

Special Soldier 581

Chapter 581: Grid to hand

And hearing such words, Zhang Moren's face instantly became extremely ugly!

Zhang Moren looked at the secretary who had fallen, and looked at the subordinates who had dispersed in a rush, his heart was cold!

He was still thinking about taking advantage of the large number of people to take this matter down, but who would have thought that these two people could drink so much!

Especially Qin Yuan, this is like a ***** in wine, drinking is more enjoyable than drinking water!

How should he deal with an opponent like this?

Zhang Moren squeezed out a smile that was worse than crying, and said to Qin Yuan:

"This... this... Can I give up?"

"Hehe, admit defeat? How can this work? You haven't tried it. You know you can't finish this bowl of wine. Believe in yourself and be a little confident!"

Qin Yuan said with a smile on his face, but Zhang Moren's smile became even more bitter.

Sure enough, this kid would not let him go.

But Zhang Moren couldn't help it, because the hand Qin Yuan grabbed his shoulder was like iron pliers, so hard that he couldn't stop it at all!

"I drink! I drink!"

Looking at this bowl of wine, Zhang Mo said in despair, and then took a lightly tasted, but at this moment, Qin Yuan was a little bit, lifting the bowl of wine, the bowl of wine was suddenly gulped. It poured into Zhang Mo's stomach!

"you!"

Zhang Mo was struggling, but how could his strength be comparable to Qin Yuan!

At random, he could only watch Qin Yuan helplessly, and poured a bowl of wine into his body. After a while, all the bowl of wine was filled, and Qin Yuan released Zhang Mo directly.

But Zhang Mo had no time to have any reaction, so he squeezed his throat and wanted to spit out all the wine, but unfortunately he hadn't vomited much, the wine was already on his head, and he fell into the filth.

Seeing this guy's tragic situation, Shen Ge and Shen Yijun on the side couldn't help but applaud!

"Deserve it! Let you dare these things sneakily! Let you take advantage of the fire! Let you force us to drink!"

At this time, Shen Ge walked directly in front of Zhang Moren, and kicked Zhang Moren's ass. Qin Yuan also saw Shen Ge's appearance, and he smiled and said directly to Shen Ge:

"Okay, take him to the hospital quickly, I guess he is going to have his stomach lavage now."

In fact, when Qin Yuan took Zhang Moren just now, he simply checked him and found that this guy had already spit out a part of the wine. Although it would still be uncomfortable, it would not kill him.

And Qin Yuan took the contract directly, looked at the text on it, and nodded in satisfaction.

Now that's all right, the contract has been in the hands of their sea training ground, and they have been given a sea training ground for free!

And seeing this, Shen Yijun, who was standing on the side, also laughed, and said to Qin Yuan:

"Qin Yuan, Qin Yuan, I really want to thank you this time. If you hadn't drunk them directly, then I wouldn't be able to handle it this time!"

Although Shen Yijun is the chairman of the board, there are several directors who are similar to him. If Zhang Mo's project is really profitable, then other directors will inevitably unite to advance the project. At that time, Shen Yijun's majesty, It is a major blow!

More importantly, Qin Yuan directly drank Zhang Mo people into this virtue, so why Zhang Mo people need to rest for a few days in the hospital, and Shen Yijun can take this opportunity to take advantage of Zhang Mo people's subordinates. Pull it up!

Moreover, Zhang Moren has gone so many capable officers, and for a while, his strength will definitely be empty. It is a good time for Shen Yijun to start!

However, Qin Yuan was completely disinterested in what Shen Yijun was going to do, he just smiled. Said to Shen Yijun:

"You don't dare to take credit. Although I drank them down, all of this is for your face. If it weren't for you, they wouldn't bet me like this, and it's even more impossible for us. Get this thing!"

"You are just humble!"

Shen Yijun directly patted Qin Yuan on the shoulder, and said with emotion to Qin Yuan:

"This **** is always staring at my position. If it weren't for you, I might have really fallen this time, but it was a blessing in disguise. Taking this opportunity, I could swallow Zhang Mo. There are a lot of people, so I really want to thank you this time. I decided to donate a sum of money to you. Thank you very much!"

"Dad!"

Shen Ge angrily said to Shen Yijun:

"You can't accept foreign funds casually in the army. Have you forgotten this?"

"Oh? Ah! I was negligent on this."

Shen Yijun said with some embarrassment, but although the money cannot be given directly, Shen Yijun has remembered this kindness!

"In this case, Qin Yuan, I will ask you to call you brother. I assure you that from today onwards, you will be my younger brother of Shen Yijun. If you have anything to do, as long as you tell me, I will go through fire and water. !"

After saying this, Shen Yijun couldn't hold on anymore and fell straight down.

He also drank a lot of wine just now. He was not drunk before. It was just because he was worried about Zhang Mo. Now that Zhang Mo's affairs have been resolved, he has nothing to do. Naturally, he can rest in peace.

After hearing this, Shen Ge suddenly widened his eyes!

What?

Want to be brothers with Qin Yuan?

Wouldn't he become Qin Yuan's niece!

This sinking pigeon is completely stunned!

She didn't expect that would be a generation lower for nothing!

"This old man, wait for me to see if I will let you drink in the future!"

Shen Ge was half-dead with anger at this time, but now Shen Yijun has already gone to sleep, even if she is angry, it will not help!

However, Qin Yuan smiled, and this time he had a lot of gains. Not only did he get the contract from the sea training ground, but he also got an extra niece!

"Okay, you two go back first, he drank so much wine, I will take care of him first!"

Shen Ge said to Qin Yuan and Zhang Chong, and Qin Yuan smiled tacitly when he saw Shen Ge's somewhat blushing and angry eyes, and left with Zhang Chong.

"Ding Dong, the host has completed the task, and without using personal money, persuaded the Dingsheng Group to abandon the sea training ground and let the village committee continue to rent the sea training ground to the Marines. The task is completed and a grid is awarded."

Qin Yuan was even more satisfied when he heard the sound of the system. He drove this car and returned to the sea training ground.

Chapter 582: Joint exercise

After returning to the sea training ground, when Liu Xiaoshan and Deng Jiuguang saw the contract for the sea training ground land in Qin Yuan's hands, they couldn't help but tears in their eyes.

They finally got their home!

And Zhang Chong was even more delighted, and directly explained how Qin Yuan had poured out those shameless businessmen.

Everyone admired Qin Yuan again. They didn't expect that Qin Yuan would solve the matter so easily.

A few days later, Qin Yuan was happily basking in the sun in the sea training ground, but the brigade commander of the animal camp suddenly notified him to see him.

After that, Qin Yuan was puzzled and went straight to the office, but before meeting the brigade commander, Qin Yuan met an acquaintance, it was Long Baichuan.

At this time, Long Baichuan looked at Qin Yuan with a smile, and said to Qin Yuan:

"The God of War among the fangs is indeed very famous. How long have you been here, you have taken away the first God of War in our beast camp."

