

Special Soldier 991

Chapter 991: act tonight

Their cooperation in this scene continued. This time, the leader of the organization was too cautious and had already let them escape. It is estimated that it will be difficult to come out again in a short time. So I would like to take advantage of this opportunity, not only to find out the people who were in ambush at their step, but also to kill Ganai and the organization. This time they did not know how many civilians were killed. And before openly provoking their embassy, kidnapping their embassy staff. At this time, He Chenguang walked in and brought Akazhi out. The old guy was awake now, and seeing so many people around him, he sat down on the ground a little bit. "I knew there would be such a day sooner or later, but I didn't expect such a result. That guy is too cruel." Qin Yuan snorted coldly, self-inflicted. This guy looks pitiful now, but he took those things When innocent civilians were doing experiments, they never thought about this. "What is the origin of that organization? And the genetic reagent you studied, how far has it developed?" Akazhi also gave up, and he said slowly: "It's too specific, I don't know, but I just want to I know that everyone in that organization has a grudge against a person named Qin Yuan." This guy was slow to react, and only now did he know that the person standing in front of him was Qin Yuan. As for the genetic reagent, he has now developed the third generation. The third generation has lower side effects and will fully stimulate people to their greatest potential. "Then what's the matter with them imitating our red blood cell team?" Akazhi shook his head, because he really didn't know about the details. He was responsible for researching genes and medicine every day, and the white ape was very cautious. , very guarded against everyone, basically there is no one he trusts too much. "Everyone inside is very cautious about the captain, including the matter of planting the bomb this time. I am completely unaware of it. It seems that he has already reached this point and wants me to be buried with him." Akazhi didn't know if he was crying. Still laughing, sitting on the floor at the moment, seems to have seen through everything, originally he wanted to use the white ape to study his own genetic reagents, but he never thought that it was just a **** of the white ape, and was directly used by him without any use value. threw. Qin Yuan and the others asked some other information, including whether to place personnel on their side, but these were internal information, and Akazhi didn't know at all. After Long Xiaoyun finished listening, he frowned and asked, "Qin Yuan, this information is too little, but more importantly, these people have already been injected with genetic medicine. It seems that we still have a fierce battle to fight." "I don't care what he registered. Anyway, I must bring him to justice. The next step is to see everyone's performance. After all, the show must be real, so that the fish will take the bait." Everyone nodded. This brief meeting It was over like this, just as Long Xiaoyun came out of the room, he saw Anna walking from the other end of the corridor. Anna put on a sad face, "Captain Long, can I go in and see Captain Qin? After all, he is also my savior." Then Anna pointed to the two people behind her, "These two people are ours. The best surgeons around, I brought them here just to see how Captain Qin is doing." Is this guy so impatient? Long Xiaoyun snorted, but still pretended to be polite and said: "Then thank Miss Anna for her kindness, we don't need it here, and now Captain Qin is really resting, we don't want anyone to go in and disturb him." Anna is sure now She was not so eager to do it, because the timing was not right, she really invited two doctors, mainly to see Qin Yuan's injuries. She was sure that Qin Yuan was injured, but she didn't doubt Long Xiaoyun's attitude, because she felt that it was normal for her to

distrust him. She smiled awkwardly, "Captain Long, since Captain Qin is resting, we don't want to bother you too much, but if there is any inconvenience or need, you must inform me, and I will do my best to help Yours." "Okay, then I would like to thank Miss Anna for her kindness." Then Long Xiaoyun turned around and said loudly to the members of the Wolf Warriors team: "You guys are on duty in the corridor, no one is allowed to approach No one is allowed to go in except our own people." "Yes!" After hearing this, Anna turned around and said teasingly, "Captain Long, your precautions are too strict, but it's actually quite safe here. After all, there are our people outside." "There is no way, after all, you know that Captain Qin is seriously injured, and I am worried that someone with a heart will do something harmful to him." Anna smiled, and then turned around I left, this time the opportunity was not met, it seems that I have to find another opportunity next time. Because of Qin Yuan's injury this time, Anna also took the initiative to transfer people from country K to guard the perimeter of the embassy. In name, it was to protect Qin Yuan, but it was actually a kind of surveillance. When eating, everyone gathered together, and someone from the Wolf Warriors team deliberately raised the volume. "I can finally go back this time. It's just a pity that some of our comrades can't go with us." "Forget it, this is not a normal thing. Besides, let's go back early. The captain is not in a good mood." Anna heard Here, I feel a little strange, where are they going back? Are you going back home? She wasn't worried about arousing suspicion, because now that Long Xiaoyun was not around, she lowered her vigilance towards these soldiers, after all, these soldiers were not worth mentioning. Just like that, Anna stepped forward and asked with a smile: "Everyone, just now I heard you say you want to go back. Where are you going back?" There is also discipline in time." "Little brother, look at what you said, I originally wanted to help you, besides, I am just asking about it, after all, what do you have in our K country, I will definitely do my best The ability to help you." This guy is really too mechanical, these soldiers smiled similarly, and then slowly said: "So that's the case, our dragon team said before that we need to ask you for help when we have difficulties, it is true. "It's like this. We will send Captain Qin back in three days. Team Dragon said that they don't believe the medical conditions here. No matter what, we will send Captain Qin back to China for treatment by helicopter." After Anna heard that, She was a little surprised in her heart, she didn't expect Qin Yuan to be able to hold on, the first time she saw Qin Yuan before, she thought that this person should die in one night at most, after all, he was injured so badly. It seems that their boss really has the foresight. This person's vitality is really too tenacious. He can survive such an explosion. This is simply a miracle of life, and can he still survive to return to China? Anna quickly analyzed that they didn't even go to the nearby hospital before, but now they suddenly said they wanted to go back to China. Could it be that Qin Yuan's physical condition is slowly recovering? So she couldn't wait to inquire about Qin Yuan's news, and on the other hand, she also wanted to complete the task assigned to her by the boss. In the afternoon, Anna found an excuse and came to Qin Yuan's room. This time, Long Xiaoyun didn't stop her. After all, acting is a full set, and it was originally for her to see. Anna wasn't a doctor in the first place, and she didn't understand these things, so there was nothing wrong with letting her in. At this moment, Qin Yuan's eyes were closed tightly, his face was wrapped with gauze, and he was lying on the bed, very quiet. After Anna came in, she looked at Long Xiaoyun next to her, and asked pretendingly concerned: "Captain Long, Captain Qin, has he woken up? I think he is still in the same state as before." "Yes, that's right. He hasn't woken up since the explosion, but his vital signs are relatively stable, and we have a doctor with him, so we plan to send him back to China for treatment." Sure enough, this person's vitality is too tenacious, how can a normal person Can last for such a long time. "Captain Long, let me put it bluntly. If Captain Qin's physical condition has always been like this, then you might as well send him to a

field hospital near us. Our medical level will definitely do our best to treat Captain Qin." Miss Anna, I don't think it's necessary, after all, I have already contacted the domestic side and our special plane will leave in three days, so there is no need to bother Miss Anna, I don't trust anyone now." Long Xiaoyun deliberately said The words are so straightforward, just to show Anna. Anna exchanged a few words with Long Xiaoyun, and when she came out, she quickly analyzed, it seems that this matter is true, and Qin Yuan's injury is also true, which is very in line with Long Xiaoyun's character. She doesn't trust it, and it seems that the situation of being willing is relatively dangerous. One problem she faces now is that she has to make a move within three days, otherwise Qin Yuan will be sent back to the country in three days, and once she returns to the country, it will be impossible for her to make a move. Although she resisted in her heart and didn't want to do anything to Qin Yuan, that guy Bai Yuan is a lunatic. If she fails to complete the task, she knows what the consequences will be. As soon as Anna returned to the residence, she found someone in her room. She quickly took out the dagger from her waist, turned over, and rushed towards the person in front. The people in front were not to be outdone, and even drew with Anna. "You are also a member of the organization, why are you here?" "Hehe, Miss Anna, no, No. 1, it seems that your skills have not deteriorated. Of course the captain sent me to complete the task." Anna put away the dagger Well, this person is also within the organization, but she just said that the captain sent him to complete the task, what happened. "Then what mission are you here to perform this time? Do you need my cooperation?" "Our mission is actually the same, which is to kill Qin Yuan." In front of him, except for the white ape, the strength of this person is quite different from that of Anna. Anna didn't know what her boss meant. She sat on a chair and looked at the person in front of her coldly. "Since our mission is the same, then you can go back, because this mission was given to me in the first place, and I will complete it." "It seems that you still know your mission, the captain treats your ability Very suspicious, because you are wavering, that's why you sent me here." "It's impossible, I'm loyal to the organization, and there will never be such a mistake." "Well, I can't say for sure, anyway, this time I will definitely participate in the mission, Miss Anna also hopes to have a happy cooperation." This bald eagle is very good at flying knives, and he can kill the seriously injured Qin Yuan with a single blow. Anna is very entangled in her heart now, she didn't expect the boss to know about her affairs, he really underestimated the ability of her boss. "I don't know why you are so anxious. I have been looking for opportunities. I am loyal to the organization. It is absolutely impossible to betray or not complete the task." "I don't care about this, after all The captain ordered me to come here, so I plan to do it tonight." Anna was a little anxious when she heard this, she patted the table and stood up, and said loudly: "What exactly do you want to do? Do you want to fail this mission? Let me tell youThe timing is not right now, we have been lurking for such a long time, do you want all our efforts to be in vain?" The bald eagle was not to be outdone, his eyes kept staring at Anna, "I think you are really used to living a comfortable life and have forgotten your identity, right? Don't think I don't know, he will be sent away in three days, and we will have no chance at that time." No Thinking that they even knew this, but I just opened the news, what is going on? The bald eagle stepped forward and patted Anna on the shoulder, "The captain asked me to come this time, not only to act with you, but more importantly, to supervise. You should see how loyal you are to the captain at present. Shaken." Anna sighed deeply, she couldn't help it, she couldn't fight this white ape, and the white ape was more cunning and stronger than she imagined. "Okay, I'll follow your orders. We will act tonight." "Okay, then follow my instructions." After the bald eagle finished speaking, it disappeared into the darkness. Anna sat down on the chair, She really shouldn't be entangled. After all, Qin Yuan is her enemy and everyone's enemy. All of them have waited for

this opportunity for so long. But why was she shaken just now? Is it just because Qin Yuan saved himself before? Anna hates her own thoughts very much at the moment, it is too unclear, and she was very confident in controlling her emotions before, but now she will subconsciously shirk, especially when the bald eagle said just now, to act when. She laughed a little self-deprecatingly, it seemed that she had really stayed in this comfortable position for too long, and even forgot her identity and lowered her hatred.

Chapter 992: 1 kill

So it's time for her to act, not only to complete the task, but more importantly, she also has hatred. He really became too much this time, and even put down all the hatred. Anna shook her head, so let's make a decision tonight. The person who made herself entangled was precisely because of the arrival of the bald eagle, which made her wake up. She cannot be influenced by others. She has never No one has ever been influenced. Since someone influences her, she will solve this person herself. In addition, on Qin Yuan's side, Long Xiaoyun and the others have already released the news that they will leave in three days. "Xiaoyun's guards can be relaxed tonight, after all, we have to give them a chance." "Are you so sure they will come tonight?" "I'm not sure they will come, but we are leaving soon, I don't know when they will come, but we can all pay attention these few days, I really hope to catch big fish." "In fact, if this is the case, I really hope that there are no moles, after all, Anna Not sure, but if she is really a traitor, I will not let her go." After Long Xiaoyun finished speaking, he clenched his fists, after all, if Anna is really a traitor, then this time He Chenguang was brought Going away and Qin Yuan, who almost died in the explosion, are all inseparable from this woman. "If this is the case, then this woman's acting skills are great, we must be more careful in the future." Long Xiaoyun nodded, then turned around and went out to explain to the brothers on duty tonight, mainly to make them be more careful, because I don't know when these people will come. If they really do something to them, it will be troublesome. As for going inside, she was quite relieved that there was Qin Yuan inside. With Qin Yuan's strength, he basically fought him in close quarters, and no one could beat him. In fact, Qin Yuan didn't know whether these people would come tonight, he just made a bet, but this time, he was really betting right, because these people couldn't wait to do it, worried that they would leave early. As for how the Bald Eagle got the news, it's very simple. Long Xiaoyun and the others said it so loudly in the cafeteria, and deliberately spread the news, because they didn't know whether the traitor was Anna. In the evening, the bald eagle came to find Anna. He was wearing night clothes, and Anna also ***** her hair, neatly dressed. "Number 1, I hope you will not be soft-hearted and cooperate with me." "Hehe, I see, there is so much nonsense, I will definitely be killed with a knife, but you don't hold me back." That No. 1 was ruthless. After he finished speaking, he took out the blueprint of the embassy, and he even planned the escape route. They must have planned these things, because those soldiers of the Yan Kingdom are not easy to mess with. It is not that simple to kill their captain and want to escape unscathed. "Then tell me about your plan first." Bald Eagle nodded, and then carefully analyzed it with the map, "We can go up the corridor first, kill the soldiers who walked up, and then go in and kill their captain." Anna Hearing this, he frowned, is this guy stupid, "Are you really thinking too highly of yourself? Don't you know that these soldiers are not ordinary soldiers, they belong to the special operations team, and the former company captain You must be vigilant." This idiot will really drag himself down, an assassination like him will definitely cause a lot of commotion, whether Qin Yuan can be killed is another

