

Special Soldier 631

Chapter 631: Dangerous choice

There was a trace of determination in Xiang Yu's eyes at this time, and he looked at each other with Jiang Xiaoyu Lu Yan on the side, feeling helpless.

Now that they have been discovered, it is enough to prove that the three of them are dead. Don't look at no one now, but secretly, I don't know how many people are pointing their guns at them. It is estimated that as long as they move, there will be countless shots. The bullet hits directly and shoots them into a sieve!

"Brothers. It looks like we are over this time."

"Haha, this is the way it is! Since we dared to rush down, we didn't want to go back alive!"

Although Lu Yan didn't say anything, he still laughed.

At this time, Long Baichuan, who was ***** there, also woke up, looking at Jiang Xiaoyu, Lu Yan, and Xiang Yu, and shouted:

"What are you three doing here? Are you going to die?"

At this time, Long Baichuan looked uncomfortable. It was really uncomfortable. After all, Qin Yuan personally cooked the meal at noon. It was so delicious and ate too much. As a result, it was ***** again now, of course it was uncomfortable.

"Dragon Team!"

At this time, Jiang Xiaoyu screamed in grief, and just about to go forward, the voice rang again:

"stop!"

"What do you want to do?"

At this time, Xiang Yu saw the tragic situation of Long Baichuan, and also gritted his teeth and said to that person.

"Hehe, I don't want to do anything. I just want to see if you guys are real soldiers. I'm also a soldier. So I don't even bother to kill him like this kind of abolished person. But you are completely different!"

Such a sound came from the big speaker, and when he heard this, Long Baichuan yelled again:

"Go away, I don't need you to save me!"

But Xiang Yu showed an extremely miserable smile, and said to Long Baichuan:

"The Dragon Team, since we came down, they have been dead. It is impossible to let me go back now."

After hearing these words, Long Baichuan also collapsed on the ground in despair, completely silent.

"Haha, yes, you know your situation better. If that's the case, I won't talk nonsense. I will disassemble all your weapons into parts and throw them aside. I think it's not for you. Not difficult!"

Hearing this, the three of them were silent for a moment, but they quickly disassembled the gun directly into parts according to the instructions of the other party and threw it aside.

In this way, they completely eliminated their chance to fight back!

"And the clothes on your body should also be taken off completely, including the underwear. I know that in accordance with your tradition, but you have to leave yourself something glorious, I don't want to die inexplicably!"

"you guys!"

Hearing this, Lu Yan gritted his teeth fiercely, but Jiang Xiaoyu said coldly:

"Do it!"

"Old fish!"

"Do it!"

At this time, Lu Yan looked at Jiang Xiaoyu and found that Jiang Xiaoyu's eyes were still suppressing anger during this death, and his heart was shocked, but he also followed Jiang Xiaoyu's instructions to remove all his clothes. Take it off!

After all three people were naked, one person walked out directly from the barracks inside, holding a big horn in his hand and wearing a mask on his face. It was obviously the speaker.

"Not bad, the three of you are very bloody, but now I do have some questions to ask you well."

said these words, this man with a mask on his face. He took out a pistol directly from his pocket, aimed at Long Baichuan who was on the side and said lightly:

"Let's talk about it, all the information about you, I want to know the composition of your various teams, the command information of the various teams, as long as you say it, I will leave his life. Of course your life can be kept."

But when he heard such words, Xiang Yu really sneered and said disdainfully:

"You just said that you are a warrior. Since you are a warrior, you naturally need to know what the warrior's rules are. Do you think I will tell you this news? Even if you really kill him, we will not say of."

"Yes, even if the captain died because of this incident, I don't think he will blame us."

Jiang Xiaoyu at this time also said lightly.

"Are you sure?"

The tone of the masked man suddenly became sullen, and then he directly moved the pistol insurance and aimed at Long Baichuan.

And these three people's eyes are full of extremely fierce murderous intent, looking at this mask, there is no one with a mouth open.

"Hehe, you are considered to be spineless. If this is the case, you are considered to have passed my small test."

The masked man laughed again, then retracted the pistol and pulled a spear. Seeing this, the hearts of these three people suddenly became loose, at least there is no need to see that Long Baichuan was really killed by him. Drop!

But at this moment, the masked man's pistol banged out a bullet, directly hitting Long Baichuan's leg, and Long Baichuan couldn't help but let out a scream!

"Dragon Team!"

Seeing this situation ' all three of them screamed, and they wanted to rush through, but at this time, in front of them, a few bullets came and stopped. Their way!

"Don't move, this shot just hit him in the leg, maybe the next shot will hit him in the head!"

The masked man said to these three people playfully, and upon hearing such words, Xiang Yu yelled fiercely:

"Didn't you say that you are a soldier before? That's how you treat a soldier. Do you still count as a soldier?"

But the masked man blew the smoke that didn't exist in his muzzle, and said faintly:

"Although I am a warrior, I am a former warrior. Now I am naturally able to do everything. I don't seem to be like you being bound by the so-called honor. Everyone is a violent machine. Who is more advanced?"

Hearing such words, Xiang Yu's face suddenly changed, with a look of surprise, and said to the masked man in front of him:

"Are you also a soldier of Yan Nation?"

"Oh? I didn't expect you to find out. That's right, I am a soldier from Yan Nation. I wanted to ask you about these things before. I was just playing with you. In fact, I know all these things, and the reason why I will fall This level is because of you! It is because of these people!"

The masked man at this time, as if being poked at some painful corner, roared loudly!

Chapter 632: Jiang Xiaoyu's anger

"Why? Why do you want to do such a thing?"

At this time, Xiang Yu said angrily. They had been thinking about whether the other party knew them so well, would he be a traitor, but he had actually guessed it!

"Hahaha! Why? I also want to know why, when I was fighting ***** in front, why can't I even protect my own family members? Why can't even my own house be protected? Those unscrupulous and bloodless businessmen Guys, I took my house straight away, and also severely injured my mother. I just went to the door to make a theory. What did I do wrong?"

The masked man said with great grief and indignation, and upon hearing this, the eyes of Xiang Yu's trio were suddenly the bosses. They really did not expect that the man in front of them would have such an experience!

After all, they have heard of such things. Even for Jiang Xiaoyu who came out of the countryside, he has heard of such things a lot!

If there are really some horns, maybe something like this will happen!

"Haha, what's the matter? You can't say anything now, and now you think I am doing the right thing, tell you how they treat me, I will return it ten times a hundred times!"

And Xiangyu's heart was extremely angry, but this kind of debate is indeed not his strong point. Although his eyes burst out with fire, he still has nothing to say!

But at this time, Jiang Xiaoyu stood up directly and said to the masked man:

"Then you think you are right, then do you know why this happened? And even if something like this happened to you, then you go to sue, you go to the media to expose it, and then you do it This kind of betrayal of the country, betrayal of your own beliefs!

