

Special Soldier 641

Chapter 641: Emergency accident

"How to do?"

Qin Yuan frowned, this is a very serious problem!

If Zhang Chong really couldn't open the parachute, wouldn't he be thrown into flesh?

This is what Qin Yuan absolutely does not allow!

But now, Qin Yuan has opened the parachute, his speed has plummeted, seeing that he and Zhang Chong are getting farther and farther away.

Qin Yuan gritted his teeth, "I can't manage that much! Only try one!"

With a slight force on both arms, Qin Yuan's parachute rope was directly broken by him!

In an instant, Qin Yuan separated from the parachute, and the whole person began to free fall quickly!

"Brother Yuan!!!"

Zhang Chong took a look, suddenly panicked!

His whole body is freely falling with his back to the earth, and when he sees Qin Yuan voluntarily break away from the parachute, is this okay?

At an altitude of thousands of meters, isn't this looking for death?

What is the difference between and seeking death yourself?

For an instant, Zhang Chong's eyes were red, and he felt a sore nose, "Brother Yuan is for me! And I still want to compete with him, deliberately annoy him?"

For an instant, the eight-foot-tall man couldn't help crying!

Qin Yuan's body sank, and the whole person fell in a faster posture, rushing to the bottom, immediately increasing the speed.

There is still a parachute behind Zhang Chong, which invisibly increases a lot of resistance, and the distance between Qin Yuan and her is rapidly shrinking.

"Brother Yuan!"

Zhang burst into tears, speechless with excitement!

"Bald, you don't want to be chirp, so if I throw my nose, I will kick you off!"

Qin Yuan couldn't help screaming when he saw this.

Now is not the time to be hypocritical!

Now it's a matter of life!

He took a huge risk to rescue Zhang Chong, but he was not moved to see Zhang Chong!

"Good good! Brother Yuan! I listen to you! I won't cry, I won't cry anymore!"

Zhang Chong heard it, and immediately wiped his nose and tears with fright.

Now Qin Yuan, in his heart, is just like a god.

God-like existence!

Xiang Yu, the last parachutist, raised his eyes and saw the situation on Qin Yuan's side, and he was shocked.

"My God! Qin Yuan escaped from the parachute and fell free to save people?"

Xiang Yu is stunned!

Having been a soldier for so many years, he hasn't seen such a scene yet!

He wanted to rush down to help Qin Yuan, but he was helpless!

In the sky, he is powerless!

The distance between each other is not to say that you can get closer by closer.

time flies.

Zhang Chong and Qin Yuan fell very fast!

Seeing that the distance from the ground is only seven or eight hundred meters, and is about to reach the lowest opening height, Qin Yuan and Zhang Chong both raised a heart to their throat.

"We must catch up! Hurry up! Hurry up!"

Qin Yuan screamed in my heart.

Now the distance between him and Zhang Chong is only more than ten meters, but with the terrible distance of more than ten meters, he can't catch up!

Qin Yuan took a deep breath and lowered the center of gravity of the whole person. Sure enough, this trick was very effective, and the distance of more than ten meters was quickly shortening!

Wow!

As soon as he stretched out his hand, Qin Yuan grabbed Zhang Chong's chest, and then suddenly used force, the whole person hugged Zhang Chong!

The huge resistance passed immediately.

Qin Yuan glanced around and immediately found Zhang Chong's problem!

The switch that turned on his parachute broke!

In this way, Zhang Chong naturally couldn't open the parachute!

But now, with Qin Yuan, everything is not a problem!

violently squeezed the switch of the parachute, bang card!

The parachute was opened instantly!

But now, only five or six hundred meters above the ground, the speed of the two has reached a very fast point [].

The current situation of the two is very dangerous.

A violent wind sounded in his ears, Zhang Chong hugged Qin Yuan tightly, and Qin Yuan looked like death at home.

"Bald, you are so cute, can you not hug so tightly?"

Qin Yuan frowned.

scolded Zhang Chong.

A big master hugged Qin Yuan so tightly, it made him feel very uncomfortable.

"No! Brother Yuan, I'm afraid! What if I fall down! I'll die if I fall down! The kind of torn bones."

Excited heart, shaking hands, Zhang Chong trembled all over.

He, a child who came out of the old forest in the northeast, is not afraid of any fear on the land, but of heaven.

"....."

Qin Yuan is speechless!

But fortunately, the parachute was opened.

The lives of the two were finally hugged.

"Fuck! What's the matter with this parachute? Why is it slowing down so slowly?"

However, in the next second, Qin Yuan discovered a more terrifying problem!

He was surprised to find that the speed of the parachute had decreased very slowly!

what does this mean?

This means that the two of them are likely to land at a very fast speed.

This is so deadly!

Qin Yuan was anxious immediately.

"Brother Yuan! What's wrong with this parachute! It seems that I can't bear the weight of the two of us?"

Qin Yuan and Zhang Chong are both tall, with muscle knots, and they are both very heavy.

Both people add up to almost 400 catties!

Although the limit of this parachute, it can bear a weight of 500 kg.

But this is only theoretical data after all.

It's like an ordinary car can exceed the limit speed of 240KM per hour, but once it reaches the speed of 200 kilometers per hour, I am afraid that the car will have various problems, such as tires slipping, and the direction of the car is not easy to control.

Although it won't happen!

But it has been able to affect driving.

Now Qin Yuan and Zhang Chong are like this.

The combined weight of the two people is close to 200 kg, and the umbrella has exceeded the safe height.

The current parachute can't give full play to his perfect performance.

"What can I do with Brother Yuan! I, I don't want to die! I'm not married yet, and I haven't married a wife yet! I haven't tasted a woman yet! Woo..."

Zhang Chong was so scared that he yelled There was no way.

He was really scared!

"Don't cry! Can crying solve the problem?"

Qin Yuan was very upset.

felt it carefully, the current landing speed is not too fast.

If he were alone, even if he hit the ground directly at his current speed, Qin Yuan would vomit a few mouthfuls of blood at most, he should not die.

But the point is, now he still carries a Zhang Chong!

"Yes!"

suddenly.

Qin Yuan's eyes lit up.

He discovered the island in the middle of the lake in the middle of the island!

This small island is surrounded by sea water, but they originally chose a location close to the center area, and now it is too late to return to the edge of the island!

But they can choose to fly towards a more central location!

I did a visual inspection, and it is more than 200 meters above the ground.

"enough!"

Qin Yuan immediately controlled the parachute and flew towards the lake island!

嘭地!

Within a few seconds!

accompanied by Zhang Chong's scream of horror.

Qin Yuan and Zhang Chong fell into the water at a very fast speed.

There is a large wave of waves!

Chapter 642: First come first!

Grumbling.

The waves churned.

Qin Yuan sank to the bottom of the sea, kicked his legs suddenly, and his whole body was like a sharp blade soaring to the sky. He bounced directly from the surface of the water, jumped to the edge of the island in the center of the lake, and hit the ground heavily.

As for Zhang Chong?

poured a few mouthfuls of sea water, and in an instant, he was suddenly awakened from the fear of death.

"Oh roar? Am I not dead?"

Zhang Chong forgot about it excitedly.

For the rest of his life, Zhang Chong's temperament seemed to have changed.

"Right! Brother Yuan! The reason why I didn't die today is because of Brother Yuan!"

Zhang Chong was a violent spirit, and the scenes in the sky quickly flashed through his mind, just like playing a movie, he couldn't stop him at all.

In an instant, Zhang Chong burst into tears again.

no way.

He really can't control his emotions!

Swim ashore frantically, Zhang Chong thumped and knelt down in front of Qin Yuan, "Brother Yuan! Your great kindness, Zhang Chong is unforgettable! In this life, I will die!"

"Bald, what are you doing?" Qin Yuan couldn't help laughing or crying when he saw this.

pulled Zhang Chong up.

Zhang Chong still wants to resist, but how can his strength be Qin Yuan's opponent?

Under Zhang Chong's horrified gaze, Qin Yuan easily pulled him up.

"Bald, now is not the time to be hypocritical! Clean up your mood and get ready to fight!"

Qin Yuan glanced around and found that several people were already staring around.

Obviously, I want to eliminate them!

But fortunately, the game has not officially started yet!

"This time, the opponents are all very powerful! Among them, there are a few veterans, even if they are better than Xiang Yu, they are not much better than Xiang Yu! You guys, be careful! Encounter them alone, only outsmart, Understand?"

