

Special Soldier 661

Chapter 661: Qin Yuan's players

Hearing this, Qin Yuan's eyes also had a hint of surprise, but he also nodded.

After , Long Baichuan said to Qin Yuan again:

"Okay, all the people you should know are already known. Then you can go see your team members. These people are all masters. Don't underestimate them!"

At this time, Qin Yuan finally had time to look at these people carefully.

This time Qin Yuan led the team called Longya, with a total of eight people.

Excluding Qin Yuan and Jiang Xiaoyu Xiangyu, there are five left.

Standing at the forefront are two veterans similar to Deng Jiuguang and Liu Xiaoshan. These two veterans have serious expressions and stand quietly on one side, like two sculptures!

At this time, seeing Qin Yuan's gaze turned towards him, the two veterans said in unison:

"Snow Leopard Special Forces, assaultmen Zhao Haixing, Zhang Yongguang! Salute!"

At this time, seeing these two men, Qin Yuan also nodded and returned a military salute to the two men.

He has naturally heard of the reputation of Snow Leopard. This is a veteran special force. It has been in existence for a very long time, and it is all masters.

What's more, even if Qin Yuan just looked at the aura of these two people, he knew that these two people might have gone through a lot of fierce battles, and their strength was absolutely tyrannical!

Qin Yuan shouldn't care about these two people.

But when Qin Yuan saw a child standing aside, he took a deep breath and asked the child:

"What are you here for?"

This boy with glasses seems to be eighteen years old. At such an age, he can only be a recruit!

Does Qin Yuan still need to take a recruit to carry out the mission this time?

met Qin Yuan's gaze at this time, the boy was also a little timid, but he still stubbornly told his origin:

"Report captain, my name is Dong Shen, I am a communications soldier, and my drone driving skills are very good!"

At this time, Long Baichuan, who was on the side, said to Qin Yuan:

"Dong Shen is a top student of our military academy with an IQ as high as 180 , and he has a very high talent for computer operations and drone driving. He will be your signal soldier, so there is absolutely no need to worry about your communication problems. !"

Hearing this, Qin Yuan's eyes flickered, and he didn't say much, he just scanned the kid with investigative skills!

"Ding Dong, name Dong Shen, specialty, advanced IQ, advanced drone piloting, advanced communication ability, advanced hacker, advanced strategic ability, shortcomings, weak physical fitness!"

At this time, seeing this series of advanced abilities, Qin Yuan was also relieved. Although this guy's physical fitness is relatively weak, Qin Yuan knows that this is a high-level talent that needs protection.

But the next one, Qin Yuan can't understand at all, because this is a petite girl who looks only 1.6 meters tall!

It's not very rare in the female army of 1.6 meters, but it's a bit rare in the special forces!

After all, most of the female soldiers who come to join the front-line combat troops are at a minimum of about 1.70 meters, which is also the minimum requirement for male soldiers.

In the Fire Phoenix commando team where Qin Yuan was previously, the height is also very obvious. An Ran reached 1.73 meters, and the tallest Tang Xiaoxiao and Ye Cunxin even reached 1.77 meters. This made them difficult to face ordinary male soldiers. Will be weak!

But the female soldier in front of her looked petite and petite. Although she worked hard to make herself serious and strong, Qin Yuan could still see that this girl could not be regarded as a soldier at all!

met Qin Yuan's gaze at this time, and the girl suddenly yelled:

"Report captain, my name is Zhang Yuanyuan, from the fifth emergency team of the Third Military Region, I am a medical soldier!"

"Medical soldiers?"

Qin Yuan was stunned at this moment. He didn't expect this girl to be a medical soldier.

This is more in line with her temperament.

But medical soldiers, is it necessary for Qin Yuan's team?

After all, Qin Yuan himself is a medical expert. He has eight needles against the sky. As long as he is not dead, he can be rescued. Where is a medical soldier needed, and a medical soldier who can drag oil bottles?

So Qin Yuan said directly to Long Baichuan who was standing aside:

"I'm sorry, I don't really need this, please help me change someone!"

Hearing this, Long Baichuan glanced at Zhang Yuanyuan and didn't speak.

In fact, he also thinks that Zhang Yuanyuan seems to be not good at it.

But Zhang Yuanyuan suddenly widened her eyes when she heard this, and then said loudly to Qin Yuan:

"Report to the captain, I am also a soldier, why did you replace me! Is it because I am a female soldier? You are sexist!"

Whoops?

Hearing this, Jiang Xiaoyu suddenly chuckled on the side, but soon held back!

However, the faces of the surrounding leaders were a little dark. After all, Qin Yuan didn't say a word, just to change someone else, which was indeed a bit confusing.

At this time, I heard Zhang Yuanyuan's wordsQin Yuan laughed loudly. He pointed to Du Juan standing on the other side and said:

"I used to train for the Fire Phoenix Squad of the Women's Special Forces of the Military Region. You said I discriminated against women? But you are right. I did discriminate against you, but I am not discriminating against female soldiers. I discriminate against the weak! "

At this point, Qin Yuan squinted his eyes, looked straight at Zhang Yuanyuan, and said coldly:

"I know that you women have an unimaginable role for male soldiers. After all, you women have many advantages over male soldiers in terms of psychology, nature, and dealing with some problems!

But this is not the reason for me to take you. This time the action is very important, but you are obviously not ready yet!

I can have pity for you, but those enemies, those harsh environments, will not have any pity for you! I am going to lead an elite team this time, and if you are standing in those research teams, I won't say a word, but since you are on the side of the protector, then I will tell you clearly. You, I don't need a teammate who is always protected! "

At this time, Zhang Yuanyuan's complexion went flush when she heard such words, while Gao Shiwei and others on the side frowned, but they didn't say a word.

After all, Qin Yuan is right. The protectors themselves have a very heavy responsibility. If Zhang Yuanyuan can't prove herself, it can only be regarded as a drag oil bottle. It is better to replace the other party than to have an accident.

Chapter 662: Qin Yuan's test

As a team leader, he has the power to screen his team members. As the saying goes, Chen Li cannot stop and put an inappropriate person in the wrong position. If this is a command error.

But after hearing what Qin Yuan said, Zhang Yuanyuan gritted her teeth and yelled at Qin Yuan:

"Report, I am not a weak person! I am the person with the best physical fitness and the strongest combat effectiveness in our medical team!"

When Qin Yuan heard this, he almost laughed angrily. He shook his head and said in disbelief:

"It's really the first time I heard about the strength of the medical team. Forget it, I won't fight with you on this point. I only ask you one point. Can you guarantee that you won't be a shortcoming in our team? , Will you be taken prisoner?"

"I can!"

Zhang Yuanyuan roared loudly!

"You can fart!"

Qin Yuan choked back directly, and said to Zhang Yuanyuan savagely:

"Look at your thin arms and thin legs. I guess you can't even carry your weapons and equipment! Can you protect yourself? Do you know what it will cause you women to be captured by the enemy on the battlefield? Serious consequences? What a serious blow to morale! At that time, it will even destroy the mind of a soldier!

I look down on people like you most, because the father of a comrade-in-arms of mine was killed by someone like you! When this happens, you will not only kill you, but all of us! "

Hearing this, the people standing behind Qin Yuan also fell silent, glanced at Qin Yuan, and said nothing.

At the beginning, they thought Qin Yuan was testing this person, but now it seems that Qin Yuan really wants to kick this girl out!

