

Special Soldier 701

Chapter 701: Save people

Qin Yuan chuckled, "Is it another bomb trick? Why do you people from Fusang Club use the same method?"

But when he heard this, the dying plateau Xiong Yi sneered and said directly:

"Do you think I will be like those idiots? I know that by your means, I am not afraid of ordinary explosions at all!"

When Qin Yuan heard Gaoyi Xiongyi's words, his face suddenly turned black, and he couldn't help but feel a little bit of trouble, his detection ability was fully activated, and suddenly he discovered that there was a small electronic component hidden in Gaoyixiongyi's chest.

Qin Yuan walked over, and amidst the screams of Gaoyi Xiongyi, he directly released a small part of this electronic component. Then Qin Yuan was very surprised to find that this electronic component was actually similar to Gaoyi Xiongyi's The heart is connected!

At this time Qin Yuan was completely surprised. You must know that the more expert, the less likely he will be to harm his body, especially this kind of thing, which greatly affects his strength, so Qin Yuan frowned directly and said coldly. Asked:

"What is this!"

But the plateau bear spit out a mouthful of blood, but sneered and said directly:

"Ha ha ha ha, do you know? People always die of greed. I am greedy. I am not willing to ruin my island or run away. Otherwise, I might not die!"

But Qin Yuan narrowed his eyes when he heard this. To tell you the truth, what Gao Xiong said was true, if he was willing to escape, he might really be able to escape from Qin Yuan's hands!

Gao Gaoxiong glanced at Qin Yuan, and continued very strangely:

"It's a pity, now it has to be destroyed, but fortunately, having someone like you buried with this island is not a loss!"

When Qin Yuan heard this, he had a strange face and said with a sneer:

"What you lost is not only this island, but also the influence of your Fusang Society, and your wealth. Now all are gone! I wonder if you have an heir?"

Oh, these are your two apprentices, it seems I killed them all. Hey, I guess you don't even have an heir, and don't know which turtle son the money in your bank accounts will be cheaper. "

At this time, Gao Gaoxiong heard Qin Yuan's ridiculous words, and he immediately vomited blood again!

Why doesn't this guy open the pot and mention which pot!

Plateau Xiongyi is indeed a lonely family, with only two disciples, and other sons and the like have nothing to do with Plateau Xiongyi!

This island is a place where plateau bears plan to take care of their lives. Who knew it would become like this!

At this time, Gao Gaoxiong gritted his teeth and said to Qin Yuan with a gloomy expression:

"Hmph, saying so much, are you not curious? Why would I give you nonsense? You just wanted to run down, but now you can't run away. The software on my heart connects to the island. Those mines, as long as I die, those mines will directly explode! Then the entire island will be blown up into the sky!"

"Do you think these things can blow me up?"

At this moment, Qin Yuan's expression of disdain, the mines at best made Qin Yuan a little troublesome.

"Hehe, mine can't kill you, are you afraid of volcanoes?"

"There is a missile under this island. As long as a mine explodes, the missile will be activated instantly, and then the missile will directly activate the underwater volcano. At that time, it depends on how you hide!"

Hearing this, Qin Yuan's heart was suddenly shocked, Nima, is it true?

You know, if there is really a volcano underneath, even if it is just a very small volcano, its power is extremely powerful!

But at this moment, Qin Yuan suddenly heard a voice in his mind!

"Ding Dong, avoid the eruption of the underground volcano and unlock a grid!"

Damn it! What the hell? The volcanoes are out!

At this time, Qin Yuan was completely stunned when he heard the system prompt!

However, Qin Yuan quickly reacted, grabbing Plateau Xiongyi by the neck, and dragging Plateau Xiongyi to go out!

As soon as the plateau bear was about to struggle, Qin Yuan slapped the plateau bear to pass out with a slap, and then quickly ran outside carrying the plateau bear!

Plateau Xiongyi is dead. He has a lot of wounds on his body. More importantly, his heart has broken Qin Yuan. He can live for a few minutes at most, so Qin Yuan must take this opportunity. , Run a greater distance!

Qin Yuan directly followed the original road, ran back to the port, and directly boarded a speedboat, but he hadn't started yet, he just heard the system prompt:

"Ding dong! Congratulations to the host for killing the 27th King of Ninja Kogen Koi I! Unlock three grids!"

At this moment, Qin Yuan didn't have any surprises when he heard the system prompt. Instead, he was a little bit startled. He looked back at Gao Gaoyi and found that the old man was belching.

"Mother, you are also a top ranking master, so you can't hold it!"

Qin Yuan didn't have time to think about anything, so he started the speedboat and ran to the sea in the distance!

At this time, Qin Yuan directly heard a roar from underwater, apparently those anti-submarine mines under the water, exploding one after another!

Qin Yuan directly increased the throttle to the highest level, and the speedboat seemed to be flying on the surface of the water, heading madly towards the mainland, but Qin Yuan was extremely surprised to find that the speedboat ran out of fuel when it was turned on!

"My Nima!!!"

Qin Yuan cursed at this moment, and he jumped into the water in an instant, and his underwater swimming speed reached the maximum in an instant, like an underwater submarine, heading frantically away from the island!

This is the first time Qin Yuan has felt this degree of oppression. If one can't handle it, it is really possible to die here directly!

Now Qin Yuan really felt that the people in Fusang Club were crazy. Who would put his lair under a volcano?

However, if you carefully imagine that a selfish person like Gaoyi Xiongyi will not care about anything, he will only care about himself. If he dies, he is naturally willing to bring these things to his burial!

But now is not the time to talk about this, Qin Yuan used the strength of the milk, and ran forward desperately!

Behind Qin Yuan, there was a bang and a loud noise. Qin Yuan looked back and found that there really was an active volcano, which exploded directly from this small island, and the hot lava directly hit the island. All things overwhelmed!

Then from the small island, the volcano began to continue to spread outwards, and the volcanic ash covering the sky fell directly toward the sea!

Fuck me!

At this time, Qin Yuan only had time to yell at him, and a large amount of volcanic ash was crushed in an instant!

On the other side, Tang Zhou was sitting in a helicopter, and some combat personnel quickly moved towards the position Qin Yuan had previously reported!

"Qin Yuan, Qin Yuan, the people above said that you are a leather monkey. I know now that you can't save snacks?"

At this time, Tang Zhou couldn't help but want to curse, but Zhang Chong, Jiang Xiaoyu and others on one side were all grinning and winking.

After all, when Tang Zhou knew the news before, he smashed the door of a car with a furious blow, which was even more convincing to Tang Zhou.

But they didn't think there was anything wrong with Qin Yuan. After all, they already knew Qin Yuan's identity and knew that Qin Yuan was the mysterious soldier in the desert before, and doing these things now is not a big deal.

It's a pity that it was a bit of a delay, and we must hurry up. After all, they have to go back to participate in the Mars competition!

But at this moment, everyone heard a sound, suddenly turned their heads, looked in one direction, and found that a black smoke appeared in that direction!

At this time, Shen Ge's heart suddenly shook, as if being pinched by something, suddenly tightened!

"What it is?"

At this time, Xiang Yu and Jiang Xiaoyu were also dumbfounded, they looked at the black smoke and swallowed.

And Tang Zhou glanced in that direction, suddenly shocked, his scalp numb and said to the crowd:

"That seems to be the small island Qin Yuan went to!"

what?

Upon hearing this, everyone screamed, and Chen Ge almost fainted!

"We are going to save him!"

At this time, Shen Ge went crazy and ran directly outside!

But Leng Feng, Tang Zhou and the others hurriedly followed. Everyone had just boarded a helicopter, and when they wanted to fly towards the island, they saw a pair of soldiers rushing over and pointed their guns at them.

"What do you want to do? Do you want to quit this game? Or do you want to do something?"

"We are going to save people, please get out of the way, we will use these helicopters!"

But this person didn't listen to what Shen Ge said, he just wanted to rush over and snap the guns of Jiang Xiaoyu and others!

At this time, the guns of Jiang Xiaoyu and others were all let go. These people are managers here, and they did not resist!

After all, they really popped up, and they really violated the rules!

But Jiang Xiaoyu and others are not vegetarians. At this time, they are looking straight at Tang Zhou, waiting for Tang Zhou's reaction.

Now they all believe that Tang Zhou is their deputy captain, and they will do whatever Tang Zhou does!

However, Shen Ge clenched the gun in his hand and wanted to find the right opportunity to kill him!

No matter what choice Tang Zhou made, she would always go to Qin Yuan!

But at this time, Tang Zhou cast a wink at a few teammates, and a few of them acted instantly and directly knocked down all these soldiers!

Although I didn't intend to kill these people, these soldiers couldn't wake up in a few hours!

Tang Zhou glanced at this guy and said directly: "Put this guy in a sack and send someone to guard it, and wait for us to come back!"

Tang Zhou arranged for someone to look at this fat man, and the rest of them all got on the helicopter and wanted to find Qin Yuan!

Just before getting on the plane, Tang Zhou looked at these people and said:

"Everyone, I give you one last choice. Now there is a chance to regret it. As long as we get on the plane, we will definitely violate military discipline. Maybe we can't participate in this game! Going back, we may go to a military court. !!!"

At this time, Tang Zhou understood very well that what they were doing was completely unqualified. If they were to blame, they would be responsible.

If they take the initiative to admit their mistakes, there is still room for turning around, but if they hijack the helicopter and escape, there really is no room for turning around!

But just facing Tang Zhou's problem, everyone smiled.

"Deputy Captain, don't block the door, okay? We are still waiting to save the Captain!"

"That's right, although the captain is a complete pervert, it would be a shame if this pervert died like this!"

Hearing such words, Tang Zhou also smiled slightly and shouted directly:

"set off!"

A helicopter heads directly towards the island!

At this time, I turned my gaze to Qin Yuan's side...

"Dingdong, congratulations to the host for escaping the volcano and unlocking a grid!"

puff!

Qin Yuan spit out a mouthful of water and lay straight on the water, letting out a sigh of relief!

"Mother, if it wasn't for luck, you would be almost finished!"

It was extremely dangerous just now. The volcanic ash fell directly into the sea, and the hot high temperature directly boiled the sea water. Even if Qin Yuan had the ability to resist fire, he was still a little worried.

After all, Qin Yuan's ability to resist fire only exists on his skin. Although the temperature of resistance can be as high as 1600 degrees, this ability is like holding his breath. It is limited and cannot be used continuously!

Moreover, the gas ejected from the volcano contained various ions, forming a breath that made Qin Yuan very uncomfortable!

This is radiation!

Qin Yuan quickly understood it!

However, this kind of radiation only made Qin Yuan a little uncomfortable. After all, Qin Yuan had experienced the radiation of yellow cake before. These things are trivial!

But this kind of flame and volcanic ash is really a bit unbearable. Qin Yuan's body is okay, but the air he breathes is hot, which makes Qin Yuan a little unbearable!

And at this moment, Qin Yuan directly turned on all his perception abilities, and wanted to see if he could find a direction to escape, but he saw that there were a lot of small bugs in the water, constantly moving towards Swim far away!

There are many rough-skinned fishes around. has floated on the water with belly, but these little bugs can actually swim?

Although these little bugs are so tiny that ordinary people can only see them under a microscope, but these things can't escape Qin Yuan's eyes!

Qin Yuan directly threw a probing technique at these little bugs, and immediately got information about these little bugs!

"Dingdong, species: water bear insect, characteristics, high temperature resistance, radiation resistance, cold resistance, high pressure resistance, weakness: no IQ, unable to withstand sharp pressure."

At this time, seeing the attributes of this incomparable bunker, Qin Yuan was completely shocked. He did not expect that this little bug had such a powerful attribute!

"System, recycling!"

Qin Yuan directly put all these insects in the grid, and then heard a soft noise from the system.

"Ding Dong, the system was successfully recovered, please start choosing the host!"

Chapter 702: Recycling water bear

But Qin Yuan looked at the three options that appeared in front of him, but he was stunned!

"1. Get world-class high temperature resistance!"

"2. Get world-class high-pressure resistance!"

"3. Get world-class low temperature resistance!"

Seeing these options, Qin Yuan did not hesitate to choose the first one!

Now that the temperature of the volcanic ash is very high, Qin Yuan is thinking about whether to dive directly to the bottom, and use the low temperature underwater to resist the temperature of the volcanic ash, but the new options just give Qin Yuan more choices!

"Ding Dong, the host has successfully chosen to gain world-class high temperature resistance and can continue to resist 200 degrees of high temperature!"

With the sound of the system, Qin Yuan suddenly felt that his body had undergone some subtle changes, as if the surrounding temperature were not so hot anymore.

Although Qin Yuan was not injured by the volcanic ash just now, he still seemed extremely bored as if he were in a boiler room.

After all, Qin Yuan's ability to resist fire was only better on the skin, and there would be some damage inside the body.

But now, as the choice succeeded, Qin Yuan felt that an extremely cool breeze was blowing over!

This world-class high temperature resistance is really useful!

Qin Yuan's eyes suddenly brightened, and then he made several successive choices, directly raising this high temperature resistance ability to the cosmic level!

"Ding Dong, the host has successfully chosen to gain cosmic high temperature resistance, which can continue to resist high temperatures of 1600 degrees!"

Qin Yuan suddenly laughed. With this cosmic high temperature resistance, the surrounding environment suddenly became more comfortable!

The air was still extremely hot just now, but now it has become extremely refreshing. It feels like being in a sauna, Qin Yuan almost didn't hum comfortably!

But even though there was no high temperature pressure, Qin Yuan still felt a little bored. He knew that this was because of the high pressure and various radiation brought by the volcanic eruption, so Qin Yuan directly chose the second option.

"System, I choose the second item!"

"Ding Dong, congratulations to the host for his successful selection and gaining world-class high-pressure resistance!"

With the acquisition of this high-pressure resistance ability, Qin Yuan is completely comfortable now. The high-temperature radiation around Qin Yuan's eyes is almost like drizzle. For Qin Yuan, the high-pressure and radiation are almost like Milk and salt are added to the hot spring bath!