Hearing such words, Qin Yuan immediately understood that it must have been caused by the fellow Xiang Yu. This fellow had previously said that he would come to the sea training ground and train with him, but this fellow could be regarded as a platoon. Long, a well-known figure in the beast camp, it is estimated that the brigade commander will not release people so easily!

"Xiang Yu has nothing to do with me. If you don't want him to come to the sea training ground, then just refuse it directly. Why do you call me over?"

Seeing Qin Yuan's helpless look at this time, Long Baichuan also directly said to Qin Yuan:

"Haha, the brigade commander called you not only because of Xiang Yu's affairs, but also other things to discuss with you, this time I am afraid I need your help."

Hearing this, Qin Yuan also nodded. I went directly into the office and just met the brigade commander. At this moment, the brigade commander saw Qin Yuan coming, and said to Qin Yuan excitedly:

"Qin Yuan, in view of your outstanding performance, your superiors have decided to grant you a military medal. Don't refuse this matter. Even if you hide your own identity, you still need to be rewarded for making great achievements."

Hearing this, Qin Yuan also shrugged his shoulders. In fact, he didn't have a special cold with things like military medals.

But fortunately, this kind of thing can also increase prestige. If you accumulate more, you can change to the grid, so Qin Yuan does not intend to refuse, let alone what the brigade commander said is right. If you want to hide your identity, then don't Is there any difference from others!

Seeing that Qin Yuan did not refuse, the brigade commander also nodded and said directly to Qin Yuan:

"Qin Yuan, since you have made great contributions now, do you want to leave the sea training ground and return to our animal camp?"

And when he heard this, Qin Yuan shook his head directly. How good is he to stay in the sea training ground to train those veterans. If he gets to the beast camp, what moths will come out?

"Thank you for the kindness of the captain, but the scenery of the sea training ground is so good, I am very comfortable staying there, so I don't need it."

Hearing Qin Yuan's refusal, the brigade commander looked a little helpless. To tell the truth, he knew Qin Yuan's identity. Although he didn't know who Qin Yuan was, he knew that Qin Yuan was definitely not a simple character.

What's more, Qin Yuan has already shown his strength before, and the brigade commander also understands that people like Qin Yuan will definitely not stay in their beast camp for a long time, so he has to find a way to get rid of this guy. Take a few pinches of wool down on your body!

So the brigade commander said directly to Qin Yuan:

"Qin Yuan, I don't know, are you interested in the joint military exercises?"

Yep?

Hearing this, Qin Yuan's eyes suddenly lit up!

Is the joint exercise about to begin?

"Ding dong, the system will release the task. In the joint exercise, the enemy will be praised and a grid will be awarded."

When Qin Yuan heard this voice at this time, his eyes lit up!

Unexpectedly, there will be grids in this joint exercise!

Originally, Qin Yuan was not particularly interested in this joint exercise. After all, Qin Yuan had no idea about being a prisoner of others.

But this is different if there are tasks!

At this time, the brigade commander looked at the smile on Qin Yuan's face and said directly:

"We will give you a very important task this time. Don't let me down."

At this time, the brigade commander showed a very chicken-thief's smile, but Qin Yuan shook his head. What is a very important task, isn't it just to be a prisoner?

It was no problem for Qin Yuan to single-handedly overturn all of these people, so he didn't take this exercise very seriously, but since there are grids, it doesn't matter.

"Okay, brigadier, I know, I will definitely take part in this exercise."

Qin Yuan greeted, then turned and left.

But Long Baichuan looked at Qin Yuan's leaving back, but looked at the brigade commander with a puzzled expression, and said to the brigade commander:

"Brigadier Commander, you have already seen the strength of Qin Yuan. Is it too unfair to the other personnel in the exercise to let him participate in this exercise?"

Long Baichuan knew exactly how powerful Qin Yuan was. If a big shark like this fell into a small pond, he still didn't know what kind of wind and rain it would stir up!

But when he heard what Long Baichuan said, the brigade commander showed a mysterious smile and said to Long Baichuan:

"Hey, in fact, I knew about this a long time ago. I just want him to help, let the sea training camp people shine in this exercise. Don't you know that we were in this kind of union before. During the exercise I was always pressed and beaten by others. This time with Qin Yuan as a guarantee, I will definitely achieve a good result!"

And isn't this kid unwilling to come to the beast camp? When I waited for him to complete this mission, I directly promoted him to the first camp, and even promoted the entire sea training ground to the animal camp. I heard that Liu Xiaoshan and Deng Jiuguang's injuries have already Okay, how could a character like this throw them in the sea training ground! "

But when Long Baichuan heard this, it was a sudden realization. It turned out that the brigade commander had such a mentality, so he didn't say anything any more, and directly saluted a military salute and turned to leave.

But Qin Yuan, who was hiding in the distance, narrowed his eyes at this moment.

He just noticed that there was something wrong with the brigade commander's smile, so he didn't leave at all. Instead, he hid aside, opened his super hearing ability, and wanted to hear what the brigade commander wanted to do.

"It turns out that this guy still has such a plan, hehe, since this is the case, then I will do a good job for you, let you know that I am not that easy to use!"

Qin Yuan murmured, he already had a plan in his heart.

Chapter 583: Qin Yuans plan

After making up his mind, Qin Yuan made a plan and returned to the sea training camp.

Qin Yuan had already made plans. Although the brigade commander wanted Jiang Xiaoyu and the others to return to the beast camp, it was good, but Qin Yuan disagreed with this dishonest method.

And Qin Yuan also got a task, that is, to obtain the recognition of the enemy. This task seems to be very easy for Qin Yuan to do, but Qin Yuan feels that he must be more difficult!

So after Qin Yuan arrived at the sea training camp, he directly told Jiang Xiaoyu and others about this matter.

"Huh? Let us be prisoners? No way, no way, this is a bad idea that crippled guy came up with, I'll go and beat him! Grandma's, don't bring such a bully! It doesn't matter if we are not allowed to participate in the exercise, You still want us to be prisoners. Do you look at us like prisoners?"

"That's right, if this spreads out, what can we do about our reputation? If this Azhu knew that I was a prisoner in the barracks, wouldn't he despise me!"

At this time, Zhang Chong and Jiang Xiaoyu both looked unsatisfied. They had been training here for so long, and they were holding a sigh of breath. When they wanted to send it out, they unexpectedly received such treatment. Let them naturally be full of dissatisfaction!

And hearing such words, Liu Xiaoshan and Deng Jiuguang also looked a little ugly. It stands to reason that the people in the beast camp have already known about their situation, so even if the people in the beast camp don't give them any help, it will not be enough. Let them be prisoners!

But as the masters of the three, especially as a soldier, they know that obeying orders is a soldier's true vocation, so Liu Xiaoshan directly said loudly:

"What are you doing, what are you doing, right? Everyone feels that their wings are hard, don't they? This is an order given to us by the superior. No matter what the order is for us, we must agree to it! Let's talk about it. What's not good about being a prisoner, it's relatively easy to be a prisoner, let alone being able to observe how the entire exercise is going on, which is very good for you!"