Qin Yuan exhorted.

"I know Brother Yuan! I Zhang Chong must keep your teachings firmly in mind!"

Zhang Chong nodded respectfully.

Qin Yuan was slightly surprised.

After this lesson, Zhang Chong seems to have become a lot better to himself?

has obviously changed!

"it is good!"

Qin Yuan smiled faintly.

immediately.

glanced, there were a few bad guys not far away.

There is a provocative taste in everyone's eyes!

The name of the person, the shadow of the tree!

Qin Yuan This is a tree that attracts the wind. Everyone says that Qin Yuan is powerful and incomparable, and it is a super existence at the level of God of War in the Southeast Military Region!

Now that they have such an opportunity, they naturally want to defeat Qin Yuan and become famous in one battle!

After all, members of the Marine Corps don't think they are worse than the Army!

If you don't really fight against each other, they will never give up.

But even so.

There was still someone coming over.

The person here is the famous war wolf, Zhao Ziwu!

Zhao Ziwu's eyes are sharp, with very sharp short hair, his entire popularity is like a rainbow, like a masterful sword that has opened the front, "You are Qin Yuan? The invincible God of War of the Army of the Southeast Military Region? I think that's nothing more! "

Zhao Ziwu's merciless provocation!

did not save Qin Yuan any face, the contempt in his words was very obvious.

"Excuse me, are you?" Qin Yuan raised his eyebrows and smiled coldly, not caring about Zhao Ziwu's provocation.

"I'm Wolf Warrior, Zhao Ziwu! You must have heard of my name too!" Zhao Ziwu snorted coldly, and introduced himself with great thunder.

"War Wolf?" Qin Yuan raised his eyebrows. "I have only heard of Wolf Warrior Squadron. I have heard of Captain Gao Qingsong and Long Xiaoyun. Haven't I heard that the Marine Corps has a lone war wolf? "

"You!" Zhao Ziwu's face turned black when he heard it!

He was taunted by Qin Yuan?

dare to say that he has never heard of his name?

"I said..." At this moment, Zhang Chong said, "Whatever you are! Are you impatient with Nit's mother? Dare to trouble my brother Yuan?"

Zhang Chong was condescending, roaring angrily, and at the same time he spoke, he took the initiative to post, glaring at Zhao Ziwu, and he felt like he just started doing something if he didn't agree with him.

"What are you? Dare to be wild in front of me?" Zhao Ziwu looked at him, suddenly angry!

With a beautiful pusher, Zhang Chong was pushed away directly by him, staggered back a few steps, and almost fell to the ground.

"Fuck! Dare to push me? Die to me!"

Zhang rushed to his feet, rushed forward suddenly, and instantly turned into an angry cheetah, one rushed forward, and his hands were like a praying mantis!

is the mantis boxing that Qin Yuan taught him!

The mantis fist is deadly, and the fist is fierce. Zhao Ziwu can't stand it for a while!

"What kind of weird boxing technique is this? It's so tough?"

Zhao Ziwu couldn't help his eyes widening, with a look of error on his face.

"Huh! This is your grandfather's own boxing technique! Naturally you have never seen a frog at the bottom of the well!"

Zhang Chong snorted, his fists opened and closed, and his punches became more and more fierce.

But Zhang Chong has never been able to defeat Zhao Ziwu with one move!

"What's the matter? Is this guy reacting so fast?"

Zhang Chong quickly discovered the problem.

is that Zhao Ziwu's reaction speed is very fast!

Although Zhang Chong's moves are very weird and difficult to resist, there is no modern fighting routine.

But Zhao Ziwu deserves to be a strong man at the same level as Xiang Yu. His immediate reaction is very quick. Even if he has never seen such a move, he will only deal with it on the spot.

after a moment.

Zhang Chong's attack speed has dropped significantly, and the power of every move and style is not as stable as before!

Qin Yuan saw at a glance that this was Zhang Chong's excessive physical energy consumption, and he could not last long enough.

Against ordinary soldiers, Zhang Chong can use this set of praying mantis boxing no problem!

But when dealing with Zhao Ziwu, it was still a little short of the fire.

As expected!

bang!

Zhao Ziwu banged Zhang Chong into the chest and threw Zhang Chong into the air with a fist, hitting the ground heavily.

"Yellow mouth kid, dare to pretend to be forceful in front of me? See if I don't interrupt your leg!"

Zhao Ziwu is extremely uncomfortable today!

He was already famous in the Marine Corps, but today he was not only humiliated by Qin Yuan, but also called a frog at the bottom of the well by a recruit. How could this make him stand it?

In anger, Zhao Ziwu now only wants to give Zhang Chong a bitter lesson and let her remember this day forever!

Zhao Ziwu yelled, the whole person was like a whirlwind, a whip kick, according to Zhang Chong's thigh, it was kicked!

Qin Yuan couldn't help being very angry when he saw it, "Zhao Ziwu, you are so cruel! You really want to destroy Zhang Chong?"

How harsh is Qin Yuan's eyes?

He saw at a glance, Zhao Ziwu's true purpose!

He really wants to abolish Zhang Chong!

without hesitation!

Just when Zhao Ziwu's whip leg is about to fall on Zhang Chong's thigh!

Qin Yuan kicked it over!

Fast as lightning!

Send later!

directly stamped on Zhao Ziwu's chest!

bang!

Zhao Ziwu only felt that his chest was about to shatter, and he was stunned, he fell heavily to the ground, his face was incredible and unbelievable!

He was actually kicked by Qin Yuan's back leg? ? ?

Chapter 643: It's too late to be happy!

Zhao Ziwu rubbed his chest and suddenly wanted to stand up, but he was shocked to find that he was a little unsteady even standing up!

"What's the situation? Me, my body, there seems to be something wrong?"

Zhao Ziwu was shocked.

He never dreamed that someone could almost kick him scrapped!

On physical fitness alone, in fact, he has been exercising regularly since he was a child, and he is stronger than Zhang Chong's physical fitness!

Zhang Chong's physical fitness can be regarded as a monster in the Marine Corps.

Since he grew up in the mountains and forests, Zhang Chong runs in the mountains and forests every day, chasing prey.

His body muscles, in fact, are comparable to those of a cheetah.

But Zhao Ziwu is even better!

But even so, Zhao Ziwu still lost!

and it was such a complete defeat!

"Zhao Ziwu, you should learn from your comrades, remember to stop, but you want to abolish Zhang Chong? You are so cruel!"

Qin Yuan let out a cold snort, stepped forward and came to Zhao Ziwu.

Zhao Ziwu couldn't help but retreat after practicing, he was actually shocked by Qin Yuan's momentum!

The imposing thing is very illusory!

If he hadn't called Qin Yuan the chief, perhaps Zhao Ziwu would not be timid or afraid!

But being kicked by Qin Yuan, the imposing thing came up!

Now, Qin Yuan can make Zhao Ziwu tremble with a single look and a word!

"You are arrogant! I want to abolish Zhang Chong? He obviously did it first, OK?"

Zhao Ziwu also let out a cold snort!

Although he was shocked by Qin Yuan's strength!

But Zhao Ziwu is not a vegetarian either!

On the battlefield, he has also defeated some opponents stronger than him! Turn defeat into victory!

This allowed Zhao Ziwu to develop a very strong self-confidence.

Take a deep breath, Zhao Ziwu's temperament is restored again!

He no longer looks so weak.

"Qin Yuan, I know you are very strong! But in my opinion, you are only worthy to show off in our army!"

"If you dare to go to the real battlefield, those world-class mercenaries, a single look can scare you to death!"

Zhao Ziwu began to change the subject, slamming Qin Yuan's self-confidence.

Because he knows very well that in modern combat, fighting is in a state!

There is no such thing as internal strength. Even if the state is not good, as long as the internal strength is deep, you can win.

In modern fighting, if you are in a bad state, you will die!

Basically, a short match will result in defeat.

In this regard, Zhao Ziwu is an expert, and now he is attacking Qin Yuan's self-confidence and lowering his morale!

"Small bugs! Zhao Ziwu, do you think that this will affect my mentality and state? It's really funny! I didn't expect a famous Marine Corps member to be so mean and dirty?"

Qin Yuan smiled, he saw through Zhao Ziwu's tricks at a glance.

No way, this strategy is really too low-level.

