

## Special Soldier 611

### Chapter 611: Hypnosis node

After hearing this, Dr. Rong also nodded solemnly, agreeing to let Qin Yuan take these things.

This is not an easy decision. After all, the identities of Dr. Rong and Long Baichuan, it's fine if you don't know about this matter. If you know about this matter, you will not do anything. In case something goes wrong, They also have to be implicated.

But they did choose to believe in Qin Yuan, after all, Qin Yuan saved their lives just now!

When Qin Yuan saw this situation, he also smiled slightly, and then directly carried Mei Yezi and left here. He had to find a way to ask what exactly Mei Yezi did, and then decide whether to hand it over to Mei Yezi. military.

However, when Qin Yuan saw the two short knives of Mei Yezi, he was a little surprised to find that the two short knives seemed to be different from ordinary knives, and there seemed to be something tricky inside.

But now is not the time to study this, so Qin Yuan directly put the knife in his weapon space and left with Mei Yezi.

After that, Qin Yuan discerned the direction, and then directly took Mei Yezi into a small cave. After finding the small cave, Qin Yuan first used his ability to move in the soil to create a small obstacle. This was to put Mei Yezi away. On the side, a snapped finger woke Miyoko up!

At this time, Mei Yezi slowly woke up with a trace of confusion. After she saw Qin Yuan in front of her clearly, she was shocked and immediately wanted to attack Qin Yuan!

It's a pity that Mei Yezi still has injuries on her body now, and she doesn't have her two short knives at all, she is not Qin Yuan's opponent at all, and Qin Yuan has healed it in three or two!

However, seeing this face that is more and more similar to Anfisa, Qin Yuan really finds it difficult to beat this woman cruelly, so he just tied her up carefully, and then said to her:

"Your name is Miyoko, I heard others call you that before, and now you can see the situation you are in now, so, would you like to have a good communication with me!"

But at this time, Mei Yezi was like an angry beast, constantly roaring at Qin Yuan, and seeing this situation, Qin Yuan was really helpless, so in the end he snapped his fingers, clicked, and again. Hypnotized Miyoko!

But what surprised Qin Yuan was that although he hypnotized this guy before, isn't this guy's resistance to hypnotism a bit too low?

After that, Qin Yuan slowly began to ask this woman some information.

However, when asked some questions, Qin Yuan's face also became a little serious.

This woman's name is Miyoko, and like Kuroda Nagaka, she is also a ninja trained by Fuso.

It's just that the direction of her training is completely different. Kuroda Yonghua is hypnotized by various secret techniques, while she is purely relying on her body.

However, Miyako's talent is very good. He has learned the two secret techniques of Ninzong's swords. If these two swords are practiced to the top level, they can even form a double edge of ice and fire!

On the contrary, Qin Yuan understood that when he heard these words, why Mei Yezi's two knives were hot and cold at the time. There was this reason.

But what made Qin Yuan more interested in was the training of these so-called Ninzong masters. After all, Qin Yuan also encountered many Fusang masters, but in his army, he had not encountered anything particularly powerful. Character, but he also knew that there were some ancient martial arts families in Yan Country.

For example, Xu Tianlong, his own fighting ability is not weak, but Xu Tianlong's talent is far from the top, so when facing Qin Yuan, he was a little weak.

However, Qin Yuan also fought against Xu Tianlong, and also experienced the opponent's family martial arts. The strength is very strong. He doesn't want to go up and down with Qin Yuan's Tanglangquan. If he reaches the top level, it is very powerful!

It's just that when Qin Yuan wanted to ask something about the ancient martial family, Xu Tianlong showed a very embarrassed smile, so Qin Yuan would not be able to ask much.

But Xu Tianlong did tell him that if Qin Yuan wants to, he can take Qin Yuan to the house, and then let Qin Yuan meet the old people at home in person. If he wants, those old people will naturally tell Qin Yuan something. thing.

It's just that this matter was delayed by Qin Yuan. After all, Qin Yuan was not idle for this period of time. Later, in order to help Qin Yuan, Xu Tianlong is still on duty at Ivia, so this matter can only be temporarily shelved. Come down.

But now Qin Yuan has encountered a native Mi Yezi who has experienced complete inheritance. Naturally, he wants to take this opportunity to get a good understanding of what the so-called Guwu master is.

And Mei Yezi stared at her dazed eyes, followed Qin Yuan's guidance, and spoke slowly.

This ancient martial artist is roughly divided into five classes. The first class is to practice foreign skills, that is, fighting ability.

And this kind of fighting ability is very common, such as taekwondo boxing, etc., all belong to this layer.

Among Guwu masters, they can only practice this fighting ability to the limit, be able to reconcile the body, and be able to fully use their body, achieve force from the feet, like waves, and use all the muscles of their body to fight The greatest power that your body can burst out! A punch can make a sound!

That level can probably be regarded as Ming Jin!

Snapped!

Qin Yuan tried it at this time and found that it was easy to make a sound.

This is enough to prove that Qin Yuan's strength has reached this level.

"It doesn't seem to be difficult!"

Qin Yuan couldn't help but get a little excited, but in fact, carefully imagined that there was no excitement' After all, Qin Yuan's Mantis Fist had reached the cosmic level, if he could not even reach the lowest level of this martial artist, That's what makes people speechless.

But Qin Yuan saw this beautiful Yezi dumbfounded, but he was a bit speechless. Facing this wood-like person, Qin Yuan couldn't express his joy, even if he had more joy!

So Qin Yuan checked Mei Yezi well, but at this moment, Qin Yuan suddenly heard a voice in his head:

"Ding dong, the system will issue a task to get rid of the hypnotic node in Mei Yezi's heart! Reward a grid!"

Yep?

Hearing these words, Qin Yuan was immediately excited. Is there still a task?

However, this hypnotic node is not so easy to remove.

The hypnosis node is the so-called brainwashing method.

As long as you use this thing, or something related, it will directly trigger the subject's memory, and then directly hypnotize the other party!

Chapter 612: Warrior level

For example, if Mei Yezi was hypnotized with a horse, as long as Qin Yuan called out the horse, or something related to the horse, then Mei Yezi would be hypnotized by Qin Yuan again.

And now Qin Yuan finally understood why Mei Yezi was so strong, but she was hypnotized so easily. Obviously, this hypnosis node was set by Kuroda Yonghua, and Qin Yuan did not touch this hypnosis node, but He was able to use his hypnotic ability to directly hypnotize Mei Yezi.

It's just that Qin Yuan was a little worried because of the setting of the hypnosis node, Qin Yuan knew very well, but how to remove the hypnosis node, Qin Yuan did not understand.

After all, the hypnotism that Qin Yuan learned had reached the cosmic level, but it was only capable of hurting, and not capable of healing.

Now that I want Qin Yuan to heal Mei Yezi, Qin Yuan really doesn't know what to do.

"Or try it with eight needles against the sky?"

Qin Yuan murmured, although the eight needles against the sky are used to treat physical injuries, I don't know what will happen to mental injuries. But in this situation, Qin Yuan could only think of this way.

After that, Qin Yuan flattened Mei Yezi and began to inject the needle on Mei Yezi.

"Sorry, hehe, but this is also to heal you, don't blame me after you wake up."

Qin Yuan first asked Mei Yezi pretendingly, and then he planned to take off Mei Yezi's shirt.