At this moment Liu Xiaoshan said this, but his face was constantly twitching, even if it was his own strong suggestion, there was no way to convince himself, after all, this reason was indeed unreasonable.

If Zhang Chong and Jiang Xiaoyu's people are still the same as before, they are just a group of recruits, then it is enough to be a prisoner. It is indeed possible to obtain a lot of things, but now Zhang Chong, Jiang Xiaoyu and others, all Having been training for so long, they are even stronger than some warriors who have experienced many battles. As a result, they were asked to sit on this cold bench. Even Liu Xiaoshan felt very uncomfortable in his heart!

And Deng Jiuguang said in a calm voice:

"Okay, Lao Liu, you still don't want to say something like this. You don't feel bad when you say this. I think the brigade commander just wants to use this method to force us back. Okay, we don't

have to wait. Here, let's just go back. If these three people really go to beat the prisoners, I feel bad about it!"

After saying this, Liu Xiaoshan also nodded, and Deng Jiuguang was about to leave immediately, but Zhang Chong, Jiang Xiaoyu and others looked at these two people with worry.

They understand very well that, based on the personalities of these two people, if they go back, they will definitely lose their tempers, and they may have trouble making things happen!

But at this time, Qin Yuan spoke:

"Hey hey, you two stop, what are you doing?"

And when they heard this, Liu Xiaoshan and Deng Jiuguang stopped with their faces blackened. In this sea training camp, Qin Yuan's right to speak is not low. They are also willing to listen to Qin Yuan's orders, but this matter, It still makes them feel a little uncomfortable.

Jiang Xiaoyu looked at Qin Yuan, then at Liu Xiaoshan and Deng Jiuguang, and suddenly turned around. With a move in his heart, a smile suddenly appeared!

Qin Yuan also noticed Jiang Xiaoyu's small movements, shook his head, and said to Liu Xiaoshan and Deng Jiuguang:

"Look at you, it's not as good as Jiang Xiaoyu, he has already found out, and you two veterans, like a donkey, just want to fight hard!"

When they heard Qin Yuan's words, Liu Xiaoshan and Deng Jiuguang frowned, glanced at Jiang Xiaoyu, who was full of wonderful faces, and suddenly figured it out, and said directly to Qin Yuan:

"Qin Yuan, do you have a way?"

But Qin Yuan showed a sharp smile hehe, and then greeted these people, whispering to them.

But after hearing Qin Yuan's plan, Liu Xiaoshan and Deng Jiuguang looked at each other, but there was a trace of suspicion in their eyes, and said to Qin Yuan:

"Can this really work? Will it make a lot of noise?"

"Why can't it work? Besides, we are just doing what we should do. As for other aspects, it is those people's own choices!"

Qin Yuan said with a high-sounding face, but when Zhang Chong, Jiang Xiaoyu and Lu Yan heard this, they both showed successful conspiracy smiles.

And Liu Xiaoshan Deng Jiuguang took a look, and finally only nodded and agreed, but they did say to Zhang Chong, Jiang Xiaoyu, and Lu Yan:

"Although this plan is very good, it does have a certain degree of difficulty. The three of you laughed because you want to really make a big difference in this exercise, then you must continue to train!"

"understand!"

The three agreed in unison, and Qin Yuan also laughed, and carefully discussed the details with a few people!

But Qin Yuan showed a smile and muttered in his heart: "Brigadier commander, Brigadier commander, you really don't blame me, but you blame yourself."

After that, Liu Xiaoshan and others continued to train. If they want to complete Qin Yuan's plan, they must grow more, and Qin Yuan is no longer lazy. If the amount of training is enough every day, he will give these three people. Make a big meal and provide them with more nutrition!

Within a few days, the people in the sea training camp were notified that they were going to gather at the beast camp.

After that, they took the plane directly and arrived at the exercise site. Cars flooded into the exercise site. The entire mountain became the territory of the Navy Wolf Commando. Qin Yuan, Zhang Chong, Jiang Xiaoyu and Lu Yan and others have all become captives of the Wild Wolf Commando.

Qin Yuan looked at this group of soldiers, but there was a hint of meaningful smile in his eyes!

It's finally time for the drill!

Qin Yuan cast a wink at Zhang Chong, Jiang Xiaoyu and Lu Yan, and all three of them nodded their heads, and they also showed a smile!

The show is finally about to begin!

Chapter 584: Actual combat standard

At this time, in the captive camp of the Blue Army of F country, a bearded officer was looking at a playboy, his eyes were staring, and he was very concentrated.

And Qin Yuan, Zhang Chong, Jiang Xiaoyu and Lu Yan, four of them were escorted by several soldiers!

However, these soldiers obviously looked down on Qin Yuan and the prisoners very much, so they were not polite at all, they just pushed and shoved!

"I'm relying on you to be a deflated calf, be lighter!"

At this moment, Zhang Chong yelled at the opponent, but the soldier didn't constrain at all, but sneered and punched Zhang Chong directly in the stomach!

"I'm going, you deflated, dare to attack us!"

At this moment, Zhang Chong yelled and hit the soldier's head with a hammer, and immediately knocked the soldier stunned. Seeing this, several people around suddenly became nervous and their hands The thing, is to say hello to Zhang Chong's body!

The expressions of Jiang Xiaoyu, Lu Yan and others all changed, and they were prepared. If these people deceive others too much, they must fight back!

Seeing that this group of people was about to fight, the officer just now stood up and stopped both parties:

"Shit, you all stop!"

After stopping these people, this person frowned and said to Qin Yuan:

"You few of your current identities are our captives. If our place is a real battlefield, then you must be crippled by us, and you can still be so arrogant!"

The officer spoke to Qin Yuan and others in poor Chinese. Upon hearing this, Jiang Xiaoyu said unconvincingly:

"But this is a drill after all. You beat us like this. Are you not allowed to fight back?"

But the officer said disdainfully:

"People of Yan country, do you know that everything is based on actual combat? If the exercises are not similar to actual combat at all, aren't we playing family?"

When Qin Yuan heard this, he narrowed his eyes and said to Jiang Xiaoyu:

"It's OK, don't quarrel, let's just follow what the other party said, everything is based on actual combat, understand?"

Qin Yuan blinked his eyes directly at the three of them, and the three of them immediately understood, and then lay on the ground with an ouch:

"Oh, I can't do it anymore, I was seriously injured by you!"

"That's right, you deflated calves, each one is really too heavy to start, I really can't stand it!"

"No reason, you are simply torturing the prisoners!"

At this time, the three people directly wailed loudly. Seeing such a situation, the officer was suddenly a little dazed. Just now, the group of people was hooting and wanting to resist. Why did it suddenly become like this now?

The officer frowned and just wanted to say something, but at this moment, the three on the ground suddenly moved, stood up suddenly, and attacked the surrounding soldiers directly, shooting like electricity, but It took a few seconds to knock down all the soldiers!

And the officer's eyes suddenly became the staring boss. He didn't expect this group of people to be so bold. He just wanted to reprimand him. Just as he pulled out the gun, he felt that there was a faint chill on his neck. A cold dagger came out!

