ground is good, all kinds of transportation are a little inconvenient. In the same year, it is still necessary to build a large hotel. The initial investment is a lot, and within a short period of time, it is impossible to form too much benefit.

Therefore, this time, Shen Ge intends to express emotions and reason, and must help the sea training ground to do this thing.

Soon, they went directly to the front of a building, and this was the headquarters of Dingsheng Group. When they reached the door of the building, the security guard at the door saw the appearance of these three people and directly stopped them:

"Three, what do you do? Who do you want to find, do you have an appointment?"

But after hearing such words, Qin Yuan did frown. What's going on? It seems that the people of Dingsheng Group don't know Shen Ge.

And Shen Ge also glanced at this guy, and said lightly:

"I'm here to find Shen Yijun."

"Shen Yijun?"

This bodyguard thought for a long time before he figured out who Shen Yijun was. Suddenly his eyes widened and he said loudly:

"You dare to call our chairman's name directly!"

But Shen Ge is standing here, looking at the security guard with slanted eyes. She wants to see how arrogant and domineering the people of their Dingsheng Group are!

The security guard saw the look in Shen Ge's eyes, and his expression was bad, and said directly to the three people:

"The three of you come with me, register here first, make an appointment, if the appointment arrives, then come again, our chairman, you guys can see you, if any cat or dog can see us Chairman, isn't he busy?"

"Oh, what are you talking about, crippled man? Who is a cat or a dog!"

When Zhang Chong heard this, he suddenly felt a little blown up. He grabbed the top of the security guard's neck and wanted to do it. The security guard was also a little frightened. He really did not expect that the man in front of him would be so powerful. Pick him up directly!

"Damn, alert!"

The security guard knew that he would definitely not be Zhang Chong's opponent, so he directly pressed a siren in his hand, and suddenly a group of people ran towards this side.

"Let him go!"

These security guards immediately surrounded the three of them, but Qin Yuan sighed long after seeing this situation, and said to Zhang Chong:

"You can't be honest for a while and see how things get done like this and how we can negotiate at that moment."

After Zhang Chong heard this, he was also stunned to put down the security guard, and the security guard was extremely proud, patted his collar, and said to Zhang Chong:

"You think this is over, you have to apologize to me when you do it!"

"Hey, give you a face, right?"

Zhang Chong couldn't hold back his anger when he heard this, but Qin Yuan held him down, and pointed at the Shen Ge on the side.

At this time, Shen Ge's face was so gloomy and terrible. She really didn't expect to be able to show off in front of Qin Yuan and Zhang Chong, but who would have thought that she was a majestic young lady who didn't even have a door Go in!

At this time, Shen Ge frowned and said to the security guard:

"Call your manager here!"

"Who is calling me?"

At this moment, a voice came from behind the crowd, but after this person squeezed into the crowd, he saw the surrounded Shen Ge, but he screamed:

"Miss?"

At this moment, this manager-like person quickly walked to Shen Ge's side, and said to Shen Ge eagerly:

"Miss, I don't know what the wind is, it has blown you over, welcome!"

But after hearing such words, the security guard was completely confused just now. What's the matter? This woman turned out to be the eldest!

Isn't it said that the daughter of their chairman went to serve as a soldier? Why do you have time to wander around here?

However, the security guard took a close look at the figures of the three Qin Yuan, and immediately understood that these three people were just not wearing military uniforms. Looking at their figures, they were obviously soldiers!

"It's over, I'm in trouble!"

At this time, the security guard screamed ' and almost fainted, and Shen Ge saw this situation, and said to the manager indifferently:

"Uncle Chen, I want to go to my dad for something today, but this security guard is really too dedicated, so I didn't go in at all, just a little curious. Is the security attitude of our Dingsheng Group so domineering? We still Did nothing, they are going to lock us up first?"

Hearing this, this manager Chen also understood, and said directly to Shen Ge:

"I understand, I will take care of this matter, miss, now the chairman is in a meeting, you follow me."

Hearing such words, Qin Yuan's heart moved, looking at this Uncle Chen, there was something strange in his eyes.

