

Special Soldier 621

Chapter 621: Meet

After that, Qin Yuan directly prepared, but when he left, the eyes of Jiang Xiaoyu and others became more sinister!

Early in the morning of the 2nd day, Jiang Xiaoyu and Zhang Chong and others got on the bus together and happily headed towards the regiment headquarters!

Regardless of Jiang Xiaoyu and Zhang Chong, even Xiang Yu and Liu Xiaoshan Deng Jiuguang, they are all very excited. After all, they have already guessed that this time the pre-selection of actors is not for the purpose of selecting actors. It's Mars' training and selection!

This time Zhang Chong looked excited, and said directly to Jiang Xiaoyu:

"Lao Yu, who do you think can be selected as an actor this time? If this can be an actor on TV, it would be too shabby!"

And Jiang Xiaoyu smiled, after all, after such a long training, his strength has also made great progress, and it has also been respected by Zhang Chong and Xiang Yu.

"If this is true, it must be my master. After all, my master is handsome and strong. If you want to choose an actor, you can get it right away!"

But when it comes to this, Jiang Xiaoyu shook his head and said helplessly:

"But who would have thought that my master suddenly had a task this time and couldn't participate in this selection. Then, I will do my part!"

"Hey, restrain yourself a little, the teeth of the smile are coming out! I haven't said that I can do it, you have already booked it?"

Lu Yan also joked with him.

"Yeah, I told you to want to be the number one male? You have a pig waist face!"

"Then you shoehorn face, how can you be better than me?"

At this time, I heard a laugh from the people behind, but Xiang Yu on this side asked Liu Xiaoshan:

"What mission did Qin Yuan have?"

"I don't know, but it should be a good thing."

Liu Xiaoshan didn't know exactly what Qin Yuan was doing, but he was sneaky when he saw Qin Yuan leaving, so there shouldn't be any danger.

"That's really a pity, I still think that I can take this opportunity to see Qin Yuan's abilities."

Xiang Yu said with some disappointment, but Liu Xiaoshan and Deng Jiuguang looked at each other when they heard this, and smiled slightly:

"There should be a chance."

Hearing this, Xiang Yu also had this strangeness on his face, but he did endure it and did not continue to ask questions.

After that, the car galloped all the way, and soon reached the designated place. After these people got out of the car, they couldn't help but be speechless when they saw the people outside.

"My dear, how come there are so many people? There must be two or three hundred, so many people compete for the place of an actor?"

At this time, Jiang Xiaoyu looked at the group of people behind, but he was a little frightened, but Zhang Chong slapped Jiang Xiaoyu in the face after hearing this:

"If you're scared. Get out of here, we sea training camp, you can't be such a fool!"

"Go, go, you're the guilty egg, I'm analyzing the opponent's weakness!"

Jiang Xiaoyu said with dissatisfaction, but he quickly became excited and said to the crowd:

"You said that there are 8 actors in total, how many can we choose?"

"Hmph, we have six people in total, we have taken all of these places, there are two left, what are you afraid of?"

"Haha, yes yes, take it all!"

At this time, Xiang Yu and Liu Xiaoyu and Deng Jiuguang both shook their heads slightly when they looked at Jiang Xiaoyu's appearance. Although Jiang Xiaoyu's strength has improved rapidly and his physical fitness is relatively strong, he After all, the training experience is too little, and the time of enlistment is too short, but it may not be able to persist.

And Xiang Yu was already in these teams and saw many acquaintances, the water demon Zhao Ziwu and the water demon Liao Yong!

These are the leading figures of other companies, and of course this is also his defeat!

After the two saw Xiang Yu, their eyes were red.

After all, they all know that as long as the selection is the beginning, Xiang Yu must be their opponent!

For the selection of actors this time, it is the selection training for the Mars competition, and these veterans are all well aware.

So Zhao Ziwu and Liao Yong walked directly towards Xiang Yu!

Seeing that the two of them were unkind, Jiang Xiaoyu and Zhang Chong became alert.

"Grandma's, did these two people come to find the difference? Let's practice, the people in our sea training camp can't be dealt with by these deflated calves!"

Zhang Chong smiled, he could clearly feel that the two people opposite should be masters, and he is most willing to fight with the master!

"Come on, it's not for you, but for Xiang Yu, but these two should be Xiang Yu's defeated men."

Liu Xiaoshan shook his head and smiled. Xiang Yu should resolve this matter by himself.

Sure enough, Zhao Ziwu and Liao Yong walked directly in front of Xiang Yu, and said murderously at Xiang Yu:

"Why are you so slow this time? We waited for you for a long time, and thought you were scared!"

"This time you don't have as good luck as last time, this time Mars, you are sure to lose!"

Hearing this, Xiang Yu shook his head and said to the two people:

"Don't say such big talk. My current goal is not Mars' champion, but it is completely impossible for the two of you to win the championship. Keep training well."

Xiang Yu didn't place any importance on Zhao Ziwu and Liao Yong. After all, these two were his defeated men before. Now he has not only healed the injury, but also received Qin Yuan's instruction, and his strength has improved. Man is not even his opponent.

What's more, he also knows the strength of Zhao Ziwu and Liao Yong, knowing that these two people are not Qin Yuan, I am afraid that even Liu Xiaoshan and Deng Jiuguang can't beat them! So don't even think about winning the Mars training competition!

"you!"

Zhao Ziwu and Liao Yong were immediately extremely angry After all, in their view, Xiang Yu was a blatant insult to them!

"Xiang Yu, you will be able to brush your lips here, and in a while I will let you really see who is the strongest God of War in the Navy!"

Zhao Ziwu gritted his teeth and said to Xiang Yu, but Xiang Yu shook his head helplessly, and replied, "It's not you anyway!"

"you!"

Zhao Ziwu was so angry that he would die again. He really didn't expect that Xiang Yu in front of him would become so slippery!

However, Xiang Yu didn't mean rhetoric, he was telling the truth.

Several high-ranking officers on the other side, seeing these things, walked over here directly, and told these people not to fight, and Zhao Ziwu and Liao Yong could only bite back to where they were.

At this time, Jiang Xiaoyu Zhang Chong, indeed looked at Xiang Yu with surprise, and said in surprise:

"What did you just say, this time it was a trial for the Mars Competition?"

Chapter 622: Sudden choice

And hearing such words, Liu Xiaoshan, Deng Jiuguang and others laughed completely, and even Lu Yan said helplessly to the two of them:

"You two have only discovered now that if you are looking for an actor, he should go to the literary and artistic soldier, and he won't find our Marines!"

"I'm going! This is a hard work!"

"Grandma's, must win these deflated calves!"

Jiang Xiaoyu and Zhang Chong looked at each other and became more determined. After all, they broke a medal of Liu Xiaoshan Deng Jiuguang, and they must regain this medal!

After that, an officer gathered this group of people and let them perform their own specialties one by one.

The other people are extremely excited performers, such as vigorously vigorous vajra legs, iron head skills and other special skills. Seeing Jiang Xiaoyu, Zhang Chong and others, they opened their eyes, but they also showed a few casually.

After all, they all know that the focus this time is no longer the selection of an actor, but the selection of the Mars training competition, so they must save their strength, and they don't know what kind of ordeal will be behind it!

