Special Soldier 75

Chapter 75: Toshito

At this time, everyone heard what Qin Yuan said, and the corners of their mouths couldn't stop twitching. They did something like this, why don't you let us look at you?

And at this time, Shao Bing's face was a bit uncontrollable, but he remembered how he had mocked Qin Yuan before, but now it is making Qin Yuan slap his face!

With Qin Yuan's reaction ability and marksmanship, he can indeed do well in any position!

At this time, Leng Feng, who came down from the sniper position, walked directly to the bullet hole and checked it carefully.

Although it has now been determined that these three bullets were shot by Qin Yuan, but he was on the second floor of a small building just now, how did Qin Yuan follow the traces he shot and hit that bald head of?

Leng Feng murmured, and at this moment, a police officer who was picking up the corpse heard you, yes, he said directly:

"How it was typed, of course it was typed directly from the ground, didn't you see it?"

jumped up from the ground!

Leng Feng was shocked when he heard this, and his eyes widened with disbelief!

As a sniper, he naturally understands how terribly difficult it is to do this.

Most of the sniper rifles have a front end bracket, mainly for shock absorption.

And Qin Yuan just made such a difficult marksmanship!

is in the air!

Nothing to rely on!

"Is this guy still not a human?"

Leng Feng was completely stunned at this time.

But soon Leng Feng took a long breath and walked directly towards Qin Yuan:

"Big brother, let me call you big brother, can you teach me marksmanship?"

Hearing this, Qin Yuan was also a little helpless. His marksmanship was only developed through systematic amplification.

If he were to teach Leng Feng, he might not be able to reach his own level even if Leng Feng spent his entire life.

In case a good seedling is abandoned, isn't Qin Yuan committed a crime?

"Marksmanship is not purely based on technique and proficiency, but more on talent. Although I can be your master, I don't guarantee that you can reach my realm!"

Hearing what Qin Yuan said, the faces of the surrounding Wolf Warriors team twitched. Although Qin Yuan was telling the truth, isn't it a bit too hurt to speak like this?

However, Leng Feng did not appear to be hit at all, but instead nodded at Qin Yuan with a little excitement:

"Then I will call you master from now on!"

"Master, you don't need to, just call me Big Brother!"

Qin Yuan smiled lightly, and then left here.

But the people around the Wolf Warriors team are a bit strange.

They knew that Leng Feng was a complete thorn.

Don't look at the way this guy talks very well.

But in my heart is very arrogant!

And now that Qin Yuan said such words, Leng Feng did not have any resistance, even Qin Yuan's record is very scary, this is somewhat abnormal.

"Leng Feng, is there something wrong with Nong this place?"

, the dead man on one side knocked his head, and smiled at Leng Feng.

However, Leng Feng cast an angry look at the opponent, and then said all his findings just now, and listening to Leng Feng's words, these people's faces became more and more serious, and even more shocked!

Each of them is a master of marksmanship, and they naturally understand how difficult it is to achieve Qin Yuan's step!

Let alone shooting in the air, even if you are lying on the ground with complete shock absorption measures, it is very difficult to continuously inoculate the same position!

The more terrifying Qin Yuan turned out to be jumping up. With this terrible adjustment ability, it's no wonder Leng Feng didn't receive any blows just now!

"I'll drop a mother, I can be regarded as taking it, I feel that this guy is really not human!"

At this time, the one-meter-five meter on one side said silly, but Yu Fei laughed:

"Sure enough, people are more irritating than people, and have you heard? He is still a recruit, a small soldier. The captain said that he killed the Thor team alone. I thought he was using some conspiracy. Trick, now it seems that even hard work is fine!"

"Oh, a certain deputy team just refused to accept Si, I don't know if he has taken it now?"

said to Shao Bing weirdly while dying, but when he heard this, Shao Bing's face twitched, but he had to say something fiercely:

"Damn! This kid does this kind of thing, and I can't say anything ruthless! I'm dead this time, and the dog's eyes are lowered, damn, I have to bow my head when I see him in the future!"

"Hey, comrade deputy captain, don't be discouraged! I guess there will be a lot of when you lower your head in the future!"

Hearing this, the members of the Wolf Warriors team burst into laughter!

After all, in the military.

powerful.

is the best dating business card!

Long Xiaoyun, who was reporting on the task, also glanced at Qin Yuan from time to time, and then said to the phone:

"Chief of Staff Fan, um, yes, the task has been successfully completed!"

"I don't want any rewards, I just need to keep this guy Qin Yuan in my Wolf Warriors squadron, that is the best reward!"

But after hearing such words, Fan Tianlei who was on the other side laughed:

"This is not okay, this is the real trump card in my hand. If I let him go so easily, I will lose a lot!"

Long Xiaoyun heard this, and he took a deep breath and said to Fan Tianlei:

"It is indeed a big loss, , you don't know what he did!"

Long Xiaoyun directly told Fan Tianlei what Qin Yuan had done just now, and Fan Tianlei's eyes widened instantly.

Although he knows how powerful Qin Yuan is, this kind of thing has reached a terrifying level!

"This kid is really amazing!"

Fan Tianlei murmured, and then he laughed!

But what everyone didn't know was that at this moment, a satellite swept across from here and took a picture of the policeman packing up the body of the bald drug dealer, and then it was posted on a website and turned into an email, towards Go overseas.

On the border of the country, there is a small villa. This villa is very luxuriously decorated. An elderly man in his fifties with glasses, holding a huge brush in his hand, is practicing calligraphy with all his heart.

In the jungle outside this villa, a team of international police officers are slowly surrounding the villa!

Soon, this team rushed directly into the villa, killed some bodyguards at the door, and walked directly to the old man's study.

said to the old man in an eagle language:

"International wanted criminal Minden! You have been arrested!"

The old man looked at the police dear treasures who rushed in, and slowly put down the writing brush, very calmly, and then stretched out his hand to let these people take his own.

But at this moment, the phone on the old man's desk suddenly vibrated, and looking at the message on it, my face changed suddenly and he shouted:

"My brother!"