Yes, you are right. There are indeed many dark places in this country, but it is these dark places that are the reason why people like me continue to work hard. If you kill people yourself, what is the point of military law?

I don't believe it, if you really have reason, those people can really be so powerful that they can completely suppress you! You just want to use the easiest way to deal with those people by relying on the skills trained by the troops, but they are relying on your own power, and you are relying on the training of your troops. You and What is the difference between those people? "

Hearing such a long talk, the mask man was completely stunned!

And Jiang Xiaoyu did not finish speaking, sneered, and continued to laugh at this person:

"A person like you who has no control ability can be regarded as a soldier. Today will be rebelled because of such things, and tomorrow will be rebelled because of other countries' money to make you rebel. You are not worthy to be called a fighter. As a soldier, you are a scum!"

These words were loud and deafening, and the masked man seemed to be said to the bottom of his heart. He was a little angry and shot a few shots directly. Moreover, he pointed the gun at Jiang Xiaoyu's hand and kept shaking. Jiang Xiaoyu killed directly.

But Jiang Xiaoyu just stared at the masked man without any dodge!

"Huh! The different ways are not conspiring, since you are so spine, well, then I will let you make another choice! Bring it up!"

At this time, the masked person beckoned directly, and there were a few people in the next room, and one person was directly pulled out.

And this person turned out to be a woman.

Seeing this woman, the eyes of the three Xiang Yu became extremely ugly, because this woman was the target they wanted to rescue! Dong Xia!

"Help me, I don't want to die here to help me!"

At this time, Dong Xia was pulled to the ground and she kept crying. It was obvious that her heart had completely collapsed!

While the three Xiangyu saw Dong Xia's appearance, they could only stand still, gritting their teeth and watching all this!

After all, the three of them have been controlled by each other, so what ability do they have to save Dong Xia?

"Haha, now I'll give you another choice. Since you think the life of your dragon team is not important, then the life of this woman is not important. What's more, she is still a very beautiful woman. I have been under my men for several months. I haven't seen a woman, and you know that most of our members are men, like such a beautiful woman. If we fall into our hands, what will happen to you, you can also think of it!"

After hearing this, Dong Xia cried loudly. It was obvious that no matter whether Xiang Yu and the three people could imagine it, she had already thought of her fate.

And this masked man was very satisfied with Dong Xia's reaction, and directly aimed at Dong Xia's head with his pistol, and said to the three of Xiang Yu:

"Now I give you a new choice, can you tell me?"

"Asshole!"

saw the appearance of Dong Xia, even Xiang Yu, who was always calm, completely lost his mind. He pointed at the masked man and cursed:

"Is a ***** like you still a soldier? Are you still a man? You can only be a demon!"

"Evil ghosts are not evil spirits. I have the final say. Now tell me your choice' I will give you 10 seconds of thinking time and tell me your value!"

After hearing these words, Jiang Xiaoyu and the three were silent again, but at this time, Jiang Xiaoyu stood up directly and said to Dong Xia:

"I'm sorry, I can't save you now! But don't worry, the three of us will definitely leave this world with you. You will not be alone when you leave."

When Jiang Xiaoyu said this, his voice was constantly trembling, but his tone did not hesitate at all, and finally he paid a military salute to Dong Xia!

And seeing this, Xiang Yu and Lu Yan were also taken aback, but soon, they also followed up with a military salute!

Seeing such a situation, Dong Xia's tears would not shed anymore. She stared at Jiang Xiaoyu and others in a daze, like a puppet who lost her soul.

"Fuck! You guys are really disappointed!"

The masked man seemed to be very angry, because his plan failed again, but soon, he seemed to have another idea, and pointed his pistol to the three of them:

"But I seem to have thought of another fun way. Since you think the chips are not enough this time, what if I add more chips?"

"what?"

Hearing this, the expressions of the three Jiang Xiaoyu changed again, because they saw that a voice came from the other side, and a group of people pushed a few prisoners and walked out directly. The people inside, surprisingly have Zhang Chong, Deng Jiuguang and Zhao Ziwu!

Chapter 633: Jiang Xiaoyu's counterattack

"Zhao Ziwu! Where is Liao Yong?"

At this time, he yelled to Yu, and Zhao Ziwu struggled, but it was of no avail, he could only gritted his teeth with red eyes and said:

"Damn, I was discovered by those people, Liao Yong is dead!"

After hearing this, the three Jiang Xiaoyu's complexions suddenly became more ugly. They thought that Zhao Ziwu and Liao Yong could escape, and then passed the information here to the people behind. Maybe Zhao Ziwu was caught now. Now, Liao Yong is dead, and all their hopes are gone!

At this time, the masked man in front of him even sneered at the three Jiang Xiaoyu, and said to the three people with a hint of joking:

"Now I think the bargaining chips in my hand are enough, and I will give you another choice. Everyone is quite young, except for the platoon leader. I have never experienced the taste of a woman. I now give you one last chance, as long as you handle this woman, then I will let the rest of them go!"

Hearing this, Dong Xia's body immediately trembled, but there was no other reaction, as if she had already died.

But Zhang Chong, who was on the side, suddenly cursed:

"Your mother, scumbag, you have the ability to find grandpa, what kind of ability to deal with a woman, stinky fish, I am not afraid of death, if you dare to do such a thing, I will despise you in my next life!"

"We will never accept such insults. Even if you really rescued me, I will commit suicide if I go out!"

"He's lying to you, even if you really do these things, he won't let us out!"

And the masked man heard the voices of these people and waved his hand impatiently:

"Stop them all to me!"

After hearing this, the soldiers hit the back of a few people with a gun butt, and even smashed their heads full of blood!

But even so, Zhang Chong still roared loudly:

"Smelly fish!"

It's a pity that he only yelled out this sentence, and in the next second he was stunned by the man behind with a gun!

Seeing the scene finally calmed down, the masked man also looked at the three people on the opposite side triumphantly, and said lightly:

"How is it? Can you think about it now? As long as I do what I said, I can spare them, and don't even think that I can send them to the west with a bullet. That's too simple. Whatever you dig out of your mouth, I will dig out something from their mouth. There are many snakes in this place. Do you know what is called torture? It is to throw you into a snake pit and watch it hard. You are killed by a snake!"

After hearing this, everyone present was clever, and the masked man was even more proud of seeing this situation, and continued:

"And not only that, I will make a wound in your body, and then let the flies plant in it without letting you die. Then you will be able to see with your own eyes how your body is Some rotted food is called a pile of maggots!"

At this time, the voice of the masked man seemed to come from hell, turning into a long, cold wind that blew into these people's hearts, making people feel chilly!

"Do you still pretend to be a tough guy? Now you still say you are not afraid of death?"

"You fucking!"

Deng Jiuguang cursed, but before he said his next sentence, he took another hit!

Seeing this situation, Jiang Xiaoyu and Lu Yan felt extremely heavy and fell silent.

"Why? What are you still doing now? My time is very precious. If you don't want to choose, then I will choose for you!"

