

Special Soldier 691

Chapter 691: provocative

And all of a sudden, everyone was staring at Qin Yuan and Tang Zhou. They wanted to see, how long can they last?

It's a pity that these two people don't even shake. To them, doing this kind of thing is as simple as breathing!

Time passed by one minute and one second, and even in the cabin ahead, a message came: "The destination is coming soon, everyone wear seat belts!"

But after hearing such words, Tang Zhou and Qin Yuan were still motionless, and Xiang Yu on one side saw these two people, and wanted to comfort them, should he pause first and fasten his seat belts, but one side But the people at's stopped Xiang Yu, because they looked at the hands of Qin Yuan and Tang Zhou, and they all held onto the handrail tightly.

"Look at the handle, this kind of power might be stronger than a seat belt!"

Hearing such words, Xiang Yu gave up persuasion after taking a look. After all, it was a battle between the two of them!

But at this moment the plane suddenly trembled, and in the cabin in front, another voice came:

"Passengers, please fasten your seat belts. The plane in front will pass a small air current, please don't panic!"

But after hearing such words, the other people didn't panic at all, still staring at Tang Zhou and Qin Yuan closely. At this time, the plane gradually tilted 45 degrees, and some things even started to roll.

At this time, Tang Zhou and Qin Yuan also tilted their bodies 45 degrees, but this kind of strength is indeed a kind of pressure for Tang Zhou and Qin Yuan who have been holding on for several hours, so the arms of the two people , Trembling a little!

"It seems to be the winner!"

Jiang Xiaoyu, who was on the side at this time, yelled, and Tang Zhou and Qin Yuan at this time. But still smiling, looking straight at each other.

Although the tilt of the plane brought some pressure to the two of them, it was very early to let the two of them decide the winner!

And Qin Yuan and Tang Zhou actually persisted for another hour, and they waited until the plane landed, and neither of them had a winner!

"Oh, you two have done it, you two should stop fighting, this time I declare that I am a tie!"

At this time, Xiang Yu said helplessly to the two people, he really did not expect that he would be this point when he was the referee!

When they heard this, Tang Zhou and Qin Yuan looked at each other again. The last two people slowly relaxed, stood up, moved their shoulders, and shook hands with each other:

"Yes, we didn't have a winner this time, it looks like it will be the next time!"

"I am waiting for you!"

After saying this, both of them got off the plane directly, but Xiang Yu on one side clearly saw that the muscles on both arms were twitching!

Xiang Yu was speechless at this moment, and then said to the two people:

"Okay, you two shouldn't be brave, and massage your arms!"

"It's okay, we know how to do it."

At this time, Qin Yuan answered with a smile, and even though Tang Zhou didn't speak, he also showed a smile.

Seeing the appearance of these two people, Xiang Yu was even more speechless. He didn't know what to say, but left directly.

And Qin Yuan and Tang Zhou waved their hands for the last time. The two separated and walked in the other direction. When everyone couldn't see them, Tang Zhou and Qin Yuan were as if they had suddenly unplugged the power source, and they hurriedly moved themselves. Shoulders.

"Hi, this kid is really tolerable, are his arms made of iron? Nothing!"

At this time, Tang Zhou said while massaging his arm, while Qin Yuan directly pulled out a needle and stuck it in his arm, and it took a while to exhale a rough breath!

And he also felt that Tang Zhou was abnormally perverted, but he knew that besides his own training, his strength was more dependent on systematic transformation!

But this guy Tang Zhou was completely trained by himself, but he was able to fight against Qin Yuan to this point. This guy is truly not a human!

"Grandma, I will definitely find out how to train him in the future and do it for myself. I don't believe it anymore, I can't compare to that kid!"

At this time, Qin Yuan said fiercely, after waiting for a while, the eight needles against the sky directly relieved the fatigue on his arm, and Qin Yuan walked out as if he was all right.

On the other side, Tang Zhou also used his internal strength to relieve the fatigue on his arms, and also walked out, but after seeing Qin Yuan, he just nodded, and said nothing.

And then they went to the training place together. Qin Yuan discovered that they had not arrived early, and there were already many teams here!

And these soldiers looked at these Yan Nation troops, and there were all kinds of complex meanings in their eyes!

After all, during this period of time, Qin Yuan has done a lot of things in the international arena, which made the Yan Nation soldiers' reputation greatly boosted. Although it is not clear who is doing this, everyone knows that Yan Nation must have a ruthless character!

Therefore, the soldiers of these countries look at the eyes of Qin Yuan and others with a trace of provocation. If they can defeat the legendary soldier of the Yan country, they will really show their faces!

It's a pity that they didn't expect that the Yan Nation soldier stood in front of them, and they would never have a chance to defeat this soldier!

And at this moment, a person suddenly walked out of the crowd, and Qin Yuan took a closer look and found that it was the Jack he had encountered before!

"Haha, dear Qin, we actually met here!"

After giving Qin Yuan a bear hug directly, Jack at this time said softly in Qin Yuan's ear:

"I don't think this kind of competition is suitable for you at all. When you come, won't you take all the awards!"

"Haha, Jack, this is the glory of the scout, besides, why not give me something for nothing?"

After saying this, Qin Yuan blinked his eyes directly at Jack, but Jack's face showed a bit of bitterness. He remembered how badly he was beaten by Qin Yuan at that time!

But Jack finally sorted out his feelings and said directly to Qin Yuan:

"Hey, Qin, although we know that our team is probably not your opponent, we will still work hard this time. This time my goal is still the champion!"

"Haha, courage is commendable, but in the end, you probably came in vain. Tell you a good news and a bad news. The good news is that I will not participate in this competition this time, but will exist as a consultant. The bad news is that my team members, you still can't beat them, so you still can't get the championship this time!"

Qin Yuan laughed, but Jack's eyes lit up when he heard this. If he was facing Qin Yuan, he did not have much confidence, but facing the soldiers under Qin Yuan, he But there is a chance!

"Hey, dear Qin, are you sure you want to do this? This time there are also a lot of capable people. If you don't try your best, you may capsize in the gutter. Although your soldiers are very elite, But it is not impossible to defeat!"

Jack said to Qin Yuan provocatively, but Qin Yuan was completely indifferent, rolled his eyes directly, and replied to Jack:

"If you think you can defeat these soldiers, then take the champion back, I won't mind at all!"

After hearing Qin Yuan's words, Jiang Xiaoyu and Zhang Chong on the side straightened their chests. They had defeated Jack with Qin Yuan. How could they be afraid of each other this time?

"Okay, then I will be in the game, wait and see!"

Jack gave Qin Yuan a high five for the last time, and then left!

At this time, Shen Ge, who is on the other side, is doing something else.

This time the Mars competition is held near Yan Country, so Yan Country has to provide weapons and various logistical support work!

Various people from Yan Country have come to this small island early in the morning to make things that can be used in various trials!

And coming with the plane, there are various weapons and empty shells!

After these weapons were moved down, they immediately attracted the attention of the surrounding foreign troops. After all, this time in the Mars competition, they will use such weapons. The sooner they can become familiar with the weapons, the sooner they will be able to occupy a certain amount. Cheap!

After they made the application, they directly opened a box of weapons and equipment. After all, they usually have no training on Yan Nation weapons, so they must have time to get familiar with it!

Then this group of people picked up their guns and began an experimental design, but this time, there was a burst of dissatisfaction!

"Fak, what kind of garbage weapons are these, they are so rotten! It's like shit!"

At this time, a soldier from the lighthouse country angrily threw the weapon in his hand to the ground, and another soldier from the country also coaxed together:

"That's right, isn't it this time that you use this gun to fool you!"

"I'm not convinced, I have to change the gun!"

.....

At this time, hearing the complaints of these people, Shen Ge suddenly came over and asked these people directly:

"Is there any problem?"

And a soldier from the Lighthouse Country, glanced at Shen Ge's beautiful face, and immediately smiled cheerfully. He directly picked up the gun in his hand and said to Shen Ge:

"Beautiful lady, the weapons you provide are really terrible. It's simply the most garbage weapon I have ever seen. How can a weapon like this be hit?"

"Yes, this kind of weapon can't even match the M16 we eliminated. As a result, your Yan Nation still put this kind of weapon on this international stage. It's ridiculous!"

After hearing this, the group of people suddenly made a burst of laughter, and even couldn't help whistling towards Shen Ge!

When he heard this, Tang Zhou frowned on one side, and looked over here, and found that this group of foreign troops had surrounded Shen Ge, but it frowned and walked over. Want to shoot.

But Qin Yuan stopped Tang Zhou directly. He looked at these people and narrowed his eyes slightly, but there was a smile on his mouth, and he said directly to Tang Zhou:

"It doesn't matter, Shen Ge can handle these things well!"

"But he is a woman..."

Tang Zhou said a little hesitantly, but Qin Yuan cast a glance at the other party and said disdainfully:

"You still think that I was a bit discriminatory against women before. You are the one who discriminates against women the most. Let these real battlefield roses bloom with their own brilliance. That is a better thing! Don't worry, even if she can't handle it, I I will finish it too!"

And when Tang Zhou heard Qin Yuan's answer, he naturally couldn't stay in the past, he could only smile at Qin Yuan:

"You really are a colder person!"

"This is not called coldness, it is called letting people play their role. Even if we are iron men, how many nails can we hit? Only when we make the people around us stronger together, then we really become stronger!"

Qin Yuan said lightly, but when he heard what Qin Yuan said, Tang Zhou opened his eyes slightly, and finally nodded.

Sure enough, after hearing the ridicule of the foreign troops, Shen Ge showed a cold expression, and said directly to the laughing lighthouse soldier:

"This gentleman, I will give you three seconds to think about it. If you take back what you just said, otherwise, I am afraid it will cause some bad consequences At this time, Shen Ge looks at this tall The soldiers of the lighthouse nation, without any fear, said to the other party with their heads up.

But after hearing what Shen Ge said, the soldier showed a disdainful expression and said to Shen Ge:

"Am I wrong? Your gun is a waste product. Why should I apologize for the truth?"

And a Bangzi country soldier on the side also followed his voice:

"Yes, this kind of gun is really rubbish, I can testify to him, this kind of gun is absolutely impossible to hit the target!"

After hearing the words of these two people, Shen Ge showed a sneer again and said directly to the two people:

"It's not your mouth that makes the shot or not, but the facts! If I can hit the target with this gun, you must apologize to me!"

After hearing this, the two soldiers glanced at each other, and immediately showed a trace of pride. They are also well-trained soldiers, and their evaluation of this gun can be regarded as accurate. A weapon like this is indeed better than Not the weapons they often use!

"Well, I can let you give it a try. If you fight, I will apologize to you, but if you can't fight, you must replace our country's weapons! And beautiful lady , I can have a party tonight, what do you think? Hahaha!"

After saying this, the soldier laughed again!

Chapter 692: Shameless

After hearing this, the people around made a burst of laughter. Looking at these people, Shen Ge's eyes flashed with anger, and then he directly picked up a rifle. Loaded the bullets, fired one burst, and shot directly at the target a hundred meters away!

The reporter on the side directly reported the number:

"All ten rings, thirty rings in total!"

Hearing this sound, Shen Ge put down his gun, looked at the lighthouse soldier just now, and said coldly:

"Some people have insufficient personal strength, so they want to use this kind of crooked way. Now that I have hit, you must apologize to me!"

After hearing Shen Ge's words, the faces of those soldiers were a bit ugly. They didn't expect that the female soldier in front of them was so pungent, and directly hit them in the face with facts!

But naturally they can't just bow their heads. The Bangzi country soldier on one side saw the lighthouse soldier's gesture. They immediately understood the gesture and stood up, still stubbornly saying:

"Huh, it just hit a 100-meter target. What's so great? This gun has a range of 400 meters. If you can still hit the target, then we apologize to you!"

Yep?

Hearing this, Shen Ge's face suddenly changed. Although the 95th rifle has a range of 400 meters, it is a semi-automatic rifle. Normal soldiers have a target range of 200 meters. Today's sea breeze is relatively strong. Although Shen Ge has been trained for many years, she really lacks confidence if she hits a 400-meter target in such an environment!

After all, this time is no small matter. If you lose, you will lose a big face in the world!

The soldiers on the side also laughed at Shen Ge's face!

The lighthouse soldier also gave a thumbs up to the Bangzi country soldier, and the Bangzi country soldier immediately shook his head like a dog praised by his master, probably without a tail, otherwise, Even the tail is about to be shaken!

The soldier from the Lighthouse Kingdom saw Shen Ge hesitantly and said:

"Hehe, beautiful lady, if you feel that you are not good enough, then you will lose. I will not let you change our weapons. As long as you can participate in the date with me, I will let you go. How about? Am I very Gentleman? Hahaha!"

And when Shen Ge heard this, her face was sullen with anger, she immediately agreed, she must teach these ***** well!

But this lighthouse soldier showed a sinister smile when he saw the appearance of Shen Ge. Today's wind is very strong, in this environment, let alone Shen Ge is just a female soldier, even if they are well-trained special soldiers. , There is no absolute certainty that you can hit the target within 400 meters!

But when Shen Ge wanted to say something, a big hand suddenly appeared on her shoulder, and this big hand took the weapon in her hand by the way.

And Shen Ge was shocked immediately, but she turned around and found that the person standing next to her was Qin Yuan, and then she did not have any resistance, and directly handed her gun into Qin Yuan's hands.

And Qin Yuan looked at the group of soldiers, and said to Shen Ge lightly:

"These guys are obviously irritating you. Under today's environment, the risk of shooting is high. If you make a mistake, then our loss will be great, but they are just a light apology, this kind of lucrative business, Why would you agree?"

And Shen Ge heard this, and quickly reacted, as if he had been hit by the opponent's aggressive action, he immediately lowered his head, and was unable to speak.