Only after Qin Yuan opened Mei Yezi's clothes, he was a little surprised to find that Mei Yezi's body was covered with scars.

These scars have been seen for a long time, and not only because of fighting, but also other marks.

Qin Yuan couldn't stop taking a breath, looking at Mei Yezi strangely.

What kind of identity is this woman? If she had explained this level of combat effectiveness, even Fusang Club should cherish it. How could it be like this?

But it doesn't matter anymore. It's better to ask this woman after he recovers, or ask her to go to Anfisa directly. It is better for them to solve this big problem by themselves.

However, Qin Yuan had nothing to do with the needle, so he directly asked the system:

"System, I wonder if this martial arts can be directly used as a skill?"

"Ding Dong, answer the host's questions. After the host learns a certain number of martial arts skills, he will be awarded the title of martial arts master!"

Yep?

Qin Yuan was stunned. He knew the news before, but he didn't expect the system to repeat it to him again.

However, this system can be regarded as answering his question anyway, so Qin Yuan asked again:

"Then do you know this so-called martial artist level?"

"Ding Dong, answer the host's question. The current levels of martial artists on earth are divided into five levels, external power, dark power, Huajin, Dan Jin, and Shen Jin! But these levels do not affect the host at all. Now there is only external power, but it can directly defeat the master of Dan Jin's supernatural power."

what?

Qin Yuan was completely at a loss when he heard the proud explanation of the system. Looking at it this way, this martial arts wasn't really anything?

"Then, is there a way I can learn directly about Anjin Shenjin?"

Qin Yuan asked the system again.

"Ding dong, ding dong, ding dong, the system cannot answer..."

Hearing this, Qin Yuan laughed completely!

It was the first time he saw a question that the system could not answer!

And obviously, if you continue to ask yourself, the system might be on the street!

But thinking about it carefully, Qin Yuan seems to be able to understand why the system says he can defeat a higher-level master.

After all, no matter what strength it is, it is for stronger destructive power and more power!

But now Qin Yuan's most powerful skill is not relying on fists, but falling stars.

Moreover, Qin Yuan also possesses the power of ants and the power of dung beetles. As long as these two powers are blessed on the body, Qin Yuan can punch out with a punch, and can even hit the sound barrier. Isn't this stronger than any other power?

But there is a saying that the more you can't get, the more curious you are, so now Qin Yuan heard that the system can't use enhancements to obtain this ability, Qin Yuan is more interested in this ability!

"Well, forget it. I don't have any martial arts ability at all right now, so I will collect a few more to see if I can sum it up and see what this so-called strength is."

Qin Yuan also knew that the system was not omnipotent, and everything was done by looking at himself.

While thinking about these things, Qin Yuan wanted to give Mei Yezi the needle, but what made Qin Yuan helpless was that he had used the four kinds of needles against the sky and eight needles to Mei Yezi completely, but it seemed to hypnotize Mei Yezi. The node didn't have any effect, but instead healed the scar in Mei Yezi's body.

"Damn! A waste of effort!"

Qin Yuan cursed. It seems that the first four needles of the eight needles against the sky are not very good for the spirit, but if the latter four needles can be obtained, there may be acupuncture methods in this area!

The strength is still not enough!

Qin Yuan sighed.

But at this moment, Mei Yezi sat up directly, and Qin Yuan was startled, and quickly covered Mei Yezi's clothes.

"Hey, how are you?"

Qin Yuan asked, but thought that Mei Yezi didn't know the language of Yan Country, so he said another sentence in Fusang.

It's just that Mei Yezi didn't react at all, but Qin Yuan was a little panicked. What's the matter, did he treat this woman as a fool?

After coming over for a full minute, Mei Yezi was like a clockwork robot, slowly waking up, but after seeing Qin Yuan, she asked carefully:

"Sorry, who are you?"

Yep? ? ? ?

Qin Yuan saw Mei Yezi in front of him' and was completely speechless!

What's wrong?

What about the ferocious tyrannosaurus like the beast before?

Why did you become a little white rabbit?

When Qin Yuan saw Mei Yezi even kneeling down at this time, he felt that his goose bumps a little bit!

However, Mei Yezi glanced at the surrounding environment and was obviously a little scared. Facing the only human being, Mei Yezi wanted to get close to Qin Yuan, but she felt disrespectful. She just resisted her fear and was full of expectations. Looking at Qin Yuan.

And Qin Yuan gave his hand to the other party, and then the other party suddenly caught a life-saving straw, grabbing Qin Yuan's hand, and then he was relieved.

In this situation, Qin Yuan really scratched his head, so he had to ask Mei Yezi softly:

"You...what's your name, is it Miyoko?"

Chapter 613: Miyoko

At this time, Mei Yezi looked at Qin Yuan and whispered:

"My name is Chuncheng Meiyezi, sir, is this still Fuso?"

"Uh, this is not Fusang, but, do you remember the past? Do you know how you got here?"

When Qin Yuan heard this, his face was embarrassed. A woman like this was really not something Qin Yuan could deal with. He might as well deal with the female Tyrannosaurus before!

"I came with a tour group. Before, I was the righteous daughter of Lord Musashi."

Master Musashi?

Qin Yuan squinted his eyes. He had read the information of Fuso Society before, and it seemed that the president of the Fuso Society was a guy named Musashi Junji. It seemed that this sentence should be true.

"anything else?"

"What else, you said, I don't understand..."

Mei Yezi looked at Qin Yuan timidly, and Qin Yuan saw the other person's appearance, squinted his eyes, and then shot a flash of electricity, holding the short knife directly at Mei Yezi's eyebrows!

And the current Miyoko was simply unable to react, only a trace of panic appeared on her face in time!

Seeing that this short knife was about to pierce Mei Yezi's eyebrows, but at this time, Mei Yezi suddenly roared and rushed directly at Qin Yuan!

Qin Yuan sneered. Sure enough, these two forms or personalities would switch each other when they were severely threatened, and even the indefinite memory would switch each other!

That's why Qin Yuan would use this method to stimulate this second personality.

Mei Yezi, who had become a tyrannosaurus, roared, and was about to fight back at Qin Yuan, but at this moment, Qin Yuan took out his mobile phone and pointed it directly at Mei Yezi's eyes:

"Look at who this is!"

When Mei Yezi saw the photo on the phone, she was instantly sluggish, her eyes filled with doubts, but she finally closed her hand.

But Qin Yuan let out a sigh of relief. If this method still doesn't work, then Qin Yuan can only hypnotize the woman again.

Mei Yezi saw the character on Qin Yuan's phone and frowned and said:

"Who is this, how can it look exactly like me!"

"Hehe, calm down."

Qin Yuan saw that Mei Yezi seemed to be able to communicate, and he was relieved and said directly to Mei Yezi.

When Mei Yezi heard what Qin Yuan said and knew that Qin Yuan didn't mean to continue fighting, she was relieved. After all, she knew that she was not Qin Yuan's opponent, but at this time, Mei Yezi suddenly discovered that she was injured. Okay, and not only the injuries suffered by Qin Yuan, but even the hidden injuries on his body before are all good.

"You healed me? Why?"

Mei Yezi looked at Qin Yuan in surprise. In her cognition, she didn't understand why Qin Yuan did this.

"That's because I know the woman who looks exactly like you just now, and the relationship is very good. If you have a relationship with her, I will naturally try to save you."