Having said this, the masked man directly aimed his pistol at the head of a captive, and was about to shoot immediately!

But Jiang Xiaoyu said with an ugly expression: "I promise you!"

"What? Little fish, are you crazy?"

At this time, Lu Yan grabbed Jiang Xiaoyu and said to Jiang Xiaoyu incredulously.

"But now I can only do this, do you think I am willing? But how can we watch them suffer such punishment, I would rather let them die soon!"

"Smelly fish! Return it to me! Are you so worthy of your master!"

"Little fish, he is lying to you, no!"

At this time, the remaining few people also shouted loudly, but Jiang Xiaoyu seemed to have not heard it, and walked straight towards Dong Xia!

But seeing such a situation, Dong Xia actually stood up step by step like this: "Come on, I don't blame you!"

And seeing this situation, the mask man on the side was also very happy:

"It's not bad. This big show is really beautiful. Also, facing these two people is always better than facing the dozens of us. Look at her and agree, so you don't have to Hesitated a lot."

At this time Jiang Xiaoyu said directly to Lu Yan:

"If you don't want to ', then I will go first."

After saying this, Jiang Xiaoyu walked directly towards Dong Xia, and Lu Yan was trembling all over, which was of no avail, and finally gritted his teeth and followed Jiang Xiaoyu's pace.

But at this moment, seeing such a situation, the Wuhan Iron and Steel and the staff members who were observing from a distance had extremely ugly faces, and said directly to the headset on one side:

"Is this a bit too much? This will cause serious physical and mental damage to a soldier. Should we stop?"

But after hearing this, Qin Yuan was watching Jiang Xiaoyu, and said lightly:

"not the right time yet!"

"Isn't it time? Are you crazy? Do you think this is true? This is just a drill. If you really let him insult Dong Xia, then this matter will really make a big deal. !"

"How is it possible, I have a sense of measure, but I believe him, he should make another choice!"

Following Qin Yuan's voice, Wu Gang who was watching around also called out: "Don't make a noise, take a look first!"

At this time, Jiang Xiaoyu had already walked in front of Dong Xia. Looking at this exquisite and elegant Dong Xia, Jiang Xiaoyu showed an extremely ugly smile, and he directly pressed towards Dong Xia's neck.

Seeing such a situation, WISCO couldn't help but clenched his fists. This was already at its limit. If Jiang Xiaoyu really wanted to insult Dong Xia, something really happened!

But at this time Qin Yuan had already lost a trace.

And Jiang Xiaoyu directly pressed Dong Xia's ear, and said in a trembling voice:

"Dong Xia, I'm sorry, you are also humiliated if you are alive. Let me pay you my life in the next life!"

After saying these words, Jiang Xiaoyu just made a sudden attack and hit Dong Xia's vitals!

Chapter 634: invite

But at this moment, Dong Xia's eyes became direct in an instant, and she kicked Jiang Xiaoyu's legs, and threw Jiang Xiaoyu out with a grappling technique!

The severe pain shocked Jiang Xiaoyu. Before he could react, he lay directly on the ground!

But seeing such a situation, several people around immediately gathered around and pointed their guns at Jiang Xiaoyu!

Seeing that Jiang Xiaoyu fell short of success, he suddenly hammered the ground and let out a roar like a beast!

In the hall of the command room, seeing this situation, the surrounding staff members suddenly wiped out a cold sweat.

"It's really scary, but this soldier is really good!"

"What is his name, I think I can focus on it!"

At this time, Wuhan Iron and Steel, who was sitting on one side, also had a cold sweat on his forehead, but he was extremely satisfied with such exercises in his heart. After such torture, it was enough to prove the tough will of these soldiers, even if it was On the real battlefield, you can trust them and give them some really important things!

And this time the exercise also screened out some people. Indeed, some soldiers are not suitable for special forces!

This is not a kind of exercise, as it is a kind of psychological assessment, and for such a thing, the surrounding staff and WISCO are extremely satisfied with this matter.

At this time, Qin Yuan didn't know where he came from, clapped his hands at the crowd, and said directly:

"Okay, guys, the exercise is almost over now, you can go out together to meet you elite soldiers!"

And hearing such words, these people also showed a slight smile, then nodded, and walked out with Qin Yuan!

At this time, the masked man heard the instructions in the headset and understood that the exercise was completely over, so he put all his guns away and said to the people around:

"It's done, it's done, it's done!"

At this time, Lu Yan just helped Jiang Xiaoyu up. They had no trust in the masked man. They still looked at him with a fierce face. It was obvious that they didn't know the masked man and what they were talking about. What do you mean by that?

But this masked man smiled and took his mask off immediately!

And seeing this somewhat familiar face, Jiang Xiaoyu's expression suddenly changed, because this person seemed to have been seen in previous actions, and he was a member of Team Wolf!

But at this moment Jiang Xiaoyu suddenly heard a familiar whistle and a familiar voice:

"set!"

After that, Jiang Xiaoyu and the prisoners all saw the surrounding rebels, all of them packed their weapons and equipment, quickly stood in a row, and gathered, and the masked man also stood directly. To the left-hand position of the first row.

And Liu Xiaoshan, who had been sitting on the side, quickly lifted off his artificial leg, then took out his real leg hidden underground and stood directly in front of this group of people.

Only Jiang Xiaoyu, Lu Yan and others were left, looking at the situation blankly.

At this time, the beaten prisoners with swollen noses and swollen noses were completely stunned. They struggled to get up from the ground, but they were still speechless about the situation in front of them!

At this time, Long Baichuan in front of him saw the stunned look of these people, showing an extremely bright smile, and said to them:

"Congratulations, you all passed the test!"

Seeing such a situation, those people finally reacted, ahhhhhhhhhhh, made a fierce and miserable howl, and finally howled, they also cried directly!

During these three days, their hearts were extremely suffering!

Whether they are outside or captured, they are fighting with their hearts all the time!

But now they finally won!

At this time, Zhang Chong, who had the slowest brain circuit, finally reacted and shouted directly:

"Grandma's, who did this on earth?"

Hearing such words, everyone immediately looked like Long Baichuan together, but Long Baichuan just waved his hands quickly:

"No, right? I didn't do this, but Qin Yuan did it!"

But the veteran who was still hanging from the pole at this time said:

"Can you take care of me, I'm still hanging here, can you put me down quickly?"

And hearing such words, the eyes of the people around them suddenly turned evil.

These people have rectified them so miserably, and don't take this opportunity to take revenge!

"Haha, Dragon Team, what you taught us ' but it will never be remembered for us!"

"Yes, Master, you just pretended to be like!"

After saying these words, these arrogant people directly pulled Long Baichuan and Liu Xiaoshan up and threw them directly into the sky!

"Oh, help, Lao Deng, are you watching?"

"Looking? Hey, I don't just want to watch, I also want to participate together. Fortunately, I still regarded you as a friend for so many years, but you actually played with me like that! Boys, work harder!"