After hearing Qin Yuan's words, the soldier on the side suddenly knew that his strategy had been seen through, his face sank, and said directly to Qin Yuan:

"Who are you? This is between me and this lady. What does it have to do with you?"

And Qin Yuan just glanced at this guy with disdain, and said lightly:

"What? Are you scared? What you have agreed with her is only the performance of this gun. Since it is to test the performance of this gun, aren't both male and female soldiers the same?"

"you!"

This soldier's face was suddenly stagnant, as if he could not say anything, and the Bangzi country soldier on the side was about to say something, but before he could speak, Qin Yuan directly turned the muzzle. Directly aimed the weapon in his hand at the eyes of this stick country soldier!

And Qin Yuan's eyes were full of murderous aura, and he smiled and said to the Bangzi country soldier:

"This is between me and him, what are you talking about? If you dare to intervene again, I will blow you up!"

And this Bangzi country soldier saw Qin Yuan's eyes, and immediately shuddered. What kind of eyes are this?

There is a cold wind from the North Pole in the eyes like this, and I don't know how many killers can cultivate a murderous intent.

But he saw the eyes of the lighthouse soldier, but he gritted his teeth and said directly:

"Huh, what's so great, it's just a training bomb, it can't kill people at all! And if you dare to shoot at me, you don't want to participate in this competition!"

"Ahaha, who told you that I was a participating soldier? And who told you that this training bomb can't kill people? Believe it or not, at this distance, I can hit your eyes directly, and as long as I find it With a sufficient angle, this training round can follow your eye sockets directly into your brain.

Of course, you can rest assured that the operation in this area in our country is very advanced, and you will definitely not die, but during the operation, if something like nerves is injured, you can't speak, or become a vegetable. , This is also within the normal range! "

At this moment, Qin Yuan's face showed a slight sneer, and this Bangzi country soldier showed an unbelievable expression when he heard Qin Yuan's words. He knew that Qin Yuan was threatening him, but looked at Qin Yuan. With his eyes, he couldn't say anything else!

And this lighthouse soldier, seeing the appearance of the Bangzi country soldier, suddenly said loudly:

"Lee, he is just scaring you, he doesn't dare to do such a thing at all! Their country can't bear the responsibility either!"

"Hehehe, what he said is right, I am really scaring you, but you are sure that our country cannot bear this kind of responsibility. Anyway, I am not a soldier in the competition. I am just a leader. We have many leaders. Well, today I'm leaving, and there are other people who will lead my team, and even if I kill you and go to our country's military court, you still can't see it..."

At this time, Qin Yuan's smile was like the most terrifying demon. The soldiers of Bangzi Country swallowed, but they didn't dare to say anything, they just turned to the side and never dared to stay here again!

After all, what Qin Yuan said was right, even if Qin Yuan did something and was punished to a certain extent, how could he be finished!

And seeing the appearance of Dr. Bangzi's soldiers licking eggs, the soldiers of the Bangzi country suddenly became so angry that he directly stood up against Qin Yuan and said coldly:

"Huh, do you Yan people only scare people? Can't you show some real skills? Then follow my previous agreement and hit a target 400 meters away. As long as you can hit the target, then you win!"

"Well, since I have won, we will start to discuss the rules of this tribulation. If we want to say an apology lightly and go over, it is completely impossible. If I hit the target, you You must lead your team and withdraw from this competition!"

At this time, Qin Yuan said with a smile, and upon hearing this, the soldier's expression suddenly changed!

Some things have been done before, whether it is to apologize to Shen Ge or mock these people from Yan country, it has no effect on them.

But this time is completely different. If he did not participate in the competition because of these things, he would retire directly. After returning to the country, he would definitely go to a military court!

It's just that he absolutely doesn't believe that Qin Yuan can really hit the target 400 meters away. After all, today's environment is so harsh, even he himself, using the best rifle, is not 100% sure of hitting the target.

So this soldier said to Qin Yuan with a fierce face:

"Okay! In that case, if you didn't hit the target, you wouldn't be able to pass so easily. You will take your Yan Nation team and leave directly!

"Okay, it's hard to chase a horse in one word, and we both say there is no proof. Now go directly to the organizer of this competition and set this matter down!"

Qin Yuan didn't have any fear at all, and said directly against the opponent!

"Wow!"

When I heard Qin Yuan's words, the matter suddenly became a big deal, and a group of people was in an uproar when they heard such words.

After all, the Yan Guo team and the lighthouse team are relatively powerful teams. If these two teams leave the field, then people from other countries have a great chance of winning the championship!

So naturally someone went directly to find the person in charge of the Mars competition. This person walked over, looked at the appearance of the two parties, and said to them immediately:

"Are you two serious?"

At this time, the soldier of the lighthouse nation was sweating like rain. He really did not expect that this incident would have caused such a big trouble!

Although he agreed to Qin Yuan just now, but in his heart, he was still planning to repay the bill. He thought, if Qin Yuan wins, then he will withdraw from the game by himself, and other soldiers can still participate!

But this time even the organizers came. Once the agreement is signed, their entire team will really withdraw!

At this time, the person in charge of the lighthouse country also rushed over directly. After hearing the whole story, his face was also very ugly!

In this situation, it is already difficult to overcome, bowing and not bowing, it is no longer difficult to deal with.

The current Yan country and the lighthouse country are now competing. If this time is to bow to the Yan country, then this matter will definitely be news!

But once he doesn't bow his head, it's okay that Qin Yuan didn't hit the target, but if Qin Yuan really hits the target, then this will happen. Their entire team will retire from this competition. I am afraid it would be a shame to their entire team!

At this moment, the person in charge of the lighthouse nation was also sweating profusely, and seeing Qin Yuan's appearance, he thought for a long time, but still didn't think of any solution, and in the end he could only wipe the sweat on his head. Qin Yuan said:

"This matter is too important, I must ask my superior for instructions!"

"Hahaha, please? Your lighthouse country is just as courageous as that, forget it, since you have made such unbearable courage, then you just need to bow your head and it's over!"

After saying this, Qin Yuan shot instantly, aimed directly at a target 400 meters away, and knocked out the bullets three times!

When I saw Qin Yuan's appearance, everyone was extremely nervous, and the target reporter also quickly reported the number of targets:

"Ten Rings!"

what? Ten rings?

Everyone immediately looked at Qin Yuan with an unbelievable look. You must know that in this violent wind, let alone hitting a 400-meter target, even a 200-meter target, there is a certain risk!

But Qin Yuan didn't hesitate at all just now, nor did he measure the wind speed. He shot a few bullets at will, it was as easy as spitting out!

But he still hit the target, is this person already so strong?

and heard these words, had just played the video with that lamp, and his face was sweaty. Fortunately, he didn't make this bet with Qin Yuan. If he made this bet, their entire team would have to retire!

But this lighthouse soldier laughed at this moment. Although his face was full of fear, he had to do something now.

As the captain of the lighthouse country, since he provoked the Yan national team this time and failed, he must bear certain responsibilities.

So if he wants to make a comeback this time, he needs to bring his own team and get good results in this game.

And now the entire team members are a bit lost, he must take this opportunity to raise morale!

So he wiped the cold sweat off his body and said to Qin Yuan:

"Huh, you just hit the target, and you didn't focus on the bullseye. What's so great!"

This soldier of the Lighthouse Nation really has no choice. He can only use this excuse to deal with Qin Yuan.

On the other hand, the doglegs who support the lighthouse country are also clamoring one by one!

"That's right, it's just a tenth ring score, what's the deal?"

"Yes, it doesn't count at all!"

"It can only be regarded as a tie, and the lighthouse country is not a loss!"

But Qin Yuan showed a very playful smile when he heard the shameless words of these guys.

Chapter 693: Recycling dolphins

And seeing Qin Yuan's smile, Shen Ge on one side immediately understood, and said directly to the reporter on one side:

"Go get this target paper!"

"Yes!"

But the soldier from the lighthouse nation before laughed:

"Even if the target paper is brought over, how can we see this guy's mistakes clearly?"

"Huh, is it a mistake, you'll know in a while?"

At this time, Shen Ge looked at the lighthouse soldier with a sinister look, and soon the target reporter brought the target paper over, and seeing this piece of target paper, the face of the

lighthouse soldier, It was a change, because although there was only one bullet mark on this target paper, this bullet actually hit the bullseye directly!

This is enough to prove how strong Qin Yuan's strength is. In such a situation, a bullet hits the bullseye directly. If it is a coincidence, if it is not a coincidence, then Qin Yuan's strength is already too strong for them. The point of imagination!

But he still worried his head and said to the others:

"Hmph, one bullet hits the bullseye, so what can I do, the remaining two bullets are different and there is no trace, which proves that your gun is simply not working!"

But at this time, Shen Ge sneered, and said directly to the lighthouse soldier:

"Our guns are not good at all? Take a good look at your dog's eyes. If your eyes are not blind, you can see. It is not that the other two bullets are missing, but these three bullets. , All hit the same position!"

what?

Hearing such words, the people around were in an uproar, they all rushed up in disbelief, and carefully observed the target paper in the hands of this Chen Ge!

After a closer look, it was discovered that the bullet holes on the target paper in Shen Ge's hand were much thicker than ordinary bullet holes, which means that the three bullets were indeed from this bullet hole. Passing through is only because there is a small gap, so the bullet hole of this target paper will be punched a bit larger!

Seeing such a situation, the soldier of the lighthouse nation was completely stunned, unable to hold on any longer, and just sat on the ground!

"This is impossible, this is impossible, is this something that humans can do?"

This guy murmured, the light in his eyes, even slowly extinguished, he knew that his whole life was completely finished!

But Qin Yuan just glanced at this guy with disdain, then turned and left.

After Qin Yuan left, Jiang Xiaoyu, Zhang Chong and others on the side immediately rushed over and gave Qin Yuan a thumbs up:

"Hey, Captain, what he did is really beautiful, but he gave us a sigh of relief. This guy dares to provoke you, it's just looking for death!"

"Yes, he just wanted to find someone else. He even dared to provoke our captain. From the moment he provoked, I had a foreboding his end!"

Qin Yuan looked at these people and shook his head. When he was about to speak, a person suddenly rushed over to Qin Yuan and directly reprimanded Qin Yuan:

"What are you doing? Do you know that you have offended these lighthouse soldiers? So this time, they will definitely target us in the game! If our team can't achieve good results, you can Take this responsibility?"

Hearing such words, Qin Yuan's brows suddenly frowned, and he turned to face Shen Ge and asked directly:

"Who is this guy?"

However, Shen Ge said to Qin Yuan in a low voice: "This is the leader of our Yan Nation who provides arms, Captain Zhao!"

Hearing this, Qin Yuan was suddenly stunned, turned his head and said to this Captain Zhao: "What? Are you dissatisfied?"

And seeing Qin Yuan looking like a okay person, this Captain Zhao was even more angry and said to Qin Yuan:

"Is there anything wrong with me? Is this the problem of my dissatisfaction? You provoke people like this, do you know you have a big problem?"

But Qin Yuan just sneered and said to Captain Zhao:

"I don't think there is a big problem. Besides, should they let them insult the firearms of our country? If they find you, you will really prepare them the firearms of their country?"

Although Captain Zhao's expression was a bit ugly, he still said to Qin Yuan:

"How? Isn't it possible? If their demands are appropriate, then I will naturally follow them!"

"Appropriate? Follow?"

After Qin Yuan heard these words, he laughed directly, leaned back and closed his laughter, and even blocked his stomach.

When Captain Zhao saw Qin Yuan's appearance, he was even more upset, and said to Qin Yuan:

"What's wrong with you? Can you just say something straight?"

But Qin Yuan's face changed, and he said angrily:

"Say it straight? Okay, I just say it, don't you know that you are the equipment captain of our Yan Nation, not the captain of their Beacon Nation? Do you know that the soldiers of Yan Nation know that they usually use guns? What about this type of 95 rifle? People in their countries are more expensive. Can they not use the guns that we can use?"

"But... But when someone made such a request, we naturally have to comply!"

What else does Captain Zhao want to defend? But before he finished speaking, he was directly interrupted by Qin Yuan:

"Respect shit! I care about them. I only know that if we use this type of 95 rifle, our soldiers' shooting performance can be improved by at least 3 points. This will determine victory at a critical moment. negative!"

Captain Zhao couldn't open his mouth. His whole body was trembling with anger. The fingers pointing at Qin Yuan were also shaking a little, and he shouted angrily at Qin Yuan:

"You are simply a barbarian, and you are full of swear words. I will sue you!"

"Hehe, go, but you look at your rank first, you are just a major, and I am a colonel, and I am also the person in charge of this competition. You tell everything all about it, and you get slapped. Who is going to come down, I don't know yet!"

Qin Yuan said disdainfully, and then left with a group of people. When these people left Captain Zhao passing by, they didn't know if it was intentional and directly spit on him!

"Oh, sorry, I barbarians are less qualified!"

Jiang Xiaoyu said with a smile on his face, and Captain Zhao just wanted to say something, but as soon as he turned his face, he ran into the fierce face of Zhang Chong, and immediately couldn't say anything.

At this time, Qin Yuan saw the movements of Jiang Xiaoyu and others, but he let out a sigh of relief and said to them:

"But you have to play well, don't capsize in the gutter. We slapped them with such a big face before the game. If we don't win the championship during the game, we are the one who will be ashamed!"

And Shen Ge said with some worry:

"Yes, although we lost them a captain this time, it also aroused their desire to win. It is estimated that they will come together with others to target us every day!!!"

But when he heard such words, Xiang Yu on the side sneered and said directly: "Hehe, when did they not attack us with other people? Don't worry, just blow them all up. !"

"Okay! It's such a momentum, go and prepare!"

After saying this, Qin Yuan directly patted his own players on the shoulder, and then these people began to prepare for the game.