After that, the sky slowly got dark, and these people were all assigned to the dormitory and rested in the dormitory.

But they haven't slept for long, when a smoke bomb was suddenly thrown into the house!

"I'm going to smoke bombs!"

"It's on fire!"

Hearing the yelling of a group of people around, Jiang Xiaoyu and Zhang Chong laughed together. Finally, this time the trial has officially started!

Jiang Xiaoyu, Zhang Chong and the others were all prepared, and naturally they weren't too frightened, so they quickly put on their clothes and went outside to gather.

But not only that, a group of people in black rushed in, and they had a stick in their hands, and they hit them, and seeing this situation, the people in the sea training camp were also preparing to fight back. After all, they all knew , This must be disarming!

Moreover, several of them formed a group to respond before and after, and quickly rushed out and went directly to the playground to gather!

And their speed is the fastest, because they were not hindered by the men in black at all, and quickly and easily broke through the obstacles of the men in black.

And there are already people waiting for them on the playground, and this person is not Long Baichuan?

And Jiang Xiaoyu and Zhang Chong are really proud, they are the first batch of people.

There were also people yelling from behind, and they ran out again, but they were all a little embarrassed, even Zhao Ziwu and Liao Yong were the same!

Zhao Ziwu and Liao Yong looked a little ugly when they saw this situation. They didn't expect that the first project would be slower than Xiang Yu!

And this time the selection eliminated half of the crowd. After Long Baichuan announced the results, many people were extremely angry and dissatisfied. They felt that this was really unreasonable.

After all, some of them are quite good, but they were eliminated so easily?

But there was a strong man who was still full of dissatisfaction. Seeing this situation, Long Baichuan rushed over and said to this person:

"Luck is also part of strength. To be on the battlefield, no one can escape the bombardment of shells. You can only rely on your luck, and your luck is very bad, but we now give you a chance if you can. If you beat me, then I will make you re-selected, how about it!"

And the soldier nodded when he saw Long Baichuan's appearance, and then directly punched Long Baichuan!

It's a pity that Long Baichuan is no longer the same sick seedling he used to be, he has been cured by Qin Yuan!

So his strength is fully utilized!

We must know that Long Baichuan, the captain, was not only based on injuries, but also based on his own strength!

He and Wu Tie were two famous masters in the sea training camp!

Jiang Xiaoyu and Zhang Chong's people also looked at Long Baichuan with attention. After all, they were all recruited by Long Baichuan. After arriving at the barracks, they have not seen Long Baichuan make a move!

Sure enough, the strength of those people is good, but facing Long Baichuan, they still don't look enough, and they are soon taken care of by Long Baichuan!

After that, Long Baichuan completely convinced the group of people, looking at these people in front of him and said coldly:

"Obviously, you have realized that this time it is not an actor selection, but a Mars training contest trial. And today's training is just the most basic, and it will only be more difficult and painful in the future. If you have anyone now I feel that I can't take it anymore, so I immediately quit!"

And hearing this, the whole scene was silent!

The Mars training competition is the highest glory of the entire navy. If they can win the championship, then they will almost complete the highest goal!

Therefore, everyone values the qualifications of the Mars competition very seriously!

Seeing that no one left at all, Long Baichuan also showed a satisfied expression, nodded and continued:

"Very well, I am very satisfied, but I only have one principle. Although you all have courage, I still need to pick the strongest and bravest warrior from among you, and represent us to participate in the training of Mars. Contest!"

Hearing this, everyone was shocked, which means that if they can participate in the Mars training competition, they will become the strongest figures in the entire navy!

Everyone mustered up a lot of courage!

But Jiang Xiaoyu, Zhang Chong and others, all have serious faces, they must take down this competition!

But just when everyone was ready for this cruel training, suddenly a very harsh sound came from a distance...

Om———— Om————

And hearing this sound all the soldiers stared, because they could hear it, this is the sound of the first level combat readiness alarm!

And they clearly saw that not only them, but even Long Baichuan in front of them also revealed a trace of doubt and tension!

And soon a messenger took a satellite phone and ran over and handed it to Long Baichuan!

Long Baichuan listened to the voice on the phone, nodded, and finally hung up the phone, then stood directly in front of these people and said with a serious face:

"Comrades, you have heard it just now. This is the sound of the first-level combat readiness alarm. So now you have two choices. I must now pick the best team to participate in the mission, and the rest will continue to participate. Training, does anyone sign up?"

Hearing this, the soldiers on the scene were completely stunned. They really didn't expect such an accident!

They just woke up from the scam that this is an actor, and finally entered another choice?

Chapter 623: Preliminary decision

But seeing the appearance of these people, Long Baichuan also frowned and said loudly:

"Understand? Those who are willing to participate in this mission will directly stand up and report their own advantages and results. The rest will continue to participate in the selection of the Mars training competition. If everyone is unwilling, then I will be a veteran Randomly drawn among them!"

After hearing this, everyone was completely stunned. Why did they suddenly make this choice?

At this time, Qin Yuan, who was hiding in the remote command room and looking at the situation through the binoculars, smiled, and the one standing beside Qin Yuan turned out to be WISCO, and WISCO saw Qin Yuan's appearance. Frowned:

"Are you sure you can do this?"

"Why? The superior has already said that this exercise is under my full authority. You now know who I am, so there is no doubt about it."

Anyway, it has been almost a month, so Qin Yuan did not continue to hide his identity, at least the Wugang in front of him knew it clearly.

"It's not that you doubt your command right, but I think, is this cruel to them? Especially your behavior, for some recruits, it is basically a torture of the soul. I am afraid that all recruits will not Ways to continue participating."

WISCO looked at Qin Yuan with a weird look. After all, he knew that Qin Yuan had already spoken big words before, and the people in their sea training camp would definitely be able to pass all of them and take this place!

After Qin Yuan heard WISCO's words, he smiled slightly, and said with a hint of deep meaning in his eyes:

"It should be. Don't forget. They are my soldiers. They naturally have to withstand such a test. They won't be able to lie down and win because they have undergone my training. Let me take all their paths. They are all laid out, this is also a test for them, everyone is treated equally!"

At this time, Qin Yuan's words contained a hint of coldness, although he knew that the people in the training camp were very powerful, and Qin Yuan had a sense of familiarity with these people.

But if Qin Yuan wants to train real special forces, he won't have any preferential treatment to these people and can withstand his test, so let them continue to participate. If he can't withstand his test, he won't be because These people are people he is familiar with, so let's open the net!

This time is not only the selection of Mars training competition, but also Qin Yuan's selection of his own Dragon Shark Squadron!

However, Qin Yuan still knew these people, so he was not panicked.

WISCO glanced at Qin Yuan's appearance, and also slapped his mouth, thinking that Qin Yuan was indeed a master of training!

At this time, on Long Baichuan's side, everyone was serious, even Jiang Xiaoyu, Zhang Chong and others looked at each other.

But these people quickly figured out what the situation was, after all, the alarm that kept calling was reminding them that this was not a joke!

On the one hand, it is the task of not knowing the prospects, and on the other hand, it is the selection of the Mars training competition full of glory. They have undergone the same hardship, but the results are completely different!

I am afraid that as long as you are an individual, you know how to choose!

