

Special Soldier 601

Chapter 601: Accept disciples

"Okay! I'll ask you if you want to learn it. I thought you were not interested in my punches, but now it seems that you don't have the guts to ask!"

"Interested, interested, of course interested!"

When these people heard what Qin Yuan said, they were immediately excited, and Qin Yuan also shook his head and said to them:

"Don't be so excited, this mantis boxing has a threshold, and I don't know if you can practice it."

"Then show us first!"

Zhang Chong said excitedly, and Qin Yuan also nodded, then put on a mantis boxing posture, and began to teach seriously.

These few people glanced at each other, and they all studied seriously. After all, there are not many opportunities like this.

This is the first time that Qin Yuan's professor of the Eight Classics has obtained the skill from the system, but Qin Yuan's Mantis Fist has reached the cosmic level. He has thoroughly understood this set of boxing techniques, and Qin Yuan himself exercises regularly, this mantis boxing is considered to be Qin Yuan's most proficient skill!

So even without a systematic reminder, Qin Yuan felt deeply about this mantis boxing.

So as long as he saw the posture of these people, Qin Yuan could feel it. This mantis boxing, who is suitable for practice, who is not suitable for practice.

What Qin Yuan didn't expect was that the best candidate to practice Tanglang Quan was still Jiang Xiaoyu!

Seeing this, Qin Yuan also smiled with satisfaction. After all, he had already seen before that Jiang Xiaoyu was very interested in Tanglang Boxing, and Jiang Xiaoyu was talented enough. It was the best man to practice Tanglang Boxing. The best candidate.

Although Zhang Chong and Lu Yan wanted to practice very much, the two of them did not agree with each other. Even if they barely practiced, they would not be able to practice Tanglang Quan to a high level.

If this is the case, it would be better not to practice. After all, the military physical boxing they practice now is also a very good fighting technique.

As the saying goes, greed is too much to chew, instead of learning a few miscellaneous techniques, it is better to practice a kind of technique!

After hearing Qin Yuan's comments, Zhang Chong and Lu Yan's faces were full of disappointment.

They also knew that they were really not suitable for this mantis boxing, so both of them patted Jiang Xiaoyu on the shoulder and congratulated Jiang Xiaoyu. Then they stood aside and planned to see Qin Yuan in the end. How is it taught?

After , Qin Yuan didn't hide and tuck the paper, and taught while playing, giving all the essence of this mantis boxing to Jiang Xiaoyu.

And Lu Yan and Zhang Chong also watched and learned very seriously, but after watching them, they two did not understand. After all, there were some aspects that they couldn't understand, but they saw Jiang Xiaoyu's appearance. , But they all understood. As a result, the two of them also sighed for a long time, completely giving up the idea.

while teaching, suddenly a voice rang in Qin Yuan's mind:

"Ding dong, the system publishes tasks, teaches techniques, teaches the martial arts skills learned by oneself to other people, and makes these people's skills reach world-class, rewarding two grids! When the task is completed, there is a chance to reward the title, grant Master Ye!"

Yep?

Hearing this voice, Qin Yuan was shocked. This was the first time he saw him. He had a task to directly reward the title!

You know, Qin Yuan needs a lot of senior titles now to unlock the last 4 stitches of the eight stitches against the sky!

If you just teach others skills, you can be successful, and if you can also get a grid, then Qin Yuan can't ask for it.

But Qin Yuan calmed down soon, thinking that this task might not be so easy to complete.

After all, what Qin Yuan wants is to get this grid quickly, and if he wants to complete the task, he must let the person he teaches raise this technology to a world-class level!

Don't look at Qin Yuan, he only needs one grid to obtain world-class technology, but if one person learns from scratch, then I don't know how long it will take!

Currently, Qin Yuan feels that Jiang Xiaoyu who is learning Mantis Boxing is expected to reach world class within a short time.

It seems that this task is not so easy to complete.

But Qin Yuan still wants to try, he now possesses a lot of martial arts.

Mantis Fist, Python Strangling Technique, Iron Head Technique

Seems, is enough?

is just a mule or a horse, pulling it out for a stroll. Although Qin Yuan didn't have much hope, he still wanted to try it, so he directly said to Zhang Chong and Lu Yan on both sides:

"You two can't learn this mantis boxing, but I have other techniques. I wonder if you would like to learn it?"

"I am willing! Of course I am!"

The two of them were immediately extremely excited. They all knew that there was no simple technique in Qin Yuan's hands!

But they also watched Jiang Xiaoyu's progress so quickly, but they didn't, naturally there was a trace of envy in their hearts!

And now Qin Yuan has other options in his hands, of course they want to continue learning.

After , Qin Yuan showed off his iron head skill and python strangulation technique, while Zhang Chong learned iron head skill and Lu Yan learned this python strangulation technique.

Qin Yuan also has no private possessions, so he directly used his own experience of these three abilities, is all taught to these three people.

Liu Xiaoshan and Deng Jiuguang, who were on the side, saw this situation, but they said to the three:

"You learn other people's technology, don't you call a master?"

"That's right, Qin Yuan is the real preaching and teaching karma to solve puzzles, he is much better than us!"

When they heard this, the three of them immediately reacted, kneeling down to Qin Yuan, and calling for the master.

Qin Yuan was also stunned. He did not intend to accept apprentices, but seeing the incomparably sincere appearance of the three of them, Qin Yuan also felt a sense of satisfaction as a master in his heart.

"Okay, just stand up quickly. You can just call me a master. As for other false gifts, you don't need it at all. If you can learn this technique well and then pass it on, you won't Thanks for teaching you!"

Qin Yuan quickly pulled these three people up, and these three people also felt that they were getting closer to Qin Yuan.

Qin Yuan couldn't stop shaking his head. He didn't expect that he just wanted to complete the task, but in the end he accepted three apprentices.

No wonder that when this task is completed, there is a chance of getting a senior title to teach you to solve puzzles. Isn't this what the teacher should do?

After that, Qin Yuan explained a lot of doubts to them again, and it was noon at once, but when they were just planning to eat, a car came in the distance. Qin Yuan took a closer look and did not expect anyone to come. It turned out to be Shen Ge.

Chapter 602: Sudden task

"How did you come?"

Qin Yuan looked at Shen Ge with surprise, but Shen Ge showed a grieved expression when he heard Qin Yuan's words:

"Don't you want me to come?"

"That's not the case. Mainly, didn't you hurt your ankle yesterday, so I thought you should take good care of your injury instead of coming over, but now you're here just right. I didn't bring a silver needle yesterday, but today there is a silver needle I'll give you a shot and it will be healed.

When Qin Yuan said this, he took out a needle bag from his pocket, but Shen Ge was overjoyed when he heard this, and then said to Qin Yuan:

"I'm fine. It's not a big problem. It's just a small sprain. I'm also a soldier, so I won't be so hypocritical."

Shen Ge thought that Qin Yuan hated himself, but now it seems that he still cares a little about himself.

As long as he didn't make Qin Yuan hate, wouldn't this be all right!

Qin Yuan saw Shen Ge's appearance, but shook his head:

"Okay, let's get a shot. Okay, go, go to my room."

In order to have a good environment, Qin Yuan cleaned out a room before, and did not live in the same room with Jiang Xiaoyu, so it was considered a place to talk.

"You guys, practice well. If there is anything you don't understand, I will talk about it when I come back!"

Qin Yuan greeted several people, and Jiang Xiaoyu also agreed.

However, looking at the backs of Qin Yuan and Shen Ge, the three of them suddenly mumbled:

"Hey, you said, what is the matter with Staff Shen coming to find the master?"

"What else can it be, isn't that the little thing between men and women?"

"No, that's it. Then, don't we have to call Mrs. Shen Staff Teacher from now on?"

"Fart, I don't know this thing for a day, and I can't say it for a day. I don't think the master is too willing. It's not certain whether it can be achieved. I said, you two guys with basically zero emotional intelligence, don't This is causing trouble to the master! I'm still waiting for the master to find a rich wife who can get a big red envelope!"

"Cut!" "Cut!"

Lu Yan and Zhang Chong were completely speechless when they saw Jiang Xiaoyu's ass.

