

Special Soldier 651

Chapter 651: Siege

Is this the charm of the sea training camp?

At this time, Balang thought of this, but there was some bitterness in his heart. After all, Xiang Yu before, but planned to take him to the sea training camp for training, but in the end, Balang refused, after all, he couldn't bear it. These people in the beast camp.

But now seeing Jiang Xiaoyu's reborn change, Balang said in his heart that he didn't envy him, it was fake.

and Balang knows that he is the weakest among the eight people!

This is also a serious blow to Balang's confidence!

So at the moment, Barang also gritted his teeth and made up his mind that he must not be a shortcoming in the Mars training competition, even if he died, he could not hold back his teammates!

And at this moment, Qin Yuan felt a little itchy hands watching the movements of these two men, so he stood up like this and said to the people in front of him:

"Since I plan to have a good discussion, do you want to give me a few shots? I won't bully you, let you go together!"

Ok?

Hearing this, everyone immediately became interested!

After all, in normal sea training camps, Qin Yuan spends most of his time not very active, that is, he will give them some demonstrations when guiding them. Although he knows that Qin Yuan is very powerful, he has never seen him. Over.

But just now they had clearly seen how powerful Qin Yuan was. In such a short period of time, so many people were eliminated, and the extremely powerful intuition made people feel a little scary!

But as a soldier, they are naturally willing to challenge the peak. Since they have not done anything with Qin Yuan, and Qin Yuan now gives them a chance, naturally they have to seize it, even if they are not opponents, they have to give it a try!

"Okay, then you have to be careful, let's go together!"

Deng Jiuguang and Liu Xiaoshan also had their eyes glowing, and Xiang Yu and Jiang Xiaoyu didn't fight either. After all, the two of them had fought before, and they knew the bottom line. They didn't mean anything. How can they deal with Qin Yuan together? Exciting?

So they just prepared a little bit, and then rushed towards Qin Yuan together!

Yang Yong, who was only hiding in the distance, was a little dazed when he saw this situation. What does this mean?

In fact, he has been here since the beginning, and Yang Yong is very confident in his hidden skills. He plans to wait until everyone has the least number of hits before going out to see if he can get a place.

It's just that Qin Yuan's actions were too fast later, but he was half scared to death, so Yang Yong completely dismissed the idea of going out, and waited until the time was up to talk about other things.

So he just stayed here, but he was in a better position, and he could clearly see what Qin Yuan was doing.

At the beginning, Yang Yong saw these people talking, laughing, and even eating, and his heart sank. It turns out that these people are already in a team, which means that this place has already fallen. These 8 people are on their bodies, and as long as they find themselves, the exercise is over!

And Yang Yong had just planned to go out and surrender, but he saw that this group of people actually fought by themselves, and they were fighting so fiercely!

7 people play one together!

Originally, Yang Yong was still thinking whether this guy said something wrong, so he was taught by these people together, but later discovered that it was not like this!

The besieged man is terribly strong!

Yang Yong is also a good player, and he can naturally see that the strength of the seven besieged together is not bad, and most of them have already surpassed him!

But 7 people shot together. When facing the man, there was still no resistance!

At this time, Qin Yuan did not use too much power, but slightly suppressed himself to discuss with these people, and then even if there was no one to meet, he gave these people away!

But these people are not vegetarians. Jiang Xiaoyu's words are easy to say, and like Xiang Yu and Liu Xiaoshan Deng Jiuguang, the attacks of the three are extremely sharp, making Qin Yuan barely feel a little pressure!

But this is just a trace of pressure. As long as Qin Yuan is serious, he will be able to kill all these people soon!

But at this time, Liu Xiaoshan snorted, winked directly at the person on one side, and then he grabbed one of Qin Yuan's hands when he ignored him, and Zhang Chong on the other side also grabbed the opportunity. Staying on one of Qin Yuan's feet, the last few people worked together in a division of labor, and they actually wanted to suppress Qin Yuan!

And when Xiang Yu saw this situation, he took a sigh of relief. He knew that as the last blow, if this punch could hit Qin Yuan, then they would still have another chance to win. No, it means that the 7 of them are going together, and they are not Qin Yuan's opponent!

"Drink!"

Xiang Yu also knew that Qin Yuan was powerful, so he dared not keep his hand with this punch, and directly slammed Qin Yuan in the chest!

This punch Xiang Yu can be regarded as taking out all his mental strength' He feels that this punch is stronger than all his previous attacks!

"Boom!"

This fist hit Qin Yuan firmly, but seeing this, everyone was stunned, really hit?

However, there was no change in Qin Yuan's face, and there was still a smile on his face. But when he saw this, Xiang Yu felt a little panicked. Are you hurt?

But as soon as this thought appeared, he suddenly felt that a fist appeared in front of him, slapped it, and was knocked out, and the 6 people around him suddenly became staggered and were thrown out!

After Qin Yuan threw all these people out at this time, he clapped his hands with satisfaction and said to these people:

"It's not bad, you have made a lot of progress these days, and you can already hit me!"

When they heard such words, everyone was speechless for a while, sure enough, Qin Yuan was still the same Qin Yuan, a monster of Hong Guoguo, and not at the same level as them!

And Qin Yuan moved his muscles and bones, and felt a little happy, so he directly said to these people:

"Okay, then we won't play anymore, we just split up to see if we can find the hidden person and let this exercise be over!"

When they heard this, these people also nodded, then rubbed the area hit by Qin Yuan and moved towards the surroundings!

Chapter 652: New journey

But at this time, Yang Yong stood up helplessly when he heard such words. After all, there is no point in continuing to hide. The strength of these people is really too strong, except for the possibility of winning by the name Balang. He can't beat anyone.

As for the person named Qin Yuan, he is even more terrifying, so don't waste everyone's time.

And as Yang Yong fired his flare gun directly, the voice of Long Baichuan also rang directly around:

"I announce that now the exercise is over and everyone will bring it back in an orderly manner."

When everyone heard this voice, they all showed a smile, and then they were going to the Mars competition to see.

Qin Yuan also smiled slightly, although he has no obsession with this Mars competition, but he may participate in this competition and get certain tasks, then it will be cool!

Ten minutes later, everyone gathered together and started to announce the final winner!

"The representatives of Yan Guo participating in the Mars military competition this time are: Qin Yuan, Xiang Yu, Liu Xiaoshan, Deng Jiuguang, Jiang Xiaoyu, Zhang Chong, Lu Yan, Balang, congratulations to these eight comrades!"

"And these eight fighters will be divided into two teams to participate in the Mars Military Competition!"

Hearing such words at this time, the people around them all looked at Qin Yuan in front of him with a very strange look. After all, most of them were eliminated by Qin Yuan.

And now the people in Qin Yuan's team have stayed until the end. Although they feel a little uneasy and feel a little cheating, Qin Yuan's crushing combat power really makes them have no desire to make trouble.

What's more, many of them know that the previous plan was Qin Yuan, like this kind of meticulous and powerful person, obviously has a boundless future, and they are not willing to offend Qin because of this little thing. deep.

Only Zhao Ziwu looked at Qin Yuan in his eyes, full of complexity. He wanted to seek revenge from Qin Yuan, but he knew that he would definitely not be Qin Yuan's opponent.