And looking at the soldiers looking far away, a voice came from behind Qin Yuan:

"I thought you would hit people directly, but I didn't expect you to be reasonable!"

"Hmph, although I don't like this kind of person, it's our own person, grandma's. How could such a thing happen? Treat people from other countries the same way they treat their ancestors, but feel that we ourselves need to make do with it. !"

At this time Qin Yuan was going to die depressed, and when Tang Zhou heard this, a light flashed in his eyes, and said to Qin Yuan:

"This is because we are not strong enough. If we are strong enough, they don't need to maintain such humility."

"Huh! Take your time!"

After saying this, Qin Yuan went straight to the outside. After all, when the Yan Guo team was not on the field, what team was not worth seeing for Qin Yuan!

And seeing Qin Yuan's back, Tang Zhou also shook his head, took out his mobile phone directly, and dialed a call:

"Yes, yes, he is okay, he didn't make a direct shot, it seems he is not a particularly impulsive person, um, um, please apologize to Lao Zhao for a while."

After speaking, Tang Zhou hung up the phone directly, but he smiled slightly when he looked at Qin Yuan's people:

"Qin Yuan, Qin Yuan, I'm really sorry, the person you just met was tested by me! But you seem to be doing very well."

At this time, Qin Yuan left the training area directly. This island is a very large and wild island with many strange creatures.

Anyway, Qin Yuan is depressed, so Qin Yuan intends to stroll around on this island to see if he can recover some strange animals and gain some skills!

Then Qin Yuan walked directly to the edge of a mountain cliff and looked at the distant seascape, expressing the depression in his heart, and there was a sea breeze.

Qin Yuan also knew that there were many people in this country, and many things could not be what he imagined, nor could he force others to be the same as himself.

What he can do is to develop things in a good direction. It is impossible for one person to do it. All things must depend on the country!

After resting for a while, Qin Yuan felt that he was in a better mood and planned to go back.

But at this moment, Qin Yuan heard a "yo-yo" sound, and when he looked back, he found that several dolphins were playing under the cliff!

Qin Yuan's eyes suddenly lit up!

You must know that he has a high affinity for dolphins. After all, he saw it on TV when he was young. Dolphins are good friends of mankind, and dolphins have high intelligence, and they often rescue people who fall into the water.

And when sailing, they will cheer around the ship continuously, leading the human beings, so except for some frenzied bastards, few people will kill dolphins.

At this time, Qin Yuan looked at these dolphins, but an idea emerged in his heart, wondering what skills he would give him when he recovered these dolphins into the grid!

Doing what he thought of, Qin Yuan directly put his communication equipment aside, and then jumped directly into the water!

At this moment, a fat dolphin swam directly under Qin Yuan's body, trying to push Qin Yuan to the surface of the water. It was clear that he was treating Qin Yuan as a drowning person.

Seeing the movements of these dolphins, Qin Yuan felt even more joyful in his heart. He directly touched the dolphin's head and said slightly:

"Hey, I'm wronging you for a while!"

Then he said a word of recovery in his heart, and then received the fat dolphin into the grid.

"Ding Dong! The system was successfully recovered! Please start choosing the host!"

At this moment, with the soft sound of the system, three options appeared directly in front of Qin Yuan.

"1. Get world-class treasure hunting ability!"

"2. Get world-class sonar exploration capabilities!"

"3. Get world-class ability to treat autism and mental illness!"

Looking at these three brand-new options at this time, Qin Yuan couldn't help but feel happy in his heart. This dolphin is indeed a master at curing diseases and saving people. These three options seem to be very useful!

Looking at these three choices, Qin Yuan directly chose the second item. After all, Qin Yuan knew that the sonar detection ability of dolphins was very strong, and even the sonar in the submarine was made by imitating this dolphin!

And Qin Yuan also lacks the ability to explore on the seabed, so naturally he needs to get this ability first!

"System I choose the second option!"

"Ding Dong, congratulations to the host for acquiring the world-class sonar exploration ability, which can help the host explore all the creatures and obstacles in a radius of one kilometer in the ocean!"

"Oh, it was 1 km from the beginning?"

What Qin Yuan couldn't help but was a little surprised. He thought that his sonar exploration ability was similar to night vision ability, and it had risen to the top level, about five kilometers, but now this one is 1 kilometer, which cannot help Qin Yuan Not surprised!

And because of the obstruction of the current, no matter what kind of creature it is, the speed in the sea is not very fast. With Qin Yuan's current swimming speed in the water, no matter what happens, it is enough for Qin Yuan to react. Opportunity.

When Qin Yuan looked at the active dolphins around him, a smile suddenly appeared on his face. He rushed over and received all these dolphins in the grid. After a while, he chose to directly promote the sonar exploration ability to the universe. level.

"Dingdong, congratulations to the host for acquiring the cosmic-level sonar exploration ability, searching for all creatures and obstacles in the ocean within a radius of 10,000 meters!"

Chapter 694: Strange island

At this moment, Qin Yuan felt a burst of joy. You know, this is the sonar exploration ability, which is much stronger than other exploration abilities in the water!

Dolphins can send out some ultrasound directly to pinpoint which creature is in front of them? Some scientists have shown that the reason why dolphins are so close to humans is because the magnetic field of humans is somewhat similar to that of dolphins.

After choosing the second skill, Qin Yuan looked at the other two skills!

Just looking at this treasure hunting and the ability to treat autism, Qin Yuan is also a little entangled, whether these two abilities should be directly chosen!

However, Qin Yuan thought for a while and decided to inherit both of these abilities!

After all, Qin Yuan has never seen this treasure hunting ability. Although Qin Yuan is not short of money, how many treasures there are in the ocean, Qin Yuan is not clear now.

But apart from anything else, the 303 submarine that Qin Yuan encountered before is enough to prove that this ability is very useful!

And this third ability is even more remarkable. As a mental illness, whether it is Chinese medicine or Western medicine, it is difficult to cure it. Today even Qin Yuan has eight needles against the sky. There is no complete confidence to cure this mental illness.

After all, people's psychology is very strange. If you want to open up some things, you will completely think about it. If you don't think about it, you will always be entangled. After all, there are very few animals that will end their lives like humans.

If Qin Yuan can unravel the mystery inside, it will definitely add to the history of medicine!

Moreover, Qin Yuan felt that this ability could supplement his psychological flaws. As long as he could acquire such ability, he would be able to make up for the last shortcoming in medicine!

These three options are very useful, and Qin Yuan still has a lot of grids left, even if they are recycled, it is enough.

What's more, he doesn't have much place to use the grid now. Now he is just watching the Mars competition and does not need to participate by himself. And as long as he participates in the task in the future, Grid will definitely not be missing, so he simply wants to select all the three options!

After all, the next time I meet so many dolphins, I don't know when.

"System, I choose the first option!"

"Ding Dong, the system selection is successful, and the host gains world-class treasure hunting ability! And the host increases a certain swimming speed limit on the way to the treasure."

At this time, hearing the system's prompt sound, Qin Yuan's eyes suddenly lit up. He didn't expect that this treasure hunting ability could actually increase the upper limit of swimming speed!

Qi Qin Yuan felt it at this time and found that the upper limit of swimming speed increased by 40%!

Qin Yuan's current speed, if it broke out at high speed in the sea, would be about 170 meters per minute! After an increase of 40%, it can be increased to 240 meters per minute!

240 meters per minute! This means that Qin Yuan can swim more than 14,000 meters in one hour!

Moreover, this is still only a world-class ability. If this is raised to the cosmic level, what kind of ability can be obtained?

"Ding Dong, the host chose to succeed and gained world-class treasure hunting ability. The range of treasure hunting was expanded to a square 10,000 meters! And during the treasure hunting process, you can replenish your energy in the water!"

"I go!"

At this time, Qin Yuan was completely shocked. Unexpectedly, the range of this treasure hunt has increased by 10,000 meters, not to mention that it can also replenish physical strength. This is simply making Qin Yuan cool!

You must know that Qin Yuan has already acquired this ability before, and these two abilities are superimposed on each other. When Qin Yuan is in the water, not only can he not consume physical strength, but can even supplement his physical strength!

With such a sense of excitement, Qin Yuan directly looked at the third option, not knowing what surprise this option could bring to himself!

"System, I choose the third option!"

"Ding dong, the host has gained world-class ability to treat autistic mental illnesses, and received sound waves, with a 40% chance of curing the patient!"

Healing sound waves?

Qin Yuan knows that there are many cases of using sound to treat mental illness. He did not expect that dolphins are already so advanced, and they use sound waves directly!

It's just that there is nothing to experiment with this ability, so Qin Yuan still temporarily put this thing aside!

"Taking advantage of this opportunity, let's raise this ability to the top first!"

Qin Yuan muttered, after all, there are not many opportunities to meet so many dolphins!

And with Qin Yuan's choice, the system made another soft noise

"Ding Dong, the host has acquired the peak-level ability to treat autistic mental illness, and has a 90% chance of curing the patient!"

The probability of 90% is very high. As long as you try a few more times, you should be successful!

At this moment, he gained three new abilities, and Qin Yuan's mood suddenly improved a lot!

Then Qin Yuan directly released the dolphins in the grid. These dolphins were surprised, not knowing what happened just now, but they still circled Qin Yuan!

Looking at these dolphins, Qin Yuan had a whim, and directly used that sound wave healing ability!

"Yo~"

Qin Yuan directly uttered a dolphin-like chirping sound, and when these dolphins heard this sound, they were immediately extremely excited, and Qin Yuan was even more surprised to find that these dolphins seemed to be able to understand what they meant!

This time Qin Yuan was even more happy. He really didn't expect this therapeutic sound wave to have such an effect, and he didn't know whether this therapeutic sound wave was only effective for dolphins or it was useful for all animals.

If it is useful for all animals, wouldn't it be possible to become an animal master!

But at this time Qin Yuan also wanted to test his treasure hunting function, so he directly let go of his treasure hunting ability, and all the sights of the surrounding area of 10,000 meters appeared in Qin Yuan's mind.

Then Qin Yuan felt in the darkness, as if there was a golden light waiting for him!

Although this golden light is not very bright, Qin Yuan is sure that this is a so-called treasure, and Qin Yuan took a closer look and found that this golden light should be under the coast, so Qin Yuan dived directly to the bottom of the sea!

After a while, Qin Yuan revealed the surface of the water, and he held a gold watch directly in his hand!

This gold watch is obviously a precious brand, and I don't know how long it has been on the seabed. Although there has been a corrosion, it is still worth a lot of money.

However, Qin Yuan's face did show a hint of helplessness. If he were an ordinary person, it would be very rewarding to pick up this gold watch, but now Qin Yuan is not short of money. This gold watch is for Qin. For Yuan, it has no effect at all!

So Qin Yuan was still a little unwilling. He didn't believe his situation and could only look for this kind of rags, so Qin Yuan directly closed his eyes and sank his heart completely, carefully thinking about what there was and he needed to find it by himself. of!

But at this moment, Qin Yuan suddenly thought that there was another place he hadn't found before, so could this treasure hunting ability help him find that place?

This place is no other place, it is the submarine supply point that Qin Yuan knew in the diary of the 303 submarine captain before!

Although this supply point was abandoned according to Andorf's statement, Qin Yuan wanted to take a look!

And Qin Yuan carefully searched out the coordinates of this small island, but was surprised to find that although this small island is a little far away, it is not completely inaccessible!

This little Qin Yuan was immediately excited. He quickly wanted to swim over there, but at this moment, the dolphins uttered two words, and Qin Yuan heard this. After the sound, a wave of healing light was quickly released. After feeling the dolphin's message, the excitement became even more excited!

"Can you take me to this small island?"

"YoYo!"

When Qin Yuan heard this answer, he was surprised, stepped directly on the dolphin, and headed towards the island!

Qin Yuan opened up this sonar exploration ability, and all the biological terrain around 10,000 meters appeared in Qin Yuan's mind. The originally dark seabed suddenly became extremely clear!

Although Qin Yuan's ability to swim at high speeds does not consume much energy in the sea, he still has a different experience riding a dolphin. At this time, Qin Yuan shouted loudly, but no one else noticed it. Otherwise, I don't know what happened!

After going forward for more than an hour in this way, Qin Yuan waited until the child was tired and changed to a dolphin to ride, and these dolphins were very fast, and they had already swam dozens of nautical miles in just one hour!

But just when he was about to get there, Qin Yuan discovered that there were a lot of torpedoes floating in front of him!

Seeing these torpedoes, Qin Yuan was shocked.

Shouldn't this place be abandoned? Why are there so many torpedoes floating?

But even with these fishes, Qin Yuan didn't mean to give up. He checked the coordinates carefully, and he should have found the right place.

Since he was looking for the right place, he just went up and took a good look!

After all, this place is not very far from the coastline of Yan Country. If there is a military base in this place, it must be destroyed directly!

Qin Yuan directly dispelled the dolphins, told them to leave quickly, and then quietly fumbled over the mines and slowly touched the shore.

Qin Yuan found that the environment of this island is very good. The birds and flowers on the island are also very regular. It seems that they have spent a lot of effort to trim, and the surrounding roads are also unconventional. It looks like this island is like a rich man. Same as the resort center.

At this time, Qin Yuan's heart suddenly became even more puzzled. He really didn't expect this small island to become like this!

However, Qin Yuan's eyes were completely squinted. Since there are so many strange things on this small island, it is enough to be sure that someone else has occupied this small island!

Qin Yuan directly turned on his detection ability and explored the entire island. Sure enough, these things are just appearances. There are many powerful killers around, such as under the trash can. As long as the machine gun is discovered, this trash can will instantly become a killing machine!

There were also many open and secret guards around, with guns in his hands, and even Qin Yuan saw an armored vehicle on the side with several missiles on it, which looked like small boats for defense.