Jiang Xiaoyu and Zhang Chong were also a little bit helpless, and said quietly:

"What the **** is going on? Why is there a task suddenly, do we want to participate?"

"Don't let it go. I don't know what mission it is. These previous missions were all very dangerous. Maybe even my life is gone?"

On the side, Liu Xiaoshan, Deng Jiuguang and Xiang Yu, both had serious faces and whispered:

"We also rarely see such a situation, and don't know what the task is."

At this time, Long Baichuan looked at these people in front of him, his face became extremely ugly, and he yelled at these people:

"What's the matter? Everyone has become an egg, well, if this is the case, then I will select one by one through the results!"

At this time, Long Baichuan's expression was very ugly. He really didn't expect that the first step of this exercise would not go on.

If no one signed up for this step, then Qin Yuan's preparations behind him would be to wink the blind man!

However, he has also made up his mind. If there is no one to participate in the task, he will practice everyone. This year's Mars competition, they will not participate.

After all, people who only think about honor are not qualified to be soldiers!

But before Long Baichuan's words were finished, Liu Xiaoshan and Deng Jiuguang on one side looked at each other, stepped directly forward, and shouted:

"Report, we are willing to participate!"

Yep?

Seeing such a situation, Jiang Xiaoyu and Zhang Chong suddenly opened their eyes and looked at Liu Xiaoshan and Deng Jiuguang in disbelief.

What's the matter? I just said that I don't know what the task is, and I think this task is very dangerous. Don't you want to participate? Why did you stand up suddenly?

And Jiang Xiaoyu knows how much Liu Xiaoshan and Deng Jiuguang value this Mars training competition, and now their strength is at the peak. If they can participate in the Mars training competition, they will definitely be able to win. Get an award!

But now that the opportunity came in front of them, they suddenly gave up and went to participate in this kind of mission that didn't know the future! Isn't this throwing away your honor?

"master?"

Zhang Chong, who was on one side, was also stunned, but Liu Xiaoshan just turned around and smiled, and said to them:

"It's okay, you don't need to come with us. After all, we are also veterans. Once we have recovered our strength, we will definitely be able to rank in the top. Even if we are selected according to the standards, we will definitely be selected. The experience is still much worse than the various skills, there is no need to perform this dangerous task."

"Lao Liu is right. This is a matter for us veterans, and it has nothing to do with you recruits."

Deng Jiuguang also nodded, and seeing this situation, Jiang Xiaoyu and Zhang Chong looked at each other, their faces were extremely ugly.

"These two are right, these things really have little to do with you!"

But Xiang Yu, who was on the side, also followed, but as soon as he finished speaking, he directly reported:

"Report, I also want to participate in this mission!"

When they saw Xiang Yu also raised their hands, Jiang Xiaoyu and Zhang Chong opened their eyes wide, and Xiang Yu turned around and answered the three people:

"This is a veteran business, and I am also a veteran."

Even more surprised was Zhao Ziwu and Liao Yong who were on the sidelines. They also expected to perform well in training and squeezed Xiang Yu down, but who would have thought that Xiang Yu would not come to participate in the selection of the Mars competition. !

Chapter 624 Seems to be playing for real!

And there were others who breathed a sigh of relief. After all, they all knew that Xiang Yu was the ***** of war in the beast camp. If Xiang Yu were to participate in the selection of this Mars training competition, he would definitely get a place.

But now that it's alright, Xiang Yu is gone, so they can get an extra spot, and their chances are much bigger.

But this is an insult to Zhao Ziwu, he gritted his teeth and said to Xiang Yu:

"What are you doing?"

When Xiang Yu heard what Zhao Ziwu said, he shook his head slightly and said to Zhao Ziwu:

"This time the Mars military competition depends on you. I hope you can achieve good results in the competition!"

"you!"

Zhao Ziwu's fist hit his leg. If Xiang Yu didn't participate, even if he won the championship of Mars training competition, it would be invincible!

But in the end Zhao Ziwu took a deep breath and directly raised his hand:

"Report! I want to participate too!"

The people around were shocked when they saw Zhao Ziwu raise their hands, but soon they all figured it out, and finally a series of voices said:

"I attended!"

"I attended!"

"I will also participate!"

Seeing such a situation, Long Baichuan's expression slowly became better.

But at this moment, Jiang Xiaoyu also winked at this Chonghe Lu Yan, and then shouted directly:

"Report! I will also participate!"

When Zhang Chong and Lu Yan saw this situation, they also raised their hands together not to be outdone.

But after they finished raising their hands, they looked at Jiang Xiaoyu a little strangely and said to Jiang Xiaoyu:

"Old fish, why did you just raise your hand? It's not like you!"

After all, they all knew that even though Jiang Xiaoyu had already undergone training, the smell of stealing, rape, and slippery that had to be done was still inevitable.

But Jiang Xiaoyu smiled, showing a very treacherous smile, and said to several people:

"I always feel that what happened this time is a bit weird. Some tasks need to be selected on-site. I guess this is another exercise. Let us choose. Just like before, those who are struggling to perform will definitely be tired. Then It will inevitably slow down when you get up, and this time, those who choose to go to Mars will definitely be eliminated!"

Yep?

Hearing this, Zhang Chong and Lu Yan's eyes were both big-eyed!

It makes sense!

So the two people directly raised a thumb to Jiang Xiaoyu, but seeing this, Liu Xiaoshan, who was on the side, shook his head and smiled, and said to them:

"But this is just your guess. If you guess wrong, the result will be hard to predict. Little fish, I advise you, if you have such an attitude, it is best not to participate this time. It's a task, this is my last advice as a master."

Hearing Liu Xiaoshan's words, the smile on Jiang Xiaoyu's face suddenly froze, but he also looked serious soon and said to these people:

"It's okay, anyway, our sea training camp people have come to participate, how can we share the joys and sorrows together! The big deal is to die together!"

After hearing Jiang Xiaoyu's words, the faces of several people were straight, and they nodded together.

The number of people seen was almost the same, and Long Baichuan who was standing on the stage also said aloud:

"Anyone else willing to participate?"

However, the courage of the blood at this time was not enough to make everyone determined. Some people still lowered their heads and did not respond to Long Baichuan's gaze.

"Well, since everyone has made a choice, then I won't force you. Those who sign up next go to the left, and those who don't sign up go to the right. Then they will be divided into two groups. Those on the right can continue to complete the training competition. The selection, the person on the left joins me in the bus!"

After that, Long Baichuan did not give any explanation, and led the team away.

And Jiang Xiaoyu and others also got on the bus together, and swayed directly into a military base!

But after going, Long Baichuan went directly to the armory and gave them some weapons and equipment. Jiang Xiaoyu opened the magazine and found that they were all live ammunition. Jiang Xiaoyu was stunned. !

Is this for fun?

At this time, Jiang Xiaoyu took a closer look and found that almost all of the applicants were veterans, and only a few of them were recruits!

"I'm going to play big!"

At this time, Long Baichuan saw them, very nervous, and said in a low voice:

"Are you still holding a fluke mentality? I advise you to dispel all the fluke mentality. This time the mission is very dangerous. You have one last chance to quit!"