If it wasn't for the sea water to make it black, Qin Yuan really felt like he was in a hot spring!

But now that he has started to choose, Qin Yuan directly upgraded this ability to the cosmic level. After all, this ability will be available when he doesn't know!

And Qin Yuan glanced at the last low temperature resistance ability, thought for a moment, and directly chose it.

After all, there were a lot of grids left in Qin Yuan before, and now ten grids were received all at once, so Qin Yuan is truly wealthy as never before, and he is indeed a rich man!

Therefore, Qin Yuan intends to use this grid directly!

Although this ability cannot be used now, it is still the same sentence, who knows when it will be useful one day!

Following Qin Yuan's choices, the system suddenly heard a beep.

"Ding Dong, congratulations to the host for gaining cosmic-level low temperature resistance and can survive in a low temperature environment of minus 150 degrees Celsius!

Good guy, minus 150 degrees Celsius, such a temperature is already the limit of human beings. At this moment, seeing this reminder, Qin Yuan suddenly laughed.

With Qin Yuan's current resistance, even if he went to Antarctica naked, there was no problem!

With these three abilities, Qin Yuan was immediately extremely happy, his tight nerves slowly relaxed, and his mood was full of comfort!

Qin Yuan directly put his hands on the back of his head, and then drifted away leisurely.

Although there is a volcano that is constantly erupting in the distance, Qin Yuan is just like staying in a sea view room, watching the scenery of the volcano erupting, looking very leisurely!

It's just that Qin Yuan came down leisurely. Tang Zhou and others in the helicopter looked at the ash ash on the sea, but their hearts were extremely cold.

"The boss will not really have an accident, right? A volcanic eruption is the power of heaven and earth, even the boss, there is no way..."

At this time, Jiang Xiaoyu said quietly.

Jiang Xiaoyu really couldn't imagine what kind of high temperature the volcanic eruption would have. Even at this distance, Jiang Xiaoyu could sense the scorching heat of the volcanic ash. He felt that if he fell on the water, he might not last long enough. Ruined!

At this time, hearing Jiang Xiaoyu's words, Shen Ge's face suddenly became extremely ugly.

Xiang Yu saw this and slapped Jiang Xiaoyu's head with a slap:

"What nonsense, the boss must be a lucky person, and there will never be any surprises!"

But with these words on his lips, Xiang Yu looked at the black volcanic ash, and his heart was also lost.

Shen Ge checked his equipment at this time, and then strangled him severely, walked directly to the exit of the helicopter, and wanted to jump straight down!

Tang Zhou caught Shen Ge and said to Shen Ge, "What do you want to do?"

Shen Ge glanced at Tang Zhou coldly, and said to Tang Zhou:

"I'm going to rescue him, now the plane can't move forward, the dust in the air is too heavy, it may crash directly, so I will go down now and look for Qin Yuan from the sea level!"

Looking at Shen Ge's extremely tough eyes at this time, Tang Zhou suddenly understood that no matter what he said, Shen Ge would not be able to listen.

But of course Tang Zhou wouldn't watch Shen Ge go down and die like this, and he couldn't give up Qin Yuan, so he said in a cold voice:

"Want to go down, OK, then I'll go with you!"

"We will all go together!"

Hearing Tang Zhou's words at this time, everyone on the plane screamed.

Everyone understands how dangerous it is to jump into the sea in this environment.

To be honest, this is going to die, and in all likelihood, you won't be able to return.

But they won't just watch Qin Yuan die in vain, maybe Qin Yuan is hiding somewhere, waiting for their rescue, so they won't give up hope easily!

Seeing these people around, the corners of Chen Ge's eyes also appeared moist. He wiped the corners of his eyes, and Chen Ge said loudly:

"People with poor water quality stay on it, and people need to wait and see on the plane. After all, the field of vision on the plane is broader!"

"Then you should just stay on it, I'll go down and look for it!"

Tang Zhou said to Shen Ge: "You are a technician, and you can see some parameters on the helicopter. It will be better!"

At this time, Shen Ge knew that this was because they were caring about themselves, and they just wanted to make excuses, but they heard Xiang Yu yelling from the plane:

"I seem to see a person on the sea!"

"what?!"

Upon hearing this, everyone became nervous and looked towards the sea!

I saw that in the black water, there seemed to be a person, lying on his back on the sea, basking in the sun leisurely, looking extremely comfortable!

"That seems to be the captain!"

At this time Jiang Xiaoyu took a look with the telescope, and when he heard this, Shen Ge directly grabbed the telescope in Jiang Xiaoyu's hand, took a look, and found that it was Qin Yuan!

Everyone was speechless for a while. They were looking for Qin Yuan in a hurry, thinking that something happened to Qin Yuan. Who knew that people would take a hot spring bath here and watch the scenery of the volcanic eruption?

At this time, Qin Yuan also spotted the helicopter, his eyes lit up, and he waved at the helicopter, while Jiang Xiaoyu directly threw the rope ladder on the helicopter down!

Qin Yuan directly followed the rope ladder, and soon boarded the helicopter, but he hadn't stood firm yet, Shen Ge was like a cannonball and rushed directly into his arms!

Seeing this crying face of pear blossom with rain, Qin Yuan couldn't help but smiled comfortingly. It is really unusual for Chen Ge to show such an opportunity!

"Qin Yuan! Are you okay?"

At this time, Shen Ge looked at Qin Yuan with great worry. When she saw the eruption of the volcano, she felt as if she was being picked up, very worried.

Now I finally saw that Qin Yuan was all right, and all the emotions in his heart burst out!

Qin Yuan smiled, wiped the volcanic ash from his body, and said to Shen Ge:

"What can I do? Isn't it just a volcanic eruption? What's the big deal, you still don't cry, your face is crying, then it won't be pretty!"

Qin Yuan whispered, and then carefully wiped the tear marks on Shen Ge's face, but Qin Yuan's hands were covered with volcanic ash, and the ash became darker and darker, and Shen Ge suddenly laughed at Qin Yuan.

But at this time, seeing Qin Yuan really didn't seem to be injured, the eyes of Jiang Xiaoyu and others were about to shine!

"Fuck, boss, you are simply too powerful, this volcanic eruption can't do you anymore!"

"Hey, let alone a volcano, even if the gods descend to the earth, they can't kill me. You guys are worried."

Qin Yuan smiled, and said to Jiang Xiaoyu and the others, if it weren't for the volcanic ash, it might be a bit of a spirit to descend into the world.

Only after hearing Qin Yuan's words, Shen Ge slapped Qin Yuan's chest in an angry manner:

"Okay, I think you must be tired too, let's go back quickly."

In fact, Qin Yuan is not very tired. After all, he can get 120% recovery speed in the water, so he has plenty of physical strength, but he is a little hungry.

"All right, then let's go home quickly, I want a big meal!"

But at this moment, Xiang Yu seemed to suddenly remember something, and then said to everyone a little nervously:

"Can we really go straight back now? I remember we still hold a group of people!"

"How is this going?"

Qin Yuan was a little puzzled at once, and at this time, Shen Ge quickly told Qin Yuan what had happened.

Tang Zhou also said irritably:

"Do you think we were able to come out so quickly? It was a normal procedure? We robbed the helicopter directly, and the organizer asked us to detain a few. It is estimated that after we go back, we still don't know how That's it! You and you, you can't save people for snacks!"

There was a smile in Tang Zhou's eyes at this time. Although he didn't know what Qin Yuan did, he was completely speechless after making such a movement!

And when he heard this, Qin Yuan scratched his head a bit. It was like this kind of interference in the game. After doing it, he would have to bear some responsibility. What's more, this time they are still the host country, and they may come out a little .

"It's okay. You are all trying to save me, and no casualties have been caused. I will take care of you if there are things."

But Shen Ge said leisurely:

"You bear it, how do you bear it, this time our game is all over. It is estimated that Mars will continue this time, it is not certain, hey, I should explain it when I go back!"

At this time, Shen Ge was also very troubled. After all, when she came out, her brain came out as soon as she got hot, but now she has to deal with the aftermath. She feels that her brain is buzzing!

And Qin Yuan was also a little embarrassed, after all, if it weren't for him, it wouldn't have been the case, so he laughed and said:

"It's okay. Everything is done by people. If those people disagree, then I'll talk to him. I believe he will be reasonable."

Qin Yuan smiled, negotiating, he won't be afraid of anyone, the psychological suggestion ability gained by the universe-level speech ability plus the hypnotic ability, that is not a boast!

"Let's go, let's go back quickly!"

At this moment, seeing Qin Yuan's relaxed look, Shen Ge and others also let go of this worry. After all, it has happened, and it is useless to worry, and can only find a way to solve it.

What's more, Qin Yuan never speaks big words, but before Qin Yuan said that there is a way, that is, there is really a way, Qin Yuan has never let them down!

After that, Qin Yuan and his party went straight back, but on the way back, Xiang Yu as the pilot's face sank, because he saw a group of helicopters flying over, and the helicopters were equipped with weapons. It was aimed at them!

This time Shen Ge and others' moods suddenly became tense, and things seemed to be a bit turbulent!

And Qin Yuan's expression also sank, but soon, Qin Yuan saw that there was a ship below, and the ship signaled to let them put Qin Yuan down.

Seeing this, Jiang Xiaoyu couldn't help but sweat on his forehead and said:

"Isn't this going to catch us?"

"What are you afraid of, I'll go down first, and just clarify the situation."

Qin Yuan didn't worry at all, he really didn't believe it anymore, it was just a helicopter, what can these people do with themselves!

After saying this, Qin Yuan didn't hesitate, and without waiting for the rope ladder to be lowered, he jumped from the helicopter!

At this time, on the ship below, Wugang and others looked anxious, and they couldn't help but explain to a man with a nose!

"Mr. Richard, I am really sorry. Our people did not do the right thing this time. I am here to say sorry to you on their behalf..."

Chapter 703: ending

But upon hearing such words, this man named Richard showed a disdainful expression and said directly:

"In the words of your country, if an apology is useful, what should the law do? This time you directly launched such atrocities against me. I am definitely going to make this matter a big book and make people all over the world. I know, the animality of you soldiers of the Yan Nation!"

Hearing this, WISCO's eyes suddenly became cold. He immediately wanted to hammer this guy to death with a punch, but he resisted it and turned his head aside!

After all, things have become like this, he can't cause trouble anymore!

At this time, the helicopter of Qin Yuan and others also stopped directly on the ship, and then slowly got off the helicopter.

At this time, WISCO directly greeted him and said to Qin Yuan angrily:

"Look at what good things you are doing. Didn't you take part in the competition honestly? How did you make so many things? This time you really got into a big disaster. Hurry up and think of a solution. Remember, no matter what, Don't let them detain you, or we will be passive."

But before WISCO finished speaking, he heard a mocking voice coming from behind:

"My dear friend, what are you doing? Do you want to collude with these criminals so that they can cause us greater losses?"

Hearing this voice, Wu Gang's face also became gloomy, and he turned his head and said righteously:

"Mr. Richard, let me tell you at last, these people are soldiers of our country, not criminals. Although I don't know why they did such a thing, there must be a reason. You must listen to it. They explain!"

But after hearing WISCO's words, this Mr. Richard directly sneered:

"Explanation? Why should I listen to them? They wounded my soldier, and this group also kidnapped me. This is definitely not something ordinary people can do. They must be criminals and must be severely dealt with. Punishment!"

Wu Gang wanted to continue explaining when he heard this? But Qin Yuan saw this guy's face at this time? The eyes lit up? A smile appeared at the corner of his mouth.

He was still thinking before, how to explain it, is he going to do hypnosis directly, but under the public? It's not easy to do it? But now, Qin Yuan is not panicked at all!

Because Qin Yuan was on the hard disk of Kogen Koichi before? I saw the image of this guy, which means that this guy is related to Kumaichi? This guy must be an associate of Fusang Club!

Think of this? Qin Yuan also relaxed. If it is international negotiations, Qin Yuan may not be so good at it, but if he raises the table? Then Qin Yuan has never been afraid of anyone!

Qin Yuan directly sat on the ground at this time? said to that Mr. Richard:

"You better restrain yourself, do you know? I don't like people pointing a gun at me very much."

At this time, I heard that Qin Yuan dared to call Richard, and WISCO was stunned? When is this, why is this Qin Yuan still holding hatred?

And when Mr. Richard heard these words, he also looked savage and said to Qin Yuan:

"I'm pointing a gun at your head now, what can you do to me?"

Having said this, Mr. Richard made a gesture to his hand, and seeing this gesture, the soldiers opened the firearm's insurance directly, and the atmosphere suddenly became tense.

Seeing this posture, Qin Yuan also smiled slightly and winked directly at other people. Although Jiang Xiaoyu received Qin Yuan's order, he was shocked, but he still fulfilled his mission as a soldier and obeyed directly. Order, ready to fight!

Qin Yuan stared at Mr. Richard and smiled:

"What can I do? What can I do if I take you down again?"

Qin Yuan yelled directly: "Do it!"

After that, Qin Yuan instantly threw the blade in his hand towards Richard's soldiers, and directly crossed out all their guns. And Jiang Xiaoyu, Xiangyu and others, also seized the opportunity at this time, directly controlled the surrounding soldiers, and instantly snatched their guns!

Although they were full of doubts when they took down these soldiers, they just received this order from Qin Yuan's eyes. They didn't hesitate, but chose to believe in their boss!

Qin Yuan was walking in a leisurely courtyard at this time, walked directly in front of that Richard, looked at Mr. Richard who had been so scared, and smiled faintly:

"Are you going to point a gun at me now?"

But at this time WISCO was like crazy, shouting crazy at Qin Yuan:

"Qin Yuan, are you crazy! Do you know the consequences of these things you do?"

This will even cause us to have a major diplomatic earthquake, and it will affect the direction of Yan Nation in the entire world. At that time, you and I will all be sinners! "

And when Mr. Richard heard what WISCO said, he also showed a hint of confidence, squeezed out a smile, and tremblingly said to Qin Yuan:

"We have something to discuss. My attitude was not very good. I apologize to you. Now we need to sit down and talk about it. Impulse is the devil. If you really kill me, there is no room for recovery!"