Qin Yuan was completely shocked at this time, but his face became extremely gloomy. You must know that Qin Yuan thinks Andorf is not a very elite soldier. This port, Qin Yuan intends to completely close it to Amdo The husband was buried, but who would have thought that this place would be occupied by others!

So he has to find out who occupies this place. If this person is doing good deeds, then if he is doing bad deeds, then don't blame Qin Yuan for being nosy!

And at this time, in the center of this small island, an old man was sitting in the study of the villa, dealing with all kinds of things in discomfort!

At this moment, he looked at the various materials in his hand, his brows were frowning tightly.

Why has the recent international situation changed so much? Every part of their Fusang Club has been contained!

But soon he just remembered, that soldier, if it weren't for that soldier, they wouldn't be considered as a force in Asia, it would be impossible to be cleared so clean!

Looking at the loss of data at this time, the old man finally couldn't help it. He slammed the table and said to the beautiful assistant on one side:

"Go, send Hu Ke out and tell him that the soldier named Qin Yuan is participating in the so-called Mars competition. Let him clean up this guy directly!"

But when he heard this, the beautiful assistant on one side was trembling. Obviously, after hearing this Hu Ke's name, she was shaking with fear.

"Hurry up!"

The old man said angrily and the assistant ran out in an instant!

But the female assistant hadn't ran out, she had already forced someone back from the outside.

"Is it useless for me to speak?"

Seeing that the female assistant returned unexpectedly, this old man also felt a trace of anger in his heart!

But when he heard the old man's words, someone suddenly came in from outside, holding a wine glass in his hand, and said to the old man:

"Dear friend, why are you so angry? None of these things will hinder us. Come on, shall we have a drink?"

The old man looked at the person who walked in, and his expression was reduced, and he said to this person:

"Dr. Cain, if you can get a good glass of red wine instead of a woman's blood, I might have a drink with you."

Chapter 695: Huge reward

After hearing this, the man named Dr. Cain laughed loudly and said to the old man:

"My dear friend, you really don't know how to appreciate it. Do you know how delicious the blood of a virgin and the mellow aroma of red wine are!"

Cain directly raised the wine bottle and drank it dumbly, but the liquor remaining in the corner of his mouth made people extremely suspicious of what it was.

"Don't worry about it, my friend, as you said, it's just a little mouse, and it won't be a big deal. The people and forces outside are all fur. As long as the two of us are still there, as long as The island is still there, and we can help you reorganize the power you lost!"

At this time, hearing this Cain's words, the old man's brows slowly loosened. Although this guy is a weird person, there is nothing wrong with what he said.

After all, as long as the real backbone of an organization is still there, the others are just fur!

"Dear friend, you finally said something that made me feel comfortable, then all right, I will accompany you for a drink today."

Having said this, the old man stood up directly, and when he passed by the beauty assistant, a hand suddenly flashed out and touched the beauty's head!

But the old man was not taking advantage at all, but with a light palm, he directly smashed the assistant's skull!

"My friend, this is a thank you gift. I know you have always coveted Mei Xizi, and now she belongs to you!"

At this time, the old man and then the **** assistant of Qiqiao said to Cain faintly.

"Haha, my friend, you are really very generous, cheers! After drinking this glass, I will personally take the shot and catch your little mouse back for you! Then it doesn't matter whether you swallow it alive or not, it has nothing to do with me !"

Cain was obviously very grateful to the old man for his thanks. Obviously he hadn't coveted this beautiful assistant for a day or two. Now that he saw the appearance of this beautiful assistant, although he thought that this old man was a bit wasteful, he still rushed. In the past, I directly hugged this beautiful assistant in my arms, then opened his big mouth and bit on the neck of this beautiful woman with one bite. After that, he swallowed as if enjoying something delicious!

The old man on one side looked at Cain, his face unchanged, as if he had seen an ant pinched to death.

After Cain sucked the blood, he let out a very comfortable groan, and said to the old man with satisfaction:

"My friend, wait for me, I will take your confidant's heart and catch it back as a gift for you!"

But at this moment, the two of them suddenly felt a little vibration on the floor, and Cain's face suddenly became gloomy.

"That big guy is here!"

The excitement on Cain's face disappeared, and he said to the old man with a trace of fear.

But the old man chuckled, a cold light flashed in his eyes, and said lightly:

"Aren't Dr. Cain and Hu Ke a companion? Why should you two contradict each other so much?"

"Companion? Huh, I am not a test product made by the scientists of the Lighthouse Country. I only have big muscles and no brains. I hate it the most!"

"I hate you too!"

At this time, a voice came directly, and the next two people saw a super strong man with a height of 2.5 meters and slowly walked over from the outside.

This person looked like the same Roshan, and the wide corridor was still a bit narrow in this person's eyes. Because of his extremely tall height, he could only squat around, so that he could walk in the aisle.

When entering the door, the brawny man slapped the door frame off. Then he walked into the house, stood up straight, turned his neck, and said to the old man:

"Gaoyuan Sang, you should change to a larger door. Every time you come in, you feel uncomfortable!"

At this time, the strong man glanced at the assistant who was lying on the side, his eyes became even colder:

"You are really a waste!"

When the old man heard this, he just smiled and said to him:

"This is mine, Mr. Hu Ke, next time I will build the house bigger."

This old man was named Gao Yuan Xiongyi, and he was the head of a branch of Fusang Club, and these two weird men were all masters sent by other forces to help Fusang Club!

One is from the lighthouse country military, and the other is from the European Special Affairs Department!

After all, two masters were killed by Qin Yuan before. Even a force like Fusang Society felt extremely distressed. Naturally, he wanted to ask for help from his own Baba, and obtained the 303 submarine information and sent it directly to the lighthouse country. Don't even look at it.

Plateau Bear One did not expect that the small island he occupied before turned out to be a supply base for the 303 submarine, but for Plateau Bear One, it didn't matter at all. The location of this small island is very good, just right on the high seas of Yan Country. Outside the area, it is the closest overseas base of their Fusang Club in Yan Country.

Gao Gaoxiong put down his wine glass at this moment and said to the big man:

"Hu Ke, we have found that kid. According to General Mike's order, you should perform the task. Now go and get that kid back!"

But upon hearing this, the brawny man named Hu Ke glanced at the plateau Xiongyi meaningfully, and said lightly:

"But the general just notified me that they didn't get the wreckage of the 303 submarine. This submarine was taken away by the Yan Chinese people!"

"what?"

Hearing this, Cain's face also changed, and he said directly to Cain:

"Plateau Xiongyi, does your island country have any other thoughts?"

But after hearing the words of the two, Gao Yixian's expression changed, and he quickly said with a smile:

"Two, if we really have something to worry about, why would we still notify you and just get the submarine back?"

"Hehe, who knows?"

Cain sneered. After all, this is a complete nuclear submarine, and the island nation has no weapons until now. Maybe the people of Fusang really hope to do something with this submarine!

However, this plateau bear one had a straight face and said directly to the two people:

"Two of us, we really don't know what these things are going on. We also suggest that you ask General Mike and Mr. Black Rock Snake!"

After all, their Fusang Club really doesn't plan to engage in weapons. After all, they can't engage in a hot war, and weapons are useless, and the plateau bear understands that other countries will not watch them get weapons.

If you can't figure this out, I'm afraid that when they get their weapons, it's when other countries chase them and fight against Fusang!

Hu Ke on one side said indifferently:

"No problem, the general said. His luck is not very good. When looking for the submarine, he didn't think of a way to take the submarine away, so he encountered Yan Guo's submarine. He didn't want to directly conflict with Yan Guo, so Just retreat!"

Hearing this, Highland Bear felt relieved and smiled submissively at Cain.

And Cain was also taken aback, his face changed, and then he squeezed out a smile, and said to the plateau bear:

"That's really sorry, Gao Gaosang, it's not that I deliberately suspected you, but that this matter is not trivial, well, in order to apologize for you, I will go and clean up the little mouse you found."

But on the side Hu Ke said coldly:

"This is a task assigned to me by the general, I will execute it!"

Then he said to Gaoyi Xiongyi, "Get me a helicopter!"

After that, before the two agreed, Hu Ke walked outside, but before reaching the door, he looked back, then turned back, grabbed the beautiful assistant who had become a corpse on the ground, and dragged it directly. go back.

"It's almost like a beast, without any beauty!"

Looking at Hu Ke's back at this time, Cain said with disdain, and Gao Gaoxiong shook his head and said in his heart:

You two are the same freak, only I am a normal person.

"Okay, if that's the case, I don't need to clean up the little mouse. By the way, Gao Gaosang, do you think we have a chance to kill this Hu Ke directly? This way, you can also remove one of General Mike's arms!"

As soon as Plateau Bear heard this, he said without expression:

"I don't have such an idea. General Mike still has a lot of power. In case of any accident, neither of us can eat it!"

"Cut! Boring!"

Cain said something, and then left, but a voice came from a distance:

"If Hu Ke catches that little mouse, remember to let me take a look!"

As soon as Plateau Bear heard this, his eyes suddenly darkened, looking at the two black and white photos on the table, he said viciously:

"Yes, I will personally take out the heart of this little mouse! Personally avenge my two disciples!"

It's just that what none of them thought of was that the little mouse in their mouth had quietly touched their nest!

"Ding Dong, kill the king of the blood family Cain, unlock three squares!"

"Ding Dong, kill Gao Yi, the chairman of Fusang Club Branch, and unlock three grids!"

"Ding Dong, kill the biochemical human Hu Ke, unlock three grids!"

At this time, Qin Yuan, who had killed a secret whistle, suddenly heard a voice in his mind, and immediately hit a spirit.

"I'm going, what's the situation?"

At this time, Qin Yuan couldn't think of it. He just found an island casually and wandered around, and in the end he had so much gain!

"The king of the blood, the branch president of Fusang Club, and the biochemical people? What kind of ghost are these? And, these people are actually worth three squares?"

This time Qin Yuan's heart sank. He really didn't expect that the system would assign him three tasks to kill masters at once!

You know that Qin Yuan was originally planning to come out to play, and after so many tasks have been smashed for him, even Qin Yuan is a bit dizzy!

After all, Qin Yuan was still very clear that the opponents of the three grids were probably masters like Tang Zhou.

Such a person, even one person, Qin Yuan may not be able to fight, let alone there are three now!

And Qin Yuan didn't know any of these three people, but after seeing the code name of the Fusang Society branch president, Qin Yuan's eyes fell cold. It turned out that the forces on this island were actually from the Fusang Society!

Obviously, the island of Fusang Club is so close to the seas of Yan Country. It is obviously uneasy and kind. What's more, Fusang Club has a lot of grudges with Qin Yuan'er. Although Qin Yuan'er has no way to go directly to Fusang Country to destroy this power But it's okay to unplug one of their strongholds and collect interest!

I think there are not many Fusang companies like this kind of master!

Although Qin Yuan didn't know any of these three people, and didn't know what the connection between the remaining two people and Fusang Society was, but since they have so many rewards, it will definitely be a tough one!

However, there was a hint of excitement in Qin Yuan's eyes. If he could kill all three people directly, wouldn't he be able to get 9 grids?

9 grids! ! This is much higher than Qin Yuan's previous trip to the Philippines!

However, Qin Yuan knew that the greater the reward and the greater the risk, he still had to be careful.

Since these people rewarded so much, even the same as Tang Zhou, then their strength should not be underestimated.

Thinking of this, Qin Yuan couldn't help but come up with an idea, that is, should he take advantage of this opportunity to call for support, directly wash the ground with artillery, and blow up the island here!

However, after thinking about it, Qin Yuan dismissed the idea. Although this method is very good, it is on the high seas. If an island is really blown up, a warship must be sent, but if a warship suddenly appears on the high seas , I am afraid that the public opinion of Yan Country is a bit disadvantageous!

Although Qin Yuan didn't plan to call the warship directly, he did hesitate a bit. Would you like to send Tang Zhou a message?

But when Qin Yuan thought of this, Qin Yuan suddenly saw a helicopter flying directly overhead!

Qin Yuan was completely panicked at this time. He finally caught these three big fishes. If he let them run away, would he be able to meet each other again?

So Qin Yuan definitely can't watch the plane slip away easily. After all, a master like this, although he doesn't know where the opponent is going, but no matter where he goes, rhinitis can cause a lot of damage!

And since the opponent is walking in a helicopter, he will certainly not go very far, and now the most populated place is probably a Mars military competition!

If this is mixed into a master of the level of Tang and Zhou in the Mas Competition, then it would be a slaughter on one side!

Thinking of this, Qin Yuan's eyes narrowed, but at this moment, when he saw the air defense missile on one side, he had an idea in his heart, with a sneer on his face, and he touched it directly.

Chapter 696: 2 masters!

At this time, Qin Yuan had always activated his disguise ability, and naturally he didn't let anyone notice.

But Qin Yuan quietly touched under a heavy machine gun hidden as a trash can, opened the door directly, stepped in, and suddenly killed several operators sitting here!

Qin Yuan just sat inside!

At this time, Qin Yuan was surprised to find that not only were there heavy machine guns, but also a control room. On their island, there were not only heavy machine guns, but even some anti-aircraft missiles!

At this moment, Qin Yuan's eyes lit up. He was thinking, if he had a heavy machine gun, would it cause the helicopter to counterattack, but if it uses anti-aircraft missiles, who can stop it?

Qin Yuan was full of joy and wanted to use missiles to blow up the helicopter directly, but at this moment, he was a little embarrassed to discover that he didn't seem to be able to control these instruments...

In this way, Qin Yuan has always stayed in the army, but this is a rocket army thing, Qin Yuan really has never learned!

And looking at the various instruments and data on this, Qin Yuan also knew that this kind of thing is not like a sniper rifle, it can be launched as long as it is aimed!

And at this moment, Qin Yuan looked at the operators who died, and wondered if they could touch some identity cards and the like from these people!