But Jiang Xiaoyu was triumphant and felt that he had caught the blind spot.

At this time, Qin Yuan took Shen Ge to his dormitory, and asked Shen Ge while injecting needles:

"Okay, what is it that you came to me in such a hurry today?"

Seeing her ankle being grasped by Qin Yuan again, Shen Ge also had a trace of shyness in her heart, but she still said directly to Qin Yuan:

"It wasn't agreed before. I'm going to see Dr. Rong, and then figure out what the two black boxes of the 303 submarine record. By the way, I will show you my teacher..."

"Oh? Teacher?"

Qin Yuan was a little surprised, but Shen Ge said:

"It's Dr. Rong. She is my teacher of electronic information technology. I and her care very well. In fact, this black box is still very important. If I can untie this thing, I may appoint my teacher and Captain Dragon. Can you get back together?"

At this time, Qin Yuan remembered that Dr. Rong seemed to be Long Baichuan's wife, but for some reason, the two seemed to be separated, but neither party continued to look for it.

But Qin Yuan knew that this was because Long Baichuan felt that he was sick, so he didn't want to delay Dr. Rong.

Qin Yuan sighed lightly and said to Shen Ge:

"Okay, let's go, and try to solve these two things. By the way, it's tied. You can see if your feet can go."

However, Shen Ge only reacted at this time. Her feet didn't hurt at all. She looked at Qin Yuan in surprise. Although she knew that Qin Yuan's medical skills were very good, she felt it for the first time.

This man is really amazing!

Shen Ge looked at Xue Qin Yuan's back and sighed sincerely.

The two drove away from the barracks together and headed for the research institute, but when they arrived at a research institute and asked the guard, they heard the guard said that Dr. Rong was not here today, and someone called her just now. out.

This is a bit of a surprise to both Shen Ge and Qin Yuan. After all, most of these researchers are working in the research institute, especially Dr. Rong. She is fascinated by this black box. When nothing happens, she doesn't Exit the gate of this institute.

But when Shen Ge asked carefully, he heard that Dr. Rong was in a hurry when he left, and he was still walking in a military vehicle. Hearing this news, Qin Yuan suddenly remembered it, as if he saw him on TV. After Dr. Rong, if Dr. Rong left in a military vehicle, he would definitely go to Long Baichuan.

When Dr. Rong and Long Baichuan met. It was when Long Baichuan became ill!

So at this time, Qin Yuan suddenly moved in his heart, and then directly said to Shen Ge:

"I know where he might have gone, come, call the military area, and ask."

However, Shen Ge dubiously made a phone call and consulted Dr. Long Baichuan and Rong. However, this question came out, and Long Baichuan was indeed ill!

"I know, then I'll go over now, can we rush to the military area hospital directly? Well, well, good, good!"

After saying this, Shen Ge directly hung up the phone, and then turned back to Qin Yuan and said:

"Just like you told me, Captain Dragon fell ill and they called an ambulance. If we want to see Dr. Rong and Captain Dragon, we have to go to the military hospital."

And hearing such words, Qin Yuan's brows frowned slightly, and he felt that the plot like this seemed a bit familiar.

You must know that in the original work, at this time, Thomas sent someone to capture both Dr. Rong and Long Baichuan, and also hijacked Dr. Rong, asking them to hand over all the information on the black box.

However, in order to protect Dr. Rong, Long Baichuan bravely killed the enemy and killed a lot of pirates. In the end, he was hit by the pirate's bullets because of his body injuries and died.

However, Thomas and his party have been killed by Qin Yuan, so Qin Yuan doesn't know whether this will happen.

And at this moment, a voice rang out in Qin Yuan's mind:

"Ding Dong, the system will release a mission to save Dr. Rong and Long Baichuan, and reward a grid!"

After hearing this task, Qin Yuan's expression changed, and he was walking towards the car while pulling Shen Ge:

"Worse, the two of them, I'm afraid something is going to happen!"

After saying this, Qin Yuan didn't explain, he drove the jeep directly, and rushed out as soon as he stepped on the accelerator!

At this time, on the other side, Dr. Rong and Long Baichuan were in an ambulance, and Dr. Rong saw the appearance of Long Baichuan with tears in his eyes, and he couldn't help complaining:

"I told you to go home and rest. You just don't believe me. Even if you don't do it for me, you have to pay attention to your own body."

When Long Baichuan saw Dr. Rong's appearance, there was a slight smile on his face. He endured the pain in his body, and said calmly:

"It's okay, I found a very powerful genius doctor, maybe let him show me, all my illnesses are cured!"

"It's just nonsense. How many doctors have you looked for in the past few years? People say that your disease will never get better. Can a little doctor help you cure it?"

Dr. Rong thought that Long Baichuan was comforting herself, and was even more sad, because she had never seen Long Baichuan's face so ugly. She already had a premonition. If it doesn't work this time, I'm afraid Long Baichuan will do it. Can't hold it anymore!

And Long Baichuan saw the appearance of Dr. Rong, and just wanted to continue to comfort him, but at this moment, the ambulance suddenly shivered!

Dr. Rong's and Long Baichuan's expressions changed at this moment. Just when they wanted to know what was going on, there was a gunshot from outside!

At this time, the hearts of both people were tight, and then the back door of the ambulance opened slowly. Outside there were a few men in black clothes with guns in their hands, pointing at them, and making a weird noise. Yan Guo language said to them:

"Don't resist, raise your hand and follow us!"

And seeing this, the expressions of Dr. Rong and Long Baichuan became extremely ugly, especially Long Baichuan, because he could hear that the tone of these people should be those of the Fusang country. Thinking of the corpses of those island people that I met on Thomas' island before, I knew that this time there might be a big problem!

However, surviving dragons and rivers is not afraid of danger, thinking of what kind of method there is to leave a message, and let others save them.

But these people didn't give them any chance, and directly hit them on the back of the neck with a single shot, knocking him unconscious.

"take away!"

The headed man in black greeted directly, and soon these people left here in their car, leaving only the tattered ambulance and parked here.

After a while, a jeep drove over from a distance, saw the ambulance, creaked, and stopped on the side of the road. At this time, Qin Yuan and Shen Ge were sitting in the car!

At this time, Shen Ge saw the ambulance, her face was full of horror. She really did not expect that, just like Qin Yuan's guess, Dr. Rong and Long Baichuan really had an accident!

And Qin Yuan's face naturally showed a slight expression like that. He got out of the car and said to Shen Ge:

"You first contact the people in the military and ask them to take someone to see if there is any other information. I will get off the car first and find if they have any clues!"

"it is good!"

When something happened, Shen Ge also recovered the nature of a capable soldier and started to act quickly.

But Qin Yuan surrounded the car at this time and observed it carefully, and suddenly smelled a trace of smell, and when he smelled this smell, Qin Yuan's eyes suddenly brightened.

This is a special smell of disinfectant water. Because of Long Baichuan's fainting, the medical staff injected medicine into Long Baichuan!

But Qin Yuan narrowed his eyes, sneered, and opened his world-class olfactory ability. As expected, he smelled a smell of disinfectant water, which filled the air.

Qin Yuan sneered and said directly to Shen Ge on one side:

"Shen Ge, you are waiting for someone here, I found a clue, let's follow it first."

"what?"

Shen Ge hadn't reacted yet, and saw that Qin Yuan had run away, but she couldn't leave here, and she could only say to Qin Yuan from a distance:

"You have to be careful!"

Qin Yuan waved his hand, indicating that he had heard it, and then quickly followed the smell and chased him up!

However, Qin Yuan took his long-distance running speed to the limit. Soon, he just found a small abandoned factory. After thinking about it, Qin Yuan took out his mobile phone and sent out his own position to Shen Ge. Just touched it in.

He wanted to see, Thomas' people had been killed by him, and who else would hold Dr. Rong and Long Baichuan!

At this time, in the factory building, Long Baichuan was tied to a chair. There was a man in front of him with a stick in his hand and said to Long Baichuan:

"Mr. Long, Dr. Rong, both of you are experts in the research of 303 submarine, then please tell me what is in this 303 submarine?"

At this time, Dr. Rong saw that Long Baichuan was beaten so miserably, and he couldn't help crying, but now Long Baichuan kept shook his head at Dr. Rong, motioning to Dr. Rong not to speak.