After all, what Qin Yuan said is correct. The story of being surrounded by corpses and beating for aid is very famous in their entire army, and if this tactic falls on a woman, with the blood of these soldiers in the army, I am afraid Will cause even more terrible trauma.

When the time comes, I am afraid that the spirit of a soldier will be completely abolished...

"I know that! I'm ready! I left myself a glorious bullet!"

Zhang Yuanyuan yelled at this time, and when he heard this, Qin Yuan's eyes had a trace of joking, and said to Zhang Yuanyuan:

"Are you really ready?"

"Yes!"

Zhang Yuanyuan said loudly, but when she heard this voice, Qin Yuan's mouth showed a faint smile.

At this time, Fan Tianlei, who was standing behind Qin Yuan, knew that Qin Yuan must have thought of another idea, and quickly said to Qin Yuan:

"Qin Yuan, the other party is a lesbian, don't you..."

But at this moment, Zhang Yuanyuan said loudly to Fan Tianlei:

"Sir, please don't stop the captain. I want to see what the captain wants to do to me!"

Hearing what Zhang Yuanyuan said, Jiang Xiaoyu and Xiang Yu who stood aside couldn't help closing their eyes. This little girl didn't know how perverted Qin Yuan was!

Sure enough, after Qin Yuan heard such words, he turned around Zhang Yuanyuan and said with a slight smile:

"After hearing what you said, I think you are a bit interesting. However, it is not enough. I can promise you. After a while, as long as you can carry out my orders, then I will keep you in our team. in!"

Hearing such words, Zhang Yuanyuan's eyes suddenly flashed a light.

After all, to be able to join this kind of team, Zhang Yuanyuan is also an arrogant person and wants to be affirmed by others.

While Qin Yuan looked at the light in the opponent's eyes, he said faintly:

"Soldier, listen to my orders, take off your clothes!"

what? !

As soon as he heard this, Zhang Yuanyuan was blindfolded and her eyes were overwhelmed. She thought Qin Yuan was going to train her in fighting skills, but who knew that Qin Yuan actually let her undress in public!

Qin Yuan smiled coldly at this moment when he watched the system's detection technique information:

"Ding Dong, name Zhang Yuanyuan, specialty, proficient in surgery, advanced battlefield medical treatment, shortcomings, too much attention to female dignity."

"Sergeant! Soldier! Take off! Clothes! Serve!"

Qin Yuan said to Zhang Yuanyuan word by word, and when he heard this, the people around were naturally a little curious and looked at her, but Zhang Yuanyuan felt even more so when he felt the gaze of the male soldiers around him. She became nervous, her whole body was shaking uncontrollably, and tears were about to fall out.

Seeing Zhang Yuanyuan's appearance, Qin Yuan directly smiled:

"What's the matter? You weren't very strong before, but why do you show this expression now? Soldier, I tell you, tears are of no use except to take away your moisture and salt. Oh, no, it can prove your weakness. Since you are a soldier now! You must be strong. If your tears really fall out, then you have no reason to get out of here right away! "

When she heard this, Zhang Yuanyuan shuddered all over her body, gritted her teeth, and she abruptly held back her tears.

Then Zhang Yuanyuan started to execute Qin Yuan's order and took off her equipment, her hat, coat, and even pants.

After taking off these things, Zhang Yuanyuan slowed down a bit and looked at Qin Yuan with a stubborn expression. After all, she knew that if she dragged on, she would show her!

But at this time, Qin Yuan had a joking expression, like a hungry pervert. The look in Zhang Yuanyuan's eyes was full of pretentiousness, and even after Zhang Yuanyuan slowed down, full of said dissatisfaction:

"Go on, why did you stop?"

At this time, Qin Yuan's voice came, in Zhang Yuanyuan's ear, but it was like an evil spirit in hell.

After all, she now only has a short shirt and shorts on her body. If she takes it off again, she will reveal her own clothes.

And at this time, no matter if Qin Yuan is looking at him, the people around are staring at him, which makes Zhang Yuanyuan's heart extremely tortured and nervous, and her lips are constantly trembling!

"Soldier! Didn't you hear what I said? Go on!"

At this time, Qin Yuan's eyes slowly cooled down, like a block of ice, without any emotion.

After hearing Qin Yuan's words, the cuckoo on the side couldn't stand it anymore. She immediately wanted to stand up and say something, but Commander Zhang directly stopped the opponent and shook her head at the cuckoo.

And Du Juan looked at Zhang Yuanyuan, bit her lips gently, and finally stopped her pace and stood still.

Chapter 663: Gifted

But Zhang Yuanyuan couldn't help shaking at this time, and slowly took off her short shirt, revealing the strong abdominal muscles underneath, as well as the army green wipes.

I have to say that Zhang Yuanyuan does not seem to lie. With such muscle content, she is indeed a well-trained soldier.

It's a pity that Zhang Yuanyuan now has no intention of showing off her muscles at all. She feels her bare skin is extremely hot!

Although this is nothing to some girls, it is extremely powerful for female soldiers like Zhang Yuanyuan.

But no matter how difficult it was, Zhang Yuanyuan took off her short shirt. Although the eyes of those around him were incredibly hot, Zhang Yuanyuan wanted to shout at this moment and wanted to say to Qin Yuan:

"I did it!"

But when Zhang Yuanyuan wanted to cheer, there was a long voice behind her.

"carry on."

These two short words, like the ice deep in the Antarctic, completely wiped out the eagerness in Zhang Yuanyuan's heart, and her body trembled again!

At this time, both Jiang Xiaoyu and Xiang Yu looked at this woman with great pity, and they wanted to get benefits in Qin Yuan's hands. There was absolutely no existence. This was the biggest conclusion they came out after Qin Yuan's training.

Zhang Yuanyuan trembling with her hands, took off her shorts directly. There was only the last obstacle left on the top and bottom. Zhang Yuanyuan took a deep breath. She felt that she had taken away not only her clothes, but also her dignity!

At this time, her eyes were full of tears, but she was proud of her, and did not let the tears fall. She trembled and said to Qin Yuan, "Is it enough now?"

Although Zhang Yuanyuan has a very good figure, the current situation should be more attractive, but the male soldiers around are looking at Zhang Yuanyuan with extremely pitying eyes.

This woman is so pitiful, even so pitiful that people don't feel any welfare.

But Qin Yuan walked to Zhang Yuanyuan with a chuckle at this time, looked at Zhang Yuanyuan with straight eyes, and said to Zhang Yuanyuan:

"You really made me look at me..."

Hearing this, Zhang Yuanyuan breathed a sigh of relief, but Qin Yuan's words have not been finished yet: "However, my order should continue!"

After hearing such words, the cuckoo who was standing on the side couldn't bear it completely. She immediately wanted to stand up, but Cuckoo hadn't said what he said, just seeing the fierce light in Qin Yuan's eyes.

Obviously, if Cuckoo really stood up, Qin Yuan might really have turned his face with Cuckoo!

Dujuan was also extremely serious at this time, looking at Qin Yuan without letting go, but at this time, she found that in Qin Yuan's eyes, there was no banter or ridicule, and some were only serious and serious as a soldier. Majesty, and at this time, Commander Zhang grabbed the cuckoo again and shook his head at the cuckoo.

Seeing this situation, Cuckoo can only gritted his teeth, and then stopped moving.

At this time, Zhang Yuanyuan couldn't help panting violently, her face was green and white, and it was obvious that she was doing an extremely fierce ideological struggle in her heart!