Looking at these people in front of him, Long Baichuan also showed a smile, and said to them:

"Well, everyone has worked so hard. After so long of training, I finally selected the final winner. So, tonight, everyone will join the bonfire party and celebrate!"

"Oh!"

Everyone suddenly cheered, and then became excited.

It was night, everyone stayed directly on the central island and held a special bonfire party.

At this time, Long Baichuan looked at Qin Yuan and others and laughed loudly:

"Haha, seeing you now, I am so excited. I feel that even the past few years are not as strong as this year. The championship trophy of the Mars competition almost directly fell to us. Head up!"

Hearing this, Xiang Yu and the others also smiled slightly. What Long Baichuan said is indeed good. After all, in the past years, there were only one or two people like Xiang Yu in strength, but this year they participated. In the Mars competition, there are five or six, that is, only Balang's strength is slightly weaker. Of course, more importantly, they also have a heavyweight Qin Yuan to give them the finale. Any problems encountered will be crushed by them!

"Hey, Dragon Team, just wait, we will definitely get the trophy back then!"

At this time, Jiang Xiaoyu was also smiling. He is now extremely grateful to Long Baichuan. After all, if it wasn't for this one who got him into the army, Jiang Xiaoyu might still be selling the cemetery. Where would there be today? Such a situation?

"Haha, then I'll just wait and see!"

Long Baichuan also agreed, haha, after that everyone was even more excited, arguing, and soon drank a lot of wine.

And when Zhao Ziwu was halfway there, he also came to apologize to Zhang Chong and Qin Yuan. After all, he also knew that he was too heavy at the time and something was wrong, and Zhang Chong was also a refreshing person. Since others gave face, he also directly agreed. .

But at the end, I don't know who made the booze, and they were going to fight with Qin Yuan. After all, they knew that they were probably not as good as Qin Yuan in fighting, but they didn't believe that drinking was not as good as Qin Yuan. Things are easier to fight with each other than fights!

When Qin Yuan saw such a situation, he also chuckled and wanted to drink him. Is it possible? Is this cosmic level of alcohol a joke?

Therefore, Qin Yuan does not show the mountains and the water. As long as someone comes to toast and the wine is dry, but you are here, don't want to leave. Qin Yuan drags these people to fight the wine together. At the end, Qin Yuan One person directly overwhelmed many people.

Seeing such a situation, Jiang Xiaoyu and others were speechless for a while, and they were completely convinced.

Originally, they were a little worried about whether Qin Yuan would be drunk, and planned to go up to stop the wine at a critical time, but now those toasting people have already poured down six or seven, and the wine bottles are all placed on the floor. But Qin Yuan is still the same as before ' lying on one side and smiling slightly, but his eyes are shining brightly, it is obvious that he is far from being drunk.

"Oh, master, this is too great, I'm taking it!"

At this time, Jiang Xiaoyu looked at the old **** Qin Yuan, but he sighed. He drank so much, not to mention alcohol, even if it was water, it was uncomfortable to death, but Qin Yuan still did. Like a okay person, is this really a person?

"Hey, where is this? You don't know. Before, when Brother Yuan drank with the people of those groups, he drank white wine, just like a group of people, and abruptly poured all those people out. This is the place to get our sea training camp!"

At this time Zhang Chong was talking about the previous things again, but this was what made the eyes of people around him looking at Qin Yuan, which became more and more complicated.

Qin Yuan also heard the voice here, but he didn't say a word, but lay lazily.

After all, when Qin Yuan is okay, he can sit and never stand, and he can lie down and never sit. After all, such a peaceful time is rare for Qin Yuan.

At this time, Long Baichuan was also carrying a glass of wine and walked directly in front of Qin Yuan, smiled slightly, and asked Qin Yuan:

"Are you ok?"

While Qin Yuan looked at the smile on the other side, he narrowed his eyes and said playfully:

"Okay, Dragon Team, if you have anything, just speak to me directly, you don't need to be circumspect."

Chapter 653: Submarine

And hearing such words, Long Baichuan's face suddenly became stiff, he hadn't spoken yet, how could this kid know that he was looking for him?

Seeing Long Baichuan's blank face, Qin Yuan smiled happily and said directly to Long Baichuan:

"Of course, like a good-tempered person like you in the Dragon Team, if there is nothing, then when you walk over, why does your expression look tangled? You must be thinking about something, but you can say nothing to me. ,right?"

After hearing these words, Long Baichuan also completely convinced, shaking his head and saying to Qin Yuan:

"Oh, it really deserves to be able to design such a training, it is really thoughtful, OK, if that's the case, then I won't go around the corners, in fact, I am here to remind you that you may be able to Go out and perform an important task"

"Important task?"

Qin Yuan frowned, he was not afraid of important tasks, after all, as long as these important tasks were to be performed, it would be a good thing to have a grid!

So Qin Yuan directly asked Long Baichuan:

"What kind of task is it, so solemnly, didn't you say that I should go to Mars?"

"Mars also wants to participate, but just to remind you, it is best to be ready at all times. After all, this time the mission does not know when it will start, and it may be that you will be removed directly."

After hearing such words, Qin Yuan's heart also moved. He seemed to know something, so he said directly to Long Baichuan:

"You have already found the 303 submarine. Ask me to come and take a look?"

When he heard this, Long Baichuan was shocked. How does this kid know?

You must know that this matter is an absolute secret. If you reveal a little bit to Qin Yuan, it is considered a violation. How can I expect that Qin Yuan directly guessed the truth of the matter because of his simple sentence!

How did this kid's brain grow?

"How did you guess?"

Long Baichuan has a weird face, but Qin Yuan's eyes brighten:

"Oh, did I really guess it?"

"Ah? You guessed it? Ahem, forget it, anyway, you have already guessed it, then I will tell you the truth, according to the previous calculations, we can roughly guess where the 303 submarine is, but There are not many places for our instruments to detect, so we can only continue to wait for the appearance of the 303 submarine.

This time the people above plan to send a team directly and take the submarine down. Then they will be able to see for themselves what the secret of the 303 submarine is. The external cover is a weapon experiment. This time, the matter is of great importance. Naturally, you need a capable and experienced master to lead the team, so someone recommended you. Before you were selected, Commander Zhang had already seen you in the command room. "

When Qin Yuan heard this, Qin Yuan was taken aback, and then said suspiciously:

"Commander Zhang, is it Commander Zhang Shihui?"

"Oh? You know?"

Long Baichuan is also surprised, Qin Yuan can even guess this?

"Of course I know. This commander is very famous. He is the creator of our Yan Guo submarine. Whether he is a commander, or a senior academician of the Academy of Sciences, a true senior intellectual, he has put forward many theories. Yes, I thought about the opportunity to visit him well before!"

At this time, Qin Yuan was also a little excited. After all, such a living big brother is rare. Such a character is already a well-known name in history!

"Oh, since you can guess and know the value of these people, that's the best. Anyway, I've consulted, and I will send some people down when the time comes. These people are all talents from the Academy of Sciences. They must be protected. For the safety of these people, you must pay attention to this!"

Long Baichuan said to Qin Yuan very solemnly, after all, he knew that Qin Yuan was fine sometimes, and sometimes it could only be called a pig's leaping forward!