However, Qin Yuan found a few books without touching the identity card!

Qin Yuan was overjoyed immediately, he received these instructions directly into the grid and heard the system's prompt sound directly.

"Ding Dong, the system was successfully recovered, please start choosing the host!"

Qin Yuan looked at the three options in the system, and he was immediately excited.

"1. Acquire knowledge of world-class air defense missiles!"

"2, get a world-class air defense missile design drawing!"

"3. Obtain a world-class air defense missile operation technique!"

Seeing these three options, Qin Yuan didn't hesitate to choose the third option!

"System, I choose item 3!"

"Ding Dong, congratulations to the host for obtaining world-class air defense missile operation techniques."

At this time, following the prompt of the system, Qin Yuan suddenly felt that there was a lot of knowledge about missile control in his head, and he became familiar with the console in front of him!

And through the radar, Qin Yuan saw that the helicopter had already flown up and was heading toward the sea level, Qin Yuan also showed a sneer:

"Hmph, although I don't know which hapless person is sitting on this helicopter, but it doesn't matter anymore, go to the bottom of the sea to feed the fish!"

After saying this, Qin Yuan directly adjusted various data and suddenly pressed the launch button!

Then Qin Yuan just felt a roar on top of his boss, and this missile was launched suddenly, hovering toward the helicopter, and instantly hit the advancing helicopter!

The entire helicopter burst out of sparks!

Qin Yuan also showed a sneer when he saw such a situation. Even if it was such an explosion, he would become embarrassed. It is estimated that the people inside must be completely dead!

However, what surprised Qin Yuan was that there was no prompt sound from his own system, which made Qin Yuan frowned slightly.

Isn't there a big person on that helicopter?

But now is not the time to think about this, Qin Yuan knew that since he had already fired the cannon, he would definitely be discovered by other people on the island!

So just don't do two things at all, just level this island!

Thinking of this, Qin Yuan also had a sneer on his face. He directly turned the missile's launch port and blasted the missile towards the highest villa on the island!

At this time, Gaoyi Xiong was looking at the helicopter in the distance in front of the window, and was still thinking about how long it would take Hu Ke to return.

But even if he killed the plateau bear, he couldn't think of it. He actually saw the helicopter burst into a ball of sparks!

Moreover, the missiles that shoot down this helicopter are still used!

This time, the plateau Xiong Yi completely scolded his father, how is this operation? Which idiot made such a mistake and knocked down his helicopter?

But soon there was a panic in the heart of Gaoyi Xiongyi!

Hu Ke is still on the plane. If the plane was shot down by someone else, it doesn't matter, but if the plane was shot down by his own missile, the problem would be serious!

If General Mike knew about this, he would definitely pursue it!

"Who is it? Hurry up and find out! Which idiot actually knocked down his plane!"

Up to now, the plateau bear has not thought about other aspects, and has not felt that people have entered on his island.

Although Gao Yi knows that his defense on this small island is not perfect, he is extremely confident in his layout, even if he is touched by someone, it is impossible to be silent at all!

Let alone kill the helicopter with missiles!

After all, there is not a lurking troop that would be so stupid that they would use missiles to kill helicopters with great fanfare, so what are they doing lurking?

With this kind of strength, how about directly and blatantly killing on the island?

But Kumaichi's self-confidence, when he saw the missile flying towards him, completely disappeared, and turned into incomparable panic!

"Damn! Who is it!"

Gao Gaoxiong only had time to yell at this moment, and then hurriedly avoided moving to one side.

boom!

The power of this missile is not small, it directly smashed the entire house of Gao Yixian to pieces!

Fortunately, Plateau Xiong Yi is not a vegetarian. Since he dares to stay in such a conspicuous place, he naturally has his own means of life-saving!

Plateau Xiongyi placed a secret room in his office, which can withstand the bombardment of missiles, so although Plateau Xiongyi was embarrassed, he did not have any injuries, he was taken aback!

But Kumamoto Koichi's heart was completely angry.

At this time, the plateau bear understood thoroughly that his island must have been lurking in by others, but at this time he calmed down.

Just yelled directly:

"Come here, go and kill that guy for me!"

Plateau Xiongyi's heart is full of endless anger, and he is not in a hurry now, because he clearly knows that there are only two missiles on the launcher!

At this time, a person rushed out of the ruins, it was Cain who had just left here!

At this time, Cain felt that he was really **** mildew. He had just left here. If he stayed in the room of Highland Bear One, he could hide with Highland Bear One in the secret room that could block the missile. , But he is gone, and leisurely, he has not gone far!

As a result, although he was not blown up by the missile, the shock wave still knocked him more than ten meters away, that is, his strength is tyrannical, or he would have died long ago!

When he stood up, he was no longer as calm and elegant as he was just now, his suit was broken to pieces of cloth, and his face was covered with blood.

At this time, Cain was full of endless anger. He felt fortunate and unlucky in his heart. If he walked a little bit more slowly and let the missile hit directly, I am afraid this time, he would let the missile blow up. died!

At this time, Qin Yuan was also stunned, because he still didn't hear any sound. Qin Yuan was also a little surprised at this moment. Why did he fire two missiles by himself without even killing a single person?

It's not that my luck is so bad, there is no one in the room I bombed, right?

Thinking of this, Qin Yuan directly turned on his radar capability, and clearly detected that there were still people alive in the ruins, and Qin Yuan's eyes suddenly narrowed.

"It seems that these three people still have two brushes!"

Qin Yuan murmured, and then left here directly. After all, he knew that this place had been exposed, and someone would definitely come here to blow up this place!

Sure enough, Qin Yuan had just left this place, and a rocket launcher came directly from a distance, instantly blasting this operation room into a big hole!

Then a group of people immediately surrounded the measurement and control room, they wanted to see if the people inside were killed!

After all, the command of their boss, but to see people in life, and the corpse in death!

Looking at the people around, Qin Yuan gave a hey smile, with a trace of cruelty in his eyes!

Qin Yuan kicked over a trash can, and then took out a heavy machine gun from below!

These heavy machine guns were originally controlled by electric motors, but Qin Yuan used his tremendous strength to turn the machine gun abruptly, and then suddenly pulled the trigger, and the turbulent bullets flew towards those people!

At this time, the death of the uncle, but completely happy, the flesh and blood of these people can't stop the bombardment of heavy machine gun bullets.

Therefore, the mercenaries were just as if they were cut directly by an invisible scythe, just like the rice in front of the farmer uncle, they fell all over, without a hum!

At this time, Qin Yuan heard an angry cry from the villa in the distance, and he immediately understood that there must be other masters here!

However, Qin Yuan knew that there were three masters on the island, and if they really attacked him together, it would be hard for him to handle it!

Therefore, Qin Yuan was not greedy, turned his head and ran directly toward the sea, while running toward the villa while pointing his ***** to the villa, he looked extremely arrogant!

At this time, Cain also saw Qin Yuan who was escaping, and he immediately understood that it must be this guy who made himself so embarrassed!

Cain yelled angrily: "I want to squeeze this little bug to death!"

Then he rushed out directly!

On the other hand, plateau Xiongyi stared at Qin Yuan with widened eyes. He didn't move. He was wondering where Qin Yuan came from and why he sneaked into his island?

But when Gao Gaoxiong saw Qin Yuan's face, he was shocked. Why did this guy appear here? Isn't he supposed to be on the island of the Mas Competition? How come here?

At this moment, Gao Yixian's face changed suddenly. He is a suspicious person and he does not trust others!

So after he saw Qin Yuan appear here, his first reaction was that an inner ghost might have appeared among them, directly exposing this island to the other party!

And since Qin Yuan has arrived here, and has been blatantly exposed, it also means that Yan Nation's navy is not far from here!

Although this is the open sea, Gaoyi Xiongyi is not so naive, thinking that Yan Guo's navy will really not attack here!

If you really noticed the strangeness here, let alone Yan Guo's navy, even if it made trouble in other places, they would be dead!

More importantly, as soon as the plateau bear saw Qin Yuan appear here, he did not see Qin Yuan's other companions!

This is an even more urgent need. After all, Qin Yuan is definitely not a fool. No one will be such an idiot. A person will attack here directly, so they must have other people. This is a way to turn the tiger away from the mountain!

When Gao Gaoxiong thought of this, his face suddenly turned black and couldn't be more black!

Although this place is only a base of Fuso Club, this base also belongs to Gaoyi Xiongyi's own lair!

He has placed a lot of precious things on this island, the treasures he has accumulated!

All my life's hard work is here!

Although I don't know what Qin Yuan is here for, but Gaoyi Xiongyi understands that the other party's purpose is definitely not as simple as murder!

It's a pity that Gao Gaoxiong's guess is completely wrong. Qin Yuan is here to kill. As long as he kills everyone, all knowledge of wealth is useless, it's all his own!

What's more, Qin Yuan doesn't look down on those wealth and knowledge at all. What wealth and knowledge are more important than his own grid?

What Qin Yuan fancied was only the mission represented by Plateau Bear. Once the mission was completed, there was a grid!

For Qin Yuan, grid is the greatest wealth!

So the plateau bear watched Cain chase it out, but he himself stood still and didn't move.

To deal with a Qin Yuan, it is estimated that one Cain is enough, Coming up is just to make the battle come to an end faster, so why not stay here and see if this guy has any other companions!

And Cain did not expect so much at all. He had been dazzled by anger and directly chased him desperately!

He saw that Qin Yuan had already boarded a small yacht, and his heart was even more angry. He pulled up a flagpole from one side and slammed it against the yacht!

And Qin Yuan was also taken aback. Although this flagpole is not a very heavy one, it still has to weigh several tens of kilograms, but the guy on the other side said to throw it out and it was like throwing a stick. Like straw!

And this accuracy is not bad, the yacht made of steel is directly pierced by the iron rod, completely unusable!

Qin Yuan glanced at Cain, a strange look in his eyes.

I don't know if the opponent can compare with the strength of his own ant power!

Thinking of this, Qin Yuan didn't escape anymore. He turned around with a punch and blasted towards Cain directly!

Chapter 697: Fierce battle

Cain saw that Qin Yuan dared to fist with himself, and there was a hint of excitement in his eyes!

He is absolutely confident in his own power. Except for the non-human monster, Hu Ke, absolutely no one is his opponent!

"Go to hell! Kid!"

Cain yelled in excitement, he added a bit of strength in his hands, and slammed towards Qin Yuan!

But the corner of Qin Yuan's mouth also carried a trace of confidence, and the power of the ant suddenly broke out!

Bang!

At this moment, the two fists suddenly crossed together, and the powerful power of the two erupted directly, and instantly shattered the clothes on their arms!

At this time, the mercenaries around who rushed over again all looked at Cain in shock!

They didn't know if Qin Yuan was so powerful, but they knew exactly how powerful Cain was!

Although this guy is a monster, he will kill some people from time to time, but the strength of such a monster is naturally guaranteed!

Just now Qin Yuan used a heavy machine gun to kill so many of their companions. Now Cain is here, and they all want to see how Cain killed this little flea with a punch!

But what shocked them was that the one who screamed first when the two fists crossed was not Qin Yuan, but Cain!

At this time, Cain flew upside down and hit a flower bed heavily. When he stood up, his arms were already twisted into an extremely strange shape, and blood and bone stubble even splashed out!

With this punch, Qin Yuan smashed Cain's arm abruptly!

"No...impossible! How can you have so much strength? How can you be my opponent!"

At this time, Cain's face was filled with endless inconceivability, looking at Qin Yuan's eyes with a hint of horror!

How can this person be his opponent? I paid such a big price, and finally gained this strength, but now I can't beat the hairy boy who suddenly appeared! !

How did this guy do it?

At this time, Cain was filled with incomparable shock and doubt, but at this time, you can't be distracted thinking about this. Seeing the unharmed Qin Yuan, Cain also shouted directly:

"Plateau Xiongyi, come and save me! This kid is amazing!"

And when he heard this, Qin Yuan also narrowed his eyes. This person named Cain Qin Yuan touched the bottom a little. In the punch just now, Qin Yuan's arm was a little numb, but the power of the ant was not only used The powerful strength also gave Qin Yuan's arm a certain defensive ability. If it was alone, Qin Yuan should have no problem killing this guy.

But Qin Yuan didn't expect this guy to be so unscrupulous, he would call someone as soon as he fought, and if it were to go together, Qin Yuan would really be a bit difficult to handle.

At this time, Gao Yixian standing upstairs still stood motionless as if he had not heard any sound at all.

This was not because he deliberately sold Cain, but because he knew that Cain's strength would not be affected by such a small injury.

Since I dare to call it Cain, how can it be done with this little trick?

So Plateau Bear is always on guard. He has not figured out the purpose of the other party. Anyway, Cain will not be killed for a while. It is best to see if anyone else is staring at him elsewhere. !

After all, Gaoyi Xiongyi knew that he did not have the same vitality as those two monsters!

Qin Yuan was also a little surprised when he saw this situation. What's the matter?

Originally, Qin Yuan allocated half of his energy to the side of the plateau bear, but the cosmic eagle-eye ability found that the plateau bear was vigilant at this time, but he seemed to be looking for nothing at all. Put all your attention on this side!

What does this guy mean?

Qin Yuan couldn't help but vomit in his heart, his teammates are about to be beaten to death, but can't help?

In this case, there are only two possibilities. Either there is a conflict between the two people and he wants to watch Qin Yuan kill Cain directly, or his partner is powerful and doesn't need help at all. !

So at this time, Qin Yuan directly returned his attention to Cain's body, but Qin Yuan was a little surprised to find that Cain's arm had recovered a lot!

At this moment, even Qin Yuan's eyes widened. This terrifying recovery ability is probably stronger than himself!

Although Qin Yuan has the ability to regenerate from a severed limb, it is impossible to be like Cain. In less than a minute, he recovered his broken arm!