matter. "But if we don't deal with the soldiers on the aisle, how can we enter the room?" "There are many ways to do this, just follow me." Anna shook her head, but in the end she had to rely on herself. Knowing nothing about the situation here, being as blind as he is, will only put them both in dangerous territory. "Okay, I'll listen to you, but I hope you're telling the truth, and don't let the captain down on you again." Anna froze for a moment when she heard this, she didn't expect that White Ape to be so vigilant, in fact, she was so vigilant. For many years, she has always been loyal. Since they planned to kill Qin Yuan, she officially joined the organization, and she really didn't have the idea of betrayal. It was only because of her hesitation during the call before that Bai Yuan became suspicious of her. This Bai Yuan is really a thoughtful guy. Just like that, the two came quietly, and when they reached the periphery of the embassy, Qin Yuan and others were almost asleep, why no one came all this time. At this moment, Anna brought the bald eagle to the opposite building. They went up to the rooftop, and Anna pointed to the opposite side. "I'll throw the wolf claw hook over first, and then we will go down slowly along the roof, go down to the window on the second floor, enter his room directly, and kill him." The bald eagle nodded appreciatively, like this It is indeed a safer and more effective way to do it quietly without revealing their identities, and to kill the target person, and they can continue to evacuate from this place. "As expected of you No. 1, you are still the same person you were before." Anna didn't say anything, just doing things silently. The wolfclaw hook she threw was very precise, and it hooked directly to the roof of the opposite building. When the wolfclaw hook just hit the roof of the building, there was a slight collision sound, and Qin Yuan had already heard it. The corners of his mouth raised, it seemed that the wait was not in vain, and these guys couldn't wait in the end. But he is very curious, who is it? He was under the quilt, and he had already taken out the throwing knife in his hand, ready to go. After a few minutes, the bald eagle had already climbed down the outer wall. What surprised Anna was that the window was not closed, as if it was waiting for them to come. That's fine. Anna hesitated for a while, it was just a coincidence, she thought about why the windows were not closed when she came down from here, she had come in several times before, and found that the windows were closed, especially for critically ill patients like Qin Yuan, You should be more vigilant. The bald eagle has been hanging outside, he kept urging Anna. He lowered his voice and said in a low voice: "What are you doing? Go in quickly." "I always feel that something is wrong, it seems that it is deliberately waiting for us to come." "Don't think so much now, hurry down , if it takes too long, you will be discovered later." Faced with the urging of the bald eagle, Anna could only nod helplessly, and then jumped in. The bald eagle had already taken out the dagger, and Anna looked at Qin Yuan who was lying quietly on the bed, with mixed emotions in her heart. A person who was so strong before has now become a dying person or more precisely, About to turn into a corpse. The bald eagle just wanted to finish the task quickly, he walked over first, Anna picked up a pillow from the side, and was about to press it on Qin Yuan's head, mainly because he was worried that he would make any noise, but judging by his appearance, he probably couldn't even move up. Just when the bald eagle's dagger touched Qin Yuan, the person on the bed suddenly jumped up, and a throwing knife flew out, and shot through the bald eagle's throat on the spot. This scene happened so quickly that Anna didn't even have time to react. When he did, the bald eagle had already fallen into a pool of blood, his eyes widened. This is a top expert in their organization. Unexpectedly In this way, it was solved by Qin Yuan once. Anna subconsciously wanted to jump out of the window, but Qin Yuan was faster than her, turning over and directly blocking her. Anna was also injected with genetic drugs anyway, so her speed was relatively fast. Seeing that the position of the window was blocked, she could only rush out from the corridor at risk. She turned over and wanted to jump out, but was caught by Qin Yuan

with one hand. ankle. Just like that, Qin Yuan pulled her back again. This time, Qin Yuan directly locked her hands with a grabbing gesture, and then pressed her to the ground. He Chenguang and Long Xiaoyun from the room inside rushed in. Everyone had been waiting for this moment, but they didn't expect that Qin Yuan's speed was too fast, and he couldn't wait for them to make a move, so he directly dealt with him. Anna couldn't think of it at the moment, didn't expect Qin Yuan to be pretending, he was pretending too much, and what shocked her even more was how this person survived the explosion. And from his fight just now, she found that Qin Yuan was not injured at all, which was simply too unexpected. In such a strong explosion, he was not injured at all. Long Xiaoyun and the others turned on the light, and Qin Yuan put his hand into Anna's mouth. After all, he had learned the lesson from last time, and he was very worried that these guys would still take poison. Those who are finally caught, don't commit suicide by taking poison again. Anna bit Qin Yuan's hand, but Qin Yuan felt nothing, after all, his defense was not a joke. Then Qin Yuan directly lifted Anna up, and then shook desperately, mainly to make her spit out the poison. In fact, Anna was nothing at all, and after tossing like this for a long time, Anna stared at Qin Yuan with eyes full of jealousy. Long Xiaoyun and the others knew it the moment they turned on the light, but they didn't expect that it was really this Anna. This woman was hiding too deeply. "Kill me if you have the guts. There's no need to humiliate me like this." "We will meet in this way." "Or Anna is your alias, who are you?" She sat on the ground and snorted coldly, turning her head away, no matter what, she would not say anything, He has received a lot of anti-prisoner training, so this is just a trivial matter for her, she will not betray the organization anyway. At this time, Anna saw He Chenguang walking out of the room, and she was even more surprised. How is this possible? Unexpectedly, all of this was arranged by Qin Yuan, just to play around with them. Qin Yuan squatted down and said with a smile: "Actually, if you cooperate, then you still have a chance to survive. After all, joining this organization is a helpless act." "You kill me, I am nothing I'll talk." It seemed that his mouth was really tough, Li Erniu couldn't help but rushed forward to beat someone up, after all everyone was cheated by this woman, he was really angry because This woman, He Chenguang, almost died. Qin Yuan still had a smile on his face. After all, he had caught the traitor, which was a good thing for him. Besides, he had many ways to get her to confess, not just abuse. Anna, who was sitting on the ground, should be called No. 1 now, after all, this is her original name, and she stared at Qin Yuan coldly. Suddenly, when she was looking at Qin Yuan, her eyes became confused in an instant. Qin Yuan used hypnotism again. This woman is really naive. Do you really think torture must be used to extract confessions? He knew that this woman's mouth was very hard, even if she used an abusive method, she would not say much. "What's your name? And where is the secret base of your organization?" "My name is No. 1, and I don't know the base of our organization, because the captain often changes locations. When you come out to perform missions, the location changes, and only when the mission is completed will you send us a message." Qin Yuan was surprised when he heard this, this white ape is more cunning than he imagined, and the organization location can be changed frequently, see In order to deal with themselves, they are really preparing for it. "How many people are there in your organization?" "We are divided into groups. Those who have received genetic reagents are eligible to follow the captain. Every eight people form a team. We have many teams like this." Long Xiaoyun listened Arriving here, frowning, good guy, the plan of these people is really too big, they have captured so many civilians before. It's just to do experiments and then arm them. According to what he said, there are many militants who have been injected with genetic reagents like this, so wouldn't they suffer too much in battle. "Qin Yuan, I think it would be difficult to solve the problem with only our two teams." Qin Yuan looked at the time and shook his head, "We are not

so Said, time, can't wait, and you listen to her, they will change the location at any time, so this is our last chance." "You mean you want to follow her into that base?" Qin Yuan clicked Nodding, now he can pretend to be the dead bald eagle on the ground, and then follow No. 1 into their base. As for the so-called militants injected with genetic reagents, he was simply overwhelmed. To capture the thief first, he planned to deal with the rest of the White Ape first, and it was easy for him. Long Xiaoyun felt that this move was too risky. Although it was indeed a good opportunity now, if he missed this opportunity, he might not be able to find that white ape in the future.

Chapter 993: plan

But this time, if Qin Yuan was the only one to go alone, he would really be worried. The opponent this time was really strong, and it was different from what they had encountered before. So Long Xiaoyun was also very worried about whether such a plan would work. On the other hand, would Anna cooperate well? This guy was so scheming that he was able to lurk directly into their K country and become a security officer, even the people above their K country didn't find out. "Qin Yuan, but it's too risky to do this. This person's origin is unknown. Are you so sure that she will cooperate with us?" Qin Yuan smiled. This is beyond her control. After all, she can control her thoughts. When the time comes Let's go in with No. 1 first, anyway, he doesn't want to miss this opportunity. This white ape is really too cunning. If you let him go this time, you won't be able to find him next time, and you don't know how many innocent people he will hurt. As No. 1 said just now, he has a genetically modified armed group. If they are allowed to develop further, it is unknown how many innocent people will die. In addition, Dr. Akazhi is only a preliminary research, and now all his sample data has been mastered by the white ape. The reason why Bai Yuan gave up Akazhi so easily was because he had found a more suitable candidate, and because he had samples in his hand, there was no need to worry about no one not helping him with the research. So no matter what, this place must be going, and he wanted to take this opportunity to catch them all. Qin Yuan looked at No. 1 who was sitting on the ground, and then asked coldly: "How will you contact me after this mission is over?" "After the assassination mission is successful, I will take the initiative to contact the captain, and then he will send us a message location, let's go there again." "Then is there any verification link?" Qin Yuan is still more cautious, because this white ape is really too cunning, he must ask some things clearly, and when he passes by, he will be caught off guard. That's troublesome. "There is a verification link. Every time we complete a mission, we need to stay at the place designated by the captain for a few days, and we will be informed of the exact location of the base only after we confirm that there is no problem." Everyone was surprised to hear this, but they did not expect this The white ape is so cunning. His thinking was so thorough that even Qin Yuan didn't think of it. After all, if it doesn't work out, he should just go back to the head office of the base. His people have contacted him. It seems that this guy doesn't trust anyone, he only believes in himself, this guy is not only cunning, but also very conceited, so isn't he afraid that his subordinates will betray him? The main reason is that it is too troublesome for him to do this. After hearing this, Li Erniu felt that his head was big. He changed the base every time, so their positions were not fixed, and they were too wandering. "I'm going to ask me to say that whoever follows them is the boss who will be unlucky for eight lifetimes and live without a fixed place every day. Who would like that." At this time, No. 1 sitting on the ground said slowly: "Because each of us The salary is very high, about 30,000 U.S. dollars per person per month, and there will be additional rewards after completing the task." "What the

hell, how much is 30,000 U.S. dollars?" He Chenguang next to him gave Li a white look. Er Niu, this kid can't speak, so don't say it, save it and make a joke. "Brother Qin, it seems that their salary is really high. No wonder so many people are willing to follow him." Such a firm belief seems to be aimed at our red blood cells." For this statement, No. 1 sitting on the ground also agreed, basically everyone in this base has enmity with Qin Yuan. Because more or less Qin Yuan led the team to exterminate them, or to encircle and suppress their relatives and friends. Hearing this, Li Erniu sat next to him with his legs crossed, "I said before that people are afraid of being famous and pigs are afraid of being strong, so we should be known as other teams." "If I'm afraid of their retaliation, then I won't be the captain anymore, this time it's time to make an example of others, and their organization has gained a reputation for a while, so I'll take this opportunity to wipe them out!" Qin Yuan's thinking was also right, because it happened to take this opportunity This is an opportunity to suppress these criminal groups, so that those who want to make a move are ready to see what kind of strength Qin Yuan is. Moreover, No. 1 also revealed an important news. Originally, this white ape wanted to attack Qin Yuan's family, but Qin Yuan's family had always been inside the Yan Kingdom, so he had no chance to do so. Qin Yuan clenched his fists as soon as he heard about his family, grabbed No. 1's shoulder, and asked, "What else does he have? Has he investigated my family and friends?" No. 1 thought for a while, and then Slowly said: "The captain has investigated a woman named Mu Qingmei, but because she was in the peacekeeping force before, the captain has never had a chance to do it." At this point, not only Qin Yuan was excited, but Long Xiaoyun also went straight to the door. Before, grab her. This group of frenzied **** couldn't deal with Qin Yuan, so they wanted to attack the people around him, and even secretly investigated Mu Qingmei. Qin Yuan frowned, so he must be going to this base this time, and he must wipe out all these people in order to avoid future troubles forever, otherwise he will be unable to guard against them. It is impossible for him to bring everyone with him, and it is impossible for him to protect everyone, because there are too many people he wants to protect, and these people are hard to guard against. Like this time, He Chenguang was negligent, and his brother was taken away. Qin Yuan had a brief meeting, and now he took No. 1 to contact Baiyuan first, and waited for them to find the base after confirming the location. He would use his watch to send location information to Long Xiaoyun and the others, after all, it was a genetically modified militant group. Long Xiaoyun was still wavering before, but these guys are eyeing the people around Qin Yuan, and she will never let them go. In this way, when Bai Yuan received the call from No. 1, he was still very surprised. He didn't expect to complete the task so quickly. He thought it would not be so smooth. After all, Qin Yuan's vitality is too tenacious. He has summed up a lot of experience, including seeing many cases of failed assassinations. At that time, he learned that the person who assassinated Qin Yuan had used poison gas bombs before, and that he was able to survive in the nuclear island. This person's ability must be extraordinary, and he was ready to send out a second wave of killers. Received No. 1 to say something successful. Bai Yuan is very cunning, he can't believe it. "Well, is the bald eagle with you? I want to ask him something." "Okay, captain, I'll let him answer the phone now." Qin Yuan had already guessed that the white ape would not believe it so easily Yes, his disguise technique is not a joke, not only can imitate people's makeup, but also can imitate his voice. Qin Yuan and No. 1 had already learned about the talking habits of the bald eagle before. This person belongs to the type of hippie smile, and he is like a pug to their captain. Because he is eager to become stronger, and feels that only by coaxing their captain can he get better gene injections. Anyway, to put it bluntly, he is like a licking dog. After Qin Yuan answered the phone, he said with a smile: "Captain, it's not easy for us to complete the task this time. I stabbed that guy several times. I saw him die with my own eyes."