Hearing this, Mei Yezi looked at Qin Yuan's phone again, and looked at the woman who looked the same as herself, but definitely not her own, took a deep breath and said lightly:

"I don't know. When I was very young, I was caught by the people from Fusang Club. After that, they trained me to use me and hypnotize me, but then..."

"Stop it!"

Qin Yuan shook his head when he heard that Mei Yezi was about to start a long talk, and said directly to Mei Yezi:

"I don't want to know these things, I just want to ask you, did you kill the people in the institute before?"

Qin Yuan knew that these two black boxes were in Mei Yezi's hands. If Mei Yezi really killed the researcher, then Qin Yuan would not be able to exonerate her.

"No, my strong point is killing people. I don't need to do this kind of infiltration. It's just that my spirit is not stable, and I will break away from that person's mind control from time to time. So after they give me this thing, I directly Kill the two ninjas that sneaked in. I wanted to go back and kill that guy, but I didn't expect to be hypnotized by him again."

At this time, Mei Yezi said with a gloomy look, and Qin Yuan heard Mei Yezi's words and understood that the person Mei Yezi said must be Kuroda Yonghua.

"Are you stupid, since you have broken free, why do you want to go back to him, do you know that he has set a hypnosis node on you, and he can hypnotize you completely without much effort."

Qin Yuan said silently, and when she heard this, Mei Yezi also suddenly realized:

"Huh? It turned out to be so, but my first reaction to break free from hypnosis was to find him to take revenge."

Qin Yuan shook his head again. Obviously, this kind of hypnosis that Kuroda Yonghua gave to Mei Yezi is not just one layer. As long as Mei Yezi wakes up halfway, he will go to Kuroda Yonghua to suggest that it must be a kind of hypnosis!

But since Qin Yuan knew that Mei Yezi didn't kill the members of the research institute, that was enough. He could safely hand Mei Yezi to Fan Tianlei and the others. As for how they treated Mei Yezi, I believe these people would be more experienced than himself.

"Since you said you have nothing to do with them, would you like to go with me? Maybe I can help you find the person in the photo. Then you can see if she has anything to do with you."

"it is good."

Mei Yezi did not hesitate, she just agreed. Seeing Qin Yuan's strange eyes, Mei Yezi also explained:

"You heal me, and I really have nowhere to go now, just follow you."

But as she said this 'Miyako's face suddenly showed a trace of pain, she suddenly covered her head, and finally hammered herself before fainting again.

But before Qin Yuan went to see the situation, Mei Yezi was awake by herself, but Qin Yuan couldn't stop patting her head when she saw Mei Yezi's sober appearance, because he had already seen that Mei Yezi recovered again The soft and waxy look before!

"This is really troublesome!"

Qin Yuan could almost understand that Mei Yezi did possess multiple personalities, and this type of personality was what Mei Yezi usually showed.

However, Mei Yezi, who had recovered, was very adaptable, but when she saw Qin Yuan's phone, she picked it up and said in surprise:

"This is my sister! Have you met my sister?"

"Oh?"

Qin Yuan's eyes lit up when he heard this. Although he had guessed that Miyezi must be related to Anfisa, since Miyezi can tell what the relationship is, it is naturally better.

Chapter 614: wasted

But after listening to this weak version of Mi Yezi's answer, Qin Yuan looked embarrassed, because what Mi Yezi said was completely false, because Mi Yezi said that this sister was lost when she was young, and she was adopted by herself. Up...

You are the one who was lost...

Qin Yuan complained in his heart, but it was obvious that such a case would not make any sense to Mei Yezi in this state.

"Okay, okay, needless to say, I will take you to the police uncle and let them find your sister, how about it?"

"Uh, all right."

The current Mei Yezi is almost like a soft bun, and naturally there will be no objections.

But when Qin Yuan took Mei Yezi and wanted to leave, Mei Yezi looked at the two short knives Qin Yuan was holding and said timidly:

"This...this seems to be my thing, can you return it to me?"

Qin Yuan glanced at the short knife in his hand and knew that this should be Mei Yezi's self-protection measure. After all, the combat effectiveness of Mei Yezi who has a knife and Mei Yezi who does not have a knife is not the same.

But Qin Yuan thought for a while, and said directly to Mei Yezi:

"It's okay to give it back to you, but you have to wait a while, you clean up first, I'll go to the toilet."

"Ok... Ok..."

Mei Yezi agreed blankly, just glanced around, but found nothing to clean up.

But Qin Yuan hid away and directly recovered the short knife into the grid!

"Ding Dong~ The system was successfully recovered, and the Green Flame Blade was obtained. Please start choosing the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class tool manufacturing!"

"2, get a world-class flame knife technique!"

"3, get the world-class frost knife technique!"

Seeing these three options, Qin Yuan couldn't stop his eyes brightening, Flame Knife? Frost knife?

Qin Yuan was very envious of Mei Yezi's knife skills before. He originally recovered these two knives and used the grass to beat rabbits, but he didn't expect that these two knife skills were actually recovered!

And Qin Yuan still has six grids. Recycling these two is naturally not a problem, so he said directly:

"System, I choose the second item!"

"System, I choose the third item!"

And with Qin Yuan's voice, these two sword techniques suddenly appeared in Qin Yuan's mind.

Feeling these two sword techniques, Qin Yuan's heart was a joy. He didn't have many martial arts of this weapon type, but now he finally has it, and he can go one step further towards the title of martial arts master.

What shocked Qin Yuan was that these two swordsmanships, when they reached a high level, were able to emit flames and frost, with amazing power.

And Miyoko has only reached the perfect level, but it can make the blade weak, hot and cold, and it is far from the true Dzogchen.

But this was enough for Qin Yuan. Qin Yuan directly took out these two knives, brushed a knife, and wanted to use his hot and cold power.

However, Qin Yuan held back for a long time, and found out speechlessly that no matter how hard he tried, it was useless.

"Let me go, system, are you also selling fake and shoddy products? How about my temperature change?"

When Qin Yuan saw the failure of this technique for the first time, he was naturally looking for trouble with the system.

"Ding Dong, answer the host. If you want to use the ice and fire knife technique to its limit, you must have the qi power. The host has not yet learned it. I hope the host can recover some of the ability to generate internal qi for system research."

"I go!"

Qin Yuan was completely speechless!

Grandma's.

This means that I don't have a blue bar, so I can't use skills?

Qin Yuan looked at the system's rhetoric, and the black lines on his forehead were about to trap the flies!

However, Qin Yuan carefully imagined that the previous system didn't know anything about internal energy and internal energy, and it was normal that it couldn't get it out now.

"Hey, it seems that we can only wait until the future, and we must find a way to get something that can practice inner breath."

Qin Yuan shook his head speechlessly. He really didn't expect that the system would have such shortcomings.

Things didn't happen. When Qin Yuan came out, his face was a little shaky, but at this time, Qin Yuan found that Mei Yezi was still there and didn't use it, and Qin Yuan directly threw these two short knives to Mei Yezi, facing Mei Yezi Asked:

"Do you know how to use these two knives?"

"I know, these two knives need good maintenance. They can grow!" Mei Yezi carefully put the two knives away, and then showed off to Qin Yuan that these two knives will follow. Time produces a certain temperature change and even becomes sharper.

When Qin Yuan heard this, his face was bitter. Of course he knew this. This ice-fire knife technique not only produces temperature changes, but also warms the opponent's weapons. If the warming reaches the limit, it means Weapons alone may become treasures.