Zhao Ziwu couldn't help but his face turned black when he heard the words. He didn't expect that his plan would be seen through by Qin Yuan?

After moving his wrists and ankles, Zhao Ziwu realized that his body had recovered 80 to 90%.

Zhao Ziwu couldn't help but snorted, "What a joke! Qin Yuan, do you think I will use such a low-level means to deal with you? You are too self-righteous!" Zhao Ziwu did not feel embarrassed because his tricks were broken.

He tried this trick repeatedly. Although he didn't achieve the corresponding effect this time, he quickly adjusted his state.

"Qin Yuan, this brother of yours is not good, there is a problem with your head, I think you have a problem with your head too!" Zhao Ziwu snorted coldly, moving his feet, his whole leg exerted force, and in an instant, it was like a sharp arrow leaving the string. It shot at Qin Yuan at an extremely fast speed.

"Qin Yuan, I was attacked by you just now. I haven't counted this account with you. Now, let you see the true strength of my Marine Corps wolves!" Zhao Ziwu yelled, and rushed over with great momentum.

"Not only do I like to use three indiscriminate methods, but I also reverse black and white? I'm really ashamed of your Marines! Hahaha... There is a scum like you, Zhao Ziwu? If so, let me replace the Marines. Clean the door." Qin Yuan let out a happy laugh, and he was also angry!

Since entering the barracks, he has not seen a guy like Zhao Ziwu who reverses right and wrong.

Relying on his own strength, but bullying the weak, and even relying on a sharp tooth to reverse black and white.

This completely touched Qin Yuan's bottom line.

punched!

Qin Yuan faced Zhao Ziwu's fist without dodge, but directly bludgeoned him with a punch!

At the same time, Qin Yuan directly exploded with a force of 2000 kg!

Now he doesn't want to care about Zhao Ziwu's life and death!

This fight was initiated by Zhao Ziwu. Since the other party is looking for death, why does Qin Yuan want to be a white lotus? To be the Virgin?

嘭!

sturdy!

Two huge fists collided!

The huge bombardment force was immediately transmitted from the arm!

Qin Yuan easily withstands this powerful impact and counter-shock force, but Zhao Ziwu is not so lucky.

For an instant, Zhao Ziwu's eyes widened.

He opened his mouth wide in horror, his expression unbelievable!

"Fuck! Why is his power so strong? Did I crash into a train?"

After a short fight, Zhao Ziwu immediately wailed in his heart.

followed closely, a surging, majestic force passed from the right fist.

follow closely.

Zhao Ziwu seems to hear the sound of broken bones!

And then--

He couldn't help it fly upside down!

Zhao Ziwu was so scared.

Then, that huge force instantly spread all over his body, with hundreds of limbs.

Then, he only felt his head dizzy, and he knew nothing!

bang!

Zhao Ziwu, who flew out for more than ten meters, crashed and fell on the mud near the island of the lake, and he was unconscious.

"Hi! Too strong, right?"

"Just like that, knocked the famous war wolf with one punch and fainted?"

"It's too abnormal! This is super Saiyan!"

.....

The soldiers lurking around, all their shocking eyes are about to fly out.

They never dreamed that the power of the human body could be so great!

The power of a punch can be so strong!

"This Zhao Ziwu, isn't it dead?"

"Who knows! Such a person is good only if he died! Usually he is so high-minded and indifferent to everyone, I have long been unable to understand him!"

"I can't bear it either! If I couldn't beat him, I would have taught him a lesson! I would have taught him a new life!"

.....

Zhao Ziwu was defeated and fell into a coma.

But most people are very happy!

Because in the Marine Corps, most people are almost bullied by Zhao Ziwu!

Now this guy is in a coma, and they are too happy to be happy!

Chapter 644: Let him know the sinister society!

"Yeah! Speaking of which, we have to thank this brother named Qin Yuan! If it weren't for him, with Zhao Ziwu's powerful strength and his conspiracy, who could solve this scourge?"

"It's not easy to want to thank him? When the time comes, our game is over. Ask him to have a drink, OK?"

.....

found that Zhao Ziwu was knocked out, everyone felt a big heart.

"Brother Yuan, good fight! This deflated thing is so special! It's mean and shameless! This kind of person should be thrown into the river to feed the fish!"

Zhang Chong scolded angrily.

"If it wasn't just because I just crawled out of the water, plus I was frightened in the sky, and consumed huge physical energy, I might not be the opponent of this guy! But Brother Yuan, speaking of it, you are still strong enough! With a shot, that guy can't even hold a punch!"

Zhang Chong smiled, and couldn't help but admire Qin Yuan.

Qin Yuan's strength is simply outrageous!

What's even more ridiculous is that he still wanted to challenge Qin Yuan at first.

Now Zhang Chong has fully understood the huge gap between himself and Qin Yuan.

Moreover, this gap cannot be made up through hard training at all.

"Zhang Chong, this guy is actually not much better than you! He just trained for too long and his skills are better than you!"

"As long as you train more, you can fully realize your potential! In less than a year, you can easily defeat him!"

Qin Yuan thought for a while and said to Zhang Chong.

Zhang Chong's physical fitness, not to mention being in the Marine Corps, even if it's on Spike, is definitely a top-notch player!

How could he lose to Zhao Ziwu if it weren't for the lack of systematic training?

But this kind of gap cannot be caught up in a short while!

Now Zhang Chong, to reach the level of Zhao Ziwu, at least one year and a half of scientific and hard training is required.

If not, it would be very difficult to catch up with Zhao Ziwu.

After all, Zhao Ziwu now almost represents the level of top special forces.

Even the famous God of War Xiang Yu is only slightly better than him.

And some time ago, because of Xiang Yu's injury, his physical fitness plummeted.

It can be said that unless Xiang Yu at his peak has the ability to win against Zhao Ziwu, the others are not enough to watch!

is not Zhao Ziwu's opponent at all!

And Zhang Chong, as a fledgling recruit, has only trained for a few months, and he has already had the level to fight Zhao Ziwu. This strength and potential cannot be said to be amazing.

"Really Brother Yuan? No matter how hard I train, I can surpass this guy?"

Zhang Chong's eyes lit up when he heard it, and the whole person was excited.

As a guy with well-developed limbs and simple head.

Zhang Chong's biggest goal is to defeat all the masters he encounters!

meets Iron Fist A-Gump, he easily defeated!

Even facing Balang now, he can defeat him.

Being able to defeat a powerful opponent is Zhang Chong's greatest joy.

Especially...

is like Zhao Ziwu!

Now Zhang Chong dare not even think about defeating such a powerful goal as Qin Yuan!

But Zhao Ziwu made Zhang Chong very upset!

"Bald, when did I lie to you?"

Qin Yuan smiled, "This Zhao Ziwu is better than you because she has been training for too long! She has been trained since she was a child, and almost never stopped! Of course you can't compare with him!"

"Haha, Brother Yuan! I am relieved with your words!" Zhang Chong was instantly excited like a child.

was affirmed by Qin Yuan, which made Zhang Chong's whole person's state somewhat changed, becoming more confident and more focused!

Because, he already has a new goal!

"Okay, bald! Let's make a call and ask the Dragon Team to pull Zhao Ziwu down for treatment?"

Although Qin Yuan has the ability to heal Zhao Ziwu, I am sorry that Qin Yuan only rescues his comrades in arms.

For Zhao Ziwu, he has no interest in treatment at all!

"Save him? Don't go!" Zhang Chong heard it, and suddenly he curled his lips, "Why do you want to save this bastard? This guy is so mean and so shameless! I will never save him!"

"Zhang Chong, the current Zhao Ziwu is almost no different from the waste. For such a waste, we should be more magnanimous." Qin Yuan chuckled lightly and said in a low voice.

For Zhao Ziwu, Qin Yuan originally had a little favor!

But now, after briefly chatting with the other party, after learning about Zhao Ziwu's personality, of course, Qin Yuan has no good impression on Zhao Ziwu.

"Waste? Brother Yuan, what do you mean...what do you mean?" Zhang Chong suddenly felt excited when he heard it.

Although he has a simple mind, it does not mean he is stupid!

Some simple truths, he still understands one point!

"Brother Yuan, you mean that after he was punched by you, now he has no combat effectiveness? Or in a short time, he can no longer use force?"

Zhang Chong blinked his eyes and said with a smile.

