Special Soldier 66

For Qin Yuan...

Chapter 66: Qin Yuan's code name!
Fan Tianlei's heart!
is full of doubts!
This time mission!
What happened?
on the helicopter.
Everyone is shocked!
"Great God Qin Yuan, do you drink water?"
Little Bee has a cute face.
"Sorry, I'm not thirsty."
Qin Yuan smiled and replied.
"Great God Qin Yuan, are you hungry?"
Yama took out a piece of fresh bread and asked with a smile.
"Sorry, I'm not hungry."
Qin Yuan said with a smile.

These people are completely convinced!

Thunder God Zhuang Yan old fox Geng Jihui and others looked at Qin Yuan, and finally they were no longer so casual!

but a little trembling!

is full of awe!

Qin Yuan couldn't help laughing or crying, and looked at everyone, "Thunder God, Zhuang Yan, what's the matter with you? Why do you all become like quail?"

Thunder God heard that, his face suddenly sank, and he spoke in embarrassment, "Qin Yuan, our soldiers, especially special soldiers, pay attention to strength! Your comprehensive strength is so powerful, one person can complete a mission perfectly!"

"One person's power is even better than a special force. We are completely convinced of you! Ashamed!"

While Lei Shen was speaking, he glanced at Qin Yuan's An Ran from his side, only to feel that his old face was hot and scary.

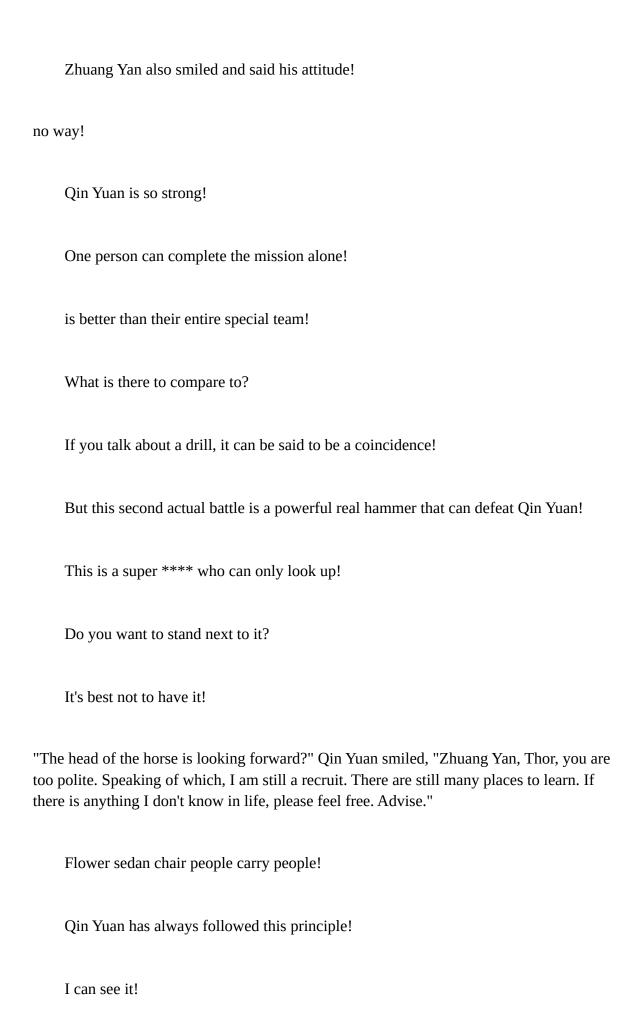

no way!

As a man!

A powerful man!

Acknowledging the strength of another man in front of the woman I like is a very shameless thing.

"Qin Yuan, our lone wolf is also serving! From now on you will be the boss of the Southeast Military Region! We will only look after you!"

Thor and Zhuang Yan are completely convinced of themselves!

In that case...

Qin Yuan would not care about them too much.

after all.

These people will all be comrades in arms fighting together in the future.

Since they bowed their heads to themselves, Qin Yuan certainly respected me and I respected you.

"Tell me? Great God Qin Yuan, you are so polite! Although you are a recruit, you recruit, you are making us old guys feel ashamed of it!

The old fox also smiled and began to relieve the heavy atmosphere!

"Yes, heroes come out of youth! Heroes do not ask for a way out! You are a recruit according to the time you joined the army, but in special operations, in my opinion, you are much stronger than some experienced special elites! What! For the recruits and veterans, for us special soldiers, the capable is the top priority, and the strength is the respect!" At this time, the little bee also smiled and said, "The capable, the eldest brother! Can be the captain!"

Zhuang Yan also smiled generously, and then said: "The little bee is right! We special soldiers, that is, the capable ones are the top, and the strength is the respect! By the way, brother Qin Yuan, you will become a special soldier in the future. This is a certainty. Er. And every special soldier will have his own code of action! For example, Thunder War is called Thor, and I am called Siberian Wolf! Why don't you take a code name now?"