But seeing this situation, the man in black sneered and hit Long Baichuan with another stick. He was not afraid that Long Baichuan would not speak. After all, he still had a woman like Dr. Rong in his hand. They are all emotional, even if they can persist at the beginning, if Long Baichuan is really going to get into any dangerous situation, Dr. Rong will definitely speak!

Sure enough, after the black-clothed man hit a few sticks, Long Baichuan suddenly vomited a mouthful of blood. After all, he was already seriously ill. Now he is hitting like this, naturally he can't hold on!

And seeing this Dr. Rong suddenly collapsed. She couldn't watch Long Baichuan and was killed in front of her, so Dr. Rong said to the man in black:

"I said! I said! What do you want to know! I will tell you everything!"

The man in black nodded in satisfaction, and asked Dr. Zherong:

"Then tell me, what secret is hidden in this black box?"

Hearing this, Dr. Rong's expression was suddenly stagnant. Although she was studying the black box, she had not deciphered the contents of the black box.

But she knew that she had to tell some news now, otherwise, this person would definitely continue to beat Long Baichuan, but Long Baichuan would not last long!

"Well, let me tell you, the 303 ship is a hidden submarine, and it can evade radar detection. It is rumored that there are a lot of treasures and gold in the 303 submarine. This is just nonsense. The really important thing is the 303 submarine itself. He has an anti-submarine radar technology. This technology is what is really important. If you can obtain this technology, you can sell it for a lot of money no matter in any country!"

Chapter 603: Trick

But after hearing this, this person didn't have any excited expressions, but looked at Dr. Rong coldly and said directly:

"Who do you think we are and need this kind of simple news? What I need is your true value, otherwise, after we take the black box, we will kill you!"

When Dr. Rong and Long Baichuan heard this, they looked at each other, their eyes full of shock.

If these people are only for the money, it is just a small slapstick, but looking at the appearance of these people, it is obviously for the black box itself!

"Your time is running out. If you can't tell us any useful information before my people get the black box, then you two will just die here!"

Kuroda looked at Dr. Rong and Long Baichuan, sneered, then sat aside and stopped talking.

Dr. Rong took a deep breath, walked to Long Baichuan's side, and asked Long Baichuan anxiously:

"What should I do....."

"Rongsheng, I'm sorry, if it wasn't for the black box, you wouldn't be involved."

At this time, Long Baichuan was full of guilt, but Dr. Rong was anxious and said to Long Baichuan:

"It's already this time, you still say something like this, I mean what should I do now?"

And seeing Dr. Rong's angry look, Long Baichuan had a strange feeling in his heart for no reason. He wanted to laugh, and said to Dr. Rong:

"Let's delay the time and see if anyone comes to save us. If someone comes to save us, then it's the best thing. If no one comes to save us, then you can just take your research results and say something to them, See if they can take you away."

But after hearing this, Dr. Rong crumbled and said to Long Baichuan:

"Then why don't you just say all these things clearly now, anyway, at the end, I always have to tell them! If I say it now, maybe they will save you, but if I say it late, it's not just being They took the results, even your life!"

Although Dr. Rong knows that this matter is very important, it is really possible for her to hand over all her research results if it is for Long Baichuan!

But after hearing Dr. Rong's words, Long Baichuan's eyes became extremely severe. He grabbed Dr. Rong's hand and said to Dr. Rong:

"You must not hand over your research results now, because we don't know whether what they said is true or not, whether they will actually get the black box, if we hand over the last bargaining chip now , Then there really is no chance to resist!"

After hearing this, Dr. Rong was stunned, she didn't think of this at all.

Therefore, Dr. Rong calmed down and said in a low voice to Long Baichuan:

"You're right. I was almost frightened by them. They might not be able to get the black box. When I left, I already put the black box in the safe. They didn't have the password for the safe, so there was no way to get it. Take this black box out."

Hearing this, Long Baichuan's eyes also lit up, and they finally knew what to do.

But at this time, Kuroda Yonghua sneered on the side, not caring about the whispering between Dr. Rong and Long Baichuan.

At this moment, a voice suddenly rang in his ear and replied:

"Password? Okay, I'll give it to you now!"

After saying this, Kuroda Nagaka walked directly towards Dr. Rong, and Long Baichuan saw this situation, his eyes widened, and he stopped in front of Dr. Rong and said to Kuroda Nagaka:

"What do you want to do?"

However, Kuroda Nagaka just kicked Ryubaichuan aside. If he is healthy, Ryubaichuan might still be able to fight Kuroda Nagaka, but now he has a relapse and is about to die, not at all. Kuroda's opponent!

"No!"

Long Baichuan saw Kuroda Yonghua grabbing Dr. Rong, his eyes filled with distress and despair.

But Dr. Rong's face had a trace of perseverance. She heard Kuroda Nagaka's password just now, knowing that these people must have found the safe, but without the password, the black box could not be taken out.

Therefore, Dr. Rong has made up his mind. If this plan does not have the two of them, that is, the progress is slower, and other colleagues continue to crack, but if the black box is also stolen by these people, it will be completely finished!

Dr. Rong had already planned to commit suicide, she would never tell them the password of the safe!

But seeing Dr. Rong's appearance, Kuroda Nagaka smiled disdainfully and took out a small pocket watch directly!

"Hypnosis!"

Long Baichuan's eyes widened, and he thought of this term all at once, so he quickly yelled at Dr. Rong:

"Be careful! Don't get him hypnotized!"

But at this time, Kuroda Yonghua snapped his fingers directly, and Dr. Rong suddenly became stunned, not looking at anything, just staring at his pocket watch.

"Hehe, tell me, what is the password for the safe?"

"4.....3.....8.....4.....5"

At this moment, it was as if Dr. Rong was asleep, saying such things intermittently, while Long Baichuan was on the side, no matter how he yelled, Dr. Rong couldn't hear him at all!

This time, Long Baichuan's heart was filled with endless shock. He really did not expect that the person in front of him would have such a powerful hypnotism!

Although Dr. Rong is a scientific researcher, he has not received any professional training in this area, and his will is not very strong, but this can't even be used for a few seconds, and Dr. Rong is directly hypnotized. This technique, Long Baichuan has never even heard of it!

"Who are you?"

At this time, Long Baichuan breathed in the air, and asked Kuroda Yonghua.

On the other hand, Kuroda Yonghua sneered and threw Dr. Rong aside, then walked to Long Baichuan and said to him:

"Tokyo Foihe Tenin, Kuroda Nagaka!"

Ninja?

And it's a super ninja?

Long Baichuan has heard that this super ninja is very rare even in Fuso, and every super ninja has its own very good skills!

And this guy in front of him must be hypnotism!

"Asshole! If you have such a skill, then why tie us over?"

"Hehe, do you really think that my hypnotism is so easy? Actually, you have been hypnotized by me since you entered this room, idiot!"

After hearing this sentence, Long Baichuan immediately saw a series of butterflies in front of him, and Long Baichuan suddenly understood that these people are not using hypnotism at all!

It's hallucination!

Chapter 604: acquaintance

At this time, both Dr. Rong and Long Baichuan fainted, and seeing this situation, one of the men standing on the side spoke to Kuroda Yonghua in a mouthful of Fuso:

"Kuroda-kun, the other side has already succeeded, but I am also a little curious, why don't we just take them back?"

"If you shouldn't ask, don't ask too much! Now that you have already got your hands on that side, then pretend to take these two people away and send them to our secret base on the sea. This is a very useful talent. Remember, don't let them both It's dead."

"Hi!"

After that, Long Baichuan snorted coldly, walked directly to the side, and put away the pocket watch in his hand. In fact, his illusionary skills seemed magical, but in fact, besides the use of hypnotism, it was more because of his pocket watch. Among them, with a powerful hallucinogen!

This is why he was able to hypnotize Dr. Rong Baichuan so quickly!

But this also has a flaw, that is, once hypnosis is too long, it will have an irreversible effect on the human brain.

And they still need Dr. Rong and Long Baichuan to help them study the black box, naturally there is no way to completely hypnotize Dr. Rong and Long Baichuan!