At this time, Deng Jiuguang also said with a sneer when he heard this, and when he heard this, these people immediately gained another bit of strength and threw higher!

And the veterans around are always snickering. Although they know the action this time and follow the orders, exercises like this are really good at playing people. If they are not allowed to These people vent out, maybe what will happen!

At this time, after Jiang Xiaoyu, Lu Yan and Xiang Yu had put on their clothes, they walked directly in front of Dong Xia and the masked man, their faces were complicated, and they didn't know what to say.

At this time, Dong Xia saw Jiang Xiaoyu's extremely embarrassed expression, but he smiled, and generously reached out and said to Jiang Xiaoyu:

"Hello, my name is Dong Xia, but my real name is Zhou Yeying. You performed very well just now!"

"Sorry, I almost..."

Jiang Xiaoyu scratched his head, not knowing what to do, and this time. The masked man on one side slapped Jiang Xiaoyu on the back and said directly to Jiang Xiaoyu:

"Hey, the kid found that you are very talented in acting. I didn't find out before. You still have such thoughts hidden. How about? Would you like to go filming with me, I am a big director, oh yes, I Called Zhuang Yan, you can call me Xiaozhuang!"

Chapter 635: End of acting

Hearing this, Jiang Xiaoyu's face couldn't help twitching. Looking at this face, he resisted the urge to slam it up, shaking his head and refused.

And Xiao Zhuang also convulsed a bit, and retreated in a jealousy.

But this has solved the awkward atmosphere between Jiang Xiaoyu and Zhou Yeying.

And at this time, the chief on one side said:

"Assemble!"

Hearing this sound, everyone moved their bodies and stood up quickly, while Jiang Xiaoyu and others stood on the left, and those performing the gangsters stood on the right.

They were almost expressing their emotions just now, and now they are slowly calming down.

Seeing that everyone had assembled, the leader standing aside also nodded in satisfaction, and then announced with a serious face:

"Congratulations to you for passing our most rigorous training, you are now a real fighter!"

Hearing these words, the veterans standing behind this chief suddenly applauded together!

After hearing this announcement, Jiang Xiaoyu and others' hearts were really ups and downs, all of them rushed to their hearts, although it was only three days, it was like hell. Looking back now, my eye circles are turning red again!

"Salute!"

The chief gave an order, and then gave Jiang Xiaoyu and others a military salute!

They all know that after this experience, Jiang Xiaoyu and others in front of them have completely become qualified fighters. Perhaps these are not much to their future encounters. They may be more painful and more difficult.

But everyone nowadays is full of confidence in them, and these soldiers will surely be able to overcome all difficulties!

"The ceremony is over!"

The head of saw these people becoming more satisfied, and said directly:

"Well, you can take a break and take a good rest for a while. In a few days it will be the Mars Military Competition. At that time, we will select some of you to participate in the Mars Competition."

Hearing such words, Jiang Xiaoyu and others were all a little unable to lift up their energy. After such an experience, who still wants to participate in the Mars competition?

But of course they can't say that, but these people are now very confident about participating in the Mars competition and winning the championship.

"Okay, I think you must have something else to say, then I won't bother you here, I will go now."

The chief glanced at the people around him, and then led them away.

At this time, Long Baichuan looked at Jiang Xiaoyu and these people, but he smiled and said to them:

"How is it? Are these few days unforgettable?"

When they heard this, Jiang Xiaoyu and others sighed again. What do you say? For others, it may be just an exercise, but for them, this is true.

During these three days, the pressure on them was unprecedented, and they really accepted a baptism!

"No, Dragon Team, which crippled guy came from this idea? It's too shameful!"

Zhang Chong shouted loudly at this time, and the others also brightened their eyes and followed angrily to ask questions.

When he heard this, Long Baichuan coughed immediately, and then said directly:

"It's definitely not me, but have you noticed that one of you seems to be missing?"

Missing people?

Some people who are not in the sea training camp did not feel strange, but Jiang Xiaoyu and others reacted instantly:

"Damn it, it's Qin Yuan!"

At this time, other people also reacted, and then they suddenly gritted their teeth!

Although Qin Yuan is their master and leader, it's just that this time I played it too much, especially in the last scene. If the mental capacity is weak, it may be over!

This is what Jiang Xiaoyu's mind is a little more flexible, and he can come up with such a way. If he is stunned like Zhang Chong, he may fall into it!

At this time, Qin Yuan originally planned to sneak out quietly, but when he heard Long Baichuan's words, he suddenly yelled:

"I rely on the Dragon Team, are you too unreasonable? You said before that you should confess me, why don't you be so unreasonable! And this exercise was clearly organized by you, so you can't push all of them to my head. Come on!"

"Huh? Really? But I just asked you to help me think of a fun way and choose the players, but who would have thought that you did such a great job!"

And hearing such words, Liu Xiaoshan and Xiang Yu's eyes became sinister in an instant.

They always feel that something is wrong this time. If it's just a selection, just like the previous method of selecting actors is enough, and then training from these players, they will naturally be able to select some who can participate in Mars. People in the competition, why are there so many moths behind?

Some of the original ones are all Qin Yuan's pots!

"Then...then you can't blame me, after all, your previous methods are really stupid, as long as you are a smart person, you can see it!"

Qin Yuan still couldn't stop yelling Qu, and when he heard this, Zhang Chong just didn't want to. He hadn't noticed it before. Isn't this the person who named him saying that he is a fool?

And Long Baichuan also turned black' He used this method for a long time to pick some players from the Mars training competition, but how did he get to Qin Yuan's mouth, it was useless!

But Long Baichuan saw these people in front of him, gearing up, but he also retracted silently.

Forget it, fools are fools, as long as you can throw the pot on Qin Yuan's head, at least you don't need to be beaten!

"Haha, Brother Yuan, you are really amazing!"

"That's right, that's making us juggling around!"

At this time, Jiang Xiaoyu, the people who have stood the test, directly surrounded Qin Yuan, and seeing this situation, Qin Yuan immediately backed away and said to these people:

"Hey, what do you want to do? Don't forget that I am your master, but don't forget that I am your superior, Dragon Team, what are you doing while watching? Come and persuade you!"

At this time, Long Baichuan turned his face to one side. He was thrown into the sky by these people just now, but how could Qin Yuan, the master behind the scenes, get away with it?

"Brothers, how do you treat animals like this!"

"beat him!"

"Go!"

At this time, a group of people rushed towards Qin Yuan!

And Qin Yuan turned his head and took a look, this hero doesn't suffer from the immediate loss, so hurry up!

So Qin Yuan turned his head and ran away!

Chapter 636: flaw

"Ouch, oops!"

At this time, these people were lying on the ground one by one. They couldn't help but were too lazy to move. It wasn't that Qin Yuan had beaten these people. After all, he knew that what he did this time was indeed a bit too much. I was a little bit wrong, so I hugged my head and squatted on the ground and let these people hit casually.

