

Special Soldier 65

Chapter 65: Fan Tianlei

"What? The target has been captured alive?"

Communicator channel!

I suddenly remembered Qin Yuan's voice!

this moment!

Everyone is stunned!

Qin Yuan is not dead?

But follow along!

The faces of everyone are full of surprises!

It's a good thing not to die!

They thought that the evildoer that suddenly appeared in the military area had just fallen!

"Haha, Qin Yuan is not dead!"

Hades finally couldn't help but laughed out loud.

"Yeah! This guy is not dead! It is really big enough! Such a big explosion didn't blow him up!"

The old fox couldn't help but sigh.

heard Qin Yuan's voice in the channel.

Thor is also relieved!

I just feel relaxed for a while!

Anyway!

Qin Yuan is his comrade-in-arms after all!

There is no hatred among the soldiers!

There is only a contest between open and secret!

Convinced and not convinced!

Once the dispute has a result and everyone's position is determined, then this contest will end!

Thunder God is indeed aggrieved by the appearance of Qin Yuan!

After all, Qin Yuan has achieved the reputation of being a super soldier under the prestigious name of the Thunder and Lightning Commando!

Their lightning assault team has become a stepping stone for Qin Yuan's rise!

has always been arrogant, and has long proven his thunder war with countless achievements. How can he be convinced?

Thor has always wanted to find a chance!

Prove yourself well!

but now--

Qin Yuan once again proved himself with almost god-like strength!

"Single-handedly, alone, a criminal who swept a villa!"

"This Qin Yuan... is really unprecedented! The first person in the military region!"

Thor is in his heart, giving such an evaluation!

"As long as he does not fall, our Southeast Military Region will definitely become the First Military Region of Yan Country in the future!"

At this moment, Thor is full of pride!

After confirming that he is indeed inferior to Qin Yuan!

Thor is finally completely relieved!

"Young, handsome, and capable—nearly invincible! It is the honor of our military region that such talents can come to our southeast military region! I should be happy! I believe that it will not take long for the prestigious name of our southeast military region to spread throughout the entire region. The world?"

Thor's heartfelt smile, looking forward to the future!

"Old fox, Yama...Let's return quickly!"

Thor immediately ordered his return!

"Yes! Thor!"

Everyone immediately responded in the channel!

Zhuang Yan also led the team back immediately!

after all.

Fatty Liu was caught by Qin Yuan!

What are they going to do now?

A waste of time?

As for Enron?

At this moment, she is running with Anfisa in the jungle!

"Qin Yuan, Qin Yuan, don't have any trouble!"

An Ran is almost worried.

"Violet, are you so worried about that little white-faced brother?"

Anfisa easily followed, chuckles deliberately.

When she heard it peacefully, she gave her an angry look, "Xiao Fei, what time is it now, don't make any jokes."

"Hahaha, yes yes yes, Xiao Ranran, I think too much. You are worried about your comrades and your compatriots, so you are so nervous, hehe." Anfisa suddenly changed his tone. Continue to laugh.

"Hmph, I'm not telling you! Xiaofei, let's move separately, anyway, there is no danger in this jungle now, and it is more likely to look separately!"

An Ran snorted, and deliberately did not look at Anfisa's eyes, as if she was afraid that she would find any clues.

"No, I don't want to be separated from Xiao Ranran."

When Anfisa heard it, she was immediately unhappy, and followed An Ran briskly, without any intention of separating.

An Ran couldn't help but sighed helplessly...

This Anfisa is good!

is too sticky!

unknown!

I am afraid that outsiders will think this woman is a same-sex L!

But I know that Anfisa is actually just a child's temper, and An Ran doesn't care too much.

had to follow her!

And, under Fatty Liu, she has a close relationship with Anfisa, making them gay, which can save a lot of trouble!

In this way, many men who want to take advantage of it will take the initiative to retreat!

And Anfisa is strong!

The two teamed up, not to mention those ordinary thugs, it is Fatty Liu himself, not an opponent!

and so--

This is also one of the reasons why Enron has been performing undercover tasks for so long and can protect herself.

"This Anfisa..."

An Ran felt that she was really convinced by her!

"Qin Yuan, Qin Yuan, I sincerely hope that you will never have an accident!"

Anran moves forward fast!

But at this moment--

suddenly!

A figure in the distance is rushing!

An Ran and An Feisa were suddenly shocked, they couldn't help but their beautiful eyes turned round!

"What a fast speed!"

The two were surprised!

Next second.

come, stop!

I saw Qin Yuan, who was dirty and dusty, carrying a fat pig in one hand!

"Qin Yuan?"

An Ran saw Qin Yuan, his eyes lit up!

"Oh, my handsome brother, you finally showed up! I knew you would not die!"

Anfisa also brightened his eyes, and chuckled in admiration.

As for Qin Yuan?

In fact, a big hole was just made from the entrance of the underground passage!

For the first time, Qin Yuan urged his night vision and thermal imaging to determine the location of Enron!

Then--

Come here as soon as possible!

no way.

Everyone else has a communicator.

Only An Ran did not know that he had caught Fatty Liu!

Qin Yuan can't let An Ran run all over the mountains in the jungle, right?

"Sister An Ran, the target has been captured by me." Qin Yuan smiled lightly and raised Fatty Liu in his hand, "Shall we go back?"

"Wow, handsome brother, you have so much strength!" Anfisa looked at her admiration, and she took the initiative to come over, "Handsome brother, I have a doubt. I remembered you in the room. In the face of me, has no resistance at all. How can it be effortless to extract a 200-jin fat pig now!"

Qin Yuan smiled, "It was I who let you back then~"

"Oh? Really?" Anfisa lifted her eyes, expressing her disbelief!

The original Qin Yuan...

She can obviously feel it!

Qin Yuan is resisting!

But his resistance was futile!

just...

Anfisa thought again!

In just a few days, Qin Yuan went from an ordinary college student to a super strong, super strong!

This is even more impossible!

"Handsome brother, you are very mysterious~~" Anfisa smiled deliberately and didn't say more.

then!

Qin Yuan leads Enron and Anfisa back!

at the same time!

Fan Tianlei, who is far away in the military area, is waiting anxiously!

He paced back and forth in the room, non-stop!

In fact, he is also very worried about asking Qin Yuan to perform actual combat tasks now, and he is also taking a gamble!

The phone rang suddenly!

Fan Tianlei answered the call immediately!

"What? The mission has been successfully completed???? How is it possible! According to the combat plan! You should have just started the action now, right???? How did it start and it was over?

Fan Tianlei suddenly looked confused!

Rao is the chief of staff who has been for so many years! !

can't figure it out!

What happened in this mission!