After this group of people got on the elevator and went straight to the top floor, then the manager Chen knocked on the door for Shen Ge, and a group of people immediately entered the office of the chairman of the Dingsheng Group!

And in the office, there is a precious swivel chair. On this swivel chair sits a middle-aged man who is not angry and prestigious. This person is Shen Ge's father, Shen Yijun.

Chapter 576: The strength of a soldier

At this moment, Shen Yijun saw the person coming in, his eyes lit up, he quickly stood up and greeted Shen Ge:

"Oh, my dear daughter, how did the wind blow you today?"

Seeing Shen Yijun, Shen Ge also showed a smile, and said directly to Shen Yijun: "Dad, I don't miss you anymore, so I brought two comrades to see you."

"Okay! Come here, you guys, sit down quickly."

Shen Yijun greeted, and then these few people were seated, but looking at Shen Ge, Shen Yijun said with a hint of teasing:

"Alright, you little girl, can I still not know? Did you encounter any difficulties in the army? So I came to your dad for help. You have been in the army for so long and come to see me. There are not so many times. Let's talk quickly. Your dad is also a soldier. If I can solve any difficulties, I will definitely help you solve them!"

Zhang Chong is also a retired soldier, but he served as a soldier earlier, so he directly caught up with the wave of retirement, and after retiring, he also stepped into the sea to do business.

And in the past few decades, he abruptly changed from a poor boy to the boss of this big company with a net worth of tens of billions, and he is also a powerful figure.

Heard this. Shen Ge also smiled quietly, and said directly to Shen Yijun:

"Well, now that my dad has guessed it, then I will say that I did encounter a problem this time, and it is still a big problem!"

"Let's talk, I think my daughter is a smart person. The problem that can be stumped by you is definitely not small, it doesn't matter, no matter what problems you encounter, my dad will support you."

Shen Yijun did not take this matter to heart at all, but, hello, after hearing this, he said directly:

"With the words of my father, then I can rest assured that there is a real estate company that has taken a fancy to a training field of our Marine Corps, and it is going to demolish this training field to build a hotel. It's so big, the people in our training ground are simply no match for others, but I am so angry!"

When Qin Yuan heard this, his eyes suddenly brightened, alas, this Shen Ge really has a set, and he used this method to make Shen Yijun submit!

And Zhang Chong, who had been silent on one side, also showed a trace of excitement.

Sure enough, after hearing such words, Shen Yijun also narrowed his eyes and became completely angry:

"What! There is a real estate company that dared to break ground on the head of the army? Is this too courageous? Don't worry, girl, your dad is not for nothing for so many years, although I dare not say that it is the number one real estate. Business, but those people on the road will give me some face and tell me which company is so bold. I will send them a message directly!"

"Oh, dad, you are so kind to me, but you must help us get back this venue, but you have to listen well, the name of this company is called Dingsheng Group!"

"Haha, it's just a peak... Um? Dingsheng Group?"

Shen Yijun heard half of it and wanted to take a big deal, but when he heard the name of this group, he was completely stunned.

It turned out to be his own company!

And seeing his daughter's expression like a little fox, Shen Yijun suddenly understood that he must have been tricked, but he didn't care about this little thing either. Instead, he lowered his face and asked directly at Shen Ge. :

"What the \*\*\*\* is going on? People from Dingsheng Group, why did they go to take the land of your navy?"

Shen Yijun really didn't know about this. After all, he was the boss, and there was no need for him to intervene in some small orders in the company.

What's more, it is only in the investment signing stage. The signing fee is only a small number for Dingsheng. If this matter is to reach his ears, at least the matter must be discussed.

After hearing these words, Shen Ge quickly hit the iron while it was hot to add fuel to the matter and explained it to Shen Yijun.

But when he heard what happened, Shen Yijun stood up abruptly, slapped heavily on the table:

"This group of guys are just fooling around, how can they fight for ground with the troops?"

And seeing Shen Yijun's angry look, Qin Yuan was also taken aback. He now finally understands why Jiang Xiaoyu in the TV series just took a blood coat to make these people change their minds.

