

Special Soldier 591

Chapter 591: Lost?

And this time. A few people walked out of the tent, and seeing these three people, Wu Gang and Xiang Yu both had ugly faces.

After all, no matter what shameless tactics the other party uses, they are all lost in the hands of these people, and even if there are more accusations, it is just the cry of the weak.

However, Wugang was also not convinced, and said directly to these three people:

"How can you use your own people as bait? Are you still a soldier if you do this?"

But upon hearing such words, these F country soldiers showed a very playful smile. Looking at these people, he laughed.

But Wugang saw the smiles of these people, but he was even more angry. If it wasn't for discipline, he would have beaten all these people!

"Okay, you guys, since you are all dead, you look like a dead body, don't talk so much nonsense."

At this time, the commander who looked like the captain said, and even though Wugang and others were extremely angry, they could only obediently obey.

However, Xiang Yu on one side, hearing this voice, his brows wrinkled tightly. He seemed to think that the voice was a bit familiar, had he seen this person?

But Balang on the side also muttered:

"What is there to say? They all won? The exercises are over. What pretend to be! Is there anyone in our red team who has not been eliminated?"

But when he heard such words, Xiang Yu's eyes lit up, and the smile at the corner of his mouth slowly appeared:

"That's not necessarily true, we might have another important killer!"

"What kind of killer?"

Balang asked a little curiously. He felt that his platoon leader had been a little strange since he returned from the sea training camp last time.

"This is hard to say, maybe I guessed it wrong."

Xiang Yu didn't say much, but smiled mysteriously.

At this time, Colonel Norton laughed at the headquarters!

"Long, what I said before, you people simply can't do it. It seems that our Lan Fang won this exercise!"

And Long Baichuan also looked ugly, this time it was really dangerous, their vital power had been destroyed, only a few stragglers were left, and these people did not intend to end, this does not mean that everyone should be wiped out. ?

Long Baichuan didn't answer, but walked directly out of the joint command room, and then into the small room on the side.

The brigade commander was full of anger at this time, and suddenly hammered the table:

"How could this happen! How could this happen!"

The brigade commander couldn't believe that he had lost like this. You must know that for this exercise, he even coaxed a fierce general like Qin Yuan into the exercise. He was expecting Qin Yuan to support them, but this In an exercise, I never saw Qin Yuan's face at all!

"Isn't he a hero of the Army Special Forces? Why didn't he do anything?"

The brigade commander was full of regret in his heart. He shouldn't put this treasure on Qin Yuan's body. Although he knew Qin Yuan's achievements in battle, but who knew how much of it was blown out!

And Long Baichuan's face was also extremely ugly. He felt that something was wrong with this matter from the beginning. A donkey like Qin Yuan could only follow Mao Lu. If he used such careful thinking, he might not know what the outcome would be. !

But now it is too late to regret it. With the help of Qin Yuan, it is impossible to fight against Jack's team of dozens!

"I shouldn't have believed in this so-called hero. It's all over now. I don't know how the above will reprimand us. He was wiped out by others. Things that haven't been there for decades, I'm afraid we will all be determined. On the pillar of shame!"

The brigade commander yelled angrily, but seeing what the brigade commander looked like, Long Baichuan said:

"Brigadier Commander, I think your own method is wrong this time. You used this method to get Qin Yuan to participate in this exercise. It is not easy for him to explain if you lose or lose."

"Then what can I do, his rank is so high, and I can't command him!"

The brigade commander frowned and said, as if he was very reluctant, but Long Baichuan shook his head and continued to comfort him:

"Then you shouldn't lie to him. We can ask each other for help, but it shouldn't be built on this basis."

"Oh, it's useless to say this now. The big deal is that I will apologize to him, but it's just that this exercise has been completely lost. Both of us are ready to meet the above rebuke!"

Looking at the brigade commander, Long Baichuan was also full of helplessness, but his heart was also full of curiosity. What exactly did Qin Yuan do? According to Qin Yuan's usual practice, he shouldn't sit and wait for death, right?

But just when the two were worried, a staff officer suddenly rushed in from the outside, panting loudly, and said to them:

"Brigadier, Captain Dragon, we won this exercise!"

"What?"

Hearing this, the brigade commander and Long Baichuan looked at each other and couldn't believe it.

"This...what the **** is going on? How come we suddenly won, aren't all of us dead?"

At this time, the brigade commander asked the staff unbelievably, but the staff said anxiously:

"Don't ask this. The commander of the blue army is looking for you. You should go there quickly!"

Hearing this, the brigade commander's face was full of complexity, but he also moved his steps and headed outside.

And when he just entered the joint command, he saw that the faces of Colonel Norton and the commander-in-chief General Wells were all pale' and said to him:

"Okay, okay, I didn't expect your subordinates to have such powerful soldiers, and they played so openly that we admired once, but this time we made a note of it! I will be back next time!"

But when he heard such words, the brigade commander's mind was still confused. He didn't even know what happened, but people had already said such things, so he wouldn't admit it, hehe. Said with a smile:

"This is called a surprise attack. You will be calculated by us this time, and it will be the same next time."

But when he heard this, Norton Colonel Wells looked at the brigade commander with contempt and said to him:

"If it weren't for your soldier, we would be pretty sure in this exercise. We are just a soldier, and we don't know the name. We really want to get to know him!"

"Okay, you want to know him, I will arrange it."

The brigade commander agreed and then sent these people away.

Chapter 592: 1 get up

But when these people left, the brigade commander was very anxious and asked the staff nearby:

"What the **** is going on, what is going on? How can we win in confusion!"

The staff officer also gave a wry smile, pointed to the monitor on one side, and said to the brigade commander:

"You should take a look at the surveillance!"

The brigade commander rushed in front of the monitor and asked the technician on one side to replay it, and seeing what happened in the monitor, the brigade commander couldn't help but sucked in a cold breath:

"Grandma's, can you still play like this?"

Ten minutes before returning, the four Qin Yuan looked at Wu Gang and Xiang Yu who had died in front of them, and laughed.

In fact, he deliberately wiped out all the vitality of the red side, and he was trying to avenge the brigade commander.

But he always wants to help the red side win this victory, so he has already designed a trap on the way, just waiting for Captain Jack to arrive!

At this time, on Captain Jack's side, he heard the news from the command that they had already killed all the people in the red side in front, and their hearts were immediately extremely happy.

However, Captain Jack still has a trace of doubt in his heart. There are only a few people in the command post. He has already realized how powerful these red soldiers are, that is, they are large in number, so they can fight against each other. But with such a small number of their headquarters, how did they kill the soldiers from the red side?

However, looking at the direction of the headquarters from a distance, I found that there were indeed many soldiers from the red side at the door, sitting on the ground feebly, with blue smoke on them.

These are signs of being eliminated.

And seeing this situation, even if Captain Jack recalls in his heart, he won't have any hesitation. These people have been eliminated, what else can they do?

But when they brought people closer, the teammates in the previous headquarters suddenly got into trouble and shot them directly!