It's just that these people haven't eaten a serious meal for several days, and they don't have any strength at all. They were fine when they were nervous before, but now they know that all of this is fake, and when they relax, they naturally can't hold on. Up.

So after beating Qin Yuan a few times, they were already too tired and lying on the ground!

And Qin Yuan looked at the appearance of these people around him, stood up and shrugged his shoulders, and said to them:

"Look, I can't blame me for this. I have already let you fight. You didn't fight. You won't be able to find my account in the future!"

After hearing these incomparably shameless words, even the most stable Xiang Yu rolled his eyes and said to Qin Yuan:

"You are too cruel. Today, my veteran almost didn't make it through. Thanks to Jiang Xiaoyu, if it weren't for Jiang Xiaoyu, we would all be dead!"

"Hey, in fact, I also left you a lot of flaws, but you didn't find them."

Hearing these words, Qin Yuan also understood that these people had calmed down and said to them while sitting on the ground.

"Yep?"

A few people suddenly woke up, and this still left flaws. What flaws could there be?

And Qin Yuan looked at the confusion of these people, and said directly to Liu Xiaoshan, Deng Jiuguang and others:

"To be honest, with the exception of a few recruits, most of you are veterans, so all kinds of tactics and actions have been excellent enough, but you are still in front of those people. Any resistance, have you found it?"

After heard, everyone suddenly fell into thought!

But thinking about it carefully, what Qin Yuan said was indeed correct. After Liu Xiaoshan heard this, he nodded and said to Qin Yuan:

"You mean that it is not these things that really matter."

"It's not unimportant, it's just that these things are just appearances, the details are really important!"

Qin Yuan chuckled, and then said directly:

"Although this small island is an illusion that I faked, have you noticed that although we have come out a long way, it is still within the coastline of Yan Country. This alone has a big flaw. After all, I cannot copy the environment 100%, if you are careful enough, you can discover this!"

When they heard this, everyone's expressions suddenly became bitter. At that time, their hearts were extremely nervous, and they had been dazzled by the information that the task had hit their heads. Who would have been careful to discover this.

However, Liu Xiaoshan and Deng Jiuguang took a deep breath. If they are ordinary soldiers, then maybe they don't need to do this, but if they want to become a special force performing special tasks, then this Things are also something they have to consider!

" And there was a very important flaw in the previous mines, that is, I set up an old-fashioned mine, and the amount of gunpowder inside has been carefully configured, and only one leg of two people can be blown.

But after you heard the news, you really gave up. In fact, the impact of this kind of heavy gunpowder, you only need to take off your body armor, and then a few people press your entire body on it, even if the mine exploded You will get some injuries to your ribs, which will not reduce the number of employees. Do you understand this? "

Hearing this, Liu Xiaoshan suddenly looked ugly. Although he had detected the signal from the mine at the time, he still didn't think of the problem.

In the end, Qin Yuan talked about the flaws of some other traps, and when he heard these words, everyone's expressions became more and more ugly. Only then, Zhang Chong raised his hand and said directly:

"I can't do it anymore, my brain is about to explode, so many things, where can I go to analyze it, the brain is not good at first, if I don't analyze it, I won't analyze it. I only need to be in the same team with Brother Yuan. !"

And hearing such words, the eyes of those around them also brightened, and they all looked at Qin Yuan eagerly. After all, Qin Yuan's abilities have been thoroughly proven. If they can become a team with Qin Yuan, it's true. That's great!

Seeing the appearance of these people, Qin Yuan pursed his lips and said to these people:

"This is impossible, I will leave here in a while."

"what?"

Hearing this, Jiang Xiaoyu and others remembered that Qin Yuan hadn't been here for a long time, and Qin Yuan had also made it clear that he had other tasks, but they had already forgotten them!

"But you don't have to worry too much. I am a free person now and have a lot of tasks to do. Maybe I will give you opportunities to cooperate in the future, and I will not leave now. You can still learn from me time."

The general Long Baichuan also nodded, and said directly to everyone:

"Actually, you have discovered that the strength of you and Qin Yuan is a little bit different. If you want to become a real companion with Qin Yuan, ', then you must improve your strength, and wait until he is like this. Time, maybe you will be able to be with him!"

Hearing this, everyone's eyes changed. Long Baichuan was right. As long as he has the strength, he can have more choices!

"And even if you can be in the same team with Qin Yuan, I don't want you to maintain the same idea as before. What we need is a powerful soldier, not a machine that only listens to orders! Do you understand it!"

"understood!"

"Well, you are already very hungry now, I have prepared food for you, hurry up and eat and rest!"

Long Baichuan gave an order, and when they heard this, everyone felt their stomachs growl and screamed, and they immediately dispersed, and hurried to eat.

At this time, Qin Yuan heard two voices in his mind:

"Ding Dong, the host completes the task, joins the director team, and designs training training that can test the soldier's temperament for this training event! Two grids are awarded!"

"Ding Dong, the host completes the task, leads the sea training camp personnel, and obtains the Mars qualifier quota and two grids!"

"Ding Dong, the host completes the task, reports to the South China Sea Fleet, and hides his identity for a month, rewarding two grids."

After hearing this series of voices, Qin Yuan's heart was immediately overjoyed. Unexpectedly, all these tasks were completed, and he obtained 6 grids at once, and now he has a lot of money!

Chapter 637: News from Fan Tianlei

With the grid, Qin Yuan's heart is naturally beautiful, this time the harvest at the sea training camp is still a lot!

And the task here is not nearly completed, so Qin Yuan doesn't need to stay here all the time, he can go out and go around.

And when Qin Yuan was stealing pleasure here, at this moment someone walked directly to him:

"Hey! Qin Yuan!"

And Qin Yuan looked back and found that the person here turned out to be Zhuang Yan. At this time, Qin Yuan suddenly smiled and stretched out his hand to him:

"Thank you very much this time. Not bad. Your performance is really good. After watching it, I was very satisfied. It was much better than I expected. By the way, I remember that you plan to make a movie. If you have the chance, you can call me together!"

And when Zhuang Yan heard this, he was extremely proud, and said directly to Qin Yuan:

"That's, I'm telling you, I used to be a film professional. To be a film director is indeed my dream. The reason why I came to serve is because my childhood friend came here. She became a special soldier, but she retired early because of her injury, so I also thought about going to make a movie after retiring for a while."

Qin Yuan also nodded when he heard such words. He naturally heard about Xiaoying's affairs, so he had reminded Fan Tianlei a long time ago, but later Lin Xiaoying was injured and retired because of some other things, which saved him. Gave him some thoughts.

Zhuang Yan in front of him probably did not think that the matter of his wife's retirement, there is a trace of Qin Yuan's relationship, but this is not important anymore.

After the two people exchanged greetings for a while, Zhuang Yan continued to say to Qin Yuan:

"Your design is very good this time. I have sorted out the documents and handed them all to the Golden Eagle. Moreover, the Golden Eagle has given me feedback, saying that he is very interested in this matter. The members of the Spike Team will also go through such exercises, and you will need to cooperate more."