This was a blow to Jiang Xiaoyu's heart, but he glanced at the people around him, and found that these people were extremely persevering, so he naturally did not dare to quit.

After the equipment was allocated, everyone moved forward quickly, but Jiang Xiaoyu was shocked to find that there were a few helicopters in front of their weapon arsenal!

"Quick, quick! What are you doing in a daze?"

Long Baichuan greeted for a while, and then directly boarded the helicopter.

And they hadn't fully boarded, the plane had already got up directly, Xiang Yu said with a calm face on the side:

"It is estimated that this is a real game. During normal exercises, I have never seen such a big battle!"

"It doesn't matter, we are already prepared!"

At this time, Liu Xiaoshan and Deng Jiuguang were in good condition, after all, they were also well-trained veterans, and they adjusted their mentality quickly one by one.

At this time, Long Baichuan in front said via radio:

"Next, I will announce the mission. This level 1 combat readiness alert is aimed at our Marine Corps According to our intelligence, one of our scientific researchers was caught by the enemy. We must A large-scale search will save this researcher!"

After saying this, Long Baichuan's tone paused slightly:

"Don't worry, the mission this time is not difficult. We are not the main force. The real main force still depends on the army's special forces. They are on our right. We are just to help them!"

Hearing this, Jiang Xiaoyu glanced directly outside and found that there was indeed a different helicopter on the right, which should be the so-called Army Special Forces.

Jiang Xiaoyu finally breathed a sigh of relief, but Long Baichuan soon became serious again:

"Although we are not in the lead this time, the task is still heavy. Remember, we must save the expert alive, even if we are all dead, we must protect the safety of the expert!"

Long Baichuan's tone was extremely cold, and after hearing this, everyone agreed:

"Yes!"

Chapter 625: Opening of the show

At this time, through the invisible camera on the helicopter, WISCO saw the different looks of these soldiers, and couldn't stop applauding:

"Awesome, look at these little soldiers, what their faces are."

"Hey, it's the so-called details that determine success or failure, and I'm just rehearsing some of the things that will happen in advance for them."

Qin Yuan shook his head and said, and Qin Yuan said this, but he also felt that there is no opportunity for you to consider a real war, just like in Ivia, even if there is no superior order, then What should be done is not the same.

When Wugang saw Qin Yuan's appearance, he nodded in sympathy, isn't this the meaning of their soldiers?

"Okay, then look down, there are more fun places!"

Qin Yuan chuckled, and then looked into the screen again.

Jiang Xiaoyu, who was sitting on the transport plane at this time, also understood the seriousness of the matter, so his face became bitter, and he whispered to Zhang Chong on the side:

"You said, why didn't this allow us to write a suicide note? What if my grandmother is injured or sacrificed?"

"Nonsense, how can it be!"

Zhang Chong also followed suit, but his expression was slightly unnatural.

On one side, Xiang Yu said lightly:

"Such urgent tasks, of course, will not leave us a lot of time, just get used to it, but you don't have to worry, the main force is not us, and we should not be allowed to act."

It's just that, but Jiang Xiaoyu's heart is still a little unreliable. He always feels that something is going to happen.

And at this moment, they heard Long Baichuan's voice again:

"Next, I will show you the information. This is the target of your rescue, and we have just received the news that the other party may have heavy weapons, and they must be prepared to take people away, and the place where they are. We are at the border of the country, so we probably don't have air support, and we will also have to evacuate by land or water. Do you understand?"

"understand!"

At this time, everyone said in unison, and after saying this, Long Baichuan changed his sorrowful tone:

"Because of this mission, we have sacrificed seven soldiers, and some even fell directly into the hands of the enemy. I don't want you to be the next one!"

After hearing this, it was Jiang Xiaoyu, even the two veterans Liu Xiaoshan and Deng Jiuguang looked serious.

But Long Baichuan in the driver's cab heard Qin Yuan's voice in his ears:

"Ahhh, Captain Dragon, you're a little bit past, you need the perseverance of a soldier!"

The corners of Long Baichuan's mouth twitched, but he still didn't say anything. Although this was an exercise, it was not a filming, and it was a recurrence.

But looking at the appearance of these people, it seemed that Long Baichuan was not wrong, and he was still extremely nervous.

"It's okay, we are not the main force, we are not the main force!"

At this time Jiang Xiaoyu's heart was extremely nervous, after all, he was just a recruit who had never seen blood before, and even the veterans of Liu Xiaoshan and Deng Jiuguang were not good, they naturally didn't want to say more.

The transport plane kept advancing, and Jiang Xiaoyu and the others also discovered that they had left the coastline and finally reached the open sea!

"There are still five minutes to reach the destination, everyone is ready!"

Long Baichuan's voice came from the headset again, and everyone was a spirit, and finally checked his equipment.

When Jiang Xiaoyu saw various high-level military compasses, binoculars, and compressed biscuits in his backpack, he twitched.

If he saw so many good things in ordinary times, he would have begun to show off, but now, even he is not in a humble mood.

But at this moment, Jiang Xiaoyu suddenly saw something outside the window, and after seeing this thing, Jiang Xiaoyu suddenly let out a sharp cry:

"Rpg!"

And with Jiang Xiaoyu's voice, Jiang Xiaoyu clearly felt that the transport plane they were riding in suddenly flicked, and the various indicator lights in the transport plane also instantly turned dangerous red!

"Attention everyone, attention everyone, I can't get you to your destination anymore, urgently drop!"

At this time, Jiang Xiaoyu and others heard the driver's extremely anxious voice, and Long Baichuan, who led the team, also yelled:

"Come on!"

After hearing this, the rope-descent training he had carried out before suddenly appeared in Jiang Xiaoyu's heart, he directly fixed his body, and then put aside the rope-descent gloves!

The helicopter quickly pulled down and reached the position of 20 meters. Long Baichuan opened the hatch, greeted him, and jumped down!

Jiang Xiaoyu's head was completely stunned. He didn't know what was going on. He just acted with these people. When descending in the air, Jiang Xiaoyu suddenly saw it again, with a tail. Yan's rpg flew directly towards the helicopter on the other side!

Although this helicopter flicked its tail and avoided the frontal impact, it was hit by the tail, whizzing around, and finally landed directly in a forest. After a few seconds, it made a sudden burst of noise. Explosion!

That's it!

At this time, Jiang Xiaoyu snorted in his heart. If he guessed correctly, in the helicopter just now, it was the main team that was going to perform the task!

Looking at that group of sparks, Long Baichuan Liu Xiaoshan and others who had already landed also looked ugly.

But soon, Long Baichuan seemed to have received some instructions, and said in a deep voice to the others:

"There was news just now that the main force of was severely damaged and could no longer complete the mission, and the other party knew that we were coming, and it is very likely to transfer the target, so we people perform the main mission, Take it back, is there a problem?"

At this time, Long Baichuan roared and said, and looking at the black smoke, Zhang Chong suddenly roared:

"no problem!"

Although they don't know who the people of these main forces are, they have already seen the situation just now. Presumably, the main force must have suffered heavy losses, and it may even be annihilated!

While Long Baichuan looked at these people, his eye circles were a little red, but he quickly suppressed it and said coldly:

"I know, few of you have seen sacrifices, but we don't have time to grieve for them now. The destination is 15 kilometers away. Let's go! Kill them!"

