

Special Soldier 84

Chapter 84: World-class liquor flow

At this time, the number of cancer cells in Ma Yanfang's body has fallen below 0.1%!

Even normal people don't have this value!

Doesn't this mean that Ma Yanfang is already a healthy person?

"How is it, Professor Zhou, has my mother's body recovered?"

Mu asked with a smile on his eyebrows, and when he saw the test sheet in his hand, Professor Zhou couldn't speak, but in the end he could only sigh:

"What the **** is going on? Why does your mother have recovered? Could it be that the previous check was wrong?"

"Didn't I already tell you? This is because of Qin Yuan's treatment. You saw it just now!"

Hearing that his mother had recovered, Mu Qingmei was naturally full of joy.

And even if Professor Zhou wanted to break his head, he still couldn't understand why acupuncture can treat cancer!

At this moment, Professor Zhou saw Qin Yuan and the old dean, leading a little girl out of the ward!

When I saw this little girl, Professor Zhou's eyes suddenly became the boss!

"Yinyin? You...you're all right!"

Seeing this little girl's healthy face, Professor Zhou suddenly exclaimed.

It's no wonder that Professor Zhou was shocked. The data on paper and the patients who really overturned their feelings are not the same shocking people.

Ma Yanfang is just admitted to the hospital, Professor Zhou is not very familiar with her yet.

But this little girl, he has been taking care of it for a long time!

Now I see that the little girl has recovered!

Naturally, Professor Zhou was extremely excited!

And the old dean also smiled and said directly to Professor Zhou:

"I asked Mr. Qin Yuan to treat Yinyin, and now she is a normal child!"

This time, Professor Zhou's eyes when looking at Qin Yuan were wrong. It turns out that this guy really has the ability to bring people back to life!

Then, since Mu Qingmei's family had determined that Ma Yanfang's body was fine.

Then, instead of staying in the hospital, I went home directly.

What Qin Yuan didn't know was that he didn't hide Ma Yanfang's treatment from others, so when they learned that Ma Yanfang was cured.

Countless people rushed to the hospital, wanting to ask Qin Yuan to treat them!

After all, there are so many rich people in this world, and there are countless people willing to spend their lives.

At this time, at Mu Qingmei's home, Mu Qingmei looked at Qin Yuan who was busy in the kitchen, her eyes full of surprise.

She was shocked. Is there anything that the person in front of me can't do?

The medical skills are so good, even the cooking is so delicious!

Qin Yuan would have some cooking skills, but since he got the control of the flame, his ability to control the heat has naturally improved by three points.

So the dishes made by Qin Yuan are delicious!

"I'm sorry, I asked you to come to our house as a guest, who knew I asked you to cook."

Mu Chongshan said to Qin Yuan embarrassedly, but Qin Yuan shook his head and smiled slightly:

"It doesn't matter. Auntie is recovering from a serious illness after all. It is difficult to do these things. Besides, I can let you ***** craft!"

Mu Chongshan looked at Qin Yuan, but the more he looked at him, the happier he became. This person in front of him is simply the perfect son-in-law!

Thinking of this, Mu Chongshan walked directly to his room, then took out a box of good wine and came to the table.

At this time, Qin Yuan also put the last dish on the table. Looking at the delicious, delicious dishes, Mu Chongshan was even more excited, and said directly to Qin Yuan:

"Xiao Qin, I wonder if you can drink? Would you like to have two glasses with me?"

After hearing Mu Chongshan's words, Ma Yanfang gave Mu Chongshan a blank look:

"Drinking and drinking, you know drinking. You think everyone is the same as you, drinking so much every day, Xiao Qin, don't be familiar with him. This guy is an alcoholic, and I can't live without alcohol every day. I've never seen him when he is drunk, and he usually costs a pound for a meal. I can't stand him."

But Mu Chongshan smiled:

"What do you women know? Drinking is a man's romance! Come on, Xiao Qin, I will fill you up!"

Mu Chongshan was thinking about getting Qin Yuan drunk now, to see what it was like after Qin Yuan was drunk.

After all, to see whether a person is reliable or not, there is a very important one, and that is to see how others behave when they are drunk.

This is the unique skill that Mu Chongshan summed up!

At this time, Qin Yuan looked at the liquor that Mu Chongshan took out, clearly marked with 52, and suddenly felt a little scalp tingling!

You usually drink a catty when you eat, and it's still this 52-degree high wine. How high is Mu Chongshan's drink?

And Qin Yuan knew that some people are born with a good amount of alcohol, and drinking alcohol will not cause damage to their body. Obviously Mu Chongshan is such a person!

Mu Chongshan poured a glass of wine for Qin Yuan directly, then poured himself a glass, and then just drank it!

After drinking, he gave Qin Yuan a light on the bottom of the cup and winked at Qin Yuan!

Qin Yuan saw this, but he was a little nervous. Why is drinking white wine the same as drinking beer?

However, Qin Yuan understood that if he didn't drink it, wouldn't it be disrespectful to Mu Chongshan?

Fortunately, Qin Yuan still has a grid!

Qin Yuan directly picked up a glass of wine, and drank it up!

Seeing Qin Yuan's appearance at this time, Mu Chongshan's eyes suddenly brightened!

This is a battle-tested veteran!

Mu Chongshan suddenly became interested:

"Come on, let's have a good drink!"

"Then I'm welcome! It depends on your good wine enough!"

At this time, Qin Yuan directly took the liquor in his mouth into the grid! Sure enough, I heard a beep!

"Ding Dong~ Please choose!"

With the prompt sound of the system, three options appeared directly in front of Qin Yuan!

"1, get world-class bartending skills!"

"2, get world-class liquor manufacturing techniques!"

"3, get world-class liquor volume!"

At this time, seeing these three options, Qin Yuan was also a little surprised. He didn't expect to recycle the white wine and still get the bartending skills!

But what Qin Yuan needs now is the third item!

"I choose 3!"

Qin Yuan directly made a choice in his heart!

"Ding Dong, the choice is successful, and the host has won world-class liquor!"

"World-class liquor consumption: accelerate the decomposition of alcohol by the liver, so that the host will not be drunk even if he drinks as much liquor!"

When he saw this explanation, Qin Yuan suddenly smiled! !

He had already obtained the cosmic level of beer alcohol before, but now he naturally wants to raise this liquor to cosmic level!

With Qin Yuan's choice, Qin Yuan's liquor volume has also risen to the universe level!