"I didn't say anything. This guy hit me with a punch. He was the first to attack. I just punched him. His own physical fitness is too poor and his skills are not as good as others. What consequences have nothing to do with me!"

Qin Yuan smiled, very happy.

There are some things, but I don't say it if I see it through, but it's too clear than what I said. is more interesting!

"Haha! Understand Brother Yuan!" Zhang Chong nodded his head in a hurry, and said with a big smile, "Brother Yuan, if that's the case, then I won't care about this rubbish! We normal people, how can we compete with a disabled Isn't this bullying!"

Then, Zhang Chong happily dialed Long Baichuan's phone.

As a member of the exercise, he has the authority to talk directly with his superiors during the exercise.

After all, once a major accident happens, do not contact your superiors, if something goes wrong, who will be responsible?

Zhang Chong briefly reported the situation with Long Baichuan, and then the two left Huxin Island.

After a while, a medical soldier rushed over and carried the unconscious Zhao Ziwu onto a stretcher for emergency treatment.

just in the studio, everyone in Long Baichuan is very puzzled!

How did Zhao Ziwu get on the bar with Qin Yuan?

They ordinary soldiers don't know how powerful Qin Yuan is!

But Long Baichuan is very clear!

Otherwise, they wouldn't ask the great ***** Qin Yuan to come to the sea training ground to help!

"Baichuan, let me say that Zhao Ziwu suffers a little loss, which is good for him! You may not know that he lost to Xiang Yu in the qualifiers of the last Mars competition. It has been so long. I didn't let it go! This kind of soldier should give him some hardship and let him know the sinister society!

WISCO took a sip of Longjing and persuaded him with a smile.

Chapter 644: Crocodile

Hearing this, Long Baichuan also shook his head. In fact, he didn't take this matter very seriously. Before, he still wondered if Zhao Ziwu could also join the Dragon Shark team, but now he sees it. In this case, Zhao Ziwu still needs to hone it.

But anyway, they already have enough manpower to participate in the Mars competition this time. It doesn't matter if one more Zhao Ziwu and one less Zhao Ziwu.

"Okay, let's continue watching."

Wugang chuckled, and then continued to drink tea.

At this time, after Qin Yuan and Zhang Chong directly eliminated Zhao Zilong, they also continued to act. After all, they still need to reunite with others.

However, except for people like Qin Yuan who are very confident in themselves, everyone else will choose to be around the island instead of directly choosing this center. After all, they also know that in the center of the island, although the geographical environment is better, it is easy to gather with your teammates, but it will inevitably become the target of public criticism and be seen by everyone.

So at this moment, Qin Yuan was still clean.

But this punch is a bit unbearable, and said to Qin Yuan:

"Brother Yuan, why is no one here?"

"It's okay, we'll just wait here, anyway, there is still a certain amount of time, take a good rest, even if we don't find other people, other people will come to us."

Qin Yuan is not worried at all. Anyway, according to the rules of the exercise, the range of activities around this area will become smaller and smaller. They are already in the most central position, and other people will find here sooner or later.

When I saw Qin Yuan, he actually lay on the ground and was basking in the sun. Zhang Chong was also speechless for a while, but he didn't have the leisurely mind of Qin Yuan, so he said directly to Qin Yuan:

"Brother Yuan, you are waiting here, I will go and see if there is anyone else!"

And Qin Yuan also nodded. He was not very worried about Zhang Chong's safety. As long as he didn't meet a super master like Zhao Ziwu, Zhang Chong's own strength was enough.

But Zhang Chong saw Qin Yuan agree to come down, and also rushed to the surroundings. He wanted to find other people, but after searching for a circle, he still couldn't find it. After all, the island is not big. It's not too small. The thirty of them are scattered on this island, just like the sesame seeds on a big pie!

What's more, these people are well-trained soldiers. If you sincerely want to hide yourself, it's really not easy to find them.

But after Zhang Chong looked around, he found nothing at all, and he had no choice but to go back. However, at this moment, he suddenly widened his eyes because he saw a run out from the center of the lake. The monster with sharp mouth and fangs rushed towards Qin Yuan!

"Brother Yuan! Be careful, there are crocodiles!"

Zhang Chong couldn't help but screamed like a woman. He couldn't think of it. Isn't the sea around here? How come there are crocodiles on such a small island?

But I don't know if Zhang Chong's distance is a bit too far. Qin Yuan didn't hear Zhang Chong's words at all. He just turned over and didn't react at all!

"Ah! Brother Yuan!"

Zhang Chong was completely panicked at this time. He desperately ran towards Qin Yuan frantically, and shouted and yelled at the same time, but he had to be hundreds of meters away from Qin Yuan. The crocodile is actually only a few meters away from Qin Yuan!

And even though the crocodile is huge, it runs very slowly, but when hunting, the crocodile is really not slow at all!

Seeing that Qin Yuan's head was about to fall into the crocodile's mouth, Zhang Chong's eyes couldn't stop the tears, how he could not have imagined that Qin Yuan would die in the crocodile's mouth, and die right in front of him!

But at this moment, Qin Yuan's mouth whispered, and he turned over and turned over to the crocodile's side, and then hit the crocodile's big mouth with a fist, actually smashing the crocodile's mouth forcibly. Closed!

The crocodile wailed, as if it had encountered some natural enemy, it kept backing up, and ran away crouching!

And seeing this situation, Zhang Chong was also relieved. He ran to Qin Yuan's front and found that Qin Yuan was still in a drowsy state. He suddenly looked dumbfounded. He really did not expect that Qin Yuan was actually asleep. It's so powerful, it can scare this crocodile away in his sleep!

In fact, Zhang Chong does not need to worry about Qin Yuan's safety at all. After all, for Qin Yuan, as long as there is any place that can threaten his life, this kind of spider reaction will naturally wake Qin Yuan, and the reason why Qin Yuan was able to Sleeping so soundly is because the system has proven that this crocodile poses no danger to Qin Yuan.

But Zhang Chong did not dare to let Qin Yuan continue to sleep like this. He quickly pushed Qin Yuan to wake up, and said to Qin Yuan with a bitter face:

"Brother Yuan, you scared me to death just now. There was a crocodile just now and almost ate you!"

what?

At this time, Qin Yuan, who was a little awkward asleep, was a little stunned when he heard Zhang Chong's words, but at this moment, he glanced around, but smiled, and said to Zhang Chong:

"At first, I thought what you said was a bit ridiculous, how can there be crocodiles here, but now I really believe it."

"what?"

Zhang Chong looked dumbfounded, he didn't understand what Qin Yuan was talking about, but at this time Qin Yuan stood up, shook his neck, and laughed at the crocodiles around him:

"Oh, although I can't find anyone, it is enough to find you beasts to practice hand skills, Zhang Chong, the three on the left belong to you, and the seven on the right belong to me. Let's see who moves faster! "

At this time, Zhang Chong turned his face to look, only to find that he was surrounded by a group of crocodiles in a while!

Zhang Chong suddenly burst into a cold sweat, knowing that they have no weapons on their hands, and there is no good way to deal with these crocodiles.

And just a crocodile, such a group of crocodiles, even if he Zhang Chong, is a bit embarrassed!

"Brother Yuan, let's call rescue!"

Zhang Chong said directly to Qin Yuan, this situation has exceeded the limit they can handle.

But Qin Yuan said to Zhang Chong disdainfully:

"What kind of support is called, you know, we are going to be eliminated by calling support, let these crocodiles be dismissed, I'm still waiting to sleep!"

After saying this, Qin Yuan rushed towards the crocodile!

Chapter 645

When he saw Qin Yuan's appearance, Zhang Chong gritted his teeth, and then rushed towards the crocodile!

At this time, Qin Yuan. Seeing these crocodiles crawling towards him, they also smiled coldly!

The crocodile who was hit in the head by Qin Yuan just now was also among them, watching Qin Yuan's eyes flashed with a cold light, and then immediately bite towards Qin Yuan!

The crocodiles around also took this opportunity to face Qin Yuan. Although crocodiles are not social animals, they still have a tacit understanding when hunting together!

Seeing that Qin Yuan was about to be bitten by these crocodiles, at this moment, Qin Yuan moved, and he dodged his body lightly, evading the attack of the crocodile with great ease, and then the immense power instantly Qin Yuan exploded on his legs, kicked a crocodile heavily, and kicked the crocodile flying out, fell on a rock, and was killed on the spot!