Seeing the surprise in Qin Yuan's eyes, Cain also smiled at Qin Yuan at this time:

"Hehe, your strength is indeed great, but do you have my resilience? The kid dares to face me, you are dead!"

But when he heard such words, Qin Yuan grinned, and there was a trace of sarcasm in his eyes, what would happen if he recovered quickly, his attack power was not enough, it was just a useful sandbag!

Maybe an ordinary soldier encountered Cain and might be shocked because of Cain's abnormality, but Qin Yuan himself is a freak, how could he be afraid of this?

Isn't it just recovering faster? If you count this ability of Lao Tzu, it is better than you!

Thinking of this, Qin Yuan didn't have any doubts, raised his fist directly, and blasted towards Cain's head!

Qin Yuan didn't believe it anymore, and directly blasted this guy's head off to see if he could recover!

And there was a shock in Cain's eyes. He really did not expect that he had already achieved this level, and Qin Yuan was not afraid at all!

Oops!

There was a sudden jump in Cain's heart, and he hurriedly fought, but every fist and every kick of Qin Yuan carried an incomparably huge force, and it was like a steel knife, with very tricky moves. Obviously it is a relatively clever martial art! Ok,

So Cain's body has a trace of wounds from time to time. Although he can recover quickly, Cain is completely entangled by Qin Yuan, and he can only scream helplessly, and he runs continuously. Can't run away!

But Qin Yuan's eyes were filled with excitement. He felt as if he had found a very useful thing. He didn't know how strong Qin Yuan's close combat ability was, even if he was fighting with him before. When Tang Zhou fought, he also closed a little bit, not daring to use his full strength.

After all, Tang Zhou can be regarded as his own person, and he can't kill him, but the guy in front of him is different. Qin Yuan has never been so comfortable to vent as he is now, and various attack methods continue to move towards Cain. He was smashed in the past, and there is no need to worry about whether this guy will be blown up by himself!

At the end, Cain's eyes were filled with endless horror, and his face became extremely pale!

Although his recovery ability is extremely powerful, it also requires energy consumption, and the energy Cain needs is blood!

And Qin Yuan's series of attacks directly consumed the blood stored in his body seven or eighty-eight. If this continues, it may be that he will really be beaten to death by this guy!

No, I will definitely not be the opponent of this guy, run away!

And Qin Yuan also felt Cain's timidity, and there was a hint of coldness in his eyes. Although he could crush this guy, but if this person met other soldiers, it would be very dangerous!

What's more, Qin Yuan still has the task of killing this guy, how could he let this guy escape!

Thinking of this, Qin Yuan no longer kept his hand, and the power of the ant burst out in an instant, combined with the cosmic mantis boxing technique, a killer move, directly smashed towards Cain's heart!

There is a fierce look in Qin Yuan's eyes. He already knows how Cain's defensive ability is. If this trick is hit, it can directly smash Cain's entire chest. Such an injury, Cain It's definitely dead!

But Qin Yuan's fist hadn't fallen yet, but there was a sudden alert in his heart. The universe-level danger perception ability burst out in an instant, causing Qin Yuan to directly hit a spirit in his heart, and then suddenly jumped a step toward the back!

Bang!

A bullet instantly landed where Qin Yuan was just now, hitting a small hole in the sand on the ground!

The bullet didn't hit Qin Yuan, but it hit Cain. Cain screamed with a stern scream, and was shot out instantly!

After this bullet passed through Cain, it directly pierced a small car next to it, and Qin Yuan frowned as he watched.

This is at least a 12mm caliber bullet!

Qin Yuan glanced back, and found that from the sea, a giant was slowly floating up. This giant was more than two meters high and was covered with various weapons. It was like a steel giant. beast!

And on this monster's body, a weird-looking gun was emitting green smoke, and it was obvious that the bullet fired by this guy just now!

"Is this a helper?"

Qin Yuan sneered at this moment, and immediately understood that this guy was probably the person who was bombed by his missile on the plane just now.

Qin Yuan thought that there might not be any big people on this helicopter, but now it seems that this person is not an ordinary "big"!

However, there was a hint of eagerness in Qin Yuan's eyes. With Qin Yuan's strength, the enemies he had encountered before were crushed, and even Cain was unable to cause any substantial harm to Qin Yuan.

To be honest, if Cain's strength is really counted, it is probably not as good as Tang Zhou. If Tang Zhou is not scared by the opponent's recovery ability, it will not take long to directly blow this guy!

But the brawny man in front of him was completely different. Looking at this beast-like character, Qin Yuan felt a hint of crisis in his heart!

However, Qin Yuan smiled coldly. Sure enough, the task of nine grids is definitely not that simple!

But Qin Yuan didn't have any fear in his heart, instead, there was a hint of excitement!

An excitement that can have a good time!

But Hu Ke looked at this little man with a little more solemn expression in his eyes.

Although it seems to outsiders that Hu Ke is so big and his head is so small, it may not be very good, but Hu Ke has a beast-like instinct!

He could clearly feel that although the little man in front of him was very small, it gave him a strong sense of oppression, which Hu Ke had never encountered before!

At this time, Cain, who was shot and flew out, recovered again at this time. Cain rushed over. Cain looked at Hu Ke gloomily. Just now, this guy didn't care about himself, and the bullet hit him directly. In the end, not only did he miss Qin Yuan, but he flew himself!

But because of this bullet, Cain was able to fly out again and replenish some blood!

In this situation, the two must cooperate to kill Qin Yuan first!

So Cain yelled directly: "Barbarian! The two of us will work together to kill this guy directly, and then his blood will be given to me, and the meat will be yours!"

Hu Ke didn't answer, but raised his pistol and shot Qin Yuan again!

And Qin Yuan did not retreat, and rushed towards Hu Ke!

It's okay to deal with one, but it's a little troublesome to deal with two. Now we must seize the opportunity and kill one of them first!

Qin Yuan saw Cain's recovery ability and knew that this guy had nothing special and was not easy to deal with, so he still planned to kill the tall Hu Ke first!

And Cain also discovered Qin Yuan's thoughts, gritted his teeth, wanted to rush up, wanted to entangle Qin Yuan!

After all, he is different from Qin Yuan, he can recover quickly from his injury, but Qin Yuan is injured, that is a real injury.

I entangled Qin Yuan Hu Ke attacked on the side, even if it was grinding, he could still kill this guy!

But when Cain first started, he was surprised to find that Qin Yuan's current attack method has changed, suddenly becoming extremely flexible and fierce!

Previously, Qin Yuan used the combination of cosmic mantis boxing and cosmic ant power. His extremely vicious fist, coupled with a powerful force of 50,000 jin, exploded with unparalleled power, making it difficult for Cain to fight!

But now Qin Yuan used the python strangulation technique and the praying mantis knife technique, and when he changed his style, he directly entangled Cain!

Cain was even more unable to resist this. He was originally not good at skills, and could not stop dealing with the fair mantis fist, but now he is confronted with the python strangulation technique of insulting, and he is not an opponent!

Cain only blocked two or three times, and then he could only passively be beaten, and the beating this time was different from the previous ones. The previous injuries were probably on the flesh, but this time most of the injuries were on the bones.

Cain felt like a villain built out of a wooden frame. There was an extremely painful sensation from every position on his body, and he could clearly feel his bones were constantly breaking!

Chapter 698: The existence of a vampire

But this time Cain was completely panicked. For Cain, it is much faster to restore flesh and blood than to restore bones. If this is hit a few more times, it is estimated that he can only collapse on the ground!

Cain was terrified at this time. He finally knew what the opponent was feeling when facing him before. This was a real monster! A monster stronger than himself, this guy is not only powerful, but also so fast that he didn't even touch the opponent's hair!

"Come and help!"

At this time Cain really had a hint of panic, even if he was beaten again, he couldn't be played this way!

And Qin Yuan also had a trace of irritability in his heart, and he was even more surprised. The Cain in front of him was really weird.

Although the opponent possesses the ability to recover, he really didn't expect that the ability to recover is so good!

I hit the opponent with so many punches with a praying mantis, with that kind of huge power, if an ordinary person had been beaten to death!

But the guy in front of him, even though he was beaten up and barked, he could still call others for help!

But Qin Yuan didn't believe it anymore, the person in front of him could really not be beaten to death, and his hand movement was even faster!

It really doesn't work, kill this guy first, and then find that big guy!

At this time, Hu Ke, who was standing on the side, looked at the two people who were fighting together with a cold expression. The various guns on his body were constantly blasting towards Qin Yuan, regardless of whether Cain would be caught by himself. accidental injury!

In Hu Ke's eyes, both Cain and Qin Yuan could be eliminated. If both Qin Yuan and Cain were killed by himself, that would be great!

After Cain yelled twice, he also understood this joint, and immediately shouted at Hu Ke!

Hu Ke's bullets didn't hit Qin Yuan at all. The cosmic forging technique made Qin Yuan's body extremely flexible. Coupled with the cosmic danger perception ability, the reaction speed was 21 times faster. It is absolutely impossible for Qin Yuan to be shot!

After being hit for a long time, Cain realized that all the bullets had hit him. Qin Yuan didn't even scratch his skin, so he suddenly yelled:

"Asshole, don't fight, are you helping him or helping me!"

Hu Ke also found that his bullets were not effective at this time. Although he wanted to kill Cain, Qin Yuan was also the target to be killed, and naturally he could not help his enemy.

So Hu Ke suddenly put away his gun, and then took out a new thing!

And seeing the weapon on Hu Ke, Cain shouted in horror:

"No! This thing can't be used indiscriminately!"

But Qin Yuan turned his head and found that Hu Ke had a large flamethrower in his hand! And Hu Ke completely ignored Cain's cry, this turbulent flame sprayed directly toward Qin Yuan and Cain!

At this moment, both Qin Yuan and Cain were shocked, especially Cain. You must know that a person with a high recovery like him is most afraid of this kind of continuous damage weapon!

And Cain knew that this weapon in Hu Ke's hand was specially made, and the temperature of the flame was over a thousand degrees, let alone a person, even metal, it burned directly!

Qin Yuan's eyes were also squinted. Originally, Qin Yuan wanted to knock down the Cain in front of him, and then take care of Hu Ke. After all, Hu Ke's attack is not painful or itchy, and he can't hit him at all. He can help. Attack Cain yourself!

But now Qin Yuan is a little angry!

A silver light flashed in Qin Yuan's hand, and the dragon pecking cone immediately appeared in Qin Yuan's hand in time, and then completely ignored it, and the meteors fell directly towards Hu Ke!

But in Hu Ke's eyes, there was a glimmer of cruel excitement. The temperature of his flamethrower was very high. As long as this kid caught a little bit, he would be burned to fly ash!

Seeing that the flame was about to burn Qin Yuan's body, but at this moment, Hu Ke suddenly felt a pain in his chest, as if he had been directly hit by a car, that huge body, It flew abruptly!

"No... impossible!"

Hu Ke lowered his head in disbelief at this time. You must know that his body has been modified so that even ordinary sniper bullets cannot cause damage to his body. But this time, he heard from his body. There was a pain!

He looked down at his body and found that a bowl-sized wound appeared on his chest!

Most of this wound is metal, but it is also mixed with various flesh and blood, and the blood is constantly flowing down!

And a closer look, Hu Ke was immediately terrified!

The wound on his body was not the reason why Hu Ke was frightened. What really frightened him was that the fuel bottle of his flamethrower was actually broken by Qin Yuan!

And this Hu Ke bowed his head, and the fuel flowed directly into his body along the big hole in his body!

That's it!

Hu Ke seemed to have thought of something and looked up directly, sure enough! Qin Yuan was staring at Hu Ke, showing a sneer, making a gesture of goodbye, and then directly threw an iron piece at Hu Ke!

"Do not"

Hu Ke screamed in horror at this time, and quickly wanted to escape, but how could his speed be comparable to Qin Yuan's hidden weapon!

This iron piece directly hit the firearms on Hu Ke, wiping out a spark.

boom!

This spark suddenly fell into Hu Ke's body, and immediately ignited the bottle of fuel!

boom!

This fuel is indeed specially made, and when it falls on Mars, it burns instantly! Moreover, there was an explosion, and Hu Ke became a fire man!

This time even Hu Ke let out a terrible scream, after all, this kind of high temperature burning, even his mechanically modified body, could not stand it!

So Hu Ke didn't care about anything else, and hurriedly ran towards the fountain on one side!

At this time, seeing Hu Ke was so finished, Cain was also completely frightened. He knew how difficult Hu Ke was, but this powerful Hu Ke was even caught in the face. Qin Yuan cleaned up!

He knew that just by himself, he would definitely not be Qin Yuan's opponent. The old island nation behind didn't know why he didn't come to support him. Where would he dare to continue fighting with Qin Yuan, he turned and fled!

He is different from Hu Ke. He will complete the tasks given above without hesitation. Cain is just for all kinds of enjoyment. He hasn't finished enjoying it yet, how could he die here!

And the Hu Ke that was burning at this time, even if it was in the water, was still of no avail. The fuel on his body, even in the water, was still able to burn. This time Hu Ke was completely desperate, like a lunatic, constantly Shoot all kinds of weapons on your body towards the four directions,

However, Hu Ke, who had fallen into a frenzy, caused even greater trouble to Qin Yuan. The density of these weapons, even Qin Yuan was not easy to hide, so Qin Yuan could not pursue Cain!

But this time, Qin Yuan was ruthless and walked directly in front of Hu Ke, wanting to kill Hu Ke first!

Qin Yuan exerted his dynamic vision to the limit, then stared directly at the bullet rain, and rushed directly in front of Hu Ke. The power of the ant broke out instantly, and a hand knife slashed towards Hu Ke's neck fiercely!

But at this time, Hu Ke's screams stopped suddenly, his body stopped, he hugged Qin Yuan suddenly, and laughed loudly:

"Die with me!"