"Haha, it's okay, I have the bottom line, if that's the case, then just notify me directly at that time, I also want to take a good look at what the so-called 303 submarine is!"

At this time Qin Yuan also smiled slightly, because he heard a series of voices in his mind again:

"Ding Dong, system release mission, enter 303 submarine, figure out the secret of 303 submarine, reward three grids!"

"Ding Dong, the system publishes tasks to protect the safety of scientific researchers, bring all scientific researchers back safely, and reward a grid!"

Hearing these two tasks at this time, Qin Yuan's eyes lit up. The latter task is okay. This first task directly rewards three squares!

Now, Qin Yuan is a little wary. Isn't this task a pitfall?

After all, Qin Yuan knew that the tasks of these three grids had never been easily completed, so there must be some great secret in this 303 submarine!

And Long Baichuan heard that Qin Yuan agreed, also nodded and said to Qin Yuan:

"Well, if that's the case, then I can rest assured. In the recent period, it is best for you to receive submarine training. Aside from anything else, at least some basic operations are still necessary."

"Understood, I will do it, but since the time is uncertain, you must prepare a substitute person. In case the time conflicts between the Mars competition and this task, then the game will lack one person!"

Although Qin Yuan didn't have much interest in the Mars competition, he knew that he couldn't get the first place because of his absence. If this happened, it would be real dog blood.

"Don't worry about this, I will be ready, but you'd better not crow's mouth, maybe the two will not conflict, oh yes, I will apply for a higher level later, you have finished learning the basics After that, let you practice it in the submarine, you just need to be a little low."

Long Baichuan looked at Qin Yuan with a little playfulness, a little curious about what would happen to Qin Yuan if he got on the submarine.

After all, compared with ordinary navy soldiers, submarine soldiers are more technical units. This time, Qin Yuan means more attention to this matter. In case something really goes up, it is estimated that Qin Yuan alone. It is also difficult to solve.

"Okay, I know, don't worry, the big deal will just start again."

Qin Yuan also smiled slightly, it seems that he should go to the library again!

Chapter 654: Tangled Cuckoo

In the next few days, Qin Yuan became busy again, and then this time he completely let go of his hands and feet and began to train Jiang Xiaoyu and others.

After all, Qin Yuan may not be able to participate in the Mars competition this time. Then they are missing a killer and leader, so Qin Yuan must make up for this shortcoming.

The leaders Qin Yuan prepared were Xiang Yu and Jiang Xiaoyu.

Xiangyu naturally needless to say, the beast camp ***** of war for many years, the shadow of the famous tree of man, and the leadership ability need not be questioned.

But Jiang Xiaoyu is a bit uncomfortable. After all, Jiang Xiaoyu's ability is much stronger now, but after all, they are all recruits, and Jiang Xiaoyu's kind of inspiration flashed. He is not there now, Qin Yuan is now Not sure.

But Qin Yuan chose to believe in this apprentice in the end, after all, it is a good thing to become stronger, and it shouldn't change too much of his character.

Of course, this is just an alternative plan. If Qin Yuan can participate in the Mars competition, then Jiang Xiaoyu will not have to bear this responsibility.

After Jiang Xiaoyu heard Qin Yuan's arrangement, he was also a little excited, without any loss. After all, he also knew how many catties he was. If he wanted to be the captain, he might not be qualified enough, but this time he has Qin Yuan's bottom line. , Then, maybe I can take advantage of this opportunity to play well.

It's just that such a good time didn't last long. Soon Qin Yuan was notified that he needed to go to the submarine for training.

And Qin Yuan did not expect that this task would come so soon, so he rushed to the library, first to see if there is any way to obtain some submarine skills!

And he checked it carefully, and found that driving a submarine underwater is as difficult as driving a plane on the water, and it is indeed more dangerous underwater. After all, there are more people. What if something goes wrong? Even the entire ship suffers!

This also means that every submarine soldier is learning and professionally trained.

These soldiers do not need to be too strong, but they must have sufficient skills and a hard-working spirit. After all, staying on a submarine all year round is also a kind of destruction to the human spirit. People who are not strong in spirit. , Can't get this position.

But for Qin Yuan, spirit is nothing at all. After all, can it be comparable to life and death under a strong mental pressure? Moreover, he has been born to death many times, and his spirit has already surpassed the limit that ordinary people can reach, so he just needs to take a good look now if he can learn the technique of controlling submarine.

"Counselor Du, thank you for bringing me here."

Qin Yuan said to a female soldier next to him with a grin, and this one was the former Staff Du.

As Commander Zhang's personal staff, Du Juan has naturally seen many so-called heroes, and Qin Yuan's operations, she has seen before, knowing the person in front of her is still worthy of the name.

Just seeing Qin Yuan's hippie smile, Du Juan's brows couldn't stop frowning, especially when he saw that Qin Yuan had just come to the library at this time, and he felt a little unbearable to look directly.

So she couldn't help but asked Qin Yuan coldly:

"Colonel Qin, although I know your abilities are strong, but did you not take this task to heart? I tell you that submarines are very dangerous, and after getting on the submarine, you do not need to perform any operations. What you have to do is to make basic command and decision on us when you encounter difficulties."

This is Qin Yuan's real role. After all, their submarine soldiers rarely experience actual combat and lack a blood, and Qin Yuan's combat experience is extremely rich, knowing what to do when.

It's just that this kind of thing is an insult to Du Juan. After all, although their submarine soldiers rarely experience actual combat, they shouldn't be specially assigned to command them, right?

And what's special is that Du Juan knew that the order that Qin Yuan was going to command was passed from the upper level. This made Du Juan some doubts whether the person in front of him was specially gilded for this mission!

And Qin Yuan didn't get angry when he heard Du Juan's words, but once again showed a big smile at the other party and said directly:

"It's okay, I know that submarine soldiers are more difficult, but as a commander, if you don't even know what the people under your team can do, that would be a failure?"

So I am here to look for a few books to see what these submarine soldiers can do, so that my eyes will not be blackened after being in the water! "

"what?"

Hearing Qin Yuan's answer, Du Juan was even more skeptical. This guy said it was pretty high-sounding, but if he really took these things to his heart, how come they come to the library now,

they will soon get into the submarine. After training, this guy didn't even know the basics of submarine soldiers. He needed to see it now, dare you say he was serious?

But Du Juan is not good to say anything directly, just walked into the library with Qin Yuan with an ugly face. After all, as the assistant arranged above, her job is to execute Qin Yuan's orders. let Qin Yuan completed this task better!

Soon the two entered the library together and came to the military zone, and the wife looked at Du Juan and said directly to each other:

"I heard that your research on this submarine is very advanced, so you can just show me some books, and let me find it myself!"

And hearing such words, a layer of black line was raised on Cuckoo's brow!

This guy seems to treat her as a life assistant!

"Well, you are waiting here, I will find you a book!"

Du Juan took a deep breath and suppressed his anger. After all, no matter how you say it, Qin Yuan in front of her is also her superior. She has to obey the other party's orders, no matter how stupid the other party behaves, before breaking through the bottom line. Before, it still needs to be executed!