But looking at this Mr. Richard, Qin Yuan remembered what happened before.

This guy and Fusang Club have been mingling together, and it hasn't been a day or two, and Qin Yuan remembered what had happened in Philippine before in Ivia, and his face suddenly became completely dark!

Had it not been for Qin Yuan, the people of Fusang Club would have caused great damage to Yan Country at that time!

And now, this guy has the courage to be arrogant here, it's just looking for death!

Qin Yuan glanced at this guy and found that there was a trace of gloating in his eyes. He seemed to know that Qin Yuan would definitely not kill himself.

And as long as he survives, the result of Qin Yuan will definitely not be good!

After all, with his own identity, as long as he is not a lunatic, he will not kill himself.

But Mr. Richard, seeing that Qin Yuan showed a big smile, a very bad premonition suddenly appeared in Mr. Richard's heart!

Looking at this Mr. Richard with a trace of fear in his eyes, Qin Yuan directly took out his hand cannon and banged! Hit this guy's arm directly with a single shot! !

"Woo!!!"

At this time, Richard immediately hugged his arm and howled!

At this time, seeing Qin Yuan shooting directly, WISCO felt that the sky was about to fall, and was desperate:

"It's over, this time is over, this time we are all going to be done!"

But after hearing this, Qin Yuan walked to WISCO's side and said to WISCO:

"What are you doing so excited? I just injured a criminal!"

"what?"

Hearing this, WISCO returned to his mind a little bit. He carefully recalled at this time, as if Qin Yuan was not a lunatic, every time he did crazy things, he must have confidence!

At this time, Qin Yuan directly threw a disk on the ground and said to Wugang:

"This guy has something to do with the people in Fusang Club. Fusang Club has done so many bad things. What do you think is this white lotus with this guy?!"

Hearing this explosive news, WISCO was immediately stunned. His mind was constantly thinking about how this news could be transformed into favorable conditions for Yan Country!

Although Mr. Richard is the organizer, he is not covering the sky with one hand. There will inevitably be enemies. What's more, in this Mars competition, not only Richard is the principal, so they can also directly find other people. , And then abolish this guy directly!

And with this level of relationship with Fusosha, this guy must have a lot of strength, but since this matter has exploded! So how to operate these things, then there is a lot of room for operation!

Thinking of this, WISCO was full of confidence and stood up directly:

"Hahaha, if you told me the news, I wouldn't be so nervous! Okay, let's go, let's go back!"

At this time, Wuhan Iron and Steel took over the ship directly, no longer the state of sincerity and fear just now, but extremely high spirits!

Qin Yuan and others returned to the island of Mars. The next thing does not require Qin Yuan and others to intervene. This is the stage for the politicians, they just need to watch it!

For the next day, Qin Yuan and others stayed on this small island, but at Mars's meeting, it was shaking like a landslide and tsunami.

After all, Mr. Richard's international influence is not small, but no one thought that he was actually related to Fuso Society!

You must know that although everyone knows that Fuso Club is a criminal, not all countries think that Fuso Club is not a good person.

If things like this were okay underground, but now they all burst out, it would be completely finished!

More importantly, this matter was not solved by them themselves, but by a soldier from Yan Nation!

In the underground world, the news that the plateau bear was destroyed also caused a violent shock to the entire underground world.

You need to know that the strength of Kumamoto Koichi in the plateau was not small, so he was wiped out?

Who did it?

Without knowing who it was, he revealed Qin Yuan's news, and this time directly pushed Qin Yuan to the forefront, and the bounty was directly increased to 150 million US dollars!

Although it looks like it is 150 million U.S. dollars, for most people in the world, the reward for Qin Yuan has already disappeared!

There is an unwritten rule in the underground world, no matter who it is, as long as the bounty exceeds 100 million US dollars, he will automatically enter the sky list and become a sky list master.

Not to mention, Qin Yuan directly killed Gao Yi Xiongyi, Cain and Hu Ke, the three top players!

At this time, Qin Yuan felt that his prestige value had increased a lot, only to obtain another grid, and when he heard the prompt from the system, Qin Yuan immediately smiled!

Qin Yuan had fifteen grids left before, and now he has obtained one again, which is a full sixteen grids!

At this time, Qin Yuan has restored the essence of being a rich man. With so many grids, Qin Yuan even feels like he doesn't know how to spend it!

But no matter how you spend it, it makes Qin Yuan feel extremely refreshed. After all, Qin Yuan still has a lot to do. He has to build an army factory, create countless new schools, and even directly create a world. Class special team!

With these goals, Qin Yuan felt that his grids might not last long.

It's just that this time Qin Yuan caused these things, so the people above dare not let Qin Yuan stay here anymore. After all, this skin monkey should be taken back, otherwise, wherever he went, where did the accident happen. !

This also means that Qin Yuan's mission this time has also been completed, and it is time to go home!

Lieutenant General Gao Shiwei was also speechless after receiving the news from Wuhan Iron and Steel. He didn't expect Qin Yuan to be a consultant and such a thing could happen!

But they also knew the risks, and quickly asked Qin Yuan to come back.

After all, Qin Yuan is a treasure of the Southeast Military Region. If it weren't for Qin Yuan who happened to have mastered Mr. Richard's black material and killed Mr. Richard, if Qin Yuan fell into the abyss of politics, then they would really It's a bit difficult to handle!

But Qin Yuan has been relying on it He just stayed in the Yan State Camp, eating apples and singing songs, and said nothing to go back.

"Qin Yuan, Commander Gao Shiwei has given an order to let you go back!"

At this time, WISCO was also helpless. He persuaded Qin Yuan and wanted Qin Yuan to go back. After all, he was also a little scared. How could this kid do something like this? This time, at any rate, he has produced a piece of evidence, but if there is no evidence. , I don't know what moths the daughter-in-law will make!

And even if he wanted to break his head, WISCO didn't think clearly about where Qin Yuan got the information from, and he directly killed an island of Fusang Club!

even caused a volcanic eruption. Is this Nima something normal people can do?

But no matter what WISCO said, Qin Yuan lay leisurely on his bed and said to WISCO:

"I'm not going back, you think I don't know what they are thinking, but I think this guy is too much trouble, so I want to take me back to the country quickly, but my task this time has not been completed yet, I still Waiting to see these people participating in the game and take them back to the Warriors Cup!"

Qin Yuan knew that there was nothing wrong with him. Even if he returned to China, he would be punished at best, but it didn't matter if he was punished. People like Jiang Xiaoyu were not good, and he had to deal with his hands and tails. Just work!

Qin Yuan regrets this matter a little bit. After all, he wanted to do it the last time Leng Feng rescued him, but it was a pity that he didn't succeed. This time he couldn't walk the same way as last time!

Chapter 704: Return home

Seeing Qin Yuan's appearance like hob meat, WISCO also couldn't help but have a headache. After all, Qin Yuan had also explained where he went before. Although it did not meet the regulations, Qin Yuan could say that he was standing. He had done a great job, and Qin Yuan also won the hard disk on the plateau Xiongyi Island. There are many secrets of Fusang Society in such a hard disk. According to these secrets, they have gained a lot of opportunities.

So now facing Qin Yuan'er, WISCO can neither say nor scold, nor can they scold, if they really count it, they still have to ask Qin Yuan for credit, but this time Qin Yuan's trouble is a bit too big, not too much. So blatantly hands-on.

Therefore, WISCO also sighed, and said directly to Qin Yuan'er:

"Qin Yuan'er, I know what you want to do, but this time it's not just our own business. You also know that the Mars Competition is attended by many countries. The board of directors has discussed it until now. I didn't discuss a 123. Although they knew that this matter was justified, our people did not do it right!"

"What is there to discuss? Just smooth it out, and turn this matter over completely. I don't care about their board of directors. They don't care about what we do. They just continue to the Mars competition. Participate by your ability!"

At this time, Qin Yuan said to Wugang with a speechless expression, after all, in his opinion, there is nothing to discuss about such a thing!

"I said so, but those guys don't have any other abilities, but they are too good at wrangling. This method is very good and very good, but they don't agree with it! And being so procrastinated will soon drag us down. Up!"

Wuhan Iron and Steel was also full of helplessness. Qin Yuan's method was indeed very good. After all, they didn't suffer any loss in this matter at all, and passed it.

But they are not at a disadvantage, many people just can't see it, they want to use the time delay to drag out their qualifications for the Yan national team!

After hearing this, Qin Yuan suddenly showed a sneer on his face, and then said directly to Wugang:

"If this is the case, let me negotiate with them, aren't they willing to procrastinate? Then I'll go and talk to them!"

Qin Yuan also figured out what these people are thinking at this time, so he has already made plans in his heart? After getting there? just to lift the table!

Hearing this, WISCO felt happy and said directly to Qin Yuan:

"If you go? That's really good? But I want to tell you, you can't be angry when you get there? Must speak to them in a good voice? After all, there are still a lot of reporters at the scene, if we let them catch us Handling? The public opinion in the world is not easy to handle!"

"Hehe, don't worry, I know this matter!"

Qin Yuan said to WISCO with a smile, but seeing Qin Yuan's smile? WISCO always felt a little uneasy.

I just thought about it? The order for Qin Yuan to pass was not issued by Qin Yuan himself, but from a superior? So WISCO had to agree to it, and took WISCO to the meeting room for the meeting.

While WISCO brought Qin Yuan to the meeting room? Qin Yuan kicked open the door of the meeting room? Looking at the people inside? Qin Yuan smiled and said directly to these people:

"Everyone, I'm here, don't you want to discuss about our Yan Country participating team? Now, if you have any ideas, you can just say it!"

And those people at this time were stunned. They had never seen anyone who hadn't put them in their eyes before, and they just kicked in!

After kicking the door, he still sat directly on the main seat, the chairman next to him turned blue!

"Please pay attention to discipline!"

At this time, a person who looked like a bodyguard was about to rush forward, but Qin Yuan waved his hand and a hand knife slashed directly on this guy's neck, and this guy suddenly fainted to the ground.

And the people present suddenly exclaimed, although Qin Yuan's movements were too fast, they did not see clearly, but this person fell in front of Qin Yuan, it must be Qin Yuan's hand!

"Baga, you dare to do something here, what do you think of this place!"

At this time, a person patted the table directly and stood up, and Qin Yuan glanced at this guy, but he smiled. It turns out that this is the director of an island country!

"What are you doing? Lao Tzu came to Xingshi to inquire about the crime. This Fusang Club is a criminal in your country. I helped you get rid of it. Would you give me a medal?"

"what?"

Hearing this at this time, the governor of this island country immediately became angry. You must know that Fuso Corporation does not follow the rules in other countries, but it is compliant in their countries!

As a result, now that Qin Yuan has killed the plateau bears of Fusang Club, he even asked them to ask for a certificate for them, which is simply deceiving!

But this director just wanted to say something, but suddenly saw Qin Yuan's eyes, he knew what was happening, and he shivered!

Because he saw the undisguised killing intent in Qin Yuan's eyes. Obviously, if he dared to say nothing, it's very likely that Qin Yuan would directly attack him, and rely on Qin Yuan's Yuan's kung fu will definitely make him die silently!

Moreover, the expression of such eyes on this occasion is no longer a hint, but an explicit indication, which means that Qin Yuan is not afraid of being held accountable by them at all!

"you you!"

The cold sweat on the director's forehead kept falling, trying to speak, but he couldn't open his mouth.

"Oh, since you have nothing to say, then I will talk about my opinion. Everyone is wrong in this matter. Since there are all mistakes, then just turn over the matter directly. How should the conference proceed? get on.

Wouldn't it be better for everyone to hold this competition together happily? Of course, if you feel unconvinced, you can let me participate in this competition. Then there will be revenge and grievances. I think there are casualties in the competition, it is not an accident, right? ! "

After hearing such words, all the directors immediately looked at Qin Yuan speechlessly. If it were before, they really wanted to use this method to retaliate against Yan Nation.

But now that Qin Yuan's record is known, who would dare to let Qin Yuan participate in this competition!

After all, even the plateau bear has been killed. If Qin Yuan were to participate in the Mars competition, wouldn't it be the crocodile being put in the fish pond, purely giving away food?

Hearing such words, the director of the island nation bit his teeth and did not dare to say a word, but he just raised his hand and said to everyone:

"In this case, our island team will withdraw!"

After hearing such words, the others looked at this guy with great sympathy. After all, they all knew that if Qin Yuan were to participate in the Mars competition, it is estimated that there would be no one from the island team to return alive!

When seeing this situation, the chairman sitting on the stage was completely speechless. He knocked his hammer and said to everyone:

"It's okay. If that's the case, I'll make a compromise proposal. Mr. Yan Country, you should not participate in the Mars competition, and the island team should not withdraw. We will directly turn this matter over. In the past, proceed as you should.

Download Mimi Reading Novel APP for free reading forever

And I have a special rule this time. In this game, there must be no casualties. If anyone takes a shot and causes fatal damage to other players, the whole team will be eliminated directly. Do you have any comments on my proposal? "

Hearing this, Qin Yuan immediately clapped his hands in excitement, and said directly to the chairman:

"Look at it, look at it, it's more reasonable for the officials of the university to be more reasonable. I agree with this suggestion. Isn't it better for everyone to speak with the fist in your hand?"

And after Qin Yuan said this sentence, the chairman looked at Qin Yuan speechlessly, then knocked his own hammer again, and said to the people around:

"If everyone has no opinion, then we will show our hands to vote!"

The directors of other countries glanced at Qin Yuan, then at the director, and finally they could only directly raise their hands when the island director looked very ugly!

Seeing such a situation, Qin Yuan also smiled, and said directly to these people:

"It's okay, now that the matter is resolved satisfactorily, then I will leave first, and I won't bother you."

After finishing these words, Qin Yuan directly exited the room, and closed the door gently and politely.

As for Qin Yuan after closing the door, there was a roar from inside, what happened to Qin Yuan?