The bald eagle was very excited when he spoke. It was more consistent, and the white ape on the opposite side didn't hear anything. "It's fine to complete the task, so no one else will find out." "Surely not, this time we are very careful, and it's not bad to cooperate with No. 1, captain, should I have a reward when I come back this time?" Bai Yuan Hearing this, I am even more sure that this person is a bald eagle. Anyway, no matter what he does, he always likes to ask for credit. Isn't it just because he wants to give him more genetic medicine? "Let's talk about it when you come back. Don't relax your vigilance now. I will send an address to No. 1's mobile phone. Go and hide there for a few days." Qin Yuan smiled, and this guy believed it completely. After hanging up the phone, he turned his head and explained to Long Xiaoyun and the others that this side of the play still needs to be done in full, because Bai Yuan is too cunning. Even if they said it like this, this guy probably didn't fully believe it, so Long Xiaoyun and the others wanted to announce that Qin Yuan had been assassinated and died in the past few days. It would be better to send a press conference. Wang Yanbing patted his chest to assure that he was absolutely fine, besides, he would definitely reveal his true feelings when the time came. With the help of the bald eagle's corpse, they cooperated directly to put on a good show. "Just asking this **** to put our national flag on it, I think it's a bit insulting." "Forget it, compared to these small problems, they are nothing. The most important thing now is to solve this criminal. End trouble." In this way, everyone has made arrangements, and the mobile phone of No. 1 also received the address from Bai Yuan, Bai Yuan asked them to go to this address, and then stay there for a week, a week later Will give them the specific address of the base. In this way, Qin Yuan set off with No. 1. Anyway, staying for a week is not too difficult for him. When they came to the place designated by Bai Yuan, he found that it was an express hotel, on the one hand, it was to supervise No. 1, and also for convenience, so Qin Yuan took No. 1 to live together. After entering the room, Qin Yuan took away No. 1's mobile phone, including the watch on her body, and conducted a brief body search on her. After confirming that there were no other communication tools that could be used, he released No. 1's control. The main reason is that their next time is still very long. For a whole week, he can't spend all his mental strength to control her. If he does this, he can't hold on at all, and he will become very tired. other things. Because he still needs to pay attention to the periphery, he is very worried about whether he will be monitored in this place, and he checked the room to make sure there are no monitors and monitoring before he released the control. Let's put it this way, this white ape is very similar to Qin Yuan, they are both very smart and cautious people, but the white ape is more paranoid. After No. 1 woke up, she saw Qin Yuan sitting on the stool. Now her hands were tied to the bed. She didn't know what happened before. Anyway, her consciousness was blurred for a while, and then she didn't know anything. understood. "You bastard, what do you want to do to me? You have the ability to kill me." Number 1 didn't know what happened to her, but she looked at the surrounding environment, it was in a hotel, and it was on the bed, she used Toes knew what this guy was trying to do to her. Because she had received anti-captive training before, she knew that if these people captured the captives, they would use various methods to make her say what she wanted. Qin Yuan didn't tell her that this was the address given by Bai Yuan, because there's no need to tell her in such detail, it's better if she doesn't know some things, maybe she has other crooked thoughts, in case there is any secret between them Password for contact. No. 1 was cursing on the bed, "If you have the guts to kill me right now, don't worry, I won't say a word No matter how much you torture me, you'd better die Heart." "And you bastard, don't even try to touch me, or I'll let you die miserably." Qin Yuan sat on the stool, frowning, and waited until No. 1's voice was hoarse from cursing, he Then he said slowly: "I said, do all the people in your organization have that serious illness? Are you so confident in yourself?" No. 1 was stunned for a

moment, what did he mean, did he just look down on himself like that? But she felt that this was Qin Yuan's plan, and Qin Yuan ignored her at all, and just turned over and fell asleep on the stool. Anyway, he could fall asleep anywhere, wouldn't this woman be tired after scolding for a long time? Qin Yuan is not worried that this woman will run away, because he is very confident in his binding technique. On the other hand, his spirit is also highly alert, and he can know any movement. "I advise you not to move around, and then be quiet now, I need to rest." No. 1 was instantly fooled by Qin Yuan, what happened to him? Inexplicably brought myself to this place, and now I am sleeping. Qin Yuan leaned between the two stools, and after a while, there was the sound of even breathing, and it looked like he was really sleeping. No. 1 tried to break free from the rope in her hand, but she couldn't do it at all, and her feet were also tied up. In the end, Qin Yuan didn't know how long she slept, but the person opposite had been restless. There was a lot of movement. Qin Yuan yawned and sat up, seeing No. 1 staring at him resentfully. "You bastard!" "Don't swear at people like this, or I will gag your mouth, and I'm very curious, can't you have a quiet meeting? If you don't sleep over and over again, I still want to sleep. "Because I have to go to the toilet, you bastard, you sleep for hours, you know?"

Chapter 994: finally arrived at the base

She was really speechless, this Qin Yuan was a straight man, he left her here like this, and then ignored her, the problem was that she really wanted to go to the toilet. Qin Yuan yawned, stood up, and then looked at her silently, "I tell you, you'd better not play tricks on me." "What tricks do you think I can play with your hands tied now?" Qin Yuan didn't say anything, stepped forward and untied her directly, No. 1 didn't expect it, this is too exaggerated! Are you so worried about her? Or do you mean that you look down on her strength at all? "What are you still doing in a daze? Don't you want to go to the toilet? Hurry up, do you still want me to help you?" No. 1 was a little confused by Qin Yuan's operation. This was the first time she encountered such a situation. to ah! Just like that, she came to the bathroom, which was connected to the room, and it was impossible to get out. She tried to open the toilet vent, but the vent was so small that she couldn't get in. At this time, Qin Yuan's voice came in from outside, "Does it take you so long to go to the toilet? There is still one minute left, if you haven't come out yet, then I will come in." No. 1 could only sigh and give up. Even if she wanted to open the vent, she couldn't get out. Just like that, she opened the toilet door and walked out silently. I have to say that this room was chosen by Bai Yuan before, so the choice is very good. This room belongs to the innermost part of the hotel, so it is surrounded by walls and has no windows at all. If you want to come in or go out, you can only go through the door outside. This is also Bai Yuan's strategy. He usually arranges such a room. One is for someone to follow them, because as long as someone else moves in, he will know. After all, this is the innermost room, far away from the other rooms, and it is not so easy to monitor. The other thing is to monitor with him. Although he has no monitoring equipment inside, his people are always outside to observe. If there is any unexpected situation, he will evacuate immediately. At this moment, the white ape is staring at the research data in a daze. Now that Akazhi is dead, he must find another person to conduct research. Although he still does not lack these genetic reagents, he has gained strong power. Just want to get stronger. A subordinate from the outside came in and reported, "Captain, everything is normal on No. 1's side. The bald eagles didn't come out after they went in, and they didn't find any signs of following." "Okay, keep watching anyway, remember, Wait seven days to see the situation." "Yes! Captain, I'm just a little curious. Number 1

and their strength are very strong. It stands to reason that such problems will not occur in general. You also want them to continue waiting there. Seven days?" "Remember, no matter who it is, including me, I have to wait for seven days. This is my bottom line. I must be cautious when doing things, especially in the face of such a terrifying opponent. I have put in so much effort. I will never lose." To be honest, Bai Yuan really admires Qin Yuan, because Akazhi's research data shows that Qin Yuan and the others did not carry out any genetic modification, it seems that they are real, talented. That's it. But at the same time, it also made him feel that it was too unfair. Why should these people be better than them? Everyone is equal. Why should they be so outstanding, so he felt it was unfair. But no matter what, Qin Yuan is dead now, and the people he arranged near the embassy have inquired about the news, and the embassy has announced the news of Qin Yuan's assassination. And they also arranged for people from their national team to pick up his body. It seems that there should be no fakes. When Bai Yuan knew that Qin Yuan was dead, he was indeed relieved, because he had made so much effort and made so many plans because of Qin Yuan, but he didn't expect that Qin Yuan was really dead now. He lost his target for a while. But her team is still there, and the female commando captain, he is also very interested in that captain. Especially the one named Mu Qingmei. After his investigation, this Qin Yuan has a good relationship with these people. What he wants to do now is not only to kill Qin Yuan, but also to kill the people around Qin Yuan. He sighed silently, but it was a pity that Qin Yuan died so early, he should let him watch relatives and friends around him die one after another in front of him, and it was all because of him. He just wanted Qin Yuan to feel the same pain as him, because at that time Qin Yuan killed his entire organization, and that organization was full of his relatives. So even if he has no goals now, he regards other people as goals, although those goals are not worth mentioning. On the other hand, Qin Yuan carried the stool directly to the door as if he was on vacation. Anyway, the only way he wanted to go out now was through the door, so he simply slept there. No. 1 really couldn't figure out what was going on, and somehow brought her into this room. Qin Yuan had already removed his disguise in front of her, and did not reveal the face of the bald eagle. After all, she knew that the bald eagle had been killed by herself. No. 1 is very smart. It is better that she does not know some things, otherwise she may really guess it. No. 1 looked at Qin Yuan and asked slowly: "What on earth do you want to do, do you want to keep me imprisoned like this?" "Doesn't anyone think you talk too much nonsense? I'm not in the mood to talk to you. Go to sleep." No matter what No. 1 said later, Qin Yuan ignored her, mainly because she didn't want to let her know the time, and didn't want to tell her where she is now, because No. 1 now subconsciously thinks that she should be imprisoned in the embassy in. Anyway, as long as he survived this week and brought her by himself, it would be a steady victory. As long as he could enter the base and find that fellow White Ape, he would definitely be able to kill them all. No. 1 really couldn't figure it out these two days, because she didn't know the exact time, anyway, she just fell asleep when she was sleepy, and after waking up, she also thought about running away, but Qin Yuan's reaction was too fast, she made a slight movement, Qin Yuan has already woken up. In the end, No. 1 was forced to do nothing, she could only come up with one trick, which was seduction. She didn't know how long this kind of imprisonment would last, but she knew that if it continued like this, she would go crazy sooner or later. Just like that, when Qin Yuan heard the movement and opened his eyes, he saw No. 1 sitting on the bed, and he was fully clothed. What the **** is this woman trying to do? Qin Yuan frowned. To be honest, he was really not interested. After all, Long Xiaoyun and the others were already in good shape. "What are you trying to do?" "Don't be so fierce, I'm actually quite pitiful, because I was forced to join that organization." Qin Yuan instantly understood what she wanted to do, and this guy started to want

to sell miserably again, anyway She is an extremely dangerous person, Qin Yuan closed his eyes and didn't pay any attention to her, just like this No. 1 chattered for more than half an hour, and finally she couldn't speak anymore. What's more amazing is that Qin Yuan directly turned on the air conditioner, and adjusted the temperature to 16... just like that, it was self-defeating, and No. 1 couldn't hold on at all. He really felt so helpless. This Qin Yuan is soft and hard. What is going on? She once had doubts about her appearance and figure, this shouldn't be, other men don't look like this when they see her. In the end, she was a little bit broken, and she could only judge by the time of food delivery that she had been locked up for a few days. On the fourth day, on the 1st, she couldn't hold on any longer. When would it be a day like this? She was a little broken, and shouted at Qin Yuan: "Are you going to imprison me like this for the rest of your life? Then you might as well just kill me. It's useless for me to tell you. No matter how long you control me, I won't Will betray my organization." Qin Yuan only found it funny when he heard this, and would not betray her organization, she had already told herself all the news. "Why are you laughing? I'm telling you seriously, you can kill me directly, but this method is really too humiliating." Did you think about it when you were doing the experiment?" "Because you forced us to do all of this! We also want to become stronger, because you killed our family and friends." No. 1 couldn't hold back her emotions anymore, she I started to vent, and said all the words before. Qin Yuan even felt that he couldn't understand the ability of these people to fight back, it was really quite strong. "Then tell me about your so-called family members and friends, whether they have committed any crimes, and whether I have killed any good people by mistake." "You..." No. Yes, because that was his mission, and it was only natural that he killed them, because they were criminals. In fact, Qin Yuan is also very tormented in this place. He is really not used to being idle all of a sudden. Anyway, no matter how hard it was, after a week, Qin Yuan quickly controlled No. 1 because of the call from Bai Yuan. "You guys did a good job this time. Not only did you successfully assassinate the target, but you also didn't have a tail behind you." "Thank you for the captain's compliment, can we come back now?" "Yes, I will send you an address, and then The two of you return to the team as soon as possible, and there are other tasks waiting for you." Bai Yuan is completely relieved now, because after so many days of observation, there is no sign of tracking, and he will send these two people out again , mainly to assassinate Mu Qingmei. This time their assassination was very successful. He wanted to kill Qin Yuan's relatives and friends one by one. After a while, the address was sent, Qin Yuan changed into the appearance of a bald eagle, and followed No. 1 to their base. It is said to be a base, but it is actually an ordinary earthen building. It looks inconspicuous at all. These guys are really hiding deep, and according to what they said before, their base is not fixed, and they can change it at any time. Just average. As soon as they arrived at this position, the white ape came out clapping his hands, "I want to welcome my two heroes back. This time, thanks to you, I killed everyone's enemies for us." Starting to cheer, Qin Yuan glanced at the people around him. To be honest, he didn't remember any of them. It is estimated that it is the same as No. 1. Their relatives and friends are all criminals and were killed by themselves. Moreover, Qin Yuan noticed that the weapons of these people were more advanced than last time. They already had portable howitzers before, and now they still have small mortars at the door. When they came over from the door, Qin Yuan had already seen that there were some hidden fishing lines, indicating that there were definitely landmines in this place, and when they retreated, they would hang up the fishing lines. This white ape is really vigilant. If he retreats like this, everything inside will be wiped out in an explosion, so there will be insufficient evidence. No wonder the military has not been able to catch him for so many years. The white ape was very happy, and enthusiastically brought them in, and even poured champagne for them himself. "You