This was mental arithmetic and unintentional. Although they had a little more number of people, they were knocked down by more than 30 in one meeting. The remaining dozen people were even more helpless. They just tried to support them for a while and they were all taken away!

But what Captain Jack couldn't understand was that it was the friendly forces in the command that shot them!

"Fuck, what battle is this?"

"Are these people crazy? Why shoot us?"

At this moment, Captain Jack's men could not understand, but Captain Jack looked at these people, but an idea suddenly popped up in his heart. After calming down, he explained to his men:

"That's because these people are not our teammates at all, they are the soldiers of the red side posing as soldiers?"

"What? How is this possible?"

The soldiers on the blue side were immediately taken aback, knowing that their defenses are extremely strong, even if someone infiltrates them, there is no way that there will be no movement at all!

What's more, they have already experienced how many talents these red soldiers have. Even if they are better than them, they are still limited. How can they be able to do this?

"If you want to sneak in, it is really not so easy, but if they themselves stay in our headquarters!"

Captain Jack said coldly, and everyone's eyes widened when they heard this!

"Papa! Awesome, I thought you couldn't guess it at all, but I didn't expect you to guess it!"

At this moment, Qin Yuan and several people walked away directly from behind the bunker. They tore off the disguise from their faces as they walked, but after seeing the faces of these people, Captain Jack suddenly screamed:

"Are you our captive?"

At this time, a stormy sea was set off in Captain Jack's heart. It was right, and finally it was right. If you invade from the outside, it is indeed impossible to have such a fast speed, but if these people are inside them, then Understandable!

"Shameless, you people of Yan Country will only play with these little cleverness!"

At this moment, a soldier on one side saw the appearance of Qin Yuan and the others, and said with great anger!

But what was even more shocking was that it was not Captain Jack, but Wu Gang and Xiang Yu. They did not expect that the people who killed them were not Lan Fang's people, but their own people!

"This!"

At this time, WISCO was completely confused, and he couldn't believe the current situation.

"How did you kill us?"

At this time, WISCO complained to Qin Yuan, but Qin Yuan shrugged his shoulders and said to WISCO:

"We originally wanted to design a trap to welcome these people. Who knows that you are here first, and you will attack without saying anything. Then we have no choice but to take advantage of this trap."

"you!"

WISCO was dying, but Qin Yuan smiled in the direction of the camera and blinked his eyes.

However, the brigade commander behind the camera was a little embarrassed. He didn't know that Qin Yuan did it on purpose. He just wanted to use this method to interfere with his mind!

However, the brigade commander could not be angry with Qin Yuan, because if he hadn't thought about Qin Yuan first, Qin Yuan would not retaliate against him in this way!

On the other side, Captain Jack asked Qin Yuan with a serious face:

"You used this method to deal with this exercise. Don't you be afraid to get rid of it. We won directly?"

"Hey, no, you don't have such skills yet."

Qin Yuan smiled slightly, then twisted his neck, stood on a clearing, and said to these people:

"I know you must be unconvinced in your heart' So I give you a chance, as long as you can take this flag from my hand, then you will win this time!"

Yep?

Hearing this, all the soldiers from the blue side were taken aback, but soon they all reacted, and the look in Qin Yuan's eyes became extremely sinister!

You must know whether they died this time because the guy in front of them finally has a chance to take revenge, and as long as they win this flag, they can turn defeat into victory!

But when he heard this, Wu Gang on one side opened his eyes wide, and looked at Qin Yuan and roared:

"Are you crazy? We won the victory once and for all, do you want to send it out in this way?"

"Finally?"

Qin Yuan smiled happily, and said lightly:

"This victory is not an easy task for me! Come on, you guys go together!"

Chapter 593: Final ending

"This! What is this going to do? Isn't he afraid of offending these people?"

At this time, WISCO couldn't believe it more and more, he wanted to go up and stop Qin Yuan, and he couldn't let Qin Yuan be so nonsense.

If Qin Yuan is allowed to continue this trouble, once these Blue Army soldiers are dissatisfied with them and complain, they will probably be very passive!

But at this time, Xiang Yu on the side stopped WISCO and whispered:

"It's too late now. He has said these things. Even if we stop him, it's of no use. Let's watch him carefully."

"This!"

WISCO took a deep breath, hammering his thigh helplessly. But at this moment, seeing Qin Yuan's arrogance, these blue soldiers were all gearing up, wanting to give a good breath!

"Hmph, Yan Country boy, don't regret it!"

A blue army soldier who was five big and three thick said with a sneer at Qin Yuan, but Qin Yuan said with disdain:

"Okay, hurry up, you can't do it alone, let's go together!"

"Huh? Huh, my name is Hu Di, and I am the fighting champion of the army. A little chicken like you, I can hit three with one hand!"

But the guy named Hu Di hadn't finished speaking yet, Qin Yuan just hit this guy's chin with a punch, and Hu Di's eyes were white, and he fell down like he pushed Jinshan to Yuzhu.

Seeing such a situation, everyone around was startled. Qin Yuan looked at these people provocatively, and said with a smile:

"What are you doing, like a man, come here!"

And hearing such words, some of the blue soldiers around, panting heavily, let out a soft roar, and rushed towards Qin Yuan!

Seeing such a situation, WISCO's heart was immediately extremely worried. He didn't know whether to go up and face these people with Qin Yuan!

"Grandma's, no matter so many, let's go together! We must not let these people bully us!"

WISCO yelled, and then all the soldiers from the red side were rushing over.

Seeing such a situation, Qin Yuan's mouth wore a smile, winked at the three people on one side, and these three people immediately understood the situation and stopped in front of the red soldier!

"Well, leave this battlefield to him!"

Zhang Chong said to WISCO, and WISCO was immediately anxious when he heard this. You should know that there were a total of forty or fifty soldiers in the blue side, and Qin Yuan was alone. How could he have done it?

But before WISCO had time to say anything, he saw that Qin Yuan was like a superman. One punch was to knock a person away, and another punch was to knock a person unconscious!

In the aspect I, invincible!

Seeing such a situation, the soldiers on the red side were shocked. Is this guy still a human? One person can suppress dozens of people?

It was only three minutes before Lan Fang's soldiers all fell down, and Qin Yuan also clapped his hands. During this exercise, he didn't exert much effort, and this one was a move.

Just looking at the blue soldiers on the floor, WISCO's heart was both admired and worried, admiring Qin Yuan's strength, but worried that Qin Yuan would cause any trouble if he did so.

But Qin Yuan looked at these people, but his eyes were a little bit cold. He was specifically targeting these people.

Because in the original exercise, they took advantage of this opportunity to give the red team a good beating!

And now, despite Qin Yuan's reasons, these people failed to succeed, but these people still look down on the people from the red side, so Qin Yuan would attack these people.

He still doesn't believe it. In his own territory, he can still be bullied by outsiders!

As for this group of people who are willing to appeal and do what they are willing to do, then do whatever they want. Anyway, they are now using a fake identity!

Sure enough, there was a blue soldier lying on the ground screaming and saying:

"You dare to do such a thing, I'm going to complain to you, I'm going to sue your chief!"