Qin Yuan was still thinking, he might be able to grieve with Frost with one hand and breath with Fire with one hand, but it was all over!

Be sure to find something that can learn inner strength!

Qin Yuan was secretly ruthless, these are several grids!

Then Qin Yuan left here with Mei Yezi directly, and at this time, the people of the navy had surrounded this place, and even Fan Tianlei, who had heard the news, had already arrived.

At this time, after seeing Qin Yuan, someone naturally notified him, and Qin Yuan went directly into the command post.

After Qin Yuan explained everything, Fan Tianlei hammered the table fiercely:

"These people are simply lawless! We must fight back and give each other a good look!"

"Yes, yes, but do you want me to go?"

Qin Yuan looked hopeful at this time, but Fan Tianlei smiled mysteriously and said directly:

"It's not necessary. We have other players. It's not time for you to take action, and if you kill this Kuroda Nagaka, the other party must have been extremely heartache. In fact, it has already cut off one of the other's tentacles! And these people, If you dare to openly break the rules and let these people take action, don't blame us!"

After saying this 'Fan Tianlei's voice clearly contained a trace of murderous aura!

However, Qin Yuan was a jealous spirit. It was obvious that Yan Guo had other people to deal with these ninjas and the like.

Qin Yuan knew about this mysterious department before, but he had never seen it before, and didn't know if he could see it this time.

And Long Baichuan on one side also said with a look of fear:

"Fortunately, there is Qin Yuan this time. These people are not weak. If they are ordinary soldiers, they may cause considerable casualties."

Qin Yuan said with a smile:

"Not at all. These people seem to be more powerful, but in fact, they are about the same physical fitness as some elite special forces. At most, the technique is a bit strange. Just pay attention.

But when they heard this, both Long Baichuan and Fan Tianlei had wry smiles. The strength in Qin Yuan's mouth was average, and the strength in the eyes of ordinary special forces was not the same.

Chapter 615: Troublesome skills

After that, Qin Yuan handed Mei Yezi to Fan Tianlei. Before, Anfisa handed it over to the other party, and when he handed Mei Yezi to the other party, Qin Yuan was relieved.

After seeing Mei Yezi's appearance, Fan Tianlei also became serious, and then assured Qin Yuan that she would properly arrange Mei Yezi.

However, Qin Yuan looked at Mei Yezi and always felt that this was a hidden danger. If the hypnotic node in Mei Yezi's body could not be removed, he might suddenly become ill. In case of any irreparable loss, that's right. For everyone, it's not good.

Moreover, this kind of thing is a bit too pitiful for a girl in Mei Yezi, Qin Yuan still wants to help each other.

So Qin Yuan still wanted to find a way to see if he could complete this task directly.

It's just that Qin Yuan thought for a while, but didn't think of what should be used to recycle it. This barren mountains and wild mountains, it is impossible for Qin Yuan to find a few books on hypnosis.

But when Qin Yuan was embarrassed, he suddenly saw the soldier on one side dealing with the corpse. He really thought of something and went directly to the place where Kuroda Yonghua died.

Sure enough, Kuroda Yonghua's body was processed and placed in a bag, planning to take it back.

But Qin Yuan asked the person who was packing up the body, wanting to see if there was anything in Kuroda Yonghua's body.

Sure enough, Qin Yuan found a strange password notebook!

Although Qin Yuan couldn't understand what was written in this password notebook, he directly recovered this notebook into his grid!

Qin Yuan did not forget that as long as the person dies, he can extract the skills he wants from the person's personal belongings or the person's attribute cards!

"System, recycling!"

"Ding Dong, congratulations to the host for the successful recovery and get Kuroda Nagaka character card!"

really!

Qin Yuan nodded in excitement, then continued to speak to the system in a low voice:

"System, extract skills!"

With these words, Qin Yuan's eyes suddenly filled with excitement and anticipation.

Although Kuroda Yonghua is an abnormal bastard, I have to say that this person still has two brushes in his hand, and there are probably a lot of secret techniques. Qin Yuan is very looking forward to what skills can be extracted from this guy!

At this time, the system made another sound!

"Dingdong, please start choosing!"

"1. Get a world-class blow attack"

"2, get the perfect brainwashing technique!"

"3, get world-class fighting skills!"

"4, get world-class Dharma!"

But at this time, seeing these options, Qin Yuan was a little confused, what are these things?

What is blowing?

And this kid has brainwashing and fighting skills, so why did he come up with a Dharma?

Qin Yuan didn't have any interest in being a monk after shaving his hair, so he just eliminated the fourth option, and now it seems that the second option is helpful to Qin Yuan!

So Qin Yuan directly chose the second option.

"Ding Dong, the host chose to succeed and obtained world-class brainwashing!"

At this time, with the sound of the system, Qin Yuan's mind suddenly had a lot of brainwashing skills at once. After Qin Yuan got this brainwashing technique, he found that this ability is completely different from hypnotism. Skills.

The ability of this brainwashing technique is extremely overbearing, and it takes a little longer than hypnosis. It may be a long-term hypnotic technique!

But after realizing this, Qin Yuan was extremely excited, because he finally found a way to remove Mei Yezi's hypnotic node!

That is to set up a new hypnotic node for Miyoko, and this hypnotic node is best to be completely inaccessible to ordinary people, and then the gap is completely sealed.

In this way, although Miyoko has a hypnotic node, because she does not know how to open this hypnotic node, it is impossible for Miyoko to be hypnotized by others. Even because of the existence of this hypnotic node, Miyoko's resistance to hypnosis will also Greatly enhanced!

Although it is only a perfect level, it is enough to temporarily close Mei Yezi's hypnosis node so that others will not hypnotize Mei Yezi so easily.

And according to Qin Yuan's idea, to completely pull out this hypnosis node, I'm afraid it's not something that can be done overnight, so Qin Yuan is not too anxious, this is just a perfect brainwashing technique, Qin Yuan still wonders, can he This ability is upgraded to the cosmic level, and see if we can shorten the time a lot.

But Qin Yuan still couldn't let it go, it was this so-called blow.

The time that the character card can exist is not long. If you don't learn the skills of this guy, I am afraid that it will not be possible for a long time.

But Qin Yuan checked it with his mobile phone and found that this so-called blow-out was actually a Taoist secret technique!

After seeing the above explanation, Qin Yuan couldn't stop his eyes widening, because this blow was actually the ability used by the legendary Second General Huo Ha!

In the legend, these blows can directly attack the soul of a person, causing a certain amount of dizziness, but Qin Yuan believes that this is just a so-called sonic attack, and then it can make people's head confused.

In Qin Yuan's own recall, Kuroda Yonghua seemed to have this ability to attack him before, but Qin Yuan's resistance was really too strong. Instead, he followed this point and gave Kuroda Yonghua overcast. He was able to take down Kuroda Nagaka so quickly!

However, Qin Yuan thought about it carefully' and still intends to get this ability. After all, Qin Yuan thinks that when he can fight, he can suddenly give others something like that. As long as it causes any hesitation, then It took a big advantage in the battle!

"System, reclaim the first item!"

"Ding Dong, the host was successfully recovered!"

With the voice of the system, Qin Yuan had another skill in his mind.

In this way, Qin Yuan understood why Kuroda Yonghua still has Dharma skills in her body, because this ability is not a kind of tantric technique that Qin Yuan understands at all. It's the same as blowing, but it's called differently!

