

Special Soldier 67

Chapter 67: Black Widow!

Military Region Training Ground!

Fan Tianlei is waiting anxiously!

Both he and Chen Shanming are extremely puzzled!

This mission!

what's going on?

Why both Thor and An Ran said!

Has this mission been successfully completed?

looked up at the sky, it was still dark and there was no light!

It stands to reason...

This is a big operation!

can never be done so quickly!

Why is it finished so quickly?

"Chief of Staff, maybe something accident happened! Could it be that An Ran shot and killed Fatty Liu directly? Or Fatty Liu was uprooted and eliminated by his subordinates, so the mission ended immediately?"

Chen Shanming thought of a possibility!

Fan Tianlei felt right when he heard it!

Their goal this time-

was originally Fatty Liu!

If you can kill Fatty Liu!

Even the task is completed!

is just instinct but tells Fan Tianlei that this seems impossible!

after all.

Fatty Liu is not for dry food!

"What is going on?"

Fan Tianlei is really very depressed!

"Chief of Staff, don't worry, you have 10 minutes, Thor and the others will return to sail! We will know the real answer in a moment."

Chen Shanming smiled and said to Fan Tianlei.

"That's all!"

Fan Tianlei smiled helplessly and shook his head!

The helicopter landed directly on the training ground!

Fan Tianlei and Chen Shanming are just waiting here!

Get off the plane!

When Fan Tianlei saw Qin Yuan Anran Thunder God Zhuang Yan and others... and there was a beautiful white girl, he was immediately surprised!

Is what Chen Shanming said true?

Fatty Liu, was it really killed by the white girl in front of you?

"Report to the Chief of Staff! The Thunder and the Lone Wolf Commando have cooperated with Supreme and successfully completed the mission! Eliminate the Fatty Liu criminal gang!"

Take a deep breath, Thor smiles brilliantly, and reports loudly!

"Supreme? Kill Liu Fatty's gang?"

Fan Tianlei was shocked!

what's the situation?

Supreme?

Who is the Supreme?

"Thor, what do you mean by this? Supreme? You completed the task with the Supreme? Who is this Supreme?"

Fan Tianlei is stunned again!

Qin Yuan standing in front of him couldn't help but smile.

Thor, this guy is really coquettish!

didn't even talk about the process directly, but sold it off!

of course.

When you prove yourself again!

Qin Yuan was quite satisfied with Thor's reaction!

Thor has no prejudices about himself!

All his previous behaviors just wanted to compete with himself, that's all!

Putting aside the contest, he is indeed a good comrade!

"Report to the Chief of Staff! Supreme, is the first person in the special warfare of our Southeast Military Region, and is recognized as the new super soldier king of the two major special war ace of our Thunder and Lightning Lone Wolf!"

At this time, Zhuang Yan smiled and started reporting loudly!

Fan Tianlei glared!

The first man in the special warfare of the Southeast Military Region?

and has been recognized by the two special war ace of Thunder and Lonely Wolf?

Who is so awesome?

"Thor, Xiao Zhuang, what the **** are you guys doing! Can you just point it directly? Who is this supreme?"

Fan Tianlei couldn't wait to scold him, desperate to know the answer!

"An Ran, come on!"

Fan Tianlei glanced around and found that Lei Shen and Zhuang Yan were both grinning badly. They wanted to deliberately look at him flat, and immediately appointed An Ran to answer.

An Ran smiled slightly, and said a little sorrowfully, "Chief of Staff, this supreme...Of course it is Qin Yuan!"

"What? Qin Yuan???"

an instant!

Fan Tianlei's eyes widened round!

good fellow!

Rao is that he has been mentally prepared!

But now suddenly I heard An Ran's affirmative answer!

He still couldn't help being surprised!

is really Qin Yuan?

What happened to this mission?

He remembered that before leaving, the Thunder God Zhuang Yan and a few people were still clamoring that Qin Yuan would disrupt their actions and other things!

I didn't expect now...

In a blink of an eye!

This is less than a day!

Thunder God Zhuang Yan and their attitude towards Qin Yuan had a 180-degree reversal, and they actually recognized Qin Yuan's strength?

Not only that!

For Qin Yuan, he seems very respectful!

"An Ran, you have to talk to me about this action."

Fan Tianlei is now desperate to know what happened.

"The Chief of Staff, this is the case, because Qin Yuan has the right to special operations, so...In order to reduce casualties, he took the lead alone!"

An Ran immediately smiled and spoke, telling Fan Tianlei about this unprecedented wonderful task.

"What? Acting alone? Is that reasonable!"

When Fan Tianlei heard this, his whole heart was all over his throat!

"He easily killed all the open and secret posts, and then ran into the villa alone, and easily solved all the bodyguards on patrol! Then he rushed into the villa like a bamboo, killing all the targets!" An Ran smiled, and then said, these things are all. She only knew that she had communicated with the Thunder God Zhuang Yan and Qin Yuan himself along the way!

Fan Tianlei was stunned!

One person solves all the open and dark posts, and then one person directly enters the villa?

This action...

It's not easy to hear it!

Is Qin Yuan really that powerful?

Speaking of...

as the chief of staff!

Fan Tianlei hasn't really seen Qin Yuan's strength yet!

He just knows!

Qin Yuan killed the wild wolf and thunder and lightning by himself, and it was a single-handed plan. successfully beheaded Gao Shiwei, himself and almost all the senior blue army officers!

finished listening!

Fan Tianlei is in a bad state!

of course!

is excited!

"Haha! Good! What a Qin Yuan!"

Fan Tianlei had a pair of tiger eyes flashing a sharp look. He looked sharply at Qin Yuan and said excitedly, "Qin Yuan, since your strength has been recognized by everyone! Then you super recruit, I have booked it first! You must come to participate in the selection of Spike Special Forces for a while!"

"As for this period of time? You can enjoy life for a while!"

"Yes! Chief of Staff!"

Qin Yuan smiled and nodded.

"Ding Dong~ Now release a system mission, successfully become a special soldier, unlock a new grid!"

At this moment, the crisp system prompt suddenly sounded!

Qin Yuan couldn't help but smile!

This system is here to send benefits again!

Become a special soldier?

Isn't this a sure thing!

This grid will be available soon!

The formation disbanded!

Qin Yuan originally planned to go back!

But I can't resist the kind invitation of Thor and the old fox Hades. I have to invite Qin Yuan to the training base of their Raiden Commando for a few days!

Without any choice.

Qin Yuan had to follow everyone to the training base of the Raiden Commando! !

But as soon as he got out of the car, Qin Yuan was attracted by a very eye-catching little guy!

This is a huge black widow!
