

Special Soldier 91

Chapter 91: Relentless Please (3)

what?

Dysmenorrhea?

Qin Yuan was stunned!

Although he knew that there was such a thing, it was really hard for Qin Yuan to imagine that a woman would faint because of such pain.

In fact, this is Qin Yuan's ignorance. Many girls are terrified of this matter, especially girls with cold bodies, who even prepare painkillers when they come to the letter.

"You can't control this, it's a woman's business, Ye Cunxin, let her come out!"

An Fei Shaman said angrily. Originally, An Ran was very uncomfortable today, but Ye Cunxin also broke out such a thing, making An Ran anxiously angry, which naturally aggravated the symptoms!

This time Ye Cunxin saw such a situation, and his forehead was sweating too.

She knew that this time she really had a catastrophe. If she hadn't met Qin Yuan by chance, she would have lost her life.

If something like this happened, she might be able to stay in the Phoenix!

"Leave her alone, now the most important thing is to treat An Ran! Where is your dormitory? And bring me a pot of warm water!"

Hearing Qin Yuan's words at this time, everyone was shocked.

What does this man mean? Does he also have a solution to this kind of thing?

"Qin Yuan! What An Ran got is..."

"I know, hurry up and prepare things!"

A confident smile appeared on the corner of Qin Yuan's mouth, and then he hugged An Ran, and soon arrived at the dormitory. After putting An Ran on a bed, he opened An Ran's clothes and put his hand on An Ran's stomach. on.

Fortunately, when I recovered my underwear before, I got this kind of treatment for dysmenorrhea and gynecological disease. Otherwise, Qin Yuan could only use the eight needles against the sky!

At this time, watching Qin Yuan give An Ran a massage like this, the little girls on the side looked at each other, not knowing if they should stop.

But Anfisa knew Qin Yuan's power, and said directly to these people:

"What are you still doing, don't you have to get a pot of hot water!"

"Yes!"

"I will go now!"

Suddenly there was a flurry of jumps.

And Qin Yuan was not affected at all, and concentrated on giving An Ran a continuous massage.

Just feeling An Ran's tight and firm belly, Qin Yuan couldn't help but sigh.

is indeed a trained special soldier, with strong abdominal muscles!

It's a pity that I can't stop this magical damage.

With Qin Yuan's massage, An Ran's complexion gradually improved, and then he fell asleep deeply!

At this time, everyone was surprised when they saw such a situation.

This is just two gentle massages, is it effective?

But seeing An Ran's tight brows, they have loosened.

Everyone looked at Qin Yuan's eyes,

is like looking at a Godzilla.

Seeing the gazes of those around him, Qin Yuan immediately felt proud.

Systemic massage technique, is that what you little girls can understand?

"Ding Dong, complete the task and get a grid."

Hearing the system's prompt tone, Qin Yuan's hands kept on, but continued to massage An Ran. He wanted to completely clear An Ran's pain.

After a while, Qin Yuan took his hand away from An Ran, and An Ran had completely fallen asleep, even with a relaxed smile on his face.

It's just that when Qin Yuan turned his head, he saw a group of little girls with shining eyes, and he immediately frightened Qin Yuan.

At this time, Anfisa looked at Qin Yuan and said excitedly:

"Dear brother, I didn't expect you to still have this hand, or else would you give me a massage?"

"You? Are you uncomfortable?"

"Hey, there is no real pain in women, not to mention the fact that we are training every day, and the body is even more uncomfortable. Come on, cure the disease and prevent yourself from the disease!"

Anfisa's mouth was filled with a smile, holding Qin Yuan's hand just to touch his belly.

And at this moment, hearing such words, the other people in the fire phoenix felt their own stomachs with lingering fear.

Anfisa is right. How could they not leave any hidden injuries after training every day?

Normally, it's okay, but when menstruation comes, they still need to continue training, and they will naturally accumulate pain.

Now it's hard to have a doctor, who is still such a powerful doctor, they naturally don't want to let it go easily!

Thinking of this, these people suddenly rushed towards Qin Yuan!

"Handsome guy, show me you too!"

"I also want!"

"I'm here first!"

Qin Yuan looked at these terrifying girls at this time, and immediately fled.

As expected.

When there are more boys than girls, it's boys molesting girls.

And when there are more girls than boys, it is girls who are molesting boys!

"Come one by one! Come one by one!"

Qin Yuan only had time to say such words, and was overwhelmed by this group of people!

Early the next morning, when An Ran woke up, he found Qin Yuan sitting on one side.

"Hey, Qin Yuan? What's wrong with you?"

An Ran looked at Qin Yuan at this time, like a gray statue, completely puzzled.

"Women...women...it's terrible..."

Qin Yuan said the last sentence, and it broke directly...

.....

After half an hour, said to the group of players with a seriousness:

"How did you do it one by one, you bullied the people I invited! Everyone gave me extra training!"

"Yes~"

Although An Ran was reprimanded, these girls were still convinced. Yesterday they took Qin Yuan for a massage and did it in the middle of the night.

It's just that they looked at Qin Yuan in their eyes, but it was like a big bad wolf seeing Little Red Riding Hood, with gratitude and greed.

"Hey, this little brother named Qin Yuan is so handsome and has such a skill in medicine. If he could be a boyfriend, that would be great!"

"Hmph, your **** are so small, Qin Yuan won't find you as a girlfriend, and you're looking for me!"

"You all have no chance! It is obviously Captain Enron!"

At this time, An Ran heard these muttering words, and suddenly became even more angry:

"Shut up all of you, everyone has two hundred push-ups!"

Hearing the captain's madness, these talents closed their mouths and got down and did push-ups!

At this time, An Ran's face looked better, and he said to Qin Yuan on one side:

"I'm sorry, I originally wanted you to give us some advice on our training, but it just made you joke!"

"It's okay, they are all little girls, and they are normal."

Qin Yuan smiled at this time, but seeing that Qin Yuan did not take it seriously, An Ran was relieved, and then said to Qin Yuan'er:

"In this case, I have a ruthless request, can you come to be our training instructor?"