At this time, Qin Yuan's negative test sound suddenly came from behind the officer:

"Mr., since you said that everything is done according to actual combat, then those of us who are prisoners naturally have the right to escape, and we also have the right to kill you directly!"

"amount!"

At this moment, the officer heard what Qin Yuan said and looked at the dagger in Qin Yuan's hand. The cold sweat on his forehead fell out. To be honest, all the bullets in their hands were empty bullets, but these daggers Such weapons are all real!

And if this ***** really can't think about it, he wipes their necks. Although this ***** will go to the military court, his life will be completely finished!

Therefore, the officer gritted his teeth and could only say to Qin Yuan:

"Hmph, even if you are right, what can you do? We have so many people outside. Do you think you can escape?"

However, Qin Yuan smiled, and said to the officer:

"This will not bother you!"

After saying this, Qin Yuan directly knocked the officer unconscious, and then tried a wink at the three people, and all three of them laughed, and then directly hit the soldiers as well. Fainted.

Afterwards, they took off all their clothes, and tied the group of Guo men to a pillar.

But the officer was slightly awake at this time, watching the movements of Qin Yuan and others, and said weakly:

"You, you simply want to rebel, and I want to appeal to your Yan Nation military!"

"Hehe, comrade, don't forget, this time you said it yourself, everything is based on actual combat, but I recorded this, I believe it will be used as evidence at that time!"

Qin Yuan directly pulled out a small tape recorder from his ear, raised it to the officer, and then slapped the guy on the face again, making him faint completely!

Zhang Chong, Jiang Xiaoyu and Lu Yan had already changed their clothes, but they were somewhat embarrassed and said to Qin Yuan:

"Brother Yuan, although we put on the skins of these people, we look different from those people. We will definitely be recognized, so what should we do?"

"Hey Leave this to me, you guys are waiting here!"

Qin Yuan smiled, and then directly took out some things from his pocket. Looking at these things, Qin Yuan looked at the soldiers like a lamb to be slaughtered, and then he directly used the knife to All the hairs of these soldiers were shaved off!

After that, Qin Yuan went out again, avoiding the sight of Zhang Chong, Jiang Xiaoyu, Lu Yan and others, took out some things from the space, and brought them in.

And looking at the bottles and cans in Qin Yuan's hands, all three of them were surprised. Jiang Xiaoyu wanted to say: "My dear, Brother Yuan, where did you get these things? ?"

But Qin Yuan showed a mysterious smile and said to the three people:

"Okay, don't talk so much nonsense, sit down quickly, I'll give you makeup!"

make up?

Hearing Qin Yuan's words, the eyes of the three people were filled with a hint of anxiety and excitement, and then they were obediently doing well and began to ask Qin Yuan to make up for them.

Chapter 585: The ambition of 3 people!

After more than ten minutes, Zhang Chong and others looked at each other, but they were completely confused!

"Let me go, how did I become these old maozi! Bah, Lao Maozi is from the north, these people are Faji!"

"Oh my god, this is too similar, most people can't tell it!"

"No wonder we are so confident, as long as we have such a disguise, then who can know us, then we will not be able to do whatever we want in the Blue Army!"

At this time, the three of them were extremely excited. They now know how Qin Yuan's previous plan was realized!

And Qin Yuan also smiled, then turned his face into the commander, and said to the three people:

"Yes, I have never lied to you, saying that if I can take you through this barracks, I will definitely take you through this barracks!"

But at this time, Jiang Xiaoyu said with some embarrassment:

"But, Brother Yuan, we don't know the language of these magic chickens. What if we are seen through by these people?"

Hearing this, Zhang Chong's brows frowned tightly, but Lu Yan on one side said with a relaxed expression:

"We don't need to worry about this. Now that Brother Yuan has made a plan for us, we will definitely be prepared in this regard!"

Hearing this flattery, Qin Yuan tilted his eyes and glanced at Lu Yan. Sure enough, after such a long time, this Meng Sao guy had some assimilation with Zhang Chong and Jiang Xiaoyu!

However, this flattery was taken seriously, and Qin Yuan said to these people mysteriously:

"Of course it's okay. Although you don't know what they say, I will. When the time comes, you just have to stay with me and don't talk to them casually. As long as you can trick them into their first reaction, they will die. Up!"

When this is the case, the eyes of the three people are full of vigor. They have been training for so long, just wanting to be ashamed. Looking at the three of them, how do they upset the blue army? See who else dares to look down on them!

"Okay, everyone prepare and set off immediately, remember that this time, we need not only rely on fists, but also on brain! It's time to test your acting skills!

After hearing this, the three nodded solemnly, and then followed Qin Yuan with a serious face, extremely vigilant.

But Qin Yuan saw the appearance of these three people, but he patted the three people's heads angrily:

"What you said just now was when you tested your acting skills, but you showed up when you came up?"

"what?"

The three of them were dumbfounded when they heard what Qin Yuan said. Qin Yuan picked up the magazine on the ground and said to them:

"Don't forget, these people are not our Yan Nation troops, we don't need to be as serious as before, a little bit more lively!"

"Oh!"

The three of them suddenly realized, and then slowly relaxed, and began to act like Qin Yuan.

Seeing this, Qin Yuan nodded in satisfaction, then cleared his throat, walked directly to the front, and walked out with these people.

At this moment, seeing a large number of soldiers outside, the hearts of these three people are a little bit nervous. You know, even though they have undergone rigorous training, they have never done anything like it!

And at this moment, a person who looked like an officer on the side suddenly called out to Qin Yuan!

Hearing what this officer said, the bodies of Zhang Chong and Jiang Xiaoyu instantly became stiff!

"Relax. Relax."

While comforting these people, Qin Yuan greeted the officer beside him.

"@#¥%!@"

At this time, Qin Yuan greeted the French officer very enthusiastically, and the French officer replied very enthusiastically, especially when he saw the magazine in Qin Yuan's hand, and reminded Qin Yuan not to be caught. The superior found out, otherwise, this thing will be confiscated!

But the three people who followed Qin Yuan were extremely nervous. They watched Qin Yuan being stopped, thinking that these people found something strange about them!

But Qin Yuan gave them a tactical gesture, just a simple greeting, and then they just walked over!

The hearts of Zhang Chong and the three of them were immediately relieved, but Qin Yuan smiled happily and said to the three of them:

"Look, I said it, there must be no problem!"

But Jiang Xiaoyu breathed a long beard and said directly:

"Grandma, my heart was almost scared just now. If I was discovered by these people, I might be beaten to death by these guys!"

"That's right, these deflated calves are really scary. Why don't you just do it right away!"

But Qin Yuan shook his head and smiled when he heard the words of these two people, and said to them:

"Your mental qualities are not good. If you want to be the most elite special soldier, such as hidden camouflage activities, it is the most basic. If you can't do all these well, then you definitely can't be the best. Strong soldier! If nothing else, the most elite Snapdragon squad in the Navy, you must not pass!"

The strongest soldier? Xiaolong team?

