

Special Soldier 90

Chapter 90: Painful Enron (2)

As soon as he finished speaking, Ye Cunxin regretted it. How could he say such things to his savior?

It's just that the words have already been said. Now if I apologize again, is it a bit too embarrassing?

Qin Yuan shook his head when he heard this. Fortunately, he knew what kind of character Ye Cunxin was, and he didn't bother to care about Ye Cunxin.

directly mentioned the corpse of the wild wolf and walked towards the woods.

And Ye Cunxin saw Qin Yuan's movements and yelled at Qin Yuan a little tangledly:

"What are you going to do?"

"Bury these three wild wolves, don't follow them."

Watching Qin Yuan's figure slowly disappear into the darkness, Ye Cunxin murmured:

"If you don't pass, you won't pass, what's so great?"

But looking at the darkness around, Ye Cunxin was also fraughty.

And Qin Yuan heard Ye Cunxin's voice and shook his head and smiled, as expected, he hadn't become a real fighter at once.

In fact, Qin Yuan came here not only to bury the three wolves, but also to avoid Ye Cunxin's sight.

Because Qin Yuan wants to try it, what kind of skills will be given to him by recycling these three wolves!

"System, recycling!"

As Qin Yuan's hand moved, the three wolves immediately disappeared from Qin Yuan's hand.

But Qin Yuan thought of a voice in his mind:

"Ding Dong~ Please choose!"

"1, get world-class long-distance running ability"

"2, get the world-class Spike Wind Fist!"

"3, get the will to battle flag-unity!"

Seeing these three options at this time, Qin Yuan's eyes suddenly brightened!

As expected, my choice was right. These three wolves really gave me a lot of benefits.

Although Qin Yuan's current running speed is very fast, his physical strength is also very strong, but there is always a time when he runs out, and this long-distance running ability is estimated to greatly increase Qin Yuan's endurance, which is a very useful skill!

"System, I choose 1~"

"Ding Dong~ Choose success and get world-class long-distance running ability!"

"World-class long-distance running ability: It can strengthen the host's consumption during long-distance running and enhance the host's physical fitness, within 50 kilometers, no consumption!"

50 kilometers without consumption?

Seeing this, Qin Yuan was immediately excited. Fifty kilometers is a long distance for Qin Yuan now, but this long-distance running ability can make Qin Yuan useless?

What is this concept?

When the others finished running 50 kilometers, they were almost exhausted to death, but Qin Yuan was still calm, and did not consume any physical strength!

What's more, this also increased Qin Yuan's physique. It is estimated that if Qin Yuan is willing to keep running, he doesn't know how far he can run!

"Not bad!"

Qin Yuan smiled satisfied, and then continued to choose.

The second option, Langya Fengfengquan, and the mantisquan Xu Feng currently possesses are both boxing techniques, which are somewhat duplicated, so Qin Yuan will not choose for now.

And what really interests Qin Yuan is the third option!

"Zhanqi Will? What does this mean?"

Qin Yuan said with some confusion. This is the first time he has seen a skill without a level.

Fortunately, Qin Yuan's grid is left, so he simply consumes one grid to see what this thing is like.

"I choose 3!"

"Ding Dong~ Choose success, get the will of the battle flag-unity!"

"Battle Flag Will-Unity, Passive Skills, unity bonuses for all the teams where the host is located, increase group tacit understanding by 10% when fighting cooperatively!"

Qin Yuan saw this skill, and suddenly exclaimed, this turned out to be a halo skill.

Qin Yuan thought that the skills of the system could only affect him, but he did not expect that it could even affect the team he led.

This 10% doesn't seem to be much, but if everyone can increase it by 10%, and the accumulation will add up, the impact on the team's combat effectiveness will naturally needless to say!

It's just that Qin Yuan was a little disappointed that there was no way to upgrade this battle flag skill, so he chose it at once.

If this can raise the battle flag skills to the cosmic level, I am afraid that Qin Yuan can lead a few people to achieve full understanding in an instant, it would be terrifying!

After that, Qin Yuan raised his long-distance running ability to the perfect level, then dug a hole, buried the three wolves, and then returned to his car.

At this time, Ye Cunxin was waiting for herself in the jeep.

Seeing Qin Yuan coming back, Ye Cunxin dodged his face, looked up, and said to Qin Yuan:

"I'm sorry just now, I have a bad attitude towards you, thank you for saving me."

Qin Yuan glanced at this little girl at this time, shook his head, directly started the car, and headed towards the Phoenix Base.

At this time at the Fire Phoenix Base, An Ran looked at these people and said anxiously:

"Have you not found the little girl Ye Cunxin?"

"No, we almost searched the base, and we couldn't find her. Will she go out?"

At this time, Shen Lanni said with sweat on her forehead. Although she was a bit uncomfortable with Ye Cunxin's little girl, she would be sad if something happened to Ye Cunxin.

At this time, Anfisa, who was standing on the side, was also a bit sad, did he teach that little girl too hard?

"Captain, there seems to be a jeep coming!"

Tian Guo called to An Ran, UU read www.uukanshu.com and An Ran heard this and said to everyone:

"You continue to look for it. I will first go and see who it is. If we really can't find it, we can only ask for help from others, and then the large army will come and help us find it!"

Hearing this, everyone looked ugly, and if this were to this point, their Phoenix would be really ashamed!

An Ran walked two steps, and suddenly fell to the ground by accident. Anfisa quickly caught An Ran:

"You can't do it, if you can't, I will find someone!"

"Okay, it's just something that happens every month, it's nothing!"

An Ran said in a deep voice, just feeling the pain in his stomach like a knife, his face turned pale, and he couldn't help falling in cold sweat.

"Don't try your best, you won't be able to go this way, hurry back to your room and rest!"

Anfisa dissuaded An Ran. An Ran just wanted to say something, but suddenly he heard Tian Guo scream at the door:

"Captain, I found it! I found it! Ye Cunxin is in that jeep!"

Hearing this, An Ran's heart suddenly loosened, and she was about to fall to the ground.

But at this moment, she saw a dark figure rushing over, and she fell directly into a strong arm.

Qin Yuan looked at An Ran at this time, and asked blankly:

"What's wrong with this? How did it make it like this?".

But at this moment, Qin Yuan heard a beep from the system:

"Ding Dong, help Anron treat dysmenorrhea, unlock a grid!"