guys really did a great job this time This champagne is also opened for you, and you will receive the highest reward in this team." Qin Yuan knew that he was playing the role of a bald eagle, It is necessary to show a very excited appearance, because this bald eagle loves money at the same time, and also likes to chase white apes. "Hahaha, it's all led by the captain. Without the captain, there would be no us. We will definitely work hard for the captain." "You are worthy of being my most promising subordinate. Don't worry, the benefits this time will definitely be indispensable. This is the reward you deserve, and I will give you five extra genetic potions!" "Hahaha, thank you, Captain." After exchanging pleasantries later, Bai Yuan told them his plan, and he murmured repeatedly. The specific peacekeeping force Qingmei is in has been investigated, and now the two of them are sent to assassinate, and Mu Qingmei's photo is also displayed. The moment Qin Yuan saw the photo, he clenched his fists. This ***** stretched his hands too far. The last thing he could tolerate was touching his family. "How about it, the two of you cooperate again this time, and you must complete the task. This person seems to be very important to Qin Yuan, and now I want to kill everyone around him." It's already at this time, Qin Yuan didn't want to pretend anyway, he looked at the white ape in front of him and snorted coldly. "Oh, I really didn't expect that you would put your cooking skills on them. It seems really bold." "Bald Eagle, what do you mean by that? Do you know who you are talking to?" "Of course I know, it's you bastard!" After Qin Yuan finished speaking, he had to play a poker card. He didn't expect that the genetic drug injected by the white ape opposite was now the third generation. Stronger, turned over and dodged.

Chapter 995: fully control

Bai Yuan didn't expect that the person on the opposite side would attack him suddenly. He gently wiped the blood on his neck, and then said slowly: "What do you mean, you dare to betray me." Complete control, so when Bai Yuan was talking, the throwing knife from here was thrown directly at him, and the three of them fought together for a while. The transformed body of this white ape is indeed quite strong, and it was even comparable to Qin Yuan, but Qin Yuan snorted coldly. Although his fighting skills have been strengthened, his own strength is not a vegetarian. He clenched his fist and hit Bai Yuan directly. In an instant, Bai Yuan rolled and fell heavily on the table behind him. The commotion was quite loud, and all the guards outside ran in. These people were holding guns, and they were all pointing at Qin Yuan and No. 1. They didn't understand what was going on. However, their boss's thoughts are often unpredictable, how could they suddenly fight. At this moment, the white ape got up from the ground. He held his chest and felt a little strange. How did the speed of the bald eagle become so fast? And even if the two of them received their own genetic medicine, but they didn't register the third generation, their bodies should not be so strong. "What the ***** are you two doing? How dare you betray me? Do you know what happens to a betrayer?" At this moment, No. 1 has no consciousness of his own, and has long been controlled by Qin Yuan. Qin Yuan snorted coldly, and even more Didn't pay attention to what he said. And the militants who rushed in from the side were stunned, how could this be possible! These two people are equivalent to Bai Yuan's right-hand man. I didn't expect these two people to betray, which is too exaggerated. "Sorry, it was you who hit me today." "I really can't figure out what's going on with the two of you. You two will never betray me. What kind of thoughts did the people over there instill in you? You are willing to do this only if you promise you some conditions." At this moment, he looked at No. 1 and No. 1 had no expression on his face, just treating him as an enemy. Bai Yuan seemed a little helpless, he shook his head, he didn't expect to

be betrayed by his subordinates, because these subordinates were strictly selected by him, especially his own team. There can be many red blood cell squads, but these personal soldiers under his own, they came in with him at the beginning, there will be absolutely no betrayal, and he trusts them very much. He had no choice but to make a decision and let the soldiers behind him shoot at them. This was the fate of dealing with betrayers. Now he was not only angry, but moreover he couldn't figure it out. He didn't know why they did this. And now that there are so many people, if he didn't make this decision, he wouldn't be able to post WeChat vertically in front of these videos. What made him feel even more strange was how the betrayal would happen. Qin Yuan snorted coldly. It seems that this guy hasn't recognized him yet, but he doesn't intend to expose him so soon, so he just accepts his identity. The main reason is that they did too much drama, making Bai Yuan completely believe that Qin Yuan was stabbed to death, on the other hand. On the other hand, he feels that no matter how much camouflage is done, it is impossible to imitate a person so much. Qin Yuan controlled No. 1 and rushed up directly. At this moment, No. 1 restrained the other team members, and Qin Yuan's main target was Bai Yuan. This guy was his main target. At this moment, the white ape looked coldly at the so-called bald eagle in front of him. He suddenly realized, no, this person is not a bald eagle. "Who are you? You are not a bald eagle at all. His eyes have never been so firm." Qin Yuan smiled, and did not talk to him, but threw another throwing knife, just a fake move, In fact, his real big move is something else, the latter is when Bai Yuan wants to avoid the throwing knife, he has already lost two poker cards in his right hand. One of them has been directly across his abdomen. If this guy hadn't been injected with genetic reagents, he would probably be gushing blood now, because after the injection of genetic reagents, his body's various skills have been strengthened, especially his defensive power. . Qin Yuan looked at him coldly. This situation can't make this organization last forever. This kind of reagent is simply too terrifying, and it feels like creating an undead army. This time Qin Yuan has been completely close to him. Bai Yuan is actually very confident. If he really fights with Qin Yuan, he will not be afraid. He trains day after day, and he is also a crazy guy. At the highest level, he injected himself with three genetic reagents. Therefore, Qin Yuan's speed is also very fast. It can be said that Qin Yuan has completely mastered the moves of Bai Yuan. With his strength, it is shameful to say that he has modified it. It was just teasing him just now, but Bai Yuan also found out slowly, he found that Qin Yuan already knew what his next move was going to be, but he just deliberately slipped away from him. At this time, Qin Yuan suddenly laughed, "Forget it, it's too boring, let me show you something interesting." Charming messages slowly emanated from him. In an instant, those militants who rushed in to fight with them just now were stunned, including himself, who was completely controlled by Qin Yuan without even realizing it. Qin Yuan used the charm information this time mainly to know the real situation of the White Ape. After all, this guy is too cunning, whether he is the real White Ape, and the situation of this base. In the subsequent interrogation, Qin Yuan was also relieved. It seemed that he still thought too much about this person, but it was really nothing. Because of the previous suppressions, their side has been hit hard, because it is not easy to maintain the expenses of the entire organization. Their biggest expense before was Akazhi's genetic laboratory, and Qin Yuan solved a problem for him at that time. And in the subsequent interrogation, this white ape was insane. He not only wanted to attack the people around Qin Yuan, including Long Xiaoyun, but also his entire red blood cell team. He would not let him go. He listed every plan in great detail, how to target and kill these people, and even trained professional killers inside. The so-called red blood cell team he created is even more terrifying, imitating each of them, including computer experts, hackers, experts, and fighting experts. This guy even found out the precious records of Qin Yuan's previous

missions. He was able to hack into other people's systems and copy all the information, just to imitate Qin Yuan. Qin Yuan shook his head when he saw it. This kind of person is really scary, and he has completely mastered the criminal secrets of this organization. All the civilians they caught before were shot and killed except for genetic experiments. This is the real madness. But what Qin Yuan is more curious about is what forces behind them are supporting their economic operation, you have to know. Although this Bai Yuan has a grudge against him. The people inside also have hatred against themselves, but it is a very large expense to support such a large organization, especially the research of genetic reagents. Qin Yuan had noticed before that their weapons were all the latest equipment, and the replacement speed was really too fast. He looked at the unconscious white ape and asked slowly: "Is there any other force behind you supporting you?" Now the white ape has been completely controlled by Qin Yuan from time to time, unexpectedly, under such control, he Even mentioning this question, with a slight resistance, Qin Yuan could already feel his brain wave shaking. Qin Yuan smiled. It seems that this guy is also a strong-willed guy, but these are trivial things in front of him. He put his hand on the white ape's shoulder to strengthen his control over his consciousness. Soon this little guy The point of resistance is also completely gone. Moreover, this secret has a lot to do with it. Whenever this secret is mentioned, he obviously resists it. Sure enough, during Qin Yuan's interrogation, there were several small Mao countries behind this organization, and there were people behind them supporting them over there and in the US country. However, he didn't know who was providing them with the funding chain. He only knew that those two people were from Xiaomao Country, who brought them the latest weapons and equipment, and let them devote themselves to research. But in a situation like this, they also have their own selfishness. At most, they want them to join their legion after successful research. After all, if a terrifying strength like them enters the battlefield, it will kill the opponent in seconds. After all, if a team like theirs is really fully developed and used by other countries, it can carry out many secret missions. It is extremely scary to think about it. Asking further, this white ape doesn't know the specific situation. It seems that the people behind him want to control and are worried about the incident, so they hide it very deeply. Qin Yuan sighed a little. Originally, he thought that this incident was just a simple kidnapping at the beginning, but he didn't expect so many things to be involved behind it, and now the real master behind the scenes has been caught, but there are still people behind the scenes. As for the base, no bombs were planted, because the White Ape wasn't ready yet, and his usual preparation was to plant them when he was about to evacuate. In this way, Qin Yuan sent location information to Long Xiaoyun and the others, and then controlled all these militants. When Bai Yuan woke up, he found that he had been tied to the stool. He was in a daze, wondering what was going on. What's more, the one in front of him is not the bald eagle, but Qin Yuan. He is even more shocked, this is absolutely impossible. He sent several people to investigate. Qin Yuan was already dead. Even if that guy didn't die, he was definitely seriously injured. It is impossible to stand in front of him so intact now. "You...you are a monster, you can't kill it!" "Just save your little tricks to deal with others. If you deal with me, it is indeed challenging for me this time, but they are too low-level." "I just want to know how you did it and how you got in." "You don't need to worry about these things, but thank you for explaining everything just now, now you have no value, and you shot dead. There are so many civilians, now they should accept the judgment of the people." Speaking of the white ape suddenly going crazy, he was a little unwilling, "Why should those civilians be able to judge me? They don't deserve it." "It seems that you are really obsessed. Character, I can't extricate myself, just a terrorist like you, everyone can kill him!" Bai Yuan still can't believe it, how Qin Yuan did it, it's really incredible. He sighed deeply. He didn't expect that he had prepared

for such a long time and spent so much energy, but he still failed to kill Qin Yuan, but was killed by him instead. He really couldn't figure out whether this person had something How powerful. "You are indeed a respectable opponent. I can't understand many things. How did you do it?" Will always guard my faith and my people After Qin Yuan finished speaking, he pulled the trigger directly on his head, and the militants next to him all exclaimed, after all, in their eyes, This white ape is also a relatively powerful existence. Unexpectedly, he was directly shot by Qin Yuan. The main reason is that this person is too cunning, and with the people behind him who he said just now, Qin Yuan is very worried. Handing over such a person, maybe he will let him survive again. If such a person is not killed, the consequences will be disastrous. The other militants are very afraid, mainly because they face death suddenly like this. Qin Yuan saw Their eyes showed fear. Didn't these people think about it when they killed those civilians? Especially No. 1, she couldn't figure out from the beginning to the end how Qin Yuan did it. Every time she They are all in a daze. When she wakes up, some unexpected things will happen. For example, this time, when she wakes up, she has been **** inside the organization, and her boss has also been killed. Qin Yuan They also specifically notified Country K, mainly because the incident this time involved too much, and these people should be punished by them. For so many civilians who died before, they should also give an explanation to those civilians and catch them. It is the best sanction. Long Xiaoyun and the others rushed here after receiving the information. After all, they knew that these people were powerful. But when they came, some extremely resistant people in the entire organization were killed by Qin Yuan , the rest of the people have been completely controlled by Qin Yuan. Li Erniu was stunned. Although they have seen this situation before, it is a routine operation for their captain, but this time the militants are really strong. too strong.

