

Special Troop 141

Chapter 141: Company Commander, You 're Really Not Bad!

Soon, Qin Yuan returned to the recruit company's training camp.

After parking the car, he walked towards the training ground. When he returned to the camp gate, his early warning radar had already received the conversation of the recruits.

“This group of brats, it seems that you missed me during the past few days when I wasn't around!”

“If I didn't give you any practical gifts, it seems like I'm letting you down!”

As he spoke, Qin Yuan walked towards the recruits.

“Company commander?”

“Yanbing, look at that person. Doesn't he look like our company commander?”

On the training ground, the sharp-eyed Li Erniu saw a familiar figure walking towards them not far away.

“Brother Niu! Are you serious!”

When Qin Yuan approached, Wang Yanbing also saw the familiar figure. She could not help but complain softly about Li Erniu. Li Erniu's jinx really came true!

“Company Commander Qin! You're finally back! Without you around, this is all I can do!”

Seeing that Qin Yuan had returned, the squad leader heaved a sigh of relief. If Qin Yuan had not returned, he would not have dared to train the recruits like Qin Yuan.

“Yes! I am back! You've worked hard these past few days!” Qin Yuan replied with a smile.

“Company Commander Qin, this is what I should do. Have you settled the logistics company?”

“It's okay. Next is the recruit company. We'll be busy for the next two months!”

Qin Yuan looked at Wang Yanbing and the others on the training ground, and he remembered the purpose of Long Xiaoyun coming to the logistics company this time. If his guess was right, then the military chief would inform him of his arrangements in two months.

“Build Battle Wolf?”

Qin Yuan thought to himself as he looked at the faces of the new recruits.

“Company Commander Qin! I'll leave the training to you now that you're back.

You can arrange the training. I'll fully cooperate with you!"

He did not know when it started, but the squad leader realized that he was becoming more and more dependent on Qin Yuan.

"Alright!"

Qin Yuan also turned around and walked toward the recruits.

"I heard that you guys seem to miss me a lot during my absence."

Qin Yuan looked straight at the group of people who were in the horse stance on the training ground with a smile on his face and asked.

"Miss you? Only a fool would miss you!"

Looking at Qin Yuan's smiling face, Wang Yanbing sighed in his heart. However, he was too familiar with Qin Yuan's expression. Nothing good would happen later.

"Did you miss me?"

Qin Yuan's voice suddenly became louder.

"Yes..."

For a moment, a weak voice came from the team. Qin Yuan looked at the group of recruits and laughed. One had to know that this group of people had been tortured by Qin Yuan for the past month. If someone said that they would miss him, Qin Yuan would not believe it.

"Louder! I can't hear you!"

"Yes!"

"Yes!"

The soldiers' voices instantly became louder. Although they were very unwilling, they had no choice. They were afraid of Qin Yuan. If he got angry, they would be the ones to suffer.

"Very good! Since all of you are so passionate! I'll give you some gifts in return."

"Gifts? Company Commander, did you bring back some specialties for us when you went home?"

When he heard Qin Yuan say that he would give them gifts, Li Erniu's eyes instantly lit up. He did not understand what Qin Yuan meant at all.

"Erniu...Do you really think that the company commander would bring us gifts?"

He Chenguang, who was standing at the side, was worried about Li Erniu's intelligence. How did he meet such a brother! He had been in the army for a month, and his relationship with Li Erniu and Wang Yanbing was considered the best. Although he and Wang Yanbing often clashed and neither would back down, it couldn't be denied that their relationship was good.

Hearing Li Erniu ask him, Qin Yuan smiled in his heart!

“Li Erniu is quite carefree, isn't he? Even at this point, he still doesn't understand the meaning behind my words. He's truly a lively character!”

Qin Yuan walked in front of the soldiers and looked straight at Wang Yanbing. Their gazes met!

“You're not convinced?”

Looking at the way Wang Yanbing looked at him, Qin Yuan knew that Wang Yanbing was still very unconvinced of him!

Wang Yanbing also replied loudly. To be honest, although he admitted that Qin Yuan was very strong, it did not mean that he had to yield to Qin Yuan!

Wang Yanbing felt that he had only just arrived. He believed that as long as he was given some time, he could be as strong as Qin Yuan. He respected Qin

Yuan, but it did not mean that he had to submit!

“Very good! ”

Qin Yuan also understood that many people on this team should be like Wang Yanbing. This was the most special thing about this batch of recruits.

In the past month, Qin Yuan had beaten them up more than dozens of times. However, although some of them respected him, they would not submit to him like Geng Hu and the others!

“Looks like I still have to completely conquer them!”

Qin Yuan sighed in his heart. To Qin Yuan, training these soldiers was not just to obtain skill points. The most important thing was to completely convince them!

“Gather! Rest here for ten minutes!”

With Qin Yuan's order, the recruits put down the tires that were raised above their heads heavily. They had been holding them in this position for almost two hours, and their arms were numb. The training these few days was getting longer and longer, and they were getting more and more tired!

“Company commander! Didn't you say you were going to give us gifts?” “Also, commander, have you been home these past few days? When can we go home too?!”

After Li Erniu put down the tire, he walked to Qin Yuan's side and asked. He did not feel that he was unfamiliar with Qin Yuan at all!

“You will know the gift soon! As for going home, when you can beat me, I'll give you a week off!”

Qin Yuan replied indifferently. To be honest, he quite admired Li Erniu. The guy seemed to be carefree and unaffected by anything as if nothing could bother him in the slightest.

“Company commander, did you bring us some local specialties?”

“Although you trained us really ruthlessly, you're really a good person! I thought you were a black-hearted and ruthless captain!”

Li Erniu also started chatting with Qin Yuan.

After hearing Li Erniu's words, Qin Yuan felt a little embarrassed. With Li Erniu's words, he really couldn't be too ruthless to them. However, he had no choice. If he wanted to increase their strength in two to three months, he had to be ruthless with them.

Besides, if he really had the chance to form a "Battle Wolf", he really wanted to bring this group of people along. This group of soldiers was really good, especially He Chenguang, Wang Yanbing, and Li Erniu!

"It seems that Fan Tianlei sent the three of them to the Iron Fist Regiment! If they were taken away, the old fox be so angry that he would vomit blood!"

For a moment, Qin Yuan remembered that He Chenguang and the others were sent to their Iron Fist Regiment by Fan Tianlei. For a moment, Qin Yuan's lips curled up..

Chapter 142: Old Fan, Sorry!

"Since it's all in my hands! Then... Old Fan, I'm sorry..."

"I'll keep these three soldiers on your behalf!"

At the thought of this, Fan Tianlei's appearance appeared in Qin Yuan's mind. Qin Yuan also wondered what Fan Tianlei would think if he knew that the three soldiers he had painstakingly recruited had ended up being used by others.

To be honest, Qin Yuan was quite happy to see Fan Tianlei suffer! So, if it was as he had guessed, and the military commander really wanted him to build Battle Wolf, then he would definitely take them away.

Also, since the members of Battle Wolf in the movie had met Long Xiaoyun here, Leng Feng and Shi Sanba should meet her too!

Thinking that it was time for the recruits to rest, Qin Yuan looked at his watch and directly gave the order to assemble.