So soon Du Juan brought a stack of books, put them directly in front of his wife, and said to her:

"These are just the basic introductory knowledge of submarine soldiers, and there are some more advanced ones, but you need to understand the introductory knowledge before you can proceed. There are many books, do you need me to help you borrow it?"

At this time, Du Juan also had some careful thinking. Although she only said that these were only basic introductory knowledge, it also mixed some intermediate or advanced knowledge.

And Du Juan is not afraid that Qin Yuan will see through. After all, she has also prepared some more advanced theoretical materials, but these materials are not very useful for practical operations.

Chapter 655: Submarine Basics

At this time, Qin Yuan looked at these books in front of him, but he didn't know that Du Juan had such careful thoughts, so he said directly to Du Juan:

"Since we are here, let's find all the books we need at once."

Qin Yuan really believed in Du Juan's words. After all, he felt that if these were just basic knowledge in front of him, it might not be possible to obtain more advanced skills even if they were recovered. So he thought, if he could recover some advanced books, maybe Able to acquire more advanced submarine knowledge!

But after hearing such words, Du Juan's eyes stared directly at the boss, some of them looked at Qin Yuan angrily, but she didn't say anything, and turned her head to collect the information!

Dujuan's chest of anger couldn't help rising and falling at this time. She originally wanted to take this opportunity to take a good look at Qin Yuan and let Qin Yuan look at this knowledge and see that her head was big.

But who could have imagined that this guy would directly see through his own strategy and let himself prepare some more advanced materials. Obviously, this guy didn't plan to read these books. He asked himself to prepare those advanced materials just to support himself. !

Otherwise, there are enough books just in front of him. Qin Yuan is a rookie. It would take a few days and nights if he wants to finish reading it, but it turns out to be more now. That's not obvious. Embarrassing?

However, the senior officials crushed people to death. Although Du Juan was full of anger, he still prepared some more advanced materials and planned to send them to the other party.

At this time, the daughter-in-law saw that the cuckoo had gone, she also smiled, and then directly recovered the books in front of her into her own space!

After all, these are knowledge that Qin Yuan has never touched before, so Qin Yuan is not stingy, and plans to spend a few more squares to see if he can remember all of this knowledge!

"Ding Dong~ The system recovery is successful, please start to choose the host!"

With the prompt sound of the system, three options suddenly appeared in front of Qin Yuan!

"1, get the foundation of world-class submarine soldiers!"

"2, get world-class submarine design drawings!"

"3, get world-class submarine driving ability!"

Seeing these three options at this time, Qin Yuan hesitated a little, and then chose the first option.

After all, this time it is not necessary for Qin Yuan to operate the entire submarine alone. It is also impossible for Qin Yuan to drive the entire submarine by himself. All he needs to know is what each person needs to do.

As for the design drawings and driving ability of items 2 and 3, they are relatively advanced abilities. Qin Yuan intends to see if Dujuan can bring some other books later, and then make a selection.

"System! I choose item 1!"

"Ding Dong, the host chooses successfully and gains the foundation of a world-class submarine."

With this voice, Qin Yuan suddenly felt that there was a turbulence in his mind. These are some basic knowledge about submarines, and this knowledge is just a bit complicated, but not profound, and the pressure on the brain is not Not big.

So my wife smiled slightly. Sure enough, my choice was right. This so-called foundation of submarine soldiers is equivalent to an encyclopedia of submarine soldiers. Any knowledge about submarines can find some basic answers from this.

Although it is not useful for the research and development of submarines, it is enough for Qin Yuan.

Finally, the daughter-in-law made a series of choices and directly upgraded these basic knowledge to the universe level. After reaching the universe level, Qin Yuan not only had a more advanced insight into these basic knowledge, but also felt that his hands seemed to It is a lot of experience in driving a submarine!

This is even more of a surprise to Qin Yuan. This time he saved a lot of time. It is estimated that he knows more about submarines than the submarine soldiers who have been driving submarines for a lifetime!

At this time, Du Juan was also pulling a face, holding a stack of books, came over, hit the table heavily, and said to Qin Yuan:

"Reporting chief, I have brought all the books you need. If you need more advanced books, you can only go to the research institute or the comprehensive research institute!"

And Qin Yuan nodded when he heard such words, and then he directly opened the more advanced books that Du Juan later found, and found that he could understand them, and he still had deeper insights than books, so he knew these. There is no need to recycle the book anymore.

"Okay, since that's the case, let's go back first."

Having said this, Qin Yuan stood up directly, and then wanted to leave, but the cuckoo behind Qin Yuan asked Qin Yuan with an ugly look:

"Chief, are we going to borrow all these things back? You borrowed too many books this time, I am afraid it is not suitable?"

At this time, Cuckoo almost cursed Qin Yuan to death in his heart. This is a book that is full of height. Do you have to rely on yourself to move it to the counter?

Although Dujuan is acting as a staff member, she usually stays with Commander Zhang. Commander Zhang is an old researcher, who is quite sympathetic to them' Besides having to work

overtime, what's so delicious? The one who is delicious even thinks of her, but the guy in front of him is completely different, as if he really thinks of himself as a little follower!

You must know that my old lady is a master of submarine major in the Advanced Naval Academy. If you compare your understanding of submarines, you will be much stronger in your army!

But in this case, Du Juan wouldn't say it directly, so he could only ask Qin Yuan the above words with his face drawn! ,

And the daughter-in-law looked back at the books at this time, she also understood Cuckoo's embarrassment, but after reading the name of the book from one side, he pulled out two books directly from it, hehe smiled and said to the cuckoo:

"It's wrong, I mean just two books are enough, nothing else is needed!"

what?

Hearing this, Dujuan's eyes widened. What is this kid doing? Are you kidding me? He worked so hard to find this huge stack of books, but he said he didn't want it?

And Du Jian looked at the two books in Qin Yuan's hands, gritted his teeth even more. One book is about various interesting stories about submarine soldiers, and the other is the history of the development of submarines in various countries. These two books are about Qin Yuan. Work has a fart effect!

Obviously this guy doesn't plan to read books at all, but just use these two books for entertainment!

This time, Du Juan couldn't bear it completely, and said directly to Qin Yuan:

"Chief, are you treating this mission like this!"

Chapter 656: Cheating choice

But when Qin Yuan heard this, he looked weird. How could he be questioned like this?

But Qin Yuan quickly reacted. He saw his huge book and the two halves of his hand. If someone who doesn't know sees this, it is indeed a suspicion.

Thinking of this, Qin Yuan couldn't help but coughed, and then explained to Du Juan:

"Um, Cuckoo's staff, it's really not that I made trouble for you on purpose, but because of the books you found for me. I have read them before, and I have a basic understanding of what these books say, so I don't need to Went to see!"

But after hearing such words, Du Juan's face was still full of unhappiness, and he still had a dark face, and said directly to Qin Yuan:

"Hmph, Colonel Qin Yuan, do you think I will believe this?"

And when he heard this, Qin Yuan was also a little helpless. He looked at Cuckoo and shrugged his shoulders. He didn't want to explain this matter at all. Anyway, Cuckoo would not go down to the submarine with others, and this What does the woman explain?

So Qin Yuan just showed a strange expression, then turned around and left. Seeing this situation, Du Juan was even more angry. He grabbed Qin Yuan and wanted to question the other party. Not at this moment, Qin Yuan's cell phone rang suddenly!