Chapter 996: to find Mu Qingmei

"Brother Qin, you are too awesome. How did you do it? You've already finished before we even came." Fight them for a long time." The other members of the organization still can't believe it, they have all been genetically modified, their speed and strength have been enhanced, they never thought they would be so vulnerable in front of Qin Yuan. Before Qin Yuan could use this move to instantly kill them, but because Long Xiaoyun and the others were present, he could only use his own speed and strength. Now it was different, he directly controlled them consciously. At this moment, Qin Yuan's mind suddenly heard a system prompt. He also felt a little strange, because before the system released tasks in advance, the rewards would only appear after he completed them, but this time it seemed that the rewards were given directly. "Ding! Congratulations to the host for killing the leader of the criminal organization! A total of 325 civilians have been redressed!" "Ding! Congratulations to Su Yu for breaking the criminal group, and the system now rewards 20,000 merit points!" If Su Yu was rewarded in the past, he was very happy Yes, but after hearing the system prompt today, he was not interested because his focus was on the 325 civilians. These 325 civilians were all killed by the crazy guy White Ape. In his laboratory, basically no failures were seen, because all the failed ones were killed by him. This person is a lunatic. Qin Yuan just regretted not encountering these criminals earlier, he should have killed them all earlier, so as to avoid reducing the sacrifice of some civilians. The people from Country K also came to clean up the mess, but because they had fought against the White Apes before, the troops from Country K had clashed with them. Country K knew how powerful these criminals were, and a small group of people came directly with great vigor. After they came, they stared at Qin Yuan and

the others. This is too exaggerated, and Qin Yuan solved it so easily. Qin Yuan stepped forward and patted the shoulder of the group army chief, "I'll leave the matter here to you, and we have to prepare to go back, the delay is too long." "Captain Qin, I'm really curious, how did you do it, so many people were captured alive?" "Because they need to accept the people and accept the sanctions of your country, so as to avoid panic." The military officer Ye understood, and he silently told Qin Yuan With a thumbs up, except for the leader who was killed by Qin Yuan, all the rest were captured alive, which can be regarded as an explanation to the people. Qin Yuan hasn't thought about the meritorious value this time. He plans to find an excuse when he goes back, take Long Xiaoyun and the others for special training, and give them a little meritorious value for the Wolf Warrior squad, at least to improve the basic physical strength. The quality should be strengthened. On the plane back to China, Qin Yuan checked the merit points, and then calculated the distribution of each person. At this time, Long Xiaoyun muttered next to him, "I don't know what's going on with Mu Qingmei? Their medical team is now setting off with the peacekeeping force, and they probably won't be back until next year." Long Xiaoyun also sighed. , mainly because of this incident, which almost involved Mu Qingmei. Thinking of this, Qin Yuan looked at Long Xiaoyun, "How about it, or else we'll go find Mu Qingmei now." "Are you kidding me? We're at high altitude now, so how to find it, we can only wait until we get back." Let's talk about it later." "Yes, let's take this opportunity to go. It's better to hit the sun and go see her together." Long Xiaoyun's side is also relatively busy. Since the last time An Ran got married, she and Mu Qing Mei met, but never saw each other again, because both of them have special jobs. Qin Yuan smiled, told the driver's cab to turn the direction directly, and drove the helicopter over the sky of country H, just in time to jump up and airborne to Mu Qingmei's side. The team members on the helicopter all looked at the two with gossipy faces. The helicopter pilot had already contacted the peacekeeping team to confirm their positions, and when they reached the sky, they had already seen the national flag below. "Okay, let's stay here, we are going to skydive, you go back first." "What!" Long Xiaoyun was shocked, what is the situation? She thought they were driving the helicopter down directly, but what did he mean by skydiving? The other team members were also confused. "Brother Qin, what do you mean, you don't want us to go?" "Nonsense, what are you guys going to do, a few big light bulbs, now listen to my order, me and your dragon team are going to parachute, and then the rest of the team members Go back." He Chenguang's face was black by the side, which is too exaggerated! The two captains prepared to parachute hand in hand, and then let their team members go back by themselves. "Brother Qin, you are not authentic, no matter how you say it, bring your brothers to play together." "Get out of here, stay with you old men every day, go back quickly, it just so happens that you are also on vacation when you go back, I have my own business." Li Erniu was already ready to skydive, but they didn't plan to take him. Just like that, Long Xiaoyun and Qin Yuan jumped up in mid-air and landed steadily below. The peacekeeping sentries below had already spotted them, but after seeing the marks on their bodies, they also smiled happily. Qin Yuan still had contacts with these peacekeepers before, and he also took them for training before, but there were many peacekeepers, and he was not leading this group at that time. But Qin Yuan's reputation is still relatively large, the sentry in front, and the squad leader stationed locally also ran over. "Captain Qin, I didn't expect that your vehicle is quite special, it's too cool! Just skydiving." "Hahaha, we just happened to pass by after we finished our mission, so we came to see Mu Qingmei." "The squad leader was still confused at first, and he still wondered why Qin Yuan came to them suddenly. It turned out that he was here to find someone. Then these two people are legends in their military region, one is the only captain of the special forces team, and she is also a female Long Xiaoyun, who is also a figure in their team, and the

other is Qin Yuan, both of them are great gods. The peacekeepers next to them all looked at the two with envy. This is the real couple of gods and gods. "Oh, so that's the case, but the members of their medical team were ordered to go to the village to carry out disinfection tasks today, and they may not be able to return until evening." Let her." The monitor of the peacekeeping squad is also more polite, the rest of them have been assigned to do tasks, and they belong to stay on duty. He had heard many deeds of Qin Yuan before, and they were all very famous, so he not only respected Qin Yuan, but also awed him. When the sun was about to set, Mu Qingmei and the others finally came back. Long Xiaoyun saw Mu Qingmei in the team from a distance. She hadn't seen her for a few months. She had lost a lot of weight. Life in the peacekeeping force is really hard, because what they do every day is not only dangerous, but also a lot of things, like this time to disinfect the village, and tomorrow they will have to distribute medicine. Mu Qingmei also saw Long Xiaoyun, she blinked, she saw it right! At this time, Qin Yuan also smiled and waved at her. She was very excited, and after finishing the report, she rushed out of the team. Qin Yuan stretched out his hands, ready to meet Mu Qingmei's embrace, but Mu Qingmei ran over and hugged Long Xiaoyun next to him. "Sister Xiaoyun, I miss you so much. We haven't seen each other for a long time." "Yes, I feel that you have lost a lot of weight. Is it too hard to live here? It's really hard." It's gone." Then the two chatted on their own, Qin Yuan stretched out his hands in embarrassment in mid-air, and then silently retracted them. "I see you two, you really forgot about me, you little heartless, you haven't seen me for such a long time, don't you miss me?" At this time, Mu Qingmei put the backpack on her body, very naturally Handed it to Qin Yuan, "I don't have time to think about you now, I want to catch up with Miss Xiaoyun first." Qin Yuan smiled, Mu Qingmei was still so lively and cute, she and Long Xiaoyun talked a lot Things inside, especially they went to the village to perform a secret mission. Qin Yuan also planned to stay here for a few more days, even if it was a vacation for himself and Long Xiaoyun. At this time, Qin Yuan suddenly received a call from Gao Shiwei. He looked at it and hesitated, but he still pressed the answer button. "Qin Yuan, you brat, you are very courageous. You are not coming back now, so you just disappeared halfway, right?" Conscientiously, our own mission has been completed, and now we are specially here to help the peacekeeping force." If it wasn't because Gao Shiwei directly wanted to take Qin Yuan's head on the phone, this kid is now running the train with his mouth full . Because today Gao Shiwei knew that Qin Yuan and the others had come back, and they had made a great contribution this time, completely eradicating this criminal, as well as rescuing the staff of the embassy before. Therefore, Gao Shiwei specially organized the people in the brigade to hold a welcome ceremony for them. Unexpectedly, the two protagonists didn't come, so they tricked their team members into coming. Gao Shiwei looked at Li Erniu standing in front with a cold face, "Where did your captain go? Why didn't you return to the team with you?" "Report to Captain Gao, our captain has a mission." "Fart, there is a I didn't even order the fart mission, so I ordered him to go and perform the mission." No matter what Gao Shiwei asked, the members of the two special operations teams were very protective of their captains, and insisted that they were going to perform the mission. At this moment, Gao Shiwei called Qin Yuan here, in fact, he wanted to make sure that this kid was safe. Although he knew his ability, his heart was too big. Just say it casually and go out. There is a war going on in the peacekeeping force now, this kid is too courageous. In war-torn areas, they are the only ones who dare to parachute directly. After all, it was such a big goal, but Qin Yuan didn't worry about it at all. In this way, Gao Shiwei only verbally scolded them, making them ready to return to China to accept the award. This time, they have made a contribution. They are here to carry out peacekeeping missions. Although they are fighting every day, those people do not interfere with them. They are only responsible for

rescuing and protecting the local people. Mu Qingmei came here this time because of Qin Yuan, because he saw that Long Xiaoyun was so powerful that he could fight side by side with Qin Yuan, but she really didn't seem to have performed any missions, so this time Resolutely choose to join the peacekeeping force. Her mission will be over by the end of the year, and they will go back to replace another group of team members by the end of the year. Before that, Qin Yuan quietly added 1000 merit points to Mu Qingmei, but these 1000 merit points actually directly increased Mu Qingmei's body reaction speed. Qin Yuan also wanted to test it, so he deliberately asked Long Xiaoyun and Mu Qingmei to compete, mainly to see the running ability Mu Qingmei was very surprised when he heard it, how is this possible? After all, Long Xiaoyun is also the captain of the special warfare team, how could she be better than that, and even though they can't train normally, the training intensity is definitely not up to it. "I'm not kidding, how could I outrun Sister Xiaoyun." "Don't worry, I see that you have been working too hard recently, maybe your body reaction has been trained, so it is possible that you can really keep up." Long Xiaoyun She didn't say anything, anyway, she still likes it better if it's a competition. In this way, the competition between the two began. Qin Yuan mainly wanted to test, and now he only added 1000 merit points, which should not be much stronger, but he couldn't make Mu Qingmei's eyebrows stand out too much. Others are watching. Long Xiaoyun didn't expect that although this Mu Qingmei belonged to the medical team, she ran too fast, both in speed and reaction. Long Xiaoyun is not a vegetarian either. After all, she is the captain of the special team, so her reflexes must be better. In the end, after such a competition, although Long Xiaoyun won, Mu Qingmei was also surprised by herself, she didn't expect that she could hold on. Long Xiaoyun also wiped the sweat from his forehead, and looked at her in surprise, "To be honest, have you practiced secretly recently, your speed is almost catching up to me."

Mu Qingmei doesn't know what's going on, but Qin Yuan has tested it anyway, as long as the speed is okay, then it's fine, if there is any danger? She could have escaped anyway. So Qin Yuan and the others also stayed here for a few days, and then went back to the team. After all, both of them are the captains of the special forces team, so it is impossible for both of them to be absent.

Chapter 997: go back with honor

Before that, Qin Yuan was still worried about whether Mu Qingmei's body could accept such a meritorious service. After all, she had never received any special training before. It seems that he really thought too much, so the test was no problem at all, and he didn't dare to add too much, he only dared to add a thousand merit points. After all, if it was too exaggerated, there would still be a contrast. After this incident, he feels even more that now not only himself needs to become stronger, but also the team he leads must also become stronger. On the helicopter, Qin Yuan looked at Long Xiaoyun seriously, "Xiaoyun, after I go back this time, I want to conduct a special training for your scumbag team. I don't know what your opinion is." After all, Long Xiaoyun is Captain, Qin Yuan can be regarded as having enough respect for her, so we need to seek her opinion. "Then it's really great, I'm absolutely fine." After experiencing these incidents, Long Xiaoyun discovered the gap between his team and Qin Yuan's red blood cell team at close range. You can't rely on them every time! But it was Long Xiaoyun who reminded Qingyuan that he was too focused on work and training now, and he had never visited the orphanage. "Xiaoyun is still

