

Special Soldier 94

Chapter 94: Deadly Eyes (6)

At this time, Fujishita saw a person on this jeep!

At this time, Fujishita simply couldn't dodge, and with a bang, he was directly hit by the jeep and flew out. The bones on his chest were all crushed, and the whole person flew to the wall, completely without breathing!

At this time, a few playing cards flew out of this jeep in an instant. These playing cards seemed to have eyes, and directly killed several killers near the jeep!

Qin Yuan hurried to Grandma Sun's side and said to everyone:

"Hide behind the jeep!"

It is not difficult for Qin Yuan to kill all the people in the Black Dragon Society alone, but it is not easy to protect these orphanages!

So Qin Yuan took a lot of effort to get the jeep upstairs next to him, and he drove the jeep directly over!

is to provide a place to hide for Grandma Sun and these little carrot heads!

"Brother Qin Yuan!"

"Brother Qin Yuan!"

At this time, these little turnip heads saw Qin Yuan's divine soldiers descend from the sky, and directly saved them. They were so excited that they kept shouting Qin Yuan's name!

And grandmother grandmother is also shining, she did not expect her grandson to be so powerful after he became a soldier!

After setting up Grandma Sun and the others, Qin Yuan's eyes suddenly showed a bright light, and then using this jeep as a base, two hands of poker could not help flying, killing one after another Black Dragon Society!

At this time, Murata saw that the great form was actually cracked by Qin Yuan in this way, and he was immediately furious, and said to his subordinates:

"Shoot! Shoot!"

It's a pity that Qin Yuan's jeep is a military jeep with first-class bulletproof capability. For a while, they couldn't beat this jeep through!

Seeing this, Murata gritted his teeth again:

"Killer team! Come on!"

The reason why the Black Dragon Club is so sweeping across the world is because they have a mysterious warrior killer team!

All of these people are well-trained and have weird body styles, and basically they don't use guns, they use katana, darts, and other cold weapons.

But even so, few people are their opponents!

The four Fusang people that Qin Yuan killed before were all from the killer team, but there were seven in front of him!

These 7 people, holding various weapons in their hands, rushed directly toward the jeep!

Qin Yuan found that the situation was not right, and immediately understood that he could no longer stay here and rushed out.

took out a pistol in his left hand!

bang bang bang

Several consecutive shots!

directly hit the three people on the left!

And the right hand is a series of playing cards!

scattered the three people on the right!

But these people are indeed well-trained, and Qin Yuan's left hand pistol only killed two people.

The poker on the right also killed one person and injured three others!

"Haha, this kid is just relying on his own flying tricks, as long as he gets close! It definitely won't work!"

Murata thought with excitement, but the next scene directly caused Murata's eyes to stare out of fright!

I saw Qin Yuan directly fall down like a tiger, with strong muscles in his right hand, almost breaking his clothes, and with incomparable power, he smashed towards a member of the killer team!

This person couldn't dodge, and Qin Yuan was punched through his chest abruptly!

The blood spattered, and the few people around were frightened.

Although they are all dead men, but seeing their comrades die so miserably, they are also in their hearts!

But soon, there was a trace of madness in their eyes.

This is already the case, either you die or I live!

If you want to survive, you can only kill Qin Yuan!

At this time, the remaining three assassins hurriedly used their strongest killer moves and attacked Qin Yuan together!

And Qin Yuan still has a corpse in his right hand, he will definitely not be able to dodge, they have a chance!

But Qin Yuan showed a sneer at this time, 7 times the nerve reaction speed, making these people's movements extremely slow in Qin Yuan's eyes!

Qin Yuan still has margin to calculate how many people he has killed!

Hoo!

Qin Yuan used his right hand to throw away the corpse in his hand, and then put on a mantis fist posture and waved at his side!

A silver light flashed, like a blade flying!

I saw these assassin's dead men who had attacked, their necks all showing a bright red, and then they fell directly to the ground!

哧!

Three scarlet rains of blood spurted out directly, looking very strange and terrifying!

The Mantis Fist and the Mantis Sword are passed down in the same line. Although Qin Yuan does not know the Mantis Sword, his hand is the strongest sword!

Looking at the strongest hole card in his hand, he was unable to fight back in Qin Yuan's hand, and Murata was so scared that his nose would come out.

hurriedly rolled over and hid directly behind the jeep, then grabbed a small carrot head, pointed the gun at the little boy's head, and said to Qin Yuan:

"Stop it! If you don't do anything again, I will kill this kid!"

Qin Yuan frowned when he saw this situation, but he took a closer look at the location of Murata, but there was a sneer at the corner of his mouth, and then he flew a piece of poker directly toward Murata!

Murata, of course, understood the power of Qin Yuan Poker, and immediately blocked this kid in front of him!

Sure enough, that poker card bypassed Murata and was directly inserted into the jeep!

Murata's heart is immediately happy, his actions are effective!

But when he wanted to continue to threaten Qin Yuan, he found that Qin Yuan ignored himself and continued to slaughter the remaining people!

Murata did not expect that Qin Yuan would not play cards according to common sense. Does he really care about these children?

These people from the Black Dragon Club, only the killer team are considered masters.

But even these people.

When dealing with Qin Yuan, he was also unable to fight back.

Not to mention these ordinary helpers!

Seeing that his subordinates were about to be killed, Murata was immediately very anxious.

He understands!

It's definitely impossible to escape to the pursuit of Qin Yuan alone!

Murata just thought about shooting the arm and leg of this little carrot head to make Qin Yuan pay attention to himself!

But at this moment, he saw that Qin Yuan showed a hideous smile to himself!

made a lip shot at him!

"Is this guy crazy?"

Murata didn't understand what Qin Yuan was doing, but at this moment, he suddenly heard a gunshot from a distance!

"Boom!"

At this time, the upstairs opposite remembered the sound of a sniper rifle. Murata was overjoyed. He still had a trump card in ambush. How could he forget the sniper?