Seeing that Zhang Yuanyuan finally hesitated at this time, Qin Yuan showed a devilish smile and said softly in Zhang Yuanyuan's ear:

"Give up, think about it, you have done a lot, you have proven your dignity, this person is just forcing you, give up quickly, go back to your hospital, return to your original place, return to you Familiar patients and doctors can realize the value of your life there, but if you think about it, if you take off this last barrier, then you will lose this last dignity, and then everyone in the entire compound will Talking about you, as a girl, what face is there to meet people? Give up, give up!"

At this time, Qin Yuan's attack was indeed extremely fierce. In order to make Zhang Yuanyuan give up, he even used some hypnotic methods!

At this time, Zhang Yuanyuan heard Qin Yuan's demon-like sound, and she was trembling all over!

Although there are not many clothes left on her body and the surrounding environment is not too hot, but her whole person seems to be unceasingly steaming out, and it feels like it was fished out of hot water. !

But after hearing Qin Yuan's voice, Zhang Yuanyuan suddenly closed her eyes. She did not collapse. Although both hands could not stop shaking, she touched her last fortress...

And the closer she got, the more determined Zhang Yuanyuan's heart became, and even when she touched her tube top, her hands no longer tremble.

Qin Yuan is right. She is a soldier. Since she is a soldier, there is no concept of gender. A hesitation on the battlefield loses the life of herself or her comrades. Since she has chosen this path, she wants to Go all the way to the end!

Thinking of this, Zhang Yuanyuan no longer has any hesitation in her heart, and immediately she wants to take off the last two pieces of cloth on her body!

Seeing such a situation, Du Juan finally couldn't stand it anymore. She knew that Qin Yuan was training and testing but she really couldn't stand Qin Yuan doing this to a girl. thing!

If you don't care about it, the justice in her heart will be mad!

"enough!"

At this time a voice suddenly sounded!

But Dujuan was stunned, because she did not make this sound. Listen carefully, this turned out to be Qin Yuan's voice!

At this time, Qin Yuan directly put his jacket on Zhang Yuanyuan's body at the moment Zhang Yuanyuan started his hand, and looked at Zhang Yuanyuan's eyes with immense satisfaction!

"I apologize like you now. What I said before was bullshit. You are indeed an extremely elite soldier. Now you are my team member!"

Qin Yuan looked at Zhang Yuanyuan and was indeed very satisfied. At the beginning, he really wanted to drive this girl out, but who would have thought that this girl's spiritual will was so firm, even Even Qin Yuan's hypnotism has resisted the past!

After all, it would be fine if Zhang Yuanyuan had undergone such training, but it was clear just now that Zhang Yuanyuan had her own hesitation and struggle, but in the end, she still chose to persist!

Although it is said that the patience and will of female soldiers is stronger than that of male soldiers, Zhang Yuanyuan's this kind can only be regarded as an extraordinary talent!

This little woman, indeed, has a steel-like will that ordinary people cannot possess!

And a person with such a will, as long as it is a little training, will become a real strong!

Chapter 664: The most troublesome person

But at this moment, when she heard Qin Yuan's words and saw Qin Yuan's movements, Zhang Yuanyuan was also stunned. She looked at the approbation in Qin Yuan's eyes, and her body shook, and she almost fell to the ground.

The Dujuan who had been paying attention to this place on one side also hurried over, trying to support Zhang Yuanyuan, but Zhang Yuanyuan shook her body again, and although her face was extremely pale, she still stared at Qin Yuan. , Said to Qin Yuan:

"You... what you said is true, not to take into account that I am a woman..."

"Of course not! If this is the case, that is the real insult to you!"

At this time, Qin Yuan didn't wait for Zhang Yuanyuan to finish, but was full of determination, and said to Zhang Yuanyuan firmly:

"The weakness of the body can be made up through training. Although it is a bit shameless to speak, I can tell you seriously that I have the best training methods in my hands, which can definitely make you an all-around female soldier. But Why I did not extend this training method to the entire army is because of personal will."

At this point, Qin Yuan patted Zhang Yuanyuan on the shoulder and said to Zhang Yuanyuan:

"And your will, I have seen it, you are a well-deserved fighter!"

Hearing Qin Yuan's undisguised approval, Zhang Yuanyuan was completely stunned. A huge move surged in her heart, and she couldn't hold on anymore, she fell directly into Du Juan's arms and cried. Up!

And Du Juan also looked at Qin Yuan with complicated eyes, took Zhang Yuanyuan aside, and comforted her.

At this time, the eyes of the people around Qin Yuan were full of strangeness, but they all made a decision in their hearts, that is, when you are fine, don't provoke this guy, although this guy doesn't kill. , But Zhu Xin is terrible to the extreme!

But at this moment, Qin Yuan suddenly heard a voice:

"What kind of ability to bully a woman, what kind of fire, come at me!"

Yep?

Qin Yuan frowned immediately, and then looked at the last person who said this!

Then Qin Yuan discovered that this kid was the one who was dangling on the branch just now, then shot down by Jiang Xiaoyu, and then hit by Xiang Yu again!

Although this hapless guy was hit by a car, he was not injured at all. Instead, he looked at Qin Yuan in a daze, with provocation in his eyes!

Qin Yuan stared at this man closely at this time. Although this man was wearing a military uniform, he was like a ruffian. Although his back was extremely strong, his expression was full of flow. It's so angry, it doesn't look like a good soldier!

However, this person is extremely tall, with a full length of 1.9 meters. Even if Qin Yuan stands in front of him, he still needs to look up slightly.

, Qin Yuan looked at this guy, didn't speak, but just threw exploration technique over!

"Ding Dong! Name Tang Zhou, specialty: world-class Tongbei fist! World-class monkey fist! World-class archery! Disadvantages, the glory of ancient warriors!"

Seeing the system's evaluation of this Tang Zhou, Qin Yuan was really taken aback!

Since obtaining the grid, Qin Yuan has also seen a lot of masters, but with so many people before, it is the first time that Qin Yuan has seen others possess so many world-class skills!

Even the international mercenary killers I saw before, and even the island master Ryugasaki Yamaichiro who was killed by Qin Yuan, at best, only swordsmanship can reach world-class!

You have to know that the system's assessment of others is only world-class at best, so once you have world-class skills, you have to be careful, but you don't know the strength of the opponent, what is the point!

But looking at this person in front of him, Qin Yuan is extremely sure, this guy is definitely a master among the masters, Ryugasaki Yamaichiro is in front of him, probably only wearing shoes!

Seeing the surprise in Qin Yuan's eyes at this time, Tang Zhou just glanced at Qin Yuan casually and said to Qin Yuan:

"Captain, don't you have any opinion on me? You have to let me undress, but this is also normal. After all, the captain just drove into me when we met! No wonder..."

And Qin Yuan slowly woke up when he heard this guy's words, but when he saw this guy's unhappy look, Qin Yuan suddenly smiled, and then said to this Tang Zhou:

"Your name is Tang Zhou, isn't it? I heard that you can fight well, or let's fight it."

After hearing this, a middle-aged man standing next to Gao Shiwei said to Gao Shiwei:

"Is this kid stupid, dare to compete with Tang Zhou, Tang Zhou's strength, even in our military academy, can rank in the top ten, melee ability, and even rank first! This kid wants to fight Tang and Zhou's competition will probably only make his face discredited!"