"Kill them!"

At this time, Jiang Xiaoyu and others had a trace of murderous in their eyes, and then they moved quickly together!

Chapter 626: against

At this time, in the command center, Wugang looked at this situation, and his smile was about to pass!

"Awesome, awesome. I heard Lao Long talk about this plan before, and I still disagree a little bit, but it seems to me that it is still very necessary, and it's too realistic. It's because I know it. If I don't know, I will definitely be in the set too!"

WISCO's complexion is extremely wonderful. He also saw the scene of the helicopter crash just now. He felt that it was so awesome. He had only seen such a scene in Hollywood blockbusters, and had never thought of it. The technique can be used in the exercise!

"Hey, that is, I have specially prepared a lot of improved missiles, and I also borrowed a senior pilot from elsewhere. It took a lot of effort to achieve this kind of scene. If it still doesn't scare people, then I Isn't it just a waste of effort? Okay, let's not stay here anymore, let's go, it's time for us to come out! Go make-up!"

"it is good!"

There was also a hint of excitement in WISCO's eyes. After so many years of training, it was the first time he saw someone training like this!

It's just that he has a little pity for these soldiers, and he has such a captain who can play. It is inevitable that he will die, and it is accidental that he will not die!

...

At this time, Long Baichuan, who was leading the team, suddenly saw the mark on one side, and immediately understood that the next meat show was coming!

So he said in a deep voice:

"Be careful, I feel something is wrong around me, it seems there are mines!"

Landmines!

Hearing this, Jiang Xiaoyu and others felt even more tight. This landmine is known as an infantry killer, and it is the only way to deal with them!

But as he walked, Jiang Xiaoyu suddenly felt that he had stepped on something and made a click of metal crash!

Oops! What are you talking about? I really stepped on a landmine!

"Don't move! I stepped on a landmine!"

At this time, Jiang Xiaoyu said in a low voice with a trace of cold sweat on his forehead.

"Damn, old fish!"

When Zhang Chong heard this, he immediately wanted to rush towards Jiang Xiaoyu, but at this time, they heard Long Baichuan suddenly shouted:

"Don't move! Wait for me to pass!"

Long Baichuan said this, and then moved very carefully in the direction of Jiang Xiaoyu, and when he saw it, he happened to see Jiang Xiaoyu standing still in shock, and there was just one under his feet. Landmines!

At this time, Liu Xiaoshan on one side looked at Jiang Xiaoyu very anxiously and worriedly. They were divided into three teams just now. The veterans led the recruits. Liu Xiaoshan happened to be in the team with Jiang Xiaoyu!

"how is it?"

At this time, Long Baichuan said in a deep voice, and upon hearing this, Jiang Xiaoyu squeezed out a smile that was hard to see, and said to Long Baichuan:

"It's okay, but maybe I can't continue to perform tasks with Uncle Long!"

Seeing this situation, Long Baichuan's face was also very ugly, but he still said:

"Bring mine-clearance tools here, and other people stay away from here! I'll clear mine! Be alert!"

When the others heard this, although they were still full of worry, they still went to the side to be on guard.

Only Liu Xiaoshan did not leave, but stayed here instead, saying:

"Lao Long, can you do it?"

"You have to do it, or you have to do it! I will try! Xiaoyu, you have to hold back, don't move, if you move, we are all done!"

Long Baichuan said with a calm face at this time, and when he heard this, Jiang Xiaoyu resisted the tremor in his heart and slowly said:

"It's all to blame for my poor academic skills. If Brother Yuan was here, he would definitely not be caught in such a landmine."

But when he heard this, Long Baichuan, who was dealing with landmines on the side, gave a chuckle in his heart.

Can't get landmines yet, this landmine is specially prepared for you!

Although he didn't know how Qin Yuan set up the mine, when he was preparing, he listened to Qin Yuan's muttering and carefully studied Jiang Xiaoyu's location and habits of action. That's why he planted a mine in this place. You are the one to deal with!

"Okay, stop talking!"

At this time, Long Baichuan let out a sigh of relief, and then carefully planed the soil with a dagger.

When Long Baichuan started his hands, he was extremely careful. Although he knew that this was just a fake landmine set by Qin Yuan, it would also detonate, but it had no power, and if it really exploded, Then their previous preparations were all in vain!

At this time, he glanced at the model of the mine, Long Baichuan took a breath, and then said to Jiang Xiaoyu:

"Now there is a good news and a bad news, which one do you want to hear?"

"Oh, Dragon Team, when is this up, you should say good news first."

Jiang Xiaoyu was about to cry, he really didn't expect that he was still in the mood to joke at this moment!

But Long Baichuan hadn't spoken yet, but Liu Xiaoshan on the other side said directly in a deep voice:

"The good news is that this thing is an old-fashioned infantry landmine. Although it is easy to explode, if you are lucky, it shouldn't be dead, it will only destroy one leg!"

"what?"

Just hearing this, it was not only Jiang Xiaoyu, but Long Baichuan who was surprised. Didn't he let Liu Xiaoshan go, why did he come back?

At this time, Liu Xiaoshan looked at Long Baichuan and said with a slight smile:

"Lao Long, don't hide it from me, you know, because I haven't performed a mission in these years, so I have put my mind on other aspects. I am a master at mines!"

This time Xialong Baichuan was completely blinded. He really didn't know what to do. According to normal circumstances, he should step on this landmine for Jiang Xiaoyu and exit the field smoothly. The rest is up to the actions of the people themselves.

But now Liu Xiaoshan suddenly appeared, what should I do?

And Qin Yuan in the headquarters also discovered this situation whispered to Long Baichuan:

"It's okay, just continue according to this situation and see what Liu Xiaoshan is going to do."

"Let me dismantle this mine."

At this time, Liu Xiaoshan said to Long Baichuan in a deep voice.

Hearing this, Long Baichuan was nervous again. Just now Liu Xiaoshan said that he also knows landmines very well. If you let him get started and find out that the geography is fake, then you will be exposed!

However, Qin Yuan in the headset gave him instructions again:

"Don't worry, let him continue. He should not be able to see through the mines I set."

Qin Yuan is still very confident about his landmines, and he also wants to see what Liu Xiaoshan is going to do.

Hearing this, Long Baichuan was a little relieved, and said to Liu Xiaoshan in a complicated manner:

"Okay, come on."

Chapter 627: Lie to the dead

At this time, Liu Xiaoshan took the tools and slowly dismantled them, while Jiang Xiaoyu and Long Baichuan, who were on the side, were extremely nervous.

Jiang Xiaoyu was worried about whether the mine would be blown up if it was dismantled, and Long Baichuan was also worried that this mine would let Liu Xiaoshan see the flaws!

However, Qin Yuan, who was staring in the distance, was not worried at all. He was just staring at Liu Xiaoshan, his eyes shining with a different light.

At this time, Liu Xiaoshan's movements were skillful, his hands and feet were not slow, and the mine was dug out soon, but seeing the model and fuze on it, Liu Xiaoshan hesitated a little, but it was just a meal, and finally used two Put the dagger capital under Jiang Xiaoyu's feet, then raised his head and said to Jiang Xiaoyu:

"Okay, you can lift your feet up."