Then Qin Yuan's movements kept moving, and after a few consecutive legs, he quickly solved all these crocodiles!

In the end, Qin Yuan also turned his head, looked at Zhang Chong, and found that Zhang Chong was dealing with three crocodiles alone, and he had fallen into a hard fight!

Although Zhang Chong has the ability to kill wolves with his bare hands, the wolf and the crocodile are completely different creatures after all. The crocodile's bite ability is stronger than that of the wolf! What's more, when Zhang Chong killed the wolf, it was just one, and the crocodile in front of him But there are three, and he has more things to care about.

But Zhang Chong has gone through Qin Yuan's training after all, and his strength has been greatly enhanced than before, so although it is a stalemate now, he has not fallen behind!

It's just that Zhang Chong didn't look into it, and suddenly was bitten by a crocodile's arm. When he saw this, Zhang Chong was completely stunned. He didn't evade, and directly stuffed his arm into the crocodile's. In his mouth, he grabbed the crocodile's throat and shredded the crocodile's throat abruptly!

It's just that the crocodile's teeth also plunged into Zhang Chong's arm, marking a burst of blood!

And this time, Zhang Chong's vitality was also aroused. His iron head skill suddenly broke out, and he slammed on the head of a crocodile that rushed forward, knocking out the teeth of this crocodile. The remaining crocodile was also unable to stand alone, and was quickly resolved by Zhang Chong!

After killing the three crocodiles, Zhang Chong collapsed on the ground, panting violently.

But at this time, he suddenly heard a round of applause, and turned his head to look, only to find that Qin Yuan had already stood aside, and the corpses of the seven crocodiles around him were lying on the ground, constantly flowing out. Blood!

Seeing this situation, Zhang Chong couldn't help but swallowed, looking at Qin Yuan with admiration. He had already spent so much time dealing with the three crocodiles, and he was even injured. Qin Yuan dealt with the seven, but still understatement, I am afraid he has been waiting for him for a while.

"My mother, Brother Yuan, you are so amazing. I thought I was fast enough. I didn't expect that all the crocodiles would be killed by you."

Zhang Chong sighed in shock at this time, but Qin Yuan smiled when he heard such words. This crocodile was really nothing. After all, Qin Yuan could even fly a lion before.

But looking at so many crocodile corpses around, Qin Yuan suddenly had an idea. He didn't know what skills would be gained by recovering this crocodile, so he directly smiled at Zhang Chong:

"How about? Is the arm severe?"

"It's not serious. I deliberately avoided the blood vessels. Although I was bitten and swollen, the bleeding was not very severe."

Zhang Chong didn't think about going to the end with these crocodiles. He also knew that this was a drill and would have to deal with other people later, so the injuries were kept within a certain range.

"Hey, it hurts to be bitten, should we take some supplements? If you know what to eat, you have to take a bite by a crocodile, then you must take the bite back!"

Qin Yuan said to Zhang Chong with a bewildered face, and when he heard such words, Zhang Chong's eyes also lit up:

"Brother Yuan, you want to eat crocodile meat. That is good. I have heard that this crocodile meat is a good thing. I have never eaten crocodile meat since I was a child, and I don't know what it tastes like. of!"

"Hey, let you taste it today. Come on, let's find something and deal with this crocodile!"

"it is good!"

Then Zhang Chong began to look for firewood in the forest on one side, while Qin Yuan dragged the crocodile to the waterside, wanting to clean it, but at this moment, Qin Yuan was moved in his heart and directly This crocodile is included in the space!

"System, recycling!"

"Ding Dong~ The system recovery is successful, please start to choose the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get a world-class super jaw!"

"2, get world-class crocodile strangulation!"

"3, get world-class water walking!"

At this time, seeing these three options, Qin Yuan also smiled slightly. Qin Yuan has already seen the crocodile's biting ability. This super jaw is indeed well-deserved. The legendary animal has the strongest bite force. The stronger crocodile is the hippopotamus.

This ability Qin Yuan was useless when attacking, but after thinking about it, Qin Yuan still found it useful.

After all, Qin Yuan still has the ability of iron teeth and bronze teeth. If you add this super bite force, then no matter what kind of food can be easily crushed in the future.

"System, I choose the first item!"

"Ding Dong, the host chooses successfully and gets a world-class super jaw!"

At this time, following the sound of the system, Qin Yuan suddenly felt that his jaw muscles suddenly changed, as if it had become extremely strong, and some soreness came from him, and Qin Yuan touched it a bit and found that his The bones of the chin have also changed a bit and become better.

"Is this a medical beauty for myself, sharpened my chin."

Qin Yuan couldn't help but come up with a strange idea.

But Qin Yuan looked at the other two options in the system.

This crocodile strangulation technique is obviously a kind of martial arts, but Qin Yuan already has python strangulation technique, which seems to conflict with this skill, so Qin Yuan temporarily gave up this option.

And seeing the last option, the ability to walk in water, Qin Yuan scratched his head a bit. This option seemed useless. After all, Qin Yuan had already acquired underwater breathing and high-speed movement in water. Continue to get this water walk, it seems to be a bit tasteless!

However, Qin Yuan suddenly remembered a picture, that is, don't look at the crocodile looking cold and cold on the water, but once it was placed in the transparent water tank, it was found that the crocodile's two short legs were below. It's constantly fluttering!

Chapter 646: Zhang Chong's road

The ability produced by the system has never been wasteful, so Qin Yuan thought about it for a while, and still recycled this skill!

"System, I choose the third item!"

"Ding Dong, the host chooses successfully and gets world-class water walk!"

And as Qin Yuan acquired this ability, there was an additional message in his mind. Only then did he realize that this ability to walk in the water did not allow him to acquire stronger swimming skills, but could make Qin Yuan in the water. , Just like on the land, running at will.

But you have to know that Qin Yuan can step on any place in the water, which means that he can burst out stronger power in the water than on the land. This is what Qin Yuan cannot do on the land. After all, Qin Yuan stepped on the air without a focus point, and could not be like stepping on the ground, but in the water, he was able to focus everywhere, just like stepping on the ground!

In this way, Qin Yuan is naturally able to do some show operations in the water!

see here. There was also a smile on Qin Yuan's face. Although this ability seemed useless, he still needed to experiment well in the water.

At this time, Zhang Chong also took a wooden stick and walked over, and he directly said to Qin Yuan:

"Brother Yuan, do you want to keep this crocodile skin? It is said that this thing seems to be able to sell a lot of money!"

After hearing this, Qin Yuan also opened his backpack, but when he saw the contents of the backpack, he was stupid. There were a lot of things in the backpack, but none of them were useful.

Don't say I want to keep the crocodile skin, they can't even divide this big crocodile.

After all, this crocodile is several hundred catties, and Qin Yuan can't finish it.

At this time, Zhang Chong also discovered that the situation was not right. He flipped through his backpack and found that except for a flare gun which was more useful, everything else was messy and useless at all.

"Oh my god, what are all these things, nothing useful!"

Zhang Chong couldn't stop throwing the backpack aside, and Qin Yuan also shook his head helplessly, and said to Zhang Chong:

"Okay, we are not here on vacation after all. Without a knife, we can only tear this thing apart."

"Tear it apart?"

Zhang Chong just got out and heard these words. You know, this crocodile's skin is so tough that it can be torn open by hand?

But Qin Yuan smiled slightly, and then directly followed a small wound of the crocodile, with a sudden force, and instantly tore the crocodile in half!

"My God, it's amazing!"

Zhang Chong couldn't help but exclaim at this time, anyway, he knew he didn't have such strength.

And Qin Yuan then tore a few more pieces, processed the crocodile, then put it on the branch, and grilled it. After all, this exercise did not know that it would last for a few days. They had to prepare a little more food.

When they were getting some food here, the sound of flare guns were constantly ringing around, and the two knew that some people around were constantly being eliminated.

"My dear, I eliminated so many people at once. It seems that this exercise will be over soon."

At this time, Zhang Chong heard the sound that kept ringing, and said with a bit of a tongue, but Qin Yuan shook his head and said to him:

"In the beginning, some people will inevitably be eliminated with insufficient response, but as long as the first time has passed, they will soon become calm."