But after Kuroda Nagaka finished these things, she sat aside and snorted coldly:

"Why do you want me to do these things? I even want to go to the European battlefield to deal with those disobedient mercenaries, or to avenge my dead friends!"

Kuroda knew that the legend of this black box came from Kudo, who worked with Thomas before. They originally wanted to cooperate with a little pirate, but they didn't expect that Thomas, a pirate who was in their eyes, would actually return There is half a black box!

After learning the news at that time, Kudo was extremely excited, and he passed the news back, and even repeatedly assured the organization that he must get all the black boxes in his hands, and look at the legend. What exactly is a ghost submarine?

However, the result was also known later. Kudo was directly killed by Yan Nation's navy, and even the missile he was about to die with was intercepted by Yan Nation's navy. The mission was a complete failure!

And this time the mission not only failed, but also lost one of their very important masters, that is Ryugasaki Yamaichiro!

After that, the Fusang Club knew that this matter might have something to do with Qin Yuan, but they didn't dare to provoke Qin Yuan anymore. After all, they really had no way to attack Qin Yuan.

If we continue to fight like this, maybe all the experts in their organization will die!

Therefore, the people of Fusang Club were cruel, and in one sigh, Qin Yuan's reward was hit 500 million US dollars!

I just hope that so much money can attract some wild masters and help them kill Qin Yuan!

Although the Fusang Club did not dare to do anything to Qin Yuan, they were bound to win this black box. After all, they knew that the Yan Kingdom's navy was booming recently, and the navy that had overwhelmed them Fusang Kingdom could not raise its head. The Chinese navy got this technology again, wouldn't they be even worse?

So this time, Kuroda Yonghua was sent over to **** this black box, and also get the research materials of Yan Country!

However, it is strictly forbidden that Kuroda Nagaka confronts the soldiers of Yan country!

"The old trash in the family, you are afraid of yourself, why should you take me? Yamaichiro is not necessarily my opponent, why should I do this kind of thing? If you meet that person, you must let him know. I am good at ninjutsu!"

At this time, Kuroda Nagaka snorted, and suddenly kicked a small stone in front of him, and the small stone, like a bullet, went directly into the wall and penetrated the concrete!

This suddenly showed Kuroda Nagaka's strength and tyranny, as if it did not rely solely on her own hypnotism!

At this time, on Qin Yuan's side, he ran all the way along the smell of Long Baichuan, only to find that he was approaching a factory building.

Looking at this factory from a distance, Qin Yuan also saw that there were many people in this factory, and these people were all masters. On the bright side, there was no one, but Qin Yuan just opened it. With your own thermal imaging capabilities, you will find that there are thirty or forty people lurking in such a plant!

And Qin Yuan still saw that a group of people was leading two people towards the back mountain.

And seeing this, Qin Yuan guessed that those two people must be Dr. Rong and Long Baichuan.

Qin Yuan was also surprised to find that although Dr. Rong and Long Baichuan were already in a coma, there was still physiological saline on Long Baichuan's hands.

It seems that these people want to take Dr. Rong and Long Baichuan away and continue to study this black box!

But at this moment, in Qin Yuan's mind, a voice suddenly sounded:

"Ding Dong, the system will issue a task to kill Kuroda Yonghua, and reward a grid!"

"Ding Dong, the system will issue a mission to kill 50 ninjas and reward a grid!"

Ninja?

Hearing this voice at this time, Qin Yuan raised his brows, and he showed a hint of interest.

No wonder these people are lurking so well, they are ninjas again?

When Qin Yuan was on Paradise Island before, he encountered these people, but at that time Qin Yuan was more anxious and killed all of them. He didn't know what these so-called ninjas were so powerful.

But now Qin Yuan has a little interest. Since he knows that these people will not easily attack Dr. Rong and Long Baichuan, there is a certain amount of time.

Qin Yuan first passed the news back, and asked the navy people to block the back mountain first, so as not to let these people escape easily. After that, he activated his lurking ability and slowly approached the ninjas hiding in various places.

But Qin Yuan hadn't gotten close yet suddenly saw the lurking person in front yelled:

"It's so showy!"

Qin Yuan's eyes suddenly widened. Doesn't this mean an enemy attack?

The alertness of these people is so high that they were discovered as soon as they approached?

Qin Yuan immediately wanted to rush over and kill the killer, but before Qin Yuan could do anything, he discovered the other side, and there was a sound of shouting and killing!

At this time, Qin Yuan took a look and found that on the other side, several people rushed towards the factory!

"I'm going, it scared me!"

At this time, Qin Yuan suppressed the shock in his heart, jumped onto a tree, opened his Hawkeye ability, and wanted to see who was there.

But at this look, Qin Yuan's eyes widened!

Because the one on the other side, not someone else, turned out to be Anfisa who hadn't seen it for a long time!

Chapter 605: Different people

Looking at this Anfisa, Qin Yuan was completely stunned. He really did not expect that Anfisa would appear here!

I can't see exactly what Anfisa does, but now she shouldn't be undercover elsewhere, right?

Qin Yuan clearly remembered that when he was on Lover's Island before, he had met Anfisa. At that time, she was still a subordinate of k2, why is she here now?

And even if Anfisa wants to do it, should he inform the navy or Fan Tianlei in advance? How could he be so reckless, just rushing up by himself?

But no matter how much, Qin Yuan still plans to rendezvous with Anfisa, after all, she is still very dangerous by herself.

But what shocked Qin Yuan was that he hadn't passed yet. As a result, he saw Anfisa's whole body like a mad female Tyrannosaurus, holding two short knives in his hands, invincible, and rushed all the way to this camp.

And after seeing Anfisa, those ninjas also saw some terrible beasts. They kept backing up and fighting while retreating. Unfortunately, Anfisa was merciless and forced all these people to go. died!

Qin Yuan was stunned as he watched it. He felt that this Anfisa had eaten something, or received some genetic modification? How could it be so powerful?

He has also fought Anfisa before, knowing that although Anfisa has received certain training, the physique of an ordinary special soldier is not very different, and dealing with these ninjas, I am afraid that two or three people are already the limit. How could it be like this, without treating those people as humans at all! Cut melons and vegetables!

However, Qin Yuan frowned when he took a closer look, because he could see that the movements Anfisa used were not wildly waving, nor relying on his own powerful strength, but a kind of sword technique. !

This made Qin Yuan's heart a thought. He felt that this woman was not Anfisa at all, but another person who looked very similar to Anfisa!

"Is there anyone in this world who looks like this? Are they twins? But Anfisa hadn't told me before."

At this time, Qin Yuan carefully recalled what happened when he got along with Anfisa, and found that he didn't seem to know Anfisa very well.

But now Qin Yuan doesn't plan to take action, let's see the situation first!

And in the room, Kuroda Nagaka changed her face when she heard the voice outside. She walked to the window and saw Anfisa who was rushing all the way, her eyes widened and she shouted directly:

"Miyako! Are you crazy?"

When Qin Yuan heard the name Mei Yezi, he nodded in relief, it was not Anfisa.

After all, this move can't be practiced overnight. Obviously, it has been trained since childhood, and Anfisa doesn't have this ability!

And this woman named Miyoko continued to charge as if she hadn't heard Kuroda Nagaka's words at all.

And Kuroda Yonghua's expression is extremely ugly. He really didn't expect that he would meet this crazy woman at this time, and now he will continue to perform tasks, if the Yan Nation's navy is provoke, then A shell attack, even if he has great abilities, it is impossible to escape from this encirclement!

"You take these two people away first, and I will lead this crazy woman away!"

"Hi!"

When the ninjas around heard what Kuroda Nagaka said, they were relieved. They weren't this woman's opponent at all, and had already wanted to escape, but because of their training, they didn't run away.

And Kuroda Nagaka's eyes were full of yin doves, and she took out a silencer pistol, and shot this woman named Miyoko several times, and Miyoko swiped the short knife in her hand to directly separate all these bullets.

Kuroda Nagaka's face was even more ugly, but it was also in his expectation. After he attracted Miyoko's attention, he jumped directly from the second floor of this small factory building, intending to draw Miyoko away first, and Miyoko watched. When he arrived at Kuroda Nagaka, she fled here, and quickly changed her direction, chasing Kuroda Nagaka!