Then Qin Yuan directly told Wugang and others the news, and then said to them very seriously:

"This matter is completely overturned by me, but there is one thing you have to remember. After all, we are guilty of public outrage on this matter. It is estimated that all countries will attack us together, so your department must be careful during the game. !"

But after hearing such words, Jiang Xiaoyu did pat his chest and said directly:

"What's so terrible about this, even if there is no such thing, they will still target us, but now they have completely no worries about the future, no need to worry about gains and losses!"

On the other hand, Xiang Yu also nodded, and said directly to Qin Yuan:

"Yes, every time we participate in the Mars competition, there are a lot of people who specifically target us, we must win all the teams to win!"

"Well, if that's the case, then I won't say anything. Just be careful, everyone!"

After saying this, Qin Yuan also shrugged his shoulders, and then said helplessly to these people:

"I guess I can't watch you finish the game this time. After doing these things, it is estimated that Lao Gao will blow my head after returning!"

Compared to Qin Yuan, he is not an unreasonable person. You can be unreasonable with these people, but when you face Gao Shiwei, if you don't make sense anymore, it's a bit unreasonable.

Qin Yuan is already ready, and the order to go back by himself will come soon!

Sure enough, as soon as Qin Yuan finished talking to these people, Shen Ge walked in directly from the outside and said to Qin Yuan:

"Qin Yuan, the order was given to you to go back by plane now!"

"Okay, I know, then I won't say much, everyone, you must bring me the trophy!"

Qin Yuan paid a military salute to these people, and Jiang Xiaoyu and others also returned a military salute with a serious face!

But at this time, I went to an underground base in the island country.

The news started from underground, a person hiding in the shadow threw a plate out severely

"Qin Yuan, Qin Yuan is Qin Yuan again! How powerful is this Qin Yuan, why is it always right with the people in our Fusang Club!"

This person is not someone else, but the president of the Fuso Club.

The people in their Fuso Club relied on the cooperation between Gaoyi Xiongyi and Europe and the lighthouse country. Even in Fuzhou, they mingled with several guardians and people from the lighthouse country, and they were also presided over by Gaoyi Xiongyi. Plateau Xiong Yi let Qin Yuan kill it together!

But this time, the plateau Xiongyi actually wiped out Qin Yuan, this time Fusang Club's investment in the plateau Xiongyi was completely lost!

"Dear father, you don't have to worry so much, aren't you just a Chinese soldier? We just think of ways to get rid of it."

At this moment, a voice suddenly rang from behind Jiu Da Rang, and Jiu Da Rang looked back and found that it was a person wearing a kimono.

It was so long that I suddenly sneered;

"The words are nice, , but this Qin Yuan can even kill a plateau bear. What can we do with him?"

"You must know that he is our vice president. He died in the hands of this person, but now you say that this person will be killed. Did you know? Since the meeting, people will lose their lives."

But at this time, it was so long that the person behind laughed and said

"Dear father, don't forget where I came from, and who is my master? The vice president and the guardians are men. When Qin Yuan faces them, he will naturally have a man's way. But I am different. As long as Qin Yuan is a man, I can do it!"

Hearing this, his eyes lit up for a long time. What this person said seemed to have some truth. In that case, he didn't mind letting him try after long enough, and said to the person behind him:

"Then you have to give it a try. If you can succeed, you will definitely be considered a great achievement."

"Yes, father!"

Now that he said this, the man went straight back. After leaving the room, two hot women came up from both sides and said to the man:

"Young Master, don't you know if the president agrees?"

"Agree, let's go, let's go straight!"

Having said this, the man in the kimono smiled coldly: "As long as Qin Yuan is killed, then I will have no obstacles to taking over Fusang Club!"

Chapter 705: Buy flowers

At this time, at the airport in Yanguo East City, Qin Yuan took a breath of fresh air and walked directly out of the airport!

is finally back!

After all, Qin Yuan has been out of here this time for a long time. After all, he can be regarded as a soldier in Langya base, but he has been in the navy for so long!

What's more, this time Qin Yuan was dead on that small military base. If it weren't for his luck and recovered the water bear, maybe he would really die in that volcanic eruption!

But now that he has returned here, he is going home!

Qin Yuan has made up his mind and will go back to see grandma in a while!

"Oh, no one came to pick me up!"

At this time, Qin Yuan looked at the bustling crowd of people outside and said with some dissatisfaction.

However, Qin Yuan thought about it carefully. It seemed that he was not called back as a hero this time, but because he had caused trouble outside and was urgently called back by his superiors. It is estimated that there may be no one to greet him. Yourself!

Since no one came to greet him, there was no way. Qin Yuan wanted to call a taxi and planned to leave here first.

At that time, even though they had just left the house, they saw a group of people outside. The excited eyes suddenly lit up, because it was no one else standing outside, but they were from the Wolf Squadron and the Red Blood Cell Squad!

"I'm going, why are you all here, shouldn't you be peacekeeping?"

Now Qin Yuan's eyes widened, he couldn't believe it at all!

"Haha, boss, we are back, and now the international situation has undergone some changes, so we people have been transferred back!"

At this time Leng Feng said with a smile on his face, but before he finished speaking, Li Erniu hugged Qin Yuan with a bang, and cried and said:

"Wow! Brother Yuan, I haven't seen you for a long time, but I want to die!"

"My brain, Brother Niu, can I pay attention to the image?"

"That's right, Brother Niu, give me a place!"

At this time, He Chenguang and Wang Yanbing said with a smile, and seeing these two people, Qin Yuan's eyes were a little sour, and he waved directly at the two, and then the two people also rushed directly at Qin Yuan!

"Hahaha, I haven't seen you for such a long time, I have a lot of strength!"

At this time, Qin Yuan looked at his comrades in arms and hugged each other.

"Walk around, today I have a treat, not drunk or return!"

At this time, Qin Yuan greeted, and then a group of men suddenly cheered!

And those people around? Looking at Qin Yuan and this group of people crying and laughing? Suddenly, there was a sudden strange look.

What happened to these people?

But when they saw the epaulettes on Qin Yuan's body, they understood it instantly? I'm afraid it was the soldier who had just finished the mission, here to replace their comrade-in-arms? So their eyes also became gentle!

After all, although Qin Yuan has done these things recently, which ones have shocked the world, if you want to know these news? will still cause a lot of people to shock.

So they know it too? The soldiers of the Yan Kingdom now? Really did a lot of things? He smashed their faces for the Yan Kingdom!

And seeing the eyes of these people, Qin Yuan and a few people looked at each other and smiled? They left together!

On that day, Qin Yuan drank with these comrades from noon to night, and this time, even Qin Yuan himself didn't use the ability to break down alcohol and was directly drunk!

It's a pity, this kind of ability can't be stopped by Qin Yuan's words to stop, so it was just a moment of confusion, Qin Yuan came to his senses, and looked at these all-around comrades, Qin Yuan also smiled happily!

After instructing the hotel staff to entertain them, Qin Yuan walked out the door. After all, he knew that this group of animals didn't matter anyway. He hadn't seen the really important people yet!

Qin Yuan knew from these animals that Long Xiaoyun and Mu Qingmei had both returned from Ivia!

Thinking of these two women, Qin Yuan's heart was also hot, and he just accelerated his pace, intending to see these two people soon.

After all, if this were to be counted, they hadn't seen each other for a long time. As the saying goes, not seeing each other in a day is like three autumns, he is also a little panicked!

Qin Yuan also quickened his pace when he thought of this, and drove the car directly, in the direction of the military area compound!

But at this moment, Qin Yuan suddenly saw that there was a small flower shop next to him, and his heart suddenly moved. He went to see his lover, so it would be better to bring a flower!

So Qin Yuan stopped the car directly and walked into this flower shop!

The decoration of this flower shop is very new. Obviously it hasn't been long since it opened, but Qin Yuan didn't care about it. After all, the surrounding flowers are blooming very well!

"Sir, how many do you want to buy?"

This young lady who sells flowers is very beautiful, and she also carries a little loli, who seems to be the younger sister's younger sister.

Qin Yuan thought about it at this time, Mu Qing eyebrows, Long Xiaoyun, although I don't know if An Ran has come back, I still have to bring them, this is also one, that is three!

"I want three bunches of 99 roses, please help me wrap them up!"

But when I heard what Qin Yuan said at this time, this young lady who sold flowers was stunned. This person wanted 99 roses, why would he want three more?

But since it is a business, there is no need to talk more, this young lady quickly wrapped three bunches of flowers and handed them to Qin Yuan.

"Brother, who do you want so many flowers for?"

At this time, the little loli made a milky cry, and Qin Yuan smiled slightly and said to the little loli:

"Of course it is for the one I love!"

"Then can you give it to my sister? My sister is also lovely!"

Hearing this, the young lady who sold flowers flushed suddenly and said to her sister:

"What are you talking nonsense, hurry up and do your homework!"

"Oh....."

The little loli agreed, and then she got into the house with a bitter face!

Qin Yuan just wanted to pay, and smiled at this young lady.

This young lady looks good, but her chest is a bit smaller.

But at this moment, Qin Yuan's cosmic danger perception ability was instantly activated!

suddenly heard a gunshot from the distant building!

And Qin Yuan looked back, and found that a bullet hit directly here!

Qin Yuan's glasses have a sharp light, 21 times the nerve reaction speed, this kind of bullet is not lethal to Qin Yuan at all!

But when Qin Yuan just wanted to escape, he was surprised to find that this bullet was actually directed at this flower girl!

Qin Yuan was a dodge, and immediately threw the flower girl aside, dodges the bullet, then turned around and threw a handful of dragon-pecking cones directly. The meteor pendant skill was activated, and instantly he was the one on the top of the building. Sniper kills!

"Ding Dong, kill the young master of Fusang Club for a long time to Tengbai, unlock a grid!"

There was a sound in my mind at this time.

"The young master of Fusang Club?"

Qin Yuan's heart rushed, but he didn't expect this Fusang Society to send someone again!

But now is not the time to think about this, Qin Yuan said to the flower girl:

"Are you OK?"

"I'm fine!"

But at this moment, Qin Yuan saw that the back wall of the flower shop was suddenly broken by someone, and then a figure directly caught the little Lolita just now!

"Sister! Help me!"

This little loli was so scared that she screamed!

"Qin Qin!"

The flower girl suddenly yelled anxiously, and Qin Yuan frowned suddenly.

"Qin Yuan, immediately put down all the weapons on your body! Otherwise, we will kill this little girl!"

At this time, a man squatted on the ground, hiding behind the little loli, pointed a gun at the head of the little loli, and said loudly to Qin Yuan!

And Qin Yuan looked at this person, and immediately understood that this guy should be the so-called Young Master of Fusang Club!

"Let me put down the weapon, OK, I put it down, don't do it."

Qin Yuan directly untied all the daggers on his body and slowly put it down.

And seeing Qin Yuan really put down his weapon, the man was also relieved, and then suddenly threw the little loli out, raised his pistol, and shot Qin Yuan!

But Qin Yuan had already prepared. He grabbed a business card with his left hand and activated the cosmic poker skills. This business card instantly penetrated the man's throat!

The man didn't even snorted, he was penetrated through his neck by the business card and fell to the ground instantly.

Qin Yuan didn't relax when he saw the man dead, because there was no reminder to complete the task in his mind!

The young master of Fuso Club! Not the man in front of me!

Qin Yuan felt bad in an instant, all cosmic-level exploration capabilities were turned on, but it was discovered that the flower girl behind him actually took out a pistol and fired at him.

Not only that, the little Lolita who was thrown into the air suddenly turned a somersault, took a dagger from her arms, and slammed it towards Qin Yuan!

And Qin Yuan reacted instantly and kicked the two directly in a roundabout!

At this time, Qin Yuan directly threw the exploration technique on the two people, and instantly got the information of the two people.

"Ding Dong, name, Sakai, skills: advanced disguise, intermediate assassination, shortcoming dwarfism!"

"Ding Dong, name, long time to Fuji hundred, skills: advanced disguise, advanced assassination, shortcomings and transvestites!"

Seeing the information of these two people at this time, Qin Yuan almost vomited it out. After a long time, both of them are male?

And one is dwarfism, the other is transvestism!

Both are sick!

Wait, it's been a long time to Fujimikaze, this guy is the young master of Fuso Club,

At this moment, Qin Yuan reacted instantly, and the eyes of these two men were extremely sinister.

After a long time, Tengbai saw that Qin Yuan had discovered it at this time, and he was too lazy to continue hiding, and said to Qin Yuan in a cold voice:

"How did you find us?"

"Hehe, how did you find you?"

Can Qin Yuan say that he really let them lie? If it wasn't for the system's prompt, he might really be attacked by these two people!

It's a pity that even if their attack hits Qin Yuan, it won't cause any harm to Qin Yuan. The cosmic defense Qin Yuan obtained from the tortoise is not something that their small dagger and small pistol can break!

"With this kind of question, go to ***** and ask Hades!"

Qin Yuan shot out his feet directly like lightning, hitting the two people's necks, and there were two crackles, and the two people's necks were instantly kicked off by Qin Yuan!

At this time, the system also heard a beep.

"Ding Dong, successfully killed the young master of Fusang Club for a long time to Tengbai, unlock a grid!"

Qin Yuan looked at these people and felt extremely disgusting in his heart. He didn't expect that these people could even use this method. How could there be any kind of people in Fusang Club?

Qin Yuan thought for a while, but he called directly and asked the people in the military area to deal with the corpses.

But very quickly, but some policemen came here first, looked at the mess on the ground, and directly pointed the pistol in their hands at Qin Yuan!

This can't help but they misunderstand, the flower shop, the child, the woman, the only guy who looks like a thug is the tall and tall Qin Yuan!

But Qin Yuan directly took out his military ID, waved his hand at these policemen, and showed his identity directly said to these policemen:

"You constrict the body, these people are killers from the island country!"

what?

Hearing this, these people were shocked. After carefully checking Qin Yuan's military ID, they knew that what Qin Yuan should have said was true. This was the only way to relax and begin to deal with the corpses at the scene.

They found pistols and poisonous needles on the corpse, and this is what Qin Yuan believed.