And Qin Yuan took a closer look and found that the caller turned out to be Fan Tianlei!

"Qin Yuan, are you with Staff Officer Du now? You have to communicate with Staff Staff Du. After all, this time, the people above take it very seriously."

Upon hearing such words, Qin Yuan frowned and said to Fan Tianlei:

"Hey, what do you mean?"

"It doesn't mean anything, but the people above have already decided that this time a small team will be allocated for you. After all, the task is heavy this time, and you can't take care of it alone."

Fan Tianlei also reluctantly explained to Qin Yuan. Hearing this, Qin Yuan suddenly straightened his eyes. What does this mean?

If Qin Yuan only has himself, then Qin Yuan does not have any big estimates of what he does. Although Qin Yuan already needs to protect an expedition team, if Qin Yuan adds a new team, it may be even more so. Embarrassed!

So Qin Yuan said to Fan Tianlei frantically:

"Hello, hello? Is this true?"

Fan Tianlei heard Qin Yuan's extremely embarrassed tone, and comforted Qin Yuan:

"You can rest assured that the people who are arranged for you are also masters carefully selected from various military forces. They will not be recruits, so you should not worry about the personal abilities of these people at all."

It's just that Qin Yuan's eyebrows heavier when he heard this. This is not as good as some recruits. If they are recruits, they can be bullied and lured, but if they are veterans who have already demonstrated their strength in all aspects, then Qin Yuan's I am afraid that the above set may not necessarily be able to impress these people!

So Qin Yuan said to Fan Tianlei frantically again:

"Isn't this even more chaotic, you also know that if all I have are veterans, there is no way to integrate them in a short period of time, but now I am going to perform the task soon, but the result is suddenly I put a small team, is this to help me, or to make me mess?"

But Qin Yuan hadn't finished speaking yet, suddenly another voice came from over there:

"Of course this is to help you! You need to exercise your commanding ability!"

Qin Yuan was taken aback when he heard this voice, because this voice was Gao Shiwei's voice.

"Uh, High Commander, why are you here?"

Qin Yuan asked helplessly, when he faced Fan Tianlei, he was a little bit better, maybe he could still play a trick and bargain, but when he faced Gao Shiwei, he didn't have such thoughts. !

But Gao Shiwei sighed and said directly to Qin Yuan:

"Qin Yuan, it's not that we embarrassed you specially, but this time, the people above attach great importance to it. Therefore, people from all walks of life need to intervene, and after knowing this, I can achieve the limit. That is to apply for the position of captain for you.

I know this matter may be difficult for you, but I think this is also a good opportunity, and at the same time, it also has some meanings to test you. We have no opinion on your personal strength, but this opportunity is rare, I hope you can exercise your commanding ability. "

Hearing such words, Qin Yuan couldn't help showing a bit of bitterness on his face. What is this?

But Qin Yuan also understood that this was the kindness of Lieutenant General Gao Shiwei, and he was training Qin Yuan's commanding ability intentionally or unintentionally.

After all, when Qin Yuan was young, it was good to say that if he is old in the future, he must be like Lieutenant General Gao Shiwei, managing soldiers, and in charge of the army. At that time, this kind of command ability will become particularly important!

"Then let me ask again, is it the cuckoo staff chief among my team members?"

Qin Yuan asked the last sentence in despair' and Fan Tianlei on the other side heard this, and suddenly understood something, and said to Qin Yuan with a little pity:

"Aren't you already offending this Staff Officer Du? Uh, this is not easy to do, because Staff Officer Du is Commander Zhang's personal staff, and he is already a lieutenant colonel at a young age, with a great future. This time She is by your side. In addition to assisting you, she may also have the meaning of monitoring you. When the task is completed, she will definitely write a report on what you did this time and submit it to it. "

When Qin Yuan heard such words, what Qin Yuan could not stop was a little pale. He turned his head and glanced at Cuckoo, and found that Cuckoo was still bulging and extremely angry!

Isn't this cheating?

Qin Yuan roared in his heart, but in the end he still did not dare to say this sentence.

"Can you refuse this mission? You also know what kind of person I am. If I were to be alone, it would be okay, but if I were to direct others, I would be really helpless!"

At this time, Qin Yuan was a little broken, and he felt that it was impossible for him to regain the favor of Cuckoo.

But after hearing such words, Gao Shiwei said to Qin Yuan very solemnly:

"How can this be done, Qin Yuan, didn't you still want to have a military factory of your own before, but this time, all the tasks are all big guys who can speak in this respect, do you think if Without our help, would they want you to perform this task?"

Chapter 657: Probing

When Qin Yuan heard these words, he was embarrassed, and he whispered to the phone:

"Then why didn't you say it earlier? As a result, I have offended this cuckoo, so I'm just telling me now?"

While Fan Tianlei and Gao Shiwei looked at each other, their eyes were full of helplessness. They knew that this kid Qin Yuan was in trouble again!

"Qin Yuan, I know it's really difficult, but the soldier's mission is to obey orders, and this time the task is indeed very important. You should think of a way. Well, if you feel that your command ability is not enough, you can First go to read a book on command, or go to the Officer Academy to take a class, and strengthen your commanding ability!"

After saying this, Fan Tianlei and Gao Shiwei directly hung up the phone!

While looking at the phone that had been hung up, Qin Yuan was crying without tears, then turned his head to look at Du Juan, scratching his head uncontrollably.

And Du Juan also heard the voice in Qin Yuan's phone just now, with a cold expression that was disguised on his face, and said to Qin Yuan:

"Well, Colonel Qin Yuan, as long as you can finish the work on time and earnestly, then I will treat the previous things as if I haven't seen them, but now, can you help me to lend all these books out?"

Seeing the corners of Du Juan's mouth that couldn't stop upturning, Qin Yuan's forehead was full of black lines, but he quickly took a deep breath, then calmed down completely, and said directly to Du Juan:

"Okay, just laugh if you want, or don't bear it, the muscles on your face are almost twitching, right?"

Hearing such words, Du Juan turned his head directly, covered his face, and his shoulders twitched!

Qin Yuan couldn't help rolling his eyes, shook his head, and then returned to the position of the table, looked at the books on the table, and gave up on borrowing it.

"Okay, Du Juan's staff, just smile, you've also heard about it on the phone, can you pick me up on command books now?"

After hearing such words, Du Juan also quickly controlled his emotions, then looked at Qin Yuan and said with some confusion:

"No, you can't finish reading these books on submarines. If you go to study command books, wouldn't it be even more difficult to finish?"

And Qin Yuan heard this, smashed his mouth, and said helplessly:

"I have learned these books, so I don't need to read them at all! And you also know that most of these books are similar in the same way. I don't need to know exactly how each step is done. I just want to briefly understand the submarine. The structure will do."

"Yep?"

Hearing this, Du Juan looked at Qin Yuan with some suspicion. Although she knew that Qin Yuan was right, it was not easy to understand the work of submarines briefly!

"I know you may be a little bit unbelieving, then if you don't believe it, you can ask any questions."

Qin Yuan said helplessly to Cuckoo, but Cuckoo frowned, then opened a book and asked Qin Yuan.