"Gather! "

Following Qin Yuan's order, the soldiers gathered in a short while!

"Have you heard of the special forces?"

After the soldiers gathered, Qin Yuan asked the soldiers directly. He had also thought about it, since he wanted to take them all away, he had to let them have that thought in their hearts!

"Special forces? What is a special force? Is this a gift?"

When Li Erniu heard Qin Yuan's words, he looked at Qin Yuan with a puzzled expression. Li Erniu rarely came into contact with these things. He usually worked at the construction site and went home to do farm work during the New Year. He rarely knew about these things.

"The special forces are responsible for attacking important political, economic, and military targets and performing special missions."

“The main difference between special forces and regular troops is that they don’t operate on ordinary battlefields! Instead, they would engage in mountain warfare, guerrilla warfare, jungle warfare, and other special battles outside the main battlefield.

“Its main mission is to collect intelligence, conduct secret reconnaissance, destroy facilities, engage in psychological warfare and assassination activities. The soldiers of the special forces were required to have the ability to survive and fight in special field conditions that were beyond the tolerance of ordinary people. The training content and cruelty were comparable to that of regular troops.”

“The training of the special forces focuses on the use of weapons, communications, emergency rescue, and so on. In addition, they must also master the skills of field survival, guerrilla warfare, parachuting, cliff climbing, ambush, assassination, blasting, infiltration, psychological warfare, and so on. Therefore, the combat ability of the special forces that had undergone rigorous training was very strong.”

“In the current peaceful era, the special forces are the closest to actual combat!”

Facing Li Erniu’s question, He Chenguang explained directly. He was the son of a military family, so he knew all this very well!

For a moment, He Chenguang looked at Qin Yuan with a burning gaze. Was Qin Yuan planning to train them to become special forces?

After He Chenguang finished speaking, Qin Yuan also looked at He Chenguang with gratification and walked forward.

“What He Chenguang said is correct. The special forces are high-level forces made up of the elite soldiers in the army! High ability! High combat strength!

It is also the unit that can come into contact with the most actual combat. However, if you want to become a qualified special forces soldier, the difficulties you have to experience are not just like the training you are experiencing now!”

“You will only receive training that is crueler, fiercer, and even deadly. Do you still want to be a special forces soldier?”

In the face of Qin Yuan’s question, the eyes of the recruits in the team instantly became heated, including the serious-looking Wang Yanbing.

After all, the reason they joined the army was to become the strongest soldier king, and entering the special forces was the only way for them to fulfill their dreams.

“Company commander, we came to be soldiers to be the strongest. If you have any tricks, just use them. We can all survive!”

Wang Yanbing also said in a deep voice. Facing the temptation of the special forces, Wang Yanbing could not remain indifferent. If he could become a special forces soldier, so what? He would be able to survive.

“That’s right! Company commander, we are not afraid, just come at us! As long as you can bring us there!”

“Yes! We can all do it!”

For a moment, the recruits answered Qin Yuan loudly, their eyes filled with excitement.

“Good! As long as you can! I’ll bring you along!”

“The premise is that you can survive the next two months!”

Looking at the recruits’ passionate gazes toward becoming a special forces soldier, Qin Yuan was still very satisfied. The soldiers had goals in their hearts, and their training would be twice as effective!

“Company commander, let’s start now!”

He Chenguang also understood Qin Yuan’s intentions. No wonder their recruits this year were so strict in their training. It turned out that Qin Yuan had planned this from the beginning! For a moment, He Chenguang respected Qin Yuan more and more.

However, He Chenguang would never have thought that Qin Yuan was so ruthless to them because he wanted to complete the mission to obtain skill points. Although it was also to improve their own strength, he had never expected that he would bring them all into the special forces!

However, it was different now. Qin Yuan believed that his guess was not wrong. If that was the case, other than the soldiers of the logistics company, this group of recruits would be his backbone in the future.

“The following training will be very cruel, and it is also possible that you will sacrifice yourselves during the training. So if anyone can’t hold on, I welcome you to quit.”

Qin Yuan knew that if he wanted to become a qualified special forces soldier, the simplest thing was to have the spirit of perseverance. If one is already afraid, then there is no need to talk about going to the battlefield!

“Company commander! We’re not afraid!”

“Yes! Just tell us how the company commander wants to train!”

The recruits answered Qin Yuan excitedly. They were honored to be able to join the army. If they had the chance to become a special forces soldier, they would not miss such an opportunity.

“Good!”

“Everyone, listen up. From today onwards, add 6 pounds to your original weight and run 20 kilometers for me. Also, give me 3 hours of shooting training and tactical learning every day!”

“I will personally guide you through all of these challenges that lie ahead! As long as you can persevere, you will see in two months’ time that your choice was not wrong!”

Qin Yuan said to the people in the recruit company very seriously. He was planning to make plans for the military reform in two months. If it was really as he thought, then he would build the strongest army. With the help of the system, he believed that the army he built would definitely make the world tremble in fear!

“Yes, sir!”

“Yes, sir!”

“Now, everyone, carry the weights and head to the opposite mom for you here in an hour and a half!” Qin Yuan immediately gave order. “Yes, sir!”

“Yes, sir!”

A few minutes later, after the recruits of the recruit company loa(weights, they ran in the direction Qin Yuan had told them. After t the recruit company left, the old black squad leader walked to Qil in confusion!

“Company Commander Qin .! Are you really planning to bring ther special forces?”

Chapter 143: Let’s Go Together!

“If possible, I want to take them all away!”

“The premise is that they can reach the standard in one or two months!”

In the face of the squad leader’s question, Qin Yuan also told the squad leader his thoughts.

“Company Commander Qin! You can’t just enter the special forces if you want to! The assessment of the special forces is really cruel!”

“There are so many troops in the military region, but only a few hundred people can enter the special forces for selection every time. Moreover, only about 20 people can survive in the end!”

The squad leader had been in the army for so many years, so he knew what the special forces represented. He also knew how difficult it was to enter the special forces!

“Lao Hei, as long as you have this goal and work hard for it, I think anything is possible!”

“Besides, haven’t you ever thought of becoming a special forces soldier?”

Qin Yuan looked at the squad leader with a deep gaze. To him, as long as the soldiers could withstand his training method, it would not be a problem for them to reach the standard of the special forces.

“Me? Special forces?”

For a moment, the squad leader was confused by Qin Yuan’s words. In the end, the squad leader looked at Qin Yuan and sighed softly.

“Company Commander Qin! It’s impossible to say that I don’t want to. It’s just that I’m already so old. I really don’t dare to think about it!”

The squad leader had been in the army for more than 20 years. Although his dream had always been to join the special forces, his current physical functions were no longer suitable for the special forces.

Looking at the squad leader’s suddenly darkened face, Qin Yuan knew very well what the squad leader was thinking! He was just worried that he was getting old and that his bodily functions could not reach the standards of the special forces.

“Lao Hei, as long as you believe in yourself, you can do it too!”

Qin Yuan had also thought that if it was really as he had guessed two months later, then he would also like to see if the people of the Fourth Company were willing to follow him.

If they were willing, he would definitely bring them along.

“Company Commander Qin! Am I really okay?”