It turns out that this Shen Yijun is also a man of temperament. Although he has become a businessman now, the military temperament in his bones still exists. If he really meets a businessman who is driven by profit and ignores other interests, let alone one The blood coat is gone, even if Jiang Xiaoyu gets 100 blood coats, it is still useless!

"Hmph, these people are simply daring to do something like this. Okay, girl, I will be the master of this matter for you, and I will definitely solve this matter completely!"

Hearing such words, Shen Ge suddenly jumped up in excitement, rushed directly to Shen Yijun's side, and kissed Shen Yijun's face, like a little girl, and said to Shen Yijun: "Dad Thank you so much!"

And Shen Yijun also smiled, and said to Shen Ge:

"Isn't it right? I'm doing business like this. I don't touch anything about the military, let alone you who spoke this time. You wait here for a while, and I will let them deal with this matter later. Solve it completely."

"Hehe!"

Shen Ge was also extremely happy, blinking at Qin Yuan and Zhang Chong.

However, when Shen Yijun saw Qin Yuan and Zhang Chong, he was also a little interested, and said to Shen Ge:

"By the way' You haven't introduced me yet, who are these two people?"

Shen Yijun was very interested in the strong Zhang Chong and the determined Qin Yuan.

"Oh, let me introduce you, this one is called Zhang Chong, and this one is even more remarkable. His name is Qin Yuan. He saved me before."

"what?"

Hearing this, Shen Yijun's eyes suddenly widened, and he quickly stood up, holding Qin Yuan's hand:

"Oh! It turned out that you saved my daughter. Thank you so much. I was thinking about finding an opportunity and thanking you so much. But then the army said that this matter was kept secret for the time being and there was no way to make it public, so I It can only dispel this idea."

When Shen Ge saw his father's appearance, he chuckled and continued:

"Of course, let me tell you dad, this is a remarkable figure, and he is called the God of War in our army!"

Chapter 577: Run out of trouble

"Oh?"

Hearing this, Shen Yijun was also a little surprised. He originally thought Zhang Chong would be better, but now it seems that he guessed wrong.

Looking at this invisible man, I didn't expect it to be so powerful.

And Shen Yijun also stood up directly and said directly to Qin Yuan:

"Okay, you two, I promise to do this for you. Just wait here. Within three hours, I will definitely give you a satisfactory answer. Although I am no longer a soldier, I used to be Soldiers, then you will be a soldier for your whole life, and you will never do anything to sorry soldiers."

And when he heard this, he also stood up and directly saluted Shen Yijun:

"Thank you so much!"

"Haha! Okay, so why don't you take advantage of this opportunity to have a drink? Daughter, you haven't had a drink with me for a long time."

Shen Ge heard this, turned his head and glanced at Qin Yuan, and Qin Yuan smiled slightly and nodded.

After all, face is mutual. People help themselves to accomplish things without saying a word, but just drink some wine, so naturally I want to give him this face.

After that, Shen Yijun took a few people to the meeting room of their group to have a drink and food together.

The Dingsheng Group is indeed a big company. The things in the living room are relatively precious. Zhang Chong's eyes glowed when he saw it. He grabbed a roast duck and started chewing.

And Qin Yuan nodded when he looked at the delicious food in front of him, but he had already eaten a lot of food before, so it's not good to have a big meal at this time, or would he scare Chen Ge to death? Up?

The last few people were all seated, and Shen Ge also told Qin Yuan to save her before.

Hearing this, Shen Yijun's eyes were indeed full of yearning and envy. To be honest, when he was a soldier, his greatest wish was to be able to kill the enemy on the battlefield. It is a pity that the troops they belonged to were not in The elite troops at the forefront did not have time to participate in the war, and he had already retired!

"Oh, it can only be said that the progress of our army is really unimaginable, especially the navy. When I was a navy, it was really only chased and beaten by others, but now it's fallen. All are like dumplings. We Yan people are no longer afraid that others will bully us at sea!"

Shen Yijun sighed from the bottom of his heart, but when he heard this, Qin Yuan smiled and said directly to Shen Yijun:

"It's not just at sea, wherever they dare to bully us again!"

"That's that. You're right. I heard a piece of news before. It seems that an army member of ours has directly reversed the situation in a country. Is that really amazing? I can't even imagine it, too. I don't know who this hero is, and if I have a chance to meet him!"