However, Qin Yuan's own abilities can be called whatever he wants!

After Qin Yuan obtained this skill, he snorted, and he really realized that there was a strange energy that spewed out with his own voice. If someone stood in front of Qin Yuan, he might be impacted by this energy. Can't get back to God.

In the master showdown, even if it's just a moment of surprise, the winner can be divided instantly!

Chapter 616: Shen Ge's thoughts

It's just that Qin Yuan smashed his mouth, but there was some dissatisfaction in his heart. Is the attack range of this breath a bit too close, I am afraid it is not even two meters!

This is only useful in melee combat!

Qin Yuan was still thinking that perhaps this ability could be turned into a sneak attack technique, but two meters, Qin Yuan directly knocked down the opponent is enough!

However, it is a special attack technique, and Qin Yuan can't dislike it too much. He may be able to increase his attack distance after reaching the universe level.

And the most important thing now is to help Miyoko deal with it first.

And Qin Yuan had told Fan Tianlei about Mei Yezi before, so Fan Tianlei and the others didn't feel surprised, but showed a trace of sympathy for Mei Yezi.

Such a good girl was controlled by others, which made their hearts sigh.

After Qin Yuan cured Mei Yezi, he also gave Fan Tianlei an entry about how to treat Mei Yezi during the week. After Mei Yezi's psychology stabilized, Qin Yuan went to conduct targeted training on Mei Yezi so that Mei Yezi could become a normal person.

Qin Yuan did not complete this matter until night, and Fan Tianlei's people had already handled this matter well.

Qin Yuan was also half tired, and when he was about to go back to rest, he discovered that Shen Ge was waiting for him.

"are you tired!"

Shen Ge saw Qin Yuan's appearance, and couldn't help feeling distressed, but Qin Yuan smiled slightly:

"It's okay, fortunately, just go back and have a rest!"

Shen Ge looked at Qin Yuan worriedly. Although she knew that Qin Yuan was amazing after all, it must have been difficult for so many things happened today.

But at this moment, Qin Yuan suddenly remembered, as if the two black boxes of the 303 submarine were still in his hands!

After Qin Yuan took out the things, thinking that it would be better to hit the sun, he would simply crack the black box today, which would save trouble in the future!

So Qin Yuan took advantage of Shen Ge not paying attention, and directly received the black box into the grid!

"Ding Dong~ The system was successfully recovered, please start choosing the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1. Obtain world-class black box manufacturing technology!"

"2. Get world-class black box cracking technology!"

"3. Get world-class black box preservation technology!"

And Qin Yuan didn't hesitate, he just chose this black box cracking technique. After all, he hadn't built a submarine airplane yet, and this black box manufacturing technique was useless.

After obtaining this ability, Qin Yuan was naturally able to decipher the information in the two black boxes, but Qin Yuan was too tired today and didn't want to move at all, so he directly said to Shen Ge:

"Shen Ge, this is a black box, you can help me send this thing to the laboratory."

After speaking, Qin Yuan couldn't restrain his exhaustion, and then he leaned directly on Shen Ge and fell asleep!

At this time, Shen Ge, holding the black box in her hand, felt Qin Yuan leaning aside, her face flushed, she whispered to Qin Yuan, and found that Qin Yuan was really tired and could not wake up at all.

Shen Ge swallowed and was a little nervous. In that case, she had no choice but to take Qin Yuan to her house first!

Thinking of this, Shen Ge gritted his teeth, and then directly carried Qin Yuan on his back!

I don't know where Chen Ge's strength came from. Although she only had more than 50 kilograms, she forced the 90 kilograms of Qin Yuan on her back!

You must know that Qin Yuan does not look very strong, but his weight is not light at all. After so many system modifications, his muscle density is much stronger than that of normal people. It is true that ordinary people want to move him. Not so easy!

Shen Ge spent a lot of hard work before he got Qin Yuan into the car, and then he continued to bring Qin Yuan and the black box back to his home, but after Shen Ge put Qin Yuan on the bed, he looked at this Black box, after thinking about it, it is better to send this black box to the laboratory. After all, this thing is very important. If some damage is caused here, it will be very bad!

Looking at Qin Yuan's appearance, I am afraid that he would not wake up for a while. Shen Ge was quite relieved to let Qin Yuan sleep in his bed, and went to the laboratory last.

But at this time there were still people in the laboratory. When Shen Ge put down the black box, he actually met Dr. Rong, and Dr. Rong saw Shen Ge and sent the black box back. He was extremely excited and grabbed Shen. The pigeon said to her:

"Shen Ge, I suddenly had an idea, which seems to be very effective for cracking the black box. Come on, you can experiment with me!"

"Huh? Teacher, I have something to do today!"

"What can be important for scientific research? Come, come, you just brought this black box, don't you want to see with your own eyes, what information is this black box cracked?"

Dr. Rong does not let Shen Ge leave, but Shen Ge is extremely embarrassed. She can't say that she is going back now, is it a man in a hurry to sleep?

Therefore, Shen Ge had no choice but to accompany Dr. Rong abruptly to do an experiment for one night, and when Shen Ge returned home, he found that there was no one in his bed!

"This is completely over!"

At this time, Shen Ge sat on the ground with great regret. She originally wanted to take this opportunity to get closer to Qin Yuan. After all, she knew that Qin Yuan had a girlfriend. After tonight, after fulfilling this wish, She would no longer think about Qin Yuan.

Even Shen Ge is extremely interested in Qin Yuan's body. She wants to study Qin Yuan's body carefully, but now she has no chance at all.

But at this moment, Shen Ge suddenly heard a voice from behind his back, ':

"Why are you sitting on the ground?"

Yep?

After hearing this voice, Shen Ge suddenly widened his eyes. Looking back, he found that Qin Yuan had walked out of the bathroom with his upper body naked!

"I borrowed your bathroom, I have cleaned it up, don't mind."

Qin Yuan naturally said that after he woke up, he found himself lying in a girl's boudoir. Checking the contents of this room, he knew that it was Chen Ge's room, so he was relieved. Rested.

When Shen Ge came back, he heard it too, but he couldn't go out directly in the bathroom.

Looking at Qin Yuan in front of him, and at Qin Yuan's powerful body, Chen Ge's eyes widened directly, not dare to let go of any detail!

The man in front of him is like a sculpture of a god, perfect to the limit!

Chapter 617: Hard work Qin Yuan

At this time, Qin Yuan saw the dumbfounded look of Shen Ge, and he walked directly in front of her, shook his hand in front of her eyes, and said strangely:

"What's wrong with you? Tired and stupid?"

Having said this, Qin Yuan directly clasped Shen Ge's wrist and directly gave Shen Ge a pulse. After feeling the pulse of Shen Ge, he found that Shen Ge's body was full of exhaustion, but look at what these Shen Ge looks like now. , It seems that the spirit is extremely excited.

This is what makes Qin Yuan a little puzzled, what is going on!

At this time, Shen Ge watched Qin Yuan come in front of him, breathing even more urgently, and even felt Qin Yuan's extremely powerful hormones, constantly burrowing into his nose, and felt like he was about to faint. !

At this time, Shen Ge suddenly felt his nose hot, and his nosebleeds spurted out!

Isn't it?

Shen Ge touched his nose, looked at the red blood, the boss with staring eyes, wouldn't he be so dull, looking at Qin Yuan's body, he actually saw a bleeding from his nose?