Qin Yuan stood aside at this time, wanting to see if there are any missing fish around. But I heard these policemen whispered:

"It's a shame that such a beautiful woman is a killer!"

But when he heard this, Qin Yuan directly threw a sentence: "They are all men, and the little girl is still an adult."

what?

At this time, the policeman was completely stunned, and at an autopsy policeman, he carefully checked the physical signs on the corpse, and then said with an incredulous expression:

"These two people are indeed men!"

At this time, a policeman was drinking water, and he spewed out in an instant. The fantasy in his heart plummeted. The look in Qin Yuan's eyes was extremely strange.

But now Qin Yuan is not in the mood to joking with these people. This time when something like this happened, I don't know how many people Fusang Club has infiltrated, and whether other people will be in danger!

Chapter 706: Hold a meeting

So Qin Yuan directly pressed his officer ID into the policeman's hand, and then drove his car directly toward the military area!

After arriving at the military area, Qin Yuan went directly to the General Staff and found Fan Tianlei directly!

At this moment, Fan Tianlei saw Qin Yuan, his eyes lit up, and he walked over and said to Qin Yuan:

"Why are you here? Didn't I listen to the boy, are you drinking together? I'm still going to give them a long vacation!"

When Qin Yuan heard this, he rolled his eyes helplessly and said to Fan Tianlei:

"Look at what time is it now? It must be finished!"

"Damn, you guys, you move so fast, I still expect to be able to rub it, but after drinking, why don't you go back to rest and run here? I tell you, your confidante , But not in my staff! Why, this is another little girl from our staff that I am interested in. I tell you, you can't be so bothered!"

At this time, Fan Tianlei said to Qin Yuan playfully, but Qin Yuan only stared at Fan Tianlei without saying a word.

Seeing Qin Yuan's expression, Fan Tianlei's expression slowly became serious, and said to Qin Yuan:

"What's wrong? What's wrong with this?"

Qin Yuan took a deep breath and said silently:

"What else happened? Do you know that the people from Fusang Club have come in again? I don't know how you did it or can it be done? Believe it or not, I'll just ask Elder Gao to sue you. !"

"what?"

Hearing this, Fan Tianlei's eyes widened in an instant, his expression immediately became serious, he grabbed Qin Yuan and asked him:

"What exactly is going on?"

Then Qin Yuan told this Fan Tianlei what he had just experienced. The more Fan Tianlei listened, the more serious his expression became.

However, after saying this, Qin Yuan'er asked Fan Tianlei with some dissatisfaction:

"What the **** is going on with you? According to common sense, this news should come to you soon, but I have already come directly to you, and you have no idea about this!"

Qin Yuan knew that although Fan Tianlei's identity was only a chief of staff, he still had a lot of special teams to protect the country's security.

Like the infiltration of this Fuso Company, even if he didn't catch it, it was impossible for him not to receive any news at all.

What's more, things have broken out now, but Fan Tianlei hasn't noticed it at all. In this way, from defense to information transmission, there are major problems, which is already a serious negligence!

Fan Tianlei's face also turned green, and he said directly to Qin Yuan:

"I have handed over these now, and I have put my focus on the international aspects of Ouzhou, so I am not clear about these things, but they are too little boys to do too much, and they did not realize this at all. thing!"

After saying this, Fan Tianlei directly picked up the phone on one side, dialed a number, and said solemnly to it:

"Hurry up and see me!"

When Qin Yuan heard this, he also nodded. If Fan Tianlei is not responsible for this matter, then he will reprimand Fan Tianlei himself, that is something wrong.

However, after a while, Fan Tianlei received another call. After hearing the above command, he turned to Qin Yuan and said:

"Let's go, come to the headquarters with me for a meeting, this incident has already shocked Mr. Gao, let's see him!"

Qin Yuan also nodded, and followed Fan Tianlei to the headquarters!

After they arrived, there were already a lot of people in this conference room. Gao Shiwei looked up at Qin Yuan, smiled at Qin Yuan, and then motioned to them to sit down and wait until the meeting started. Let's talk about it later!

Soon the meeting room was full of people, and their topics were naturally the things Qin Yuan encountered just now!

At this time, a middle-aged man walked up with various materials. His face was very ugly. It was obvious that this guy was the new manager in this area, that is, Fan Tianlei's successor.

But now that something like this is happening, he probably has an inescapable responsibility!

However, before he was held accountable, he had to take care of the things in front of him, so the middle-aged man turned on the projector directly and started showing the materials.

"The two deceased, one is called Sakaito, and the other is called Kudori Tomokure. Both of them are senior killers of Fuso Club. It is said that this one is called Longto Tokyuko, and it is the son of Fuso's Longtoyoshi. , This is the young master of Fusang Club!"

It's just that this middle-aged man has shown some materials, and it is the photos of these two people.

It's just that the following group of people, after seeing these materials, have some unknown reasons, and Fan Tianlei asked directly:

"What? Son? Young Master? Are you wrong, since you think they are two women?"

At this time, Qin Yuan shook his head and smiled:

"You don't see it anymore, these two people are men, but I have seen this with my own eyes!"

When he heard this, Fan Tianlei took a breath. To be honest, if you just look at the picture, the two men look good, and they can even attract the attention of some men.

But now Qin Yuan tells them that these two people turned out to be men!

This is too scary!

Gao Shiwei's face also twitched twice at this time. As an old man, it is really difficult for him to accept such a thing.

As for the person in charge, the smile on his face is more ugly than crying. To be honest, if these two people are not in this image, how can he find out. After all, how can normal people think that such a person is a spy?

In the end Qin Yuan also stood up directly, and said directly to everyone:

"Now that everyone understands the basics, then I will talk about what happened to me!"

After that, Qin Yuan told him about the matter of killing Gao Yi Xiong Yi on the island.

Obviously, Qin Yuan knew that he had killed one of the hands of the Fusang Club and it was very natural for the people from the Fusang Club to retaliate against him!

And what Qin Yuan is afraid of now is another thing, that is, how many people from Fusang Club have infiltrated this time and will it threaten others!

After hearing Qin Yuan's report, Gao Shiwei looked a little ugly, and then directly said to this Fan Tianlei:

"Tian Lei, if this is the case, you should temporarily focus your work on this aspect, first handle our domestic affairs, and then take care of foreign affairs!"

And when Fan Tianlei heard this, he nodded with a serious face, and when he heard this, the person in charge just now looked bitter. He knew that with such a big mistake, he must be removed this time. Up!

And then Gao Shiwei also turned his head and said to Qin Yuan:

"Qin Yuan, I know what you are worried about, but don't worry, since we already know, we will definitely not harm your relatives and friends again!"

Qin Yuan also nodded, and he was relieved about this. After all, it was nothing more than no defense. If he was prepared and could not resist these people, then he would look down on them a little!

What's more, Fusang Club has no such great ability at all!

But when it comes to this, Qin Yuan'er put forward a suggestion and asked Gao Shiwei:

"But if that's the case, what action should we take. Counterattack the people from Fusang Club?"

Qin Yuan was also gnashing his teeth at this time. In fact, it is true that if he had not possessed the ability to sense crisis this time, he would have been replaced by someone else, he might have been stuck!

But after hearing Qin Yuan's words, Gao Shiwei's face sank, and he said directly to Qin Yuan:

"At present, we still have no way to act?"

"Huh? Why?"

Qin Yuan was a little puzzled. Although he knew that the normal Yan Nation was relatively peaceful in terms of diplomacy, he never made concessions in such matters. Why did he say there was no way to act now?

You know, this time the opponent is targeting Qin Yuan. If Qin Yuan is sent there, it is estimated that Qin Yuan can teach these guys a lot of lessons!

But Qin Yuan thought for a while, and said to Gao Shiwei with a strange expression:

"Isn't it because of the misfortunes I caused before?"

Hearing such words, Gao Shiwei and Fan Tianlei were taken aback for a moment, and then suddenly burst into laughter. After a while, Gao Shiwei stopped his smile and said to Qin Yuan:

"You, you, you also know that you caused trouble, but that's okay. The troubles you caused are still within our expectations. What's more, this kind of ruckus by various international organizations is nothing at all. !"

Hearing this, the big rock in Qin Yuan's heart was considered to have fallen.

I just said, it is impossible to swallow this breath because of this!

After all, Qin Yuan knew that these so-called directors had no status at all in front of a real power.

However, Qin Yuan asked Gao Shiwei in a puzzled manner:

"Why is that?"

Since it was not because of Qin Yuan, why would Gao Shiwei still exercise restraint on this matter?

And Gao Shiwei smiled mysteriously, and said directly to Qin Yuan:

"Hehe, the reason why we don't do it is because we want to make a big one!"

In the end, Fan Tianlei explained it on the side. It turned out that Fusang Club had recently put their focus on Ouzhou. This time, they cooperated with a notorious organization, a military group, and conspired with a major event!

You know, the Fusang Club had a great appetite before, and they didn't just want to extend their tentacles to Yan Country, but also in Ouzhou and Philippine, where there are Fusang Clubs.

But because of Qin Yuan's reasons, there were all sorts of mistakes, all the forces in these places were beaten back by Qin Yuan!

And now they have one basic card for Ouzhou, so they also want to get a big vote in Ouzhou!

"We have received news that they seem to have found a biological expert in Ouzhou, who has specially researched a new type of biological weapon. It is said to be a highly infectious virus weapon, although it is not known how powerful this weapon is. How, but they value it so much, it is obviously powerful."

"It's just that we haven't collected information on this weapon, so we can't release you. If you are released, it is estimated that they will really be transferred."

Fan Tianlei looked at Qin Yuan speechlessly at this time. To tell the truth, Qin Yuan was like a husky. No matter where he went, he would make people's place upside down.

If the two sides change positions, if they are not sure where Qin Yuan is, they really dare not act!

And this time Qin Yuan was speechless, he did not expect that he would have such a great deterrent! It has already cast a shadow over the people of Fusang Club. If you don't know where you are, you will not dare to act at all!

Qin Yuan also sneered, shook his head, and said:

"These guys are idiots, do you really think that we are the only one in Yan Country?"

Although Qin Yuan knew that his strength was good, he had already come into contact with the upper ranks of Yan Nation, so he was very clear that if he didn't have himself, this matter would not be difficult to deal with!

You know, people like Tang and Zhou exist, and the combination of a few elite soldiers, the combat effectiveness that can be displayed, may be stronger than Qin Yuan!

"We don't know what they think, but the news we received said that, Qin Yuan, your current position is already very powerful is one of our hands. Trump, they must take into account your existence!"

At this time, Gao Shiwei directly said to Qin Yuan, and when he heard such words, Qin Yuan also shrugged his shoulders. After all, he is not an enemy, who knows what will happen!

"Okay, then we will suppress this matter first, and wait until the order is given to you, and then send you there. In the recent period, you should take a short rest. After all, you have been wandering outside for a long time , Let you take a break!"

Gao Shiwei said to Qin Yuan with a smile on his face, and when he heard this, Qin Yuan's eyes suddenly brightened. Although he has not been overworked for a while, the holiday is naturally good, and he is also You can take this opportunity to take a good rest!

Besides, he now has a dozen plaids in his hand, and he must find a way to spend all of these plaids!

"If this is the case, I'll take goodbye first, bye bye, please let me know if you have any questions!"

After saying this, Qin Yuan immediately happily turned out of this conference room, and within a few breaths, there was no figure!

Chapter 707: Supercar

At this time, seeing Qin Yuan Sayazi running away, Gao Shiwei also shook his head, and then said to Fan Tianlei:

"Look at this kid, he's really like a leather monkey, does he look like a leader!"

"Oh, young man, and this is not what you are used to. To be honest, this kid really hasn't suffered anything. No matter what he looks like, does he need to be tested again?"

Fan Tianlei also answered with a smile, and when he heard this, Gao Shiwei said naturally:

"Of course, or else, how dare you let him sit on the podium with such a skin monkey? Just don't let him go out for a while. After all, this kid has such a big heart. If you let him know Knowing the truth of the matter, maybe what will happen!"

After Fan Tianlei heard this, his face also sank, and he directly asked Gao Shiwei:

"Is the situation so serious now?"

"It's more serious than you think. In general, we still have to prepare for the worst."

At this time, Gao Shiwei's eyes also flashed a light, and Fan Tianlei followed with a long sigh.

However, what Fan Tianlei and Gao Shiwei said, now it has nothing to do with Qin Yuan, and they are on vacation now, so naturally they are going to take a vacation!

Although some bad things happened along the way, the flowers Qin Yuan bought were still there, so he drove the car directly to the military district compound, wanting to send the flowers to their masters!

But who should I give it to first?

Qin Yuan was also a bit tangled at this time. There were so many confidantes, that is, there is such a disadvantage...

But Qin Yuan thought about it for a while and made a direct call to Mu Qingmei.

Although Mu Qingmei was not the first girl he knew, Qin Yuan knew that Mu Qingmei's mentality was relatively fragile, so let's reassure her temporarily. If it is someone else, he should be able to understand himself.

Soon the phone was connected, and then Mu Qingmei's clear voice came from inside:

"Hey?"

Hearing this soft voice, Qin Yuan couldn't help showing a smile on his face, and then asked Mu Qingmei:

"I want to find you now, where are you?"

"I'm in Nanshi now, and my grandfather is sick, so my father took me back to my hometown to take a look at grandpa. You still don't want to come over."

Hearing this, Qin Yuan was also taken aback, and quickly said to this Mu Qingmei:

"What's wrong, does your grandpa's body matter? Do you need me to come over and take a look?"

"It's okay, my grandfather's doctor said, he just got some old people's diseases. After all, his age is already old and his body will always have some problems, so we will rest here for a while, and plan to play in our hometown. You Do not worry about me!"

Hearing this, Qin Yuan also nodded. Since there is no major problem, he doesn't need to worry.

After that, Qin Yuan called Long Xiaoyun and An Ran, but what made Qin Yuan a little stunned was that these three girls had no time, and they were all far away from Dongshi!

In such a situation, even if Qin Yuan's emotional intelligence is not high, he has already guessed that there is a problem. After all, these three people have just returned from the outside, and they have left without seeing their own face?