Although Zhuang Yan has been involved in this matter from beginning to end, there are still some things that I don't understand about the design behind it. If they really want to do this kind of exercise, they probably have to ask Qin Yuan to come over.

"What's the matter? Everyone is a friend. Don't forget, I also came out of Spike. Although I am no longer affiliated with Spike, the golden eagle is still my senior officer."

This kind of thing is naturally nothing to Qin Yuan, and he casually agreed, and when he heard this, Zhuang Yan also showed a slight smile, patted Qin Yuan on the shoulder, and left directly.

After that, Qin Yuan also left the island directly and returned to the sea training camp. He has been busy these days, there is not much time to rest at all, and now he can take a good rest.

But it didn't take long for Qin Yuan to lie down, when he heard his cell phone ring, glanced at the number inside, Qin Yuan didn't get through and asked the other person:

"I said Chief of Staff Fan, can you give people some rest? I just promised your adviser. You are going to send me a task now?"

"Task? What task? I want to tell you good news!"

It was Fan Tianlei who called Qin Yuan. After hearing Qin Yuan's words, he quickly reacted and continued to say to Qin Yuan:

"Oh, do you just talk about the exercise? Don't worry, after all, the recruits on our hands have not reached this point. The exercise in this situation can only play a final decisive role. There will be times when you will be troubled in the future. !"

And Qin Yuan was a little relieved when he heard that it was not an exercise. After all, for Qin Yuan, the pressure of this kind of exercise is not small, and he must be cautious. If a large number of casualties are caused, then he There is also a responsibility to escape.

"Then tell me, in addition to these things, there are other things, it will not be that the military factory I applied for has been approved."

Qin Yuan said in an annoyed manner, he is not too concerned about the matter of the military factory, after all, this matter cannot be completed in a short while.

"This, this one is not there yet, but I will tell you a good news. The drawing you gave me before has been handed over to the research institute. It says that the drawing is very valuable."

At this time, Fan Tianlei's tone was full of incredible, after all, he had a deep understanding of Qin Yuan, and he really did not expect that Qin Yuan would have such a deep research on designing aircraft.

"Oh~"

Qin Yuan replied indifferently. Hearing such feedback, Fan Tianlei was immediately unhappy, and said to Qin Yuan:

"What do you mean? What an honor is this! How come you are finished!"

And Qin Yuan rolled his eyes without angrily, and said to Fan Tianlei:

"Of course I know that the drawing is very useful, but based on the current technology, can we directly implement the drawing!"

"Uh, this doesn't seem to work. As mentioned above, although the current technology is very useful, it has not been done with the current materials '."

Fan Tianlei also wilted, and Qin Yuan shook his head helplessly when he heard this. Since he understood this knowledge, he knew that the drawing was impossible to make.

"But there is another good news. This blueprint has already had a profound impact on our new generation of fighters. Some experiments may be made. You can come and have a look at that time!"

Hearing this, Qin Yuan nodded his head. This is normal. The road has to be walked step by step. The meal needs to be eaten bite by bite. Even if Qin Yuan has written the correct answer, he wants to be realistic. It still needs to be digested, it takes time.

"Then do you have anything else? If not, I need a good rest now, Chief of Staff Fan!"

And Fan Tianlei also heard the impatience in Qin Yuan's words, smirked, and then directly said to Qin Yuan:

"Then you have nothing to do now, can I give you some tasks?"

"Let's talk about it later, I'll hang up first."

Qin Yuan hung up the phone directly after saying this, because he knew that Fan Tianlei must have something else.

If it were a serious task, he would not use this kind of negotiating tone at all, but would directly give orders. It is estimated that he would encounter some troubles that were difficult to solve.

Forget it, it's not a particularly important thing anyway, sleep first.

Chapter 638: Qin Yuan also participates?

At this time, Fan Tianlei on the other side looked at the phone that had been hung up, and his eyes widened. He really didn't expect that this kid Qin Yuan would not follow his routine so much!

"Smelly boy!"

Fan Tianlei cursed badly, but in the end he put the phone away. Qin Yuan expected it well. Fan Tianlei did have a slightly troublesome thing, but it was not that urgent.

After thinking about it, Fan Tianlei gave up the idea of continuing to call. After all, although this matter is a bit troublesome, it seems that it can be done with the people under him. He can't put everything on Qin Yuan's head. Otherwise, how can the other team members continue to grow?

Besides, even if it is not done, you can still find Qin Yuan.

After that, Qin Yuan rested honestly for a few days. In the past few days, Jiang Xiaoyu's people are continuing to train. Although they have passed the test of Qin Yuan's **** and devil exercises, some soldiers have physical fitness. It's still not enough and needs to be strengthened.

And this time around, there were a lot of people eliminated. He still needs to be tested publicly, so that these people can reach the real audience, which can be regarded as a test of the role of Qin Yuan!

And some of the following training, as Qin Yuan and the leaders expected, after this spiritual baptism, everyone's mentality has changed seriously, so they are even more serious when training. Hard work and rapid progress!

It's just that there are a dozen people who have passed the test of Qin Yuan this time, but this time there are only 8 places in the Mars competition, and some people will still be eliminated.

And there is one last mission, which is Formosa Battle Royale training!

At the beginning of this training session, Long Baichuan also directly pulled Qin Yuan over and let Qin Yuan act as a coach.

After all, Qin Yuan has already demonstrated the leadership and planning and command ability before, and this time, Qin Yuan must participate in the Mars competition. This is also for Qin Yuan to choose his own teammates.

I haven't seen it for a few days, Jiang Xiaoyu and others' expressions have become more determined. At this time, Long Baichuan, looking at the more than 30 people in front of him, holding a big horn, began to tell the rules of the exercise:

"One flare gun per person, as long as the opponent's flare gun sounds, it is eliminated, and once the flare gun is more than 30 meters away from the human body, it will be eliminated automatically!"

"The rules for winning are also very simple, that is, when you people reach the last eight, the screening is over."

"And these 8 people are able to represent our navy and go to Mars!"

And hearing these words, everyone's blood boiled over. After all, this Mars military competition is also the goal of many of them. They have reached the last step, and they are naturally extremely excited!

They were just excited and excited, their eyes were indeed a little dim. After all, they saw Jiang Xiaoyu and others in front of them. In the past few days, they are also very clear that Jiang Xiaoyu and others are all trained from the sea. Those who come out of the camp will inevitably form a small team.

There are already a lot of them, and they have almost taken up all the places!

The rest of the people have to work harder if they want to get another spot!

It was Zhao Ziwu and Liao Yong who felt even more sad. The two of them looked at the people who were pleasing to the eye and didn't know what it was like.

After all, what is the sea training camp? That is the garbage dump in their entire navy, which is used to clean up garbage. Only the worst and worst soldiers will go to that place.

But now, the people in the sea training camp can represent them in the Mars military competition, and they have become the strongest combat power in their navy. For them, it has to be a mockery!