Qin Yuan was also shocked when he saw Shen Ge's appearance. He immediately put Shen Ge on the bed and gently said to Shen Ge:

"I found that you are a little bit angry, and did you do a night experiment in the laboratory? So I will give you a massage now to let you have a good sleep."

After saying this, Qin Yuan was about to start immediately. Hearing Qin Yuan's instructions, Shen Ge suddenly thought of something, and quickly started to struggle. Unfortunately, Qin Yuan's hand had already touched Shen Ge's neck and he was tight. Press, Shen Ge suddenly fell asleep!

Qin Yuan was also a little confused when he saw Shen Ge who had fainted. He also saw that Shen Ge was trying to say something just now, but his movements were too fast, and Shen Ge fell asleep before he could speak. .

If there is something, I can only talk about it later.

Qin Yuan shrugged his shoulders, and after covering Shen Ge with a quilt, he was about to leave here.

And even if Qin Yuan thought about it, he would not have thought that Shen Ge had such thoughts!

This time Qin Yuan and Shen Ge's duel, Qin Yuan won!

In the days that followed, Qin Yuan became a little busy. Although Qin Yuan had cracked the information in the black box, it was not so easy to find the 303 submarine.

The so-called 303 submarine looks like a ghost because it is a pirate who bought a retired submarine from Su Lan to carry out various illegal and criminal activities. There is even legend that there is one from Yan. Cultural relics of the country.

Of course, the more important thing is the complicated technology used by this submarine. Su Lan was extremely powerful at the time, but after the disintegration, this submarine was like a waste, just sold to the pirates at a very cheap price.

However, it seems that these pirates have been in conflict, so they died directly. And this 303 submarine is no longer controlled by humans. It can only move slowly by the push of ocean currents, so Long Baichuan can also from time to time. Received the signal from the 303 submarine.

It was not who was driving the submarine, but because of the ocean current, the 303 submarine swam nearby.

What Qin Yuan has to do now is to study the law of movement in addition to ocean currents and see when the 303 submarine can come again. Then they can directly intercept the so-called ghost submarine and see what is inside. What is there!

Although this submarine has been around for decades and there is no one inside, the things inside and the technology inside are worthy of Qin Yuan's careful study.

As for the other thing, it was the brainwashing training of Mi Yezi. Mi Yezi's spirit became more and more normal and more stable. After that, Qin Yuan wanted to remove the hypnotic node completely, but this is a water mill. , It can't be done in a short while.

So Qin Yuan went to the 3rd line every day, barracks, laboratories, and research institutes where Mei Yezi was detained.

It's just that Qin Yuan is a little puzzled, why the current Shen Ge is a little shy every time he sees him, as if to avoid him.

But Qin Yuan thought for a long time and didn't figure it out. In the end, he could only leave this matter behind.

Finally, a week later, Qin Yuan suddenly heard two voices:

"Ding Dong, the host has completed the task to get rid of the hypnotic node in Mei Yezi's heart! Reward a grid!"

"Ding Dong, the host completes the task, cracks the black box of the 303 submarine, and rewards a grid."

After hearing these two voices, Qin Yuan immediately smiled, and finally completed both of these tasks!

Then, Qin Yuan doesn't need to be so concerned about these two things. Mei Yezi's spirit has become completely normal now, but it is divided into two sides as if she has multiple personalities, but Qin Yuan has already asked a psychologist. However, this kind of dual personality is not harmful to Mei Yezi, but it can make Mei Yezi give full play to her physical fitness.

As for Anfisa still not knowing about Miyoko, it is said that Anfisa is currently performing a very important task, and Qin Yuan doesn't know where she is now.

And Qin Yuan has grasped the movement law of this 303 submarine ocean current. It's just that the ocean current under the sea changes rapidly. Qin Yuan's calculation is not foolproof. He can only see when this submarine appears again. Can go after this submarine!

After working for more than a week, Qin Yuan finally had the opportunity to lie on the beach in the sea training camp and bask in the sun.

Qin Yuan lay on the beach, calculated its own grid, there are still three grids left, but this month's time is approaching, and Qin Yuan will be able to get two more grids by then, and the training of Jiang Xiaoyu and others is also going well. Qin Yuan will be able to complete the training of these 5 people soon. This is another grid.

As for the formation of the Dragon Shark Squadron, it cannot be completed overnight. If you want to establish a special force, you must train in all aspects.

But Qin Yuan was not in a hurry, after all, he had nothing to do in a hurry.

But when Qin Yuan was basking on the beach, Liu Xiaoshan and Deng Jiuguang walked over with excitement.

At this time, Liu Xiaoshan said to Qin Yuan enthusiastically:

"Qin Yuan, tell you a good news!"

"What good news makes you so excited?"

Qin Yuan was also a bit funny. After all, he knew that Liu Xiaoshan and Deng Jiuguang were veterans, and ordinary news would not make them like this.

Chapter 618: The Mars competition begins!

On one side, Deng Jiuguang was also full of excitement, and said directly to Qin Yuan:

"This is really good news. There is news from the Dragon Team that there is a director who wants to shoot us a navy blockbuster and is currently recruiting actors!"

Yep?

Hearing this, Qin Yuan was taken aback, his eyebrows twitched.

Choose actors?

Could it be that the time has come for Mars training trials?

Sure enough, following the news, another voice rang in Qin Yuan's mind.

When Qin Yuan heard the movement in his mind, Qin Yuan was immediately overjoyed. He originally felt that he hadn't had any tasks recently, so he could add a grid. He didn't expect this Mars training competition to begin again!

"Ding Dong, the system will release the task, lead the sea training camp personnel, get the qualification of Mars, get two squares!"

Hearing this, Qin Yuan squatted down and was overjoyed. As expected, he guessed right, and this task came right away!

It's just that Qin Yuan glanced at the description of the mission, but blinked a little, leading all the personnel of the sea training camp, which also meant that Jiang Xiaoyu, Zhang Chong, and even Xiang Yu would be required. Bring it?

But in this way, these people together, there are a total of 7 places, and Yan Guo can participate in the Mars military competition, there are only two teams, 8 people in total, so, does it mean other There is only one person left in the team?

But Qin Yuan took a deep breath, planning to do the bad thing altogether. He found someone from another place and directly pooled up 8 people and took all the places. This is not the end!

After all, after Qin Yuan's training, the physical fitness of Jiang Xiaoyu and others has surpassed that of ordinary naval fighters. If someone were to find another character from another place, it would be better to let Qin Yuan train directly. Their tacit understanding will also increase a lot.

At that time, Yan Country's army will definitely be able to win a Grand Slam! No matter what the champion, runner-up, or the Warriors Award, it is Yan Guoren!

However, Qin Yuan soon came to his senses. He is still selecting actors, and he hasn't given a word yet!

But seeing the excitement of Liu Xiaoshan and Deng Jiuguang in front of this, they suddenly showed a playful smile, pretending to be puzzled, and directly said to them:

"Choose actors? We are soldiers, can we be actors?"

You must know that they are members of a special force. According to the military regulations, they must not leave their video data outside. After all, once they are known to others, they will inevitably cause great trouble to the troops and their own families. !

And Liu Xiaoshan also smiled and said directly: "Who said no? I have also heard of the regulations in the army, and I didn't intend to let our people participate, but then I suddenly thought of something."

"whats the matter?"