But at this time, Gao Shiwei smiled and said directly to the middle-aged man:

"Hehe, don't speak so arbitrarily, isn't Qin Yuan a member of your school now? It's just time to see who is more capable of hand-to-hand combat. Let's not talk, just keep looking down!"

And hearing such words The middle-aged man also fell silent, and then looked at the two people below with a serious face.

When Tang Zhou heard Qin Yuan's words, he snorted. It was the first time he heard that someone was going to compete with him. After all, since he arrived in the army and defeated the first master, few people came to provoke him again. Up!

Although Tang Zhou had encountered many masters in that weird military academy before, he had fought against those people, but no one could beat him!

And since the person in front of him is here to provoke himself, then of course Tang Zhou would not just let Qin Yuan go!

Moreover, Tang Zhou really couldn't understand Qin Yuan. Although he knew that Qin Yuan was training, but Qin Yuan bullied girls just now, Tang Zhou also sighed in his heart, just taking advantage of this opportunity to give a good lesson to the other party. !

"Okay, since you are looking for a fight by yourself, then we should have fun, how to fight?"

At this time, Tang Zhou threw his equipment aside, moved his wrists, his eyes were full of jokes.

Originally heard that Tang Zhou wanted to compete with Qin Yuan, Jiang Xiaoyu and others wanted to see Tang Zhou's jokes.

But now seeing the aura from Tang Zhoushen, Jiang Xiaoyu and others slowly became serious!

"This guy seems to be a master!"

At this time, Jiang Xiaoyu asked Xiang Yu in a low voice:

"Xiang Yu, how sure are you if you go?"

Chapter 665: Hands-on

At this time, hearing such words, Xiang Yu frowned as he looked at Tang Zhou who was warming up.

If it was the beginning, he felt that he still had some certainty, but now as Tang Zhou took off his equipment and completely revealed his aura, Xiang Yu was also a little bit hopeless!

"I am afraid I am not his opponent."

At this time Xiang Yu said in a deep voice, and when he heard Xiang Yu's words, Jiang Xiaoyu also looked ugly. Although Jiang Xiaoyu's progress was not small, the strongest in the sea training camp, except Qin Yuan, still it was Xiang Yu, and even Liu Xiaoshan and Deng Jiuguang were slightly worse than Xiang Yu.

But Xiang Yu hasn't done anything yet, that is to say he is not the opponent of this guy, this is very scary!

"Since you are not his opponent, then I am definitely not his opponent, but where did this guy come from? Why is it so scary? But do you think he can beat the master?"

But when he heard such words, Xiang Yu smiled slightly, then looked at Jiang Xiaoyu and said:

"Hehe, although this guy's momentum is very good, but at least there is a bottom, but I have never seen the captain use all his strength, so I think this kid is going to suffer!"

When he heard this, Jiang Xiaoyu also chuckled, and then the look in Tang Zhou's eyes became unkind!

And Qin Yuan looked at Tang Zhou on the opposite side, smiled slightly, and shook his head.

He doesn't have many chances to fight against opponents of this level, but every time he can gain a lot, I don't know if this natural master is an opponent of the system mantis boxing!

At this time, Qin Yuan suddenly heard a prompt sound from the system:

"Ding Dong, the system releases the task, defeat Tang Zhou, unlock three grids!"

Hearing this voice, Qin Yuan was taken aback for a moment, and then instantly became excited!

Three grids!

and only need to deal with one person!

Sure enough, a master of this level, even from the system's point of view, is very valuable!

At this time, Qin Yuan also fully understood why the system will reward three grids for the task of integrating the Dragon Tooth team!

Apart from anything else, just the problematic youth in front of me is a big trouble!

But the more this happened, Qin Yuan became more excited. Looking at the opposite Tang Zhou, Qin Yuan moved his hands and feet a bit, and then hooked his finger towards the other party!

At this time, Tang Zhou saw that Qin Yuan was provoking him, he also laughed loudly, and then suddenly punched, directly attacking Qin Yuan!

Boom!

At this time, only a muffled sound was heard. Tang Zhou instantly crossed a few steps and appeared in front of Qin Yuan, then attacked with his right leg at the same time with his fist.

And seeing Tang Zhou's attack, Fan Tianlei, Du Juan and others who stood by were also shocked, especially Du Juan. Although she stood three meters away, she still could feel Tang Zhou's With the power of the move, Dujuan suddenly became more worried about Qin Yuan!

If this punch is hit, I am afraid that I will lie down for a month!

But Qin Yuan didn't panic. He squeezed his hand into the shape of a hand knife, turned it bit by bit, and directly pushed out the punch, followed by a move at his foot, directly evading the blow, and then it was a comparison. Gestures, facing Tang Zhou with a smile!

Seeing Qin Yuan's posture, Tang Zhou also showed interest, hehe smiled and said:

"I didn't expect it, so you are also a practicing mantis boxing?"

"That's right!"

Qin Yuan directly replied, this is the mantis fist that has reached the cosmic level!

Since Qin Yuan got this cosmic mantis boxing, he hasn't actually had too many opportunities to play. Even when he needs to fight, those people are too weak and can't display the strength of this cosmic mantis boxing. .

Now that he finally met a real master, Qin Yuan naturally wanted to see if the person in front of him could let him use the full strength of Tanglang Quan!

Of course, before deciding the level, Qin Yuan would not cheat to use other abilities. After all, he also wanted to see how powerful his mantis fist was!

At this time, seeing the war intent in Qin Yuan's eyes, Tang Zhou was also completely excited, shouted, and directly attacked Qin Yuan!

Two people come and go, they are like electricity, but dozens of moves are performed in a few seconds, and the surrounding equipment seems to be nonexistent.

The tree on the side of Tang Zhou's arm fist was almost like a bubble, and it shattered with the touch.

And the surrounding sandbags, Qin Yuan pecked lightly, and they were also directly broken.

Seeing that Qin Yuan was able to fight Tang Zhou for so long at this time, the eyes of the middle-aged man before was suddenly full of shock!

You must know that Tang Zhou is not an ordinary person, but a peerless genius who came out of a hidden martial arts family. Such a genius is rare even for dozens or hundreds of years, but now it is blocked by Qin Yuan!

At the beginning, this middle-aged man thought that although Qin Yuan was qualified to join their military academy, but only the reputation he advertised was a bit more meritorious at best. so he came to their military academy. Merit!

But seeing behind Qin Yuan, even a middle-aged person who is so picky, he still has to admit that Qin Yuan is indeed a well-deserved master!

Qin Yuan and Tang Zhou played ping-pong for more than ten minutes, but at this moment, Qin Yuan suddenly yelled:

"Be careful, I know more than Mantis Fist!"

"Haha, I don't know how to punch through back!"

Tang Zhou also laughed loudly, and then exhaled, the fist in his hand was another point!

The people around were completely stunned. What kind of monsters are these two people? In the battle just now, they even held their breath, but now you tell them that they haven't done their best yet?

just used a simple trick to find out?

Is this nonsense?

But even if the people around don't believe it very much, this is the fact. At this time, Tang Zhou looked at Qin Yuan with a dignified look in his eyes, and then he hit Qin Yuan with a punch in an instant!

After seeing this fist, Qin Yuan just wanted to pick it up. Suddenly, Qin Yuan felt a very bad breath from this fist!

Is this spider induction? This punch directly inspired the spider's induction!

This also means that if Qin Yuan really receives this punch, he will definitely be injured, and even this punch already has the ability to kill Qin Yuan!

