

Special Soldier 97

Chapter 97: challenge?

Hearing what Fan Tianlei said at this time, people around him suddenly exclaimed.

"So this guy is Qin Yuan."

"Is he the one who shined in the exercise?"

"It doesn't look like there is more nose and two legs than others."

The people around have naturally heard of Qin Yuan's name. After all, as a small soldier, he directly beheaded Lanfang No. 1. Such a record is unprecedented. They naturally heard of Qin from other populations. deep.

But even so, there are still people who are not convinced:

"It's just that luck is better, I don't believe it, he can really kill the entire blue defense system by himself."

"It means maybe it was because of the coldness that I got the head of No. 1. Does this also represent his strength?"

Hearing such words at this time, those people also nodded, although they could also understand that Qin Yuan might be really amazing.

But since it is a new special team, it should highlight fairness, but Qin Yuan does not even give a chance for fair competition, so naturally it makes them feel resentful!

At this time, Li Erniu, He Chenguang and others all had their eyes glowing. They knew that Qin Yuan was very powerful, but they didn't expect that Qin Yuan was already so powerful that he could let Fan Tianlei take the initiative to open the back door for him.

"Brother Yuan is amazing! You were admitted directly."

"Isn't this normal? With the strength of Brother Yuan, it's just another process."

At this time, Qin Yuan heard Fan Tianlei's voice and walked out slowly, but there was a wry smile on the corner of his mouth.

This Fan Tianlei, in front of everyone, directly called himself out, obviously setting himself as a target.

However, Qin Yuan seemed to understand what Fan Tianlei really wanted to do, and slowly shook his head. Since he wanted Qin Yuan to be a sieve and screen these people for him, then Qin Yuan would naturally help him!

As Qin Yuan expected, after Qin Yuan occupied the front of everyone, Fan Tianlei said directly to the soldiers who came to participate in the selection:

"What are you talking about while whispering, don't think I can't hear you. I know you are all top soldiers in the original army. Seeing me directly choose one person, you will definitely feel dissatisfied."

"However, Qin Yuan's strength has been tested by all of our Langya personnel. With his strength, it comes to our red blood cells, and even the glory of our red blood cells!"

At this time, hearing Fan Tianlei's words, the following people felt even more unconvinced:

"Oh my God, this chief of staff must have collected money."

"It's not necessarily, maybe there is a big man behind this kid, alas, you said he is a princeling, why are you fighting with us little soldiers?"

"It's okay to be idle."

"I thought this RBC special team is a good place. Who knows that something like this happened when I first came, so why not come."

Seeing that there were still people in the audience, Qin Yuan stood up directly.

It is reasonable to say that Fan Tianlei's recognition has been obtained, and the task of joining the red blood cell team should have been completed.

But the system did not give any prompts, which made Qin Yuan understand what to do.

He knew that this grid won't be so easy.

Qin Yuan said directly to the people in the audience:

"I know all of you are not convinced. I think I came in through the back door. But now I can give you a chance. Any of you can come up and challenge me. As long as you can defeat me, then I will My status as a red cell special force is handed over, and I will also be given a bonus of 50,000 yuan, how?"

Hearing Qin Yuan's words, Fan Tianlei, who was standing on the side, suddenly smiled. He knew that Qin Yuan was a proud person. Facing these people's doubts, he would definitely stand up to prove his strength.

And he also wants to continue this opportunity to see how great Qin Yuan is!

After all, just listening to others say that he has not seen Qin Yuan make a move!

And the players below were in an uproar. How arrogant this kid is, one person dares to challenge all of them, and there is a bonus of 50,000 yuan!

Although some people don't take the 50,000 yuan bonus very seriously, they can still enter the red blood cell team without the test, which is a bit tempting.

Everyone was eager to try, even Xu Tianlong was hesitant to show his hands.

At this time, a strong man looked around and found no one to stand up, and he shouted:

"What you said is true, no matter what it is, as long as you can outperform you, will you give up your identity?"

"There is no joking in the army, but I said this next to the chief of staff, the chief of staff did not question, what are you afraid of?"

The strong man glanced at Fan Tianlei, and Fan Tianlei also nodded, and said to this person:

"If you think the 50,000 yuan bonus is too small, I can personally add another 50,000. As long as you can defeat Qin Yuan, you may even become the captain of the red blood cell team."

Hearing this, the strong man was immediately excited, walked out directly, paid a military salute to Qin Yuan, and said directly:

"Lieutenant Zhao Haipeng, challenge like you!"

Qin Yuan just nodded, After that, everyone just got out of position. Zhao Haipeng got a little warm, and saw that Qin Yuan was ready, and put on a posture.

"Oh, Zhao Haipeng may actually have two brushes in his hands."

At this time Xu Tianlong said in a low voice, because he had recognized that the posture this brawny man took was Ba Ziquan!

Xu Tianlong himself is a person from a family of antiquities, so he has a broad range of knowledge.

And this Baziquan is a variant and another name of Bajiquan!

This kind of boxing technique is extremely fierce, and this Zhao Haipeng is 1.9 meters tall and weighs a full 1. He looks half a head taller than Qin Yuan. Such a person is the best candidate for practicing Ba Ziquan!

"Please!"

Zhao Haipeng said, and then rushed towards Qin Yuan, a straight fist hit Qin Yuan's face, this fist was anxious and fierce, and even caused a gust of wind pressure to make He Chenguang, who was watching. The three of Li Erniu were a little worried.

If this is really defeated in full view, it would be a shame!

Qin Yuan didn't evade, he hooked both hands and went directly to Zhao Haipeng's elbow, directly intercepting the blow!

"Mantis Fist!".

Zhao Haipeng was also shocked. With this baziquan, he had no opponents in the whole company, but who knew that he had just arrived here and met the same ancient martial artist!

And Qin Yuan also has a hint of excitement. Of course he can recognize that the other party is also a master. It just so happens that he also wants to experiment, as a world-class mantis boxing, how powerful it is!