Qin Yuan was a little surprised, but Deng Jiuguang directly revealed the answer:

"That's the time for the Mars Military Competition again. Let me tell you. When the two of us participated in the selection of the Mars Military Competition, we made it the same thing, saying that we would select a group of professionals to carry out infiltration and decapitation operations. At that time, we were so excited, but later I learned that this was just a lie, and it was for the two of us to participate in the Mars Military Competition!"

"So, after we received this unreasonable news, we soon concluded that this must be the selection action for the Mars Military Competition!"

Liu Xiaoshan also said with a smile on his face.

Qin Yuan was also a little surprised when he heard this. He did not expect that Liu Xiaoshan and Deng Jiuguang would have guessed directly that this selection of actors was a test!

"Then what do you want to say?"

Qin Yuan asked the two with some doubts, but Liu Xiaoshan and Deng Jiuguang looked at each other, and suddenly paid a military salute to Qin Yuan, and said solemnly:

"In fact, the two of us are here to thank you specifically, and we are also thinking about whether we can also participate in the Mars military competition this time."

"Yes, both of our bodies were cured by you. Originally, the two of us have become useless. There is no way to participate in this kind of military competition. But now we have a chance again. So we two want to follow You form a team and directly win the championship of Mars!"

Both Liu Xiaoshan and Deng Jiuguang knew Qin Yuan's strength. If Qin Yuan formed a team with them, then he could easily win the Mars championship by finding another player.

And seeing how excited Liu Xiaoshan and Deng Jiuguang were, Qin Yuan also smiled and said to them:

"Okay, you two don't have to be so excited, isn't this all you deserve?"

However, Liu Xiaoshan and Deng Jiuguang did not agree with Qin Yuan's words. After all, they were able to make this step today. It was Qin Yuan's credit. If Qin Yuan did not heal their hidden injuries, they would not be able to participate in the Mars military competition!

And seeing the two people wanting to turn over a long story, Qin Yuan suddenly stopped them:

"Hold on, hold on, you two don't have to continue talking, now the next point is that you two want to tell me, what is the process of Mars selection?"

After hearing this, Liu Xiaoshan and Deng Jiuguang grasped the point and began to tell Qin Yuan some selection rules and rules.

But after hearing these selection rules, Qin Yuan's eyes lit up and suddenly thought of something.

"It turns out that the initial selection of the Mars competition was decided by our barracks. Then it would be a little fun."

Qin Yuan had an idea in his heart, and then he directly said to the two of them:

"You take the people from the sea training camp to the activity first, I'll find Captain Dragon."

After saying this, Qin Yuan left here directly, he was going to find Long Baichuan, while Liu Xiaoshan and Deng Jiuguang looked at Qin Yuan's back, staring at each other, completely unsure of what Qin Yuan was going to do.

And Qin Yuan went directly to Long Baichuan's office. At this time, Long Baichuan was walking out. After seeing Qin Yuan' Long Baichuan's eyes lit up, and he said directly to Qin Yuan:

"Oh, why are you here? I'm just looking for you!"

"I want to find you too!"

Qin Yuan smiled happily, then followed Long Baichuan directly to the office, and then said straightforwardly:

"What kind of actor selection, did you get it?"

Hearing this, Long Baichuan also smiled helplessly, and said to Qin Yuan: "Sure enough, I can't hide from you, why? Do you want to participate in this trial too?"

"Yes!"

Qin Yuan nodded, but he has a task to do, not only to complete the selection, other people also have to complete the selection!

"Don't think about it. The above has already given me a place. You don't need to participate in the trials, you have directly become a candidate!"

Long Baichuan said to Qin Yuan with a smile.

Chapter 619: Director group

Oh?

Qin Yuan was also a little surprised when he heard this. Although he did want Long Baichuan to help him walk through the back door, why did Long Baichuan just do it without speaking?

But Qin Yuan also said with a smile:

"This is a bit inappropriate!"

"There is nothing inappropriate, depending on your strength, even if you participate in such training, it will not have much effect and meaning."

Long Baichuan said straightforwardly, he already had a real understanding of Qin Yuan's strength, and he knew that he had no way to dig out any tricks.

Hearing this, Qin Yuan felt a secret joy in his heart. Although Long Baichuan was telling the truth, it was a compliment to him to hear these people admit that he was tyrannical.

"In that case, the people I train with are basically the same as me, otherwise they won't have to participate in the selection, just let them compete!"

Qin Yuan smiled and said to Long Baichuan, but when Long Baichuan heard this, his eyes widened:

"Hey! If you say you are fat, you are still panting. It's fine to be alone. Why do you want everyone to be like you!"

Long Baichuan really couldn't understand Qin Yuan's shameless look, and couldn't help turning his head.

But when he turned around, it was still Qin Yuan's face with a shy smile, Qin Yuan said cheerfully:

"What I said is not unreasonable. Look at my Liu Xiaoshan and Deng Jiuguang. They are so powerful. Is it necessary to participate in this selection? And they have already participated in the training of the Mars Military Competition. This time it's even more familiar!"

"No way, no way, it is necessary to go through a cutscene, or else how can you convince the public? Although I know you are great, others don't know!"

Of course Long Baichuan wouldn't help Qin Yuan open this opening, but when he saw Long Baichuan's appearance, Qin Yuan narrowed his eyes, always feeling that something was wrong.

"Dragon Team, are you still hiding something else in secret? I have heard of your previous selection training. For those in the sea training camp, this kind of training really stopped at all. Don't stop!"

Qin Yuan didn't speak big words this time. After all, the physical fitness of Jiang Xiaoyu and others has been substantially strengthened, and they have also learned Qin Yuan's various exercises, and their strength has risen. If you follow the previous selection method, you can't stop them at all.

Hearing this, Long Baichuan couldn't help showing a wry smile on his face, and said to Qin Yuan:

"Sure enough, I can't hide you!"

"Hey, you guessed it!"

Qin Yuan also sat on Long Baichuan's desk all of a sudden, with a hint of excitement in his eyes:

"What the \*\*\*\*\* is going on? Tell me! Tell me!"

Long Baichuan struggled a bit, and finally spoke directly:

"In fact, we have a good understanding of the physical fitness of the people under you. We think they are indeed qualified to participate in the Mars Military Competition, but after all, they are recruits and have not experienced any major tasks. It is estimated that their temperament needs to be tempered. So we added a psychic test to them on the basis of the original. This was learned from your army, and was taught by Chief of Staff Fan!"

Hearing this, Qin Yuan's eyes couldn't help but straighten. He really didn't expect that he was already hiding here, and he still couldn't avoid Fan Tianlei's scam attributes.

However, Qin Yuan thought about it carefully and avoided himself. This time, Qin Yuan didn't need to participate in the trials. He had already made the promotion directly.

"In fact, we originally wanted to test you, but after careful consideration, we found that your eyesight is too strong. I am afraid that we will be able to see through our performance soon, so we finally decided to kick you out first. You can take advantage of this time to go to the laboratory more to see if there are any new gains."

Long Baichuan said to Qin Yuan in a pity that they really wanted to test Qin Yuan's temperament, but based on their current level, it was not enough to test Qin Yuan!

After all, Qin Yuan's strength is already strong enough to crack many tests, no matter what the difficulty is, he can just punch it directly, and there is no need for a test.

Therefore, Long Baichuan's current thinking is to let Qin Yuan get out of it and don't disturb them.