At this time, Shen Yijun also looked at the distance with reverence. To be honest, although he had watched the live broadcast at that time, the soldier's face had always been camouflaged. They didn't even know this. Who is the bit?

And Shen Ge glanced at his father sullenly, and said to him:

"Oh, dad, you also came out of the army. Do you think such a character would be very public? I guess, when this hero retires, maybe we will know who he is."

"Yes, yes, I just think about it!"

Shen Yijun was savagely eaten by his daughter, but he was also cheerful.

Qin Yuan laughed when he heard this.

Because of the heroic mission that Shen Yijun admired, he stood in front of him and drank with him!

However, in this case, Qin Yuan would not say anything, but raised his wine glass and said to Shen Yijun:

"Well, for our hero, we have a drink!"

"it is good!"

Shen Yijun was also extremely excited. He drank a small glass of liquor directly. After the glass of liquor was down, Shen Yijun's face became a little red and white, and he obviously couldn't bear it.

"Oh, dad, drink more slowly!"

Shen Ge saw Shen Yijun's appearance, which was also a piece of comfort, and Qin Yuan also drank this glass of wine. Although his drinking volume is good, he has no interest in this kind of liquor. Drinking is just a good atmosphere. When he was on his own, he would not take the initiative to drink.

Naturally, these people talked very happily. Shen Yijun's drink volume was also good. Although he couldn't drink too quickly because of his age, he ate a bottle abruptly.

And Qin Yuan and Zhang Chong didn't need to say much. Zhang Chong came from the northeast. For him, this bottle was not too large. As for Qin Yuan, it was like drinking water.

Seeing that he was almost drinking, Qin Yuan also stopped slowly. After all, drinking too much is not good for the body. Moreover, Shen Yijun is already old. If he continues to drink, he will wake up more Uncomfortable.

But at this moment, the door was suddenly kicked open from the outside! A group of people hurried in from outside!

Hearing this voice, Shen Yijun was immediately a spirited spirit. The drunken expression on his face just disappeared in an instant. He turned his head and looked at the group of people who walked in with majesty and whispered:

"What are you doing? Didn't you see that I was receiving important guests!"

"Haha, Chairman Shen, what do you mean? I finally took this land down, but you said to throw it away. Do you know that we have prepared a plan for this land? This is to overturn all our previous plans!"

A young man headed at this time, said to Shen Yijun angrily, and threw the plan in his hand directly on the table.

Seeing this situation, both Shen Ge and Shen Yijun frowned. Qin Yuan was also taken aback for a while and asked Shen Ge in a low voice:

"Who is this guy?"

"A very annoying person. His name is Zhang Moren. He is the general manager and second shareholder of our group. He is also the son of my father's partner. It's just that my father's partner has passed away, so the partner's share of It fell on this guy, but this kid has always wanted to \*\*\*\* my father's position as chairman!"

Shen Ge also said to Qin Yuan with a somewhat ugly expression, and when he heard such words, Qin Yuan also understood what the identity of this guy was, and nodded slightly.

"Zhang Moren! Are you going too far? You said you made a plan for this land, then I don't know why this plan is!"

At this time, Shen Yijun said angrily. He really didn't expect that this guy would not give him face so much, and directly pushed this matter to the front!

Chapter 578: bet

But Shen Yijun's face was full of anger, Zhang Moren's face was also full of anger.

To be honest, he originally wanted to use this piece of land to sneak a fatal blow to Shen Yijun, but who would have thought that as soon as he got this piece of land, Shen Yijun had discovered it. This plan He was strangled to death in the baby before it started. How could this make Zhang Mo not angry?

But for this piece of land, Zhang Mo people have invested a lot in it, and even signed a contract with the people above, to build a subway here in the city!

If the subway is repaired, then this piece of land will be a gold ingot!

But who would have thought that the supporting measures around this area had already been fixed, but this land would not work!

If this piece of land is not available, all the things he put in before will be finished!

And when he heard Shen Yijun's words, Zhang Mo's expression changed. To be honest, he had always done these things without the knowledge of Shen Yijun. He originally wanted to use this thing as his own capital to be able to participate in the next chairman election. At the time, good canvassing!