Hearing this, WISCO's heart suddenly became tense. He also saw how powerful Qin Yuan was. It would be a shame if such a powerful character had any twists and turns because of such a thing.

So WISCO hurriedly walked in front of the blue soldier, and just wanted to give the blue soldier a word of comfort and let him dispel the thought of complaining.

But WISCO hadn't moved yet, but the blue soldier was kicked severely.

The person who did it was not the red party, but the Captain Jack!

At this time, Captain Jack's face was extremely ugly, with a trace of blood on the corners of his mouth. He also rushed up just now, but was kicked by Qin Yuan.

But what made him most angry was the attitude of his subordinates. He kicked the blue soldier and said to him viciously:

"Are you still a man? You can't beat people, so you want to make a small report like this! If you can't afford to lose, you can quickly roll me home for milk, in my team, don't want you like this People!"

Hearing this, all the soldiers were stunned, but soon their eyes changed. Looking at the soldier who was about to sue, their eyes became contemptuous.

They also knew how powerful Qin Yuan really was. If Qin Yuan wanted their life, they would definitely not be Qin Yuan's opponents as long as they played a few more times, but even though

Qin Yuan beat them crying for their father and mother, The start is fairly measured, they haven't suffered any serious injuries!

In the army, people who can't fight but make small reports are the least seen by others, no matter where they are!

Qin Yuan was also slightly surprised. He raised his eyes and glanced at the foreigner, found that this guy was the commander of the opponent.

At this moment, Captain Jack calmly walked to Qin Yuan and said to Qin Yuan:

"You are a very powerful person, can you tell me your name?"

Captain Jack asked Qin Yuan in an awkward Chinese.

Qin Yuan looked at this person's eyes, smiled, and said directly in fluent French:

"My name is Qin Yuan."

Captain Jack did not expect Qin Yuan to speak their language, and was a little surprised, but he calmly said to Qin Yuan:

"Qin Yuan? This name seems to be familiar. I don't know where I heard it, but I already remember you. You are a powerful soldier of the Yan Kingdom. This time we lose, but next time, I will definitely Find a way to beat you! Okay, let's go!"

At this time, after Captain Jack had finished speaking in front of Qin Yuan, he greeted his soldiers and left here slowly.

Chapter 594: Give gifts

But seeing the appearance of these people leaving, WISCO was indeed a little confused, and he asked Qin Yuan:

"What the ***** is this guy talking about? Is he still trying to trouble us?"

When Qin Yuan heard this, he shook his head, patted WISCO on the shoulder, and said to him:
"Okay, go back quickly. The exercise is over."

On the side, Xiang Yu saw the look in WISCO's eyes and explained to WISCO:

"It must be all right. Let's go back together."

At this time, in the combat headquarters, whether it was the red side or the blue side, their faces were a bit ugly.

They really did not expect that the result of this exercise turned out to be like this. Not only the red soldiers were wiped out, but the blue soldiers were also wiped out. In the end they won, it turned out to be a few prisoners!

Especially Colonel Norton, he originally said something big in front of Long Baichuan, saying that he must have won, but this time it turned out to be like this.

Not only was his wild wolf assault team killed, but there was also a fight. The soldier pressed dozens of them to fight!

So when I think of the big words I just said, Colonel Norton feels a little pain in his face!

And seeing Long Baichuan coming over, Colonel Norton didn't know what to say, so he could only say with emotion:

"Unexpectedly, your soldiers are not only flexible in their heads, but also powerful. I think if this soldier is not placed in prison, but in the main force of the red side, we may not be able to resist it."

Originally, Colonel Norton was still a little unconvinced. After all, the reason they lost was only because Qin Yuan and the group of people attacked, but now they saw Qin Yuan alone and beat the 50 people to the bottom. The colonel was completely helpless!

Long Baichuan's face also twitched a bit. Now that he figured out what happened, he didn't know what to say, so he could only say to Colonel Norton with a smirk:

"You are polite, we are just lucky."

Long Baichuan's heart was full of helplessness. After all, according to their original plan, they didn't expect Qin Yuan to play any role. If Qin Yuan weren't there, then I'm afraid this time he would lose.

But just because of the spoiler of this person Qin Yuan, the situation was pulled to such a point abruptly!

So their hearts are very regretful, why should Qin Yuan come to participate in this event, especially the brigade commander, if he had known that Qin Yuan was so difficult, he would be so angry that he would ask Qin Yuan for help. In this awkward state. ,

But at this moment, someone came outside, and the leader was the Captain Jack, and Jack saw Long Baichuan, his eyes lit up, and he said with a smile:

"Dear dragon, we meet again!"

And Long Baichuan was also very excited when he saw Jack. He and Jack have known each other, but because of his physical injury, he can only enter the management team now, and Jack's body is in the peak period, so he can also bring his men. Charge into battle.

Long Baichuan saw the wound on Jack's face, and he was embarrassed, and said to Jack:

"I'm really sorry, my soldiers are so reckless and have caused you a lot of trouble."

"What is this? I can only say that the soldier named Qin Yuan in your team is really amazing. I just admire him to death. To be honest, if I just lost to him, I would not be very good with him. Speak, I'm almost going up to sign!"

Yep?

Hearing this, Long Baichuan was immediately full of surprise. He originally thought Jack would be angry, but he didn't expect Jack and the others to be so excited.

So he asked this Jack in a low voice:

"Don't you feel very angry because of this accident?"

And Jack said to Long Baichuan with an unexpected look:

"What's this? If you really used some conspiracy, that's all, but the soldier just now has shown his powerful strength, even if we refuse to accept it, we have already accepted it! For us For these soldiers, being strong is the best business card for making friends!"

And hearing such words, Long Baichuan's eyes suddenly brightened. How could he forget this? For these foreign soldiers, as long as you are strong enough, they will admire you! But if you lose, even if you treat them nicely, they will despise you in their hearts!

Isn't this a typical fear of power but not virtue?

Thinking of this, Long Baichuan immediately relaxed.

After that, everything was over and everyone joined the bonfire party.

But now Qin Yuan was slightly depressed.

Because the exercise is now over, he has not received the message that the mission has been completed.

Was it too heavy to beat those people so that they couldn't convince them?

After all, Qin Yuan knew that the task this time was to convince everyone, not to win this exercise.

"Forget it, you can't finish it if you don't finish it, I'm comfortable with it anyway!"

Qin Yuan murmured a word, and at this time, Jiang Xiaoyu, Zhang Chong, Luyan and others also brought a lot of food and drink and sent them to Qin Yuan. After that, several people laughed and laughed together. It's happy.

But at this moment, a group of people came over. It was Jack that was headed. Jiang Xiaoyu and the others at this time saw these people coming, they were all approaching enemies, full of vigilance.

But Jack stood in front of Qin Yuan, but in the end he showed a bright smile and said to Qin Yuan:

"You are the strongest soldier I have ever seen' I admit, I am afraid that I will not be your opponent. This medal was awarded to me by our president. It is to reward our country's strongest Great soldier, it's for you!"

Yep?

Qin Yuan originally thought that these people were here to make trouble, but what he didn't expect was that they came to give gifts to himself!