However, Qin Yuan didn't rush, and the universe-level python strangulation technique was directly activated, flashing and breaking off, and he broke free from Hu Ke's body. The trace of flame on his body did not affect Qin Yuan at all!

You know, Qin Yuan has a cosmic level of flame resistance!

However, Qin Yuan felt that the spider induction on his body was still stimulating. At this moment, Qin Yuan suddenly heard the ticking sound of Hu Ke's body. Qin Yuan suddenly knew that this guy must have carried a time bomb!

And Qin Yuan also felt a move in his heart, the power of the dung beetle directly injected into his feet, and then kicked Hu Ke's body!

Hu Ke suddenly flew out like a football!

The strength of this foot was so powerful that even Hu Ke was unable to resist such a transformed person, so Hu Ke uttered the last desperate scream, which was directly exploded into a pile of fragments!

"Ding Dong, congratulations to the host for killing the 32nd place on the list, the biochemical man Hu Ke, for unlocking three grids!"

Hearing this voice, Qin Yuan's heart was immediately overjoyed. Sure enough, people with this title are not that easy to kill, but the risks are high, and the benefits are large. To kill ordinary masters, you can only get one grid and kill them. A master of the top ranking can get three grids, triple the income!

However, Qin Yuan didn't know how Hu Ke was trained. His physical strength is not like a person. And Qin Yuan has just seen that Hu Ke's body is carrying various metal parts, and his heart feels cold. .

It looks like it should be a mechanical warrior secretly cultivated in the lighthouse country. I don't know if I will meet other people in the future.

But at this time, Qin Yuan picked up a gun that Hu Ke had dropped from the ground. The gun just now was very impressive. It was exactly what Hu Ke used to attack Qin Yuan at the beginning, and it was so powerful and terrifying.

So Qin Yuan thought for a while, and he put the gun away, and then chased it in the direction where Cain was leaving!

At this time, the mercenaries around were all gone. They saw the battle between Qin Yuan and Cain and Hu Ke. As long as they were not stupid, they knew that this group of people was not something they could deal with, so naturally they didn't dare to fight.

But where did Cain go?

Qin Yuan knew from the beginning that the surrounding area of this small island was tightly guarded. There were even a lot of torpedoes buried under the water. There was only one port where ships could go, and Qin Yuan did not see any planes flying up. So this guy will definitely not run away from this island.

So Qin Yuan directly turned on the radar capability and started searching directly!

But at this time, Qin Yuan discovered that Cain had ran to the other side of the island, with a helicopter parked on this side, and it seemed that he wanted to escape in a helicopter.

But Qin Yuan smiled coldly:

"If you want to escape, can you escape?"

At this moment, Qin Yuan's cosmic-level instantaneous burst speed, instantly excited, Qin Yuan was like a bolt of lightning, chasing directly in the direction of Cain's escape!

But when Qin Yuan caught up with Cain, he was a little shocked to discover, because at this time, the wounds on Cain's body had almost healed!

And while this Cain fled, he grabbed a few small mercenaries, bit them on the necks of these two mercenaries, sucking the blood of the mercenaries, and fleeing. At this phenomenon, Qin Yuan frowned. !

The pecking dragon cone in Qin Yuan's hand was suddenly aroused, and Cain's calf was smashed instantly! Cain immediately fell to the ground and let out a scream!

Although a lot of blood has been absorbed, it takes a certain amount of time for the blood to be absorbed and digested. At this time, Cain really means a little exhausted.

At this moment, Qin Yuan took the giant pistol and walked directly in front of Cain, and said with a sneer:

"Run, why don't you run away?"

Cain looked horrified at this time, and said to Qin Yuan pleadingly:

"You can't kill me, I am the last blood race on earth, which is of great significance!"

"What the hell? Vampire?"

At this time, Qin Yuan was completely shocked when he heard Cain's words. Although this guy's performance made Qin Yuan unable to stop thinking about that aspect, Qin Yuan really didn't think there was such a thing in this world!

This style of painting has changed!

But Qin Yuan looked at this wretched fellow in front of him, and this was also a little bit intangible.

Vampire Is there really such a creature in the world?

But if there is such a creature, can it be received in the grid?

Hearing the first impression of this creature, Qin Yuan wanted to try whether he could put this thing into the grid!

Qin Yuan tried to get people into the grid before, but he couldn't do it at all. Qin Yuan wanted to try. Can this so-called vampire dream of receiving it into the grid?

"Are you really a vampire?"

Qin Yuan asked in a low voice, and when he heard Qin Yuan seemed to be a little tempted, Cain said quickly:

"Of course, look at me. I am like this. I am not a vampire. You must believe me. I am really a vampire. You see, I not only **** blood, but my body can recover so quickly. I must be a vampire, you know that vampires have a long life.

As long as you let me **** your blood, and then let you develop into my servant, so that you can maintain eternal life through sucking blood like me!"

Chapter 699: Gun fighting

At this time, Cain was holding a trace of coldness in his heart. You must know that human beings have unlimited greed. Maybe this kid can really promise him!

At that time, he can **** up this kid's blood!

And this kid is so powerful, if he can really **** the other party's blood, wouldn't he become invincible in the world!

And the servant can't refuse the master's command, so as long as this guy becomes his own servant, he has an extremely powerful subordinate!

At this time Cain couldn't help laughing in his heart. He felt that this was also a great opportunity!

But what he didn't know was that the Qin Yuan in front of him really wanted to talk about it, maybe it was longer than his lifespan, and his temptation was of no avail to Qin Yuan!

More importantly, Qin Yuan has no interest in longevity. His greater interest is to see if it can be recycled!

So when he heard this, Qin Yuan shook his head directly:

"I'm sorry, I don't need it! Besides, how do I know if you are real or fake? If you are fake, **** me a bit, wouldn't I be killed by you?"

When Cain heard this, he said quickly:

"It's okay, I can demonstrate to you first and use others to experiment!"

But after hearing this, Qin Yuan showed a very warm smile and said to Cain:

"No, I have a better way!"

"what?"

A very bad idea suddenly appeared in Cain's heart. An unusually serious sense of crisis directly hit his head, and Cain was so scared that he wanted to run!

But Qin Yuan slapped this guy directly to the ground, and then said to the system!

"System! Receive this guy into the grid!"

This is Qin Yuan's good method. After all, this guy is really not human, so he can recycle it!

And the system also directly rang a voice:

"Ding Dong, answer the host, the target creature can't collect it!"

"what?"

Hearing the words of the system at this time, Qin Yuan suddenly became angry, looking at Cain in front of him, his heart was full of anger!

The ***** in front of him turned out to be a human being. Then he cheated his feelings so much that he was a vampire?

"You dare to lie to me! You are not a vampire at all!"

At this time, Qin Yuan was extremely angry at this time. He didn't think of this level at all, and he really felt that this guy was a vampire, but Qin Yuan didn't expect that, he actually let this person play!

At this time, Cain was also full of bewilderment. What's going on? It's not good just now. How can this kid just be like this after he froze for a while?

But Cain looked at this guy's appearance and quickly explained:

"I am really a vampire. If I am not a vampire, who is a vampire? Look at my teeth!"

At this time, Cain really didn't care about anything in order to survive. He showed his teeth to Qin Yuan, like a dog.

But Qin Yuan knew that the system would not deceive himself, and the person in front of him must be a human!

"It's your grandma! You kid, did you just want to take this opportunity to kill me?!"

Qin Yuan slapped Cain's face directly, and yelled Cain slapped:

"No, no, look at me as a vampire!"

At this time, Cain was completely panicked. He had no idea what flaw he had exposed, why Qin Yuan didn't believe him!

And Qin Yuan saw this guy wagging his tail and begging for mercy. It was a probing technique, and he threw it towards Cain.

"Ding Dong, name Cain, characteristics, the body has undergone biochemical experiments, and obtained unparalleled physical recovery ability, strong strength, only needs blood energy, weakness delusion, and needs to **** blood."

Paranoia...

When Qin Yuan saw these three words, he immediately understood that the guy in front of his emotions was mentally ill!

This immediately angered Qin Yuan, and he was actually deceived by a mental illness!

Qin Yuan directly clicked twice and opened his hand. The safety of the gun was a shot against Cain. This gun was extremely powerful, and it directly blasted a fist-sized wound on Cain's body. !

Cain was shot, and immediately wailed:

"You really can't kill me, I am a vampire!"

"Vampire is it!"

Bang!

Qin Yuan gave this guy another shot!

"Really, you see I have fangs, I'm such a vampire!"

"There are fangs, right?"

Bang!

"My resilience...very strong!"

"Strong resilience, right!"

Bang!

Qin Yuan blasted towards Cain with one shot and one shot, which directly caused Cain's body to be riddled with holes. At this time, Qin Yuan looked at Cain with contempt and said lightly:

"Do you know what a vampire is like? You can't even become a bat, and you dare to say that you are a vampire. Fuck, I'm so excited for nothing!"

After saying this, Qin Yuan shot directly one last time, directly hitting Cain's head, Cain twitched, and immediately stopped moving!

"Ding Dong, congratulations to the host for killing the 29th place on the top list, Gorefiend Cain, unlocking three squares."

In fact, Qin Yuan really misunderstood Cain a bit, after all, if Cain really was physically speaking, he would really be a vampire.

After all, Cain really hates sunlight and can live by sucking blood.

It's just that Cain, the vampire, is completely different from the legendary vampire!

Cain, the vampire, was directly created by humans. In this way, it should be a biochemical warrior like Hu Ke!

But no matter what, it couldn't be recovered by the system, and it couldn't be detected by Qin Yuan's identification technique, so it just died in a daze!

Pooh!

Qin Yuan spit out sputum at this Cain fiercely, then turned and left!

"Grandma's, what the hell! Good people don't have to go, be a vampire, you have the patience of a vampire, you don't have the ability to be a vampire, sitting on a vampire's activities, is your head squeezed by the door!!!"

At this time, Qin Yuan was full of anger. He still wondered if he had encountered any rarer creatures, and also expected what skills could be recovered from this guy. As a result, all this was in vain!

But at this time, Qin Yuan felt that the pistol in his hand was very easy to use.

After all, when I started Cain just now, I already felt the power of this pistol. The power is huge, and it feels very good!

Moreover, the recoil of this gun is so great that most people probably won't be able to use it. After all, this is Hu Ke's weapon.

But for Qin Yuan now, it was just right, and the power was not small.

Cain's physical defenses are not weak, and if you count it, it is probably better than Qin Yuan!

But the gun hit him, but it was a shot with a big wound. If it hits an average person, no matter what kind of expert it is, it will die if rubbed, and it will hurt if it hits the body. , Must be killed by a single shot!

But this is also normal. After all, this pistol belongs to Hu Ke. Since Hu Ke is a killer developed by the Lighthouse Country, the weapons are naturally the best.

It's a pity that all the other weapons have been burned. Otherwise, Qin Yuan really wanted to go over and see if he could find other equipment.

But now that Hu Ke is finished, Qin Yuan didn't worry about it. After thinking about it for a moment, he directly received the pistol into the grid.

"Ding Dong! The host recovery is successful, please start choosing!"

"Sure enough, this pistol can be recycled!"

Qin Yuan was immediately excited. After all, he had already recovered the pistol and obtained the pistol's marksmanship before. He originally thought that this pistol might no longer be able to be recovered, but he did not expect that this thing could still be recovered!

Sure enough, this pistol should not be called a pistol, it should be called another messy name!

And Qin Yuan smiled, then looked at the three options that appeared in front of him!

"1. Obtain world-class hand cannon manufacturing technology!"

"2, get world-class hand cannon marksmanship!"

"3, get world-class gun fighting skills!"

At this time, seeing these three options, Qin Yuan's eyes suddenly lit up. He didn't expect this thing to be called a hand cannon, and it really deserves its name!

Looking at these three options, Qin Yuan scratched his head. These three options are actually quite good. You must know that the manufacturing technology allows Qin Yuan to obtain more hand cannons, so that he can continue to recycle and get more. Advanced hand cannon technology.

And this handgun shooting method is the same, because the handgun has a large recoil, the method of use is completely different from ordinary pistols, and it is different from a sniper rifle with strong recoil, and requires certain skills.

Even Qin Yuan couldn't use a hand cannon as accurately as a pistol, which required training.

As for the third option gun fighting technique, Qin Yuan didn't understand it. Logically speaking, shouldn't guns appear in the pistol options? Why did it appear in the hand cannon?

"System! What is the use of this spear fighting technique?"

"Ding dong, spear fighting is a powerful technology that combines spear, swordsmanship, and fighting abilities. Through powerful statistics, you can gain control of the surrounding environment!"

And now Qin Yuan remembered that there was a movie before, called the Doomsday of Torn, and the pig's feet in it used the so-called spear fighting technique.

Moreover, this spear fighting technique is said to be a marksmanship, but it is actually a melee ability.

More importantly, if this spear fighting technique is used well, it will be very handsome!

However, seeing the system's expression, Qin Yuan couldn't help but touch his chin, feeling a little tangled in his heart!

After all, there is only one hand cannon, and Qin Yuan hesitates a bit, which choice he wants to choose!

After all, these three options each have their own strengths. If Qin Yuan can obtain the blueprints of these hand cannons now, he will be able to modify the hand cannon in the next step!

And Qin Yuan knew that he would have to deal with other people in a while. If he obtains the skill of using this hand cannon now, he might be able to use it later!

As for this kind of gun fighting technique, it is even more useful. After all, this gun fighting technique is not only for hand cannons, but also for various other firearms!

However, Qin Yuan thought about it carefully, and finally made a direct decision!

"Grandma's, even if there is no design drawing, I can make this thing!"

At this time, Qin Yuan said viciously, after all, he had the title of Master Blacksmith.