thoughtful, so when we go back this time, we will go to see the situation of Grandma Sun and the children, and then we will train after we come back. It can be regarded as a vacation for the team members. What happened this time There are really too many." Long Xiaoyun nodded, just like that, when they returned to the special forces, no one came to welcome them, Qin Yuan still felt strange, this group of heartless people, don't they know Are they coming back today? Qin Yuan and the others searched around only to find that all the members of the two teams were in the conference room. Qin Yuan still found it strange. "I said, what are you guys doing here? Shouldn't you be on vacation, or have you come back from vacation now?" Li Erniu was crying at this moment, "Brother Qin, you are considered to be back, you have to ask Why, it is really thanks to you two captains." What is the situation? Long Xiaoyun also looked at his team members with a puzzled expression. When he approached, he found that everyone was copying the team rules. It turned out that when they came, they kept concealing the specific whereabouts of Long Xiaoyun and the others from above, so they were punished by Gao Shiwei. Now they are copying the rules in the big office every day, but fortunately they are not trained at all. Gao Shiwei also heard the movement and walked out of the office. After seeing Qin Yuan and Long Xiaoyun, he coughed. "Qin Yuan, you brat, you have a lot of face! Now you dare to act without my approval, so why don't you take my seat?" Qin Yuan quickly put on a smiling face, and then Walked over, "Captain Gao, look at what you said, and I'm not going to other places, I'm going to our peacekeeping force, is it our brother troops to help?" "Go away, boy Let me get close here, you two are captains, and you can't take the lead at all, now copy the army statute for me immediately." Gao Shiwei doesn't get into it, and Qin Yuan can't figure out what it is The situation, why does it feel like I'm really angry. But he could only sit silently by the side and start copying. After Gao Shiwei went out, Qin Yuan asked in a low voice: "What's going on? Why is Lao Gao so angry?" "Brother Qin, brothers this time I really took the blame for you, you don't know how spectacular the scene was when we came back that day." Qin Yuan was stunned when he heard that, such a big scene is too exaggerated! Wang Yanbing smiled wryly, and he shook his hands. Today they have copied it countless times. "It's not a big deal. What's more, Lao Gao directly called the military reporter. He originally wanted to interview you. This time, the incident was quite a big one. When it comes to this, Qin Yuan also understands. Now, why did Lao Gao get so angry? He called so many people, but he didn't say hello, and sent pigeons to others. On the other hand, although Gao Shiwei said so, he still maintained Theirs, at that time the supreme commander of the North China Military Region did not see Qin Yuan, and was still puzzled. Gao Shiwei also reacted quickly, and immediately smoothed things over, telling him that Qin Yuan was temporarily sent to perform other tasks, and that's what he said. In the past, otherwise, in front of so many people, I really didn't give him any face. "So, Brother Qin, you know why our vacation was cancelled, so let's copy honestly for a while! Lao Gao was able to push us down for us. "Just as he was talking, Gao Shiwei strode in again, "You brat is disorganized and undisciplined all day long. I want to give you the award myself. "Hearing this, Li Erniu immediately became interested, "Hey, did the Gao team say that they want to reward our whole team for first-class merit once! "You brat is very clever in inquiring about the news. The benefits are indispensable to you. This time, in addition to the collective first-class merit, each person will add a second-class merit. Qin Yuan and Long Xiaoyun, as captains, will record a first-class merit. "After hearing this, everyone became excited and cheered in the conference room. Wang Yanbing didn't understand. He felt that the mission they performed this time was no different from usual. Why is the reward so high this time?" The brat doesn't understand! You guys have earned this face back! At this time, Qin Yuan suddenly stood up and said loudly: "If you kill my people, you will be punished even if you are far away,

and your mission must be achieved." " "Okay, I can hear, but I'm not deaf." "Although Gao Shiwei said this, his face was already full of joy, and he walked out with his hands behind his back, telling them to prepare quickly. This time the award is very grand, and this time they not only have a collective Honors, and personal honors, Li Erniu and the others have had such honors before, but this time is different. In addition, it is the Internet age after all, and many things are very circulated. It was awarded the title of honorary family, and took a plaque to go to the house to thank. Li Erniu was very happy, and Gao Shiwei also let them go back with this honor, which can be regarded as a holiday for them. Qin Yuan originally decided to go with Long Xiaoyun went to see Grandma Sun together, and then took Long Zhanjun over to celebrate, and the family had a meal together. After returning to the dormitory, Li Erniu was very excited and warmly invited the team members Let's go to his house to eat mutton together. "Brother Qin, I'm going back with honor this time. My father has been notified, and the village is already preparing to kill the sheep. Let's go back for dinner together. "Qin Yuan felt a little embarrassed when he heard this, because they originally planned to go to see the situation in the orphanage. But this time it was very unfortunate, because He Chenguang and the others were going back, and they refused for a while. Li Erniu, if Qin Yuan is refusing him, then it is unreasonable. "That Erniu! As for eating meat, it's okay for the people in your village to get together and have a good time. This time, I want to visit Grandma Sun. "I didn't expect Li Erniu to block the door directly, and no one was allowed to leave, "Oh, brothers, let's go together, this time is also my father's intention, you saved me last time, so my father also wants to go!" Thank you, he said many times. "And Brother Qin, if you want to go to Grandma Sun's place, I definitely have no objection, but if you go there for a meal, you can bring some mutton back to Grandma Sun and the others, all raised by yourself in the mountains . "Just like that, everyone couldn't help Li Erniu saying this, so they agreed to go with him, and Long Xiaoyun also went with him. They originally wanted to call Shanglong Zhanjun, but unfortunately, he is now in the company. Give tactical guidance to the recruits. The honor has been sent to their local side. Now Qin Yuan drives them back in a car, and even specially set up a minibus. After all, the whole team is here. Everyone along the way They were all in high spirits, and Li Erniu praised how delicious their mutton was all the way, and it was raised by the local people themselves. He also promised to bring the meat back to the team members at that time, just saying that they would eat it in the past Have a meal, and then let them go back with the meat. However, because Li Erniu's house is far away, when they arrived at the county town, it was already dark. It rushed out from the side, and a car directly crashed into Qin Yuan's car. Qin Yuan and the others were driving normally, and it was He Chenguang who turned the steering wheel in a quick reaction, or they would have been knocked over by their impact. "What's the situation with me, I'm busy going to reincarnation. "Before Li Erniu finished complaining, two men got off the car. The leading man in front was holding a leather bag and smelling of alcohol." The car I bought hit your broken car. "Long Xiaoyun frowned when he heard this, obviously a little unhappy, can this guy speak?" I said, what's your situation? You hit our car and apologized, but you didn't hear anything yelling here. "Oh, I didn't expect to be a beautiful woman. I thought that the people who got on and off the car like this were probably village women, hahaha!" "The man walks a little unsteadily, wobbly, and wants to start when he comes over, Qin Yuan strode forward, and then pushed the man. "It's better to show some respect!" Otherwise I will really be rude to you. "Hahaha, what kind of onion are you, you dare to be rude to Lao Tzu, do you know who Lao Tzu is?" "At this time the man came down and blew the wind, and the wine was a little too good to shake his head. When they saw Li Erniu in the car, they all got down and stared at him aggressively. "Damn, are you relying on people? More bullying and less, telling you it doesn't

work, this film is now in my hands. "Li Erniu couldn't help it when he heard this. This guy obviously earned his own car. Now he said these words inexplicably. He is really too arrogant. He rolled up his sleeves and was about to hit the man. , was held back by Long Xiaoyun next to him, now is not the time to do it. After all, the village is still waiting for them, and they are coming back with honor now, so there is no need to conflict with such a drunk. "Qin Yuan, forget it, let the team members go back first. "Long Xiaoyun didn't want to argue with such a drunk, but he didn't expect that they didn't say anything, but the man was not happy, and waved his hand directly, "Secretary Liu, do you think they look down on me. "Secretary Liu at this moment dare not say anything more. After all, there were so many of them last year, and his strength was there, so he didn't dare to say more." Mr. Zhang, you really drank a little too much today, and it was just now Not only did I hit them with my car, let's lose money and leave first. " "Grandma, you bastard, I just bought this car, and you ran into it. "This Mr. Zhang can be regarded as a bully. Qin Yuan pushed him just now. He knew that Qin Yuan was very powerful, so he simply turned his anger on Secretary Liu next to him. Secretary Liu nodded and bowed, no He stopped and apologized, and then took out thousands of dollars from his purse. "Several brothers, this matter is indeed my fault. I didn't pay attention to it just now. The speed of the car was too fast, so I didn't have time to step on the brakes. I hope you will collect this money." Excuse me. "Because Qin Yuan and the others have something to go back to, so they don't want to entangle with them here. After taking the money, they look at the cursing man next to him, and they are very disdainful. "I see you, find a new job Well, it's not easy to be a dog in this kind of day. After all, some people spew dung all over their mouths, and they are not even as good as dogs. "I didn't expect that Mr. Zhang would be angry immediately when he heard this sentence, cursing, and walked forward, Qin Yuan just turned slightly sideways, and he fell to the ground unsteadily. "Damn, you really dare to do something to me. Come on, today I want to let you know why the flowers are so popular, don't even think about leaving. "The team members next to him burst out laughing when they heard this. They didn't want to care about it at first, but they didn't expect this guy to hit the gun. What's more, Secretary Liu is also sweating profusely now. Thousands of dollars were taken out of the bag. "Brothers, our Zhang is always drunk, don't bother with him about the money, it's an apology, you should leave quickly. At this time, Mr. Zhang next to him got up and snatched the wallet. "What kind of money do you want? I blame them for driving the car on this road today, so I ran into it, so they want to compensate me for the loss." "

Chapter 998: been tricked

After Qin Yuan and the others heard it, they couldn't help laughing. It's too unreasonable for this man to be arrogant! Originally, I wanted to let him go, but I really didn't want to argue with him. After all, Li Erniu and his family were waiting for everyone to eat, but it turned out that this kid had been looking for death. The secretary next to the man was quite sensible. After all, it was indeed their fault that they drove too fast and hit Qin Yuan's car. He had no choice but to come out and apologize. "Brothers, our boss is drunk today, and I hope you don't argue with him. I'm sorry, but I'll take him back now." Before the secretary could do anything, Mr. Zhang next to him kicked the The secretary kicked to the ground and yelled with the strength of alcohol. "Fuck, you are a coward, don't embarrass me here, what kind of territory is here is my territory, what are they, they want me to pay for it." Qin Yuan was only a little interested, holding his hands silently Looking at him intently, he wants to see how big a splash this guy can make. At this time, another car drove

up next to it, it should be with Mr. Zhang, and two people in suits got off from it. After the two got out of the car, they frowned and looked at the hit car in front of them. "What's the situation with you guys? How do you drive?" Good guy, Qin Yuan has seen it. There are no thick-skinned people, only thicker-skinned people. These guys bite back before they figure out the matter. After all, the secretary drove the car, so he could only quickly apologize and explain to the people next to him how it happened. "Director Liu, please stop talking. What happened this time is all my fault, because I was driving too fast just now, and I didn't pay attention, so I directly hit their car." I thought that Director Liu's attitude would be better after he came down, Unexpectedly, he was even more arrogant, directly took out a wad of money from the bag, and threw it in front of Qin Yuan and the others. "I just said why I haven't come here for a long time. It turned out that I met Pengci, didn't I just hit your car? Take the money and get out." At this moment, Mr. Zhang couldn't even stand firmly, staggering Sitting next to him, shaking, still cursing in his mouth. Qin Yuan grabbed his shoulder, and with a strong hand, he directly pressed Director Liu to the ground. "I didn't hear what you just said clearly. This is how you lose money. Bending down to pick up the money for me, and handing it to me." Director Liu didn't expect Qin Yuan to be so strong, and in this Suddenly, he would make a move suddenly. The person next to him should be his bodyguard. Seeing that the situation was wrong, he rushed up directly. Before he could get close to Qin Yuan, Li Erniu directly grabbed him and controlled him. The bodyguard didn't expect the speed of the person in front of him to be too fast, he didn't react at all, and was directly controlled, and this move was very familiar. The origins of these people were not simple, and he looked at the clothes of these people. Looking at Director Liu who was still grinning beside him, he hurriedly said in a low voice: "Except that we have provoked someone who shouldn't be provoked, you should stop talking and quickly pick up the money and return it to them. This time it is our fault. ""Stinky boy, what are you talking about? I raised you and gave you so much money, and this is how you protect me?" Qin Yuan snorted coldly, and the strength in his hands increased even more. For these ordinary people Said that he couldn't bear it at all, he could already hear the cracking sound from his shoulder bone. Immediately afterwards, because of the pain, he had completely fallen to the ground. Director Liu couldn't stand it anymore and could only give in. He silently picked up the money on the ground, then handed it to Qin Yuan with a livid face. "Hehe, isn't this very obedient? Let me tell you first, we are not Pengci, you gave it voluntarily. I really don't care for this little money. I just think your behavior is very annoying to me." Disgusting, this is just receiving compensation!" Wang Yanbing and the others wanted to fight, but they were held back by Qin Yuan, and it didn't make much sense to fight with these ordinary people. And the other party seemed to have something important to do, so the two parties broke up unhappy. After Director Liu got into the car, he was still cursing, but he didn't dare to worry too loudly, whether Qin Yuan and the others would hear it. After Long Xiaoyun got in the car, he looked at the money thrown behind the seat with disdain, "It's better if we are in the army, we don't have to deal with these people, it's too hypocritical, and one or two talk so crazy." "Dragon Team , You don't know that, these people outside now have some money, they're very good." "Forget it, everyone still has to remember our identities, so as not to cause conflicts, try not to conflict with the local people, so that The impact is not good." Everyone couldn't say anything, it was already dark, they had just returned to the village, and Li Erniu's parents were waiting at the gate of the village early. Qin Yuan and the others felt a little embarrassed. After all, they had made them wait for such a long time. Li Erniu's parents didn't mind coming out and greeted them with a smile. "You are all hungry! Hurry up and eat first." Long Xiaoyun smiled. Li Erniu's parents are very simple people, and everyone didn't care about it. They went in and sat down to eat together. Everyone in the