And Qin Yuan also took this medal, carefully weighed it, and found that this medal was indeed very valuable, and it was actually made of gold!

It is estimated to be worth a lot of money if you want to sell it!

Fortunately, the Jack in front of him didn't know what Qin Yuan was thinking about. Otherwise, he wouldn't have said anything to give this thing to Qin Yuan.

"Such a good thing, given to me for no reason, I can't accept it."

Qin Yuan also showed a smile. After all, people are so polite, so you can't treat them coldly.

On the other side, Jiang Xiaoyu, Zhang Chong and others looked at the medal in Qin Yuan's hand, full of envy.

Chapter 595: reconciliation

When Jack heard this, he let out a long sigh:

"You just accept it."

After speaking, Jack put the medal into Qin Yuan's hands in one stroke, and then said to Qin Yuan:

"If you feel embarrassed, then accompany me to drink, drink me down, then it's fine!"

"okay then!"

Qin Yuan also directly agreed. After all, people have already said this. If they talk about other things, it will seem a little hypocritical.

"I'll stay drunk with you!"

When Qin Yuan said this, he drank a glass of beer directly, and when he saw Qin Yuan drinking so boldly, Jack was extremely happy, and then he joined Qin Yuan to drink together, watching Qin Yuan finish drinking. , Is to continue Qin Yuan.

When Qin Yuan saw this, he wanted to laugh. These guys couldn't beat him, they just wanted to make a little stumbling in this regard, but this was wrong, he was not drunk for a thousand cups!

So Qin Yuan abruptly took Jack to pour ten big glasses of beer, and vomited these guys abruptly, which scared these people away.

Qin Yuan couldn't help but smile when he watched Jack head toward the toilet while covering his mouth.

Not bad, they are all good people, but good people don't live long.

"I hope you can survive the future military operations."

Qin Yuan sighed.

At this time, seeing Qin Yuan finished drinking, Long Baichuan walked over with a smile.

"Qin Yuan, I really didn't expect that you would be able to do such a thing. In this exercise, you, Jiang Xiaoyu, Zhang Chong, and Lu Yan, all did extremely well and are our heroes!"

Hearing this, the eyes of Jiang Xiaoyu and others suddenly lit up, and then they directly raised the wine glasses in their hands:

"Then let's not just have a drink!?"

"Good! Cheers!"

"It's done!"

At this time, everyone cheered, and another large glass of wine drank.

It's just that when Qin Yuan saw Long Baichuan drinking, his face was a little pale, and he was taken aback. He just remembered at this time, it seemed that Long Baichuan's body was not good anymore. Can he hold on after drinking like this?

However, Long Baichuan was extremely excited, drank the beer in his glass in one breath, and said to everyone:

"Qin Yuan, you did a great job this time. You must know that although this is not the first victory of the exercise we won, it was the first time that we received sincere respect, and it was really to scare these people. We were worried that you had gone too far, but we didn't expect it to end like this. They even agreed to export one of our latest naval weapons. Great work! Why, you guys, do you want to come back to the beast camp?"

When he said this, Long Baichuan didn't laugh in his heart. In fact, these people sent to the sea training camp because they had Long Baichuan's idea.

After all, he knew that there were two great gods in the sea training camp, and with the addition of this mysterious Qin Yuan, he would definitely be able to train these people!

Sure enough, this exercise had already demonstrated the power of these people, but these people had done a little too much, which shocked Long Baichuan and the brigade commander.

And hearing such words, Jiang Xiaoyu and others were all excited. They originally wanted to take this opportunity to make a great contribution to return to the beast camp, but they did not agree to it. Instead, they looked at Qin Yuan. !

Seeing such a situation, Long Baichuan's heart sank involuntarily, feeling that things seemed a bit bad.

Sure enough, when Qin Yuan heard such words, he laughed and said directly to Long Baichuan:

"Dragon Team, you want me to go back to the beast camp, I think we don't have to."

"Ah? This, Qin Yuan, don't you be stunned?"

This time Long Baichuan was a little at a loss, always feeling that Qin Yuan's eyes were like hiding an abyss, he understood everything and knew everything.

He also knows that the things that the brigade commander did before were a bit unorthodox, but if such good seedlings as Qin Yuan and Jiang Xiaoyu stayed in the sea training camp, it would be a very serious loss for them!

And hearing such words, although Jiang Xiaoyu, Zhang Chong and others were a little surprised, they also followed Qin Yuan's side very firmly. After all, they all knew that the reason why they became so strong was because of Qin Yuan's credit, so no matter what decision Qin Yuan makes, they will support it.

But when he heard Long Baichuan's words, Qin Yuan smiled and did not speak.

But at this moment, a voice came from one side:

"Okay, old dragon, let me explain!"

Jiang Xiaoyu and the others looked back, but were shocked. They didn't expect that the person who spoke was the brigade commander.

But in Qin Yuan's eyes, there was a look like that. He had already noticed that someone had been observing here, so he didn't need to guess that it was the brigade commander, and what he had just seen Long Baichuan didn't work.

At this time, the brigade commander saw Qin Yuan's eyes, without saying anything, he just drank a glass of wine. This was what Qin Yuan said:

"Sorry, it was my wrong idea, and I did something like this. In fact, if I told you about this matter properly, I wouldn't get into such a situation."

And seeing the brigade commander, they even toasted Qin Yuan. These people were shocked, not knowing what happened.

But Qin Yuan saw the apology in the brigade commander's eyes, but he smiled, drank the bottle of wine, and said to the brigade commander:

"Brigadier Commander, you really misunderstood. I mean, with our current strength, it's not good to go back to the beast camp to continue training. That's just a waste of time. I mean, if we want to continue to develop, then On the basis of our sea training ground, we continue to expand the team members and form a special combat team to form a sharp knife force. In this way, ordinary tasks can be performed by us, which naturally saves a lot of time and energy."

Qin Yuan said while smiling.

In fact, this is what he said in his heart. After all, with the current navy, there is indeed a lack of top power.

After all, relying on their current strength, if they return to the beast camp and continue training, they will not grow much, but if they can form a sharp knife team and conduct a lot of actual combat, then they can grow faster!

What's more, they still have two veterans Liu Xiaoshan and Deng Jiuguang in their hands. These two men are like the magic soldiers who have been hiding for a long time, and they need to see blood!

Chapter 596: mission completed

Only with more blood and fire can a truly powerful team be tempered. This, even Qin Yuan, cannot be accomplished through training.

And hearing such words, the eyes of the brigade commander and Long Baichuan were shining, but soon, their eyes became confused, and said to Qin Yuan:

"We know that you have a good idea, but with my current strength, is it not enough to form a special forces team?"

But Qin Yuan smiled when he heard this, and said directly to the two people:

"It is naturally not enough for young people like us, but I tell you the good news that the injuries of the crocodile and the shadow have been cured by me!"

"what?"

Hearing such words, the brigade commander was immediately overjoyed. He had heard the news, but he was still full of doubts. Now that Qin Yuan confirmed it, they were even more happy!