"Yes, Great God Qin Yuan, why not take a code name now? A good code name is a banner! For example, our Thunder God and Siberian wolf! Criminals in the surrounding area now hear these two famous code names. , The courageous ones will shudder! And with the code name, you can also prevent the disclosure of your identity information, so as not to accidentally affect your family and friends! You also take one!"

Harley also smiled and urged Qin Yuan to choose a code name.

"Brother handsome, you take a code name, you are so strong and handsome in appearance, in my opinion, it is better to be called a beautiful man!" Anfisa chuckled, her beautiful eyes shining brightly, and she laughed.

"Hua Mei Nan? Code name?" Qin Yuan couldn't help but smiled rather helplessly.

Speaking.

He never thought about this!

after all.

He hadn't even thought about entering the special forces, so he couldn't talk about the natural code name.

Thinking about it, in the task, others have code names, but others call Qin Yuan's name directly, which is really awkward.

just...

What code do you want?

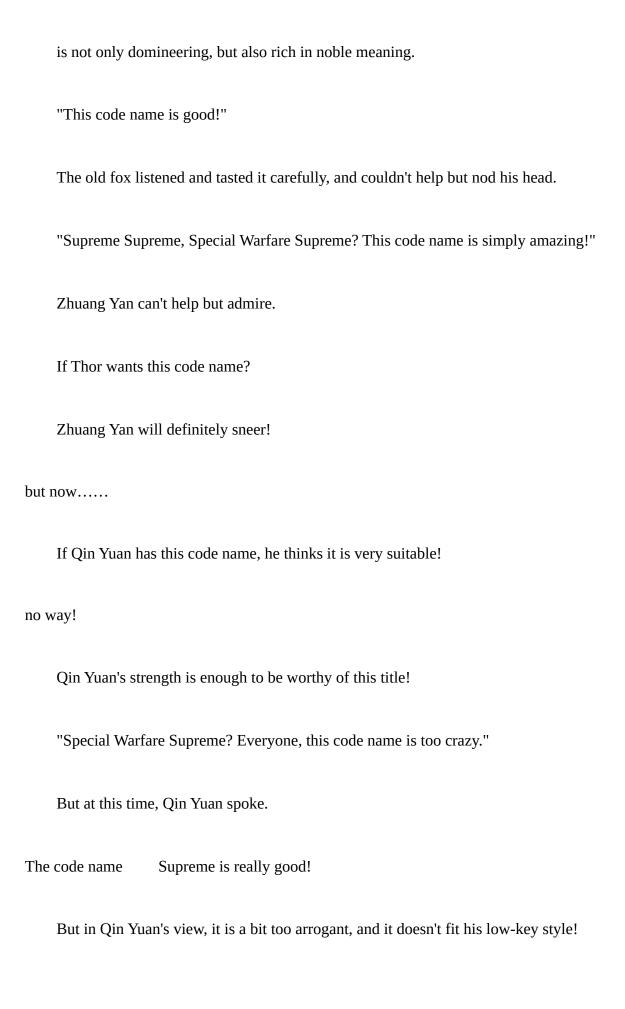

An Ran also frowned slightly, her delicate pretty face, and a faint smile appeared, thinking about Qin Yuan.

Every special soldier has a code name!

She is no exception!

"Fantastic man? This name...well, too damn! It's hard to say!"

Little Bee smiled and looked at everyone, "I have a good code name, don't know how you look at it?" "Quickly talk about it, you don't want to sell it." The old fox smiled irritably and patted the little bee on the head. "Great God Qin Yuan is so powerful that it is beyond the world! The overall strength is the strongest I have ever seen in the past few years! So...should it be called 'Supreme'? Special Warfare Supreme! How about this code name? " Little Bee said with a smile. Supreme! The most noble, the most noble; the supreme status is called the supreme! Qin Yuan now. Except that the rank is a bit low! With his true strength, it is not an exaggeration to call the supreme one! "Supreme?" Qin Yuan's eyes lit up when This code name is pretty good! is much more domineering than Thor or something!

"What's crazy? Many people want this code name, but they still can't get everyone's recognition! Great God Qin Yuan, in all the world, I am afraid that only you are worthy of this title! You should not refuse! Besides, we The Southeast Military Region also needs a leader with a loud code name, so that the world can show the style of our Southeast Military Region! Accept this code name!".

Thor smiled and persuaded.

Qin Yuan glanced at the people and saw that everyone wanted to use this code very much. He couldn't help but smiled and said in a deep voice, "Well, then! Since everyone is kind, then my code name will be called-Supreme!"