But this question Dujuan was indeed full of surprises, because she discovered that Qin Yuan didn't seem to lie to her. Although the answers to many questions were not the same as in the book, they were still similar.

"You really already know this knowledge..."

At this time, Du Juan looked at Qin Yuan in surprise.

Although it seems that he has been tricked, Du Juan is not angry. After all, Du Juan believes that the most important thing is that Qin Yuan really understands this task and does his homework for this task. As for the other tasks In all aspects, they are all minor problems.

"I didn't lie to you, so next you help me choose a few books on command, I will take it back and have a look."

Qin Yuan saw the appearance of the cuckoo, and he didn't know what the other party was thinking of, but no matter what she thought of, it made Qin Yuan save some explanation!

And after hearing this, Du Juan was the only one who half-trusted Qin Yuan to choose some books on command. This time, Qin Yuan did not directly recycle these books, but took them seriously. After the book procedures, the two finally left the library together.

After , Du Juan directly sent Qin Yuan to the sea training camp again, and after Qin Yuan got off the car, Du Juan said to Qin Yuan somewhat seriously:

"Colonel Qin Yuan, I hope you can be more serious next time you face me, and don't do things like you've been working hard in secret, but don't admit it! In my opinion, you can give full play to your ability. How much ability is the most handsome thing!"

After saying these words, Du Juan saluted Qin Yuan with a military salute. This was to drive straight ahead, turn the front of the car and leave.

And seeing the car shadow of Du Juan, Qin Yuan's face is full of embarrassment?

What does it mean?

Qin Yuan's head is full of question marks, what is this woman thinking?

But soon Qin Yuan shook his head, threw all these things out, and then put his hands on these command books and collected them!

At this time, Qin Yuan looked at these three options, but he looked embarrassed!

"1, get world-class exploration skills!"

"2, get world-class majesty!"

"3, get world-class speech skills!"

"What the ***** are these?"

Qin Yuan said helplessly, and then began to inquire about the effect of these skills in the system little by little!

"Ding Dong, world-class exploration,"

"Able to explore the basic characteristics and talents of the soldiers, and better cultivate their abilities!"

Seeing this ability, Qin Yuan breathed a sigh of relief in his heart. This ability is still helpful to command.

But what Qin Yuan wants is a combination of skills that can make good use of each player's abilities. It seems that the system does not provide such an overnight thing, and Qin Yuan still needs to use his own brain!

But with this kind of support ability, Qin Yuan also relaxes a lot. As long as this ability can be detected, the combination of players will become a little easier.

As for this skill is more useful, so Qin Yuan didn't hesitate to choose the first one.

"System'I choose the first item!"

"Ding Dong, the host chooses successfully and obtains world-class exploration skills!"

Then Qin Yuan suddenly felt that he had an extra ability, and looking at Zhang Chong in the distance, Qin Yuan directly threw away the ability of this exploration technique!

"Ding Dong, launch a world-class exploration technique!"

"Name, Zhang Chong, characteristics, strong physical strength, strong melee ability."

After Qin Yuan threw the exploration technique away, such words appeared in his mind!

Qin Yuan immediately became interested, this ability seemed a bit interesting!

But Qin Yuan soon figured out that the strongest place in this ability lies not in facing people he already knows, but facing those who meet for the first time.

If Qin Yuan has no impression of Zhang Chong, then Zhang Chong can now be assigned an assault position.

It really is the commanding ability...

Qin Yuan nodded, this skill is still very useful.

So Qin Yuan chose several times in a row to directly upgrade this first exploration technique to the cosmic level!

"Ding Dong, get the cosmic exploration technique, you can detect the characteristics and weaknesses of the technicians!"

"Oh?"

At this time, seeing the universe-level exploration technique, he was able to find the weakness of others, Qin Yuan's eyes suddenly brightened. This ability, even if it is not in training, is a very useful ability!

Chapter 658: Use of speaking ability

"Ding Dong, launch a world-class exploration technique!"

"Name, Zhang Chong, characteristics, strong physical strength, strong melee ability. Weakness, impulsive, reckless, irritable!"

Qin Yuan threw this exploration technique on Zhang Chong again. Sure enough, this time it seemed to be a little different. Not only the characteristics of the target can be seen, but also the weakness of the target can be seen.

Qin Yuan suddenly became excited. In this way, if someone else is hostile to him, he can further identify it, and it is more likely to find this person's weakness and make use of it, even more so. terrible.

Only the two remaining options that Qin Yuan looked at were somewhat helpless.

A world-class majesty is to give Qin Yuan the majesty ability of a superior person, but Qin Yuan thinks that this ability is a bit too impractical, after all, Qin Yuan is also a young man, and does not need to be able to scare others, no Do you know if this thing is useful?

Qin Yuan has also seen the majestic abilities of many high-ranking non-commissioned officers, but these abilities can't restrain Qin Yuan, and Qin Yuan feels uncomfortable. In fact, it is still tender.

And with Qin Yuan's current identity and ability, he himself has a lot of majesty, and there should be no need to choose this skill.

is like Zhang Chong and Jiang Xiaoyu, who dare to blow their hair in front of Qin Yuan?

Qin Yuan first put the second option aside and saw the third world-class speech ability.

"Ding Dong, proficient and speaking ability, can identify people who hear the host's speech, agree with the host's views, and the recognition rate is 20%"

Isn't this just talking skills? Can let others agree with their views.

Hearing the system's report at this time, Qin Yuan was also a little confused, agreeing with his own speech, how to use this ability?

And, what is the difference between this ability and your own hypnotism?

But Qin Yuan thought for a while, the size is just a grid, so Qin Yuan directly chose this ability.

"Ding Dong, congratulations to the host for gaining world-class speaking ability,"

Hearing the system prompt, Qin Yuan immediately felt that his body seemed to be emitting some magnetic field, which was very strange!

But taking advantage of this opportunity, Qin Yuan directly experimented with what this so-called speech ability is useful for!

At this time, Qin Yuan beckoned to Zhang Chong directly, Zhang Chong soon came over by Pidian Pidian, and looking at Zhang Chong, Qin Yuan directly took out the command book in his hand and said to Zhang Chong:

"Bald, I have a very nice book here. Would you like to take it back and read it?"

But after hearing such words, Zhang Chong obviously showed an extremely embarrassed expression, and said to Qin Yuan:

"Brother Yuan, you let me read books, I am not this material at all!"

Hearing such words, he liked it and was stunned. Of course he knew that Zhang Chong did not like to read books. He originally wanted to use his abilities to let Zhang Chong overcome this defect, but who knew that Zhang Chong directly refused. Up!

Is this ability a bit too cheating? In this situation, even if Qin Yuan used hypnotism himself, Zhang Chong could take the book back and take a good look.

"Ding dong, remind the host that the host can only instill the opinions that he agrees with to others, and if he does not agree with it, he cannot make others agree."

Oh, there are such restrictions!

Qin Yuan understood right now, and then said to Zhang Chong:

"Bald, since you are not interested in command, I still have a book about submarines here. Would you like to read it?"

"Oh?"