The ninjas around saw these two killers and finally left. They were also relieved. Then they quickly installed Dr. Rong and Long Baichuan, and then moved quickly in the other direction, wanting to take Dr. Rong and Long Baichuan away!

When Qin Yuan saw this, a sneer appeared at the corner of his mouth, and then slowly lurked towards these people!

He is very interested in Miyoko on the other side, but he has to finish his work first!

At this time, Qin Yuan had a murderous look in his eyes, and he directly used the instantaneous burst ability, and his whole person turned into a bolt of lightning, and he directly killed the ninjas!

At this time, Qin Yuan exploded with the power of ants, punched a ninja with a knife through the chest with one punch, then took this long knife and directly killed the other ninjas!

And these ninjas saw that Qin Yuan was only one person, and they didn't have any fear. Instead, there was a trace of contempt in their eyes, and they directly surrounded Qin Yuan.

We must know that although a few were killed by that woman just now, there are still a lot of them left. There are more than 20 people, can they not deal with a Qin Yuan?

And in order to prevent revealing their identities, these people did not take out their pistols one by one, but various darts and flying needles, flying towards Qin Yuan like raindrops!

Seeing such a situation, Qin Yuan was also taken aback. He didn't bring any playing cards this time. These people used this kind of remote technique, but he had no good way!

Although Qin Yuan is not afraid of these things even if these things get stuck on him, relying on his tortoise shell defense ability, it is impossible to break the defense of his skin!

But Qin Yuan still felt that he was beaten by these people!

Qin Yuan suddenly grabbed a ninja and blocked him with his corpse, and this large piece of darts and needles directly stuck to this ninja!

And seeing such a situation, Qin Yuan's eyes suddenly brightened, although he has nothing, but these people have it!

So Qin Yuan directly grabbed a dart with one hand, shook his strength, and flew directly towards a ninja!

Being beaten by these people just now, Qin Yuan was holding a sigh of relief in his heart, so he used enough energy to fly directly towards the most delightful ninja in front of him!

With a swish of this dart, it disappeared, with a powerful whistling sound, forming a kind of wind pressure, and suddenly pressed towards the ninja!

The people around here all showed a trace of horror. They really did not expect that Qin Yuan's counterattack would have such a powerful force!

Chapter 606: The gutter capsized?

Seeing this dart flying towards him, the ninja who was targeted by Qin Yuan was completely desperate and felt that he must be dead!

But this powerful dart, with such a howling sound, flew directly from the ninja's neck!

Although the wind pressure cut a bit of the ninja's jumpsuit, it didn't seem to cause any injuries.

Everyone was shocked at this moment, and then looked at Qin Yuan with an extremely strange expression!

Looking at Qin Yuan's posture just now, I thought that Qin Yuan was a master, but with such great strength, he didn't even hit it?

So after these people only froze for a while, they rushed towards Qin Yuan again, even more positive than before!

At this time, Qin Yuan was also stunned. He just used this playing card to throw it out, but he didn't expect that this dart was completely different from a playing card!

And seeing those gazes around, Qin Yuan also felt a little blushing, grandma's, this shame is a big shame!

All these people must be killed!

A trace of murderous aura flashed in Qin Yuan's eyes, with a sense of irritation, he suddenly grabbed a dart and recovered it into the grid!

"Ding Dong~ The system was successfully recovered, please start the selection!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class dart manufacturing!"

"2, get a world-class rainstorm pear flower needle!"

"3. Get a world-class dart technique!"

At this time, seeing these three options, Qin Yuan didn't hesitate to choose the third option!

Wherever he fell, he stood up from where he didn't believe it, and he could still be stumped by a small dart!

And if Qin Yuan was not sure, he would not dare to continue using this dart, although he knew that with his powerful power, even if it was thrown inaccurately, it could cause enough lethality.

But don't forget that Dr. Rong and Long Baichuan are still in each other's hands. In case Qin Yuan didn't pierce those ninjas, but instead pierced Dr. Rong and Long Baichuan, the porridge really didn't know what to do. !

"System I choose item 3!"

Although Qin Yuan is also a little curious as to what kind of ability is the Rainstorm Pear Flower Needle in Item 2, he must choose the most basic one now, and teach these people a lesson!

"Ding Dong, the host chooses to succeed and obtains a world-class dart technique!"

At this time, following the sound of the system, Qin Yuan suddenly felt that a series of techniques appeared in his mind, and the darts in his hand became extremely familiar!

A trace of hideousness suddenly appeared on Qin Yuan's face, and once again he pulled out a dart and flew directly towards the ninja!

As for this ninja, seeing Qin Yuan continue to throw darts, he didn't panic, they all knew what Qin Yuan's skills were.

And they know very well that the best way to deal with people who are not good at learning skills is to stay still, after all, they don't know where this dart will fly!

But while they were waiting to see Qin Yuan's jokes, this dart was extremely accurate, and it pierced the ninja's neck directly!

And the powerful force on the darts turned this dart into a chainsaw-like thing, instantly cutting off the ninja's neck!

Countless blood burst out suddenly, splashing all these people!

Looking at the blood on their bodies, these ninjas were also completely confused, and then looked at Qin Yuan dubiously!

They really didn't expect that Qin Yuan would actually be able to hit, and they were still very suspicious of Qin Yuan's blind cat hitting the dead mouse, and he was really confident!

Seeing these people are all stunned, Qin Yuan's mouth has a sneer, just now you guys dare to laugh at me, now you continue to laugh!

After that, Qin Yuan kept holding his hands, directly raising this ability to the universe level! Then with the darts in your hand, just like having eyes, one by one, quickly wipe out these ninjas!

Seeing such a situation, those people were also completely panicked. They knew that if this goes on, not only will they not be able to complete the task, but they will all die here, so the evil grows on the courage, holding weapons, and not facing Qin Yuan attacked the side, but smashed towards Dr. Rong and Long Baichuan on one side!

They all know the importance of Dr. Rong and Long Baichuan. It doesn't matter if they die, but they must pull Dr. Rong and Long Baichuan together.

Because Dr. Rong and Long Baichuan are both important figures in the study of black boxes, if they die, they will inevitably slow down the speed of research on that black box!

And Qin Yuan also narrowed his eyes. He didn't expect these people to be so decisive. He grabbed a dart and flew directly towards the opponent.

These two darts with boundless power directly punched through the two ninjas who wanted to kill Dr. Rong and Long Baichuan!

However, the other ninjas still followed suit, regardless of their own safety, and quickly attacked Dr. Rong and Long Baichuan!

At this moment, Qin Yuan is also a little confused, these people really don't take their own life into their hearts at all?

And Qin Yuan found that if he wanted to kill these ninjas, it would only take a certain amount of time, but while killing these ninjas, he wanted to protect Dr. Rong and Long Baichuan from being injured at all. That is basically not possible!

Grandma's!

Qin Yuan gritted his teeth and rushed over quickly. He must first protect Dr. Rong and Long Baichuan!

And those ninjas saw that Qin Yuan was about to rush towards Dr. Rong and Long Baichuan but they also showed a trace of conspiracy and smile, they turned their darts and various things towards Dr. Rong. Launching with Long Baichuan, the body keeps backing away!

If Qin Yuan wants to protect Dr. Rong and Long Baichuan, he can't leave, they can escape smoothly! ,

Qin Yuan also thoroughly figured out the thoughts of these people and screamed. He didn't expect these people to hold such thoughts. He really thought these ninjas were not afraid of death at all!

But now Qin Yuan has no good way, so he can only stand beside Dr. Rong and Long Baichuan. The short knife in his hand has swung to the limit, blocking the attack of these people.

Although Qin Yuan could still throw out a dart from time to time, he knew in his heart that this could only kill one or two of the opponent, and most of the other people could still run away!

"Grandma's? Lao Tzu, the old captain, could still capsize the boat in your little gutter?"

Qin Yuan was dying angrily, but at this moment, he suddenly remembered that when he recovered the dart just now, there was a rainstorm pear flower needle!

Chapter 607: Healing Dragon 0 Chuan

Just do it if he thinks it, Qin Yuan still has five grids left, which is still enough! Then Qin Yuan directly took a flying needle into his grid, and after seeing the choice, he directly chose the second item!