Qin Yuan was right. Soon the flare gun sound disappeared, but Zhang Chong carefully counted and found that there were more than a dozen people eliminated, so there are more than 20 people left. I am afraid that it will depend on others. The way to spend time.

"Brother Yuan, are we waiting here?"

Zhang Chong said to Qin Yuan with some worry, after all, they are in this place, it is simply very clear, but the other people around have secretly hidden, the enemy is dark, they are bright, always feel a little bit in his heart Uncomfortable.

But Qin Yuan lay directly on the side and said to Zhang Chong:

"What's wrong? Although we are special forces, don't forget that this is our internal selection. Then we must have absolute strength to suppress these in order to convince these people. I am not afraid that these people will unite against us. , On the contrary, it saves trouble, and even if you are in an international competition, people from other countries will unite and target our Yan Nation. This will give you a little drill in advance."

Zhang Chong also nodded when he heard this. Before, he had also heard those seniors who had participated in Mars said that there were indeed many countries targeting them Yan Guo.

And Qin Yuan said faintly: "Since you want to be the number one in the world, you must have a domineering attitude as the number one in the world. Surprisingly winning and defeating the strong by the weak. Those who have insufficient foundations will do such things. Such a person can only win for a while, not a lifetime, so all we have to do is to completely defeat some people in terms of hard power, understand?"

Hearing such words, Zhang Chong was also full of enthusiasm, stood up excitedly, and said loudly: "Brother Yuan, I understand! When that happens, he will cut all the deflated calves to death!"

"Yes, keep that momentum!"

Qin Yuan also smiled slightly and nodded in satisfaction.

In fact, in Zhang Chong's group of people, Zhang Chong's individual strength is the strongest, and his physical fitness is also the best, but Zhang Chong's brain often can't turn around. He always feels that he is not very smart and wants to let him Be smarter yourself.

However, Qin Yuan let Zhang Chong take another path. Since he was not smart enough, he would directly use his strength to destroy all the cleverness, and he would be invincible!

And Zhang Chong was also extremely serious, and said to Qin Yuan:

"Brother Yuan, if this is the case, then I also have to seize the time to improve my physical fitness. If I can be as strong as you, I don't need to be afraid of other people."

Qin Yuan nodded, but he glanced around, but said to Zhang Chong:

"Your idea is right, but don't worry now, there is a person on the tree over there, knock him down!"

When he heard this, Li Wei who was hiding in the tree was shocked. He originally wanted to hide here and wait for work. When the time comes, those people will consume the physical strength of Qin Yuan and Zhang Chong, then he will be able to directly The fisherman made a profit, but who would have thought that he would be discovered now!

Chapter 647 Sudden Task

"Escape!"

Li Wei was clever and immediately jumped off the tree, and Zhang Chong also had a glare in his eyes, and suddenly chased him up.

After all, they have booked all 8 places this time. As long as they are not their own, they are enemies, and all of them will be eliminated!

And Li Wei just now has seen how Zhang Chong grilled crocodiles. Although he did not see how Zhang Chong and Qin Yuan killed all these crocodiles, since these people can kill a crocodile with bare hands, then It must be very capable.

Moreover, Zhang Chong's whole body is full of muscle bumps, it seems that he is much more threatening than Qin Yuan!

But while running, Li Wei suddenly turned his head and shot a small arrow directly at Zhang Chong. This bow and arrow was made by Li for himself using the surrounding materials!

It's a pity that such a soft bow is of no use to Zhang Chong, he just pushed the arrow to the side, and then directly caught up with Li Wei, facing Li Wei, it was a ravages!

"Oh, hero, don't slap your face!"

Li was screaming, and soon Zhang Chong got the flare gun from this person and fired it directly, eliminating this guy.

After Zhang Chong eliminated this guy, he immediately ran towards Qin Yuan's position with a look of excitement, but at this moment, he suddenly widened his eyes and suddenly shouted:

"Brother Yuan, be careful behind your back!"

At this moment, Qin Yuan just turned around without rushing, and sure enough, behind him, there was a person officially holding a wooden stick, about to knock at Qin Yuan, but Qin Yuan punched directly, instantly Break the wooden stick, and then say to this person: "Do you want to continue?"

"Nonsense!"

This new person is not a vegetarian either, although Qin Yuan directly smashed the wooden stick he prepared with a punch, which surprised him a bit.

But such hard qigong is not very rare in the Marine Corps, so he rushed towards Qin Yuan again.

But seeing such a situation, Zhang Chong, who was on the side, couldn't stop covering his eyes. What a heart of this person, he had the courage to fight Qin Yuan!

If you know the crocodiles around you, it's a proof!

Qin Yuan's face was also full of helplessness, and he hit the man's forehead with a punch, and instantly knocked him out. Then Qin Yuan collected flare guns from this man and knocked him out. Drop.

But just staying here, Qin Yuan also feels a little bored. After all, he is always attacked by these people and feels a little irritable, so it is better to attack directly and eliminate all these people and end this exercise!

And as he came up with such thoughts, a voice suddenly came to his mind:

"Ding Dong, the system releases tasks. In this exercise, eliminate half of the opponents and get a grid."

Yep?

When he heard this voice, Qin Yuan was stunned. There is such a good thing. Isn't this too simple for Qin Yuan?

But Qin Yuan thought about it carefully, but his eyes widened suddenly, as if things weren't so calculated!

You need to know that there were 38 people in total before. If Qin Yuan wants to eliminate half of the people, 19 people will be eliminated.

However, the sound of the flare guns rang so many times before, and there are still a few of them who are companions who cannot be eliminated. This means that Qin Yuan is afraid to eliminate all the remaining people before he can get this lattice!

"I go!"

Qin Yuan suddenly became anxious. Regardless of other things, he said directly to Zhang Chong:

"Bald, follow me, take the initiative, and eliminate everyone else!"

And Zhang Chong was also taken aback when he heard this, but he subconsciously executed Qin Yuan's order, and immediately took his own things and rushed out with Qin Yuan!

And Qin Yuan glanced at the system. He killed 5 people just now, but now there are still 14 people who need to be killed, and now there are 24 people alive, and seven of Jiang Xiaoyu and others are eliminated, then Qin Yuan There is really not much room left!

Qin Yuan was also anxious at this time, but he knew that Xiang Yu, Liu Xiaoshan, Deng Jiuguang and others were not vegetarians. If these people were to kill a few more, then he would not be able to finish it, and he could not control himself. Kill your teammates to complete the task! ?

But at this moment, the sky was getting darker and darker, but Qin Yuan's eyes lit up directly. If so, he would fall into his environment!

still have a chance!

Qin Yuan directly turned on the thermal imaging ability and night vision ability, and then the whole person quickly turned into a whirlwind, rushing towards the surroundings!

At this time, Wugang and Long Baichuan, who were drinking tea in the monitoring room, were looking at the monitor leisurely, but at this moment, they suddenly heard a sound:

"No. 34 is eliminated!"

"One card is eliminated!"

"23 eliminated!"

When they heard this series of sounds, the two people's eyes suddenly widened. What is going on?

It is reasonable to say that the current high-speed elimination period has passed, and the night has fallen, everyone will inevitably be lurking and reduce conflicts. Why at this time, the sound of elimination is constantly sounding?

"Hurry up and see what's going on?"

At this time, the two people hurriedly checked the location of these eliminated people but they were surprised to find that although these people are very close, they did not feel that they were a bunch. This also means, It was not that these people united and were eliminated by a powerful opponent, but scattered and were hunted down!

"Oh my god!"

At this time, the two looked at each other, and suddenly they remembered Qin Yuan. I am afraid that only Qin Yuan has this strength!

"But it's already night, how did he find these people?"

"How do I know that there is no night vision in the weapons we are equipped with?"

At this time, the question mark of the two people's head is full of puzzles.

At this time, Zhang Chong was almost exhausted. He really didn't expect that, just following Qin Yuan, he didn't need to do anything at all, and he could be so tired.

After all, no matter who you meet, as long as it is a face-to-face, Qin Yuan will eliminate the opponent, but just following Qin Yuan, Zhang Chong is too tired to vomit blood!

"Yuan... Brother Yuan, slow down!"

Zhang Chong felt that his lungs were about to run out at this time, and Qin Yuan saw Zhang Chong's appearance and said to him:

"But hold on, learn to be patient, you know?"

"Patience?"