Hearing Qin Yuan's words, the eyes of these three people brightened. Now they have a deep sense of admiration for the barracks. They originally thought that as long as they were able to win the Mars Championship, Then you can become the strongest soldier king!

But now that I heard Qin Yuan's words, it seemed that there were even more ambitious goals!

"Brother Yuan, can those of us become the strongest soldiers? I have heard of the members of the Xiaolong team. All of them are selected by thousands of people, even if they are alternates. We need a high degree of education, and none of us have gone to a university properly. Can we also join this team?"

Jiang Xiaoyu asked Qin Yuan inconceivably at this time, knowing that even Xiang Yu failed to join the special forces of the Xiaolong team, let alone them!

"Believe me, these are just small problems. As for those things, you can't just go back and learn them. Don't you think you are not smart enough? As long as you have enough energy, it is never too late to work hard. But these things, It's not what you need to consider now. Let's go straight to them!"

Hearing Qin Yuan's words, all three of them had their faces darkened, and they agreed directly.

That's right, now they can't pass this level. How can they join the Xiaolong team and become the strongest soldier?

Chapter 586: Doubtful Xiang Yu

"dry!"

The three people said in unison, and Qin Yuan nodded in satisfaction when seeing the state of these three people. With such three people, he has the confidence to make the world upside down directly here, otherwise he can't be alone. Up?

"Go! Let's hunt them now!"

At this time, Qin Yuan smiled happily, and then left the barracks with three people directly, but they were not too far away, but wandered around here, and Qin Yuan also directly opened his own This kind of reconnaissance ability, observe the surroundings.

His biggest idea now is to use this opportunity to train these three guys!

"About 80 meters ahead, there seems to be someone. When you see people, don't shoot them first, touch them and kill them!"

Qin Yuan said coldly, and all three of them agreed.

At this time, a group of soldiers wearing these blue army clothes were also looking around vigilantly, while the four Qin Yuan, like a gecko, lurked around, slowly approaching them!

And the soldiers of this small group finally discovered their existence, and immediately shouted: "What!"

But at this time, they were greeted by a voice:

"Don't shoot! Your own people!"

And these people were stunned when they heard this sentence, but they were stunned by a big problem!

Before, a black shadow suddenly came out, took out a dagger, and brushed it! I touched all these people's necks in an instant!

"Everyone, you have been eliminated. According to the rules of the game, you need to take off your clothes and quit this exercise!"

At this time, Qin Yuan said to these people in French with a smile on his face, but when he heard what Qin Yuan said, these people were really embarrassed. He had no idea what Qin Yuan was talking about, but a soldier said directly to Qin Yuan. :

"You, didn't you wake up, you are in the same clothes as us, what do you do with these things?"

Qin Yuan was a little dumbfounded when he heard this, and seemed to be right. They were all dressed in Blue Army clothes, and even their faces were the same as those of the Blue Army. Even if these people were knocked down by him, Won't you admit it?

You can't meet someone, just take off the pretense and show them what you are like?

However, at this time, Jiang Xiaoyu rushed out, slapped these people with a crackle, and knocked them all unconscious. This was what Qin Yuan said:

"Hey, Brother Yuan, what do you say to these people? Just knock them down. You see how they treated us before. We don't have to be polite with these people now. Everything is close to actual combat. This is still that. What the officer said!"

"Yes, yes, with my demeanor, then the next thing is left to the three of you, and I will watch for you!"

Qin Yuan directly handed this order to these three guys, and all three of them nodded with determination!

After that, Qin Yuan took these three people and kept sneaking around, but this time Qin Yuan only pointed out the direction for them, and did not take action. These three people were like tigers who had exited the gate, these ordinary people. Soldiers of country f cannot resist!

These guys shot one after another, and finally killed more than 100 soldiers. This was a reluctant stop, because Qin Yuan found that there seemed to be no blue soldiers nearby!

"Haha, it's so cool, I really didn't expect the exercise to be so interesting!"

"Haha, you made people like this bear, of course you find it interesting. Ask these people if they find it interesting?"

"What the **** is that, who made them treat us so cruelly in the first place? We just avenged and avenged our grievances. It was absolutely unambiguous. We didn't beat them to the bones! We have given them face."

After Zhang Chong finished speaking, he couldn't help but laughed, there was no way, this time it was really enjoyable!

But Qin Yuan saw what this guy looked like, shook his head, and said to Zhang Chong:

"Bald, don't be happy so early. Although you beat up these people, they are all friendly forces. If there is a war in the future, if this group of people trouble you, what do I think you do? "

"Huh, what can we do like that? Wait for them to come back with one punch and one punch, man, as long as you can vent your breath, you won't hold grudges. I think if even such a good anger can be my teammate. , It might as well not have!"

Zhang Chong said boldly, and Qin Yuan nodded when he heard this. What Zhang Chong said was correct. If it is an unreliable friendly army, it is indeed better than not!

"Then you can take advantage of this opportunity and let them take a look. Our Yan Nation soldiers are amazing!"

"Yes!"

The three people agreed in unison, and Qin Yuan looked at the spirit of these people and said directly:

"Well, since you are so confident, then I will take you to find their big troops!"

"Big troops?"

Hearing this, the eyes of the three people suddenly stared. With these four people, at most they could only surprise the snare unit and wipe out the other's vital power!

Is it possible to pose any threat to the opposing force?

"What? Afraid?"

Qin Yuan looked at these three with a smile, but Jiang Xiaoyu directly howled: "Don't be afraid!"

"Well, let's go, this time let you see what the top soldier king can do!"

When Qin Yuan said this, a sneer appeared at the corner of his mouth!

And at this time on the beach Xiang Yu brought a group of people to this beach, but looking at the empty beach, Xiang Yu's brows were tightly frowned!

"What's the matter? Why is it so quiet here? There is no one? According to normal circumstances, this place is already full of soldiers. They want to prevent us from landing!"

As a veteran, Xiang Yu was extremely wary of such a terrain. After all, it was a beach and there were no shelters around. If the opponent blocked them in this place, he would have no good countermeasures!

After all, once discovered by the other party, they can only become a living target!

"Be careful. The other party may not know where to hide. Let's break in from the jungle on one side!"

Xiang Yu directly ordered the people under him, you know, this exercise is different from ordinary exercises. It is against foreign troops, which will affect the name of their navy!

It is acceptable to lose to others, but absolutely not to lose to these people!

Xiang Yu followed the jungle on one side and slowly penetrated in!

Chapter 587: Tit for tat

But when Xiang Yu walked over cautiously, he suddenly heard a sound from his headset:

"Xiang Yu, what are these people doing? Why don't I encounter any resistance at all? How is yours?"

"It's the same on my side, but I just saw traces of fighting in the jungle. It seems that someone got here first, and there was a battle. It's just that the result of the battle, I have no way to judge!"

Xiang Yu whispered to WISCO at this time, but WISCO frowned upon hearing this:

"It shouldn't be. Our two teams are in the forefront. There will be no other teams ahead of us! But no matter what, we must be careful!"