village was in the yard. Qin Yuan and the others had just entered, and everyone applauded together. At this time, the village chief came over and said with a smile: "Captain Qin, you have worked hard. We just got the notification and asked everyone to wait." Now, welcome to our heroes!" "Village Chief, you are taking this seriously. It is also our responsibility to protect our family and country, so hurry up and let everyone eat first!" Qin Yuan and the others were warmly invited in, and Li Erniu My father is very happy. Since his son made meritorious service last time, this is a series of meritorious deeds. He really has a lot of face in the village, took a sip of wine and said slowly: "Captain Qin, it is his good fortune that my Er Niu is a good teammate with you, I respect you!" Qin Yuan smiled and raised his hand quickly. After picking up the cup, Li Erniu's father drank it happily, saying that the boss of the town would invite the song and dance troupe to celebrate later, to clean up the heroes. Long Xiaoyun felt a little inappropriate when he heard this, after all, it would be too exciting to move the crowd, and it would not be good for others to know that it would influence him like this. The village head said that there is no problem, and these bosses also volunteered to do something for their hometown, and prepared 200,000 yuan out of their own pockets to reward Li Erniu. Li Erniu immediately said that this money cannot be taken, "Father, are you confused? How can you collect this money randomly? This is not a small amount, and besides, our team has already rewarded it." Li Erniu is now thinking about it. There are more problems, and he won't be as reckless as before. His father drank a little too much and was a little unhappy. "You bastard, what are you talking about so stupid? It's money voluntarily given by others! How did you talk to me?" The family is not short of money, I am really ashamed of you like this!" This Li Erniu was also short-tempered, so he quickly stopped him, "Erniu, forget it, let's not say a few words first, after all, uncle is happy."" Brother Qin, look at what my father did, no one knows him, so he just took 200,000 from him, isn't that cheating me?" Li Erniu's father slapped Li Erniu on the head when he heard it. "How did you talk to me, you bastard? Look at your captain. Even if you are a fighting hero, I still beat you!" The people around were all watching the excitement, after all, they were all from the village. At this point, I feel that Li Erniu is wrong and shouldn't talk to his father like this. The village chief also stood up and said: "Erniu, don't worry, they don't say anything when they give money. It's a good thing that the boss has money." When he got down, Qin Yuan also pulled him to signal him not to talk too much. After dinner, the sound of gongs and drums sounded outside the village. The village chief took a sip of tea and ran out laughing, and sent a child over after a while. "Brother Erniu, come out and take a look. The boss from before is here. He's doing a lion dance outside. It's very beautiful." Li Erniu's parents and relatives in the yard all ran out, wanting to have fun. . At this moment Li Erniu frowned tightly, he always felt that the matter of the two hundred thousand was not so simple. "Brother Qin, what do you think of this matter?" "It is true that some township bosses will give money out of their own pockets. Don't worry, let's check the situation first, and return the money if something is wrong." That's the only way, He Chenguang originally wanted to leave early, but turned around and ran back just after he left. "Brother Qin, come out and take a look." "I said, have you never seen a lion dance before? I'll show you the dance when I get back. What's the fun?" "No! I just met someone I know. The bosses are the ones we saw today, who touched our car." What! Everyone was very surprised when they heard the news. What's going on? Is it just a coincidence? After Qin Yuan and the others came out, they really saw those people. At this moment, Mr. Zhang sobered up a lot, and several people were stunned when they saw each other. The people on the other side also found it strange. At this time, the village chief introduced enthusiastically, "Mr. Zhang, this is our great hero, and their captain. They are all powerful characters, and they are all heroes." Unexpectedly, but after all, he is a businessman, his

complexion changed relatively quickly, and he returned to normal immediately, and walked over pretending not to know him. "Oh, it turns out that this is our great hero. It's really good. It looks so powerful. It's all good!" Life." Qin Yuan glanced contemptuously at the few people who had changed their attitudes. They were very arrogant before, and he really admired this face-changing technique. After all, the villagers were all watching, and Qin Yuan was doing Li Erniu and his parents a face, and didn't care too much about them. Anyway, after a period of false greetings, the bosses also invited the local song and dance troupe to perform, which was very lively and the villagers were very happy. At this time, Mr. Zhang found Li Erniu and motioned him to go out, but Li Erniu didn't give him this face at all and pretended not to see it. This guy didn't give up, and continued: "Mr. Li, it's too noisy here, we need to discuss some things." Li Erniu also replied angrily, "I don't think we have anything to discuss, I don't Talking about the previous matter has already been counted as a face for the village chief." Mr. Zhang was not in a hurry, but said with a smile: "But we signed the contract after all, and this matter still needs to be discussed." Qin Yuan heard the contract at the side The two words thumped in my heart, anyway, these guys were not good people when they met before, and now they are involved in the contract, what is the situation. Mr. Zhang smiled and took out a document from the bag, and Qin Yuan also took a rough look at it. Anyway, it probably meant that he signed a competition agreement with Li Erniu's father, and wanted Li Erniu to participate in the competition. When Li Erniu saw it, he was even more angry, and slapped the table directly, "You bastard!" The noise caused many people to turn their heads. Said: "I think Mr. Li is also a smart person, he probably wouldn't make a fuss here!" Li Erniu looked at his father and could only bear it, Qin Yuan also Patted him on the shoulder, said to go out and have a look together. Long Xiaoyun and the others also followed behind and went out quietly. As soon as Li Erniu came out, he couldn't wait to step forward and grab Mr. Zhang's collar. "What happened to that contract just now, you'd better explain it clearly, otherwise you won't be able to walk around!" "Mr. Li, we belong to the partner after all now, so you don't have to be so excited about me, everyone sit down calmly." Come down and talk about it!" Qin Yuan also told Li Erniu not to get excited, and to figure out the current situation before talking. Long Xiaoyun also came over to look at the contract. It turned out that the 200,000 yuan was not a donation at all, but Li Erniu's father was tricked and sold his son directly. It was written very clearly in the contract that he was Li Erniu's guardian and there was Li Erniu's ID number on it, and he wanted Li Erniu to help them play a game. The 200,000 yuan was used as a reward , and must be implemented. Li Erniu clenched his fists and was about to tear up the contract when Mr. Zhang kindly reminded him, "Mr. Li, this contract is for one person. If yours is damaged, only mine is mine. Look at what is said in my contract." Qin Yuan stood up and looked at him coldly, "Do you know that this is an illegal act, and we are not subject to any restrictions." "Of course I know this, but well If Mr. Li disagrees with the execution and does not cooperate with the execution, then we can only take the old man to court and pay us 20 million yuan!" Everyone was very surprised when they heard this, this is too exaggerated, Long Xiaoyun also pointed out that Looking at the small characters below, it was indeed tricked by this group of people. If you don't do what they said now, you can only pay liquidated damages, and there is no way to sign everything in black and white. This time, Li Erniu's father really cheated his son.

Chapter 999: They're all tricked

At this moment, Qin Yuan looked at this unequal treaty and frowned. It stands to reason that such a treaty is insignificant, after all, it was forced to sign without Li Erniu's father's knowledge. "I really didn't know that you guys would engage in such a deep routine, and you should know our identities. You keep saying that we are fighting heroes. Is this how Baojiawei treats us?" Unexpectedly, Mr. Zhang laughed. He laughed, "I said you are really interesting as the captain. What age is it? Do you still believe such nonsense? To put it bluntly, in fact, what you call defending your home and country is just to make some money." Long When Xiaoyun heard this, he stood up instantly, stepped forward and slapped Mr. Zhang directly on the face. Such people really can't spit ivory out of their mouths. They worked desperately on the front line. They never thought about the so-called money or fame. At that moment, they just wanted to guarantee their comrades and their country. the safety of the people. Mr. Zhang was slapped inexplicably, and he stood up immediately with his eyes full of anger, and the two people behind him also followed. Before they could make a move, they were overthrown by He Chenguang in front of them. Mr. Zhang knew that he couldn't beat these people, so he just covered his face and said slowly: "I really didn't expect that, Do you mean to do it right away? It's too barbaric. Is this the style of your soldiers?" "My attitude depends on your attitude. If I communicate with people, I'm naturally your polite person, but I'm as good as some beasts. If you compare, there's no need to say such polite words." "You!" Mr. Zhang covered his flushed cheeks from the beating, and stared at Long Xiaoyun viciously, but he didn't dare to say anything. Li Erniu was also very angry. After all, his father didn't know much, so he didn't expect to be tricked by the people in front of him, and now he just lied to his family. "You bastard, I really don't know what you are thinking, I think you really want to squat in the bureau!" "Mr. Li, I think you'd better control your temper and your Teammates, otherwise I will sue you for posing a threat to my personal safety, and secondly, this contract must be valid, after all, it has been signed in black and white." This guy said one set of one set, and it really made sense, Qin Yuan could only quickly grab Li Erniu, telling him not to be so impulsive, and to wait for the right time to speak. Anyway, Mr. Zhang finally insisted that if Li Erniu didn't agree to participate in their contracted competition, then he could only go through legal procedures. Anyway, it was Li Erniu's father who signed the contract with him. Qin Yuan also looked at the contract repeatedly, which was too unfavorable for Li Erniu and the others, and everything that should be explained in it was clearly explained. And the liquidated damages paid for this compensation is really too high. Mr. Zhang is very shameless. He put the contract back in front of Li Erniu, "Mr. Li, I have a lot of time. You can come to me anytime, but you have to hurry up. After all, we stipulated in the contract. The time is one week." After the guy finished speaking, he left with the two people next to him. Li Erniu squatted on the ground a little decadent and made a fuss, why is his father so confused. Qin Yuan stepped forward and patted him on the shoulder, "Let's do this, now the matter has come to an end, or else everyone should think of a way to see if they can get the money together, I should still be able to get the money out." Long Xiaoyun also nodded in agreement, he can also do his part, this little money is not a big problem for Qin Yuan. Unexpectedly, Li Erniu was also stubborn. When he heard that Qin Yuan was asked to pay, he immediately refused. "Brother Qin, this is your money, how can I accept it? And it's not a small amount, 20 million, I, Li Erniu, can't earn that much money even if I work all my life." "Brat, I said Do you want Liu Hua? We are brothers, there is really no need to talk about this, besides, the current situation is very urgent, I will take out the money now, and fill in this vacancy first." Li Erniu shook his head, no matter what In any case, he would not accept Qin Yuan's money, after all, this is not a matter of mercy, and he will not even be able to raise his head in the team in the future. He Chenguang also felt a little inappropriate, "Brother Qin, think about it, are we just

willing to take out the 20 million yuan? It's cheaper for those grandchildren." To be clear, the current situation is really very unfavorable for them. At this time, your Erniu and his wife ran over, "So you are all here, go back quickly, Erniu, daddy is looking for you." Qin Yuan pulled Li Erniu and asked him to put it away. Emotions, don't be seen by your own wife, there are too many people about some things now, so don't tell them yet. Several people also understood tacitly, and then followed back to the square. The program on the square was still going on, and it was very lively. Li Erniu, his father, and the village chief sat together with smiles on their faces. That Mr. Zhang They also sit next to each other. In this way, when the show is completely over, you have to keep them and return home. At this moment, Li Erniu is in a very depressed mood. After all, it was such a big event, if he was unwilling to cooperate, he would have to pay 20 million in liquidated damages. His family will definitely not be able to spend so much money, and then they will really have to sue, because Qin Yuan has already analyzed the situation with him, and it is really very unfavorable to them. His father was a little drunk, humming a song on the road, very happy, and when he returned, he couldn't help but slapped the two million bank card on the table, showing off to Qin Yuan and the others. "Captain, please, look at my son who worked hard for the country, and then your brigade rewarded him with 50,000 yuan, and our local boss directly gave him 200,000 yuan!" Li Erniu shook his head, and it was at this time Now, his father is still unclear, "Okay, don't talk about it, this matter is already embarrassing enough, it's all your fault." Long Xiaoyun wanted to pull him, but I can't hold back at all, this kid is also a bull-tempered, he said all the words in one go. Li Erniu's father was also very angry when he heard it, why did this kid fight against him today? "Boy, is it itchy today, and you say you old man again and again, what on earth are you thinking?" You, there is no such thing as a pie in the sky, do you know?" Li Erniu couldn't help it anymore, seeing that his father was still blaming him, and at this time, he still couldn't figure it out. Originally, he didn't plan to tell everyone, but when he came back and saw the situation, he was too worried that his father would sign other messy contracts behind his back, and things would only get more and more chaotic. Li Erniu simply told him the truth of the matter. When Li Erniu's wife heard it, she was stunned on the spot. She didn't expect to be burdened with such a big matter somehow. "Er Niu, is what you just said true? If our family doesn't listen to him, will we really have to pay 20 million yuan?" Li Er Niu also nodded, because he had to speak out now to let everyone know the truth. the seriousness of the matter. When Li Erniu's mother knew the truth of the matter, she stepped forward, threw the bank card on the ground, stomped a few times, and then pointed at his father and began to curse. "Look at the foolish things you did, you old guy. You've ruined your son's good future." After he finished speaking, he sat on the ground and burst into tears. Yun hurried forward, pulling her beside her and comforting her non-stop. Li Erniu's father didn't expect things to turn out like this, so he woke up from the wine in an instant, and sat on the ground in a decadent state. He couldn't believe it was true. "Why did this happen? They said it was good before, and they told me that it was something to be signed in the bank card. How could it become a contract?" Li Erniu's father also recalled carefully, after all, now Qin Yuan and the others asked him to quickly think about what happened at that time, to see if he could find the key problem and solve it. "The boss really said something about the game at the time, and I couldn't understand it, so I signed it in a daze." Well, Qin Yuan and the others completely gave up when they heard this. After all, he signed it himself. Things, and they must have explained it clearly to him before, but he didn't understand it well. In the end, Li Erniu's father said helplessly: "It was I who tricked you. I really don't deserve to be this father. Forget it, and leave me alone. Anyway, don't agree to participate in any of their competitions. They want to catch you." If you don't, then just arrest me, and it's impossible to lose money." How could Li Erniu watch his father