But now that Shen Yijun has found out, he can't say it straightforwardly, he can only say to Shen Yijun with an ugly expression:

"Is there something wrong with me? It's not all for our company's rights!"

"Rights? How did I tell you before, our company will not compete with the troops and people for profit!"

Shen Yijun roared very angry, but when he heard this, Zhang Moren sneered and said:

"You told my dad about this. My dad has been dead for so many years, so this condition has to be changed. As long as it is something that makes money and is legal and compliant, of course I can do it. If you I don't think so, let the troops come and tell me!"

Yep?

Hearing this, Qin Yuan's expression suddenly changed. He didn't want to intervene in this matter, but when he looked at the scornful Zhang Mo in front of him, it was obvious that he didn't put the military in his eyes.

"Aren't you looking for someone from the military? Well, I am someone who can represent the military. If you have anything to do, talk to me!"

"Yes, Brother Yuan can represent it!"

At this time Zhang Chong was also bluffing and speaking, to be honest, if he hadn't been afraid of falling out of this matter, he would have gone up to beat the crippled kid!

"Yep?"

Zhang Moren looked directly at Qin Yuan, saw the clothes on Qin Yuan, but sneered, and said to Qin Yuan:

"You are an old man, but you are a big soldier. What qualifications do you have to talk to me? If you really talk to me, it will be your leader talking to me!"

"Hehe, I'm not a big soldier."

Qin Yuan looked at Zhang Moren with a smile on his face, but when he heard this, Zhang Moren was still full of disdain:

"What can you be if you are not a big soldier? Depending on your age, can you be a sergeant? Or a second lieutenant? The lieutenant will be the best!"

"Ha ha."

Qin Yuan sneered, and directly took out his real officer ID and smashed it in front of Zhang Mo!

"Colonel!?"

And Zhang Moren took the officer's card nonchalantly, and just wanted to laugh, but after seeing the rank above, his eyes suddenly became the boss!

He really had no way of thinking that the young soldier in front of him would be a colonel!

Not only Zhang Mo, but even Shen Ge and Zhang Chong looked at Qin Yuan in shock. They knew that Qin Yuan might have a military rank, but they didn't expect that Qin Yuan was a colonel!

This is a colonel. Even if some people work for a lifetime, they may not be able to reach this point. And the guy in front of him is still so young, isn't it a certainty that he can become a general!

Zhang Mo's arrogance also wilted. He was not afraid of Qin Yuan, but of the forces behind Qin Yuan. He is a colonel at such a young age. I don't know how many bigwigs are protecting him. This guy is tough, then he is looking for death!

However, Zhang Mo was unwilling to let him swallow this breath, and when he saw the wine bottle on the table, he immediately thought about it and said to Qin Yuan:

"Huh, since everyone is from Yan country, then we will follow the rules of Yan country. There are many of you, and we also have a lot of people. Then everyone simply compares and sees who has the best drinking capacity and who can sit. On this table, whoever speaks counts!"

And when he heard this, Shen Ge's face suddenly changed. This guy was still shameless. They had already drunk three or four bottles of liquor. At this time, he said he wanted to compare the drinks with them, not to mention Zhang Mo. People brought seven or eight people, which is actually more than their number!

"Zhang Moren, are you too much? We've already drunk halfway through. You said we want to compete with us. We simply went to the board of directors to see who is taking care of this matter!"

"Hmph, go and go, you think I'm afraid of you, I have already got the contract for this soon, and doing this thing is very good for our company, do you think those on the board of directors will face you? ?"

At this time, Zhang Mo arrogantly said to Shen Ge that he was not afraid to go through the program at all, but he was afraid of future troubles. He knew too much about young people like Qin Yuan. As long as he made a run, he would be fooled. At that time, as long as they set a gamble, even if they lose money, this kid will not move out of the characters behind him to suppress himself!

"you!"

Shen Ge was dying, she really did not expect Zhang Mo to be so shameless, but Qin Yuan slowly held Shen Ge's hand, shook his head at Shen Ge, and then turned to look at Zhang Mo on the opposite side. people:

"You mean ' As long as I drink and win you, then this land is ours?"