"This time is good, this time is good, if we have old Deng and Lao Liu, the number of people will be enough!"

At this time, the brigade commander was extremely excited. You must know that Liu Xiaoshan and Deng Jiuguang are legends in their team. If the bodies of these two veterans can recover, it is equivalent to adding a major bargaining chip to them!

Especially Long Baichuan, his eyes shined. He had heard about Liu Xiaoshan and Deng Jiuguang a long time ago, but he didn't know what was going on. Now that he heard that Liu Xiaoshan and Deng Jiuguang had recovered, so did he Very envious.

"I don't know how to heal their injuries, but I have heard that their injuries have been there for a long time and they are not easy to treat."

Long Baichuan asked. After all, he also wanted to treat his injuries. Although he was not afraid of death, he wanted to live on no matter who it was.

It's a pity that he has always been to the hospital for such a long time, but no matter which hospital it is, they all told him that his disease has no way to treat, so now Long Baichuan has broken the jar and intends to put his last energy Put it on the navy body.

His greatest wish now is to be able to crack the secret of the 303 submarine before he dies.

But when Qin Yuan heard this, he showed a smile and said to Long Baichuan:

"Who do you think it is?"

"amount?"

Long Baichuan was taken aback for a moment, but when he saw Qin Yuan's smile, he quickly reacted and opened his eyes wide and said to Qin Yuan:

"It's not you, right?"

"Hey, of course it is me. Don't forget, I was the one who helped Liu Xiaoshan to heal his trauma!"

Qin Yuan directly agreed, and when he heard this, Long Baichuan suddenly let out a hearty laugh:

"I didn't expect it. I didn't expect that our animal camp could have an all-rounder like you. Not only is it powerful, but it also has such a magical medical skill. Okay, then I will ask you, and I will look for you when I look back. Look!"

"It is guaranteed that the medicine will cure the illness, except for your big heart disease!"

Qin Yuan looked at the look of Long Baichuan, knowing that the other party might not think how clever his medical skills were.

After all, Liu Xiaoshan and Deng Jiuguang's injuries are only on the legs, which belong to the scope of the limbs. Even if they are not treated, they will not hurt their lives. However, Long Baichuan has already injured the internal organs. If he is not cured, he will soon will die.

And Long Baichuan also realized that his time is running out, and his heart is a little bit urgent. Before they got a black box from Thomas's hands, he still wanted to crack the black box out and see what the 303 submarine was. What's the secret?

But he didn't want to tell the true condition of his body. After all, if he said his true injury and Qin Yuan could not heal it, the troops would definitely arrange for him to be treated for compulsory treatment. He couldn't continue to participate in the submarine matter.

Seeing Long Baichuan's hesitation, Qin Yuan quietly leaned in his ear and said to him:

"Well, you don't have to worry about your injury, I have full confidence in the treatment, and you will come directly to me in a while."

Hearing Qin Yuan's words, Long Baichuan felt relieved. If things didn't make a big deal, it would be the best.

Seeing Long Baichuan nodded, Qin Yuan also smiled, and then directly said to the brigade commander:

"Brigade commander, you do not agree with my previous suggestion, to form a new type of special forces team for professional training!"

Hearing such words, the brigade commander immediately laughed and said directly to Qin Yuan:

"Agree! Naturally agree. The current international situation is changing day by day. Although we don't need our navy yet, we are prepared for it. Wait. I will report to the commander when I go back. There are you and Liu Xiaoshan. Deng Jiuguang's special team makes me want to see how strong this special team is, but you still need to wait for a while."

We must know that their navy does not have many opportunities for actual combat. I am afraid that it will only take a few years or months to have an actual combat action.

If a new type of special forces team is formed, it will indeed be much faster!

When the time comes for their navy to perform missions, there will be no need for such a big disturbance!

After hearing this, the brigade commander patted Qin Yuan on the shoulder with admiration, and said to Qin Yuan:

"Qin Yuan, you really are a talent!"

"Ding Dong, the host has completed the task and won the admiration of both parties during the joint exercise and rewarded a grid."

At this time, following the brigade commander's voice, Qin Yuan's mind suddenly rang a voice, and Qin Yuan heard this voice, and his heart was suddenly overjoyed. He originally thought that this task was over, who knew It was actually completed at this time!

However, Qin Yuan took a closer look at ' and found that the conditions for the completion of this task have become praised by both sides. This time Qin Yuan understood it, no wonder he had won the exercise before. Did not succeed, the original problem lies here!

If he did not reconcile with the brigade commander, it is estimated that this task is indeed impossible to complete.

Qin Yuan shook his head. He didn't expect that the system would bury such a pit.

"Ding Dong, the system will release the task, form the Dragon Shark Squadron, and reward 2 grids."

Before Qin Yuan could react, he suddenly heard another voice.

"Dragon Shark Squadron?"

Qin Yuan's heart was overjoyed. He originally wanted to leave a special team here. This was Qin Yuan's own idea. He didn't expect the system to be a task, and there were two grids!

Qin Yuan didn't intend to fool around this time, but had to train well.

After all, Qin Yuan knew that the tasks of these two grids were definitely not so easy to complete!

Chapter 597: Shen Ge's problem

At this time, Xiang Yu on the side took advantage of this opportunity and said to the brigade commander and Long Baichuan:

"Brigade Commander, Dragon Team, I also want to go to the sea training ground to receive training. I have applied for it before, and I hope you can agree."

But the brigade commander felt a little distressed when he heard this. Xiang Yu was the candidate for the brigade leader he had prepared. If he had left, then their beast camp would be a bit unmanned, so the brigade commander still faced Xiang Yu. Yu said:

"Xiang Yu, I can understand that you want to join this team, but your injury..."

What the brigade commander was worried about was not meaningless. After all, Xiang Yu would be fine if he participated in the training, but once he arrived at the front line, he would have to perform the task with high intensity. If something went wrong, he would die Human!

But Xiang Yu smiled and said to the brigade commander:

"Then you don't need to worry. Qin Yuan has already cured me, and my arm has already recovered!"

"what?"

At this moment, the brigade commander was stunned. He glanced at Xiang Yu helplessly. He originally thought that he could use this reason to stay with Xiang Yu, but he didn't expect that Qin Yuan would have resolved even this worries.

But soon, the brigade commander also took a breath and said directly:

"If this is the case, then I won't keep you, but, Qin Yuan. You are going to help me train a team that can be used. I will give all the talents available to our beast camp. is you!"

But Qin Yuan smiled and said directly:

"Then you can rest assured, the people under me will never give out waste!"

Hearing this, everyone seemed to be taken aback, and finally all laughed!

On the side, Long Baichuan's eyes lit up as he watched Qin Yuan. He didn't expect Qin Yuan's ability to be so powerful. It seemed that his injury was indeed healed.

And thinking that his injury could be cured, Long Baichuan's heart was extremely excited. If he could survive, then maybe he could also see her...

That night, Qin Yuan drank a lot of officers alone, and then he took this group of people back to the sea training camp.