Although they have also passed Qin Yuan's final test, how should I say, after all, the two of them have too little training. Although the results are considered acceptable, they are still behind the sea training camp.

While Zhao Ziwu, Liao Yong and others were worried, Jiang Xiaoyu and others looked at each other a bit, glanced at their surrounding companions, and their expressions also sank.

After all, they have more than 30 people left, but in the end only 8 people are needed, which means that many people have to be eliminated.

So they must have a tangled place now, that is, whether they want to form a small group and weed out other people.

But such an approach is really a bit unnatural.

Seeing this, Xiang Yu who was on the side took a deep breath, then turned his head and said to Jiang Xiaoyu beside him:

"This time I will definitely do my best. If I meet you, I won't keep my hands, Jiang Xiaoyu, I really want to fight you again and see if it will be the result at that time!"

And hearing such words, Jiang Xiaoyu's eyes knew that there was also a bright light. After experiencing those things before, his psychology has changed a lot. He also wants to challenge Xiang Yu to see if he can catch up. This so-called beast camp ***** of war!

"Are you a little underestimated, do you not put me in your eyes?"

Zhang Chong saw that Xiang Yu actually provoked Jiang Xiaoyu' but ignored him, he was immediately unhappy, and although Lu Yan spoke like that, it was the same, and there was a glimmer of light.

Xiang Yu also smiled and didn't say much, but looked at Deng Jiuguang and Liu Xiaoshan beside him.

And Deng Jiuguang and Liu Xiaoshan glanced at each other and smiled slightly. After all, they are the masters of the older generation, and Xiang Yu is the master of the new generation of beast camp. There must be such a collision.

What's more, Deng Jiuguang and Liu Xiaoshan also want to have a good contest. Although they are friends, they are enemies. Last time, they did not win the championship because they faced each other. So this time, they also want to really The winner is determined!

But seeing such a situation, Qin Yuan on one side couldn't stand it anymore. Seeing the appearance of these people, he directly stood up and said to Jiang Xiaoyu:

"Seeing that you are so excited, or I will also participate in this screening?"

"What?"

Hearing this, Zhang Chong's eyes on the side suddenly widened. If there are others, he still has a chance to win, but if facing Qin Yuan, he feels that he has no chance of winning at all!

Not only Zhang Chong, but everyone else was dumbfounded. After all, they already knew Qin Yuan's strength. Let alone the exercises Qin Yuan designed before, it was enough to prove how much Qin Yuan this guy had. If you face Qin Yuan, just thinking about it will make you shiver!

Chapter 639: Qin Yuan's persuasion

At this time, seeing the appearance of these people, Qin Yuan also showed a sneer, and said to Jiang Xiaoyu and others:

"Why? Are you scared? And I said the ugly thing ahead, as long as I enter the exercise, then I will eliminate all the others I have seen, and when will the elimination end this time? You have the final say, but I have the final say, saying that there are 8 people left, and it is estimated that there will be no one left!"

what?

Hearing this, even if it was Long Baichuan on one side, it was completely stunned. Then, how could they select enough players? Is it true that Qin Yuan is going to participate in the Mars military competition alone?

But at this moment, Liu Xiaoshan's brows on this side frowned tightly. He knew that Qin Yuan was only joking when he said this, but seeing Qin Yuan's expression, he also understood that Qin Yuan was indeed Somewhat angry.

But the words have already been said, and they can't say much.

But Liu Xiaoshan's people can't say anything, but Long Baichuan on this side is panicked. If Qin Yuan really eliminated everyone, then the scene would be too ugly.

"No way, no way, you still have to follow the rules of the exercise to give me face."

Long Baichuan quickly gave Qin Yuan a soft word of comfort, and Qin Yuan heard this, looking at the people in front of him, and said lightly:

"It's not that I don't give you face, but that these people don't give you face. Forget it, if that's the case, then I'll do this exercise as you said."

Hearing this, Long Baichuan breathed a sigh of relief, and then said to the others, "Disband, and the exercise will begin in a while."

After , I walked aside.

It may be that the people in the Hai Training Camp looked at each other at this time, that is, they looked at each other. They really didn't know what to do. After all, they knew Qin Yuan's strength and knew that if they really met Qin Yuan, I'm afraid. There is nothing that can appear.

"It's over, I thought it was a ten-year-old this time, but now Brother Yuan seems to be angry, what should we do?"

At this time, Zhang Chong said in a panic. To be honest, he didn't mean to challenge Qin Yuan at all.

At this time, Liu Xiaoshan laughed, and said to the others:

"What's wrong with this, it's a big deal for us people to qualify together, anyway, there are 8 places, just enough to add everyone from our naval battalion."

"If it was before, this was indeed possible, but in this situation, it won't work at all. What if Brother Yuan really gets angry and really eliminates me?"

Xiang Yu was also a little confused at this time, but at this time, Jiang Xiaoyu, who was on the side, laughed hehe:

"Actually, I kind of understand what the master means? I think we are too unsmart. In fact, we have been training together, and cooperation will definitely be better. When we qualify together, we will

definitely get good results. , But you said before that you want to attack the people around you, so the master will be angry."

Yep?

Hearing this, everyone was taken aback, and finally nodded, feeling that what Jiang Xiaoyu said was indeed reasonable.

"But what should we do? You can't release the water, after all, the rules of this exercise..."

Xiang Yu scratched his head. As a veteran, obeying orders is their bounden duty. Now that the rules of this exercise have been laid down, it is natural to follow the rules. Except for themselves, the rest are enemies and objects of elimination. .

So even if Qin Yuan really participated, they knew that it was not Qin Yuan's opponent, but they would still find a way to defeat Qin Yuan.

When he heard this, Jiang Xiaoyu rolled his eyes and came out. This group of people was really clueless, and then he continued:

"Please, do you know what the Mars military competition is training? It is not a machine, but a real special soldier, a real special soldier, and a special soldier like you, who can only perform the above tasks with the brain? In a word, you will be outside, and military orders are not acceptable. If you can't even do this, how can you be a good special soldier!"

After hearing such words, the others were silent. They felt that what Jiang Xiaoyu said was very reasonable.

At this time, a voice came from behind them:

"Hehe, there is one who has a brain!"

And they looked back and found that it was Qin Yuan who was speaking behind them!

And Qin Yuan looked at Xiang Yu at this time, and said with a deep face:

"Xiang Yu, ah, Xiang Yu, you have been a soldier for so many years, it is really useless!"

Hearing such words, Xiang Yu's face was extremely ugly. He has been an excellent soldier for so many years, and he has never been reprimanded like this.

"Why? Don't you know that when I went to Mars to participate in the military competition, there were only two teams in total. The others were people from other countries. This time we have to go out of the country and win glory for the country. Choose the team with the best ability the strongest and unite with the best ability, not some cold machine that only knows how to deal with people around you!"