For a moment, the squad leader seemed to be moved. How could he say that he didn’t want to? However, he knew his own physical condition. However, after meeting Qin Yuan, he realized that no matter what, as long as Qin Yuan said it, he could basically do it.

“Yes!”

For a moment, Qin Yuan said to the squad leader with certainty.

Looking at Qin Yuan’s determined expression, the squad leader knew that Qin Yuan was not lying to him. Ever since he knew Qin Yuan, he had never seen Qin Yuan talk nonsense! His trust in Qin Yuan had changed in such a short period of time. Now, he trusted Qin Yuan very much.

“Company Commander Qin, I will try my best to fight for it again! Since it was already like this, then he would fight again!”

Qin Yuan was also very pleased to see the confident look on the squad leader’s face. If he wanted something, he would do his best to fight for it. As for the squad leader’s health, Qin Yuan also had a way to solve it. Therefore, the biggest thing was whether the squad leader had the confidence and motivation to do so!

“Yes!” Qin Yuan nodded.

“Right! Lao Hei! If you can, Old Hei, please help me tell the brothers of the 4th Company that they must follow the strict training method I left behind.”

“In the next two months, our army will have to undergo military reform. If possible, I will bring them into the special forces!”

Qin Yuan knew that during this period of time, the 801st Division had already begun to prepare for this military reform. The squad leader had been in the army for so many years, he should be able to sense these phenomena.

Therefore, Qin Yuan also told the squad leader what he was thinking. Anyway, the squad leader would know soon. If he told him now, he could make preparations earlier.

“Company Commander Qin, I have heard some of my old comrades discussing these issues these days, so I know a little about what you said!”

“I will also talk to the brothers of the 4th Company. Don’t worry about this Company Commander Qin!”

The squad leader vaguely guessed something. Qin Yuan’s arrangement should be good for them! With Qin Yuan’s ability, he had long learned some insider information from Gong Jian. The military commanders attached great importance to Qin Yuan.

“Alright, Lao Hei! Next, we have to pay attention to the training of these soldiers at all times!”

“Company Commander Qin, don’t worry! I’ll always pay attention!”

“Mm, alright!”

After saying that, the two of them walked straight to Gong Jian’s office. The soldiers went out for training. When Qin Yuan returned, he had to go to Gong Jian’s office to take a look.

Soon, Qin Yuan and the squad leader arrived at the office door. Gong Jian was still sorting out the documents and information of the soldiers.

He had received the order from the regimental headquarters the day before. The entire army was going to undergo military reform, so he had to carefully organize the information about the soldiers of the 4th company.

“Company Commander Qin? You’re back!”

Seeing Qin Yuan and the squad leader walk in, Gong Jian also stood up and asked Qin Yuan in surprise.

After Qin Yuan returned to the logistics company, he also found out that Deputy Company Commander Liu of the logistics company had been seriously injured during training. He thought that Qin Yuan would need some time to return, but he did not expect Qin Yuan to return today.

‘ En, come back!’

“Company Commander Qin, how is Deputy Company Commander Liu? Is he alright?” Gong Jian immediately asked after Qin Yuan sat down.

“He’s fine. He should be able to recover after a while. It’s been hard on the two of you these past few days.”

As he spoke, Qin Yuan also looked at the squad leader and Gong Jian. Qin Yuan also knew that Gong Jian should have known about Liu Ye’s serious injury.

After all, the regiment commander must have known about it. Looking at Gong Jian’s haggard expression, Qin Yuan knew that Gong Jian should have been quite busy these two days.

“It’s okay, Company Commander Qin. It’s my duty!”

Gong Jian also put down the documents in his hand and sat beside Qin Yuan.

He opened some Longjing tea and started to brew it.

“Instructor Gong, what have you been busy with these two days? Did something happen?”

Looking at the document that Gong Jian had just put down, Qin Yuan asked curiously.

“Oh! So we just received a notification from the regimental headquarters that military reforms are coming, right? Although our Iron Fist Battalion will retain its designation, some soldiers will soon face the issue of demobilization, and some of our brothers may be reassigned to other units. So I’m now feeling overwhelmed.”

After hearing Gong Jian’s words, Qin Yuan understood Gong Jian’s anxiety. It seemed that this was also a problem that many of his brothers had to face!

However, there was no other way..

Chapter 144: The New Recruits Are Going Too? How Could

This Be?

“Instructor Gong, don’t think too much about it. As for the brothers of the 4th Company, if you trust me, I will make arrangements!”

“Arrangements?”

For a moment, Gong Jian was also puzzled by Qin Yuan’s words.

“Company Commander Qin, your words...”

Gong Jian asked hesitantly. Seeing that the squad leader was also smiling, Gong Jian didn’t understand what the two of them were up to.

“Instructor! Commander Qin meant that he was planning to bring all four companies into the special forces!”

Seeing Gong Jian sitting there looking at him with a puzzled expression, the squad leader told Gong Jian everything Qin Yuan had just told him.

“Company Commander Qin... You... Are you saying you want to bring them all to the special forces?”

“This... How is this possible?”

After listening to the squad leader, Gong Jian was stunned. He knew how cruel the selection test for the special forces was. If one or two people could enter, he would still have a chance, but if all of them went, wouldn't that be ridiculous?

One had to know how many spots the special forces in their military region had every year! It wasn't that he didn't want his brothers to go, but there were too many elite soldiers who participate in the selection for the special forces. Each of them was very strong.

“Instructor Gong, as long as you want to, there's nothing you can't do!”

Looking at Gong Jian's incredulous expression, Qin Yuan said very clearly.

As long as they could meet his standards, he would take them away. He did not know why Qin Yuan was so persistent in building the strongest special forces in the world. Perhaps it was the sudden visit of Xiao Yun that reminded him of the scene he saw at Battle Wolf!

According to his own guess, the Battle Wolf should not have been established yet. If he was given this mission, he would have to build the strongest Battle wolf!

“Chinese Boy Scouts? That's impossible!”

Qin Yuan sighed in his heart. For a moment, Qin Yuan's eyes suddenly became determined, and his body suddenly seemed to emit a cold aura! The squad leader and Gong Jian also looked at Qin Yuan in surprise. Ever since they knew Qin Yuan, this was the first time they had seen him like this.

“Company Commander Qin! What happened to you...”

Hearing Gong Jian's question, Qin Yuan finally realized that he had lost his composure. It was mainly because he thought of the scene in Battle Wolf. Yu Fei had died, and Long Xiaoyun seemed to have been captured. He would definitely not allow these situations to happen again.

“I'm fine! He had just thought of something!”

“Oh right, Instructor Gong! I won't lie to you, as long as the soldiers of the 4th Company can meet my requirements! I will definitely bring them to see another world ! ”

Gong Jian looked at Qin Yuan's serious expression and knew that Qin Yuan was not lying to him. Qin Yuan really planned to bring them to the special forces, but the difficulty was unimaginable!

“Company Commander Qin! I understand. Don't worry, we'll definitely cooperate with you in any way you want to train!”

Gong Jian knew Qin Yuan's ability. With his current understanding of Qin Yuan and the fact that he had learned from the commander how much the chiefs valued Qin Yuan, Qin Yuan's future was limitless. It was possible that what Qin Yuan said was true!

The current strength of the logistics company should be able to compete with the members of the Lone Wolf Team of the Wolf Fang Special Forces. Even if they were not very clear about the exact difference in strength, it was definitely not much different.