"Ding Dong, the host chooses successfully and gets a world-class storm pear flower needle!"

With this voice, Qin Yuan's mind suddenly appeared a technique of flying needle throwing, and seeing this technique, Qin Yuan's eyes completely brightened!

This so-called torrential rain pear flower needle was originally a method of flying needle, and Qin Yuan's current situation is suitable!

Because this torrential rain pear flower needle is to throw all the weapons on your body at once, just like a hedgehog, launching all the thorns on your body!

This is a 360-degree attack with no dead ends, but its power is slightly weaker!

But Qin Yuan possesses the power of ants, and the most feared thing is that he has no power!

Qin Yuan sneered and looked at the ninjas who were about to run away. He picked up all the darts and needles around him, and then he was ready to go and shouted:

"Drink! Rainstorm Lihuazhen!"

Then all these flying needles and darts, like a heavy machine gun with the fastest rate of fire, flew out with a puff!

Moreover, the power of these flying needles is the same as the bullet of a heavy machine gun, with a wave of tearing air, as long as it is rubbed and touched, a large piece of flesh and blood will disappear directly!

So these ninjas didn't even hum, they all twitched and died, and they didn't have a lifetime!

Seeing this, Qin Yuan couldn't stop snorting coldly, making these people dare to laugh at him!

However, the top priority now is to save people first. Qin Yuan quickly squatted down at this time and carefully checked the injuries of Dr. Rong and Long Baichuan, but was a little surprised to find that these two people were not simply injured, but there were even more injuries. A little sign of hypnotism.

If it were ordinary people, it would be more troublesome, but Qin Yuan was not afraid at all!

Because he himself is also a master of hypnotism!

What's more, he still has cicada art!

At this time, Qin Yuan's lips kept squirming, and he let out a scream like a cicada scream. This cicada screaming technique is an ability from Buddhism, although Qin Yuan uses it as a large-scale hypnotism. But as long as it is used in reverse, this can also be a powerful, de-hypnotic technique!

Sure enough, in less than a minute, Dr. Rong had become sober, but after she woke up, she let out a scream, especially when she saw the mess around her, she shivered.

But Qin Yuan quickly comforted the other party:

"Dr. Rong, don't be afraid. I am a member of the Navy and I am here to rescue you. Don't worry."

"Sea... Navy?"

Hearing this, Dr. Rong immediately calmed down, but when she saw Long Baichuan on one side, she panicked again and said to Qin Yuan:

"Hurry up and call a doctor, Baichuan is injured, and his illness has also attacked. If he doesn't get treatment quickly, it will be over!"

However, Dr. Rong glanced around. There were no rabbits except for them and the corpses on the ground. Even if Qin Yuan called an ambulance, it was too late!

Dr. Rong was sorrowful immediately. She really didn't expect to be saved by others, but she died because of her condition that could not be treated. This... This is simply too wrong!

However, Qin Yuan smiled and said directly to Dr. Rong:

"Dr. Rong, don't worry, I am a doctor. If you ask me, I will treat Captain Dragon now."

After saying this, Qin Yuan didn't wait for Dr. Rong's promise, and immediately squeezed Dr. Rong to the side, ripped off Long Baichuan's coat, took out the silver needle, and began to needle Long Baichuan.

But at this time, Dr. Rong did completely collapse. She was squeezed aside by Qin Yuan, and she languished weakly on the ground, looking at the corpses of the ninjas around her, her heart became more and more desperate!

She knows exactly what Long Baichuan's body is like. After all, although she is an expert in the Department of Electronics, she also did her homework for Long Baichuan's disease. She knows exactly how difficult this disease is. rule.

If Qin Yuan is a professional doctor, then Dr. Rong can still have the last glimmer of hope, but looking at the corpses of the ninjas around, it is obvious that Qin Yuan is a professional fighter, and also a very powerful fighter. !

Although some special forces are good at battlefield first aid, it is nothing more than battlefield first aid. How can it be possible to treat this strange disease?

But in this situation, it is completely impossible to wait for the arrival of the ambulance, so Dr. Rong can only kneel on the ground, put his hands together, praying, praying for a miracle!

And Qin Yuan can't take care of Dr. Rong at this time. The situation in Long Baichuan now is indeed more dangerous, but as long as Qin Yuan has taken over, then Long Baichuan cannot die.

Eight needles against the sky!

launch!

At this time, Qin Yuan took out a silver needle and slowly pierced Long Baichuan's body. The mysterious and mysterious trajectory made everyone look dizzy!

Moreover, both hands of Qin Yuan became an afterimage, and the number of silver needles on Long Baichuan's body slowly increased, and finally gradually decreased, but Long Baichuan's complexion became more and more ruddy!

After a full 5 minutes, Qin Yuan took a breath, and his face was a little pale. In order to seize the time to chase the two Fusang people, Qin Yuan directly used his overclocking vibration ability, and

the speed of both hands became Quickly, he used all the four needle methods of the eight needles against the sky to Long Baichuan in one breath!

"Ding Dong, the host completes the task, heals Long Baichuan, and rewards a grid!"

Hearing this sound at this time, Qin Yuan's busy movements stopped immediately.

As long as the task has been completed, it means that Long Baichuan has no problem, and he has just consumed a lot of vitality for the treatment.

But seeing Long Baichuan's complexion improved, Qin Yuan also smiled, lying on the ground weakly.

At this time, Dr. Rong heard the sound, and immediately opened his eyes and saw Qin Yuan's appearance. She was puzzled, but she didn't know what to say. She just got to Long Baichuan's side and wanted to see the dragon. What happened to Baichuan?

But when he took a closer look, Dr. Rong's eyes suddenly widened, because at this time Long Baichuan's face was ruddy, his face was smiling, and his breathing was very smooth.

Although he didn't wake up, he seemed very healthy!

"This... how is this possible?"

At this time, Dr. Rong looked at Qin Yuan with disbelief. She regretted in her heart that why she closed her eyes just now, but did not see what happened. This situation is beyond her imagination. what!

Chapter 608: Rare adversary

At this time, Qin Yuan saw Dr. Rong's surprised expression, and he smiled, but he didn't say much, but said to Dr. Rong:

"You take good care of him and wake him up later."

After saying this, Qin Yuan stood up directly and shook his neck. Now he must go after the two Fusang people!

But when Dr. Rong saw Qin Yuan's appearance, he suddenly thought of something, and said to Qin Yuan quickly:

"Where are you going? No, one thing I just remembered was that those Fusang people seemed to be taking the two black boxes back, and they seemed to have succeeded!"

At this time, Dr. Rong just remembered what Kuroda Yonghua said to her before, and these people are already taking them away, so they must have grabbed the black box!

And when he heard this, Qin Yuan's brow furrowed. He didn't expect these people to have made such an idea!

This is not okay. If the black box is stolen, how can Qin Yuan crack the secret of the 303 submarine?

And Qin Yuan looked at the system and found that there were only more than 20 Fuso Ninjas he had killed, which was far from 50!

To complete this task, Qin Yuan couldn't let go of those Fusang ninjas.

But in this situation, Qin Yuan is a little entangled. Is he going to chase the black box or the two seemingly powerful Fusang people?

But soon, Qin Yuan didn't need to struggle, because he suddenly heard a voice from one side:

"What's the matter? Who are you?"

Qin Yuan looked up and found that Mei Yezi and Kuroda Yonghua, who had just escaped, had returned!

At this time, Kuroda Nagaka looked at the mess on the ground, her eyes were full of unbelievable, while the woman Miyoko who looked like Anfisa had cute eyes, as if she had suffered a severe mental shock. Or it was controlled by Kuroda Nagaka.

It's just that Kuroda Nagaka doesn't look very good, because his body is covered with scars, and there are even some signs of freezing or burning!

However, Qin Yuan smiled when he looked at these two people. It seemed that he didn't have to choose. Originally, he still wondered if he wanted to chase these two people first. He doubted in his heart that the black blind man would definitely be sent to this one. In Kuroda's hands, it's just that he is not very sure about this, afraid that he will chase after the wrong.