Chapter 666: Go all out

With this feeling, Qin Yuan immediately did not dare to continue to release the water, and a layer of cold sweat broke out on his forehead. The power of the ant broke out, and then he punched Tang Zhou's fist!

"Boom!"

Qin Yuan took a step back suddenly, but Tang Zhou was even more miserable. He flew upside down and slammed into a sandbag, instantly smashing the sandbag into fragments, and a trace of blood appeared at the corner of his mouth.

Qin Yuan looked at his shirt that had exploded into a ball of rags, with a trace of sweat on his forehead, looking at Tang Zhou in disbelief.

Although the systematic evaluation says that Tang Zhou's strength is world-class, Qin Yuan feels that this level is definitely more than world-class!

The talent of this kid is really too strong, and the combat experience is also very rich, if it is not for Qin Yuan's systematic help, I am afraid it is really not this kid's opponent!

At this time, Tang Zhou was also struggling to raise his head, glanced at Qin Yuan, and muttered:

"What kind of strength is this? You are not a human being, right? I have never seen anyone who is stronger than me..."

And Qin Yuan also gave a wry smile, and said to Tang Zhou:

"It's hard to buy a daughter, and your inner strength is scary enough!"

At the time of the last punch, Qin Yuan had actually used the power of the ant. If it were counted, Qin Yuan would have already lost.

But if Qin Yuan didn't use this ant's power, according to Qin Yuan's feelings just now, it was estimated that his fist would be injured, and Qin Yuan could clearly feel that there was a strange force coming from Tang Zhou's fist.

This is not something like internal energy, but a weird way of exerting force. Using this method, directly twisting Qin Yuan's muscles, in this way, Qin Yuan himself would cause serious damage to himself.

It's just that the strengthening of the system is unreasonable. Qin Yuan's ant power will complete the strengthening of the muscles in an instant. This kind of ability cannot be cracked by this strange strength!

But since he has broken the ring, Qin Yuan has nothing to say. He shook his head and said to Tang Zhou:

"Is it okay? Let's continue? An opponent like you hasn't encountered many, but you need to cherish it!"

This time, Qin Yuan has already made a plan, not to stick to the mantis boxing, but to open up all his abilities. He wants to see if Tang Zhou can withstand it when his strength is fully used!

At this time, Tang Zhou also stood up from the ground with a solemn expression. Since the family's forbidden trial was completely cleared, no one has ever beaten himself like this.

He has beaten Invincible all over the world at home, and even the elders in the family can never beat him!

The elder told him that as long as he didn't encounter something called guns, there was absolutely no outsider who could threaten Tang Zhou.

But who knows, not long after Tang Zhou came out, he ran into Qin Yuan, and there was actually a better master than him! I have to say that in this world, there are so many people with great abilities!

However, this also aroused Tang Zhou's excitement. Qin Yuan felt that his opponent was hard to find, so why not?

At this time, there was a smile in Tang Zhou's eyes, and then he suddenly arched his hand at Qin Yuan. This time, he was going to be completely serious!

When he saw that Tang Zhou was ready, Qin Yuan also showed a big smile, and then his body was shocked!

21 times the dynamic vision open!

Spider induction, turn on!

The power of ants, open!

With the addition of universe-level martial arts, Qin Yuan didn't believe it and couldn't teach Tang and Zhou how to be a man!

At this time, Tang Zhou also felt that the opposite person was almost like a different person, and his aura was completely different!

If he had a chance to win Qin Yuan just now, now Qin Yuan is like a huge wave, pressing straight down at him, causing Tang Zhou to get goosebumps in an instant, even on his body. There is a real pressure!

awesome!

Tang Zhou originally thought that the legend in the classics that can be suppressed with murderous intent is false, but now Tang Zhou clearly feels it!

But in Tang Zhou's eyes, there was a trace of determination, and he rushed towards Qin Yuan!

He wants to try, how strong is this person in front of him!

Tang Zhou's arm fist suddenly slammed towards Qin Yuan, but his fist was about to hit Qin Yuan's face. Qin Yuan didn't make any movements, but Tang Zhou seemed to be burned. , And then took many steps back, looking at Qin Yuan with horror!

Just now he had a serious palpitations in his heart. If this punch continues, I am afraid he will become very miserable!

And Qin Yuan looked at Tang Zhou with a trace of pity in his eyes.

This punch Qin Yuan has already used 21 times the dynamic vision to capture the traces of the opponent's attack. As long as the punch is a little forward, Qin Yuan can instantly seize the opportunity and give the opponent a heavy blow! I am afraid that Tang Zhou will lose the ability to resist immediately!

But Tang Zhou looked at Qin Yuan in shock, he felt that he could no longer do anything casually!

So this time Tang Zhou's attack has become a lot more cautious. If he continues to attack blindly, it will be easy for the opponent to seize the flaw!

And the opponent is with immense power I am afraid that one move can tell the winner!

But Qin Yuan saw Tang Zhou's jealous look, but he also felt a little boring, and said to Tang Zhou lightly:

"You can pick up your bow and arrow! Otherwise, we won't have to fight."

At this time, in the eyes of others, Qin Yuan's remarks seemed to be an insult to Tang Zhou, even the middle-aged man standing on the side frowned.

He knew what kind of person Tang Zhou was. Qin Yuan said this. Once Tang Zhou is really angry, Tang Zhou's move will be heavier!

But Tang Zhou looked at Qin Yuan twice, but he took the bow and arrow on one side very seriously, then looked at Qin Yuan very seriously, and arched his hand at Qin Yuan.

Although I don't know why Qin Yuan has become so dangerous, for Tang Zhou, with more bows and arrows, he has more choices!

It's just this situation that surprised the middle-aged man just now. He originally thought Tang Zhou would be angry, and then gave Qin Yuan a lesson, but who would have thought that Tang Zhou would actually pick it up honestly. Own bow and arrow!

He has never seen Tang Zhou like this!

It was not that no one laughed at Tang Zhou holding a bow. After all, this is a modern society. Holding an old bow and arrow is really nondescript, and there will be many problems.

But even if Tang Zhou directly knocked down all those who dared to laugh and question, and caused countless troubles, he was still unwilling to give up his bow and arrow!

Chapter 667: Win

You must know that although Tang Zhou's skills are good, his teammates are not vegetarian, and there are a large number of them. If these people work together, it will be difficult for Tang Zhou to fight.

But even when he was surrounded by people, Tang Zhou didn't use arrows. Only when someone else took out the gun would Tang Zhou pick up his bow and arrow, and then use his incomparable swordsmanship to teach within 400 meters. The other person behaves.

Yes, as long as it is within 400 meters, Tang Zhou's bows and arrows are even more powerful than ordinary firearms, and this is why the military respects Tang Zhou and allows Tang Zhou to carry his own bows and arrows!

At this time, Tang Zhou suddenly threw his big bow, staring at Qin Yuan closely, and said lightly:

"My bow has a strength of 500 kilograms, and it has been modified, and the rate of fire is very fast. But you have to be careful. If I hit the key, you may die."

And Qin Yuan laughed when he heard this, then took out a handful of playing cards from his body, and said to Tang Zhou:

"The power of my playing cards is not low, you have to be careful too!"

When he heard this, Tang Zhou nodded, and then the bow and arrow in his hand suddenly stood up, and the three arrows hit the string instantly, and then shot towards Qin Yuan with a terrible whistling sound!