“Good! In the next two months, the brothers of the 4th Company will be trained according to the training method I left behind. The recruits will have to speed up the training!” Qin Yuan said in a low voice.

“Recruit company? Company Commander Qin, don't tell me you want to bring the new recruits along?”

Gong Jian cried out in surprise.

“Yes, I am! Instructor Gong, don't underestimate these recruits. To be honest, you can't imagine their future achievements!”

Qin Yuan seemed to have a well-thought-out plan. Looking at Qin Yuan's confident look, Gong Jian did not know what to say. One had to know that the special forces were not something that could be entered as and when one wanted to. Even if the military commanders valued Qin Yuan, this did not mean that Qin Yuan could make his own decision.

“Company Commander Qin! Since you've already said it, I'll do my best to cooperate with you!”

Gong Jian did not expect Qin Yuan to want to do something so unbelievable. However, he understood Qin Yuan. Qin Yuan would not go back and brag. As long as he said what he wanted, he seemed to have really done it.

“Company Commander Qin! Will the training for the recruits be too intense...”

The squad leader knew that Qin Yuan was capable, but he was afraid that the recruits would not be able to take it. One had to know that the recruits this year had only been in the army for more than a month, which was different from the fourth company and the logistics company.

“It's alright! Lao Hei, do you still remember what I said at the beginning? This group of brats is more capable than you think! To be honest, this is the first time I've seen soldiers like them!”

As he spoke, Qin Yuan dispelled the squad leader's worries. He knew that these recruits had been training under them for a month, and so far, they had not received any rewards from him. This indicated that there were still some who were not satisfied and wanted to prove themselves.

“It seems so! Although they would complain, there were really no cowardly soldiers during training!”

After hearing Qin Yuan's words, the squad leader recalled carefully. It seemed that it was really as Qin Yuan had said. When he was training these recruits, he had not seen anyone say that they had given up.

"Then it's decided. The next two months may be very hard for us!"

Qin Yuan saw that the two of them did not say anything, so he said to Gong Jian and the squad leader.

"Meeting you, Company Commander Qin, this group of recruits really have a chance to 'enjoy' themselves!"

"Haha!"

For a moment, the squad leader laughed out loud. Gong Jian's face was also filled with excitement. Only Qin Yuan felt good. One had to know that everything was under his control. With the help of the system, this would not be a problem.

The next step was to train the recruits. He was not worried about the logistics company and the fourth company.

Just as the three of them were still chatting, the voices of the recruits came from the training ground. The recruits of the recruit company had also completed their field training and were now lying on the training ground, panting heavily.

"Company Commander Qin! Then I'll go out and lead the team to train first.

You just came back, you can chat with the instructor first!"

"Alright!"

With that, the squad leader stood up and walked out of the office to the training ground.

"Company Commander Qin! To be honest, sometimes I really can't see through you. How can you be so outstanding!"

After the squad leader left, Gong Jian also smiled and sighed. To be honest, although he had been in contact with Qin Yuan for so long, Qin Yuan gave him an unfathomable feeling!

It was as if you thought you understood him, but then you would realize that it was not the case at all!

Chapter 145: Why Is It Still The Same As Before?

"Instructor Gong, don't say that!"

Hearing Gong Jian praise himself like this, Qin Yuan also felt embarrassed!

"I'm telling the truth. You're really the first person I've seen who has such achievements at this age!"

"Alright, Instructor Gong, let's not talk about me. Are you done? Let's go out after we're done!"

Qin Yuan replied with a smile.

“Alright, since you’re taking charge, I won’t worry about the matters here. I’ll go to the Fourth Company for a while and come back later.”

Now that Qin Yuan had said to follow his arrangements, Gong Jian didn’t have to worry about the deployment of soldiers in the Fourth Company anymore.

However, he still wondered if they could really all join the special forces as Qin Yuan had mentioned.

Without Qin Yuan, this idea would be a fantasy no matter who said it. Gong Jian did not believe it at all! However, Qin Yuan was different. Qin Yuan had only been in the Fourth Company for two months, but the strength of the soldiers of the Fourth Company had changed drastically!

Although the strength of the soldiers of the fourth company might not have reached the selection criteria for the special forces, as long as Qin Yuan was around, everything was possible. After thinking for a while, Gong Jian was relieved!

“Alright, Instructor Gong, you can go and take a look first! I’ll also go out and take a look at these recruits!”

“Alright!”

With that, the two of them walked out of the office! Gong Jian went straight to the Fourth Company, and Qin Yuan also walked to the training ground to pay attention to the recruits who were training on the training ground.

Day after day, more than a month of training passed. During this period, Qin Yuan also used the training methods of the logistics company and the fourth company on the recruits.

The soldiers of the recruit company did not disappoint Qin Yuan’ Their current strength had undergone a qualitative change.

The squad leader was organizing the new recruits’ team on the training ground. After chatting for a while, Qin Yuan and Gong Jian walked toward them.

Time passed very quickly. Just like that, the recruits had been in the recruit company for almost two months. In another ten days, their three-month life in the recruit company would end.

“What do you think, Instructor Gong? This year’s batch of recruits is very capable!”

Looking at the tanned recruits on the training ground, Qin Yuan smiled and said to Gong Jian.

“Company Commander Qin, I really admire you! With their current strength, they would have no problem facing the fourth company!”

Although Gong Jian was smiling, his eyes revealed a touch of horror. Because the squad leader was currently training with the new recruits on the training ground.

In the past, when they had just started, the squad leader could still face more than ten recruits at once. Now, just facing He Chenguang alone, it felt like the squad leader could not hold on.

Gong Jian was very clear about the strength of the squad leader.

“Company Commander Qin, do you think He Chenguang can beat the squad leader?”

Looking at the two people fighting on the training ground, Gong Jian couldn't tell who would win. The two of them had already gone back and forth for dozens of rounds.

“Soon. Two moves at most. The battle is over!”

Qin Yuan did not tell Gong Jian who would win. He already knew the result. No matter what, the squad leader is a veteran.

Although He Chenguang's current strength was on par with the squad leader, the squad leader's many years of service as a soldier was not for nothing.

Peng.

Just as Qin Yuan had said, after two moves, the squad leader seized the opportunity to kick He Chenguang down.

“Good!”

“Good!”

Suddenly, the recruits cheered.

“Not bad. It's only been two months, but I didn't expect your strength to increase so much!”

The squad leader retracted his posture and said to the recruits. To be honest, the squad leader was also very shocked by the changes in the recruits.

If you looked closely, you would notice that the squad leader's left hand was also trembling slightly at this moment. This showed that the battle with He Chenguang was not as easy as imagined.

“These guys are really perverted. It's exactly the same as what Commander Qin said!”

Looking at the group of swarthy recruits around him, the squad leader sighed in his heart!

One had to know that at the beginning, it was not that he did not have combat training with the recruits.

Although they were not as abnormal as Qin Yuan, it was not a problem for him to face at least a dozen recruits. However, only two months had passed, and their strength had already reached such a terrifying level, especially He Chenguang and Wang Yanbing.

“Lao Hei!”

After the battle ended, Qin Yuan and Gong Jian also walked up.