This is obviously very unreasonable!

At this time, on the other side, Mu Qingmei, Long Xiaoyun and An Ran, the three women gathered together and touched the cup directly:

"Cheers, let that guy go dumbfounded?"

"Sister Xiaoyun, isn't it a bit bad for us to lie to others?"

"Hmph, don't care about him, I didn't even think about calling us before I came, just thinking about drinking with their group of comrades in arms!"

"This time we have to dry him well!"

"Sisters, don't get drunk or return!"

...

At this time, Qin Yuan also felt that something was wrong with the more he thought about it. After carefully recalling the situation just now, Qin Yuan finally realized something was wrong, because in the Mu Qingmei phone just now, Not only the voice of Mu Qingmei, but also the voice of other diners!

This also means that Mu Qingmei is in a good restaurant, but if Mu Qingmei's grandfather is really sick, then why would they be in the mood for a big meal here?

At this time, Qin Yuan finally understood, it was obvious that these three guys were playing tricks on themselves!

"These little girls!"

Qin Yuan smiled happily, he suddenly had an idea, that is to go to these three people to settle accounts!

Just do it if you think of it. Nanshi is almost 200 kilometers away from here, even if you drive there, it doesn't take long.

"Buzz!"

At this time, a sports car suddenly ran over in front of Qin Yuan with a harsh roar!

"Fuck! Is it so arrogant?"

Qin Yuan yelled at the sports car that was going away. He used to be very jealous of the people who drove the sports car. He felt that these people were rich.

But this time Qin Yuan remembered, can he also make a super sports car?

And at this moment, Qin Yuan suddenly heard a voice from the system:

"Ding Dong, get the title of driving master, you can exchange it for a super sports car!"

what?

Hearing this, Qin Yuan was immediately surprised!

He hadn't thought that the system had so many abilities!

And Qin Yuan quickly glanced at his own skills and found that he only needs to obtain one driving ability to be able to obtain the title of driving master!

You know, Qin Yuan has acquired many driving skills before, including jeep, speedboat, motorcycle and even fighter!

So Qin Yuan is really only one step away from the title of this driving master!

And taking a look around, Qin Yuan was a little helpless to find that the driving vehicle nearby he could be used for recycling was probably the only shared bicycle!

There was no way, Qin Yuan had to recycle this shared bicycle directly!

"1, get world-class bike driving!"

"2, get world-class bicycle manufacturing!"

"3. Obtain world-class advanced steelmaking technology!"

Seeing these three options at this time, Qin Yuan was speechless for a while, and without any hesitation afterwards, he directly chose the first item!

"Ding Dong, congratulations to the host for his successful selection and win the title of Driving Master. You can use five squares to exchange for super overtaking!"

"Five grids?"

Hearing this explanation, Qin Yuan's eyes suddenly widened. He didn't expect this super sports car to be so expensive!

However, Qin Yuan gritted his teeth in the end and determined it directly. Anyway, he still has a lot of grids, which should be enough!

"System, I redeem a supercar!"

"Ding Dong, the exchange is successful!"

Hearing this sound, Qin Yuan immediately became excited, and quickly found a place where no one was there to hide, secretly looking at his sports car!

Qin Yuan took a close look at the grid of the system and found a black sports car lying quietly inside!

Qin Yuan directly asked the system: "System, introduce the performance of this super sports car!"

"Ding Dong, amphibious tank!"

"The top speed is as high as 1,000 kilometers per hour, which requires cosmic car driving skills!"

"The color-changing camouflage function, the sports car will automatically deform, change color, and change form. It needs cosmic camouflage ability!"

"The defensive function, the defensive ability of a sports car, can resist a force of 100,000 kilograms, and requires a cosmic-level defense capability!"

...

At this time, looking at each of these abilities, Qin Yuan's eyes couldn't stop shining!

This is too strong, a thousand kilometers per hour, which is faster than an airplane!

Amphibious, Qin Yuan can even drive this car on the water!

And this most powerful disguise ability is even more frightening. Qin Yuan can even hide the car directly!

And the car will automatically deform. Isn't it the Transformers that meows him?

A super high-speed sports car that will be invisible!

Qin Yuan could even imagine how desperate the enemy would be when he drove the sports car to catch up when the enemy was running away!

But at this moment, Qin Yuan did suddenly remember the broken car just now, he smiled, and acted in front of me. Let me see if you can do it.

Qin Yuan took out the sports car directly, then activated the deformation function, and directly transformed the sports car into a small loaf!

Then he drove out and headed in the direction of the previous sports car!

Soon, Qin Yuan found the owner of the sports car just now, because the sports car was leaning on his car and chatting with a pretty-looking woman.

Qin Yuan directly parked his bun in front of the sports car at this time, and then said provocatively to the rich second generation:

"Brother! Are you interested in comparing with me?"

This rich second generation looked at Qin Yuan with contempt:

"How do you compare a broken bread with a sports car worth tens of millions of dollars? Do you think you are qualified?"

And the girl standing next to the rich second generation saw Qin Yuan's face, her eyes lit up, but she slowly shook her head when she saw Qin Yuan actually drove a broken bread.

"Why? Don't you dare? If you don't dare, just leave your broken car at home, don't drive it out, shamelessly, is your sports car no better than my bread?"

Qin Yuan shook his head and sneered at the rich second generation, and the angry rich second generation immediately threw away the cigarette in his hand and said viciously to Qin Yuan:

"My mother! Let's try it out. If anyone loses, he will just strip off and go out for 200 meters!"

"Okay!"

After hearing this, Qin Yuan agreed with a smile.

"That line, we will start from here and run to the top of Swan Mountain. Do you know Swan Mountain? There is a winding road there! It is a professional track! Whoever gets there first will win!"

Qin Yuan knew what Swan Mountain was there, but he nodded, got in the car, and then made a gesture to the rich second generation and started the car directly.

"This is your own death!"

The rich second generation cursed directly at this time, and then suddenly started the car and drove out!

"Om!"

The sports car made a roar and ran out directly, and Qin Yuan also followed closely behind with a small bread.

The rich second generation looked through the rearview mirror in front and found the little bread behind him, with a hint of surprise on his face:

"Mother, I really am not a mediocre! That little bread is definitely modified!"

"Don't think the modified buns are awesome, I will show you how good I am!"

The rich second generation stepped on the accelerator again at this time. The sports car was like a crazy lion, and it made an astonishing roar. It seemed that the **** was hit by a kick, and the speed was a little faster. .

But what surprised this rich second generation was that even though he had accelerated, the little bread still followed him closely.

Like a ghost, constantly looming in his rearview mirror!

"Fuck, I can't get rid of this? I still don't believe it!"

At this time, the rich second generation is also a little surprised. If this small bread is really changed into this virtue, I am afraid it will also cost a lot of money.

But now is not the time to admire, the rich second generation gritted his teeth and tensed, bent on throwing Qin Yuan's buns away, speeding up again.

But at this time, they had already driven to the suburbs, and there were a lot fewer vehicles around. Seeing this situation, Fu Erdai was extremely excited.

With fewer cars, it will naturally be able to give full play to the performance of this sports car. This rich second generation is extremely excited, driving a sports car is rampant and does not follow the traffic rules at all.

Finally, the rich second generation found that he seemed to have thrown away the small bread behind him, because the small bread had disappeared in his rearview mirror.

"Haha, finally got rid of this idiot, I made you unable to eat your exhaust!"

The rich second generation screamed in surprise, but the woman sitting in the co-pilot said:

"Brother, I just saw that he seems to be waiting for the red light..."

WTF?

Hearing this, Fu Erdai frowned instantly.

Is this guy crazy? In the game, he was waiting for the red light?

"Mother, I actually give such a person more real!"

"Then I will go straight to the top of Swan Mountain and wait for him. I am still waiting for him to run naked. If I dare to play with Lao Tzu, Lao Tzu will kill him directly!"

The rich second generation scolded and looked at the surrounding cars, heading towards Swan Mountain frantically!

Qin Yuan looked at the rampant sports car. He didn't expect this rich second-generation to be so crazy that he even ignored the traffic rules.

Seeing this, I want to take this opportunity to throw myself away!

Qin Yuan sneered and directly adjusted the speed limit of the sports car to 500 kilometers per hour.

The reason why I followed the Fu Erdai slowly just now was because Qin Yuan was still not used to this sports car, so he limited the speed to 200 kilometers per hour.

No matter how good your performance is in the city, it is difficult to fully display it, so Qin Yuan took this opportunity to practice.

Now that you have reached the suburbs, you can let go of your hands and feet a little bit!

And as Qin Yuan finished changing the settings of the super sports car, the little bread under his feet also resonated, just like a tiger roaring threateningly again!

Chapter 708: Heroes save beauty?

Buzzing~~

Qin Yuan stepped on the accelerator, and the bun finally began to reveal the nature of a ferocious beast!

At this time, two students are on the side of the road, holding a speedometer, and want to complete the speed measurement of passing vehicles!

But as soon as they set up the tester, they heard a roar from a distance. The two said excitedly: "Quick, quick! Test it! This is a sports car!"

"Om!"

The sports car passed directly in front of the speedometer, and then the test made a beeping sound, which showed 215 kilometers per hour.

"Fuck, this rich man's sports car is different! The performance is so good!"

This was a sentence from a man with glasses, but another student said: "Hey! No matter how good it is! Let's call the police if he is speeding!"

That's right, this is their purpose!

It was not the first time they did this kind of speed measurement, and it was not the first time they encountered such a speeding sports car, so they picked up their mobile phone and wanted to call the traffic police comrades.

But as soon as their mobile phones were taken out, they heard another roar, and before they had time to make any response, they felt an afterimage flashed before them!

In the end, I heard an extremely harsh roar, and the speed measuring machine nearby made a sound of dripping, which showed a number:

312 kilometers per hour!

"Fuck me!"

At this time, the two students were unable to hold their phones due to the hurricane brought by the vehicle, and fell directly to the ground.

But neither of them cared, but said with excitement

"The speed of 300 kilometers, it's the **** fast to exceed the speed of sound! Except on a professional track, how can you usually encounter a sports car of this level on the road?"

"Didn't you just see the brand of that car?"

"Huh? This..."

Both of them looked down at their phones just now, and didn't care at all! I saw a white shadow passing!

But at this time, they were the only ones who realized that the shape of the sports car just now seemed to be different from the normal sports car.

"Isn't it a new sports car? We have seen ordinary sports cars!"

"Guess what you are doing here? Walk around and search for the video!"

The two ran directly in front of the tester to check the image on the tester, but when they slowed down dozens of times, they saw the white van on the speedometer.

This time, I was completely confused!

What the **** is this bun? Can you run so fast?

The two students lost their hands on their phones, and once again fell to the ground and hit their toes!

The student quickly picked up the phone and said with a look of horror:

"Fuck, this is really going to be called to the police. The man who drives this car is definitely a desperate lunatic!"

At this time, the rich second-generation who stepped on the accelerator frantically in front had already gone straight up the mountain, and the roar of sports cars kept ringing on the road of Swan Mountain.

At this time, the woman next to Fu Erdai said:

"I don't know where that kid just now. Didn't you think he knew he was going to lose, so he turned around and turned to another place?"

Hearing what the woman next to him said, the second generation of the rich didn't care, "I just like this kind of pressure. I just saw it. I've increased the speed to more than 240. Fuck, it's really awesome, I Is it possible to go professional racing, hahahahaha!"

"Of course, Brother Kai, you are so skilled, how can that little bread driver compare to you!"

Hearing this woman's sensible words, the rich second generation felt very comfortable in his heart. He had reached the end with 2 kilometers away, but the little bread was still invisible behind him.

"It seems that this kid is indeed running away. For the sake of giving this young master a little pleasure, I won't hold him accountable!"

But as soon as the rich second generation said these words, he heard a terrifying roar!

This roar is not like a sports car, but like a fighter jet or the sound of a plane taking off!

His scalp was numb!

"What is it?"

The rich second generation quickly glanced in the rearview mirror, but saw a vague shadow, looming, it was the small bread!

"Fuck him, he actually caught up!"

The rich second generation quickly increased the throttle. He reached the end with only a few hundred meters, but he could not be overtaken at this time.

Seeing the finish line getting closer and closer to him, a smug smile appeared on the rich second generation's face. No matter how fast your car runs, I lose so much on the road and want to win?

However, the rich second generation only felt a shock from his body at this time!

This feeling is like an elephant walking by a little ant!

And the rich second generation feels like that little ant!

The rich second generation was horrified to find that the small bread actually appeared in front of him!

Even more frightening is that after the van passed by, the rich second generation heard a roar like tearing air.

The rich second generation is also a sensible person, this is the sonic boom that the bun has exceeded the speed of sound!

Usually it only appears on airplanes, but now it appears on a small bread!

Seeing this situation, the eyes of the rich second generation flashed a little strangely!

He doesn't know what transformation this car has undergone, and it can be changed to this point!

But he knew that as long as he got this small bread in his hand, he would be fully developed.

If you take a good car and go out to pretend to be forced, how can it compare to using this kind of bread?

As long as you run to any match, press a heavy bet on yourself, you can take off instantly!

The rich second generation has already thought of all the ideas in his mind, and now this sports car is missing!

Creak!

The sports car made a harsh brake sound directly, and a cloud of green smoke appeared on the ground.

The deceleration almost wiped out the wheels of the car.

At this time, Qin Yuan in front saw that the second generation of the rich had already parked. It was also a beautiful flick and stopped the car.

Then Qin Yuan slowly stepped back and said to the rich second generation:

"Boy, have you taken it?"

"I take your mlgb, let me go, give me your car, or I will kill you directly!"

The rich second generation is not afraid of Qin Yuan at all, because this city is his territory!

He participated in the racing circles throughout the city, and he had never seen Qin Yuan before!

How can a foreigner turn the sky upside down?

He didn't want to do anything to Qin Yuan. He just wanted to detain Qin Yuan's car for a period of time. Even if Qin Yuan asked for it back, as long as he could understand the structure of the car, he would follow along. Just change one!

But the most urgent thing is to get this car first!