At this moment, Xiang Yu suddenly felt a sound coming from the front, shocked in his heart, and said to Wugang:

"What seems to be strange in front! I'll go and see first!"

After saying this, Xiang Yu pushed forward directly, and WISCO was also concentrating, and soon heard a series of fighting sounds over there.

And Xiang Yu also looked ugly, because in the jungle in front of him, a large number of Blue Army people appeared, but they had no way, there was no way out, they could only bite the bullet and open fire with these people!

It's just a meeting, and their people have lost a lot!

At this time, the commanders of Long Baichuan and Lan Fang, as well as many military staff officers, were staring at the big screen, especially at some important locations.

After all, the activities this time were all exercises. They needed effective monitoring. In some places, they saw Xiang Yu and others being made dumplings. Naturally, their faces were extremely ugly!

But seeing this situation, the blue commander of the foreign army laughed loudly:

"Command Long, you are definitely doomed to fail in this exercise. In such an environment, we have an absolute advantage. There is no benefit to attacking one side. Although I know the courage and determination of your Yan people, But certain things are not determined by the will!"

But Long Baichuan remained calm, looking at the commander and saying:

"This is not necessarily true, because we in Yan State have an old saying that whoever laughs last laughs best. Although you currently have a certain advantage, the final result depends on the performance of our soldiers!"

Even though Long Baichuan had said this, he still felt very aggrieved in his heart, but now he was in front of the enemy. For the face of the soldiers of the Yan Kingdom, how could he not admit the fact that they might lose. !

But this blue commander named Wharton was extremely proud, with a faint light in his eyes, and said to Long Baichuan:

"I have indeed heard you Yan Guohua, but I also admire you very much. In this case, I can still be so calm and relaxed. I hope that when you see the results in the end, you can still say this. if!"

At this time, the two people are tit-for-tat. After all, they are both soldiers. As the saying goes, Wen Wu is the first and Wu Wu is the second. They are naturally soldiers. They all want to be the first!

Hearing such words, Long Baichuan's expression became even more ugly. He is also a professional soldier. Of course, he understands how obvious their disadvantages are. If you want to make a surprise attack, it is extremely difficult, but At this moment, he suddenly thought of a person, a smile suddenly appeared on his face, and said directly to this Norton:

"Colonel Norton, just watch it. I have great confidence in my soldiers. I may not only be able to win this time, but I may also end your command!"

When Norton heard Long Baichuan's words, his brows immediately frowned, because he could clearly see that when Long Baichuan said this, he was very sensible and didn't seem to be bluffing.

Does this guy really have a killer?

However, this exercise is different from ordinary exercises. It is only training for offensive and defensive confrontation between soldiers. Therefore, the main task of the soldiers of the Yan Kingdom is to be able to attack the blue army's hinterland, and then obtain a flag to win.

The task of their blue army is to eliminate the red force as much as possible, so the difficulty of the two sides is not much different.

But this time their main purpose is to attack and defend, and the requirements for the commander are not very great. As a result, Long Baichuan even said that their soldiers on the red side can not only win the victory, but also take down their command. Isn't it nonsense?

"Hmph, Dragon, I don't think you used to be a braggart, but I would like to see, when your soldiers are all annihilated by my soldiers, will you dare to say such a thing?"

At this time, Norton said angrily, but Long Baichuan shook his head and smiled. He sat on a chair calmly and continued to observe the battle.

At this time, on Qin Yuan's side, they had already killed a lot of the Blue Army, and this time, Qin Yuan wanted to go against the opponent's large army.

However, since he wanted to attack the opponent's large forces, he naturally needed a certain strategy, so Qin Yuan did not rush over directly, but instead circumvented sideways and avoided in a small place!

And Captain Jack, the battlefield commander of the Blue Army, heard the news from his subordinates but his eyes were staring!

what happened? How could a red team directly come to their territory and kill so many of their characters!

And according to the news from some dead corpses that have died, this group of people seems to be very powerful. They not only eliminated them one by one, but even knocked them out. They didn't even see who the other party was. What kind of person, what kind of equipment!

And the cold sweat on Captain Jack's forehead came out, you know, the people who can participate in this exercise are almost all elite.

Although the usual military discipline is not as good as that of the soldiers of the Yan Nation, the physical quality alone is capable of crushing ordinary soldiers, but such a character, in a one-to-one confrontation, is confused by the opponent. This really makes him very strenuous!

However, they have already lost a lot of manpower. If they continue to spread out, the danger is very great. They may really lose this exercise.

"Hmph, I want to see who it is, who has such a great ability, go, let's follow each other's path and find them!"

Chapter 588: Qin Yuans plan

At this time, Captain Jack was completely ruthless. He had to avenge the defeated teammates, or let this red team run wild with them, wouldn't it? Shame?

After that, Jack left here with a large group of people, but Qin Yuan had already noticed it when Jack moved. Looking at the menacing appearance of this group of people, he quickly understood what these guys wanted to do, and Qin Yuan was in his heart. Suddenly there was a hint of thought, hehe smiled, and directly led three people to change directions!

And the direction Qin Yuan is heading is exactly where the Xiang Yu assault team is located!

Qin Yuan deliberately left some traces and brought these people together, and Jack and Xiang Yu almost found each other at the same time, and the two sides immediately fought and started to fight!

Both parties were holding a fire in their hearts. Naturally, the fighting was exceptionally brilliant, and the battle losses were also great, but after all, there were more soldiers on the blue side, so Xiang Yu was also very miserable, with heavy losses. In the end there were only a few soldiers left!

Balang, who was on the side at this moment, said to Xiang Yu a little disheartenedly:

"Platoon leader, are we going to lose this time?"

"Haha, lost? Although we are at a disadvantage now, let me tell you, as long as it is not to the end, then the result will not be counted!"

At this time, Xiang Yu said resolutely, since the battle with Jiang Xiaoyu, Xiang Yu not only healed the injury, but also got some spiritual transformation. He saw someone like Jiang Xiaoyu, Can rely on persistence and perseverance to fight equally with him, and now because of some setbacks, will he take the initiative to give in?

This is absolutely impossible!

Xiang Yu suddenly took a breath and rolled out one by one. Several bullets in a row knocked down several chasing soldiers of the Blue Army. Seeing this situation, Balang's heart was shocked, and he said directly to Xiang Yu:

"Platoon leader, I found that your recent injury seems to have healed a lot. If this is the case, then you might go directly to the Mars Military Competition!"

"Mars Military Competition?"

Hearing this name, Xiang Yu showed a slight smile on his face.

If it was before, then this is indeed what he wanted to participate in this competition. After all, he has been eliminated for several years because of his injury.

Now that his injury has recovered, there is no problem in participating in the Mars Military Competition.

However, Xiang Yu now has a higher pursuit. He feels that even if he wins the Mars military competition, he must not be Qin Yuan's opponent. What he wants to challenge is not a small hill, but Everest. peak!

"Stop gossip, wait until I rush out first!"

Xiang Yu laughed in a low voice, with boundless pride in his heart, and continued to fight. A few minutes later, Xiang Yu and others finally broke through the blue army's encirclement and pursuit!