“Company Commander Qin, instructor!”

The squad leader turned his head and saw Qin Yuan and the others.

“How is it? These guys still have some substance, right?”

Qin Yuan noticed the trembling hands of the squad leader and asked with a smile.

“Company Commander Qin, their strength has improved too much! If I were to face He Chenguang and Wang Yanbing alone now, I might not be able to defeat them!”

Lao Hei wasn't lying. He had seen the changes in the recruits in the past two months, but he didn't expect to see their strength to this extent after fighting with them today.

“Instructor Gong, do you want to play with them?”

Qin Yuan said as he looked at Gong Jian beside him.

“That's enough, I'm about the same strength as Lao Hei. If Lao Hei is like this, then I'm about the same. There's no need to compete with them!”

In the face of Qin Yuan's inquiry, Gong Jian also directly told him about his situation. He and the squad leader usually carried out combat training together!

The two of them were about the same strength, so when he saw the squad leader facing the recruits like this, he was still a little shocked.

“Company commander! Why don't you come and compete with us!”

Hearing the conversation between Qin Yuan and the instructors, Wang Yanbing also said softly. He wanted to compete with Qin Yuan now and see how big the gap between him and Qin Yuan was.

After the changes in the past two months, Wang Yanbing was very confident in his current strength. Although he knew that he might not be able to defeat Qin Yuan, he should not be as weak as before.

“That's right! Company Commander, why don't you come and compete with

“Yes, Company Commander! We also want to see how big the gap between us is now!”

For a moment, the new recruits cheered.

“Me? Have you thought it through?”

Looking at the confident looks of the new recruits, the corners of Qin Yuan's mouth curled up slightly.

“Yes!”

“Good! Then you guys should still attack together like before!”

Just as Qin Yuan finished speaking, he suddenly attacked Wang Yanbing.

“F * ck, you didn't even say hello...’

After Wang Yanbing reacted, he raised his right hand to block Qin Yuan's kick. After taking a few steps back, he gradually stabilized his body!

He stared at Qin Yuan and looked at his trembling right hand. He sighed in his heart.

“How is this possible! Why was it the same as before when he was competing with the company commander? Do you have to be so perverted!”

Chapter 146: Borrowing Soldiers!

“Not bad, your reaction speed has improved a lot!”

“Hurry up and attack together! Otherwise, you won't have a chance later!”

Looking at the recruits, Qin Yuan spoke calmly. He did not feel that it was difficult to train with them at all. Although the strength of the recruits had increased a lot, it was still not enough for him.

“Attack together!”

Wang Yanbing looked at He Chenguang, who was standing beside him. After the two of them exchanged glances, they immediately charged forward. The two of them attacked Qin Yuan from both sides.

“Good timing!”

Seeing He Chenguang and Wang Yanbing rush up, Qin Yuan also got into a battle stance.

“The strength of his feet is still not enough, and his speed is still not fast enough!”

“Pay attention to the synchronization of heart rate. Be fast, accurate, and ruthless!”

For a moment, Qin Yuan started teaching on the spot. Just like that, Wang Yanbing and He Chenguang fought Qin Yuan back and forth for more than 20 rounds, but they did not cause any harm to Qin Yuan.

“I'm really convinced!”

He Chenguang paused for a moment, and his eyes revealed a touch of horror. In the past two months, he had been very strict with his training. In addition to the cruel training of the company commander, he had also added a little impatience to himself.

However, it was still difficult for him to suppress Qin Yuan when he fought with him. This made him start to admire Qin Yuan.

He thought that even if he could not defeat Qin Yuan this time, he could at least reduce the gap between him and Qin Yuan! But now, he felt that the gap was getting bigger instead of smaller.

Peng.

Peng.

Immediately, He Chenguang and Wang Yanbing were sent flying by Qin Yuan's kick and landed heavily on the ground.

Seeing the scene in front of them, the legs of the originally confident crowd were trembling. Those who had wanted to charge forward all stopped in their tracks.

“Why aren't you guys going up yet?!”

Looking at the people who had stopped, Qin Yuan asked in confusion. “No. No thanks. Commander, I... Let's continue training!”

For a moment, the recruit who was standing in front stuttered. Even He Chenguang and Wang Yanbing couldn't hold on for long. If they went up, wouldn't they be looking for abuse?

This was clearly asking for abuse. They should forget about it. If they went up like this, they would be asking for abuse. They were not stupid!

Looking at the people who had stopped in their tracks, Qin Yuan smiled and said,

“I was going to give you a day or two off! It seems that I won't be able to do it!”

Hearing Qin Yuan's words, the crowd did not speak. Even if they were given a week off, they would not do it.

During this period of time, they had been tortured by Qin Yuan a lot. She thought that after more than two months of cruel training, their strength had also increased greatly. This way, they could compete with Qin Yuan. Who would have thought that Qin Yuan was still as terrifying as before!

“I've already gave the two of them a lesson. Leaving out the rest wouldn't be fair, right...”

Seeing Qin Yuan walking towards them with a smile, the recruits panicked.

“Com... Company commander! Don't...”

As he spoke, Qin Yuan rushed toward the recruits like a ferocious tiger.

In the end, the new recruits still endured everything... No one could escape the fate of being defeated.

At this time, in the office of the Wolf Fang Special Forces, Chief of Staff Fan Tianlei was sitting on the sofa, looking at the woman opposite him with a smile on his face.

“Little girl! You're finally willing to see your Uncle Fan!”

“You've been out for so long. Why did you come back to my place?”

At this moment, Long Xiaoyun was sitting on the sofa drinking the tea that Fan Tianlei had just poured.

“Uncle Fan, what kind of person do you think Qin Yuan is?”

Facing Long Xiaoyun's question, Fan Tianlei's face gradually darkened. He frowned and looked at Long Xiaoyun.

“Little girl! Why are you suddenly asking about him?”

Seeing Fan Tianlei’s expression, Long Xiaoyun was also slightly surprised. It was the first time she saw Fan Tianlei reveal such an expression.

“I just want to know your evaluation of him!”

Fan Tianlei put down the cup in his hand, looked at Long Xiaoyun, and said lightly, “Qin Yuan, this kid... how should I put it!”

“He can be the most courageous and resourceful person I’ve seen at this age! His strength is very terrifying, and to be honest, I still can’t see through him!”

After listening to Fan Tianlei’s evaluation, Long Xiaoyun also felt the same way. When she returned to the Logistics Platoon, she recalled every detail from her first meeting with Qin Yuan to their confrontation. The more she thought about it, the more she found it unbelievable.

“Uncle Fan! The main reason I came this time is to borrow soldiers from you!”

After a moment of silence, Long Xiaoyun told him the purpose of coming to Fan Tianlei’s place. “Borrow soldiers?”

“Borrow soldiers?”

“What are you doing?”

Fan Tianlei was also confused by Long Xiaoyun’s request. There didn’t seem to be any missions now. Even if there were missions, Wolf Fang could still complete them. There shouldn’t be any need for Long Xiaoyun.

“I have an appointment with Qin Yuan! The agreed time will be up in another ten or so days. I plan to...”

Long Xiaoyun whispered into Fan Tianlei’s ear.

“Good idea! I didn’t expect you to be the same as before! You’re still so sinister!”

