

Special Soldier 77

Chapter 77: Cosmic neural response

However, Chen Shanming was convinced, because he also saw Qin Yuan's strength. In his eyes, such a powerful soldier could naturally break the rules.

Qin Yuan looked at the epaulettes on his body, and he was very happy, but he still said:

"No, on such an important occasion, you finished it next to the barbecue grill?"

"Then what do you want? Originally, I wanted to hold a commendation meeting for you, but seeing your salted fish roasting chicken wings, I don't want to do that. But don't worry, your deeds have been reported to the whole army. I guess everyone knows you as a hero!"

Fan Tianlei naturally liked Qin Yuan sincerely, but he was a little dissatisfied with his lazy temperament.

But when he heard this, Qin Yuan was clever.

If you let him really go up on some platform to receive the award.

He always feels uncomfortable.

What he wants most now is to get more grids.

After directly join a special force and become the strongest soldier in the world!

"Then being a second lieutenant, are there any other benefits?"

Qin Yuan directly asked Fan Tianlei, but when he heard this, Fan Tianlei's eyes widened. He saw it for the first time, and it would be beneficial to improve his rank!

Isn't the promotion of military rank already a benefit?

But Qin Yuan is a different person after all, Fan Tianlei said silently:

"There is a bonus, but I know you seem to be rich now, I guess you can't look down on these tens of thousands of dollars?"

Qin Yuan is naturally not short of money now, and he is in a military camp, and he can't spend any money if he wants to spend it!

"Then you grant me a three-day vacation, I'll go back and have a look."

Qin Yuan has been spinning around these days, even if he wants to relax, there is no way.

What's more, Qin Yuan's kitten has not yet completed the treatment, and Mu Qingmei is on holiday. Qin Yuan is not good at asking someone to help in the army, so he can only go to the pet hospital in the city.

"Well, I'll give you a three-day vacation. It is estimated that when you come back, you will soon be selected for special forces. Just don't be late!"

Fan Tianlei very happily agreed to Qin Yuan's request. After all, there is no mission at present. It is not impossible to give Qin Yuan a vacation!

After all, if you want a horse to run, you have to let the horse eat the grass.

Not only that, Fan Tianlei also gave Qin Yuan a listed jeep, and he was in a good position.

Qin Yuan naturally understood how important the license of the military area was. He smiled and said to Fan Tianlei:

"Thank you so much!"

After , Qin Yuan went straight back to his dormitory, packed up his things and prepared to leave.

While looking at Qin Yuan's back, Chen Shanming said to Fan Tianlei:

"Golden Eagle, don't you plan to tell him the news now?"

"Forget it, let him take a vacation with peace of mind!"

Fan Tianlei also showed a smile at the corner of his mouth, but there was a cold light flashing in his eyes.

Qin Yuan took his kitten and left the military area directly.

Although his kitten has been treated by Mu Qingmei, Mu Qingmei is only a doctor who treats people, and may not be so good at animals.

Now that the kitten is still a little limping, Qin Yuan wanted to take it to the pet hospital first.

And Qin Yuan knew that he needed some other miscellaneous things to feed the cat, so he just bought them all this time.

Qin Yuan found a pet hospital and drove there directly. After arriving, Qin Yuan saw a familiar figure!

is Mu Qingmei!

"Hey, why are you here?"

Qin Yuan asked in surprise, didn't he say that Mu Qingmei had gone home? Why are you in this pet hospital?

And seeing Qin Yuan at this time, Mu Qingmei was also a little surprised, but looking at the kitten in Qin Yuan's hand, he directly greeted him and said to Qin Yuan:

"Why are you here? I heard those people say that there was a fire in the hospital, so you saved this kitten.

Oh, it scares me to death. If you entrust this kitten to me, it will die in the fire. I don't know how to face you anymore. "

In fact, Qin Yuan is also a little scared, one of his own grids is almost gone, but Qin Yuan also understands that this is not Mu Qingmei's fault, so he comforted:

"It's okay, it's not your fault, but why are you here?"

"Aren't you entrusting that kitten to me? I think there may be some difference between animal therapy and human therapy, so I specifically asked for a leave and came to my friend to learn.

After all, the opportunities we can come up with are not many, it is better to do it yourself! "

Hearing this, Qin Yuan was immediately surprised.

Even as a military doctor, Mu Qingmei does not have many vacations in one year.

But she was able to sacrifice her vacation to learn medicine specifically for Qin Yuan's kitten, which made Qin Yuan a little touched.

"Thank you so much. I just brought the kitten here. You can watch it by the way."

With such a thing, Qin Yuan naturally liked Mu Qingmei so much, and then the two of them gave the kitten the treatment in the hospital.

And when Mu Qingmei and her friend were treating the kitten, Qin Yuan was a little bored wandering around in the hospital.

At this time, Qin Yuan saw a long-haired cat with a big tail. He walked over quickly, and his heart moved suddenly.

When he put the kitten in the grid before, he got world-class reaction speed, There are so many kittens in isn't it a great opportunity to upgrade?

Qin Yuan took a look and found that there was no one around, and no camera, so he hugged the long-haired cat directly in his arms and hid in a corner. The long-haired cat in his hand disappeared instantly!

Following Qin Yuan's movements, a familiar voice suddenly sounded in his mind:

"Ding Dong, please start choosing!"

"1, get perfect neural response speed!"

"2, get a world-class high-altitude jump!"

"3, get world-class balance!"

Qin Yuan saw these three options, and was even more excited. He directly chose the first one, and he would directly obtain the perfect neural response speed!

"Perfect neural response speed: provide the host with 5 times the human neural response speed!"

Seeing this and hearing the meow calls around, Qin Yuan's mouth suddenly showed a smile.

After a while, Qin Yuan directly increased his neural response speed to the universe level!

"Universe-level neural response speed: 7 times the human neural response speed for the host!"

7 times the nerve response speed!

Qin Yuan opened his eyes at this time and looked around carefully, and found that the noisy sounds around him were almost like a video jam, proceeding frame by frame. .

And Qin Yuan looked at a fly in front of him, and instantly caught it. With a nerve reaction speed of 7 times, this fly had no time to resist and fell directly into Qin Yuan's hands!

Sure enough, the 7 times the neural response speed is extremely powerful!