But they were so miserable that only 6 people were left.

"Go on, our mission has not yet been completed, we are going to find the command post of the Blue Army and get their flag!"

Xiang Yu looked at his remaining 5 subordinates, his eyes flashed with a hint of helplessness. He really did not expect that the damage would be so great. The 6 of them want to complete the task, I am afraid it is indeed impossible. .

However, as a soldier, unfulfilled orders are his goal. Even if there is not much chance of success, he will work hard to do it!

At this moment, Xiang Yu was thinking about what he would do if he were Qin Yuan now.

However, after thinking for a while, Xiang Yu didn't think clearly. It's not the time to think about this. If you imitate Qin Yuan now, it is indeed a bit late, you can only follow your own style!

And at this moment, Balang who was on the side suddenly screamed and said to Xiang Yu:

"Be careful, the platoon leader, there seems to be a mine here!"

"what?"

When Xiang Yu heard this, his eyes suddenly went wide. The Blues were so cunning that they even laid landmines for them?

However, when Xiang Yu saw these mines, he was also a little stunned, because he faintly felt that these mines were a little too simple to be buried, and it didn't seem to be specially designed to deal with them. Instead, they needed some reminders?

"What is going on? Don't these guys know how to mine? They don't know how to mine and have made so many useless things?"

Balang, who was on the side, also found out about this situation, and asked a question full of doubt, but when it rained, he suddenly thought of something. His eyes lit up and he said directly to Balang:

"Okay, let's not worry about so many, and cover up these mines carefully! Maybe it can slightly hinder the chasers behind. Anyway, we have few people, and there are many people behind. Their speed is absolutely impossible to have us. fast!"

Hearing this, Balang's eyes suddenly lit up, and then these people started to bury these mines.

At this time, Xiang Yu's eyes were always light, because he seemed to have thought of something. Although they were the main force in this exercise, there were still a group of people who did not participate in this exercise. They were a group of real experts, What surprises it will give them!

Soon Yubarang and the others buried these mines, and then rushed over!

And Jiang Xiaoyu who observed from a distance quickly returned to Qin Yuan's side, and said to Qin Yuan, "Brother Yuan, they did bury those mines, but these Can things be useful?"

"I didn't expect these things to play a big role. I just wanted to let Xiang Yu live longer and hold these people. Let's get the flag over. Remember, this time. The condition of winning is not to see how many people we kill, but to get chess pieces!"

Qin Yuan leisurely spit out a dog's tail grass, then sorted out his equipment, and took the three people directly to the base camp of the Blue Army!

Soon, Qin Yuan took the three Jiang Xiaoyu to a flat ground. At this time, he saw a tent in the shadow of the foot of the mountain with the blue army flag floating on it!

"Finally found it! Brother Yuan, do you want to do it directly!"

At this moment, when he discovered the military banner, Zhang Chong suddenly exclaimed with great excitement, while Lu Yan, who was on the side, said with great caution:

"Is this a trap?"

Chapter 589: new idea

"Is it the same bait? We all want to eat it! The three of you come on, I'll give you the battle!"

Qin Yuan said with a smile, and when he heard this, the three Jiang Xiaoyu were sure in their hearts. If Qin Yuan was willing to put them down, even if it was really a trap, then they were not afraid, so the three of them quickly touched it. Past.

But Qin Yuan was extremely relieved. The most powerful player among the Blues was Captain Jack, but now Captain Jack has been led away by Qin Yuan using Xiang Yu, so this camp should be difficult for these three!

Sure enough, soon, Jiang Xiaoyu was directly holding a banner and waving it towards Qin Yuan, and Qin Yuan also went straight down.

But as soon as he approached, Qin Yuan suddenly heard a loud noise. At this moment, he saw that Zhang Chong was shouting angrily, while Jiang Xiaoyu was struggling to stop him. A soldier from the Blue Army sneered at the three of them.

Seeing such a situation, Qin Yuan frowned immediately and walked over: "What's the matter?"

"Hmph, you people of Yan country are cunning! Only by pretending to be us, would we be caught off guard. If you were not so shameless, how could we lose so badly?"

"Grandma, you deflated calves! Lao Tzu killed you!"

Zhang Chong was extremely angry at this time, saying that they were sneak attacks. How could Zhang Chong tolerate this?

Although they did enter this camp secretly relying on this disguise on their bodies, Zhang Chong would not be convinced by this reason!

But now the exercise is over again, these people have died, and Zhang Chong can't attack them, or it would be a violation of military discipline.

After all, they are still thinking about accumulating military merit and returning to the beast camp.

Just a few of them, but Liu Xiaoshan and Deng Jiuguang stayed in the animal camp because of them. They had agreed to go back to the animal camp together. They couldn't put their previous efforts into account because of this little thing. All destroyed!

But seeing such a situation, Qin Yuan laughed completely, and said to Zhang Chong:

"Bald, isn't your brain a bit awkward? Do you know that exercises are war?"

"what?"

When Zhang Chong heard this, he was completely blank, and did not understand what Qin Yuan meant.

And Qin Yuan said with a smile:

"Don't forget that on the battlefield, in order to achieve our goals, we will do everything we can to achieve our goals. Although we have now won the military chess, those people have not completely finished yet, and they may come back to **** our flag. We must use this to defend."

Hearing such words, Zhang Chong still looked dumbfounded. He didn't understand what Qin Yuan said had anything to do with dealing with the situation in front of him?

But seeing Zhang Chong's bewilderment, Jiang Xiaoyu suddenly patted his head and said to Zhang Chong:

"Oh, why are you so stupid? Remember what we needed to do when we were doing defensive training? We need to build fortresses and positions! Look, what is the best sandbag around us? Dead bodies!"

"what?"

Zhang Chong's eyes widened when he heard this, but soon his eyes became sinister. Now he looked at the few Blue Soldiers just now and laughed unkindly!

"Haha, didn't you guys say that we attacked? Anyway, the exercise is not over yet, it's okay to use your body!"

And seeing this, the soldiers of the Blue Army also opened their eyes wide. They really did not expect that these people would have such a way!

"you guys!"

The Blue Army soldier wanted to say more, but Qin Yuan suddenly kicked him and kicked him flying. He looked at this guy and said:

"Soldier, don't forget that there are casualties in the actual combat exercises. If you continue to behave like this, there will be irreparable consequences."

And the soldier heard Qin Yuan's words, especially when he was kicked by Qin Yuan, his whole bones almost fell apart, and he shivered a little. He knew that this person was not telling lies, but the truth.

If you dare to provoke this person, you might really die!

"Huh, such a thing, what an elite soldier."

Zhang Chong looked at the Blue Soldier with disdain. He was slightly injured just now, but it was not serious.

At this time, Qin Yuan looked at the military flag in Jiang Xiaoyu's hand and smiled, and Jiang Xiaoyu also put his attention on the military flag in his hand, and said to Qin Yuan:

"Brother Yuan, we got this banner, doesn't it mean we have won?"

Hearing this, the eyes of these three people all brightened. If the three of them can get this banner, it will naturally be a great achievement!