And Qin Yuan also flew the poker card to the sky in an instant, and then used his own poker technique to quickly move towards Tang and Zhou's constant excitement!

咻咻咻!

Qin Yuan dodged three times and directly avoided Tang Zhou's bow and arrow!

And Tang Zhou also used moves that a variety of gymnasts could not match, and directly avoided the various playing cards thrown by Qin Yuan, and then the two people directly collided!

Only this time, Tang Zhou felt the gap, no matter how he made the move, the opponent seemed to be able to catch it, and the opponent's speed was almost beyond imagination!

And Qin Yuan's fists are getting heavier and heavier. Tang Zhou feels that as long as he takes a strong punch, he will be seriously injured immediately!

But Qin Yuan's movements are getting faster and faster, and his moves are not limited to mantis fist, and even the incomparably weird python strangulation technique and iron head skill!

However, Qin Yuan also has a look of jealousy. Although Qin Yuan can see Tang and Zhou's moves because of the 21 times the dynamic vision, Qin Yuan is incapable of the kind of energy that makes Qin Yuan cold. When, there is no way to avoid it!

What's more, Tang Zhou's archery skills are really superb. Although this long bow is a bit of a hindrance, Qin Yuan discovered that as long as it can pull the strings, Tang Zhou will directly use some bows, arrows, marbles and the like. Launch something!

In this way, the two people fought close or far, and it was no match.

But slowly, but Tang Zhou is a bit dysfunctional!

After all, the two people fought fiercely for so long, even if Tang Zhou's endurance has exceeded the limit of human beings, he still felt a little breathless.

But Qin Yuan on the opposite side is like a monster, with a normal face!

Finally, after half an hour of fighting between the two, Tang Zhou was finally a little tired. He lost his mind, and instantly received a punch from Qin Yuan!

Although he just let him nudge, it actually made Tang Zhou's evasive action pause a bit, but this time, it made Tang Zhou's face change drastically, and he wanted to quickly back and avoid it!

But Qin Yuan was unreasonable and unforgiving. He immediately seized this opportunity, and then with an extremely violent punch, coupled with the explosion of ant power, he instantly blasted Tang Zhou's body!

This punch was extremely powerful. The pierced Tang Zhou's hair was about to stand up, but it was too late. Tang Zhou could only make a reaction, barely venting his strength sideways, but this punch

His power is extremely huge, even if he loses five points, the remaining five points are still unbearable!

Boom!

Qin Yuan's fist hit Tang Zhou's body hard, and instantly he flew Tang Zhou up and hit a big tree in the yard!

And the power of this punch even interrupted the big tree abruptly!

And Tang Zhou also directly vomited a mouthful of blood. This time, his was seriously injured.

He also looked at Qin Yuan in shock. He didn't expect that someone would be able to punch such a powerful punch. Such a powerful force is much stronger than any internal energy!

And seeing Tang Zhou vomiting blood, the people watching were also in an uproar. The aftermath of this punch could interrupt the tree. If it hit a person, wouldn't it directly kill the person!

So the middle-aged man couldn't stand it anymore, and immediately shouted: "Stop it, doctor, come and have a look!!"

At this time, in Qin Yuan's mind, the system also directly sounded a prompt tone:

"Ding Dong, congratulations to the host for completing the task, defeating Tang Zhou, and unlocking three grids."

Qin Yuan was also relieved when he heard this voice. He really didn't expect that this guy in front of him would be so resistant, and he used his whole body solution, but Tang Zhou could still hold on for so long!

Qin Yuan knew that this was not only because of Tang Zhou's strength, but also because he did not exert all his strength.

There are too many skills in my own body, and I can't understand it at all so I can't maximize my strength!

And Tang Zhou in front of him, although his physical fitness is not as good as his own, but he is able to exert his strength to 150%!

It seems that I have to communicate with each other frequently in the future, and integrate all kinds of abilities in my body!

At that time, I will definitely become stronger!

But at this moment, a middle-aged man ran over with a fierce complexion, checked Tang Zhou's injuries, and said to Qin Yuan:

"How can you make such a heavy hand! You are teammates, and now you beat him like this, how can he continue to perform tasks with you?"

And Qin Yuan heard this, but looked at the middle-aged man with dissatisfaction and asked:

"who are you?"

At this time, Gao Shiwei said directly to Qin Yuan:

"This is Commissioner Zhou from above, a subordinate of the same principal. Among your team members, Dong Shen and Tang Zhou are both brought by Commissioner Zhou.

After hearing this, Qin Yuan instantly understood who Commissioner Zhou was.

After all, Qin Yuan knew the same school, and trained real national-level soldiers, real violent machines.

and the same subordinates, there are some really strange people, and these people will also go through professional training to make themselves stronger.

Maybe these people have various flaws, but they also have some incomparable advantages.

Chapter 668: Invert Selection

Just like that Dong Shen, Qin Yuan didn't believe it, just study hard, you can reach the point of the other party.

I am afraid that the opponent is a genius in machinery and investigation.

As for this Tang Zhou Dynasty, it is needless to say, although there are also major flaws, but this strength, that is, Qin Yuan, ordinary people absolutely can't hold it down!

It seems that this week's commissioner should be the exclusive personnel of the state to manage these people.

The Red Star School to which the same belongs belongs to these people, which is where Gao Shiwei has always wanted Qin Yuan to participate.

Although it was a blunder, Qin Yuan hadn't seen what the Red Star School was like until now, but this time, several people were sent to use it for Qin Yuan.

At this moment, when he heard this, Tang Zhou struggled to say to the commissioner this week:

"Commissioner Zhou, warriors do hands, injuries are also common, I hope you can be more rational."

When Commissioner Zhou heard this, his eyes suddenly stared:

"How can this work, warriors are warriors, you are soldiers, comrades-in-arms, how can you do such a cruel hand by your comrades!"

At this time, everyone around was looking at Commissioner Zhou with a senseless expression. It was obvious that this person was looking for Qin Yuan's troubles. Otherwise, Tang Zhou would not care anymore. This kid just wanted to find fault. !

So at this moment Jiang Xiaoyu frowned and stood up, wanting to say something.

However, Xiang Yu stopped Jiang Xiaoyu, and then glanced at Qin Yuan on the side.

And Jiang Xiaoyu also understood, and stopped directly.

At this time, Qin Yuan also looked at this Commissioner Zhou with indifferent expression, smiled slightly, and then said to him:

"If this is the case, please let Commissioner Zhou get away. I have a way to heal my comrade-in-arms. Can you not delay time?!"

When Zhou Yuan listened to Qin Yuan's words, his brows suddenly frowned, and he said directly to Qin Yuan:

"Soldier, is this how you treat your superiors?"

"Superior? Did you make a mistake? Commissioner Zhou, although you are a commissioner, you are only a lieutenant colonel, but I am a colonel. If you count it, I am the superior!"

At this time, Qin Yuan said tit-for-tat to Zhou Yuan, and when he heard this, Zhou Yuan's eyes suddenly widened.

Today's Qin Yuan is just wearing a little private clothes, and he has not marked his military rank at all.

Although he had heard of Qin Yuan's skills before, he still didn't know what Qin Yuan's status was, but he never thought that Qin Yuan would have been promoted to colonel in such a short period of time. !

while Gao Shiwei on one side saw this situation, he also laughed directly and said to Zhou Yuan:

"Commissioner Zhou, I think you should let go first. Qin Yuan is still very good at medical skills. Can you show him to Tang Zhou? Maybe Tang Zhou will be cured soon."