Only when Qin Yuan arrived at the sea training camp, he discovered that Shen Ge was also here. At this time, Qin Yuan was a little surprised and asked Shen Ge:

"Why are you here, are you here to find me?"

"Yes, I came to you for help. Do you remember that when you rescued me from the hands of a pirate, that pirate had an underground passage and an underground laboratory?"

Hearing these words, Qin Yuan thought for a while, nodded, and said to this Shen Ge:

"Yes, there was indeed that place at the time, but what does it have to do with you coming to me?"

"We found a black box in that place. It is a very important thing. It's just that the technology of this black box is more difficult to crack, and we still have the other half. Now that the two black boxes are put together, it is still impossible to crack, I thought. You are a miraculous person. I don't know

if you have any knowledge of this aspect. If you have a better understanding of this aspect, you can take you to take a look."

At this time, Shen Ge was saying this, but her eyes were looking straight at Qin Yuan.

She already knew what happened to Qin Yuan on the exercise field today, but she did not expect that this man would be able to do such a thing.

As a soldier, Shen Ge admires the strong, so the eyes of Qin Yuan are shining.

Shen Ge also knows that Qin Yuan is just a soldier, and maybe she doesn't understand this knowledge at all, but she just found an excuse to come and chat with Qin Yuan, and this black box has been studied for a long time. Time, so Shen Ge said this incident casually.

But after hearing this, Qin Yuan's eyes suddenly lit up, and he almost forgot about it!

You know, he still has a task to crack the secret of the 303 submarine!

If the black box is cracked, wouldn't the secret of the 303 submarine be cracked!

"Well, it's too late today. Otherwise, let's wait for tomorrow. Tomorrow or the day after tomorrow, I will go to the laboratory with you to take a look. I don't see anything now, so it's hard to say. I will be able to get it out. ."

And when she heard Qin Yuan's words, Shen Ge was taken aback. She was just trying to find an excuse, but Qin Yuan would have studied this thing too?

But this black box is a more important thing, so Shen Ge was also very excited, and said to Qin Yuan:

"If you have studied these things, that would be great. We have been studying for a long time and haven't cracked this black box!"

But Qin Yuan smiled, with Grid's help, no matter what it was, it made no difference to him.

Only after the matter was finished, the atmosphere became a little awkward. Shen Ge looked at Qin Yuan reluctantly and said to Qin Yuan:

"Well, since the matter is over, then I will leave first..."

Qin Yuan also felt this faint hint, smiled a little awkwardly, and then said to Shen Ge:

"It's dark and the road is slippery, or I'll send you back."

"No, I drove over, there should be no problem, but if you are willing to send me, then I will not refuse..."

Shen Ge's face turned red, and Qin Yuan coughed, and then agreed:

"Well, where is your car, I'll take you back."

Shen Ge was a little embarrassed when he heard this, but quickly pointed to the location of the car.

"You actually parked your car on the hillside?"

Qin Yuan looked at the parking position of Shen Ge, suddenly looked dumbfounded, but Shen Ge nodded, not to say anything, but the deer rushed in her heart, she just wanted to walk with Qin Yuan.

But Qin Yuan didn't know what these women were thinking, and shook his head and said:

"Okay, let's go over, but there are no lights here and the road is not good. You should be careful."

"Uh, oh, it's okay! Don't forget, I am also a soldier."

Shen Ge whispered, but Qin Yuan smiled without speaking.

Then the two people walked slowly. At this time, the moonlight in the sky was shining, and a man and a woman walking in this wilderness really had a special meaning.

While walking, Shen Ge asked Qin Yuan in a low voice:

"Qin Yuan, do you have a girlfriend?"

Chapter 598: Send Shen Ge home

girlfriend?

Qin Yuan was taken aback when he heard this. He didn't expect that Shen Ge would ask such a question, but he answered directly:

"I don't have any formal girlfriends, but there are many girls who love me, and I have a confidante who has taken her to meet my grandmother who raised me."

"what?"

Hearing this, Shen Ge's heart was shocked, his eyes dimmed completely.

Also, how could someone as good as Qin Yuan pursue him?

Although I haven't known Qin Yuan for a long time, in the eyes of Shen Ge, this man is really powerful. He is like a treasure. No matter how you discover it, you will find endless gains.

But now, it seems that this treasure has already been taken advantage of by others.

And Qin Yuan also thought of Mu Qingmei. Now Mu Qingmei is still performing an aid mission, and he doesn't know what's going on.

It's just that when I thought of that girl, she would travel across mountains and rivers to save herself, and a slight smile appeared on the corner of Qin Yuan's mouth.

Looking at this smile, Shen Ge felt a pain in his heart.

This was a truly happy smile. It seemed that he was indeed late, but Shen Ge was unsure, but he didn't pay attention to his feet. Suddenly he stepped on a stone under his feet, his body slipped, and he was about to fall directly to the side.

And Qin Yuan was just thinking about what was on his mind, and didn't care about it at all. At this time, it was too late, so he stretched out his hand and held Chen Ge in his arms!

Turning around in the air, Qin Yuan is holding Shen Ge to the other side, and at this time, feeling Qin Yuan's warm embrace, Shen Ge's heart is extremely relieved and enjoyable.

But this time is too short. Qin Yuan looked at Shen Ge at this time and asked with concern:

"How are you? Did you hurt anything?"

And Shen Ge also reacted and left Qin Yuan quickly, saying: "It's okay, it's okay, I'm okay...Oh."

But Shen Ge took a step back, but he felt a pain in his feet, which was simply unsteady.

Qin Yuan was full of helplessness, but he could only hug Shen Ge once again, sat on the ground with Shen Ge, carefully checked Shen Ge's ankles, and said to her:

"You have a sprain just now. Although you didn't fall, this sprain is inevitable. I don't have a silver needle in my hand. I can only give you a slight massage first, but it doesn't look serious. There shouldn't be any major problems. ."

At this time, Qin Yuan felt a little regretful, and he should prepare a few silver needles on his body, so that he could directly use the eight needles against the sky and heal Chen Ge's injury directly.

However, Shen Ge did not speak anymore, just staring at Qin Yuan blankly, and Qin Yuan didn't know what the woman was thinking. He just gently used his surgical skills to help Shen Ge rub her. Ankle.

It's just that after Qin Yuan took the hand, he felt that his little feet from now on were indeed extremely beautiful.

This little foot is extremely smooth. Although there are traces of it, it doesn't taste much. Moreover, the shape of this foot is very perfect. If Chen Ge does not become a soldier, he might be able to become a foot model.

So Qin Yuan couldn't hold back a single one and touched it a few times.

But Shen Ge snorted, her feet are the most sensitive part of his body, let alone groping like this, even if it is lightly touched, it is very unbearable.

"No way?"

Qin Yuan glanced at Shen Ge incredulously, but Shen Ge clenched, and said to Qin Yuan:

"It's okay, you keep coming!"

However, Qin Yuan smiled when he saw that Shen Ge looked like he was tortured, and said directly to Shen Ge:

"Come on, don't be so nervous, even if your injury is dead, there will be no problem, as long as it is a good rest, come on, I will carry you."