"Yes! I'm afraid you dare not!"

After hearing this, Qin Yuan laughed completely, but Shen Ge said to Qin Yuan with anxious expression on his face:

"Qin Yuan, we can't drink anymore, you have already drunk a lot, and there are so many of them, we are definitely not opponents, let's think of other ways."

But Qin Yuan waved his hand. To be honest, if it were to be compared with hard power, they might be better than the opponent, but Qin Yuan didn't want General Cosway, because this matter helped him out.

And the contract has indeed been signed. If the other party insists on holding on to the contract, he has no good way. Since the other party has already thrown out this pretext, he naturally wants to grab it, isn't it just drinking? Trivial!

"Well, let's make a note!"

Qin Yuan said to Zhang Mo with a smile on his face!

Chapter 579: Forcing alcohol

"Established paperwork?"

Hearing this, Zhang Mo's face suddenly became angry, this kid said such a thing, didn't he completely ignore him!

"Okay, you just need to set up a written record, but even if it's a written record, it's not with you. Shen Yijun, do you have the courage to gamble with me? If you lose this time, then the project will be completely released to me. !"

Although Zhang Moren is very angry, he still has a small abacus in his mind, even if he wins Qin Yuan, what about it? So now he must find a way to pull Shen Yijun into the water!

But Qin Yuan sneered after hearing these words too much, and said directly to Shen Yijun:

"Mr. Shen, I don't know if you believe me or not!"

"Hehe, what's unbelievable about this? Okay, then we will sign the contract now. If we lose this time, I will give you this project completely!"

Shen Yijun also looked at Zhang Moren and his subordinates with a look of anger, saying that if you lose, you don't lose, even if they are in a disadvantaged state, they can't be scared to death by these people!

Hearing Shen Yijun's answer, Zhang Moren's eyes flashed with excitement. As long as there were Shen Yijun's words, he wouldn't be doing it for nothing this time!

"Hmph, don't take a \*\*\*\*\* and take a picture of yourself. You see how many of you are left. We have a few people, even if it's 1 to 1, you are not my opponents, and I'm telling you that I recently

found a new secretary. , This guy is still the king of wine, usually weighs four or five catties, not to mention we have so many people, even if he is alone, it is enough to put you all down!"

And following Zhang Moren's words, a man with the appearance of a secretary stood up directly and looked at Qin Yuan's person with a smile on his face!

After seeing this person, Shen Yijun's face changed. He just paid attention to this Mo Ren, but he didn't care about the people around Zhang Mo Ren!

At this time he noticed this man!

At this moment, even Shen Yijun felt a little flustered. He had heard of this wine king, and he was indeed a very famous person on the wine market!

And this guy's most famous record is that he drank more than a dozen people alone, and those who drank had stomach bleeding, but this guy still had nothing to do.

But Qin Yuan smiled slightly, and said directly to Zhang Moren and the secretary in front of him:

"Okay, it's the mule and the horse drawn out, just talk big, then who can't?"

However, Shen Ge was cautious and worried and said to Qin Yuan:

"Qin Yuan, can you really do it? The strength of this group of people is indeed not weak, otherwise we will give up temporarily and think of other ways to solve this matter. If you really drink something wrong, I But I can't afford it!"

Shen Ge really didn't expect this kind of twists and turns. She originally thought that as long as she said it, she could do it, but who would have thought that Zhang Mo would suddenly come out!

But Zhang Chong on one side said:

"Hey! Staff Shen, you can't say that very well. How can we soldiers be scared to death by others? If you don't think it will work, then I will drink your share!"

And when he heard that sentence, Qin Yuan also chuckled, and said to Shen Ge:

"Zhang Chong is right. We are soldiers. Of course, we shouldn't be scared by these people. Besides, isn't it just drinking? It doesn't matter who can drink before!"

"Hmph, bragging is good, I have the ability! I put the contract here, drink our group of people, and take it away!"

Zhang Moren arrogantly said to Qin Yuan with disdain, he understood that Shen Yijun was completely dead, and Shen Ge was just a woman, so they probably only needed to fix Qin Yuan and Zhang Chong!

