

Special Soldier 61

Chapter 61: anger

at the same time.

the other side.

Thunder and lightning assault team also rushed into the villa!

"Thor...This guy... is too tough? He really killed everyone alone by himself?"

The old fox was dumbfounded and couldn't help taking a breath!

"Horrible! It's like a dream!"

Yama is also dumbfounded and shocked!

The little bee inspected the dead bodies on the ground, and exclaimed in shock, "Oh my God! It's numb! Thor, look! The location where these people were shot is actually between the eyebrows. Location! No deviation!"

"All shots in the eyebrows? This is impossible!"

When Thor heard it, he immediately rebutted it subconsciously!

To know!

Shoot while on the move!

can get a headshot, already very awesome!

That's already a god-level operation!

but now.....

The little bee actually said that these were not only blasted heads!

was all shot at the center of the eyebrows?

It's like shooting on the move!

and put all the bullets into the same bullet hole!

Such a fantasy thing, he has never seen it before!

However, after Thor personally inspected the bodies of several people, he was stunned and stopped talking!

The whole person's head is awkward!

seems to be kicked so hard!

Shocked and speechless for a long time!

Thor's face is very ugly!

"This kid... is he really a god? How could his marksmanship be so terrifying?"

Although in the exercise, Thunder God and others have already experienced Qin Yuan's marksmanship once!

But because I don't know the actual shot location!

So everyone didn't feel anything!

They just thought Qin Yuan's marksmanship was good!

The fighting consciousness is terrifying!

That's it!

But never thought...

Qin Yuan's marksmanship is so accurate that it is so terrifying?

The performance in the actual task execution is even better than the performance of the exercise?

"Horror! It's terrible!"

This time, Thor was truly shocked by Qin Yuan, deeply moved!

no way!

The strength is right in front of you!

Single this hand!

Thor admits that he can't do it anyway!

The single Qin Yuan's hand can already conquer everyone present!

"Thunder God, we Spike, this time there is really a great god!"

The old fox couldn't help but sigh with emotion.

Always!

They are all the mainstays of Spike!

The most powerful soldier king!

They even want to compete with the two special forces of Lone Wolf and Wolf!

Compare who is the first special team of Spike!

but now.....

As soon as Qin Yuan comes out, who will compete?

No one is Qin Yuan's opponent!

"It is indeed a great god! Our Southeast Military Region is finally about to rise completely!"

For a time, Thor's heart was filled with mixed feelings and mixed feelings!

However, he also began to feel happy for Qin Yuan's appearance!

Because the Southeast Military Region finally appeared a carry handle!

finally appeared a super existence that could convince them all!

"Alright! The old fox, the little bee, let's go upstairs! Qin Yuan is fighting ahead alone!"

Short-term emotion!

Thor quickly adjusted his mentality and led the crowd to go upstairs!

All I saw along the way were corpses!

moment!

The Lone Wolf Special Forces team has also arrived!

They checked the dead bodies on the ground a little bit!

When they discovered the tragedy of everyone's death!

is also shocked to the point where it can't be added!

Especially the captain Zhuang Yan!

As the so-called layman watch the excitement, the expert watch the doorway!

His marksmanship!

Even if you look at the whole country!

are all top!

But because of this!

He has almost achieved the ultimate in marksmanship!

and so.....

just felt more and more, want to go one step further!

how difficult it is!

He now trains marksmanship every day!

But in terms of marksmanship, it has been a long time without any improvement!

He can do it, and hit the target perfectly within the range of the gun!

Even three bullets in a row went into the same bullet hole!

He can do all these!

Thor can too!

But if you want him to shoot the enemy's eyebrows in actual combat!

Think about this terrifying marksmanship and control!

Zhuang Yan couldn't help but feel his scalp tingling!

no way!

Such a terrifying marksmanship!

has reached an unimaginable point!

He never even dreamed of it!

Play such a shooting level in actual combat!

"This Qin Yuan... really strong! Invincible!"

Zhuang Yan's eyes were burning, and he sighed from the bottom of his heart!

"The sky of the Southeast Military Region is finally about to change!"

sigh with emotion!

Zhuang Yan also took people upstairs quickly!

Fifth floor!

Luxury office!

Fatty Liu and the three Fuso people are drunk and dreaming!

"Huh? Liu Sang, why hasn't the battle downstairs been resolved?"

Fukuda took a sip of the wine, his face was puzzled, and a trace of dissatisfaction appeared on his face.

As for Fatty Liu's battle here tonight, in fact, he is already very dissatisfied!

There are also many doubts about Fatty Liu's ability to solve problems.

"Liu Sang, our Black Dragon will trust your strength and promise to give you a chance to cooperate! But now it seems... your strength is just empty! With so many subordinates, even a little assassin can solve it. Can't it?"

Another Fuso man, Miyamoto, also couldn't help but frowned and scolded him.

So many people!

It's been so long!

Unexpectedly, even an assassin can't solve it!

Hearing what Miyamoto said, this time, Fukuda also began to doubt the strength of Fatty Liu's side!

because--

People who are not strong enough!

is not qualified to cooperate with a behemoth like the Black Dragon Club!

When Fatty Liu listened, his face turned green when UU read www.uukanshu.com!

He hurriedly lost a smile, and explained happily, "Fukuda-kun, Miyamoto-kun, two adults, don't worry, maybe... maybe there is something unexpected down here! Wait a minute, I will solve it myself!"

finished!

Fatty Liu's fat cheeks flashed fiercely and fiercely!

"Huh! This group of wimps! Can't even be solved by one person! I have been raising you for so long, and you have had formal military training. Even if I am a king, I should solve it?"

Fatty Liu, for this opportunity to meet with the Black Dragon, God knows he has paid a huge price!

This opportunity must not be destroyed!

Fatty Liu stood up suddenly while thinking!

When Fukuda and Miyamoto saw this, they couldn't help but smile at each other and clapped their hands. "With Liu Sang himself, this little assassin will definitely die!"

But at this moment--

what!

Ah!

Screams suddenly came from the corridor outside!

In a moment!

scream stop!

just heard a sudden explosion!

The heavy solid wood door of the office was kicked and exploded!

suddenly.

Sawdust is flying!

Everyone is surprised!

Especially Fatty Liu couldn't help but stare at the door with his eyes widened! !

Who is this person?

I saw Qin Yuan with a faint smile on his face, appeared in the door frame!
