

Special Soldier 88

Chapter 88: See you will kill

Qin Yuan ran all the way, first went to the market to buy a lot of fruits, only then went to the bookstore to buy a lot of books, that was his destination!

"Back again!"

Qin Yuan looked at the sign of the orphanage at this time, with a smile on his mouth.

Although Qin Yuan had traveled here, he also had some emotions of the original owner. At least he looked at this place, and there was a kind of familiarity and comfort from the bottom of his heart.

When the people in the orphanage saw a jeep driving in, they suddenly cheered:

"Wow, Brother Qin Yuan!"

"Brother Qin Yuan!"

The small carrot heads of a large group of men and women rushed over, and Qin Yuan got out of the car, picked up the youngest child, and said to the older child:

"I bought some fruits and books, you guys move down quickly!"

These older children also looked at Qin Yuan with admiration.

After all, Qin Yuan is a legend in their orphanage. Not only was he admitted to the university, he also reduced tuition, and more importantly, he joined the army directly!

Two days ago, there were still people from the army who came to the orphanage to give commendations, saying that their brother had done a great job in the army!

This is to make these small carrot heads admire Qin Yuan even more!

At this time, an old man in his 60s walked out of the house directly, and looked at Qin Yuan with relief.

And Qin Yuan held a small carrot head, and showed a big smile to the old man:

"Grandma Sun, I'm back."

"It's good to be back! Good to be back! Oh, it hasn't been long since I went here. You see, you are also stronger and more energetic! Grandma, I almost can't recognize you! I can stay here this time. How long is it?"

Grandma Sun walked over and kept touching Qin Yuan'er's clothes.

"I specially asked for leave. I won't stay long, I will leave soon."

Hearing such words at this time, Grandma Sun was a little bit lost, but Qin Yuan said to Grandma Sun:

"You come with me, I have something to tell you."

Qin Yuan directly pulled grandma grandson to a quiet room, then took out a bank card and said to grandma grandmother:

"Grandma, there are 1 million in this card, you use it first."

But after hearing Qin Yuan's words, Grandma Sun's eyes suddenly widened:

"What? 1 million? My goodness..."

"Obuchi, you told your grandma if you did something sneaky. I tell you, you have to stand upright as a soldier. If you dare to do anything to sorry the country and the people, I don't recognize you. grandson!"

Qin Yuan was speechless when he heard this. He knew this would be the case for a long time, and said quickly:

"Grandma, you have misunderstood. This is my meritorious service. This is an award from the army. I don't need money in the army, so I sent it to you."

Hearing this, Grandma Sun was suddenly suspicious:

"This is really a bonus from the army, how come so much?"

"This is to prove that your grandson is an individual talent. The army wants to keep me behind, so it sends so many at once."

Qin Yuankou said nonchalantly, he could never say that he was seeing a doctor or earning money in a casino. If this is to let Grandma Sun know that he has become a gambler, how can he criticize Qin Yuan!

Besides, Qin Yuan wasn't a complete lie, the troops did give him a bonus this time, but Qin Yuan didn't ask for it.

And the last time the rank was promoted, it was only due to Qin Yuan's outstanding performance in the exercise. The two missions Qin Yuan performed had not yet been settled. When the rewards for these two missions are also down, I am afraid that he will have a lot of money.

After hearing Qin Yuan's words, Grandma Sun was relieved immediately. Qin Yuan has always been a good boy. Although the money is a lot, Grandma Sun also believes that Qin Yuan will not lie to herself.

"Well, then I will save it for you, and if you marry a wife in the future, grandma will buy you a house!"

Grandma Sun said with a smile, her heart was full of pride, the troops actually rewarded so much money, it must be Qin Yuan who performed very well in the table.

"Grandma, this is not necessary, you think, even if I get married in the future, I must look for them in the army. Those girls in the army don't care if you have money or not, so I don't need money. Just buy something for those younger siblings."

Qin Yuan was dumbfounded when he heard this. If it really made Grandma grandma save it, then it would be meaningless for Qin Yuan to send money over.

After all, Qin Yuan is worth a lot now. If he were not afraid to spend a lot of money at once and frighten Grandma Sun, he would have changed the environment of the entire orphanage!

But even so, Qin Yuan has already made plans in his heart. It seems that he is looking for an opportunity to let someone pretend to be a rich man, donate a sum of money to the orphanage, and completely change the environment of the orphanage.

And when he heard Qin Yuan's words like this, the grandmother suddenly smiled, as if Qin Yuan had already found his wife, would never argue with Qin Yuan again.

Then Qin Yuan stayed in this orphanage for a day, telling his younger brothers and sisters a lot about himself in the army, and encouraged them to join the army in the future.

That evening, Qin Yuan drove directly back to the barracks.

And Mu Qingmei and Fan Tianlei had already disposed of the corpse, and Qin Yuan went directly to Fan Tianlei, and described what happened before to Fan Tianlei again.

"It seems that they should be members of the Black Dragon Association. Although the people of the Black Dragon Association are all over the world, their base camp is Fusang. Recently, the world has been turbulent, and various forces are constantly expanding, so you should be careful recently."

"It's just a few terrorist organizations. If they dare to come to Yan Nation, they will kill one if they come, and kill a pair if they come two!"

There was a cold light in Qin Yuan's eyes, and when he heard Qin Yuan's words, Fan Tianlei laughed suddenly:

"That's right! The duty of our soldiers is to defend our home and our country. As long as these people dare to cross our borders, then these people will never die with us!"

But Qin Yuan smiled slightly:

"In fact, I think that the G boundary is not just a real line, but a line in the hearts of our soldiers. As long as these people dare to have any bad ideas about our Yan country, then they have already crossed the G boundary. ! Seeing you will kill!"

Hearing such words, Fan Tianlei admired Qin Yuan more and more! !

What Qin Yuan said is right, not only can't do it, you can't even think about it!

Even if you just moved this mind, you are our enemy!