After hearing Long Xiaoyun’s plan, Fan Tianlei burst into laughter!

“Uncle Fan, how can you say this is sinister! This is clearly an equal confrontation!”

The corner of Long Xiaoyun’s mouth curled up slightly in response to Fan Tianlei’s words. She wasn’t that stupid!

It wasn’t that she was afraid of facing the logistics department alone, but she had another plan! This time, she wanted Qin Yuan to be convinced by her. “Little girl! Although your plan is not bad, let me tell you, don’t underestimate

Qin Yuan.”

“Qin Yuan, this kid. Very sinister!”

This was something he had personally experienced. After so many years, this was the first time he had fallen into the hands of someone else!

“Don’t worry! Uncle Fan, I will be very careful!”

After listening to Long Xiaoyun’s words, Fan Tianlei smiled lightly. Although he understood Long Xiaoyun very well, he still couldn’t fully understand Qin

Yuan.

“Since you want this, I’ll let you command the Lone Wolf Assault Team!”

He was quite supportive of Long Xiaoyun’s approach. He was still worried about how to regain some face in front of Qin Yuan. He did not expect Long Xiaoyun to come so quickly. It just so happened that he would let Long Xiaoyun go and meet Qin Yuan!

“Alright! Uncle Fan, then I’ll go back first. I’ll come back in a few days!”

With Fan Tianlei’s agreement, Long Xiaoyun achieved her goal. This time, she wanted to let Qin Yuan know how to use soldiers and how to fight wars! “Alright, come over and chat with me again when you have time!”

“Sure! Uncle Fan!”

After saying that, Long Xiaoyun stood up and walked out of the door.

Looking at Long Xiaoyun’s departing figure, Fan Tianlei nodded in satisfaction..

Chapter 147: This Mission Is Not Simple!

Recruit Company Station!

The recruits had also ended their cruel training.

“Company Commander Qin, time really flies!”

Gong Jian looked at the people in the recruit company and couldn’t help but exclaim in his heart that time had passed so quickly. The three months were about to end!

“Yeah, time waits for no one!”

Qin Yuan calculated that it had been almost a year and a half since he left the army.

The new recruits did not disappoint Qin Yuan’s expectations of them. The current strength of the new recruits had reached the standard of the special forces.

“Indeed, it’s truly remarkable that they have reached such a level in just three months. Qin, you were right,” Gong Jian said, looking at Qin Yuan with a sigh.

To be honest, even after being in the military for so long, this was the first time he had witnessed such a significant improvement in the soldiers’ abilities within such a short period of time.

It had to be said that the soldiers today were really different.

“Instructor Gong, to be honest, don’t underestimate these guys. They’re all as stubborn as donkeys!”

“Instructor Gong, to be honest, don’t underestimate these guys. They’re all as stubborn as donkeys!”

To be honest, Qin Yuan also felt helpless. The three months were coming to an end, but he still hadn’t received the rewards that the system promised for successfully training the new recruits.

This was the first time Qin Yuan had encountered such a situation. He had thought that he could complete the mission in a month, but it had been almost three months, and the mission had not been completed.

“Yes! This is also the first time I’ve encountered such soldiers!”

“Company Commander Qin, the military reform is coming soon! I heard from the regiment commander that you have another mission?”

Gong Jian also asked Qin Yuan in confusion. After returning to the Fourth Company this morning, he went to the regiment commander, Kang Lei! The military reform was going to take place in the next few days. Gong Jian was very busy, so he went to the Regiment Commander’s office early in the morning. From the regiment commander, he had a vague understanding of the military commander’s arrangements for Qin Yuan.

“It’s not very clear at the moment, but there should be a notice in the next few days!”

“Instructor Gong, I’ll leave the recruit company to you for the next few days! There are some arrangements with the Logistics Platoon. As for the specific mission, you’ll find out in a few days!”

Qin Yuan understood that the upcoming arrangement with Long Xiaoyun was approaching, and he also needed to return to the Logistics company.

He was satisfied with the achievements of the New Recruits company. If things went as he had envisioned, once he successfully dealt with Long Xiaoyun, the military district commander would certainly assign him to execute the plan.

“I’m fine! Company Commander Qin, you can go and do your own things. Don’t worry about the new recruits!”

Gong Jian also knew about Qin Yuan’s agreement. Fortunately, Qin Yuan had told him about it on the day Qin Yuan returned to the recruit company.

Regarding the current situation, it was not appropriate for Gong Jian to inquire too much. He wasn’t worried about the Recruit company now, but rather concerned about whether Qin Yuan could fulfill his promise.

“Don’t worry! I will know the answer in a few days! I said I’ll take you guys with me, so we’ll go together!”

Qin Yuan was not worried about the obstacles on Long Xiaoyun's side at all. To him, he trusted the people from the logistics company the most. During this period of time, the rewards for the breakthroughs in the logistics company came one after another.

Qin Yuan was very clear about the strength of the logistics company, and he was also very clear about Long Xiaoyun's strength. This time, if Long Xiaoyun could still face the logistics company so easily, Qin Yuan would not believe it.

“Yes, yes! Company Commander Qin, you don't have to worry about the Fourth Company. They've been training with all their might for the past two months!”

He did not know when it started, but Gong Jian had also treated Qin Yuan as his backbone!

“Good!”

“Then, I will return to the logistics company first! Just wait for me!”

After Qin Yuan finished speaking, he bid farewell to Gong Jian and rushed to the logistics company's encampment.

At this time, on the training ground of the Wolf Fang Special Forces, Long Xiaoyun walked to the front of the Lone Wolf Commando Team with Fan Tianlei leading the way.

“Instructor Xiao Yun?”

Seeing Long Xiaoyun follow Fan Tianlei, the paratroopers were stunned.

“That's right! Why is she back? Didn't I hear that she went to participate in the special training of the International Special Forces Academy?”

The health worker also looked at Long Xiaoyun and said with a puzzled look.

“In the next few days, all of you will be under the management of Instructor Long Xiaoyun!”

Fan Tianlei walked to the front of the crowd and said softly.

“Chief of Staff, do we have a mission?”

Senior Gao also walked up and asked Fan Tianlei. From Fan Tianlei's words, he knew what the next task was.

“Yes, I will hand you over to Instructor Long for the next few days. As for the mission, Instructor Long will tell you.” Fan Tianlei said lightly.

“Yes, sir!”

“Yes, sir!”

The Lone Wolf Commando Team responded loudly.

“Hello! Major Long!”

As he spoke, Old Gao also walked up to shake hands with Long Xiaoyun.

“Next, I’ll have to trouble Captain Gao Da!”

Long Xiaoyun also said humbly to Old Gao.

“It’s alright, this is what I should do. I will follow your instructions from now on, Instructor Long!”

Old Gao also replied with a smile. He knew that Long Xiaoyun had come to their Special Combat Brigade for an extraordinary mission!

He was very clear about Long Xiaoyun’s strength. Since Long Xiaoyun had personally come to their Special Combat Brigade to borrow soldiers, he knew that the next task would not be easy.

These two days, he had heard from the Chief of Staff that Long Xiaoyun had come to borrow all the soldiers of the Wolf Fang Special Forces.