get sued and then go to jail, at his age. Qin Yuan also knew that it would definitely not work to advance money for Li Erniu. After all, he was too strong and would never agree to do so. Even if he forced it, it would only spark conflicts later. "Escaping will definitely not solve the problem. Since he wants us to participate in that competition, why not go and have a look, understand first, and see what kind of competition it is." At present, this is the only way, and Li Erniu also sighed deeply. In one breath, after all, the current situation is very unfavorable to them, and they can only follow what Mr. Zhang said. In an office at the moment, Mr. Zhang smiled and greeted the two people in front of him. The man sitting on the side is that director Liu, in fact, Mr. Zhang, a director of the purchasing department of their company. "Mr. Zhang, I really didn't expect that we didn't know each other. I didn't expect this group of people to be the ones we met before." I thought I was easy to bully, and I didn't mean to fight them head-on, after all, their identities are there, I can only use other aspects." Director Liu frowned when he heard this, he was actually a little worried, he was worried. That is, Qin Yuan and his identities, will something happen? "Mr. Zhang, is there something wrong with us doing this? If the higher-ups find out, then we will be in trouble." "Hehe, don't worry, I am absolutely sure about this matter, after all, the contract is in our hands. Here, they signed it themselves, I didn't force them, don't worry, within three days, they will definitely come to me." What he said is also right, after all, time is critical now, leave it to Li Erniu. The time is only one week. In the end, Li Erniu had no choice but to go to Mr. Zhang, because he also wanted to see what these guys were going to do next. Qin Yuan and the others followed behind. After all, this competition didn't sound like a good thing. He wanted to see what these guys wanted to do. Mr. Zhang didn't mind, he wished that Qin Yuan and the others would come as many times as possible. Unexpectedly, this game turned out to allow them to participate in an international football match. Regarding this point, I really don't understand what kind of operation this is. Moreover, he has investigated and found that this game is still regular. They need to start on behalf of a team, so Qin Yuan felt very strange. In the end, Mr. Zhang had no choice but to use their to tell the truth of the matter anyway. It turned out that the person they wanted to offend at first was Qin Yuan, but Qin Yuan was too powerful to give them any chance to attack, so they shifted their target to Qin Yuan's teammates. They were also instigated by others to do so. After all, Qin Yuan and his team are well-deserved, and their skills are also very good, and they have been noticed by others a long time ago. Originally, the rest of them were already prepared, and the team members would be given routines in this way, but they had tried several other companies, and only Li Erniu took the bait. In addition, Li Erniu and the others accidentally remembered yesterday, so they simply took this opportunity to tell the matter directly. Mr. Zhang smiled beside him, holding the contract in his hand, "Everyone, you can't rely on me, after all, someone has taken a fancy to your skills. If you don't use such good skills to do things for us, it's really too much." Wasted." "So that's what you said to help, but this kind of competition is very strict, do you think we can get in with a few of us?" "Don't worry, the team has already been arranged for you. Since there are so many people, then we don't need to find too many people to replace us, as long as there are enough people." This guy is still very confident, he prepared methodically, and he turned a deaf ear to the threats from Li Erniu and the others, after all. Now he has a contract in his hand, so he is not afraid at all. When Li Erniu heard that it was a football match, he was stunned for a moment. He couldn't do it at all. Not only that, but he also dragged the other brothers into the water, which was embarrassing. Qin Yuan also frowned. The words of this game, after all, someone will pay attention to them, so you can't just listen to them directly!

Chapter 1000: ready to play

Qin Yuan looked at Mr. Zhang in front of him, these guys are really despicable, all kinds of routines, the point is that these routines have been used on them. "I really don't know what the people behind your scenes think, but we definitely can't participate in such a competition. After all, this is an international competition, and we don't want to attract attention." With a mysterious smile, he took out a designed drawing from behind his back. "Captain Qin is indeed a very smart person, and he can see the problem at a glance. I know Mr. Li, since you are with him, then you probably won't watch him go up alone!" Qin Yuan looked down at the man. A drawing, on that drawing is to design a leather-like mask that can completely cover the head and face. Mr. Zhang meant that if Qin Yuan and the others agreed to participate in the competition, they could wear this special costume, and no one would recognize it at all. Li Erniu felt that it was very unfair. This was clearly her business. Now that Qin Yuan and the others were somehow involved, and brought so many brothers with him, he definitely wouldn't do it. "I don't agree with this matter! Brother Qin! There's no need to make all the brothers compromise for me alone, this guy has no good intentions." Qin Yuan shook his head, this matter still needs to be resolved as soon as possible, if it is delayed any longer, it will not be good for anyone, because the vacation time on their side is not long, if it is delayed, it will be not good for anyone. These guys really had a wishful thinking, and the contract really didn't have any loopholes, and now their situation is very passive. Qin Yuan sighed, and finally made a decision to let the team members participate in this competition, after all, it is a quick decision. He stared at Mr. Zhang coldly, "I will only tell you about this once first, and we only promise to play one game for you, because it is also written very clearly in the contract that we will only play one game." "Captain Qin, So you are worried about this, no problem, our business people pay attention to integrity, don't worry, as long as you participate in this competition, our contract will be completely terminated." Long Xiaoyun was a little disgusted beside him. Looking at Mr. Zhang in front of him, this guy is an out-and-out businessman, and he is very disgusting anyway. And they always go back and forth, including the contract incident this time, they are all playing tricks, can such people be trusted? Long Xiaoyun wanted to say something, but was held back by Qin Yuan, and he shook his head slightly. "Xiaoyun, this is the only solution now. Besides, with me here, it's not a big problem. Isn't it just to participate in the competition? This is not a problem for me." "This guy is too bullying. I always feel that they are just using us, which makes me really upset." "The main reason is the people behind this, and the things in this game are too complicated, let's take a step and see, you go back to the team first. Side." Long Xiaoyun said it was okay, he could take Qin Yuan's place in the brigade first, but depending on what Gao Shiwei said, there was no way, she could only stand for Qin Yuan and the others for a week at most. Mr. Zhang has very good ears. He heard it for a week, walked over immediately, and said with a smile: "One week is enough time for the captain. If you can, it can be finished in three days, but you need to watch it." How well do you understand each other, and do you know how to play football?" The game they participated in this time is a football game, which is indeed a very critical issue. It is no problem to play football, after all, everyone has played in the team, but Not proficient. But their current reaction power and speed have been improved. If these two things are strengthened, and some technical things are added, it will definitely not be a problem. To be honest, Qin Yuan really doesn't understand what these guys want to do, why he suddenly finds them to play football, he really can't figure it out. In this way, Long Xiaoyun could only go back to the brigade to smooth things over for Qin Yuan and the others, without delay, Qin Yuan and the others set off immediately. Sitting in the car, Qin Yuan looked at Mr. Zhang in front

of him. When this guy was drunk, he looked like a lunatic, but now he has a gentle appearance. "We have already agreed to your request, so at least let us know what kind of match this is, who the opponent is, or the general situation in it, and you should tell us clearly." "Captain Qin, This is indeed our negligence, I'm sorry, I will explain it to you now." It turns out that although they play this football, it is an international game, but it is not a regular football game. To put it bluntly, it is gambling, but is internationally recognized. People from all countries will participate, but they are all mixed-brand teams, so there are not so many rules, including this time they can wear leather masks on the field. And this time, the people on Mr. Zhang's side just wanted to use Qin Yuan and the others to win a game for themselves. Qin Yuan and the others were very famous in the country. I have already been eyeing Qin Yuan and the others before. If they have such explosive power and ability, if they come to play football, the income will be very high. After all, once this thing wins, it will be multiplied a hundred times. They still want to make money, mainly because their representative team has never won, so the odds are very high. According to this situation, no one will buy them this year, so the boss on this side wants to buy them anyway, and let Qin Yuan and the others directly win the competition. At this point, Wang Yanbing said coldly, "Are you so sure that we will win? Besides, football is not what we are good at. I really don't know what the **** you are doing." Mr. Zhang smiled and took out the contract, and then pointed to the contents of the contract. This guy is really despicable, like a smiling tiger. "Big brothers, why haven't you read our contract yet? It's written very clearly here, you must win this game, otherwise this game will be considered void, and you will have to agree to our other games next time until we win." What! ! Everyone was shocked when they heard the news. What is going on? This guy's tricks are too deep. Qin Yuan took over the contract and looked at it. As expected, it said that the contract must be terminated after winning the game. If there is no victory, then continue to participate in other games. They have quite a lot of games. In addition to football, there is basketball, and then there is boxing and fighting. Li Erniu felt very guilty when he heard the news, he lowered his head deeply. "Brother Qin, I'm sorry for you guys. All this is caused by my family. I really don't want to involve you anymore. I didn't expect this to be so complicated." "Er Niu, don't talk so much, boy Now, we are all brothers. When you say that, do you treat us all as outsiders?" "Who said that I want yours? I'm just going to warm up. Do you think I want to help you? I mean Go play football." "That's right, you kid, don't give yourself money, we just want to play for a while." Li Erniu's eyes were a little red, these brothers who shared life and death with him, only at the critical moment. It is the most reliable. Although they usually play football, it is too difficult to win in so many countries. If this time the game does not decide the winner, if they lose, then they can only be at their mercy again. Qin Yuan is very confident. He feels that he is absolutely fine. Playing football is too easy for him. On the other hand, even if he loses this time, he will have no problem if there is still a fighting game. If it is a fight, then he is very confident, but he can win for sure, but in terms of football, they usually just fight. Just as he was talking, Mr. Zhang drove everyone to an airport in front of him. They still had to take a plane and go to the training ground abroad first. Qin Yuan felt very strange. These people really knew him too well. You must know that this football game is not a joke. The date they mentioned gave them three days, which is too exaggerated. "I don't know if you trust us too much, or if you deliberately punish us, how can three days be enough?" Mr. Zhang showed a sly smile, "Captain Qin, I'm sorry to be discovered by you, the main reason is that we have too much time. Hurry up, there's no other way, you can go on stage to warm up first, it's okay, it's okay if you lose, there are still many games to come." Qin Yuan clenched his fists, this guy was really playing tricks with him, sending them off on purpose After arriving at the stadium, he gave it a few days, and he clearly knew that he would never win.

But he deliberately punished Qin Yuan and the others so that Qin Yuan and the others could continue to help him in other games, which was simply too despicable. He didn't speak again until they arrived at a training ground two hours later. On the plane, because Qin Yuan didn't want the members of the team to reveal their identities, everyone had already changed their hoods on the plane, and after they got off, they saw the substitute players. These substitutes looked very disdainful. After all, Qin Yuan and the others came to grab their positions, so when they saw their plane from a distance, they thought that they would give them a big blow as soon as they got down later. Originally, they had their own team, but somehow they were replaced by their sponsors. To be precise, they should be replaced by their bosses, and then these people came by airborne. So they are very unconvinced, obviously they are also very capable, but the results are really not ideal, because those foreign players are really good. Originally, they thought there would be a few special team members, but when they came down, they found that Qin Yuan and the others were wearing masks, and they couldn't see clearly at all. They felt that these guys were too mysterious. On the other hand, Mr. Zhang said that he was going to invite the big boss behind him to come out, so that Qin Yuan and the others could get acquainted with each other on the training ground. Then he waved his hand and called the captain of the opposing team over, "Da Kun, you come here first, these few are very good players, now you get to know each other first, and you introduce the rules to them." Da Kun laughed nodding his head, but he was already scolding his mother in his heart. What kind of powerful guy is doing it so mysteriously? Isn't it hot for them to wear this leather mask on this hot day? After Mr. Zhang left, Dakun stepped forward with a smile and took the initiative to shake hands with Qin Yuan and the others. Qin Yuan and the others didn't make things difficult for them. After all, these people were all part-time workers, and they were not their behind-the-scenes masterminds. "Hello, I don't know what to call you?" "You can call them whatever you want, anyway, the name is not important." The corner of Da Kun's mouth twitched a little, this guy is too arrogant. Respecting people, I have already lowered my status and greeted them proactively. I didn't expect that they would block me with just such a word. He immediately changed another method, since these people are so shameless, then he wants to see how strong these people are. "It's okay, we are playing football together anyway, by the way, I don't know where you played football before, how is your level of strength?" Qin Yuan also told the truth, "This! It's just how many brothers usually play football. We've never participated in any competition." Da Kun frowned, this is too exaggerated, he was invited by the boss without participating in any competition, which made him feel even more insulted, they Although the strength is not as good as those foreigners. But at any rate, they have played a few games, so they don't look like a group of rookies like them. Dakun is more confident, he must give these people a show of authority, let them see who is the most powerful in this field. He blew a whistle to the people behind, and then a ball flew directly over. "I don't know what to call you. If you don't want to say it, then let's communicate like this! It's just that you are really too mysterious, so I also want to see if your strength is also very mysterious." The man It was like this in the beginning, and everyone was very aggressive. Suddenly, such a sentence immediately aroused everyone's determination to win. "I'm fine, I'm happy to accompany you, but I don't know how you compare." "This one is very simple, one defends and the other kicks. As long as you can hit the goal, it's a victory." Qin Yuan nodded, This is also the fastest. It seems that he does not intend to test it through team battles. After all, there are not enough people, so he still wants to test it through personal strength. Dakun was even more confident. He felt that this was his field of expertise, so he asked Qin Yuan to defend first. Qin Yuan also kept a low profile, "I'm not very good at playing football, so I hope you can make room for me more."