Hearing this, Zhang Chong was also taken aback, and then took the book over. As a navy, Zhang Chong naturally thought that he might be able to serve in warships or submarines in the future, but that's the idea. , Is just an idea, never practiced, so even though Zhang Chong was a bit tangled, he still brought this book.

When I saw this situation, I liked it to understand a little bit. Then he patted Zhang Chong on the shoulder and let Zhang Chong leave first.

Looking at Zhang Chong's leaving back, Qin Yuan sighed softly. He probably knew how to use this ability.

This ability is not compulsory like hypnotism, but has a guiding effect.

Just like Zhang Chong, if Zhang Chong has no such thoughts in his heart, then he likes it and cannot use his ability to speak, so that Zhang Chong agrees.

But once Zhang Chong has this idea in his mind, he can gradually enlarge the idea and then mobilize it if he likes it. Zhang Chong's subjective initiative!

Although this ability has certain limitations, Qin Yuan is still quite satisfied.

After all, I like to know that my hypnotism sounds like very powerful, but after all, this is only a short-acting hypnosis, and as long as it is hypnotized, there are times when I am awake, and there are also places that are difficult to do.

For example, this time the books, although Qin Yuan can force Zhang Chong to take these books back, and then let Zhang Chong read all the books!

But Qin Yuan couldn't use hypnotism to control Zhang Chong and thoroughly learned the knowledge in the book.

But if he uses this kind of speech ability, he has no such limitation.

After all, Qin Yuan led out what Zhang Chong wanted to learn. This is what Zhang Chong wanted to do. ', not Qin Yuan forcing him to do this, so he has a certain ability to continue. !

And Qin Yuan also discovered that this ability should be used in a wide range.

Seeing this, Qin Yuan also took a deep breath. Sure enough, this kind of thing is still very useful!

He really didn't expect to learn a command, although he has learned exploration and this kind of psychological suggestion ability.

There is an old saying that is well said, "If you lose the East, you will receive the mulberry."

Although he didn't learn the command ability of the finished product, with the help of these two abilities, Qin Yuan would definitely do more with less even if he went to command!

Thinking of this, Qin Yuan also returned to his room, wanting to tidy up these two skills and see how to use them.

But at this time, Jiang Xiaoyu walked over and said to Qin Yuan:

"Master, what kind of fascinating soup you gave Baldzi just now, he actually picked up a book and read it! I was almost scared to death!"

Qin Yuan didn't answer when he heard this. Instead, he first threw a probing technique directly on Jiang Xiaoyu's body, and the system immediately sounded a reminder.

"Ding Dong, name Jiang Xiaoyu, characteristics, smooth tongue, swimming skills, quick thinking! Weakness, lack of patience."

Looking at Jiang Xiaoyu's evaluation at this time, Qin Yuan shook his head and smiled. It seems that the systematic evaluation is the same as Qin Yuan's understanding of Jiang Xiaoyu. Although this Jiang Xiaoyu has great potential, it is difficult to use it.

Chapter 659: Qin Yuan's choice

After that, the team members all gathered around, and Qin Yuan investigated one by one and found that the system evaluation was actually not much different from his evaluation of these people.

It seems that this exploration technique has the highest value only when it is used by strangers.

Qin Yuan wanted to understand this, and instead of continuing to use the probe indiscriminately, he started to talk to the players.

At this time, these players are extremely enthusiastic, even Zhang Chong!

They also received the news that Qin Yuan might not be able to participate in the Mars competition, so the eyes looking at Qin Yuan were a little strange, but they trained more seriously. After all, they also knew that if they didn't like it, they thought To win the championship in the Mars competition, there is still a certain degree of difficulty.

Although this difficulty is not very big, but if the car overturns in the gutter, then they will have no face to see Jiangdong's father, so they are all very serious.

But at this time, Qin Yuan looked at these people, but smiled slightly, and then said to them:

"Is it estimated that what happened to me? You already know it. I will perform a mysterious mission after a while. The end time of this mysterious mission is not certain, and I want to bring one or two people to join me. This time, I wonder if anyone wants to?"

When he heard this, everyone was shocked. If you followed Qin Yuan to participate in this mysterious mission, wouldn't it be impossible to participate in the Mars Military Competition?

So these people looked at each other, and for a while, they didn't know whether to stand up to help Qin Yuan or stay where they were.

When Qin Yuan saw the appearance of these people, he didn't feel anxious. After all, he knew that it was a very difficult choice for these people. After all, these people had trained for the Mars military competition for so long. Now Qin Yuan said that they would not be allowed to participate, which really embarrassed them!

But just hesitated for a while, Liu Xiaoshan and Deng Jiuguang stood up together and said directly to Qin Yuan:

"The two of us would like to participate!"

When he heard this, Zhang Chong and Jiang Xiaoyu on one side were taken aback, and then a little anxiously said to Liu Xiaoshan:

"Master, you should go to the Frog Son Contest. Bald and I are here to help Master!"

"That's right, this can't work."

After all, all of them know how persistent Liu Xiaoshan and Deng Jiuguang are for the champion of the Mars military competition. Even the two of them suffered serious injuries and left them for so long because of this competition. time.

And now they have finally had the opportunity to participate in the Mars competition, but they want to give up so, it seems too cruel.

When hearing such words, Liu Xiaoshan smiled slightly and said directly to them:

"Okay, we two old guys participated in the Mars competition. At most, it was only one wish of our own. Now it is the world of your young people. There are no more than two of us, and no more than two of us, but let you Young people have more opportunities to practice."

Deng Jiuguang on the side also nodded, obviously he also agreed with this statement.

is just such a simple reason, but it is completely impossible to convince Zhang Chong, Jiang Xiaoyu and others, so Zhang Chong on the side wanted to say something, but at this time, Xiang Yu stood up:

"Okay, you two should continue to participate, I will help Qin Yuan!"

At this time, Xiang Yu understood that he was the most suitable candidate. He had participated in the Mars competition several times, although he had not won the championship! But there is not much regret.

But this is still not persuading the people on the side. From the beginning to the end, several people were very enthusiastic, and each of them raised their hands, wanting Qin Yuan to choose them!

There is only one Balang face with a dazed face, and he has no idea what he is doing.

Seeing such a situation, Qin Yuan also shook his head and said to them:

"Please, do you think anyone can take part in this task? Tell you, this time not only we are going to be recruited, but we will also transfer elite personnel from other places. This is a major event. I don't want you to lose it. The face of our sea training camp!"

So after scanning these people, Qin Yuan directly called two names:

"Jiang Xiaoyu, Xiang Yu, you two will join me in this mission!"

Hearing this, the two men moved in their hearts, but they took a deep breath and calmed down.

And Qin Yuan looked at the two men with a hint of satisfaction in his eyes.

Of these two people, one is the one with the highest potential and the other is the strongest.

And the personalities of the two people, one is calm and the other is free, just can complement each other.

So I like to plan to train these two people and take them out to meet the world.

But when he heard what he liked, Zhang Chong who was on the side was a little unconvinced, and said directly to Qin Yuan, "Brother Yuan, you can't be partial, why did you take them both and take me there? Can't it?"

And Qin Yuan glanced at Zhang Chong, but shook his head helplessly, and said to Zhang Chong:

"If you want to go, you must at least keep up with your training. You must first train your physical training to the highest level!"

what?