In the end, these two people came to the door on their own initiative, and Qin Yuan estimated that in a while, those who snatched the black box would also come back here, as long as he stays on the ground and waits for the rabbit!

And Kuroda Yonghua saw the smile on Qin Yuan's face, and the murderous look in his eyes directly overflowed, and said to these Qin Yuan extremely fiercely:

"You killed these people?"

Although he said this, Kuroda Yonghua's heart was extremely vigilant. He didn't believe that Qin Yuan alone could kill so many ninja masters, and there were bound to be other helpers.

Therefore, Kuroda Yonghua only put three points of attention on Qin Yuan, and put the rest of his attention on the surroundings. He felt that there might be gunmen around!

When the strength reaches the realm of Kuroda Nagaka, it is not impossible to avoid sniper rifles. After all, as long as those snipers aim at them, they will inevitably produce murderous intent, then these masters can feel it.

Especially for people like Kuroda Nagaka, people who are extremely sensitive to spirit and breath are very easy to find.

However, Kuroda Nagaka felt a circle, and did not notice that there was a muzzle facing her around. When she thought of an idea, Kuroda Nagaka's face suddenly sank. He looked at Qin Yuan with a smile in front of him, and said confidently:

"It turns out that you really killed these people alone!"

But Qin Yuan was a bit funny. In fact, he deliberately didn't answer Kuroda Yonghua's words. After all, he had just treated Long Baichuan for his injuries, and he had also digested a lot of physical strength and had to relax his breath.

And Qin Yuan felt that playing this guy like this seemed very interesting!

"Impossible. Those who killed these people were all my companions. Look at me. How can I kill so many noble Fuso Ninjas?"

Qin Yuan spread out his hands and showed an innocent expression, but Kuroda Yonghua's expression turned extremely gloomy in an instant. He felt as if he was playing with the person in front of him!

"Miyako, come on!"

Kuroda Yonghua didn't give Qin Yuan a chance to continue speaking, she gave an order, and the woman rushed towards Qin Yuan as if she had heard some order!

Qin Yuan also shook his head boringly, hoping to delay it for a while. He didn't expect this guy to find out, but now Qin Yuan has almost recovered, nothing else, it is enough to deal with these two people!

At this time Qin Yuan also rushed towards the woman named Mei Yezi suddenly, and this woman, with both eyes with extremely excited gaze, looked at Qin Yuan as if looking at some treasure, but there were two in her hands. The short knife, however, was merciless, and with an extremely heavy force, he smashed into Qin Yuan!

jingle! when! Barra!

Qin Yuan retreated suddenly, looking at his sleeves accidentally cut in disbelief, and slowly a trace of interest in his eyes!

When watching the battle before, Qin Yuan had already discovered that this woman was a master, but now that he was directly confronted, Qin Yuan realized that he still underestimated the opponent!

The woman in front of me, although the power is not very powerful, but this technique has reached a state!

This technique is even somewhat similar to the universe-level praying mantis fist in Qin Yuan's hands, but it's not at this point!

But Qin Yuan was happy. He faced so many opponents, and only those two people named Long Qi gave him some pressure.

Especially Ryugasaki Yamaichiro, if Qin Yuan didn't cheat a bit, and recovered the sword drawing technique, and the opponent was still silly Qin Yuan fighting the sword drawing technique, Qin Yuan really had no way to win the opponent in three moves!

And the woman in front of him, obviously like Ryugasaki Yamaichiro, is also a master of close combat!

Kuroda Nagaka, who was standing behind, saw this situation, and her heart sank. Others didn't know how powerful Miyoko was, but he knew exactly how.

In the end, I didn't expect that a face-to-face didn't kill this kid, and that was enough to prove that this kid was good!

Almost fooled by this bastard!

Kuroda Nagaka was so angry in her heart that she shouted directly in Fuso's words:

"Miyako, kill him quickly!"

Chapter 609: Master showdown

After hearing this, Mei Yezi's eyes flashed with a fierce light, and she let out a strange cry, and attacked Qin Yuan again!

And because of Kuroda Nagaka's urging, Miyoko even started to ignore her injuries, even if she changed her injuries, she was going to fight Qin Yuan!

Seeing such a situation, Kuroda Yonghua's heart suddenly felt proud. What can you do if you are a master? I don't have to deal with you directly now, just using a puppet is enough.

Kuroda Yonghua thought it was an extremely cost-effective way. As long as it was to use Mei Yezi to deal with Qin Yuan, he would only get started when Qin Yuan and Mei Yezi were both injured. Then he could plant a hypnotic seed for Qin Yuan. In this way, he There are two masters in his hands!

Thinking of this, Kuroda Yonghua became more and more happy, but Qin Yuan who was on the opposite side was completely stunned. He didn't expect such a good thing.

Qin Yuan didn't have any swordsmanship, and he fought with Mei Yezi empty-handed. He was a little bit down from the wind. Originally, he wanted to use his super endurance to sharpen it for a while. After all, Mei Yezi is a woman, as long as he can If Miyako's physical strength is exhausted, then he can win the opponent.

After all, Miyako looked like Anfisa, and Qin Yuan didn't want to be a killer from the beginning, but wanted to figure out what the relationship between this person and Anfisa was.

But Qin Yuan didn't expect that before he could continue to consume Mei Yezi, Kuroda Yonghua urged Mei Yezi to change Qin Yuan's injury!

This Qin Yuan is extremely happy. If you know that Qin Yuan's defensive ability still has power, it is not comparable to that of Mei Yezi!

Moreover, Qin Yuan's cosmic mantis boxing is not for food. If it were not for the lack of weapons in his hand, there would be no way to directly knock Mei Yezi down without seriously injuring Mei Yezi. Qin Yuan would have already beaten him cruelly.

And now that Miyeko did this, it seemed that Qin Yuan's clothes seemed to be broken a lot, but there was no blood at all, at most it was slightly broken, only Qin Yuan's tortoise shell defensive ability, and scales. Ability, can offset a lot of attack power, Miyoko wants to change his injury, it is simply a big loss!

Sure enough, even though Qin Yuan shed his hands, Mei Yezi still suffered a lot of injuries.

And Qin Yuan himself pretended to be panting, giving Kuroda Yonghua a little hope so that he could continue.

Sure enough, Kuroda Yonghua saw Qin Yuan's appearance, and felt that she was in possession of the winning ticket, seized an opportunity, and began to attack Qin Yuan!

A Mei Yezi can deal with this person, plus he is faster?

The corner of Qin Yuan's mouth was smiling, he just wanted to drag Kuroda Yonghua to start, after all, he still had to protect Long Baichuan on one side, and he must not let this guy be distracted to deal with them!

As for Kuroda Yonghua, Qin Yuan felt that this guy's strength was much weaker than Mei Yezi, but Qin Yuan was a little curious about how this guy subdued Mei Yezi?

And Kuroda Yonghua was not surprised when she realized that she was not Qin Yuan's opponent. Instead, she took the opportunity to snorted at Qin Yuan!

"Humph!!!!"

This burst of sound, just like Hong Zhong Dalu, directly blasted into Qin Yuan's head, making Qin Yuan unstoppable for a moment!

And Mei Yezi took advantage of this opportunity to stab Qin Yuan directly with a single knife!

Kuroda Nagaka's eyes are extremely proud, he knows this is the case, most people are attacked by his sonic attack mixed with hypnotism, and, at least, they will be faint for a second, and for their masters duel. , One second is enough to die ten times!

There was also a glimmer of light in Mei Yezi's muddy eyes, and there was a light of fire from the two knives in his hands!

If this move is hit, Qin Yuan will definitely be seriously injured!

But when Mei Yezi stabbed at Qin Yuan fiercely, Qin Yuan, who should be in a coma in front of him, moved his hands and grabbed Mei Yezi's wrist! Then Qin Yuan's hand was like a python, and he swam up along his wrist!

Python strangulation!

And at this moment, Qin Yuan's two eyes are extremely clear, where are there signs of chaos?

To suffer!

Mei Yezi's heart trembled, and the other hand quickly changed his moves, but what she faced was Qin Yuan's growing face!

Tietou Gong!

Boom!

With a muffled sound, Mei Yezi suddenly felt that she was dizzy, and she almost knocked her brain out!