After saying these words, Qin Yuan didn't wait for Shen Ge's consent, and directly put Shen Ge on his back, but Shen Ge suddenly widened her eyes, she felt her body and heart Qin Yuan stick together. , Feeling the strong breath of Qin Yuan's body, slowly filling his nose and mouth, and even felt that he was about to faint.

However, Qin Yuan didn't feel anything unusual. He walked into the car with Shen Ge directly on his back. He didn't understand what he looked like afterwards, but he felt that he might be a little too weak in the future. He shook his head and went straight. Sent Shen Ge home.

There was nothing on the road. Qin Yuan sent Shen Ge home directly, then parked the car there, planning to run back alone.

After all, for Qin Yuan, take a good exercise to drain out the water in his body and save alcohol residue.

It's just that Qin Yuan didn't run long before he stopped, with a strange expression on his face, and whispered to one side:

"What are you doing, come out quickly."

With Qin Yuan's voice, the grass on both sides suddenly rustled, and several people stood up from inside.

"Golden Eagle, I said I can't hide it from his eyes, you still don't believe it, you have to try it, it's all right now, it was discovered by someone before entering our ambush."

"That's right, Golden Eagle, this is a bit shameful."

At this moment, a few people wearing camouflage and disguising directly stood up, and Qin Yuan took a closer look and found that the two people who were talking were Chen Shanming and Miao Lang.

Needless to say, the person behind, the code-named Golden Eagle, is naturally Fan Tianlei.

Qin Yuan couldn't help but roll his eyes when he looked at these people, and said to these people:

"Are you all doing nothing? Especially one of your dignified major-generals' It turned out to be all right. Come here to ambush me, is there something wrong with you?"

Qin Yuan couldn't stop making complaints, but when Fan Tianlei heard this, he was not ashamed, but rather proud, he smiled at Qin Yuan and said:

"Isn't it all for you?"

"for me?"

Qin Yuan was completely stunned, looking at Fan Tianlei with puzzlement, but Fan Tianlei said directly:

"We have received another tip. Those people from Fusang Club still don't give up. They seem to want something, and do you know that your amount in the world has increased again."

"Fusang Club? Yes, they come if they want to come. I can cut off their first tentacles, then I can cut them off for the second time. If I get anxious, I rush to their hometown and kill them. After all, they dare to be so arrogant, but what do you say about the increase in international money?"

When Qin Yuan heard these words, he was slightly interested and asked Fan Tianlei.

Chapter 599: New task

But seeing how excited Qin Yuan was, Fan Tianlei shook his head and said to Qin Yuan:

"Don't underestimate these people. These people are not only an organization, but they can also control the entire Fusang nation's economy, and they also have a group of very mysterious characters in their hands, they are the legendary ninjas!"

"Moreover, the increase in the international amount has already mentioned 500 million U.S. dollars to you. You have to be aware that if you mention 500 million U.S. dollars during this period, it is possible to enter the range of the top rankings."

Hearing what Fan Tianlei said at this time, Qin Yuan frowned and asked Fan Tianlei:

"Ninja or something, I'm not afraid of it. I've killed a lot, but what is this so-called high ranking leader?"

Qin Yuan remembered that this matter seemed to have been mentioned before, but it was not explained very clearly at the time, and now that Fan Tianlei mentioned it, then Qin Yuan naturally had to ask a question.

Seeing that Qin Yuan didn't seem to be afraid of ninjas at all, Fan Tianlei also shook his head and said to Qin Yuan:

"This sky list is a ranking list. It is said that those on this list are all famous killers in the world. These people are very cunning and do no evil. They are all internationally famous wanted criminals, even if there is only one. Entering the border, any country will be like a big enemy."

And hearing such words, Qin Yuan's eyes suddenly brightened. If he said that, this day's ranking seems to be very capable, but he was a little curious and asked Fan Tianlei:

"Even the master of the sky list is so powerful, then did I get in?"

"You? You can barely get in, the top 100 players in the sky list only take the top 100, and your ranking is probably more than 90, and it is not your Qin Yuan's name, but the mysterious Yan Nation soldier in the desert !"

"What? Only more than 90 people, these people are so ignorant! Forget it, if that's the case, the sky list is not a serious list, it doesn't matter if you don't make it."

When Qin Yuan heard that his name was so low, he suddenly lost interest, and Fan Tianlei was also dumbfounded, and said to Qin Yuan:

"Initially, this is not a serious list. There are more masters in this world. Some people have never made a move in their lives. But once he makes a move, he can kill a person on the top list, like There are such people with hidden dragons and crouching tigers. We don't know how many people there are in Yan Country! If you really think that there are only so many capable people in the world, then you don't know how to die!"

Qin Yuan nodded when he heard Fan Tianlei's words. This was true.

But at this moment, a voice suddenly sounded in Qin Yuan's mind:

"Ding dong, it is detected that the host is wanted, and the survival mission is activated, and there will be a master above the sky list to besiege the host. Every time a sky list master is killed, the host will get two grids!"

When Qin Yuan heard this voice, Qin Yuan's eyes suddenly lit up, but soon he became confused.

He still remembered that he had a mission to assassinate a master of the ranks before, but after so long, no one came to attack him?

Could it be said that this task failed?

With such doubts, Qin Yuan directly asked Fan Tianlei: "It has been so long, and it seems that I haven't encountered anyone on the top and bottom of the rankings to attack him."

Fan Tianlei rolled his eyes and said to Qin Yuan:

"What do you think? In our place, Yan Nation is a forbidden place for mercenaries. No matter what kind of killer or assassin, when they come to us, there will always be back and forth. The most important thing is that we will chase at all costs. Killing these people will have too little benefit and too much risk, so they naturally don't want to come to Yan Country."

When Qin Yuan heard this, it suddenly became clear to him, no wonder he had never encountered these assassins. It turned out that this was the reason.

Qin Yuan thought about it carefully. When he went to foreign countries to do tasks, most of them simply performed them, and he would be back soon. He had never been abroad for a long time and had revealed his identity.

It seems that if you have a chance in the future, you can try it and attract some killers to assassinate yourself. After all, there are so many tartans.

If Fan Tianlei knew what Qin Yuan thought, he would definitely not know how to say it. After all, it was too late for ordinary people to avoid assassins, and a freak like Qin Yuan still wanted to attract assassins!

However, the Zhenger Bajing matters have been discussed. Fan Tianlei also showed a playful smile at Qin Yuan, and said to Qin Yuan:

"Young man, you are not a superficial blessing. How long has it been since I arrived in the Navy, yet another beauty was attracted to you."

"Go and go, it's true that my beauty is not superficial, but you said that there was a beautiful woman who was attracted to me. What's the matter? People just have such a slight affection for me, but I am a firm person. It's very. And she is a rich second-generation big beauty with tens of billions of assets in her family. How can she look at me?"

When Qin Yuan said this, he didn't know why, but he always felt a little guilty.

After all, Mu Qingmei and An Ran, no one would let go of him.

