

## Special Soldier 80

Chapter 80: let me try

"What? Cancer?"

Hearing his father's description at this time, Mu Qingmei's eyes suddenly widened!

"how is this possible?"

Mu Qingmei said in disbelief, but looking at the words of his father and the attending doctor, it didn't seem like he was joking with himself!

"Daughter!"

At this time, Mu Chongshan saw the appearance of Mu Qingmei, and the two of them immediately cried.

While on the side at this time, a voice rang directly in Qin Yuan's mind:

"Ding Dong~ Post a mission to treat Ma Yanfang's condition and reward a grid!"

And Qin Yuan glanced at the woman on the bed, Ma Yanfang probably is her name.

At this time, Doctor Zhou, who was on the side, saw this situation, and shook his head. As a doctor, even though he was used to seeing such life and death, he still sighed in his heart.

And when he saw Qin Yuan standing on the side, he also walked over directly and said to Qin Yuan:

"Boy, you may not come at the right time, so let's give them the time first."

Doctor Zhou thought that Qin Yuan was Mu Qingmei's boyfriend, and he took this opportunity to see his parents. Unfortunately, Qin Yuan's luck was really bad, and he happened to meet this time.

"Doctor, why don't you treat the patient?"

At this moment, Qin Yuan asked Doctor Zhou.

Hearing this, Dr. Zhou frowned slightly, and said to Qin Yuan:

"You just heard that the patient is already in the advanced stage of liver cancer. Even treatment is better than nothing. It is better to let her reunite with her family at the last time."

And hearing this, Qin Yuan also said:

"I wonder if I can show this patient?"

Hearing Qin Yuan's answer, Mu Chongshan and Mu Qingmei immediately came to their senses, and Mu Chongshan hesitantly asked his daughter:

"This one is..."

Mu lightly wiped the tears from his face, and introduced to his father:

"This is my colleague in the army, called Qin Yuan. I just met him, so he came to take a look."

Hearing this, Mu Chongshan also nodded. He could probably guess the relationship between the man in front of him and his daughter.

My daughter is already in her 20s. It is normal to find a boyfriend.

It's just that it's not a good time to meet.

Mu Chongshan reduced his emotions at this time, walked over, and said to Qin Yuan:

"I'm really sorry, now that something like this has happened, I can't entertain you either."

Qin Yuan just smiled softly and said to Mu Chongshan:

"It doesn't matter uncle, I know some medical skills, can you let me give my aunt a pulse?"

Hearing this, Mu Chongshan didn't care. He thought that Qin Yuan was doing his best to obey his destiny. He just waved his hand to let Qin Yuan pass.

And Qin Yuan walked to the bed, first comforted Mu Qingmei who was crying, and then put his hand on the wrist of the middle-aged woman lying on the bed.

Qin Yuan pretended to be rectified, and then said directly to Mu Qingmei:

"I don't know if I can give it a try, I have a way to cure your mother!"

Yep?

Hearing what Qin Yuan said at this time, everyone in the room was taken aback, and then looked at Qin Yuan with a puzzled look.

"What are you talking about? Do you have a way to treat my wife?"

At this time, Mu Chongshan looked at Qin Yuan in astonishment, and frowned tightly.

And Doctor Zhou, who was on the side, also shook his head. He still had a great affection for Qin Yuan, but now that he heard Qin Yuan's words, it was because this person's character was nothing more than that. It was already this time. Even dare to say such big things, isn't this just for entertaining others?

"Mr. Mu, this friend of your daughter is really..."

Doctor Zhou said slowly, although he didn't finish the sentence, it was obvious that there would be no good things behind.

And Mu Chongshan's face also became gloomy, and he said directly to Qin Yuan:

"Mr. Xu, do you know what you are talking about?"

Upon hearing such words, Qin Yuan knew that Mu Chongshan's heart was full of anger!

But this is normal. Think about it from another perspective. If someone tells Qin Yuan that he can treat patients with advanced cancer, Qin Yuan himself would not believe it.

It's just that the top priority now is to get Mu Chongshan's consent, otherwise he cannot treat Ma Yanfang who is lying in bed:

"Uncle, of course I know what I'm talking about. I grew up in a traditional Chinese medicine family, so I inherited some medical skills. I hope you can let me try it. No surgery, no surgery, just acupuncture. !"

Hearing such words, Mu Chongshan didn't say anything yet, but Doctor Zhou who stood aside sneered disdainfully:

"If you say what kind of remedy you have, I have never heard that acupuncture and moxibustion of Chinese medicine can treat cancer. Boy, I know you want to improve your future father-in-law's favor, but this is not the case. Do it!"

Mu Chongshan was also angry. Just when he was about to drive Qin Yuan out, Mu Qingmei suddenly stood up from his mother's side and said lightly:

"Dad, just let him have a try, ."

I'm okay when I heard what my daughter said. Suddenly, there was some stunned looking at her daughter, and Mu Qingbrows turned her head, eyes filled with tears, and her voice choked and said:

"Anyway, the doctor doesn't have any good solutions, so let Qin Yuan give it a try. Things won't get worse anymore."

Seeing her daughter's appearance, Mu Chongshan also sighed for a long time, and then nodded.

My daughter is right, things will not get worse anyway, even if Qin Yuan's treatment is not effective, it is his heart to say it, let him try it.

At this time, Doctor Zhou who was on the side saw this situation, but he shook his head helplessly and walked out directly.

He understands the psychology of the family members of these patients, but he has no way of accepting such a practice.

Seeing that Mu Chongshan had agreed, Qin Yuan said directly to Mu Qingmei:

"Mu Qingmei, you help turn your aunt's body over and take off her upper body. I need to give her an injection."

Mu's light eyebrows also took a sigh of relief, suppressing his emotions, and doing what Qin Yuan ordered.

At this time, Qin Yuan took out the pack of silver needles that Mu Qingmei gave him, and after a simple disinfection, he wanted to give Ma Yanfang acupuncture.

But at this moment, an old man's voice suddenly sounded outside the door:.

"Stop it!"

Hearing this sound, everyone standing in the room looked back, only to find an old man with a bright face and a white coat walking in from the outside with a serious face.