When Qin Yuan heard this, he immediately laughed. Originally, he thought that if the rich second generation was willing to fulfill the agreement, he would let the other party go. Although drag racing is a bad thing, it is not considered wicked.

It's just that now that the other party seems to have taken a fancy to his own sports car, it is no wonder Qin Yuan.

A few minutes later, when a large number of traffic police arrived here, only two people were seen hanging from a tree like caterpillars.

And in front of these two people, there is a tattered sports car, which is blowing smoke.

There is also a small wooden board on it with a few big characters:

"Uncle traffic police has worked hard, I helped you catch this speeding guy!"

Then left a series of numbers.

At this time, a young traffic policeman slapped his thigh fiercely, and said angrily: "Is this guy too arrogant? It doesn't matter if he runs fast, he dare to taunt us?"

And an older traffic policeman, looking at this string of numbers, shook his head, and said to his colleagues:

"Okay, we just need to take this guy back. The man should belong to the military just now, we can't control it!"

It's just that the words of the two traffic policemen were not heard by the two students. They saw that even the traffic police couldn't catch up with the horrible van, so they immediately posted the matter on the forum.

Although there are many people who do not believe it, what these two people said about noses and eyes gradually evolved into a new urban legend...

"Cool!"

At this time, Qin Yuan is also extremely happy. He now finally has a vehicle that can display all his strengths. You know, ordinary cars, Qin Yuan dare not drive casually, for fear that he will get the car directly. It broke down, and this super sports car finally supplemented Qin Yuan's shortcomings!

It's worthy of five squares. It's awesome!

Qin Yuan simply loves this super sports car at this time. To be honest, if there had been this thing long ago, how could he not be smashed into a bear like a volcano!

However, Qin Yuan finally put away this super sports car. After all, this can only be regarded as Qin Yuan's last killer, and it cannot be used casually.

Fortunately, this super sports car can also be placed in the grid, which is easy to carry.

After that, Qin Yuan arrived in Nanshi quickly, and then Qin Yuan directly turned on all his investigative abilities, and finally found the location of Mu Qingmei!

As expected by Qin Yuan, these three women were really mixed together!

Then Qin Yuan touched it quietly, wanting to hear what these three women were doing.

"Hey, you say, is Qin Yuan particularly dumbfounded and speechless now!"

"Huh, man, it's all like this!"

"Teach him a good lesson!"

These three women really drank too much, and their words were a bit illogical, but when they heard such words, Qin Yuan felt a little bit of hatred!

These three Nizis seem to be too late to clean up!

Don't say, this must be An Ran's proposal!

Qin Yuan had already made a note for An Ran in his heart, but just when Qin Yuan wanted to go out and scare them, a group of punks walked over.

"Hey, three beauties, they have a good drink, otherwise, my brother will buy you a drink too?"

At this time, a fat-eared ***** said to the three women, but when they heard this, the three women were first taken aback, and then they laughed!

To be honest, they have never had such an experience before, and someone will come and talk to them!

"Haha, this fat man, you said it's not good for you to find someone, find us, don't say if it is my boyfriend's opponent, are you my opponent?"

At this time, Mu Qingmei said drunkly and dimly. This is a good sentence. After all, An Ran and Long Xiaoyun have undergone special training. As long as they are a shot, it is not a problem to hit this group of punks alone. .

Although Mu Qingmei is a military doctor and has not experienced this kind of professional training, she has received Qin Yuan's special massage. Whether it is physical training or jujutsu, she has practiced well. If she really fights, she can deal with these. The little **** is just as easy to catch!

But when he heard this, the little **** didn't care. Instead, he took the opportunity to touch Mu Qingmei's face directly:

"Hey, sister, it doesn't matter where your boyfriend is. If he dares to come, I'll let him kneel and call me father!"

But after this little fat man said a few words, the eyes of the three women were cold, and then Long Xiaoyun directly grabbed the fat man on the table, and An Ran kicked the fat man even more. His legs were bent, making this guy kneel down, and Mu Qingmei hated him the most, and he kicked directly between the fat man's legs!

Seeing this situation, the group of fat guys were stunned. They didn't expect that these three people turned out to be thorny roses, so they couldn't touch them easily!

"Who did you just tell me to call him father?"

At this time, Long Xiaoyun asked the fat man with a kind face. At this time, the fat man naturally knew that he had encountered a hard stubble, so he said quickly:

"I'm sorry, I'm sorry, but the three of you are called fathers!"

"We are women!"

"Ah! No, the three are grandmothers, please, forgive me this time!"

Seeing the fat man's apology was considered sincere, so they just let go of this guy, and after the fat man returned, a hideous look flashed across his face, and he directly said to one of his younger brothers:

"Grandma's, three smelly..."

But the fat man hadn't said what he said. A figure flashed in front of him, and he pinched his face, so that all the words behind him were swallowed!

At this time, the fat man looked at the man who appeared in front of him with great horror. He felt that the bones on his face were almost crushed by this man!

Moreover, he felt that his body was getting lighter and lighter, and he was actually pinched by the man and lifted it up!

And the man who appeared suddenly stuck to the fat man's ear and said in a faint voice:

"Young man, there is a good saying, sickness comes from the mouth, and misfortune comes from the mouth, when should you say what, do you understand?"

And after hearing this, this little fat man didn't know where else, this is the so-called boyfriend!

"I understand, I understand, hero, I was wrong!"

At this time the little fat man struggled and said.

Chapter 709: Lessons and dating

But when they saw Qin Yuan, the three women suddenly opened their eyes and said in disbelief:

"Qin Yuan? Why are you here?"

At this moment Qin Yuan turned his head directly, and made a gesture of silence to the three women. He had to deal with this matter first, then Qin Yuan turned his head and looked at the little fat man, facing The little fat man said:

"What's wrong, Mr. Fat, do you have anything else to say?"

And this little fat man knew that he seemed to have provoked someone who could not be provoked, so he quickly pleaded with Qin Yuan:

"Hero, hero, I was wrong, you let me go for a while, I will never dare anymore!"

"Tsk tusk tusk, do you think I believe you when you say this? You probably don't think it's the first time. I saw these girls look pretty, so I came to molest them, that is, the identities of my friends are quite special. , You are also quite skilled, so you did not succeed, but if you changed to another girl, you would have been scared to death by you. People like you should go to the classroom and make a good transformation!"

After saying this, Qin Yuan immediately squeezed hard, and the little fat man suddenly let out a scream and knelt on the ground.

At this time, he was really scared. He saw two police officers outside, and quickly called out:

"Police! Police! Someone here intentionally injured someone, come and rescue me!"

When they heard this voice, the two policemen also walked in directly from the outside, but when they saw that the person calling was actually this little fat man, they showed a hint of playful expression and said to the little fat man:

"Oh, Chen Erlong, people usually call us to find you, but today is there time for us to protect you?"

"What's the matter, you haven't seen this guy pinch my hand, my hand is about to be broken by him!"

When the little fat man saw the police coming over, he immediately called out as if he had caught some backer. Although the policeman knew that the guy in front of him was not a good person, he still said to Qin Yuan:

"Comrade, please let go of this guy, what's the matter, we can have a good exchange."

And Qin Yuan also said to the two policemen with a smile on his face:

"Okay, comrades, if you have any questions, you can just ask me."

Although he said that, Qin Yuan didn't mean to let go of the little fat man at all. Instead, his hands heavier. A cold sweat suddenly appeared on the little fat man's forehead. Want to call it out.

But before he spoke, he felt an extremely awe-inspiring expression in Qin Yuan's eyes, and he was so scared that he didn't dare to say a word!

But after seeing Qin Yuan's expression, the faces of the two policemen became more serious. Although they were both ordinary policemen, they had never seen any real masters, but they had never eaten pork and had seen pigs. After they ran away, they could clearly perceive that Qin Yuan in front of them was not an ordinary person at all!

However, Qin Yuan still smiled and said to the two policemen:

"Come on, here are my documents. Please take a look at it. I am a bit slow to speak. You can find a stool to sit down and speak slowly."

The policeman took Qin Yuan's certificate, opened it, and saw Qin Yuan's military rank, his eyes widened: "Captain!"

At this moment, even the little fat man was shocked, he didn't expect that he would provoke such a character!

So this little fat man just said something when he wowed, shouting loudly:

"Comrade Police, I'm sorry I was wrong. These things are my fault, Comrade Police, you can get me quickly!"

But after hearing this, Qin Yuan said to the little fat man with a smile on his face:

"You are not right. How can these comrades handle the case so hastily? They must analyze the cause and effect of this matter bit by bit, and investigate the evidence so that you can be arrested. Otherwise, wouldn't it? No evidence to arrest someone?"

Let's quickly find a place to sit down and have a chat! "

Hearing what Qin Yuan said, the three women on the side were almost laughing. They obviously knew that Qin Yuan was tossing this little fat man, because Qin Yuan was using this method to deliberately waste time. , Let this little fat man suffer more sins!

And this little fat man was completely stunned. He really didn't expect that he could not go in on his own initiative!

The two policemen also looked helpless, but when they saw the appearance of this little fat man, they also knew that they had to teach this guy a profound lesson, so he started talking slowly with Qin Yuan!

After more than 20 minutes, the little fat man was about to foam at his mouth. Qin Yuan released the little fat man's arms and said to the two police comrades:

"Comrade police, you have already seen it, these are actually the fault of this kid, so you should take him away quickly!"

And this little fat guy was about to cry, he felt that his arm was about to be scrapped, and he fell on the ground with a click!

The policeman saw the appearance of a little fat man and said to Qin Yuan with some suspicion:

"Does this guy have to go to the hospital for an injury first?"

"Yes, or we will pass now?"

At this time, Qin Yuan said with a smile, although he was holding the little fat man's arm, but he didn't exert any effort, he just squeezed the little fat man's acupuncture points, even though the little fat man felt that his arm was almost gone. But this is purely because his own blood vessels are blocked, and his blood vessels are swollen. Even if he goes to the hospital for examination, he won't suffer any trauma!

And this little fat man also struggled to grab the policeman's leg, and cried and said:

"Comrade police, comrade police, I'm not going to check my injuries, please take me away quickly! I am willing to go to the detention center! Hurry up! Hurry up!"

At this time, the little fat man's voice was simply sad for the listener, and the listener cried, and the policeman also kept holding back his laugh, and said to the little fat man:

"Really? Then you dare to do such a thing in the future, do you want us to deal with this gentleman next time?"

"Don't dare, don't dare, I won't dare anymore!"

At this time the little fat man was crying and crying, and then the two policemen took him away, and then one of the policemen returned and paid a military salute to these Qin Yuan:

"Thank you gentleman, we have always wanted to get this guy in, but this guy hasn't changed, and we have no good way. But after suffering this loss, I guess he will never dare to do it again. Such a thing happened! Hahaha!"

When Qin Yuan heard this, he also smiled slightly and said directly:

"It's just the right time. You don't have to thank me. You have to thank these three beauties. Otherwise, I won't stand up and take care of such nosy!"

After hearing this, the three women smiled embarrassedly, and then directly attached to Qin Yuan's body. One hugged his left arm, the other hugged his right arm, and the other Mu Qingmei found out that there was no The place is gone, hanging directly on Qin Yuan's neck!

Seeing such a situation, not only the police, but the diners around looked at Qin Yuan with envy. It is difficult to see a beautiful woman of this level, but the three are together!

More importantly, these three women also found a man, which is really enviable!

And Qin Yuan looked at these three women and let out a sigh of relief, and said to them:

"It's all right, then is it time to go back? Explain to me, what is going on?"

"Ah, Qingmei, this matter is left to you, let's go back first!"

At this time, Long Xiaoyun and An Ran directly let go of Qin Yuan, blinked at Mu Qingbrow, and then walked outside.

Mu Qingmei was stunned, what's the matter? Didn't you say in advance, you want to entangle Qin Yuan together, why are these two guys running away now?

And Mu Qingmei also wanted to leave quickly, but Qin Yuan had already let go of two, how could he let the last one go too? One just hugged Mu Qingmei, lowered her head and said maliciously to Mu Qingmei:

"Why? You want to run too, do you think you can still run?"

"Huh? Huh? Huh?"

Only then did Mu Qingmei realize that she seemed to have been trapped by a hunter for me!

But she can't run away now, because the two remaining women have already run away!

Qin Yuan also smiled when he saw Mu Qingmei's bewildered face, and then walked directly out of the restaurant, carrying Mu Qingmei on his back, and quickly found a deserted park!

"Hey, do you miss me?"

At this time, Mu Qingmei looked at Qin Yuan in front of him, and knew that there was no surrounding area, but when he looked at it, tears suddenly fell, and he hugged Qin Yuan and started crying directly:

"Wow! Qin Yuan, I miss you so much, I'm so worried, did you know that I saw you on TV... Seeing you encounter something like that, I was almost so worried!"

At this moment, Mu Qingmei recalled her previous worry and fear, feeling that all the grievances of so many days had burst out, not to mention the kind of grievances and thoughts in her heart after not seeing Qin Yuan for so long. , At this time, all were expressed in one breath!

Qin Yuan saw the appearance of Mu Qingmei, and also gently touched the top of Mu Qingmei's head, uncontrollably comforting:

"Okay, okay, don't cry or cry, you won't be pretty if you cry again, sorry, it's late..."

At this moment, under Qin Yuan's constant consolation, Mu Qingmei barely recovered, and Qin Yuan saw the appearance of Mu Qingmei, and said with a face of dotiness:

"Is there anything you want me to do? As long as I can do it, I will definitely help you. As long as you are happy, okay?"

And Mu Qingmei was like a little girl, wiped the tears from her face, and said to Qin Yuan:

"I have nothing I want you to do, as long as you stay with me by my side."

Qin Yuan saw that Mu Qingmei had almost recovered, and immediately showed a bad expression, and said to Mu Qingmei:

"Really? I tell you, this is one of the few opportunities to raise conditions, and as long as I can do it, you can just ask it, and it's out of date?"