And Fan Tianlei shook his head and said to Qin Yuan:

"Okay, I'm not criticizing you. I don't want to say much about your young people. I just want to remind you one last thing. Recently, you'd better strengthen your training. The international situation is changing three times a day. No one knows exactly what will happen tomorrow. Maybe after a while, you will be sent out to perform the task!"

"ready anytime!"

Qin Yuan also agreed to ' and paid a military salute, but in his heart, he was extremely excited. Although staying in this sea training camp was fairly comfortable, it would be natural if he could go out to perform the task. Is the best!

"We also know the weapons laboratory you applied to with your superiors. It is impossible for you to open one directly, but you can go to the factory to take a good look and provide them with inspiration."

Qin Yuan heard Fan Tianlei's words, his forehead was full of black lines, and said to Fan Tianlei:

"No, right? Why did I become a weapons laboratory? Didn't you say that you directly let me open a military factory?"

"Alright, this weapon laboratory and military factory are both highly classified. It's not bad to let you go and see it. Don't ask too much, guy, step by step."

And Qin Yuan was full of helplessness when he saw Fan Tianlei's proud look. Although he knew that this kind of thing might not be easy, but he didn't expect it to be so difficult.

"Well, I have a drawing. You can show it to the people on it. If you find it useful, you can consider whether you want me to open a military factory."

Chapter 600: Reward for Jiang Xiaoyu

"You still do this kind of stuff, but it's not me who said you. Train well, don't you help me bring out a few more teams?"

At this time, Fan Tianlei looked at Qin Yuan's drawings, but looked a little disgusted.

Although he knows that Qin Yuan is very good in that respect, he still hopes that Qin Yuan can train well, and this is not to do these blueprint forging and so on, it does not look like Qin Yuan should do something.

But Qin Yuan said to Fan Tianlei:

"Hey, this makes no sense to you, why can't I do these things? Don't forget, there were a lot of things before, but I cracked them out!"

Fan Tianlei sighed helplessly when he saw Qin Yuan's unwillingness to listen. He took the drawing in Qin Yuan's hand, opened it and took a look, and found that the drawing was still alike. But he couldn't see what it was.

"Let's do it, I will help you deliver this thing, and whether this thing is useful or not, I dare not guarantee you."

Fan Tianlei said to Qin Yuan, but Qin Yuan was not discouraged, instead he said with a smile:

"Just send some for me. You don't need to worry about other things. The staff at the Weapons Research Institute will definitely know the goods better than you!"

After all, the thing Qin Yuan gave is nothing but the drawing of an airplane engine!

This is a premium item obtained from the system,

"Since you have that confidence, then I won't say anything, but I would like to remind you one last thing, be careful."

"I know, I better take care of yourself, maybe people look down on my head, but they killed your old golden eagle!"

"Bah, crow's mouth!"

Fan Tianlei said angrily, but he also knew that Qin Yuan only showed concern for him.

"Since everything is finished, I will go back first. After a while, someone will contact you. Just pay attention to the matter of visiting the military factory. Also, remember to do the task next time. Always turn off the communicator, don't forget, although you are better, you still have a country behind you! Don't carry everything yourself!"

Fan Tianlei patted Qin Yuan on the shoulder, and then left directly.

And Qin Yuan shook his head after seeing this group of people go, and went straight back to the sea training ground.

And the next morning, when Qin Yuan woke up, Jiang Xiaoyu and others were already training.

After all, Qin Yuan said yesterday that they would form a new team, and they all knew about it, and it would not be long before it was the Mars Military Competition. Naturally, they wanted to get the first place in this competition and move one. The trophy is back!

Seeing these people working so hard, Qin Yuan nodded in satisfaction, especially when he saw Jiang Xiaoyu on the side, he also greeted them directly and asked everyone to gather.

After waiting for the lineup, Qin Yuan looked at Jiang Xiaoyu in front of him and said with a smile:

"Jiang Xiaoyu!"

"Here!"

"You did a good job before. I promise you that as long as you can win Xiang Yu, I will give you a 100,000 yuan bonus. Now give me your account and I will transfer the money to you!"

When he heard such words, Jiang Xiaoyu's eyes suddenly widened, and he said in disbelief:

"Didn't I fail to win this? Isn't it a draw?"

When Jiang Xiaoyu woke up before, he knew from his teammates that Xiang Yu had regained consciousness first. He originally thought that this bonus must be gone, but Qin Yuan would have to send it to him today!

"It doesn't matter. Anyway, this is not a reward from the army, but a reward for you personally. I know your family is more difficult. You can take the money and send it to the family first, so that the family can feel at ease."

In fact, Qin Yuan originally planned to give this money to Jiang Xiaoyu. After all, he has heard about Jiang Xiaoyu's family situation, and if he has this money, then Jiang Xiaoyu's former childhood sweetheart's girlfriend will also No need to break up.

"I, Brother Yuan, you give me this money, I hold it, it always feels hot!"

Although Jiang Xiaoyu wanted the money very much, he still felt a little uneasy if he accepted Qin Yuan's reward.

But Zhang Chong and Lu Yan on this side laughed and rushed forward, patted Jiang Xiaoyu on the shoulder, and said to Jiang Xiaoyu:

"Brother Yuan, give it to you, just take it, what's the situation in your family, can we still know? Give this money to your grandma, and let her old man take a good look at her illness!"

"That is, you don't want your Azhu anymore?"

And hearing such words, Jiang Xiaoyu became more and more embarrassed, Qin Yuan saw Jiang Xiaoyu's appearance, but suddenly said seriously:

"Jiang Xiaoyu!"

"Here!"

"You should honestly take this before the money. It is considered that I paid you in advance. Didn't you say that the previous time was a draw, shouldn't you take the money? Well, there will be others next The task, as long as you can perform brilliantly at that time, then you don't have to pay back the money!"

Qin Yuan said to Jiang Xiaoyu with a smile, and when he heard this, Jiang Xiaoyu was also completely moved. He knew that if he refused again, it would look a little bad.

Qin Yuan has given him a better way' He must train harder and strive to shine in the next mission!

Afterwards, Jiang Xiaoyu didn't say anything too much, so he directly reported a card number and accepted the money. Qin Yuan also nodded, and then said to the others:

"Not only do you want to give out a little reward today, but I see you guys seem to be very interested in my mantis boxing. Why, do you want to learn from me?"

what?

Upon hearing this, the eyes of these people were completely bright, and even Liu Xiaoshan and Deng Jiuguang were full of shock.

This Qin Yuan would exercise his body on the beach from time to time, occasionally practice physical exercises, and mantis boxing.

But they all thought that Qin Yuan learned martial arts from his family.

Although they are extremely curious, none of them will touch this mold.

After all, they are very satisfied with the ability to obtain physical exercises. This mantis boxing is a thing passed down by others, and if you ask, it seems too insufficient.

But they didn't expect it. Now Qin Yuan was even willing to teach them this mantis fist.

Lu Yan on one side said cautiously:

"Brother Yuan, can you really give us this boxing technique? Are your family willing?"

Hearing this, Qin Yuan was suddenly dumbfounded. He originally thought that these people were not interested in his mantis fist, but now it seems that they have clearly misunderstood!