"Huh? Can it work?"

"Stop talking nonsense, numb!"

And hearing such words, Liu Xiaoshan suddenly raised his feet carefully, sure enough! This mine did not explode!

When he saw this, Liu Xiaoshan was immediately extremely excited, and he just lay on his side and asked Jiang Xiaoyu:

"Then what shall we do next?"

But after hearing Liu Xiaoshan's question, Long Baichuan on the other side murmured:

"Do you remember the bad news I told you just now?"

While saying this, Long Baichuan stretched out his foot, wanting to step directly on the landmine, but before Long Baichuan's words were finished, Liu Xiaoshan suddenly stepped his foot on it, and then said:

"The bad news is that this mine is so cleverly set up that it can't be removed at all!"

"what?"

Hearing this, Jiang Xiaoyu's eyes suddenly widened, especially when he saw Liu Xiaoshan pressing his foot up again, he was even more shocked:

"No, no, didn't you just let me take my foot away, so why don't we just put a big rock or other things on it?"

"Hehe, this thing is not known as a landmine how many years ago, so it is not very sensitive to pressure, but there is one thing, once it relaxes, it will never rebound, just take advantage of his flexibility, I asked you to remove your foot and press it up with a knife, leaving a chance to change your foot. Now as long as my leg loosens a little, this mine will explode immediately!"

Liu Xiaoshan said with a smile on his face. After saying this, he continued directly to Long Baichuan and Jiang Xiaoyu:

"Okay, I will stay here to deal with this landmine, you guys keep going."

what?

Hearing this, Jiang Xiaoyu collapsed completely and knelt directly on the ground, looking at Liu Xiaoshan in disbelief.

And the one who collapsed with Jiang Xiaoyu was Long Baichuan. He looked at Liu Xiaoshan in front of him, completely blinded, which was different from what he imagined!

You must know that according to Qin Yuan's script, he should be the one who stepped on this landmine. As a result, now Liu Xiaoshan stepped on his leg!

How to play behind this?

Thinking of this, Long Baichuan couldn't help showing a wry smile, and just wanted to explain something.

However, Qin Yuan in the distance directly stopped Long Baichuan through instructions from his headset:

"Slow down, don't say anything for now, let me see what he wants to do!"

But after hearing what Qin Yuan said, WISCO on the other side said to Qin Yuan with a little suspicion:

"Isn't it? Your mine is fake. As long as it explodes, it will be discovered. All the things we set before have no effect!"

But Qin Yuan just smiled and said lightly:

"But didn't you find out? The current Liu Xiaoshan is full of true feelings! I used to think that the Dragons would do these things. If they laughed out, then there would be a big problem, but now it just pops out. Such a good extra, and still acting sincerely, this is not much better than the performance of the Dragon Team!"

Hearing Qin Yuan's voice in the headset, Long Baichuan immediately blew his beard and stared in anger. This kid made so many moths, but now he still thinks his acting skills are not good?

But since Qin Yuan said that he didn't need to speak for the time being, he could only watch it that way, and could only hope for some miracle in the end.

At this time, Jiang Xiaoyu knelt on the ground feebly, looking at Liu Xiaoshan's leg, the whole person was shaking, and tears could not stop streaming down:

"Master, why? You are better than me, and I am useless myself. I stepped on this landmine directly. Why did you replace me!"

But Liu Xiaoshan saw Jiang Xiaoyu's tearful look, but he shook his head:

"Boy, although your current strength is not as good as mine for the time being, your talent is very good and you have an infinite future in the future. Okay, I didn't teach you such a mother-in-law, so hurry up!"

When he heard Jiang Xiaoyu's cry, everyone around him also gathered. Every one of Liu Xiaoshan looked ugly.

Liu Xiaoshan said directly to Deng Jiuguang on one side:

"Old Deng, Xiaoyu will leave it to you, remember, you must take him home!"

Having said this, Liu Xiaoshan took out a grenade directly from his body, and looked at these people with a serious expression:

"Remember, what is our mission! Remember what we mean by wearing this suit, hurry up!"

"Old Liu!"

Seeing this situation, Deng Jiuguang's expression was also very ugly. Over the years, the two of them had been friends even if they were opponents, and they had already had an inseparable friendship, but who would have thought that something like this would have happened now!

But in the end, Deng Jiuguang also gritted his teeth suddenly said directly:

"Let's go! We have other tasks to complete now, we can't waste Lao Liu's efforts!"

After saying this, Deng Jiuguang directly dragged Jiang Xiaoyu to move, and the others were also very dim, but they also dragged Jiang Xiaoyu away.

Qin Yuan in the distance saw this situation, but he nodded with satisfaction:

"It's not bad, the effect is very good, it is estimated that even if the Dragon team personally played it, it could not be better than this!"

When Long Baichuan heard Qin Yuan's evaluation, he couldn't stop rolling his eyes. He knew Qin Yuan was looking at this place, so he made a secret gesture with his hand, asking Qin Yuan what to do next. How to do.

"Next, you can move on and move forward. Anyway, you will not be able to break the traps ahead. I will deal with Liu Xiaoshan's affairs first. Don't worry, there will be no problems!"

Qin Yuan said happily, and when he heard this, Long Baichuan was full of black lines. Looking at the current situation, he could only move on with those people.

Chapter 628: Join

At this time, Liu Xiaoshan looked at the mine under his feet, and knew in his heart that even if he didn't let go of his foot, the mine would explode soon!

And even if this landmine would not directly blow him to death, it would blow his thigh off, and in the current situation, he would not be able to complete first aid on himself at all, and he would be bleeding to death by then!

So Liu Xiaoshan took out his pistol and slowly touched his temple!

Seeing this, I was shocked when I looked at WISCO from a distance. You must know that their bullets were real. If Liu Xiaoshan were to shoot, then Liu Xiaoshan would be dead in vain!

But just when WISCO was about to do it, he felt a voice coming from his side. Turning his head to see, Qin Yuan had already disappeared.

Liu Xiaoshan closed his eyes, even Liu Xiaoshan, faced with this kind of shooting at him, hesitated, he finally made up his mind and pulled the trigger directly!

But at this moment, Liu Xiaoshan suddenly felt that there was a person next to him, and grabbed his pistol. Liu Xiaoshan was taken aback, with a trace of murderous in his eyes, and he suddenly turned towards this person. The vital part was smashed!

For Liu Xiaoshan, there is only one possibility for the people who appear now, and that is the person who laid the mines, that is, their enemy!

I didn't expect to encounter enemies at this time! He is not dead in vain, he must take one away!

But this person easily escaped the blow, and then restrained Liu Xiaoshan, and then turned directly in front of him, making a silent gesture!

What surprised Liu Xiaoshan was that the person in front of him turned out to be Qin Yuan.

"Fuck, Qin Yuan! Why are you here? Are you here to support us, be careful, there are mines on my feet!"

"It's okay! I set this mine!"

Qin Yuan hehe, and then directly told Liu Xiaoshan the truth of the matter!

"what?"

After Liu Xiaoshan heard Qin Yuan's plan, his eyes widened. He really didn't expect that such a big battle in front of him was just a drill!