Zhang Chong was suddenly crying without tears, he understood now. Why did Qin Yuan say that he would never be in a team with them at all, just like this kind of strength gap, they can't be in a small team at all!

Chapter 648: The drill is about to end

Seeing Zhang Chong's appearance, Qin Yuan also shook his head, but he didn't have extra time to waste here, so he said directly to Zhang Chong:

"You stay here well, try to keep up, I will eliminate all the others first!"

Hearing such words, Zhang Chong was taken aback, then gritted his teeth and continued to follow along. Although he couldn't do it with Qin Yuan, if he couldn't even follow Qin Yuan, wouldn't he? Too incompetent!

And Qin Yuan looked back and showed a slight smile, sure enough, it is still very valuable for cultivation.

But Qin Yuan's speed is still very fast, and it is getting faster and faster, and he observes these people around him, as long as Qin Yuan is watching, no one can escape!

easily eliminated some people around, and then fired the flare gun in his hand!

At this time, Liu Xiaoshan and Jiang Xiaoyu, who were on the side at this time, were trembling in their hearts as they watched the constant sound of the signal guns. How many people have been eliminated one after another?

But at this moment, the eyes of the two of them were narrowed, because they had noticed it, and it seemed that someone was squatting over them!

However, Liu Xiaoshan was not afraid at all, and even made a strong move first, and slammed it directly towards the place where the opponent was hiding!

And the other party knew that he had been discovered, and immediately began to tremble with Liu Xiaoshan!

Although this person is not as strong as Liu Xiaoshan, he is not weak. He has three tricks and two tricks. Liu Xiaoshan really can't easily win the opponent!

But at this moment, Liu Xiaoshan's eyes suddenly stared, and suddenly he saw a black whirlwind rushing out from one side, and then fell directly on the hapless man on the opposite side, and the local fainted the hapless man. Past!

"Haha, it's done!"

At this time, Qin Yuan fired this person's flare gun, and then said to Liu Xiaoshan who was opposite:

"Oh, I finally ran into you. Why did you just get here? Didn't you go to the center to meet?"

At this time, Liu Xiaoshan and Jiang Xiaoyu looked at Qin Yuan in a daze. They couldn't imagine that Qin Yuan would directly rush over to **** their heads!

At this time, Zhang Chong followed behind, and this was the only way to chase up. After he chased him, he clicked, just lying on the ground, panting violently, feeling like he wanted to breathe out his lungs. !

But seeing this situation, Liu Xiaoshan and Jiang Xiaoyu were also shocked. They didn't know what the two men were doing?

But Qin Yuan didn't care about these two people, but heard the voice in his mind:

"Ding Dong, the host has completed the task. In this exercise, half of the opponents are eliminated and a grid is obtained."

Haha, the grid is here!

And at this time, they also suddenly heard the voice of Long Baichuan around:

"There are still 10 surviving people, and because the survival progress is far beyond our plan, we are now making a temporary decision to reduce the range of activities for everyone, so from now on, everyone will try to go to the central area within two hours. , We will narrow the scope, and once there is no way to enter the central area within the specified time, all will be eliminated!"

There are still 10 people alive at this time, which means that besides these 8 people, only two people are still there!

And hearing this, Liu Xiaoshan and Jiang Xiaoyu who were on the opposite side were completely stunned. They originally thought that this exercise could last a long time, but upon hearing this, it was obvious that the exercise was very long. It was about to end soon, and when they saw Qin Yuan's appearance, they could clearly estimate that Qin Yuan did it all by himself!

"My dear, Qin Yuan, how many people did you kill!"

At this time, Liu Xiaoshan asked Qin Yuan in amazement, and Zhang Chong finally took a sigh of relief at this time, and then said to Liu Xiaoshan:

"My mother, I don't know what the madness of Brother Yuan is, I guess he killed at least 20 people!"

hiss!

"Gosh!"

Liu Xiaoshan Jiang Xiaoyu immediately took a breath of air-conditioning. Although they knew Qin Yuan was very strong, they had never seen Qin Yuan making a full shot, but this time, they had seen Qin Yuan with their own eyes. What a horror!

You know, these people who can come to participate in the selection, even if they have not reached the level of Liu Xiaoshan, but there is not too much difference. Just like the person just now, they can also play dozens of tricks with Liu Xiaoshan, but In Qin Yuan's hands, these people still existed with a flash!

"Why, I just killed 19, but it was pretty good. This time our game is about to end! We can go back and have a good meal. Oh, yes, I'm still in the center for you I have prepared crocodile meat, but then I have to taste it!"

And I heard these words Liu Xiaoshan and Jiang Xiaoyu were speechless for a while. Qin Yuan didn't chase these people at the beginning for a long time, but did these things later?

This also means that Qin Yuan spends less time.

This makes them look at Qin Yuan's eyes, just like looking at a monster, how powerful this person is!

"Qin Yuan, you are so amazing, you can eliminate so many people in such a short period of time, I am completely convinced!"

At this time, Liu Xiaoshan arched his hand directly at Qin Yuan, and said convincingly. Although he had never done anything with Qin Yuan, Liu Xiaoshan still thought in his heart that one day he could have a fight with Qin Yuan. After all, he was like Qin Yuan. Master, even if Liu Xiaoshan knows that he is not an opponent, he still wants to challenge one!

But the current situation has completely dispelled the thoughts in Liu Xiaoshan's mind. After all, the person in front of him is really too powerful. If one person singles out 20 people like himself, then challenge the other party by himself. has no meaning?

Liu Xiaoshan knew that even if he was growing up for a period of time, he still couldn't deal with 20 opponents of the same class as him. Even a wheel fight would not work. Even with Deng Jiuguang, it would be very dangerous, but choosing a person is so. It was so easy to kill so many people, it was beyond their imagination!

"It's alright, let's not do anything here, let's go to the center together, and then weed out the remaining two people, and completely end this game!"

Chapter 649: Observer

After hearing Qin Yuan's words, everyone agreed, and then continued to move towards the center.

However, they looked at Qin Yuan's eyes, always wanting to look at a monster, and along the way, they also met many people who were defeated by Qin Yuan. These people were knocked out by Qin

Yuan and saw these. With the appearance of people, Liu Xiaoshan and Jiang Xiaoyu's hearts trembled even more.

Fortunately, they are Qin Yuan's teammates, not Qin Yuan's enemies. If they face such an enemy, they don't know what to do!

What makes them even more frightening is that they only met four or five on the road, but Zhang Chong said that Qin Yuan had killed 19 people. This also meant that Qin Yuan had been patrolling around here, and was very direct. When I caught these lurking people around!

This is also part of strength, and it is more difficult to train than individual strength!

But at this time, Qin Yuan heard the sound of a fight coming from the front, and after hearing this sound, everyone looked towards the center island and found that there were indeed a few people on the center island. Fight, take a closer look, it is Xiang Yu and others!

"Oh, Xiang Yu is here, then it seems we will be able to end it soon!"

"Kill two more people, and we will be able to end it completely. After the exercise is over, I will cook you a crocodile meal!"

After hearing such words, everyone was also excited. After all, they all knew that Qin Yuan's cooking skills were very good, so naturally they accelerated their pace and quickly boarded the center island!

The person who was fighting with Xiang Xiangyu, saw that someone finally came, was a little flustered in his heart, and yelled directly:

"You don't talk about the rules? You formed a team by yourself. Are you going to deal with me!"

At this time, Xiang Yu sneered when he heard such words, and said lightly:

"It's okay, no one else will shoot, I am the only one you want to fight!"

After saying this, Xiang Yu directly attacked his opponent!

At this time, Wugang and Long Baichuan, who were watching in the monitoring room, scratched their heads a little when they saw this situation!

Because at this time, not only is there a staff officer, but also a chief who is here to inspect!

If this chief is not here, then Qin Yuan can do whatever he makes, but now that he is caught directly, they don't know what to do!

"Two, if this person did this, it is considered a violation. After all, according to our own rules, as long as we encounter them, they are enemies, and this kid will eliminate everyone by himself and lead them directly. The people in the sea training camp won the victory, isn't this unfair to others?"

At this time, a female staff officer on the side of this debut asked directly to Wugang and Long Baichuan.

Everyone knows that the person on the opposite side is definitely not Xiang Yu's opponent. The result of this exercise is already a certainty!

After hearing this, Long Baichuan also slapped his mouth. After all, they felt that the soldiers had to obey orders as their bounden duty and must abide by the rules of the exercise.