Qin Yuan took a deep breath at this time, and said to these people who hated iron and steel:

"Do you know, no matter how big the hatred between you is, once you step onto the battlefield like this, you must cooperate sincerely. In the international arena, except for our Yan Guoren, everyone else is the enemy, and we abide by the rules. But those people don't abide by the rules at all. They will even join forces and weed out the people of Yan Country first, instead of fools like you, they will never let them go!"

But at this time, hearing such words, Liu Xiaoshan and Deng Jiuguang's faces also appeared ashamed. To tell the truth, if they hadn't been two people tit-for-tat, they wouldn't have both missed the list and could not get Mars. The Champions of the Warriors even left serious injuries and wasted so many years.

This even became a huge regret for them.

And now that their bodies have recovered, they really didn't want to understand this truth, and even planned to repeat the same mistakes. If it weren't for Qin Yuan, they would really fall into this vicious circle again!

took a deep breath, Liu Xiaoshan also directly said:

"This is what Qin Yuan said is right. I think back then, if I hadn't competed with Lao Deng and both teams wanted to compete for the championship, I'm afraid that the champion of the year would

have belonged to our Yan Chinese. My own rivalry resulted in not even winning a championship. This is really not right."

Chapter 640: Start

At this time, Deng Jiuguang also sighed for a while, and said to others:

"Yes, since we are already a complete team and the strength is very strong, why should we leave this to others? Xiang Yu, do you want to team up with others to participate in Mars? "

Hearing such words, Xiang Yu suddenly realized that he has been in the sea training camp for a long time, and he already knows the companions around him very well, so the cooperation is very smooth and even more so. The deep understanding that has been cultivated.

Is he going to give up his advantage directly and instead cultivate a tacit understanding with other players?

So think about it carefully, this is true cooperation!

When thinking of this, Xiang Yu sighed deeply. He felt that there was something wrong with the training of the Hand Beast Camp.

After all, in the beast camp, there is no such word as cooperation and unity. Everyone wants to fight for the first and become the strongest one!

But they have forgotten that only unity is the basis of victory on the battlefield!

No matter how strong a person is, it is impossible to beat a team.

A round of loose sand, how can it be impossible to beat an elite team!

When he thought of this, Xiang Yu also woke up suddenly. Only at this time did he discover why the strength of their beast camp personnel is good, but there has never been a real special team!

But since there is such a good opportunity before him, he naturally wants to seize it!

"Qin Yuan, I'm sorry, I was the one who made the horns, I understand now!"

After hearing such words, Qin Yuan also smiled slightly, patted Xiang Yu on the shoulder, and said faintly:

"Since you can understand it, then it's not too late, let's do it!"

"Yes!"

Xiangyu also paid a military salute to Qin Yuan directly, with a trace of reverence in his eyes, and Qin Yuan made him understand one more truth.

And Qin Yuan glanced at these people in front of him at this time, smiled and said:

"If this is the case, then we will work together to win the honor of the Mars military competition directly!"

"Oh! It will win!"

At this time, everyone cheered!

Then Qin Yuan said to others:

"Well, if that's the case, then we will gather time soon and form a small team so that no matter who we face, we don't have to be afraid."

But after hearing such words, Jiang Xiaoyu really frowned and said:

"Master, although you have a good idea, we will parachute randomly for a while. How should we meet then?"

"It doesn't matter, wait a while after arriving on the desert island below, don't fight with others first, but move directly to the center point, and wait until the marriage is over, we will start hunting other people!"

Qin Yuan had already planned for this, so he said directly to other people.

"understood!"

Everyone agreed in unison, and Qin Yuan reminded once again:

"We have left a lot of people in the sea training camp, so other people will naturally target us, so the most dangerous thing is that we haven't assembled yet. When individuals are alone, I am afraid that others will directly chase us, Jiang Xiaoyu, Zhang Chong, Lu Yan, the three of you are the weakest. Remember, you must be careful and don't get eliminated easily!"

"Understood! We will be careful!"

The three of them are also one asxs. They nodded, after all, they can be considered as a reaction, if they want to assemble against other people, other people will assemble against them.

"Okay, then in the future, you should act on your own. After all, this is a test of your true personal strength!"

"Yes!"

Everyone agreed and quickly went to make preparations. After that, they just came to the helicopter, and it really was a parachute jump.

However, what made Qin Yuan feel a little surprised was that this time it turned out to be a pair of parachuting. This is a good thing for them. After all, the strength of Jiang Xiaoyu and the veterans is still slightly worse than that of the veterans, so pairwise. One pair, that is the safest one!

And Xiang Yu also chose to be Balang in the beast camp. After all, the two of them have been cooperating for a long time, and this time, he also wanted to take this opportunity to bring Balang to their sea training camp.

As for Qin Yuan, he chose Zhang Chong, who is the easiest to impulsive. After all, Zhang Chong's strength is good, but his mind is really difficult to turn around, so Qin Yuan took him personally, which is considered to be a layer of insurance.

Before the skydiving, Zhao Ziwu and Liao Yong who were on the side stared at Xiang Yu, and said to Xiang Yu:

"Xiang Yu, wait, I will definitely eliminate you!"

And when Xiang Yu heard such words, he smiled slightly, and didn't say anything. After all, this exercise seemed to him to have had results.

And even if his real sword and spear Zhao Ziwu met, and with his current strength, he can still abuse Zhao Ziwu!

Soon they got on the plane together, and looking at his umbrella bag, Qin Yuan also smiled slightly. He had learned fighter skydiving technology before, and this kind of helicopter skydiving is simply a piece of cake for him. !

On the other hand, Zhang Chong is a bit shrunken. He is just a recruit. He didn't participate much in this kind of action. The previous zipline had already jumped straight down. ' and he only took two or three parachuting this time and he was a little worried.

"Don't worry, I will look at you!"

Qin Yuan smiled slightly, and then directly threw Zhang Chong who had just wanted to talk!

"what?!"

Zhang Chong suddenly uttered a fierce scream, and seeing this situation, Qin Yuan also smiled happily, and then jumped down with him!

At this time, feeling the oncoming wind, Qin Yuan also felt extremely comfortable. He looked at the beautiful scenery in front of him, and he even appeared a little bit of comfort!

No wonder some people are Qin Yuan skydiving. The scenery in the sky is indeed very beautiful.

But after a little appreciation, Qin Yuan also began to adjust his posture, he must jump to the center of the island!

After reaching a certain height, Qin Yuan also directly opened the parachute, but at this moment, Qin Yuan was surprised to find that Zhang Chong, who had just fallen, had not opened the parachute until now!

"Fuck, bald! Hurry up and open the parachute!"

"I...I can't open it!"

Zhang Chong was also completely panicked at this time, he violently pulled the rope on his umbrella bag, but it was completely useless.

But at this time Qin Yuan discovered that Zhang Chong's rope was entangled!

Qin Yuan was also shocked this time, if he didn't open his umbrella, Zhang Chong would probably fall into the flesh!