Although Chief of Staff Fan Tianlei didn’t tell Old Gao about Long Xiaoyun’s plan, Old Gao also felt that it must be a challenging task since Long Xiaoyun had to borrow troops!

“Hello, everyone! We haven’t seen each other for some time! Next, I need you to help me complete something!”

Long Xiaoyun walked up and said to the Lone Wolf Assault Team.

“Instructor Long, as long as you say it, no matter what the mission is, we will definitely do it!” the paratrooper replied with a smile.

“Yes, Instructor Long, just say it! We will definitely complete whatever mission you want us to carry out!”

“Yeah, Instructor Long, just say it!”

All of a sudden, the Lone Wolf Assault Team members responded to Long Xiaoyun loudly.

“Good! Very good, I will tell you the specific mission tomorrow!”

Long Xiaoyun was also very happy to receive the response from the Lone Wolf Assault Team!

This time, she graduated from the Special Forces Academy alone. After she returned, she wanted to build a special force for her country that simulated the foreign army. She wanted to use it to train the three armies.

However, she did not expect that the commander of the military region would actually hand this mission over to Qin Yuan!

Although she knew that Qin Yuan was not simple! However, the most important thing was that Qin Yuan was too young and did not match the individual she had in mind!

“Yes, sir!”

“Don’t worry, Instructor Long, we’ll listen to you!”

At once, the Lone Wolf Assault Team members understood that the mission they had to complete this time was not simple!

Chapter 148: Capture Them!

“Good! Then tonight at three o’clock, all members will gather here!” Long Xiaoyun also spoke with great satisfaction.

“Yes, sir!”

“Yes, sir!”

The Lone Wolf Assault Team members also looked at Long Xiaoyun in high spirits. After receiving the Chief of Staff’s order, they all listened to Long Xiaoyun now.

At this moment, Qin Yuan had also returned to the logistics company’s encampment!

“Old Zhou, how is Deputy Company Commander Liu now?”

After a while, even Qin Yuan hurriedly asked about Zhou Qing and Liu Ye’s situation!

“Deputy Company Commander Liu is recovering well! He’s awake and I asked Xiaohu to take care of him!” Zhou Qing also told Qin Yuan about the recent situation.

“That’s good!”

Qin Yuan looked at the sky not far away. The moon was very high tonight, and the faint breeze blew the dark clouds and moved them quickly.

“A dark and windy night?”

For a moment, Qin Yuan felt as if something was about to happen. His right eyelid kept twitching!

“Old Zhou, tell the soldiers to be on high alert tonight! I don’t know why, but I feel like something’s going to happen tonight!” Qin Yuan was silent for a moment before saying to Zhou Qing beside him.

“Company Commander Qin, what can happen in our station?”

This was the first time Zhou Qing had seen Qin Yuan’s expression. For a moment, he did not know why Qin Yuan was so serious.

“It’s good to be more careful!”

Qin Yuan had a vague feeling that something would happen tonight.

“Alright, Company Commander Qin, I will give the order!”

Although Zhou Qing did not know why Qin Yuan would say that, he could not let his guard down as long as it was something Qin Yuan said!

“Good!”

With that, Zhou Qing left. He would carry out whatever Qin Yuan said because Qin Yuan’s words were never fake.

On the training ground of the Wolf Fang Special Combat Brigade, the Lone Wolf Assault Team had already gathered!

Standing on the training ground and waiting for Long Xiaoyun's order. She walked up and said softly, "Tonight, I want to bring you guys to do something!" "I heard that your Team B seemed to have been defeated by someone, right?"

Long Xiaoyun looked at the members of Lone Wolf Group B and asked with a smile.

"This... This! Instructor Long, don't beat us up!" The paratrooper looked at Long Xiaoyun and said awkwardly.

For a moment, the members of Lone Wolf Team B looked embarrassed.

To be honest, they were also very upset that Qin Yuan had tricked them. They had never thought that a regular army would be so strong.

For a moment, they recalled the scene at that time and felt very aggrieved.

"Instructor Long! Are you going to avenge us tonight?"

Xiao Zhuang asked Long Xiaoyun excitedly.

"Tonight, the mission I want you to carry out is to kidnap Qin Yuan and his logistics company!"

"Especially Qin Yuan. You must kidnap him!"

Long Xiaoyun said softly. For a moment, she wanted to kidnap Qin Yuan! Although she knew that Qin Yuan was quite strong, she was also very clear about the strength of the Lone Wolf Commando Team.

"Don't worry! Instructor Long. Tonight, we will take revenge!"

"Yes, I am! Tonight, I will definitely avenge the humiliation from before!" For a moment, the Lone Wolf Assault Team members shouted loudly.

The last humiliation had made them miserable. They had humiliated Wolf Fangs, so they had been tortured by Fan Tianlei.

"Good! Then we'll take revenge tonight!"

"Everyone, get ready. Get armed and head to the logistics company's encampment! "

Long Xiaoyun immediately gave the order.

"Yes, sir!"

"Yes, sir!"

In an instant, the Lone Wolf Assault Team rushed to the logistics company's station in full gear!

Half an hour later, Qin Yuan was woken up by an alarm.

"Yo? Looks like they're here!"

Qin Yuan turned on the early warning radar and found that the logistics team was surrounded by the Lone Wolf Assault Team.

“I really didn’t expect you to play this trick!”

After saying that, Qin Yuan stood up and walked towards Zhou Qing’s dormitory.

“Old Zhou, there are rats in the encampment. Hurry up and get ready!”

Qin Yuan knocked on Zhou Qing’s door and said.

“Company Commander Qin, what’s wrong?”

Zhou Qing immediately got up and opened the door to see Qin Yuan at the door.

“Someone is coming! Inform the brothers to start preparing to catch rats!”

Qin Yuan chuckled and said to Zhou Qing.

“Alright! I’m going now!”

After saying that, Zhou Qing walked straight to the logistics company’s dormitory.

“They actually came! I’ll play with you guys then!”

With that, Qin Yuan walked out.

“Instructor Long! Why is their encampment so quiet? There aren’t even any soldiers on night duty?”

The paratrooper asked in confusion. The Lone Wolf Assault Team was about 200 meters away from the logistics company’s station.

Looking at the logistics company’s encampment, the group of people was also very puzzled.

“Everyone, be careful! Qin Yuan is a very sinister person! Everyone, pay more attention!”

“Sneak in... ”

Long Xiaoyun immediately told the Lone Wolf Assault Team.

“Good!”

“Good!”

After saying that, the Lone Wolf Assault Team sneaked into the logistics company’s station.

In the logistics company’s encampment!

“Company Commander Qin, everything has been arranged! We’re just waiting for them to come in!” Zhou Qing walked forward and said to Qin Yuan.

“Alright! Then let’s wait for them to come in!”

“Alright! I’ll go over and tell the brothers immediately!”

After saying that, Zhou Qing walked straight to the logistics company in the dark.

“Why is there no one here?”

After the medics sneaked in, they said to the paratroopers behind them.

“I think it’s strange too. Why is it so quiet!”

For a moment, everyone in Lone Wolf Group B was stunned.

“Everyone, be careful!” Geng Jihui quickly instructed everyone.

Just like that, Lone Wolf Team B sneaked into the depths of the logistics company’s encampment and directly sneaked into the soldiers’ dormitories.