To be honest, Liu Xiaoshan has been completely deceived. It was indeed his true feelings just now. He wanted to sacrifice himself, and then the other teammates moved on!

The result is now that this is all fake!

Therefore, Liu Xiaoshan at this time, hateful teeth are itchy, looking at Qin Yuan maliciously, and said to Qin Yuan:

"Hehe, you are playing very well, although I can't beat you, but I really want to beat you now, what's the matter?"

And Qin Yuan smirked when he heard this. If Liu Xiaoshan really wanted to beat him up, would he fight back or not?

If you fight back, do you always feel a little bit wrong?

But soon Qin Yuan just said another plan and whispered to Liu Xiaoshan again, and when Liu Xiaoshan heard this, there was a slight doubt in his eyes, and he said to Qin Yuan hesitantly. :

"You mean, let me go on acting, but what good is it for me?"

"Hey, you have passed the test just now, but they have not left these people yet, you think, give them a meal in the back, but not always have this opportunity, and they have experienced this. Unfortunately, it will be unforgettable forever in the future. If you want to deal with them in this way, it will be impossible!"

Qin Yuan said with a smirk, but when he heard this, Liu Xiaoshan's eyes kept flickering, and he was a little shaken.

It seems that this matter is indeed very fun!

But Qin Yuan smiled. He has grasped the weakness in Liu Xiaoshan's heart. You must know that Liu Xiaoshan is also a veteran, and what a veteran likes to do is to train new recruits, watch them make a fool of themselves, and train ordinary people, How can it be compared to a specially built stage like Qin Yuan?

"Well, I promised, what should I do?"

"Okay, come on, let me tell you what to do later!"

Qin Yuan whispered directly to this Liu Xiaoshan, the last two people laughed happily, that kind of smile, extremely wretched~~~~

...

At this time, on the other side, Jiang Xiaoyu and others, who had already walked a certain distance, suddenly heard a loud explosion from behind them!

And Jiang Xiaoyu turned his head and looked at that location with disbelief. The place where the explosion sounded just now was where Liu Xiaoyu was. It must be Liu Xiaoyu's mine that exploded!

"master!"

At this time, Jiang Xiaoyu just wanted to shout aloud, but Deng Jiuguang, who was on the side, suddenly covered Jiang Xiaoyu's mouth, causing Jiang Xiaoyu's voice to be completely blocked.

Deng Jiuguang said to Jiang Xiaoyu with serious and sadness:

"Do you want to expose our position and kill all of us? Do you want Lao Liu's efforts to be wasted?"

Hearing these words, Jiang Xiaoyu stood up trembling all over, and said lightly:

"Well, when we finish the task, we will take the master home again!"

As for the others around, there was a cold light in their eyes, and a murderous aura appeared in their eyes!

Seeing such a situation, Long Baichuan on the side nodded with great satisfaction. Such training is indeed much stronger than their previous exercises. It is estimated that after such an experience, I am afraid that it will be unforgettable forever!

But at this time, Long Baichuan felt a little helpless in his heart. After all, Qin Yuan had already told him everything through the headset just now, so he also knew that the Liu Xiaoshan line was safe and sound.

Only according to the plan, I should have finished, but now I have to take this group of soldiers around in the mountains, but Liu Xiaoshan is already standing behind the scenes, can watch their jokes, Long Baichuan feels a little unbalanced.

And now he still needs to take these people around in the woods for two days, also has to experience various traps before proceeding to the next one!

At this time, Qin Yuan had already prepared for the next venue, and Liu Xiaoshan on one side saw these arrangements of Qin Yuan, and he was immediately speechless:

"I'm a ghost! What are you doing?"

I saw two corpses at the door of a tattered barracks, and they were all wearing special forces' clothes. At first glance, I really thought they were special forces members who were killed by bandits and placed them at the door. !

"This...what the **** is this!"

At this time Liu Xiaoshan was really stunned. Although Liu Xiaoshan already knew that this was an exercise, looking at such a realistic effect, he really thought that Qin Yuan had found two corpses here!

However, Wuhan Iron & Steel on the side smiled and said directly to Liu Xiaoshan:

"I was very surprised when I saw it at first, but you can rest assured that these are fake and made of special materials."

Chapter 629: Close the net

? fake?

When Liu Xiaoshan heard this, he looked magical. He walked over and took a closer look. He found that the corpse was still extremely lifelike, but he carefully stained a little blood and put it under his nose and smelled it. He found the blood. Inside, there seemed to be a fishy smell.

"Don't smell it, this is the pig blood I got from the pig farm."

Qin Yuan said with a smile, and when he heard this, Liu Xiaoshan stood up with a weird look, and said helplessly to Qin Yuan:

"No wonder I smell it, there seems to be a fishy smell."

"Hey, it's okay, people like them won't be bothered to smell what the blood is like."

Qin Yuan smiled, this is a scene he specially created. After all, what they are going to test this time is not only a bunch of soldiers in the sea training camp, but also many people in other teams. The scenes that everyone is exposed to are not the same.

And he also went to the brother's army specifically for this matter, and brought a special well-trained team.

After all, Qin Yuan's training this time was too real, and the reason why some recruits could not transform into real elites was that they lacked a fire and blood training!

And other teams are also very interested in this kind of training. After all, as long as they have excellent soldiers, then no matter where they go, they are the wealth of their navy!

So these brothers were also very generous when they took action, directly contributing the most elite personnel in their team to focus on this training!

Now they are still thinking about whether or not to take advantage of this opportunity to also play with the little soldiers at home, but these are all things to do.

But just in the other team, those team members also encountered a lot of trouble, even two veterans stepped on a landmine, and instantly exploded into a pile of fragments, thus directly sacrificed.

Of course it is just a real sacrifice. The two veterans themselves are like Long Baichuan, actors who Qin Yuan inserted in. It looks like they were blown to pieces, but those who were blown up were nothing but Qin Yuan. The various props they prepared, and they themselves hid them in a cave that had already turned aside while the smoke enveloped them!

But other people can only watch the fragments of this place, crying helplessly, because they know that they can't go on, and this area in front of them must be a minefield!

At this time, Zhao Ziwu and Liao Yong were holding each other and panting continuously.

The two of them are the only remaining members of this squad. The others are either dead or captured. In short, they have no way at all.

And now they have been in this forest for three days. In these three days, they have not found anything else that can be eaten except for the little bit of dry food they brought with them. More importantly, , They always feel that someone is watching them in the dark.

Furthermore, Liao Yong was injured. Although he did not hit the key, he was still affected by their actions.

"Zhao Ziwu, let me go by myself."

At this time, Liao Yong's face was a little pale, there was no food for a long time, and the wound had lost blood, which made Liao Yong a little bit unable to hold on.

"What kind of bullshit, I will definitely take you out of this forest!"

Zhao Ziwu said with a sullen face, but at this moment, they suddenly heard that there was a slight movement in front of them, and they instantly hid them.

But before they arrived, a voice said directly:

"Okay, Zhao Ziwu, don't hide, I see you!"

When they heard this voice, Zhao Ziwu and Liao Yong's hearts were immediately overjoyed, and they walked out directly. Sure enough, the speaker turned out to be Xiang Yu who should be in another team!

And the current Xiang Yu team is also extremely miserable, all of them are in tatters, but there is one more person than them.

