

Special Soldier 89

Chapter 89: Rescue Ye Cunxin (1)

Fan Tianlei took a long breath and said to Qin Yuan:

"Okay, now that you have come back, then return to the team. Some tasks will find you in the future. Oh, yes, Anfisa joined this team a few days ago. Anran called me before and said she wanted you to go. Fire Phoenix take a look, don't know if you want to?"

Upon hearing this, Qin Yuan's eyes suddenly brightened. Since returning to the army, he has not seen An Ran. He did not expect the two women to form a women's special team.

"Well, I'll go take a look and give them some instructions by the way!"

Qin Yuan smiled and left the room directly.

While looking at Qin Yuan's leaving back, Chen Shanming, who had been standing on the side without speaking, said:

"Golden Eagle, you have really found a good seedling this time."

"Yes, I hope he can bring us some good changes."

Fan Tianlei looked at Qin Yuan at this time, with a smile on his mouth, but he glanced at his leg again and sighed softly.

"Scorpion, when will I find you!"

At this time, Qin Yuan happily drove the jeep and directly found the location of the Fire Phoenix.

Fire Phoenix Training Camp is also in a ravine, similar to the Wolf Warriors team.

At this time, the sky has dimmed, but this has little effect on Qin Yuan, after all, Qin Yuan has night vision ability.

It's just that when he was about to reach the Fire Phoenix station, Qin Yuan heard a howl of a wild wolf.

"Oh, there are wolves here, do these women have nightmares when they sleep!"

Qin Yuan said maliciously, apparently not long after the Fire Phoenix team was established, Qin Yuan knew exactly what the members were like.

I heard that An Ran and Anfisa became the captains of these people, and Qin Yuan became more interested in these people.

But at this moment, Qin Yuan suddenly heard a faint voice, stopped the car, turned on the night vision ability, and then took a look around. He was surprised to find that he was in a jungle in the distance. Among them, there were three wild wolves, directly surrounding a woman.

At this time, Ye Cun was leaning on a big tree stubbornly, holding a thick wooden stick in his hand, facing the three wild wolves, with a panic in his heart.

Even if she is not afraid of the sky, looking at these 6 green eyes in front of her, she can't stop the hair.

She understands that the more she encounters these wild animals, the less she can turn around and escape. Once she escapes, she will expose her back to these beasts. That is the real death!

The only chance she has to survive now is to wait until the people of the Phoenix find themselves!

At this time, Ye Cunxin regretted it, why didn't he take a good rest at night?

Isn't it that I can't beat the one called Anfisa.

The training time is still short, as long as you work hard, you will definitely be able to catch up with the opponent!

Why don't you want to go for a walk!

But at this moment, Ye Cunxin suddenly saw a bright light in the distance and the sound of a jeep starting, and he became excited and shouted:

"Come on, come and save me!"

At this time, Qin Yuan heard this voice and walked directly over, and in his mind, he suddenly remembered a loud noise:

"Ding Dong~ Post a mission to save Ye Cunxin and reward a grid."

Hearing such a voice, Qin Yuan showed a smile on his face, then got out of the jeep and walked towards the small forest.

Ye Cunxin was refreshed when he heard someone coming, and said directly:

"Be careful, there are three wild wolves here, you must have weapons!"

But as soon as she finished speaking, she saw a man come over with bare hands!

Ye Cunxin's heart was suddenly desperate!

is over!

I dragged this man into the water!

"Did you not hear what I said? There are three wild wolves here! You must have weapons, do you come here empty-handed to find death?!"

Hearing Ye Cunxin's words, Qin Yuan couldn't help but frowned. As expected, he was a well-known little hot pepper. In this situation, he was still in the mood to curse.

And the three wild wolves found Qin Yuan, and they also made a threatening roar at Qin Yuan!

Don't know why, they felt an unprecedented threat from the creature before them.

But the food that reaches the mouth can't be let go so easily. The three wild wolves exchanged a bit and suddenly rushed towards Qin Yuan!

And Ye Cunxin saw these three wild wolves and attacked Qin Yuan directly, with a cold sweat on his forehead!

yelled, directly waved the stick in his hand, and attacked the wolf!

But she hadn't even touched the wolf, she heard a whimper, and a huge body flew back directly!

hit a tree trunk with a bang, there was no more sound!

I saw Qin Yuan shooting like electricity, and the huge power burst out, slapped a wolf's head directly with a slap, and immediately smashed the wolf's head!

kicked a wolf out again, and in a blink of an eye there was only one left.

But even if there is only one left, the wolf at is still staring at Qin Yuan, without any intention to flinch.

This gave Qin Yuan a hint of appreciation for the wolf.

The most important ability of the wolf pack is cooperation and persistence. Many special forces regard the spirit of the wolf pack as their troop spirit.

And this wolf obviously possesses such a spirit.

Seeing this, Qin Yuan didn't even want to kill the wolf.

It's just that Qin Yuan is willing to let go of this wolf, but this wolf is unwilling to let Qin Yuan go.

While Qin Yuan revealed a flaw, the wolf jumped up and bit towards Qin Yuan's throat!

There was a trace of regret in Qin Yuan's eyes, and then he directly hit the wolf with a heavy punch, and immediately knocked the wolf out.

The wolf landed on the ground, apparently his bones were broken by Qin Yuan. There was only air coming out, not air coming in.

Qin Yuan walked over slowly, with a trace of respect, and then gently pinched, ending the pain of the wolf.

"Ding Dong, complete the task, reward a grid!"

Hearing the system prompt, Qin Yuan slowly stood up, then looked back at Ye Cunxin:

"The little girl's family, who didn't sleep in the barracks at night, why did you run out?"

Ye Cunxin reacted from shock when she heard this.

Just now she watched Qin Yuan's three punches and kicked all three wild wolves, and was completely shocked by Qin Yuan. .

But after hearing Qin Yuan's slight reprimand, Ye Cunxin subconsciously refuted:

"I'm happy! Can you manage it?"
