

Special Soldier 76

Chapter 76: revenge

Hearing Minden's yelling that did not sound like a human voice, the police officers around were all alert:

"Hey, what are you doing?"

Seeing the nervousness of the people around him, Minden slowly raised his head, took out a cigar from the table, and glanced at the talking officer:

"My brother is dead, can you let me smoke a cigar?"

Hearing this, the police officer seemed a little surprised, and looked at his captain with a questioning look, and the captain nodded.

After all, their arrests went very smoothly this time. Although the person in front of him is a criminal, he can also be regarded as a hero. This point of face can still be given to the other party.

Seeing his captain's permission, the police officer picked up the match from one side, and after wiping it, lighted the cigar on Mindeng's mouth.

can be at this time!

A bullet suddenly appeared from the window!

instantly hit the officer's arm!

The huge force carried by the bullet directly broke the officer's arm!

Blood spurts out!

It is a pity that the police officer did not have time to scream, and the second bullet hit him in the head!

"Enemy attack!"

The leader of the team let out a terrified roar, but it is too late now!

At this time, there was a sound of chains and engines from outside the window, and the captain's eyes suddenly went wide!

"Gatlin!"

The wall in front of him was like a piece of thin paper, instantly torn by countless bullets!

The police officers standing in the room were torn to pieces in an instant, just like the wall!

At this moment, the captain just reacted and took out the gun in his hand, aiming at Minden.

As long as they catch Minden, they still have a chance to survive!

But a bullet appeared instantaneously and hit his head directly. On a big tree outside, a sniper held a sniper rifle and made an OK gesture to the teammate below.

In just a few seconds, these police officers were all dead, and Minden was still smoking the cigar in his hand, but a trace of blood was splashed on his face.

"Boss? How are you?"

At this time, a tall middle-aged man stepped on the corpse on the ground and walked in and slowly unfastened Minden's handcuffs.

"My brother is dead, I want to avenge my brother, get ready, let's go to Yan Country!"

Minden said lightly, and upon hearing this, the middle-aged man also showed a slight chuckle.

After a while, the entire villa was in an explosion and turned into a sea of fire.

.....

At this time, on Qin Yuan's side, after the mission was completed, he had returned to the military area.

Although Long Xiaoyun and others tried their best to keep Qin Yuan in the wolf, Fan Tianlei was unwilling to let them go, and Qin Yuan could not stay here anymore.

What's more, the fourth company is Qin Yuan's real army.

After returning to the cooking class, everyone knew of Qin Yuan's deeds in the exercise, so it was natural to treat Qin Yuan as a hero.

They also knew that Qin Yuan would definitely not be able to stay in the cooking class for a long time, and naturally they would not let Qin Yuan go to work.

At this time, Qin Yuan was like an uncle, sitting on a deck chair to enjoy the sun, with a lot of food and drink on hand, it was not like being in a military camp, but like a holiday by the sea.

This time Qin Yuan got a lot of grids, but he hasn't thought of how to use it yet.

And at this moment, Li Erniu finished his work and directly surrounded him, smiling at Qin Yuan:

"Brother Yuan, when will you get a little barbecue to eat? I ate your roast chicken last time. It is a dream and I will never forget it!"

As soon as Qin Yuan heard this, he opened one eye and agreed with this idea. Since eating his own roast chicken, it is always a bit wrong to eat the food in the cafeteria. Anyway, they are in the cooking class and do something to eat. It's not against the rules, right?

Just do it if they think, Qin Yuan and Li Erniu made a barbecue, prepared some chicken wings, and planned to find a place where no one was going to start a small stove.

But when Qin Yuan finished roasting the chicken wings and was about to take his mouth off, he saw Li Erniu who was opposite, stood up, and paid a military salute:

"The head... the head is good!"

Qin Yuan looked back, and found that Fan Tianlei and Chen Shanming were standing behind him, staring at him eagerly!

"Yeah, I'm having a good day, the chicken wings are grilled, so I almost have a little wine!"

Fan Tianlei's face was full of playful smiles, but Qin Yuan directly passed a string:

"How to drip? Want to eat? Just say it if you want to eat!"

Fan Tianlei stared when he heard this. Did he come here to have a barbecue?

But if I think about it carefully, I don't seem to be able to teach Qin Yuan because of this little thing, so I took Qin Yuan's chicken wings over, took a bite and nodded:

"Well, good job!"

"Okay, I have eaten the chicken wings. Tell me what are you doing here? Will there be another task for me?"

In less than half a month, Qin Yuan has performed several tasks in a row.

It was all because of Fan Tianlei's scam, and he was still a private soldier.

Is it appropriate for a private soldier to do so many things?

When he heard this, Fan Tianlei took a few bites and ate the chicken wings in his hands.

Then he wiped his hands clean with a tissue on one side, tidied up his clothes, put on a white glove, and said to Qin Yuan:

"Private soldier Qin Yuan is out!"

Qin Yuan didn't know what the old guy was doing, but he stood up instantly.

At this time, Fan Tianlei walked directly in front of Qin Yuan, helped Qin Yuan tidy up his clothes, and said with a bright smile:

"Private Qin Yuan, based on your outstanding performance in the military exercise and bravery in combat, led the red side to kill many generals of the blue side, and even killed the blue commander, reversing the situation, so the military region decided to give Private Qin Yuan an exception. Raise it, and grant the individual a second-class merit! The rank of second lieutenant!"

"I hope you can make persistent efforts and continue to make important contributions to the people and the country!"

At this time, after Fan Tianlei finished speaking, he got a military industrial medal and a second lieutenant rank from Chen Shanming on one side, and helped Qin Yuan bring it!

Qin Yuan was also a little surprised at this time, he didn't expect that he would have done it in such a short time!

And Li Erniu, who is on the side at this time, has a look of excitement and envy:

"I knew it! Brother Yuan is so good, he must have a great future!".

Chen Shanming, who stood on the side, also showed a slight smile. He had been in the army for so long, and he was just a major.

Like Qin Yuan directly promoted, this kind of powerful promotion speed, I am afraid that no one can match.