But now Qin Yuan is obviously breaking the rules, and the time they had previously scheduled was a 48-hour fight, but now it hasn't even arrived for two hours, Qin Yuan has already ended this exercise!

Then they spent so much effort to decorate this island, what is the point?

But after thinking about it, Long Baichuan also smiled and said:

"I think it's okay. After all, if Qin Yuan can take them to the Mars Military Competition, he will basically be able to get back both the champion and runner-up of the Mars Competition. It just so happens that we can show our Yan Guojun. Human style!

After all, we have not won the Mars Championship for many years, and it happens to be a lesson for those people this time! "

But when this staff officer heard Long Baichuan's words, he said with some dissatisfaction:

"But he still violated the rules. Although his strength is tyrannical, if he doesn't obey the command, isn't he a thorny soldier?"

Stabbing soldiers?

Hearing this description, WISCO and Long Baichuan's brows suddenly frowned, and they looked at the female staff officer with some dissatisfaction.

They know how powerful Qin Yuan really is. People with such strength and military rank have certain autonomy in themselves, and now this female staff officer does not know anything, and even said that Qin Yuan is just A thorny head?

"Counselor Du, do you know? In the previous Mars military competitions, although we Yan people participated, we couldn't even get the top three. This is not to say that we are not strong enough. Do you know the reason?"

At this time, WISCO said to this staff officer Du with a serious face. Hearing these words, the face of this staff officer Du also sank slightly:

"Not because of lack of strength, but because of what?"

"It's because the teams from those countries are all aimed at the people of Yan country. As long as they are a collective project, they will get rid of Yan country first!"

At this time, Long Baichuan said indifferently, and when he heard this, the face of this staff officer Du suddenly became even more ugly: "This...this is not fair!"

"Haha, unfair? Staff Du, , you have to understand, on the battlefield, there has never been such a thing as fairness. There is only you and you, and the reason why I set up this exercise is not just because In order to select people to participate in the Mars competition, more is to make them

realize the importance of unity! After all, I did not say that this time the game cannot be teamed up, so Qin Yuan did not violate the rules at all!"

At this time, Long Baichuan said coldly, and when the staff officer Du heard this, his expression suddenly changed. He just wanted to say something, but he was stopped by the chief.

"Okay, Xiao Du, that's enough. I have a rough idea of who this person is."

"Yes, Commander."

This is after this Counselor Du agreed, he immediately calmed down, showing a calm and calm temperament, just like the person who asked those idiot questions just now, it was not her at all.

Yep?

Hearing this, Wugang and Long Baichuan's complexion suddenly changed, and then they looked at each other, not knowing what was going on.

At this time, Commander Zhang glanced at WISCO and Long Baichuan, but said with a smile on his face:

"In fact, I just want to see what this famous Qin Yuan looks like, but he gave me such a surprise, but I think his ability is very good, so that you can Give him an important task!"

Important task?

Hearing this, WISCO and Long Baichuan suddenly looked straight and realized that something might have happened!

Chapter 650: purpose

"Chief, I wonder if I can ask, what happened?"

At this time, WISCO asked cautiously, and when he heard this, the staff officer Du immediately glared, but the chief nodded and said directly:

"It doesn't matter if you tell you. After all, you have achieved certain results in this research. Then I will tell you directly. There is nothing, that is, we have calculated the law of action of the 303 submarine. Therefore, we are ready to send one. An underwater submarine, go find the location of the 303 submarine."

what?

Hearing this at this time, Wugang and Long Baichuan looked at each other, both of them saw the endless excitement in each other's eyes!

You need to know that the 303 submarine has become a legend in their navy, but now I finally have the opportunity to see what is going on!

"Haha, this is simply great, I didn't expect it to be such a thing, but it is a good thing, and what does it have to do with Qin Yuan?"

At this time, WISCO asked with some doubts. After all, in his opinion, although this matter is very surprising, it seems that there is no connection with Qin Yuan, right?

When he heard such words, Commander Zhang chuckled and said directly to the two of them:

"Why has nothing to do with him? You must know that Colonel Qin Yuan is not only a soldier, but more importantly, he is a researcher, and he is also a very famous researcher. I originally applied for a pair of frogman fighters to guard the inspection team. , It's just that the people above are all recommending Qin Yuan, saying that he is very powerful and is perfectly competent for this mission, so I will take a look. After all, I don't pay attention to these military matters. "

Although he has the rank of commander, this Commander Zhang is a researcher of the Navy. He has obtained merits through research. He has not paid attention to the front-line troops for a long time, so he is also a little curious at the moment. What is this famous Qin Yuan? What it looks like!

And now that I see Qin Yuan's appearance, I am very satisfied. It is like this kind of person who can seize the opportunity and be informal is what he really needs!

When they heard such words at this time, WISCO and Long Baichuan were taken aback at first, and then they were a little excited, and directly asked Commander Zhang:

"Chief, this is a great thing!"

"Good things are indeed good things, but these things are still very dangerous, because according to our calculations, the 303 submarine rarely appears in our waters, that is to say, we have to go to the high seas, and this time We not only need to complete the research on the 303 submarine, but also complete a series of test firing activities on the weapon. It is not certain what we will encounter. Naturally, we need to take a closer look."

Commander Zhang also said with some sighs. After all, they were not on a ship, but a submarine, and they would be in the water with this high pressure for several tens of hundreds of meters. In case something went wrong, it was not like other things. The place can be escaped, if something goes wrong, the whole army will be wiped out!

Wu Gang and Long Baichuan also understood these words, but he said seriously:

"It is the duty of soldiers to obey orders. It is our duty to sacrifice for the country. Although Qin Yuan may be a bit suspicion of exploiting loopholes this time, I assure you that he is definitely an excellent soldier!"

"Yes, Qin Yuan is indeed a very good soldier!"

At this time, WISCO and Long Baichuan both said solemnly. After all, both of them knew very well. Although this action was a bit dangerous, once it was done, it must be a great achievement!

Seeing such a situation, Commander Zhang also smiled and said to both of you:

"Okay, there is no such anxiousness, there will be some time, maybe he can even participate in the Mars military competition, then come to my event!"

The eyes of WISCO and Long Baichuan suddenly brightened. They thought that if Qin Yuan was taken away, they would still need to look for a pillar of the back to ensure that this time the competition can win the championship, but now if Qin Yuan is not If they leave, they can save this effort!

"Well, don't worry, I will tell Qin Yuan about this, and according to what I know about him, he will definitely agree to it!"

"Haha, that is naturally the best!"

Commander Zhang also laughed, and then said to the two of them:

"Well, I have already told you what happened, you can find a suitable opportunity to tell Qin Yuan, Xiao Du, you will give Captain Long a copy of the information later."

"Yes, the chief!"

At this time, the staff officer Du agreed, and then went directly to the side of the computer, and started to operate!

While seeing such a situation, Wugang and Long Baichuan also looked at each other a bit, and then refocused their attention on the video.

After all, the current exercise has not ended yet, and they will tell Qin Yuan the news only when the exercise has ended.

While Qin Yuan was on the side at this time, as expected Xiang Yu quickly defeated his opponent, and then they found someone else and finally the meeting was over.

Now they only need to eliminate one more person to complete this training.

But this person has never appeared!

But they were not in a hurry, instead they had the mind to learn from each other. At this time Xiang Yu looked at Jiang Xiaoyu and said:

"Little fish, you fought with me before, do you want to try again?"

After all, according to their previous ideas, this time the task is to eliminate everyone, but since they have decided to unite and get all the places, they naturally don't plan to make a move.

But now in this situation, I'm idle and I'm idle, it's better to have a discussion, the big deal is that after they beat each other, they won't fire this flare!

"Okay, I also want to see how much I have improved during this time!"

After saying this, Jiang Xiaoyu also laughed, and then suddenly rushed towards Xiang Yu!

At this time, Balang, who was observing at this time, looked at Jiang Xiaoyu's appearance, but he was a little bit stunned. After all, he had watched Jiang Xiaoyu and others with his own eyes before entering the sea training camp, but he is also now. Unexpectedly, Jiang Xiaoyu's strength has increased so much, it seems that he can even compete with Xiang Yu!

Although it still seems to have fallen a little bit inferior, it is already very remarkable. In their beast camp, there are not many who can be like Xiang Yu like this!