Hearing such words' Zhang Chong was suddenly Jiang Xiaoyu who looked at one side in shock. Hearing what Qin Yuan said, Jiang Xiaoyu has already practiced physical training to the top?

"I'm going, smelly fish, you are quite amazing, you are not revealing the mountains and dew, and sneakily practiced this exercise to the highest level?"

"Hey, bald, a fluke, I just got it right."

Jiang Xiaoyu said with pride, and when he heard this, everyone's eyes were full of surprise. They really did not expect that Jiang Xiaoyu was the first of them to take this step!

As expected, Qin Yuan said that Jiang Xiaoyu's talent is very good, and this time it has appeared!

"Mother, this physical exercise is not good enough to practice, and there is no human rights, right? I just don't believe it, I can still get stuck by this thing! Balang, Lu Yan, go, let's go training together"

"No, bald, this physical exercise can not be improved in a day, it depends on talent, we can not worry!"

At this time, Balang said to Zhang Chong, but Zhang Chong stared at him, and said to Balang, "Are you going?"

"Go, go! Okay, why do you say that you are such a shaft?"

At this time, everyone laughed when they heard such words.

But they also have a sense of urgency in their hearts. This time Qin Yuan did not select them. They can still participate in Mars, but next time, Qin Yuan will not select them?

Chapter 660: Dragon Tooth Team

After that, Qin Yuan left here with Xiang Yu and Jiang Xiaoyu and headed towards the submarine training headquarters together.

Although Qin Yuan does not need to receive the training of this submarine soldier, Xiang Yu and Jiang Xiaoyu have not received it after all, so it must be screened first to see if the two can bear it. If they can't bear it, even Qin Yuan wanted to take these two people with him, but that wouldn't work.

However, Qin Yuan was a bit melancholy. After all, Lieutenant General Gao Shiwei had said to Qin Yuan before that this time he would also arrange for Qin Yuan some other troops to test Qin Yuan's comprehensive ability.

And now Qin Yuan is also a little curious, what kind of team members will the people above arrange for him?

Soon, they arrived not far from the general staff. At this moment, Qin Yuan glanced in the direction of the general staff, but his brows suddenly frowned. After a closer look, he found that he was right.

Qin Yuan said directly to Jiang Xiaoyu behind him:

"Jiang Xiaoyu, do you see a person standing on that branch? Hit it for me!"

Hearing this at this time, Jiang Xiaoyu didn't say a word, took out his rifle directly, and fired three shots in the direction of the staff!

At this time, three bullets directly interrupted the branch where this person was standing!

And Qin Yuan thought that this kid would fall directly and fiercely, but who would have thought that this kid would drift down slowly as if he could fly!

And when this person was flying down, he directly took out a folding bow from his body, and shot them in a row!

These three arrows, bearing the shape of the product, flew directly!

Even though Xiang Yu drove the steering wheel, the arrows still hit them directly!

The glass of the car window shattered directly, and an arrow shot directly towards Qin Yuan!

And Qin Yuan grabbed it lightly and directly grabbed the arrow.

Qin Yuan's eyes narrowed, and he glanced at the arrow in his hand.

There is no arrow...

This caused Qin Yuan to frown tightly.

There is no arrow, and the power can penetrate the glass directly, and when this guy flies down, his posture is awkwardly chic.

Qin Yuan chuckled, thinking that this matter seems to have become interesting!

It seems that this time the above has indeed found a few masters for him, look, this has not met, there are already thorns beginning to point!

However, Qin Yuan smiled and said directly to Xiang Yu who was driving:

"Bump over!"

And Xiang Yu didn't hesitate. He smashed the broken windshield in front of him with a punch, and then slammed on the accelerator. The car rushed out, with a roar, and headed directly at the front entrance. That kid ran into it!

This person obviously did not expect that Qin Yuan and others would be so crazy that they drove and hit someone at the gate of the staff office. He couldn't dodge, and he immediately let his body hit his body, then he flew out and hit a big tree. on!

Lieutenant General Gao Shiwei, who was standing on the second floor, saw the situation here, but shook his head. Sure enough, none of this group of people was worrying!

After Qin Yuan knocked the guilty offender into the air at this time, he got out of the car and yelled:

"Assemble!"

And at this moment, Qin Yuan heard the system beep for a while.

"Ding Dong, the system releases the task, the host integrates and completes the Dragon Tooth squad, so that all players are convinced, and unlock three grids!"

Yep?

Hearing this prompt, Qin Yuan was puzzled for a while, three squares?

Just conquer a dragon tooth team, can you unlock three grids?

Is this reward given too much?

With such doubts, Qin Yuan couldn't help braving various thoughts in his heart.

But looking at the hapless guy who was knocked into flight, Qin Yuan understood a little bit. If there were such thorns in the team, then this task might not be so easy to complete!

When I heard Qin Yuan's voice, several people in the yard immediately moved closer to Qin Yuan.

At this time, Qin Yuan's brows frowned even more as he looked at the people who were surrounding him!

He thought that the team members were all stabs like just now, but what are the things that are coming now?

These people are not only different in height, there is even a student with glasses, and more importantly, there is still a woman!

It's not that Qin Yuan discriminates against women. After all, he has also trained the Fire Phoenix team, but this girl is pale, tender and weak. If you say she is a warrior, even if you kill Qin Yuan, you won't believe it!

At this time, Long Baichuan on one side directly said to Qin Yuan:

"Qin Yuan, this is the Dragon Tooth squad handed to you by your superiors, plus you, a total of 8 people, please direct this action! Let me tell you in a low voice, this mission seems to be unusual, but you have to be careful !"

After said this, Long Baichuan smiled and introduced to a group of people on one side:

"Come here, come and get to know this one, Commander Zhang Dongling, and the initiator of this mission. Commander Zhang will send an expedition team underwater this time. Your main task is to bring this expedition team Bring back the people!"

At this time, Commander Zhang also smiled slightly' Then stretched out his hand to Qin Yuan, and said kindly:

"I beg you this time. After all, you also know that those of us who are engaged in scientific research are not in good health. They are incomparable with front-line combatants like you, so I hope you can be considerate."

When he heard this, Qin Yuan also nodded, and then looked at the cuckoo standing behind Commander Zhang.

Seeing Qin Yuan's gaze, Commander Zhang also smiled slightly, and then introduced:

"This one, my staff officer, Du Juan, is also the captain of the expedition team this time. Don't underestimate her. She is not very old, but she is very good at scientific research."

And Qin Yuan also laughed, and then stretched out his hand to Cuckoo, and Cuckoo just shook hands with Qin Yuan with a cold face, as if he didn't know Qin Yuan at all.

And after Long Baichuan introduced Commander Zhang, he said to Qin Yuan:

"I don't need to introduce these two. They are the old bosses in Langya. You must be more familiar than me."

Qin Yuan also smiled slightly when he looked at these two people. They were naturally Gao Shiwei and Fan Tianlei.

At this time, Fan Tianlei looked at Qin Yuan, but there was a trace of gloat in his eyes, as if he knew that Qin Yuan was going to be unlucky.

And Gao Shiwei's face also had a hint of helplessness, and he whispered to Qin Yuan:

"Qin Yuan, wait a while for you to come to my side."