After all, Gao Shiwei knew about Qin Yuan's treatment of Fan Tianlei, and even serious injuries like Fan Tianlei's face could be cured. Tang Zhou just received a punch, and there shouldn't be any problems.

And Zhou Yuan frowned when he heard this. He found that Gao Shiwei seemed to trust Qin Yuan very much. He had no choice but to curl his lips and stand aside.

After all, a Qin Yuan is enough, but if you add a Gao Shiwei, it is really not something he can move.

Qin Yuan smiled at Zhou Yuan, then walked over directly and looked at Tang Zhou.

But Qin Yuan discovered that although Tang Zhou had vomited a mouthful of blood just now, the injuries he suffered were not very serious. Although the punch he received was quite heavy, Tang Zhou had just relieved his strength.

Seeing such a situation, Qin Yuan smiled at Tang Zhou and said directly:

"Fortunately, you met me. Otherwise, it would be just like your injuries. A few will have to lie down in the hospital for half a month. Now you will save half a month!"

After finishing talking, Qin Yuan took out a silver needle, and directly used the eight needles against the sky, which soon cured Tang Zhou.

"Eight needles against the sky!"

At this time, Tang Zhou also looked at Qin Yuan with a shocked expression. Obviously he also knew that the eight needles against the sky were powerful, like this legendary needle method, let alone see by ordinary people, even if they heard it. never heard of that!

At this time, Tang Zhou was full of admiration and said to Qin Yuan: "I have really taken it, and you can do this kind of magical stitch?"

"This is just a little meaning, in fact, I have more magical places, you follow me in the future, you have to get used to these things!"

Qin Yuan said with a smile, while Tang Zhou nodded in a daze.

At this time, Commissioner Zhou saw such a miraculous thing, and the look in Qin Yuan's eyes became amazed, muttering:

"I thought that this kid was not strong enough before, but now it seems that joining our Red Star School is enough for this one..."

However, no one paid any attention to the opponent at all. At this time, Qin Yuan also stood up directly and said to his team members:

"Now all the players gather. I tested you before. Now you can start testing me. I am your captain. If you have any questions, you can ask them now. If you have any requirements, I can try my best!"

After hearing Qin Yuan's words, the rest of the machine also gathered together, but their eyes on Qin Yuan were full of weirdness.

After all, they felt that the person named Tang Zhou was abnormal enough, but Qin Yuan was even more abnormal. Even Zhang Yuanyuan did not have any resentment towards Qin Yuan and could be targeted by such a capable captain. In fact, It can also be considered a lucky thing.

At this time, Dong Shen called directly to Qin Yuan:

"Report!"

"Speak!"

"I need someone to cooperate with me. Although I can guarantee the communication ability of our team, my physical fitness is too poor. In many cases, I can't get the position of the instrument!"

"Got it! Jiang Xiaoyu, I'll leave this to you!"

At this time, Qin Yuan gave an order, and Jiang Xiaoyu nodded suddenly, then walked directly in front of Dong Shen, and smiled at Dong Shen hehe:

"I will cooperate with you, but your body is a little too weak, you must find time to improve, rest assured, your progress will definitely be fast!"

At this time, Jiang Xiaoyu showed a weird expression. He remembered when he first started learning physical training!

At this time, Zhang Yuanyuan also raised her hand, and weakly said to Qin Yuan:

"Report!"

"Speak!"

"Report team leader, as a medical soldier, I may be experimenting with some new devices and new drugs in this operation. I hope you can approve it!"

Chapter 669: Wonderful request

"Approve!"

Qin Yuan directly agreed to this matter, but he was a little curious about what equipment and drugs Zhang Yuanyuan would experiment with.

After hearing Qin Yuan agree to it, Zhang Yuanyuan was also extremely excited, and then walked directly to the room on the side and carried out a large gun that was two meters long!

"I go!"

At this time Qin Yuan couldn't help but his eyes widened. Is this still a medical soldier? Such a long weapon, even if it is a counter-sniper equipment, that's it!

And seeing Qin Yuan's shocked eyes, Zhang Yuanyuan also smiled shyly, and then said directly to Qin Yuan:

"Captain, this weapon is not used to hit the enemy, but to hit his own people. He doesn't care about its large size, but the range is only 200 meters away, and the bullets are all specially made drugs, just for the battlefield. It can provide support to the soldiers quickly!"

After saying these words, Zhang Yuanyuan directly fired the gun, aimed at Qin Yuan, and then gave Qin Yuan a shot!

Then Qin Yuan saw a bullet with a needle, flew out of this big gun, and then directly hit his body!

Then Qin Yuan felt that the medicine in the bullet was directly injected into his body. Qin Yuan took the bullet directly, then smashed the medicine remaining on the bullet, frowning and said:

"This is glucose?"

"Hey, because you haven't added some other drugs to the bullets yet, you didn't move your hands just now, so I will give you some nutrition!"

Hearing this, Qin Yuan was also a little helpless, but since he had already said big things before, he could only say to this Yuanyuan: "Okay, let's do it!"

In the end, Qin Yuan glanced at Zhao Haixing and Zhang Yongguang again, and said to them:

"Do you know what you two want?"

"Report, we have no requirements, everything obeys the orders of superiors!"

At this time, Zhao Haixing and Zhang Yongguang, like two ice men, said to Qin Yuan very calmly. But Qin Yuan smiled and patted the shoulders of the two lightly. He felt that such fighters were elite.

Only at this moment, he directly pulled out the pistol from Zhao Haixing, frowned slightly and said:

"Your pistol model, isn't it a bit old?"

"Report, this is our most commonly used pistol. Although it has various shortcomings, it is still the sharpest weapon in our hands! We hope to continue using it in this operation."

Zhao Haixing said directly to Qin Yuan, and when he heard this, Qin Yuan's brows suddenly frowned. He seemed to know what flaws Zhao Haixing and Zhang Yongguang had in their bodies!

But these things can't be solved in a short while, so he just said to the two of them:

"I will find something to experiment with you later, and have a good talk. Next!"

After hearing such words, Tang Zhou here also laughed, and said directly to Qin Yuan: "They are all finished, should it be my turn."

Qin Yuan also looked at Tang Zhou helplessly, and said to Tang Zhou angrily:

"What do you want to say, hurry up!"

Although Tang Zhou and Tang Zhou have not known each other for a long time, they are saying that they don't know each other if they don't fight, so Qin Yuan regards Tang Zhou as his friend.

When Tang Zhou heard Qin Yuan's words, he straightened his body straight, and said to Qin Yuan somewhat solemnly:

"I hope I won't arrange any hot weapons for me during this operation, I only need to use bows and arrows!"

what?

Hearing this, Qin Yuan was a bit dumbfounded. He saw Tang Zhou holding this big bow before, and he felt that Tang Zhou was just a maverick, but now he saw Tang Zhou's serious face. Looks like, obviously, this maverick is too much!

Qin Yuan said to Tang Zhou seriously:

"Are you serious? Are you sure you only use this long bow and no other firearms?"

"Yes!"

Tang Zhou responded straightforwardly, and Qin Yuan had a headache when he heard this. Although Tang Zhou's skill was good, and the strength of this bow and arrow was not small, but the bow and arrow were not as good as firearms, even this The range of a bow and arrow is only 400 meters at most.

What is enough for a battle at a distance of 400 meters?