"Hmph, you deflated, arrogant, I will come first!"

Zhang Chong stared at the bull's eye and rushed over, grabbing Zhang Mo by the collar of the neck, and then lying on his back with the remaining hand, smashed the cap of a wine bottle, which was more than 50 degrees. The white wine was directly directed into his throat and poured in, his eyes filled with endless provocations!

In the end, the whole bottle of liquor was drunk by Zhang Chong abruptly. Then Zhang Chong snapped open another bottle of liquor and said to Zhang Moren:

"Okay, I'm done drinking, now it's your turn!"

At this time, Zhang Moren, looking at Zhang Chong's appearance, was also a little scared. His grandma's, how could this guy be like a bull?

But seeing Zhang Chong grasping his collar's big hand, tightening it tighter and tighter, it was obviously a silent threat to him.

If you don't drink it, you may be able to decide what this reckless bull will do. Then, even if you teach him back, you should be beaten or hit him!

But at this moment, the secretary on the side spoke. He directly took the wine bottle in Zhang Chong's hand and said to Zhang Chong:

"Sir, our general manager's alcohol ratio is actually not very good, so I will do it for this glass of wine. Anyway, the competition between us is to drink everyone down, everyone is the same!"

Hearing this, Zhang Chong grinned and said directly to the secretary:

"Okay, you want to drink it too, that's okay, but it's not me, Brother Yuan, that's left to you!"

And Qin Yuan walked to the secretary with a smile on his face, and showed him a big smile.

Although Zhang Chong is more impulsive ', he is not a fool, so when Zhang Chong stood up just now, the two of them had secretly exchanged tactical gestures, and Qin Yuan asked Zhang Chong to deal with that \*\*\*\*\* of Zhang Mo, you must bleed this guy, and this more powerful secretary will be handed over to Qin Yuan himself!

"Brother secretary, since you are here to stop the wine for your general manager, let's all start!"

At this time, Qin Yuan poured a glass of white wine, another glass of beer, and even a glass of red wine. The three types of wine were mixed together and placed in a large bowl. Then he raised up and poured himself directly. After drinking the whole big bowl, until the last drop was not left, this was the turn of the bowl and looked at the secretary provocatively!

When the secretary saw this posture, he was also a little pale. Although he said that he had a good drinker, he was obviously desperate to drink like Qin Yuan's!

This Nima! Are these soldiers so good at drinking? All are bored! Don't even eat food?

But looking at the threat in Zhang Mo's eyes, the secretary also understood that the rules were set by them. If they were frightened at this time, they would have won such a good situation for nothing!

Chapter 580: Stand alone

"drink!"

After saying this, the male secretary also picked up a bottle of wine, just like Qin Yuan's just now, mixed it, and directly poured it into a whole bowl.

On this side, Zhang Chong laughed loudly, and stuffed the bottle directly into Zhang Mo's mouth, and poured it into the silent man abruptly. When other people saw this, they all sat down. I couldn't help it, and said hurriedly:

"You have to deal with my general manager first. What kind of ability is it? You can drink us down in advance!"

"It turned out to be like that. As soon as we came up, we sent our boss. What status are you? If you really drink with our general manager, you should also let Shen Yijun come!"

This group of people was bluffing, but Qin Yuan sneered when he heard these words, said directly to these people:

"Okay, didn't you say that you can't drink you down, and there is no way to irrigate your general manager? Then let's come directly, and I will do you all alone!"

At this time, Qin Yuan suddenly threw a box of white wine on the table, then poured aside a large bowl of soup on the table, and then crushed all the white wine and put it in this large bowl!

This whole big bowl actually put down 10 kilograms of white wine. Looking at this big bowl, everyone looks ugly!

Grandma's, this is 10 catties of white wine. There are only 8 people in total. Even if everyone gets an average of one person, it will be more than one catty, and this is not the usual sip, but all of them in one breath. !

If you really drink this, it will definitely be fatal!

"What? Persuaded? Didn't you say that you have to drink you first before you can irrigate your general manager? Hurry up, you can drink whatever I just drank, I'm in a hurry!"