This was not over yet, Qin Yuan's mouth directly pressed against Mei Yezi's ear, and there was a piercing sound of cicadas, buzzing!

Singing cicada technique!

And hearing these voices, Mei Yezi's body suddenly felt like an electric shock, trembling constantly, unable to move anymore, and finally turned her eyes white and passed out in an instant!

On the side, Kuroda Yonghua was stunned. He really didn't expect that Qin Yuan would not react at all when he was hit by him!

But Kuroda Nagaka reacted quickly, and quickly dropped Miyoko, turning around to leave.

But when Kuroda Nagaka fled, she saw Long Baichuan who was already sober on this side, and her heart moved and wanted to take the two hostages, but before he ran over, he suddenly heard a sound of wind coming from behind him. , And then Kuroda Yonghua saw a black shadow flying directly towards her chest. He couldn't dodge, and was hit by the black shadow all of a sudden, and he passed through his chest with a sneer!

In the end, Kuroda Yonghua lay on the ground feebly, and when she took a closer look, she found that the dark shadow was actually the short knife in Miyoko's hand!

At this time, Kuroda Nagaka was completely desperate. He was stiffly nailed to the ground by this short knife, unable to move at all.

Qin Yuan watched Kuroda Nagaka couldn't run away, and then slowly put Mei Yezi aside, first probed Miyako's injuries, and found that she should not be able to die, and then slowly walked towards Kuroda Nagaka.

Hei Tian Yonghua looked at Qin Yuan who was walking over, and the expression in his eyes was gray. After Qin Yuan walked up to him, he muttered to Qin Yuan:

"I now finally know... why... the organization didn't let me attack you, but can you tell me why you are not afraid of my mental attack?"

At this time, Kuroda Yonghua stubbornly said to Qin Yuan, but Qin Yuan looked at Kuroda Yonghua in front of him, but smiled coldly, and directly answered Kuroda Yonghua:

"What? Are you unconvinced?"

Qin Yuan knelt down directly, looking at Kuroda Yonghua in front of him.

But at this moment, Kuroda Yonghua stood up suddenly and grabbed Qin Yuan's head. His eyes seemed to glow, and there was a muffled sigh in the mouth, a sound wave directed towards Qin Yuan. Hit it!

And Dr. Rong and Long Baichuan who were watching on the side were shocked! Shout out!

Chapter 610: Occult

Kuroda Yonghua's eyes were full of pleasure. He just felt that he had been smashed into his internal organs by this short knife, and he couldn't walk away at all, so he took advantage of this last chance to kill Qin Yuan. !

So he retained his last strength just now, broke his body directly from the ground, and used his last mental strength to make the strongest blow, wanting to use this method to turn Qin Yuan into a complete idiot!

Sure enough, all this went smoothly. The kid in front of him seemed to feel that he was holding the winning ticket. He had no defense at all, so Kuroda Nagaka successfully grabbed the opponent's head and sent out his hypnotism and tantra. The strongest ultimate move that combines secret methods together!

As long as Qin Yuan is immortal, he can only become an idiot!

At this time, Kuroda Yonghua was extremely excited, watching Qin Yuan's eyes slowly whitening, and finally let go of her hand weakly.

This last blow has been completed, this kid is done!

Kuroda Nagaka endured her physical pain and entered the last memory.

Killing this kid is a big problem for the organization, and it's not a death in vain.

Kuroda looked at the white cloud in the sky and planned to close her eyes slowly.

But at this moment, Kuroda Nagaka suddenly heard an extremely ridiculous voice in her ear:

"Hello? What are you doing?"

Yep?

Hearing this familiar voice, Kuroda's eyes suddenly widened, his gaze that had been distracted, abruptly refocused, and saw the person in front of him clearly. Isn't this the Qin Yuan who should become an idiot?

Kuroda Nagaka was stunned, struggling to say:

"Impossible! Why is this!?"

The person in front of him was abruptly hit by his tantric secret technique, how could he not react at all?

Qin Yuan raised his eyebrows, looked at the guy in front of him helplessly, and then made a scream like a cicada, and not only that, Qin Yuan also took out a pocket watch and placed it in front of Kuroda Yonghua. Wandering around, I can get up, but seeing this, Kuroda Yonghua's eyes are even bigger. This is the same tantric secret technique and hypnotism like him!

Qin Yuan looked at Kuroda Yonghua with disdain, and said to Kuroda Yonghua:

"I have mystery and hypnotism stronger than you. Do you think these things of yours have any effect on me?"

Qin Yuan's cicada-sounding technique and hypnotism have all reached the cosmic level, and even if they are used alone, they will be stronger than Kuroda Yonghua's hypnotism!

Not to mention, Qin Yuan often receives systematic knowledge indoctrination. Although Qin Yuan did not specifically strengthen his mental power, every indoctrination is an impact and training on Qin Yuan's spirit. Such an impact, Qin Yuan has already I have accepted it many times, and each of them is much stronger than Kuroda Nagaka's secret technique.

If he couldn't handle even this kind of shock, then Qin Yuan would have been instilled in systematic knowledge to become a fool!

But Kuroda Yonghua saw Qin Yuan's movements, and didn't come up in a breath. With a chuckle, his eyes were completely distracted!

died!

"Ding Dong, complete the task independently, kill Kuroda Yonghua, and reward a grid!"

Qin Yuan shook his head helplessly when he heard the voice in his mind. He didn't expect this guy to be so fragile, and he was so angry that he would have something to ask him.

But now that the other party is dead, there is no need to ask, but fortunately, in Qin Yuan's hands, there is another person, but this doesn't need to be so anxious.

Qin Yuan stood up at this time, looked at Dr. Rong and Long Baichuan on one side, and said to them:

"Are you two okay?"

When Dr. Rong and Long Baichuan saw Qin Yuan's appearance, they were immediately relieved. Especially Long Baichuan, when they saw Qin Yuan's face, said with joy:

"I thought something happened to you, it's okay."

After all, the two of them had personally experienced the power of Kuroda Yonghua's hypnotism. If Qin Yuan was also hypnotized, there would be a big problem!

Qin Yuan smiled slightly, such a scene is not enough to cause him to cause any major incidents, but since the matter has been resolved, then he does not want to stay here, after all, there are other things to do.

"Okay, you two will stay here. When the navy sends someone to clean up, I will interrogate this guy first."

After saying this, Qin Yuan directly threw a communicator to Long Baichuan, then carried Mei Yezi on his back and wanted to leave.

After all, he still doesn't know what Miyezi's identity is. If Miyezi really has any connection with Anfisa, then whether to hand her over to the navy or to Fan Tianlei, it's worth thinking about. .

And Qin Yuan is also very interested in the skills of this woman, and wants to see how these people are trained. Although Qin Yuan has a grid, he is still very curious about other warriors in this world.

No matter when Qin Yuan wanted to leave, Dr. Rong shouted:

"No, where are the two black boxes? Are you going to find the black boxes?"

But Qin Yuan's brows tightened, and he suddenly patted his thigh. How could he forget this?

But at this time, the woman twitched and suddenly dropped two things, and Dr. Rong looked at these two things, and her eyes suddenly lit up:

"This is the black box. I didn't expect the black box to be in her hands!"

Qin Yuan took a closer look at these two things and found that there was still a trace of blood on them, and his brows suddenly frowned I didn't know that this woman was directly snatched from those ninjas. , Or taken directly from the laboratory.

If it is taken out of the laboratory, it is indeed not easy to handle.

Qin Yuan picked up these two things and said directly to Dr. Rong:

"I'll take this thing away first and study it. After all, I originally planned to see how to crack these two black boxes."

When Dr. Rong saw Qin Yuan, he hid these two black boxes. He didn't know what to say, but Long Baichuan patted Dr. Rong's hand and whispered to Dr. Rong for a while. Dr. Rong was With eyes wide open, he said to Long Baichuan incredulously:

"What are you talking about, he is a colonel?"

"It's not just the colonel, it's estimated that it's almost a major general, don't worry, this thing is safer in his hands than in our hands."

At this time, Long Baichuan smiled at Qin Yuan, and signaled that Qin Yuan could dispose of these two things recklessly. After all, Qin Yuan took this thing from the pirate.