Aside from other things, at least the qualification to return to the beast camp is enough.

But Qin Yuan shook his head, smiled and said to these three people:

"According to common sense, even if we have won this army flag, don't forget, we are still facing the enemy's appearance. This army chess needs to be sent back by ourselves!"

"Huh? What does that mean?"

At this moment, Zhang Chong and the three people didn't understand, but Qin Yuan looked at these three guys cheerfully and said:

"You were kicked out before, don't you have any thoughts of revenge?"

Ok?

Hearing this sentence, the three people looked at each other, The eyes of have also become exciting. To be honest, although they were all driven to the sea training camp because they violated military discipline, they were also targeted either intentionally or unintentionally!

Although they understand that this is the training of the veterans for the recruits, if they have the opportunity to retaliate back, they are still very willing!

"You mean, let us temporarily fake a foreign army, defeat those who sneak up, and prove our strength?"

Zhang Chong said with a smile, but when Qin Yuan heard this, Qin Yuan raised his eyebrows:

"I've never said this before, but our friendly forces don't agree to invite us, so they fired at us first, and then we counterattack. It shouldn't be our fault, right?"

"Hehehehehehehehe!"

Hearing this, the three of them laughed happily together. Hearing this sound, the soldiers of the Blue Army were a little creepy!

Grandma's, who are these people? Why do you have such a dangerous idea that not only the enemy has to be defeated, but also your own people?

Chapter 590: Its all over

At this time, on Wuhan Iron and Steel's side, it was a bit embarrassing.

They learned that Xiang Yu had been attacked on the walkie-talkie, so they took advantage of this opportunity to get Xiang Yu and the others to attract firepower. They directly rushed into the enemy's lair and took the banner!

According to normal theory, there is nothing wrong with this action, but Captain Jack is not an easy person to dismiss. He soon knew the loopholes in his defense, and divided his troops to block another route, so he intentionally considered it unintentionally, directly. Killed more than half of the people in Wuhan Iron and Steel.

In this way, the entire red army was chased by the blue army, and the fight was so hard!

What makes Jack feel a little uneasy is that he can no longer contact the command center. What is going on? Is their communication equipment broken, or the headquarters has been killed?

Then if the headquarters is gone, it proves that they have failed, and there should be a notice.

So Captain Jack hasn't realized the seriousness of the matter. He wants to kill all the soldiers on the red side with all his heart!

While Wugang and others ran away, they encountered Xiang Yu who was escaping halfway through the road. At a moment when the two people met, they all smiled bitterly when they saw each other's misery.

"This **** is too miserable, why did it become like this?"

Xiang Yuman said helplessly, but WISCO was a little embarrassed. He couldn't tell. He thought that the blue team was attracted by Xiang Yu, so he was a little aggressive, so he was surprised by the opponent and was killed. Few people!

But now is not the time for them to analyze the reasons for the failure, but must find a way to reverse the situation.

"Our current number is not enough, only half of the opponent's. If we want to fight the opponent hard, I'm afraid it will not be the opponent's opponent."

WISCO said to Xiang Yu seriously, but when Xiang Yu heard this, his eyes narrowed and he answered directly to WISCO:

"Otherwise, we would stop going around at all and rush into the opponent's main base and get the flag, so that we would have won directly!"

But after hearing this, Wu Gang's brows frowned tightly and said to Xiang Yu:

"How can this be done? If we can't kill the opponent's command in one go, we will fall into a situation where we will be attacked by the enemy. When the time comes, the opponent will really be wiped out, and we will lose face!"

"But do we have a better way now? It's nothing more than being eaten slowly by the other party, and the difference between being eaten by the other party all at once!"

When Xiang Yu heard this, he spoke directly to Wugang, but Wugang didn't know what to say.

Seeing the appearance of WISCO, Xiang Yu said again:

"It is not that we have no chance of winning at all. After all, the enemy's large forces have been sent out, so there must be very few people guarding the chess. As long as our speed is too fast, the odds of winning are still great!"

After hearing this, Wu Gang took a deep breath and said to Xiang Yu:

"You're right, we just made a desperate move and charged him once! It depends on whether you win or lose!"

Hearing this, Xiang Yu also smiled, and then stretched out a hand to hold Wu Gang!

They had already analyzed where the blue army's headquarters was. After all, they had penetrated in two directions and had already stepped on the terrain of the entire island.

Then the group of people went directly to the blue command headquarters. Soon, they found the blue army command headquarters, saw the small tent, and the flag in front of the tent. Both Wuhan Iron and Steel and Xiang Yu thought. Somewhat exciting.

And exactly as they expected, let alone an ambush around the headquarters, there were even no soldiers on guard!

And Wuhan Iron and Steel didn't have much time to spend here. They had to take this command off directly before the blue army from the rear rushed up, grab the flag, and win the victory!

Otherwise, when the people behind come, they will lose!

However, Xiang Yu was aware of something wrong, but before he had time to remind, he found that WISCO had rushed up, and then bombarded the small tent indiscriminately, almost blasting all the weapons and equipment. Get out.

The other party did not react at all.

And when they doubted whether this place was a trap, a few soldiers of the Blue Army fell from it. All of these soldiers were smoking, which meant that they had been killed!

But what Xiang Yu didn't understand was that the expressions of these people seemed to be wrong, and their expressions were a bit sluggish.

But this is also normal. After all, losing, feeling shocked, and sluggish can be regarded as a kind of performance.

Seeing such a situation, both Wuhan Iron and Steel and Xiang Yu were happy!

Their bet is right, the person on the opposite side is finished, and just these few soldiers are enough to prove that their previous guess is correct!

Seeing that military flag fluttered in front of them, WISCO felt happy and rushed directly to take this military flag.

However, in Xiang Yu's heart, there was always a sense of crisis lingering. He saw the appearance of WISCO and suddenly screamed.

"No, be careful!"

"Boom!"

Sure enough, Wuhan Iron and Steel was a direct stimulus, and found that there was a blue soldier hiding in the distance. It was a shot that eliminated this guy!

However, at this time, Xiang Yu discovered the blue soldiers.

"There are still people!"

This was not over yet, Xiang Yu suddenly fired at the small tent on this side, and at this time, there was also a burst of gunshots from the small tent. This time, Wu Gang and Xiang Yu and others. They were all horrified, there were still people inside!

And their location is just in the sight of the opponent's shooting, and there is not even a place to hide around!

Happiness!

I only saw a burst of blue smoke coming out of Wugang and Xiang Yu, and all of them were eliminated!

"It's over! It's shameful this time, we are going to be nailed to the pillar of shame!"

Balang, who was on one side, sat down on the ground. This was a complete mess. They were wiped out by these foreign troops. I am afraid that this face will be lost!

The expression in WISCO's eyes was also full of incredible, his face was pale, looking at Xiang Yu, he didn't know what to say.

But Xiang Yu looked at the Blue Soldiers that day, as if he had discovered something:

"No way, these people are so unconscionable, they let their companions be bait to attract our attention?"