And Tang Zhou's strength is so strong, it is a pity for Qin Yuan to give up Tang Zhou directly, so he directly frowned and asked Tang Zhou:

"Can you tell me the reason? Why don't you want to use a gun?"

"This is the glory of our family."

Tang Zhou looked at Qin Yuan lightly, and said softly.

Seeing Tang Zhou's eyes, Qin Yuan immediately covered his head, and said after a while:

"Okay, okay, then I will give you some other ways."

As for the remaining Jiang Xiaoyu and Xiang Yu, Qin Yuan skipped it, and then directly said to Gao Shiwei:

"Report! All the team members are assembled!"

Hearing this, Lieutenant General Gao Shiwei also nodded, patted Qin Yuan on the shoulder and said:

"Well, then you still need basic training for submarine operation. There is still a certain amount of time. Work hard to get in with your team members!"

Hearing this, Qin Yuan also directly saluted a military salute, and then let the team members disperse. They still have a certain amount of time. After a while, they will go to the submarine base to learn how to drive. The submarine is out.

But Qin Yuan walked directly in front of Gao Shiwei and said to Gao Shiwei:

"Commander, you said you want me to come to you, what do you want to tell me?"

When he heard these words, Gao Shiwei laughed, and then directly said to Qin Yuan:

"I think you must be very curious, why this time the task is to find you?"

Qin Yuan rolled his eyes immediately, and then said to Gao Shiwei:

"Isn't this task requested by you?"

"Yes, when Commander Zhang talked about this before, he just wanted us to transfer a team just in case, but I recommended you directly to Commander Zhang, and also put this The matter, directly told Principal Lei Tong, then you will have so many available talents."

Talent?

There was a wry smile on Qin Yuan's face. These people said that talents are indeed talents, but now they are handed over to Qin Yuan, and it is difficult for Qin Yuan to turn these people into a whole.

And if there is no way to become a whole in a team, it is a mess of loose sand, no matter how powerful it is, it is impossible to exert its power!

In that case, it would be better to let Qin Yuan perform this task alone!

Chapter 670: Gao Shiwei's Purpose

When he saw Qin Yuan's appearance at this time, Gao Shiwei did chuckle and said directly to Qin Yuan: "Are you kidding thinking, why not let you act alone?"

Qin Yuan nodded in embarrassment when he heard this. He really felt that if he brought these people, he would be better than him.

"Then I will tell you, this action is to see how your commanding ability is, what do you think?"

Gao Shiwei said to Qin Yuan with a smile, and then he explained to Qin Yuan earnestly:

"Qin Yuan, Qin Yuan, I know you are very strong, but I have used so many years of experience to tell you that although you are strong, what a person can do is limited after all. I want to truly accomplish something. For a major event, it will inevitably require many people to cooperate with each other, and at this time, it depends on your commanding ability!"

"What's more, the command ability is also a very important ability. It can arrange each person to a suitable place in a short time, and can play their advantages, resist their shortcomings, and coordinate these people to complete The final goal is not something ordinary people can do!"

"And there is one more thing. Didn't you think about opening a military factory and do some work that is really behind the scenes? It is even more necessary to have some people in your hands! And after a while, you have to Go to the Hell Lightning Training School you participate in. These people can be considered as the team members you can choose. You can also take this opportunity to get in touch."

Hearing this long talk, Qin Yuan also showed a wry smile and said directly to Gao Shiwei:

"Also, I can take this opportunity to see if my character is suitable to be a commander, right?"

And Gao Shiwei just gave Qin Yuan a meaningful look, and did not answer.

Qin Yuan suddenly had a headache. He naturally knew that Gao Shiwei and others were kind. After all, although Qin Yuan had enough military ranks, he did not really belong to him, and if Gao Shiwei and others If you really want Qin Yuan to join their group, you must provide Qin Yuan with some basic disks.

As the saying goes, the feeling of carrying a gun together is the most iron, so as long as Qin Yuan can lead these people and complete some iron-blooded training, he must have deep feelings, just like the Li led by Qin Yuan before. Erniu and others, no matter what achievements they make in the future, they must have an inseparable relationship with Qin Yuan.

It's just that Qin Yuan'er is very reluctant to do these things.

"Chief, I just don't understand. Since I can do all these things well, why do I have to put others at risk of sacrifice or injury to do these dangerous things?"

At this time, Qin Yuan asked Gao Shiwei seriously. After all, in Qin Yuan's opinion, he can complete the task of guarding by himself, and adding these people, let alone whether it is helpful to Qin Yuan, light It was the damage that these people might cause, and Qin Yuan said he couldn't bear it.

"Of course it is meaningful. I have already said that one person cannot do everything. Although these people are not very helpful to you now, once you can train them and improve their strength, it will be inevitable in the future. It will help you. You can't do everything yourself like Zhuge Liang. In that case, even if you are exhausted, you will not be able to finish everything!"

Gao Shiwei said to Qin Yuan in a deep voice, and when he saw Gao Shiwei's eyes, Qin Yuan knew that he would definitely not be able to refuse this mission, so he nodded and agreed.

"And I also know that you are not the person who loves some difficult challenges. I think integrating this team is also a very good challenge. Come on!"

Gao Shiwei patted Qin Yuan on the shoulder while watching the excitement, but at this time, Qin Yuan trembled suddenly, and quickly reacted, as if his task of integrating the Longfang team had not been completed!

It seems that these players of my own, although on the surface they are convinced of myself as the captain, they still have some other problems.

thought of this. Qin Yuan's face also sank, and said directly to Gao Shiwei:

"If this is the case, can you give me a copy of the information of my team members? I want to take a good look, what should I do!"

When Qin Yuan agreed, Gao Shiwei also smiled, nodded, patted Qin Yuan on the shoulder again, and walked out directly:

"Wait a minute, I'll ask Commissioner Zhou to send you the information in a while."

Qin Yuan took a deep breath. It seems that the task this time is indeed not as easy as imagined!

Soon, Zhou Yuan walked in directly, glanced at Qin Yuan strangely, and then directly gave Qin Yuan a bunch of information, but before leaving, he intentionally or unconsciously reminded Qin Yuan:

"The others are okay, only this Tang Zhou is very unusual, and I hope you can make good use of his ability. After all, there are really not many people like Tang Zhou... .."

Hearing this, Qin Yuan frowned, but didn't say anything, and then slowly opened the information of these people alone.

Indeed, as Zhou Yuan said, other people's materials are nothing. Even if they have some weird hobbies, they are reasonable, but when Qin Yuan opened the Tang Zhou's materials, he found that this was unexpected. It's a thick pile of dictated content...

.....

"My name is Tang Zhou, the Tang family, and I am 24 years old this year!"

My whole family is from the Tang family, everyone is named Tang, and when I was young, I thought there was only one surname, Tang.

I have lived in this mountain forest since I was a child, and heard other people say that our place is called Shennongjia! The scenery in my hometown is very good, there are dense forests everywhere, there are various steep mountains, and there are very abundant plants here, and there are inexhaustible and inexhaustible medicinal materials.

And no matter what precious medicinal material is, the family members will let me use it at will, because I am a genius, a true genius, it is said that the whole Tang family was born a peerless genius for over a century!

I can climb a tree that is dozens of meters long like an ape, or I can smash a solid stone with one punch. When I punch it, it is like a viper attack, and my body is as strong as a big bear.

But in my first 23 years, there was only one thing in my life, and that was to pass the trial in the family!