However, Qin Yuan's eyes lit up. How could he be missing from such an interesting thing? Maybe there are still a few grid tasks in it. No matter how bad, you can look at those Jiang Xiaoyu and Zhang Chong. How miserable people are!

"Otherwise, can this work? I will participate with them, but I promise to pretend to be very similar, so that they will not have any doubts!"

Qin Yuan really wanted to participate, but Long Baichuan looked at Qin Yuan, and finally shook his head:

"This is not possible, because not only we know your strength, but the people under your staff have a better understanding of your strength. Then, even if you pretend to resemble you, they will detect it. But..."

"But what?"

Qin Yuan saw Long Baichuan's expression of hesitation, and quickly poured a glass of water.

"But I think your kid's mind is more flexible, otherwise join our director group together?"

Director group?

Qin Yuan's eyes lit up when he heard this!

There seems to be a door!

Sure enough, with this voice, a voice suddenly rang in Qin Yuan's mind:

"Ding dong, system release tasks, join the director team, and for this training event, design training that can test the soldiers' temperament! Two grids are awarded!"

Two grids!

Qin Yuan's mouth suddenly split to the back of his head' He originally thought that this task had only one grid, but he didn't expect the system to be so generous!

However, if this is the case, then he naturally has to work hard and strive to accomplish this task to the best!

"Where's your plan? Can I take a look?"

Qin Yuan asked Long Baichuan with a smile.

Long Baichuan saw Qin Yuan's excited look, and he was slightly suspicious, but he still gave Qin Yuan a glance at his plan.

After reading this plan, Qin Yuan shook his head. Although Long Baichuan had strengthened their previous training a lot and added a lot of new tricks, Qin Yuan still felt after seeing these contents. Some are too old-fashioned.

"It's not that I said, are you too fake? Just rely on this, I'm afraid they can see that they are fake without me! Don't underestimate your people and don't say anything else, Just Liu Xiaoshan and Deng Jiuguang are enough to see through this!"

Qin Yuan said disdainfully.

Chapter 620: Qin Yuan's plan

Hearing this, Long Baichuan suddenly became a black line, he said helplessly to Qin Yuan:

"Then what do you want to do? These are the schedules we received from the Army, and after changes, I thought these were already difficult enough, but I didn't expect you to be unwilling?"

"Hey, either don't do it, or do it absolutely, I will make it a little bit more complicated for you, and I promise you that I will definitely make them unable to tell the truth!"

Qin Yuan said with a smirk, and Long Baichuan was also interested when he saw Qin Yuan's appearance:

"Oh? Tell me carefully."

"Hey, although we are the navy, we also have borders with those Southeast Asian countries. You can discuss with the people over there to see if we can cross the border or find an unmanned island. In short, we must cross the security. Line, so that it will give them some psychological pressure!"

Qin Yuan said to Long Baichuan furiously, and when he heard this, Long Baichuan frowned slightly, but finally nodded and agreed.

"Not only that, we can make some thinner soldiers dress up as foreign soldiers, but also learn a few words of English and Southeast Asian languages, so that they can pretend to be those people from the inside out?"

"Don't make a confession by torture as it was before. Boxing, waterboarding, and electric shock are all the same old things. Have you seen it? You just tie them to a chair and stroke their wrists. , On the other side, take a basin and let them listen to their own blood dripping into the basin. In this way, they will scare themselves to death, and there is no need to beat people.

Then coupled with various language attacks, this approach is much stronger than yours. "

But when he heard Qin Yuan's words, Long Baichuan's eyes straightened. He thought about the situation carefully, and he couldn't help but fight a cold war. The look in Qin Yuan's eyes was full of strangeness, but he was still tentative in the end. Said to Qin Yuan:

"Otherwise, you come to redesign one?"

"Hey, come on!"

Qin Yuan happily agreed, holding the plan just to go out, but he just turned his head back halfway and asked Long Baichuan:

"Forgot to ask, where are you going?"

"What do you mean?"

Long Baichuan's face was blank.

"Don't you want to train a few people to participate in the Mars military competition? Do you want to train a few soldiers well, and let them all be eliminated, and feel the real despair? Or give them the last glimmer of hope, let Can they rush out by themselves?"

Hearing this, Long Baichuan couldn't stop swallowing and spitting, and said to Qin Yuan with straight eyes:

"Your design is a bit too much, right?"

"Oh, it's drizzle, you don't know, those armies are trained like this, and they are too much than me! Oh, yes, according to my plan, the budget may be a little bit exceeded, you are mentally prepared."

When Long Baichuan heard Qin Yuan's explanation, he didn't know whether it was true or not. Although he felt that Qin Yuan would not do too much, he still had a drumming in his heart and said to Qin Yuan:

"Let's talk briefly, how much budget do you need?"

"Ok, don't you mean to select actors? Just let them do whatever you want. According to your previous plan, first train them, and then select some elite soldiers. This should not cost much, just It takes some effort."

Qin Yuan directly found a small blackboard and began to demonstrate to Long Baichuan.

"Well, this is the same as our original plan, there should be no difficulty."

Long Baichuan nodded, and Qin Yuan flipped through the blackboard and said with a smile:

"But the next step is the highlight. Some of the elite soldiers who stayed, we have to tell them that they are selected for a top-secret mission. When the time comes, we will take them directly onto an island in a military transport plane. As a result, he I found that there is not only a large amount of seawater on this island, but also the need to rescue the hostages from this island. A few steps are just a mechanism, and there are mines everywhere!"

Qin Yuan talked to Long Baichuan, and Long Baichuan waved his hand quickly:

"Slow down, how much does it cost?"

"It's okay, you can fake these things first, unless you can get some real things in a few key places to create some sound and light effects. I know how to mine explosives. Just leave it to me, and then they will be caught. Live, torture, and the methods I mentioned before can be used!"

With a smile on Qin Yuan's face, he also knew that if the budget was too high, Long Baichuan would not agree.

"Then if that's the case, it won't cost much money?"

Long Baichuan blinked a little blankly. After all, the military region paid much attention to this selection. The budget given was not low, not much different from the budget for an exercise.

"Of course, the most expensive cost is to buy some fakes. It must be fake and true, and details determine success or failure. Are you right?"

"This...this way, okay, then I will think about it, and then ask if the above will agree. You can make the schedule first."

Long Baichuan was really unpredictable, but he felt that Qin Yuan's plan was indeed absolute, but he was unsure whether it would appear too overwhelming, it seemed that only the people above could make a decision.

"Okay, I'm leaving, and I will be able to prepare the plan for you soon, and then give me a message!"

Qin Yuan turned his head directly, took the plan and left, and looking at Qin Yuan's back, Long Baichuan couldn't stop silent for the soldiers.

It fell into the hands of the living king, that was really a matter of the last life' I didn't burn incense!

After Qin Yuan went back, he didn't make any plans at all. After all, if the above disagrees, there is no value in making plans, and he doesn't need to rush such a little time.

But before the evening, Qin Yuan received a call from Long Baichuan:

"Okay, the people above have already agreed. We need a good training this time. We must not let those foreign soldiers specialize in beauty!"

"Hey, good to say!"

Qin Yuan didn't expect to agree so soon, but if this is the case, then he can implement the plan:

"I want to buy some materials later, don't be too surprised after you see it!"

"what material?"

"Some, can use fake materials!"

Qin Yuan smiled happily, and hearing Qin Yuan's laughter, Long Baichuan couldn't help but feel terrified.