"Is there anything to eat? Is there any medicine? Liao Yong is injured!"

Zhao Ziwu said to them very excitedly, and when Xiang Yu heard this, he was silent for a while, but soon he took out his food and medicine and said to them:

"There is not much left, save some use!"

Jiang Xiaoyu and Lu Yan, who were on the side, also had wry smiles. They couldn't imagine that they could still fall into this situation.

Now there are only three of them left in the team, and even Zhang Chong has been taken away.

But at least they finally met their companions. After having 5 people, it was a little hope for this extremely unfortunate situation.

Zhao Ziwu and Liao Yong took a break and looked at Xiang Yu, and said with an ugly expression:

"What shall we do now? Do you think of a way to call for additional staff?"

Lu Yan, who was on the side, showed a sorrowful smile and said to them:

"If there is a way to call for support, we might have called it a long time ago. I don't know the reason for this ghost place. The communication is not good, and even if we call for reinforcements, when the reinforcements will arrive is another matter! "

"Then what can we do, find a way to escape?"

At this time, Zhao Ziwu's eyes were already a little dim. After all, what they had experienced these days was simply unimaginable. There were traps and enemies everywhere, and they couldn't see where the enemy appeared. They have already been taken down. If it were not for the luck of the two of them, I am afraid they would have already died!

In the past few days, they have seen countless lives and deaths, the death of teammates, and the capture of the captain. This allows them to personally feel the training they have undergone before. Not much can be used, but as long as there is a little bit Their mistakes can bring them a disaster!

There are only 5 of them, and there is no way to continue to complete the task. If they continue, there will be no result except death!

"I don't want to go, we can wait for support, as long as we stick to it, we don't know the map, can't find the enemy's nest, and provide information and help for the follow-up teammates! I don't want to let those dead teammates die in vain!"

Jiang Xiaoyu's eyes were red at this time, and he said indifferently.

Since Jiang Xiaoyu saw his master and was blown to death in front of him, he has become like this!

After hearing Jiang Xiaoyu's words, everyone's faces were twitched, and they obviously remembered the bad situation before.

And Xiang Yu took a deep breath and said to the others:

"In that case, I will be the captain and continue to perform our mission!"

Chapter 630: Last stroke

? "it is good!"

"it is good!"

Jiang Xiaoyu, Lu Yan and others directly stretched out their hands and put them together, while Zhao Ziwu and Liao Yong looked at Xiang Yu and quickly walked over and put their hands together.

Those previous hatreds, in the face of life and death now, are almost as insignificant as a piece of hair.

"With the total death!"

A few people said together, and then moved on.

.....

On the other side, Qin Yuan looked at the two people around him with a smile on his face, and said to them:

"How about these people, right?"

At this time, when they heard such words, the Wuhan Iron and Steel and the others in there were all sighing. To be honest, although it was only a few days, the strength of these people grew extremely fast, even their well-trained The old special forces almost overturned the car!

But it's okay, they also know that they can't get a hit and run away. After all, this time they loaded live ammunition, and they were going to be killed by these little soldiers, then they could be considered as a complete blow!

"That's OK. If this is the case, then we will carry out the final net retraction operation. Anyway, there are not many fish that slip through the net outside. The remaining people have either given up or been attracted by our bait. Come to the final camp, you can complete the final show!"

And at this point, the rest of the people also nodded!

Those who have been caught naturally have undergone other torture training, and this time the torture training is not the same as before, just being beaten. If you don't speak, then continue to beat you. You have already begun to exert some psychological pressure. Up!

But I have to say that the moves Qin Yuan made are really damaging, so that all of them, the staff officers responsible for the content of the exercise, feel that they are just retiring!

At this time on Xiang Yu's side, the five of them alternated forward, moving extremely fast, even the injured Liao Yong, now there is no trace of injury. After all, they are very clear and must be extremely careful. , A careless person may be attacked by the enemy, and these are what they have trained in three days.

Under such pressure, everyone is improving very quickly!

And at this moment, Lu Yan's words suddenly sounded in their headsets:

"You guys come here, I find the situation here!"

Hearing this sound, everyone's spirits were shocked, and then they quickly leaned in. After that, they hid behind a small hill and looked down carefully. They happened to see a large camp, which appeared on their side. before!

It's just that when Xiang Yu watched the layout of the camp with a telescope, his body became stiff.

Because he happened to see the two corpses at the door!

The two corpses were tattered and covered with mosquitoes. Obviously, they have not known how long they have been dead.

"Asshole!"

At this time, Zhao Ziwu gritted his teeth fiercely and looked at the clothes on the two corpses. They must also be from the navy!

"Look inside!"

At this time, Xiang Yu said in a deep voice, and seeing the scene inside, everyone suddenly screamed:

"Dragon Team? Master!"

Jiang Xiaoyuwan is unbelievable, looking at the Liu Xiaoshan lying in his camp, but Liu Xiaoshan at this time is also extremely miserable. His thigh has been blown off, and his body has only experienced a simple experience. Bandaging will not cause Liu Xiaoshan to die directly, but although he still breathes, he is already very weak.

On the other side hanging from the wooden pole is Long Baichuan!

"What should we do now?"

At this time, Zhao Ziwu was sweating on his forehead. According to their original plan, now that he knows where the enemy's camp is, he must hurry to hide and wait for the rescue!

But looking at the extremely miserable two people in the square, Jiang Xiaoyu couldn't give up these two people, so he said directly in a deep voice:

"Save people, but everyone can't get in. You two hide, and the three of us will save people!"

"Can't go, look at the blatant appearance of the other party, it is obviously a trap!"

Zhao Ziwu grabbed Jiang Xiaoyu by the shoulder, but Jiang Xiaoyu turned his head and shouted at Zhao Ziwu:

"Then are we going to leave like this? Otherwise, there will be nearly 50 people, and in the end there will be 5 of us. But if I don't do anything, I'm afraid I won't be able to live well in this life. If that's the case, I would rather fall with them!"

Lu Yan, who was on the side, also had murderous in his eyes, and said lightly:

"I have never experienced such a scene, even if I change one with them, that is enough, even if I die, I have to put a backside!"

When seeing the appearance of the two people, Xiang Yu also squeezed an extremely ugly smile, and then said to Zhao Ziwu and Liao Yong:

"You two go straight away. We will give you all the supplies on your body. We must not let everyone die here, and let the brothers behind follow our footsteps. Therefore, you two absolutely must escape! "

At this moment, when he heard Xiang Yu's words, Zhao Ziwu's eyes had an incomprehensible complex body. He looked at his eternal opponent and his whole body was shaking. He knew that once It was Xiang Yu who rushed into the camp below, he must be dead!

"Haha, Xiang Yu, I have known you for so long, and have been tit-for-tat with you, wanting to defeat you and become the number one in the group, but now it seems that I am indeed inferior to you. Take care!"

"Take care!"

Everyone knows that whether it is going to save people or protecting this information to escape, I am afraid it is not that easy, but they can only do so much!

After , the five people met and they were divided into two teams. Zhao Ziwu and Liao Yong turned around and left with little time left, while Xiang Yu and Jiang Xiaoyu Lu Yan carefully followed the top of the mountain and slowly slipped down!