At this time, Qin Yuan said to Mu Qingmei with a serious face, he really wanted to do something for Mu Qingmei, after all, he had known Mu Qingmei for such a long time. What do eyebrows do.

So he planned this time, no matter what conditions Mu Qingmei proposed, as long as he could do it, no matter what the cost, he would help Mu Qingmei achieve it!

After hearing such words, Mu Qingmei also reflected. She looked at Qin Yuan straight, thought for a while, and then said to Qin Yuan:

"I...I want to hear you sing a song to me..."

When Qin Yuan heard this, he was immediately dumbfounded. What he was like to sing, that is, Lord Yan held a concert. People sang for money, and he sang to death!

"Uh, light eyebrows, are you sure you don't change a condition? You see, if you want something like diamonds, gold, etc., I can buy it for you, or what kind of cosmetics you want. It's also okay....."

Qin Yuan was really a little nervous at this time, and Mu Qingmei seemed to have discovered something, as if he had caught Qin Yuan's minor problems, and said to Qin Yuan:

"I don't want it, I just ask you to sing a song for me, if singing is not good, you can play a song for me, but I am Qin Yuan listening to music!"

At this time, Qin Yuan's expression was even more bitter. In such a barren mountain, where would he go to get Mu Qingmei to make musical instruments? Even if there is a grid recycling now, it is impossible!

After all, the system will not create an instrument for him out of thin air!

But seeing Mu Qingmei's expectant look in his eyes, Qin Yuan completely sacrificed himself, opened his mouth directly, and sang loudly:

"Sunset Xishan Hongxiafei..."

"Puff ha ha ha ha!"

At this time, I heard Qin Yuan's singing Mu Qingmei couldn't laugh anymore. If such a song is sung with others in the army, I still can't hear how out of tune, but now only Qin Yuan Alone, Mu Qingmei could clearly hear how outrageous Qin Yuan sang!

And seeing the appearance of Mu Qingmei, Qin Yuan suddenly had a bitter face, and said directly:

"I just said, I can't sing at all!"

"Hee hee, no, I just love to hear you sing, so keep singing!"

But Mu Qingmei smiled and said to Qin Yuan, and when he heard this, Qin Yuan could only bite the bullet and sing, and he was very painful to sing!

I don't know how Mu Qingmei listened, but Qin Yuan thought that he couldn't lose such a big face in front of Mu Qingmei!

But at this moment, he suddenly saw the grass on one side, and he was stunned. How could he have forgotten about this? Although he didn't have an instrument, he could blow these grasses!

Chapter 710: drink

Thinking of this, Qin Yuan took advantage of Mu Qingmei's carelessness and directly recovered a small grass on the ground into the grid!

"Ding Dong~ The system was successfully recovered, please start choosing the host!"

With the prompt sound of this system, three options suddenly appeared in front of Qin Yuan!

"1, get world-class leaf picking flying flowers!"

"2, get world-class grass whistle skills!"

"3, get world-class grass leaf wine!"

Seeing these three options at this time, Qin Yuan was immediately happy, as expected. This recycled grass is indeed able to obtain the ability you want!

After seeing these three options, Qin Yuan was stunned for a moment. Isn't this picking leaves and flying flowers the same as his own playing card skills? However, Qin Yuan thought for a moment. This ability to pick leaves and flowers is probably slightly better than his own playing card ability. After all, this kind of skill is generally only available in martial arts novels!

And Qin Yuan also knew that his playing card skills were a bit out of date, and he could only use it when facing a soldier on one side.

After all, the power of this ability is not very strong, and the distance is not very far, and this ability of picking leaves and flying flowers, I don't know if I can add it!

But now is not the time to think about this, he must first make up for the face he lost in front of Mu Qingmei!

So Qin Yuan didn't even think about it, so he chose the second option directly!

"The system I choose item 2!"

"Ding Dong, the host chooses to succeed and obtains world-class grass whistle skills!"

With this voice, Qin Yuan suddenly felt that his brain had some extra skills. At this moment, Qin Yuan showed a slight smile on his face, then turned his head and said to Mu Qingmei:

"Light eyebrows, you can see it too. I really don't sing, but if I blow the whistle, I have a hand, or else give you a blow?"

But when she heard such words, Mu Qingmei glanced at Qin Yuan with a weird expression. After all, she was also a music student, and knew that if a person's five tones are incomplete, there is no way to learn music well.

And Qin Yuan's slurp, you want to say that Qin Yuan's other music skills are very good, who can believe this?

But since Qin Yuan wanted to show it, Mu Qingmei would never refuse, so he smiled and said to Qin Yuan:

"Okay, just play a tune for me!"

Hearing this, Qin Yuan glanced at Mu Qingmei's eyes and knew that Mu Qingmei obviously didn't believe it, but he just grabbed a piece of grass, cleaned it up, and put it on his mouth. !

He just asked this guy to change his opinion of himself.

With Qin Yuan's breath, an extremely clear voice suddenly appeared from Qin Yuan's mouth. At this moment, Mu Qingmei was stunned. To be honest, she had seen a lot of grass whistles before. But no one has such a clear sound as Qin Yuan who blows the grass whistle!

At this time, Mu Qingmei completely settled down. She closed her eyes and gently lay on this piece of grass, carefully feeling the enjoyment brought by the music!

Finally, Qin Yuan finished playing this song, and then he smiled at Mu Qingmei:

"How? How do you feel?"

But Mu Qingmei didn't answer, she was still immersed in the music just now, with endless aftertaste.

After waiting for a long time, Mu Qingmei was relieved before sitting up, and said to the students in surprise:

"Qin Yuan, you are so amazing. I didn't expect you to have such skills, and I have never heard of this song. Did you recreate a song for me?"

"That's not the case. This is a tune that I used to listen to when I was a child, but I don't know his name, so I just opened my mouth and it came out!"

Qin Yuan smiled slightly, and when he heard this, Mu Qingmei's eyes also had a gentle touch, and then he hugged Qin Yuan directly.

Feeling this kind of warm embrace, Qin Yuan's psychology can be considered as immersed, he completely relaxed, pressing his whole body on Mu Qingmei's body.

Qin Yuan hugged Mu Qingmei, and then took a deep breath, smelling the sweet fragrance on Mu Qingmei, he felt that he was too comfortable.

Feeling this kind of sorrow of Qin Yuan, Mu Qingmei also smiled slightly, touched Qin Yuan's head again, and then said to Qin Yuan:

"Okay, okay, you have been with me for a long time. It's time to find the other two sisters."

"Ah I....."

When Qin Yuan heard this, Qin Yuan immediately wanted to explain something, but Mu Qingmei gently blocked Qin Yuan's mouth, and said to him committing suicide:

"Don't explain anything, in fact I understand it, and I also know that I am not the first girl to meet you. I am very satisfied with the situation like this. Besides, those two sisters They are all very good people, you can't do anything bad!"

Seeing the expression in Mu Qingmei's eyes, Qin Yuan really didn't know what to say. He slowly grabbed Mu Qingmei's hand and said to Mu Qingmei:

"thank you....."

"Hee hee, go quickly, and I told the other two sisters, I will tell the other two sisters, you will blow the whistle skill, but this skill can only fool me, I am afraid I want to meet the other two sisters It's not enough, so you still have to keep going."

Mu Qingmei glanced at Qin Yuan unkindly, and upon hearing this, Qin Yuan abruptly picked Mu Qingmei from the ground, and said with confidence:

"You little girl, you have no good intentions, but I tell you, there is nothing that can make me difficult!"

"Hate, go!"

At this time, Mu Qingmei gently punched Qin Yuan's shoulder, and then took the initiative to get it down, and Qin Yuan was also a little bit reluctant, but he still left here directly.

Looking at Qin Yuan's back, Mu Qingmei smiled slightly. She knew that a flood dragon like Qin Yuan could not be trapped in a small pond!

She can't, I guess the other two sisters can't do the same.

But Mu Qingmei was thinking about the way Qin Yuan'er was lying on her just now, feeling a burst of happiness in her heart.

For a fighter like Qin Yuan, he would raise his vigilance no matter what, but Mu Qingmei could clearly feel the complete trust when Qin Yuan was lying in his arms!

And such trust is really very happy!

"Hey, the remaining two sisters are not as easy to deal with as I do. Good luck, stinky pig!"

Mu Qingmei said with a bit of irritation, and then he headed towards the place previously reserved.

At this time, on the other side, Qin Yuan used his search ability to directly find Long Xiaoyun, but Qin Yuan discovered that Long Xiaoyun was sitting in front of a food stall, and Long Xiaoyun's table was A large slice of liquor!

The situation like Long Xiaoyun naturally attracted the attention of many people around him. After all, a beautiful woman like Long Xiaoyun with a large piece of white wine in front of her naturally attracted the attention of these people.

Just looking at Long Xiaoyun's awe-inspiring aura, no one dared to come up and strike up a conversation!

Of course, it's not that courageous. In fact, when Long Xiaoyun first set up the wine, someone wanted to tell Long Xiaoyun to have a drink, but after 1 minute, this courageous guy just lay down. On the ground, and kept spitting out drinks!

This guy had a drink, and Long Xiaoyun also had a drink, but no matter how he drank it, Long Xiaoyun didn't even change his face, so after drinking more than a catty, this guy finally couldn't bear it and lay on the ground. !

As for the tragic situation of the guy, the people around immediately understood that Long Xiaoyun was definitely not an annoying character, so naturally he didn't dare to do more.

So when Qin Yuan arrived here, he found that although Long Xiaoyun was surrounded by people, no one dared to blow up his hair, and the hapless guy just now was dragged by his companion. Go to the hospital!

Seeing this situation, Qin Yuan also smiled slightly, and then directly sat down, sitting opposite Long Xiaoyun.

But Qin Yuan opened his mouth, and when he was about to say something, Long Xiaoyun just said:

"drink."

After saying this, Long Xiaoyun directly placed the wine bottle in front of her in front of Qin Yuan.

At this moment, Qin Yuan was a little dumbfounded. He didn't know what Long Xiaoyun was going to do, but he unscrewed the bottle directly, raised his head, and poured the bottle directly!

And while Qin Yuan was drinking, Long Xiaoyun also spoke, looking at Qin Yuan's appearance, and said with a smile on his face:

"In fact, I think I am very lucky. I have been tested since I was a child. I have a strong tolerance for alcohol. Basically, there is no alcohol that can get me drunk. Since I was young, I have the highest record. I drank a full seven kilograms of white wine and couldn't drink it anymore, not because I was drunk, but because my stomach just couldn't bear it."

Hearing such words at this time, Qin Yuan hurriedly finished the bottle of white wine in his mouth, and then said something to this Long Xiaoyun, but before he had time to speak, Long Xiaoyun put the bottle directly again. In front of Qin Yuan'er, she said to Qin Yuan'er:

"Keep drinking!"

Qin Yuan was even more dumbfounded now, what does this mean? However, he saw the determination in Long Xiaoyun's eyes, that is, helplessly continued to drink, while Long Xiaoyun continued to speak for himself:

"Actually, I didn't want to be a soldier since I was a child, but a taster. After all, soldiers generally can't drink. But later, my dad forced me into the team. At that time, I was very Drink less."

Having said this, Long Xiaoyun looked up at Qin Yuan, and said strangely:

"But at this moment, I heard from you. To be honest, I didn't feel very good about you at the beginning. A recruit would dare to be so bold! I was able to kill No. 1 directly, this is not What ordinary people can do!"

At this time, Qin Yuan drank the second bottle of wine again, and saw that Long Xiaoyun just wanted to talk, but Long Xiaoyun brought a bottle of wine over again. Qin Yuan also knew clearly. This Long Xiaoyun didn't want to give himself a chance to speak at all.

So Qin Yuan stopped talking, picked up the wine bottle again, and drank the wine. Anyway, these wines are nothing to Qin Yuan. The powerful cosmic-level liquor decomposition ability is not afraid of anything. alcohol!

At this time, Long Xiaoyun said with a touch of sadness in his eyes:

"Actually, I don't like my dad very much. This is a machismo. Although I know that I can drink, I have never been allowed to drink at home, and from my dream, I was dragged to the barracks. Come here!"

"But he is also a good father. He doesn't want to bring me gifts no matter where he is. He wants his daughter to be a strong person, and he wants to spoil his daughter as the happiest person in the world."

And seeing Long Xiaoyun's expression, Qin Yuan really couldn't help it, he just drank the bottle of wine, then looked at Long Xiaoyun, and took all the wine in front of Long Xiaoyun. Bring it over and drank all of it. When there was no wine, this was what she said to Long Xiaoyun:

"How is your father?"

At this moment, seeing this situation, Long Xiaoyun was also a little dumbfounded. There was a full 7 kilograms of liquor in front of him. He originally wanted to take this opportunity to talk to Qin Yuan.

At that time, Qin Yuan was able to get drunk, and it was considered to have added some obstacles to Qin Yuan, but she did not expect that Qin Yuan's alcohol volume was so good, and a full 7 catties of white wine would be a little drunk No!

Not only Long Xiaoyun, but the people around him looked at Qin Yuan as if they were looking at the gods. They felt that the liquor in front of Qin Yuan was all white water? Why didn't the man in front of me react after drinking it!

And seeing such a situation Qin Yuan also knew that Long Xiaoyun really wanted to say something in his heart, although he didn't know what Long Xiaoyun thought, he actually said it in such a crowd In this case.

However, Qin Yuan just shook his head and smiled, and directly settled the bill to the boss on the side, and then pulled Long Xiaoyun up and walked outside.

Originally, some people wanted to keep up, but Qin Yuan's speed got faster and faster, but only a few flashes, he disappeared.

And when Qin Yuan found a place where no one was there, he stopped and said to Long Xiaoyun:

"Okay, big beauty, what do you want to say, just say it in this place. You know, we two are soldiers. If two soldiers get drunk and go crazy on the street, they will look good. Very bad?"

"I want to drink, and I still want to drink good wine, help me get some wine over, if the wine is good, then I will continue to tell you, if it is not good, then I will not say it."

At this time, Long Xiaoyun's eyes flashed a little dazed, she seemed to have made some decision, and then directly said to Qin Yuan.
