

Special Soldier 99

Chapter 99: What is a gun god?

10 rings?

Fan Tianlei frowned upon hearing this, and asked the reporter:

"Are you sure you read it right? 10 rings?"

The target reporter also twitched his mouth and nodded directly:

"Yes, it is ten rings, a hundred rings in total!"

Hearing such words at this time, the people around him simply exploded the pot!

"Ten rings? How could it be possible!"

"Damn, I ran so fast just now, it scared me to death. It turns out that this guy is a silver spear head, and he doesn't have any marksmanship at all!"

"Are you an idiot? There must be a problem here. You can shoot 100 bullets and shoot 100 rings. Show me!"

Some people around me questioned, some mocked, and some couldn't believe it.

And Fan Tianlei frowned tightly. He knew that Qin Yuan's marksmanship was not weak, and he helped Spike Squadron to kill Bukit before. How could he hit a hundred rings?

Yu Guang also swallowed nervously. Just by watching Qin Yuan's movements, he knew that Qin Yuan was not a man of reputation. There must be other reasons!

Qin Yuan had a relaxed look. Seeing Qin Yuan's appearance, Yu Guang suddenly thought of a possibility, suddenly widened his eyes, and said to Fan Tianlei:

"Chief of Staff, can you bring the target paper over for everyone to see?"

Fan Tianlei heard what Yu Guang said, and thought of something, and said to the reporter quickly:

"Bring the target paper over!"

Soon, the target paper was delivered, and looking at the traces on the target paper, Fan Tianlei and Yu Guang both took a breath of air-conditioning.

The people around were also a little curious, and they immediately gathered around and looked at the target paper in Fan Tianlei's hand.

I saw only one bullet hole on the target paper, centered on the center of the circle, and this bullet hole was thicker than a normal bullet hole.

"What, isn't it just a ten ring? As for such a shock?"

"Are you an idiot? This is obviously not a ten ring, it is his ten ten rings, and they all hit a bit!"

At this time, someone with good marksmanship yelled directly, and when they heard this voice, everyone's eyes widened!

10 ten rings are not terrible. There are many people present who can achieve such results, but it is really terrible to be able to hit these ten rings a little!

"This...this is too scary..."

At this time, a person murmured, they are all masters selected by each company, but even so, they have never seen anyone who can hit such a result on a target!

And this is too stable, all 10 targets are ten rings!

"No! He! He did this with the 1,500-meter target and the moving target!"

At this time, Yu Guang shouted directly. He was just shocking Qin Yuan's marksmanship, and suddenly remembered that Qin Yuan was imitating his posture!

and corrected his mistake!

takes less time than him!

In this short time, so many things can be done!

How did this person's brain grow?

Yu Guang stood directly in front of Qin Yuan at this time and offered a military salute:

"I lost! I don't know if I can follow you to learn marksmanship!"

At this time, everyone around me also remembered the difficulty of doing this. Looking at Qin Yuan's eyes, it was like looking at a god!

The gun in the hands of people like this is no longer a gun!

is a part of the body!

This is the real gun god!

At this time, Fan Tianlei saw this situation and suddenly slapped his hands, and the people around them saw Fan Tianlei's applause and raised their hands!

There was a thunderous applause from the entire shooting range!

Fan Tianlei's expression of joy, he can be regarded as seeing the power of Qin Yuan,

Although he had already known how powerful Qin Yuan was from Thunder God and Long Xiaoyun, this time he had seen it with his own eyes.

Not only is the fighting ability great, but the marksmanship is so unexpected.

The strength displayed by was even more terrifying than Fan Tianlei had imagined.

And Fan Tianlei could clearly feel that Qin Yuan didn't use all his strength!

Even if he has become an early awl, he is still an awl made of uncut jade, but he needs to be carefully carved and he will be able to exert greater power!

Qin Yuan, Qin Yuan, how many more surprises can you give me?

Then Fan Tianlei gently raised his hand, and the applause of everyone stopped. Fan Tianlei said to these people:

"Do you still have to challenge you now? Qin Yuan has already shown great strength, are you still uncomfortable?"

At this time, these people in the audience looked at each other, and the faces of the few people who were mocking Qin Yuan just now were almost on the ground!

How does this compare?

They only now know what it means to be someone outside a person, there is a heaven outside the sky!

What Qin Yuan can do.

They had never heard of it before!

Seeing that these people have been convinced, Fan Tianlei announced this:

"Well, now Qin Yuan has won one spot, and the rest are fighting for another 5 spots, do you have any opinions?"

"No!"

"No!"

"No!"

At this time, the people in the audience shouted three times in succession, they were convinced of Qin Yuan's strength!

Seeing such a situation, Fan Tianlei also smiled at the corner of his mouth. He felt that his hand was very clever.

This is not only Qin Yuan's strength.

and also let Qin Yuan sit down as the leader of the red blood cell team.

These people have seen Qin Yuan's greatness, and they will definitely work harder in the next training!

Three birds with one arrow!

At this time, Fan Tianlei walked to Qin Yuan and patted Qin Yuan on the shoulder:

"Lieutenant Qin Yuan, you are now a member of our red blood cell team, congratulations!"

And Qin Yuan also showed a big smile, and then paid a military salute to Fan Tianlei!

Although it seems that Fan Tianlei put one on it, in full view, should give the other side a little face!

With Fan Tianlei's voice, Qin Yuan's mind also sounded a prompt:

"Ding Dong~ The host completes the task and gets a grid!"

The smile at the corner of Qin Yuan's mouth has become even brighter. Now there are not many grids left in him, so he must quickly get more!

Only by saving a few more grids, can Qin Yuan be completely relieved!

"Well, everyone has it, turn back, our selection activities officially begin!"

And following Fan Tianlei's order, these people stood up quickly, holding their breath!

Qin Yuan's goal has been achieved, and the journey of these people has just begun!

Then Fan Tianlei looked at Qin Yuan and asked:

"How about, are you interested in following me to screen your future teammates?"
