

## Special Soldier 58

Chapter 58: Crazy kill!

At the same time, the other side!

Lone Wolf and Raiden Commando, everyone suddenly heard a burst of gunfire from inside, they were all surprised!

"What's the matter? Hasn't the attack been launched yet? How can there be gunfire!"

"Oh, that kid must have been found, let's hurry over!"

Both teams have guessed that Qin Yuan was the one who had the problem!

directly attacked the villa!

"This Qin Yuan! Really! This time it will hurt us miserably!"

"I really don't understand what the chief of staff thinks! He even gave this guy the right to special action! This time An Ran will be murdered miserably!"

Thunder God, Yama and others all turned blue!

Especially Thor, he cares and messes.

He has always had an endless affection for An Ran!

"Huh! If something really happened to An Ran. I would never make you look good!"

Thunder God snorted, and immediately led the people to the villa at the fastest speed!

But as soon as they arrived nearby, they had already discovered the dead secret whistle, and these secret whistles were all killed by one blow!

As an observer, the little bee directly climbed to the top of the tree, picked up the telescope and looked in the direction of the villa, but was a little shocked to find:

"Strange, it seems that there was a gunshot, and Qin Yuan should have let it out, but why I didn't seem to find anyone except for a small group of dead bodies?"

"What? Let me see!"

Hearing this, Thor also climbed directly to the tree and took the telescope in Little Bee's hand!

But at this look, Thor's eyes widened directly!

Because he saw Qin Yuan, he was behind another patrol team!

At this time, Qin Yuan was like a ghost, just wandering in the courtyard! And it has always been hidden in the blind spots of these people, and they have not been discovered by these people!

"Damn, what latency is this!"

At this time, the king of Yama who was watching with another binoculars also screamed, after all, Qin Yuan's situation is really thrilling!

If anyone accidentally raises his head!

Then Qin Yuan will directly face a dozen guns!

will be dead by then!

But Qin Yuan forcibly avoided everyone's sight!

This is simply impossible for humans to do!

At this time, Qin Yuan, with a hint of excitement in his eyes, slowly moved to the back of this group of people!

"Someone!"

The people on the patrol team just saw Qin Yuan at this time, but it was already too late!

bang bang bang bang!

Qin Yuan shot directly, and as soon as these patrol members turned their heads, they instantly felt that their eyes were dark, and they couldn't see anything!

Say it's too late, then it's fast, Qin Yuan fired 6 shots instantly within one second of falling, and they all hit the eyebrows of these patrol members!

Before these people had time to make any response, they were immediately killed by Qin Yuan!

You should know that these people are not ordinary people, but the elite who survived all the battles, I don't know how long they have stayed under Fatty Liu, and there are countless blood on their hands, but such people are easy. Killed by Qin Yuan!

Qin Yuan killed the second patrol team, and naturally it was discovered by others. These people screamed and shot Qin Yuan instantly!

And Qin Yuan's figure moved, and instantly disappeared in place!

After staying for a while, Qin Yuan began to counterattack. The 95 bullets seemed to have grown eyes, and instantly killed all the bodyguards rushing up.

And Qin Yuan discovered that no matter how these people dodge, his bullet can always hit the other's eyebrows!

In this way, the opponent might not even have the ability to make a temporary counterattack!

Qin Yuan's mouth suddenly showed a sneer. Sure enough, his marksmanship ability is so terrifying, even if he does not deliberately aim, he can still impress the opponent's vital parts!

Those bodyguards couldn't think of it, Qin Yuan had only one person, but he could carry out such a massacre against them!

Looking at people's own companions, they all fell to the ground like dumplings. These people were also a little flustered and never dared to rush out again!

But they want to run!

Qin Yuan would not let them go easily!

With a movement, he rushed directly! The rifle in his hand fired one after another, killing the last few people instantly.

If someone were here, they would be able to see the mercenary bodyguards, without any wounds, just at the center of the eyebrows, with a trace of blood flowing out!

Thor, who was watching from a distance, was already stunned!

He took a breath and couldn't help but marvel!

"Qin Yuan, is this so powerful!"

Thor was shocked to discover!

The truth is that Qin Yuan was not discovered!

Is Qin Yuan slaughtering this group of targeted criminals? ? ?

"Ah, Thor, is it a bit dangerous for us to rush out like this?"

The King of Yama said a word, but Thor directly put the telescope away:

"It's still a dangerous fart, if we go by a while later, I'm afraid we won't even be able to drink the soup!"

When everyone heard this, they were also shocked, and then hurried to the villa in a hurry.

At this time, on the second floor of the villa, a group of bodyguards were standing by.

They naturally heard the gunfire downstairs just now, but before they rushed out, they heard that the gunfire downstairs had stopped, and they were naturally shocked.

The people downstairs died so fast, this is a reminder for them!

These people, even if they rush down, they are giving away their heads!

So these people hid in the corner one by one, aiming their guns at the stairs that came up.

But at this moment, I suddenly heard the sound of broken glass coming from the window.

These bodyguards turned back quickly, and just wanted to shoot, they saw a figure flashing directly in front of them!

"So you guys are waiting for me here. "

Qin Yuan sneered, and then rushed directly into the crowd!

And these people just wanted to shoot, but they found that Qin Yuan had already arrived in front of them. They all had semi-automatic rifles in their hands. If they shot in the crowd, they would inevitably get injured!

But Qin Yuan had already arrived, and a mercenary was ruthless in his heart, and the gun in his raised hand was directly smashed towards Qin Yuan!

But Qin Yuan in front of him looked like a phantom, a black shadow flashed across his hand, directly inserted into these mercenaries!

Everyone took a closer look and found that they were actually playing cards!

This is not over yet, Qin Yuan directly raised the gun in the hands of the corpse in front of him, and with a light hook, the semi-automatic rifle was instantly activated, directly smashing these people into a sieve!

Looking at the bodies of these people, Qin Yuan sneered and said disdainfully:

"Idiot, knowing that I'm going up, dare to get together!"

It was only three minutes, and the more than 30 bodyguards on the first and second floors had all died in Qin Yuan's hands!

At this time, Fatty Liu, who was on the top floor, suddenly frowned when he heard the gunshot from below:

"What's the matter, why hasn't it been resolved?".

"Liu Sang, if you can't do it, then we will send someone down and don't disturb our drinking pleasure."

At this time, sitting in front of Fatty Liu was a man in a black kimono. This man had a short moustache on his mouth. He was obviously a Fusang man!