Even if you didn't get the design drawings of the hand cannon from the system, you can still disassemble the hand cannon slowly and cast a new one!

At most, the time is a little slower, but Qin Yuan does have the confidence of 10 points, and he must be able to get this thing out!

Even if you can't get it out by yourself, you can definitely make a new one if you hand it over to the country!

And the most important point is that being strong or not is a matter of moment, but being handsome or not is a lifetime matter!

So Qin Yuan immediately made up his mind!

"System, I choose the third item!"

"Ding Dong, the host chooses to succeed and obtains world-class gun fighting skills!"

At this moment, with the soft sound of the system, Qin Yuan suddenly had more knowledge in his mind!

At this time, Qin Yuan could clearly feel that there was an extra figure in his mind, and he was constantly practicing. Sure enough, this spear fighting technique was a melee skill, and he felt that when he reclaimed the mantis fist almost!

At this time, these spear fighting techniques continued to appear in Qin Yuan's mind, and Qin Yuan had already acquired this spear fighting technique soon.

And he feels that he is more familiar with the hand cannon, not only the hand cannon, but also other weapons!

It seems that this spear fighting technique has some hidden attributes, that is, it can increase the proficiency of these weapons!

Qin Yuan was immediately happier now, and felt that he had chosen this spear fighting technique, which was extremely correct!

And this also changed some of Qin Yuan's embarrassing situation. After all, although Qin Yuan's marksmanship had reached the cosmic level, it had no major effect except for the more accurate shooting!

It's okay to face some ordinary miscellaneous soldiers, you can kill them with a gun. However, once you face some masters, your marksmanship simply cannot be used!

After all, for these real masters, their own reaction ability and speed have exceeded the mechanical limit, as long as they are not too negligent, it is impossible to be hit by a firearm!

But after acquiring this spear fighting technique, Qin Yuan felt that guns were also a very powerful prop!

Qin Yuan now has learned how to shoot in a variety of incredible poses. There are no dead ends at 360 degrees. The guns seem to grow on his body, and they have become one with Qin Yuan!

This feeling is so strange, it's as if one's arm stretched out!

And because Qin Yuan has 21 times the dynamic vision, he has more control over his surroundings. Although this spear fighting technique is only world-class, it has already shown a very terrifying effect on Qin Yuan's body!

"Hey, I'm going to kill others next!"

Qin Yuan sneered, took a look at Cain who had turned into a pool of blood, prepared a bit, and planned to calculate the ledger!

Chapter 700: secret

But at this moment, the mercenaries on the island ran towards this place. They saw that Qin Yuan had even killed Cain, and they were immediately shocked.

But Qin Yuan blew up the only usable port on the island just now. Those yachts couldn't get out, and there were mines around. If they wanted to go out, they had to defeat Qin Yuan and get behind Qin Yuan. Only the helicopter from here can escape from this island!

But if they have the ability to defeat Qin Yuan, they don't need to flee from this island!

At this time, the extremely heavy atmosphere spread around these people, and these mercenaries were panting hard, and their hearts were extremely tangled.

While Qin Yuan looked at these people, he gave a chuckle, like a dashing western cowboy, he directly used his hand cannon to hold a spear and beckoned to these mercenaries!

"Aren't you all from Fusang Club? Are you still afraid of death?"

Hearing Qin Yuan's ridiculous voice, these people immediately reacted. If they escape by themselves, no matter if the plateau bear is alive or dead, they will be finished!

If the plateau bears were alive, they would surely kill their betrayers! But if the plateau bear died, the Fusang Club would not bypass them!

And now the last resort is that they directly kill Qin Yuan!

But can they do it?

"Baga! Kill! Let's go together! Kill this guy!"

At this time, a mercenary finally couldn't stand the pressure and screamed directly, and the mercenaries around seemed to have found a catharsis, shooting frantically while rushing toward Qin Yuan frantically!

Qin Yuan certainly wouldn't take such a disorderly attack on his mind. Instead, he smiled and rushed directly at these people!

A sliding shovel at Qin Yuan's feet directly avoided the bullets of these people, and the hand cannon in his hand was directly pulled out, and a shot blasted a mercenary's head!

And the left hand quickly caught the gun in the mercenary's hand, and with a flick, the bullet hovered out immediately, directly killing a mercenary who was shouting!

Gun fighting!

Qin Yuan felt really wonderful at this time. He felt that the time around him was suspended. Even without 21 times the dynamic vision, Qin Yuan could still clearly sense the actions of these people, and his brain Can't help but calculate accurately!

This is what Qin Yuan had guessed before these people made any actions, and it was naturally Qin Yuan's bullet that greeted these people!

And for these issues, Qin Yuan can even make overall plans. In the end, who needs to be killed first, which bullet needs to be avoided, and when he needs to pick up the enemy's firearms are all planned in his mind. clear!

The killing is no longer an immediate reaction, but rather like a rehearsed performance, and now Qin Yuan wants to show this performance in front of everyone!

Qin Yuan calculated this killing sequence in an instant, and the hand cannon and pistol in his hand complemented each other, shooting from various angles, killing these mercenaries one by one!

Until the last mercenary died on the way to Qin Yuan, Qin Yuan suddenly threw the gun into the air, and then fell into the gun bag!

After killing all these mercenaries, Qin Yuan blew the gunpowder smoke and smiled with great satisfaction!

This is too handsome!

At this time, Qin Yuan finally knows why those people are so handsome, because this feeling of seeing all situations without any pressure is really intoxicating!

"Ding Dong, congratulations to the host for killing forty mercenaries and reward a grid!"

Hearing the system's prompt tone, Qin Yuan suddenly woke up from this situation.

Unexpectedly, if you kill these Fuso Club members, you will get a grid!

Qin Yuan looked at these people and found that the strength of these people was not bad, which also meant that the secrets on this small island were not small.

Qin Yuan sneered, he knew that now he needs to deal with the last boss!

Qin Yuan looked up at this moment, and then went straight to the villa on the island!

Although the top floor of the villa has blown Qin Yuan to pieces, there are other places in this villa!

Qin Yuan directly turned on the thermal imaging capability, quickly searched, and soon found a trace of Gao Yixiong in a room!

At this time, Gaoyi Xiongyi was sitting in front of a computer and was constantly operating on this computer. After Qin Yuan rushed into this room, he raised his hand with a shot and exploded the computer directly!

And plateau Xiongyi didn't seem to be surprised, he stood up, and said to Qin Yuan solemnly:

"I really thought that you would kill both of those guys! Of course, and even more unexpectedly, you really came here by yourself, boy, you have a lot of courage, but I know, Yan Guo's fleet or missiles , It should not be far away!"

But Qin Yuan didn't refute when he heard this. Anyway, the old boy was dead, and it was useless to say anything.

However, Gao Yixiong sneered and said directly to Qin Yuan:

"But you are too late. I have destroyed all the materials of our Fusang Club! You can't get any materials!"

But Qin Yuan shook his head indifferently and smiled coldly:

"Do I need any information? All I need is your head, which is enough!"

However, Gao Yixian's face suddenly changed, and then he looked at Qin Yuan coldly, and said lightly:

"Do you think I will be the same as those two idiots, just relying on the strength of the body? The most important thing for people is the brain. Those two people have muscles in their brains, so the two of them will die in your hands!"

Qin Yuan mocked: "Both of them have muscles in their brains. What about you? You don't even have muscles. There is water in your mind. Being timid is timid. Why should you make such an excuse? You won't help if you die."

"Don't think I don't know. You are talking to me just to delay time. There is a passage on your right that leads directly to the underground. It should be the escape passage you prepared!"

The plateau bear was shocked all of a sudden, how did this kid know, why can he even see his escape route?

At this moment, the plateau bear suddenly pressed to one side, and then hid instantly!

Qin Yuan just wanted to shoot, but he was alert. He looked up and found that the roof was covered with small machine guns!

"Idiot, go to hell!"

When Gao Gaoxiong saw that these machine guns had locked Qin Yuan, there was a trace of cruelty in his eyes, and he suddenly pressed the button in his hand!

Da da da--

At this time, all the machine guns fired at Qin Yuan together, and Qin Yuan also looked on one side and hid directly to the side!

It's just that these machine guns are quite powerful, no matter where Qin Yuan hides, these machine guns can break obstacles!

Qin Yuan knew that this was not the way to go, and as soon as he saw the plateau bear hiding aside, he rushed towards the plateau bear instantly!

Gao Gaoxiong soon noticed Qin Yuan's thoughts, and was shocked that this machine gun was so fierce that he couldn't hide it!

The plateau bear made a violent move and directly pressed a button, instantly trying to escape to that escape channel with the help of the mechanism!

But Qin Yuan was going to be a step faster than him, kicking heavily on one side of the sofa, directly covering the passage! Then he threw a grenade and blasted the underground passage directly!

I don't know where the bomb hit, and the surrounding machine guns also stopped!

Qin Yuan breathed a sigh of relief, this time just now really made Qin Yuan a little embarrassed!

However, now Qin Yuan looked straight at the plateau Xiongyi, with a trace of joking in his eyes!

This guy can't run away now, the passage has been blocked, if he doesn't kill himself, it is impossible for this guy to escape from this place!

"I did it with you!"

Seeing that his last escape route had been blown to pieces, Plateau Xiong Yi was also extremely furious, and directly yelled and rushed towards Qin Yuan!

Qin Yuan looked at this guy with a mocking look and found that this guy was yelling loudly, but if he was really desperate, he would use a gun!

Now using a spear in front of Qin Yuan, it is simply looking for death!

However, this guy also knew that the gun would not be Qin Yuan's opponent, so while shooting, he shot two poisonous needles at Qin Yuan in an insidious manner!

"Play concealed weapons with me! I am your ancestor! I was so cool just now, right? Now it's mine!"

Qin Yuan sneered at this time, playing card skills, ant power, 21 times the dynamic vision! High frequency vibration capability! Start suddenly!

Qin Yuan had already experimented a long time ago, and the combination of playing card skills and Qin Yuan's high-frequency vibration ability can even form this kind of large-scale attack skill like a rainstorm pear flower needle!

And now that he has acquired the spear fighting technique, Qin Yuan has directly mixed these two abilities together!

At this time, all the surrounding things became a hidden weapon in Qin Yuan's hands, like water splashed, constantly invading the plateau bear.

Sawdust, iron nails, glass, these are very common things, but in Qin Yuan's hands, they bring extremely terrifying lethality!

Where did Plateau Bear have seen this kind of situation, shouldn't the hidden weapons be small and refined? What is the meaning of this large group of things flying over?

Although Gao Yixiong was frightened, he reacted quickly. He suddenly turned around and stuck an iron table directly on his body, trying to block it!

However, he discovered that these things are very powerful, and this table simply won't last long! !

And more importantly, this is not a firearm, this is a hidden weapon, and hidden weapon will turn around!

The plateau bears couldn't dodge one by one, and suddenly a lot of wounds were cut on their back! There was a scream!

"Damn! Why is this guy so good?"

Gao Gaoxiong said secretly that a person can actually attack like a machine gun, which is beyond people's imagination!

No wonder his two disciples died in the hands of this guy, this person is really amazing!

But when the plateau bear was stunned, there was a burst of alertness in his heart. Suddenly, he was a jealous spirit, like a funny tap dancer, he jumped to one side!

Afterwards, the plateau bear saw something like a gun head, which directly penetrated the iron table, and blasted a big hole in the wall behind him!

Plateau Bear suddenly broke out in a cold sweat, if it weren't for his agility just now, I'm afraid he would have killed himself!

But at this moment, Gaoyi Xiongyi suddenly felt some pain in his stomach. When he looked down, he found that his stomach had rubbed off a large piece of flesh and blood! The internal organs are exposed!

That weird weapon just now! He didn't completely hide it at all!

The plateau bear itself is already old, and his strength is not as good as before, at least his physical strength is far less than when he was young!

Therefore, the high blood loss caused the plateau bear to be unable to support it, and the movement also slowed down.

This is not over yet, the debris in the air naturally seized this opportunity and suddenly swept toward the plateau bear!

The plateau bear suddenly uttered a scream, the whole person was surrounded by these glass sawdust and the like, and the body was stabbed everywhere, this kind of pain, even a fight with a thousand swords!

At this time, Gaoyi Xiongyi looked at Qin Yuan, who was slowly walking in front of him. He regretted that why he wanted to provoke this guy. It was just two disciples. Finding a few more would be the end, but now It is to lose everything!

Qin Yuan glanced at Plateau Xiongyi at this time, knowing that Plateau Xiongyi was dead, so he didn't pay much attention to it, but looked at the information on the table.

This guy would rather watch his subordinates die, but also destroy these materials, don't know what use these materials are.

Although Qin Yuan had broken the computer, but the computer's disk was still there, Qin Yuan directly tore off the disk and placed it on another computer.

Qin Yuan was surprised to find that it was actually the transaction records of Fusang Club and a senior official in Ozhou!

Sure enough, Qin Yuan guessed that it was right. The Fusang Club has been able to run rampant for so many years because of their support.

Qin Yuan doesn't know if these things are useful. However, since Plateau Xiong tries so hard to destroy these things, he should take them back temporarily. Maybe they can be used to knock out some benefits!

Even if Qin Yuan doesn't use it himself, it should be useful if it is handed over!

"Ha ha!"

Plateau Xiong Yi, who was standing on the side, coughed up a mouthful of blood and couldn't help laughing as he watched Qin Yuan's movements.

Qin Yuan raised his head and glanced at each other, and said lightly: "What are you laughing at?"

"I laugh that you are wasting your efforts. Collecting these things is useless."

As soon as the plateau bear felt the vitality disappearing, his voice was also weak.

"Dead people don't talk so much nonsense, how do you know my effort was wasted?"

As soon as Gao Gaoxiong heard Qin Yuan's words, he smiled coldly:

"Because you will die here with me!"
