

Special Soldier 85

Chapter 85: What's wrong with you

At this time, Qin Yuan would not feel any discomfort when he drank baijiu, but was able to taste the fragrance of baijiu.

Qin Yuan immediately smiled confidently and said to Mu Chongshan:

"Uncle, no matter how much you want to drink today, I will accompany you to have a great drink!"

At this time, Mu Qingmei and Ma Yanfang, seeing Qin Yuan and Mu Chongshan, also shook their heads and smiled.

After all such a thing happened, it's not impossible to have a good time.

At home anyway, let them have a good drink.

Then Mu Chongshan and Qin Yuan chatted and drank.

But what makes Mu Chongshan depressed.

Qin Yuan has already killed one bottle!

Why is there no reaction at all?

Mu Chongshan felt that the real test was only beginning now, and directly opened another bottle to Qin Yuan!

After a while, the second bottle was already down, and Mu Chongshan's face was already a little red, but he looked at Qin Yuan with a pleasant expression, and even thought about the taste of white wine!

This suddenly made Mu Chongshan a little unbearable. He is known as a wine tank. When drinking with others, he has always been afraid of others. He has never been afraid of others!

So Mu Chongshan said directly to Qin Yuan'er:

"Are you okay? Or our father and I have another bottle?"

But Qin Yuan smiled and said directly to Mu Chongshan:

"I always find it unpleasant to drink with a small cup like this, otherwise we just blow on the bottle?"

Hearing Qin Yuan's words, Mu Qingmei and Ma Yanfang who were sitting on the side opened their eyes suddenly.

In their eyes, it is very scary to drink directly one cup after another like Qin Yuan and Mu Chongshan.

But Qin Yuan is still not satisfied, and wants to blow directly on the bottle!

You thought you were drinking white water!

And Mu Chongshan was also infected by Qin Yuan's pride, stood up full of excitement, and shouted:

"Okay! Then we'll have a drink!"

Seeing that Mu Chongshan had agreed, Qin Yuan immediately unscrewed a bottle of liquor, and then stood up with him.

directly raised his head, the liquor in his hand was like a waterfall, and all the sweet liquor was poured into Qin Yuan's mouth!

is simply spectacular!

And when Mu Chongshan saw Qin Yuan's movements, he was also delighted, and then just like Qin Yuan, he poured the liquor!

But drinking like this is even better, not to mention that the two of them have finished two bottles.

At this time, Mu Chongshan was drinking and drinking, suddenly felt a little dizzy, wow, accidentally poured wine on his nose, and suddenly couldn't help coughing!

While watching Mu Chongshan's constant coughing, Qin Yuan slowly put down the empty bottle in his hand, and said to Mu Chongshan with concern:

"Are you okay?"

And Mu Qingmei and Ma Yanfang also quickly took a few shots of Mu Chongshan, but Mu Chongshan laughed loudly:

"I'm taking it now. I can't do it when people are old. I can't compare to you young people. If I do, I can drink almost. My head is a little dizzy. I have to go to bed and lie down!"

Although Qin Yuan's alcohol capacity has not been tested, Mu Chongshan is extremely satisfied with Qin Yuan. Like such a bold drinker, his character is not bad!

And when Mu Qingmei was helping Mu Chongshan to go to the bedroom, Mu Chongshan said to this Mu Qingmei:

"Girl, this guy is really good, but you have to seize the opportunity!"

And hearing such words, Mu Qingmei's face suddenly turned red:

"Dad, what are you talking about? He is just a colleague of mine, not to mention that we have just met few people."

"What's the matter, let me tell you, when I met your mother for the first time that year, I had already targeted her, and then there was a stalker in the back. After so many years, isn't it a good time? This guy is really nice..."

Mu Chongshan murmured this, then fell directly on the bed and fell asleep.

Hearing that his father was still mumbling like that in his sleep, Mu Qingmei's face suddenly turned red.

And Qin Yuan realized that it was not too early, and since he had eaten and drank enough, he should leave.

When Qin Yuan was about to leave, Mu Qingmei said quickly:

"It's so late, where are you going? What's more, you have a drink, why don't you just rest at my house for a night?"

When Ma Yanfang heard this, he also tried to persuade Qin Yuan.

Although Qin Yuan knew that he was not drunk, he was drunk after all. If he encountered a drunk driving investigation, it would be difficult to explain, so he nodded.

"Can this work? We have a small bed in our bedroom, so let Qingmei go to sleep in the small bed in our bedroom, and you can sleep on the bed with Qingmei?"

Ma Yanfang began to distribute, but Qin Yuan was a rousing spirit when he heard this.

let myself go to sleep in Mu Qingmei's room.

Is a bit bad?

"Auntie, I just need to sleep on the sofa..."

Qin Yuan is a little embarrassed now.

and Ma Yanfang said carelessly:

"How can it work? You are an important guest in our family. If you hadn't saved my life, how could our family eat together so harmoniously? That's a deal!"

At this time, Mu Qingmei was a little shy when she heard that Qin Yuan went to sleep in her room.

But what my mother said was right.

Qin Yuan is of great help to his home after all.

can't really let Qin Yuan'er go to sleep on the sofa.

"It doesn't matter, , you can go to my room to sleep, you drank a lot of wine today, go to rest quickly."

Hearing Mu Qingmei had agreed, Qin Yuan was also relieved.

After all, he has used the eight needles in a row today, which is indeed a bit tired.

"Then I will go to rest first."

Qin Yuan rinsed a little, and then directly entered Mu Qingmei's room.

After arriving in Mu Qingmei's room, Qin Yuan found that the whole room was pink.

This surprised Qin Yuan'er. He thought someone like Mu Qingmei.

There will be a clean room.

But this room is a bit messy.

But it is full of cuteness.

Mu Qingmei said to Qin Yuan:

"Then you can have a good rest tonight, I won't disturb you."

Hearing this, Qin Yuan also nodded, and then he relaxed, and rushed directly to the big bed!

But when Qin Yuan got on the big bed, he felt something slippery on his hand.

took it over and saw it turned out to be a piece of silk...

"This....."

Seeing this small piece of cloth, Qin Yuan's nose suddenly became a little hot, and Mu Qingmei, who had just left, turned back again and said to Qin Yuan:

"I got you a new quilt...".

But Mu Qingmei saw Qin Yuan's face flushed, and he was holding his nose in his hands, and suddenly he looked strange:

"What's wrong with you?"