After Qin Yuan said this, he immediately raised this big bowl. The white wine in that big bowl was like a waterfall, and he couldn't help pouring into Qin Yuan's mouth!

And watching Qin Yuan's operation like this, the eyes of the people around were completely straightened, grandma's, is this guy a god? Drinking like this is more bold than drinking water!

Even if you drink so much water, your stomach will break!

At this time, the more Qin Yuan drinks, the brighter his eyes are. He has already obtained the amount of cosmic liquor, let alone drinking such a little, even if it is 10 times more, it is not at all for Qin Yuan. problem!

At this time, Qin Yuan clearly felt that the liquor entered his body, his kidneys were constantly activating their functions, and the stomach and intestines were also constantly squirming. Soon the liquor would turn into water, directly Excretion from your body will not cause any harm to yourself at all!

But these people in front of you won't have this ability!

And the secretary gritted his teeth when he saw this situation, just like you, Qin Yuan, picked up these white wine and poured it into the big bowl, just like Qin Yuan, slurping, but drinking While drinking, he spouted out!

This is a full 10 kilograms of liquor, even if the liquor is water, he can't drink it!

The secretary-like person dug his throat and couldn't help vomiting out. He felt that he had to spit out the liquor now, or he might really die!

"Fuck, Zhang Qiang! Didn't you mean that you are the king of wine? How come it just doesn't work like this?"

Zhang Moren, who was on the side at this time, looked at the secretary in horror, knowing that if the secretary fails, it will be his turn to drink!

But Qin Yuan gently put the bowl in the secretary's hand on the table, tapped the side of the big bowl with a chopstick, and made a soft noise, and said to the people in front of him:

"Okay, this one has fallen, who of you continues to help him drink?"

After hearing such words, all of those subordinates turned pale. You know, this secretary is already the most alcoholic of them, and in the end, this secretary has fallen down in the face of him. What about their group? May be able to hold it?

At this time, a middle-aged man saw the situation, and when he gritted his teeth, he picked up the big bowl and drank it, but only two seconds later, this guy just vomited out, even With a trace of blood!

"Fuck! It's bleeding!"

"Hurry up to the hospital!"

This group of people was bluffing and wanted to leave immediately, but Qin Yuan threw a chair at the door with a bang, and said to these people:

"Want to leave? Today's gambling game hasn't been completed yet. If you don't lie here one by one, no one will want to leave!"

After saying this, Qin Yuan stepped on the middle-aged man's belly again, and the man suddenly spit out a series of liquor.

"Don't worry, I am a doctor, I won't let you just die like this!"

Qin Yuan looked at these people with a smile, but when these guys saw the middle-aged man at Qin Yuan's feet, the cold sweat on his back kept falling, even if what Qin Yuan said was true. , But this is such a treatment method. Are you sure it is not killing but saving people?

Seeing that the middle-aged man was venting more and getting less gas, this group of men was completely panicked.

One of the fat guys wearing glasses knelt down to Qin Yuan and said to Qin Yuan:

"We were wrong, we were wrong, I don't want to drink anymore, Manager Zhang, this is my resignation. I will resign from the company now. I am not under yours. Who wants to do something like this? Up!"

You know, the reason why they followed Zhang Mo is just to make money, but looking at the miserable situation of the middle-aged man in front of him, this is obviously to lose his life!

If it is for the money ' to lose their old life, what use is they making so much money?

And this fat man seemed to set an example for these people. Soon, all these people threw and threw down to Qin Yuan, and kept begging Qin Yuan for mercy!

Seeing such a situation, Qin Yuan also laughed hehe and said to these people:

"Okay, if that's the case, then you guys get out of here!"

And these people suddenly ran out like a pardon!

Seeing such a situation, Zhang Mo's eyes suddenly widened. The group of people ran away, but he himself was caught by Zhang Chong, and he couldn't run at all!

Zhang Moren had a very bad premonition in his heart. Sure enough, he had just turned his head and saw Qin Yuan picking up the large wine bowl with a trace of blood and walking towards him:

"Manager Zhang, all your subordinates are gone, so, does this bowl of wine need you to solve it?"
