

Special Soldier 92

Chapter 92: problem occurs! (four)

Training instructors?

Qin Yuan was a little surprised when he heard this. Didn't the people like Thunder God come to be Fire Phoenix's instructors before?

seems to be the appearance of himself, and it has an impact.

But Qin Yuan didn't want to be the instructor of these people.

"Never mind being an instructor, I'm just a second lieutenant, and the rank is not as high as yours, forget it!"

Hearing such words, An Ran's face was a bit ugly, and then said to Qin Yuan:

"Do you also think that women special forces are completely unnecessary? Think women can't be soldiers at all?"

Qin Yuan heard this, but a smile appeared on the corner of his mouth:

"Of course I don't think so. Although women are inferior to men in strength, their endurance and will have higher limits than men. What's more, there are excellent female fighters like you."

Qin Yuan paused for a moment when he said this:

"I just feel that these people in front of me are not special forces."

The words of An Ran and Qin Yuan did not hide from these people, but when they heard Qin Yuan's words, everyone's brows wrinkled tightly.

At this time, An Ran saw the unconvinced look of these people, but said directly:

"Do you have any qualifications to be unconvinced? Do you know who is standing in front of you, and in the last military exercise, led the red team to defeat the blue team, single-handedly killed the blue commander-in-chief, and then returned it. Alone captured the notorious international wanted criminal Liu Fatty, and even killed the international drug dealer Bukit who wanted to escape!"

"Such a record, do you deserve to be convinced?"

Hearing An Ran's words, these people immediately looked at Qin Yuan with surprise.

Is it because Qin Yuan's reputation is low? It is true that Qin Yuan's attitude was very good last night. They really did not expect Qin Yuan to have such a sturdy record.

"Everyone turns right, 10 kilometers deep mountain cross country, start!"

An Ran shouted loudly, and then these girls, all carrying their own backpacks, started today's training!

Qin Yuan was a little surprised to discover that, in fact, An Ran didn't need to make any suggestions. As long as Qin Yuan stood here, it would be a kind of silent encouragement for these girls.

After all, these people can come to participate in the Fire Phoenix, all of them are arrogant people, let them admit that they are worse than the male special forces, which is more difficult than killing her!

What's more, they really don't want to show their timidity in front of Qin Yuan's eyes!

This time Qin Yuan was interested. To be honest, he originally had a negative attitude towards female special forces participating in combat.

After all, when you fight with others, they don't care if you are a man or a woman. Therefore, if you want to become a real special force, the most basic point is to confuse your own gender concepts.

But when Qin Yuan saw these girls clenching their teeth, he really felt that these people had a touch of cuteness on them.

Then Qin Yuan stayed here temporarily, acting as a "pump" for these female soldiers.

Originally, Qin Yuan wanted to give An Ran a few words, and came up with some training methods in the original drama, but later discovered that An Ran's training is probably more demanding than Thor's training!

After all, Thor is a man. Although he said that he treated him equally, he still couldn't stop showing mercy to these women in his heart.

But Anran is a special elite with a lot of practical experience, he is darker and more cruel!

Because she understands that once these girls are not trained enough and are captured or defeated by others on the battlefield, the ending will be miserable!

A few days later, when Qin Yuan was watching the training of these female soldiers on the mountain, he received a call, and Qin Yuan saw that the person calling him turned out to be Grandma Sun.

Qin Yuan was taken aback for a moment. Grandma Sun usually doesn't call herself. Could something happen? Thinking of this, Qin Yuan directly connected the phone.

"Hello? Grandma, what do you want me to do?"

Qin Yuan asked directly, but at this time, a man's voice came from the phone:

"Your grandma is in my hands, as well as the small carrot heads from your orphanage, all in my hands. If you want to keep them alive, you will come to No. 50 Sanshan Street in the suburbs by yourself. Live, don't let us see other people, or it's not something you can bear."

After finished speaking, the man hung up the phone.

At this time, after Qin Yuan heard the call, he put his hand down in a daze, and his whole person looked a little sluggish.

Ye Cunxin, who had just completed a five-kilometer armed cross-country on one side, saw Qin Yuan's appearance, and asked suspiciously:

"Old Qin, what are you doing?"

But Ye Cunxin saw Qin Yuan's eyes at this time, but was shocked!

It was a pair of eyes filled with endless anger. Although Qin Yuan didn't have any actions or words, Ye Cunxin felt that this man had turned into flames, a revengeful Ashura with three heads and six arms!

"Tell An Ran, I have something to leave first!"

Qin Yuan said to Ye Cunxin, and then left here directly.

And Ye Cunxin looked at Qin Yuan in shock, wondering what happened to Qin Yuan and why he was so angry.

Especially when he saw the mobile phone fragments that Qin Yuan casually threw aside, Ye Cunxin knew that something was wrong!

immediately contacted Enron.

And when An Ran heard Ye Cunxin's words, her heart trembled, and she wanted to call the Golden Eagle!

But An Ran hasn't done anything yet, but Fan Tianlei has come first!

"An Ran, is Qin Yuan with you!"

"Chief of Staff Fan, Qin Yuan received a call just now and left angrily. What happened!"

When he heard these words, Fan Tianlei's heart trembled and he shouted:

"Oh, is one step late!"

Then he directly explained to An Ran.

It turned out that they received a reminder from the inner answer that the people from the Black Dragon Club had gathered, as if they were planning to do something.

It's just that I don't know where the Black Dragon Club's stronghold is. Originally, Fan Tianlei wanted Qin Yuan to participate in this mission, but at this time, he received a call for help from the city police!

Someone is missing in an orphanage, like being looted!

And Fan Tianlei checked, this orphanage is the one that Qin Yuan has lived in since childhood!

How can Fan Tianlei fail to understand this time, the Black Dragon Club is obviously coming to Qin Yuan this time!

He just wanted to call Qin Yuan. He wanted to calm down Qin Yuan and don't be impulsive, but the phone didn't get through, so he had to call An Ran.

But it was still a step too late, Qin Yuan had already left the Phoenix Base!