“Kill! Kill! Kill!”

For a moment, the roars of the logistics company could be heard from all directions.

“Everyone, be careful!”

For a moment, the Lone Wolf Assault Team members were stunned. They did not expect the logistics company to ambush them!

They had come very secretly this time. Only the Lone Wolf Assault Team knew about this.

When Long Xiaoyun saw this sudden situation, she was immediately shocked.

She looked at the logistics company soldiers who surrounded her in disbelief. She couldn’t figure out why she was ambushed.

“Welcome to my world. This is the logistics company’s base, my territory!”

Qin Yuan looked at Long Xiaoyun and laughed loudly! Looking at Qin Yuan not far away, she did not know how Qin Yuan knew about her plan!

She had never told anyone about her plan tonight...

Chapter 149: Ambush the Logistics Company!

“How did he know that we would come tonight and they even prepared in advance?”

Long Xiaoyun frowned.

“Sergeant Gao! How’s the situation on your side?”

She had led Team B to an ambush, so she felt that it should be the same for Old Gao.

“Report! We met them as soon as we came in. They were already prepared!

Repeat. They were prepared!”

Senior Gao brought the other members and sneaked in from another direction. However, not long after they entered, soldiers from the logistics company rushed out from all directions.

“Be careful on your side. Our plan has been seen through! We can only fight them head-on now!”

Long Xiaoyun whispered into the earpiece. She knew that it was impossible to launch a surprise attack on the logistics company. Now, they could only fight with brute force.

“Everyone, get ready. We’ll fight them head-on!”

Long Xiaoyun didn’t panic at all. Since surprise attacks couldn’t work, then she would fight with brute force! Although the logistics company had more people than them, she knew the strength of these soldiers.

“Yes, ma’am!”

“Roger!”

Looking at the people from the logistics company around them, the members of Lone Wolf Team B were also rubbing their fists and palms. They had long been looking forward to fighting with the soldiers of the logistics company again!

The last time they lost to their logistics company, the Lone Wolf Assault Team had lost all their face. Even now, they were still not convinced!

“Ostrich! Do you think you can handle them?”

The medics asked the paratroopers with a smile.

“In my current state, I can fight eight or ten of them!” The paratroopers started bragging when they were asked by the medics.

“Alright! They are different from other troops! You’ve all experienced it last time. Their strength was so outstanding then. Now, they should have improved!”

Geng Jihui, who was listening to the conversation between the two, reminded everyone softly.

“Forest Wolf is right. Everyone, be careful! Their current strength might not be much weaker than ours!”

Old Pao was a perceptive person. He knew very well what a capable company was like. Just now, they did not notice the logistics company after sneaking in. This meant that the logistics team’s concealment ability was very strong.

This proves that the strength of the comrades in the logistics unit is not inferior to their own.

“I didn’t expect to meet you so soon! Why did you bring a bunch of wolf cubs?”

Qin Yuan walked forward and spoke to Long Xiaoyun with a smile. He did not care about the people behind Long Xiaoyun at all.

“Wolf cubs?”

“Who are you calling a wolf cub? You’re courting death.”

Hearing Qin Yuan’s words, the paratroopers were furious and charged at Qin Yuan. This was the first time they had been called that since they became qualified special forces soldiers!

“Paratroopers! Stop!”

Long Xiaoyun directly stopped the paratroopers who wanted to rush up.

“Instructor Long, don’t stop us!”

After being stopped by Long Xiaoyun, the paratroopers also stared at Qin Yuan with anger. The members of Lone Wolf Team B also stared at Qin Yuan fiercely. They could launch a surprise attack on Qin Yuan at any time.

Qin Yuan’s words had really offended them. If they could tolerate this, they would not be soldiers.

Qin Yuan was also very helpless. At this moment, the system suddenly triggered a hidden mission. The mission was to anger the Lone Wolf Commando Team and kidnap Long Xiaoyun.

When Qin Yuan received this mission, he hesitated for a moment. After all, this did not seem very friendly. However, when he saw that the mission reward was 100,000 skill points, he accepted the mission without any hesitation.

Qin Yuan was quite happy to have more of these hidden missions. Low difficulty with high rewards is always a good thing, and he couldn’t help but enjoy it. However, such missions are not triggered frequently.

“Leave him to me. You guys take care of the others!”

Long Xiaoyun walked forward and stared at Qin Yuan. The last time she fought with Qin Yuan, she could not detect Qin Yuan’s strength. This time, she also wanted to have a good fight with Qin Yuan.

Seeing that the Lone Wolf Assault Team was staring at him, Qin Yuan felt as if he was being targeted by a pack of wolves.

“It really is a pack of wolves!”

Looking at the Lone Wolf Commando Team, each of them seemed to have a wolf’s nature. Qin Yuan also felt that the Lone Wolf Commando Team in front of him was really not bad. He used to like them very much.

“If you want to fight me, then you’ll have to deal with my soldiers first!”

Seeing that Long Xiaoyun had already assumed a combat stance, Qin Yuan said with a smile. Didn’t Long Xiaoyun bring the Lone Wolf Assault Team here to test their logistics company?

In that case, he would let Long Xiaoyun see if what he said two months ago was right.

“Logistics Company!”

“Yes!”

‘Yes!’

For a moment, the 20 people from the logistics company responded to Qin Yuan with a deafening voice.

He had only arranged for 20 people on his side. Zhou Qing and the other 30 people were on the other side blocking Old Gao and the others.

Looking at the logistics team in front of him, Long Xiaoyun's face flashed with a strange expression. The Lone Wolf Team B members were also surprised.

“This group of guys seems to be different from the ones we met at the beginning!”

Xiao Zhuang looked at the logistics team and sighed softly to the Lone Wolf Team B members beside him.

“Yes, when we start fighting, everyone, be careful. Don't let them split you guys up. Otherwise, we might really not be able to defeat them!”

After the last confrontation, Geng Jihui was very clear about the strength of the logistics company's soldiers. Although they had experienced cruel training after returning, who could guarantee that these guys from the logistics company didn't go through the same!

“Let's begin! Since you want to see if they're like what I said, then beat them down first!”

Qin Yuan smiled and looked at Long Xiaoyun. He had actually been preparing for this moment for two months, but he did not expect Long Xiaoyun to borrow the Lone Wolf Commando Team!

“Logistics Company, it's time for you to prove your words from two months ago today!”

Qin Yuan turned around and said to the logistics company around him.

“Yes, sir!”

“Yes, sir!”

As soon as Qin Yuan finished speaking, the people from the logistics company rushed toward the members of Lone Wolf Group B and Long Xiaoyun.

For a moment, the entire field was in chaos. There were 20 people from the logistics company. They formed a group of two and cooperated with each other to deal with the members of the Lone Wolf Assault Team. The rest of them directly fought with Long Xiaoyun.

For a moment, the entire arena was in a stalemate. Both sides had already fought back and forth for dozens of rounds.

“F * ck, why are these guys so strong?”

The paratrooper retreated a few steps after being kicked away. He held his chest and looked at the two logistics company soldiers in front of him.

He looked around and noticed that the scene on the entire field was similar to what was happening on his side. If he were to put it nicely, only Geng Jihui and Long Xiaoyun were relatively better off, but the other teammates were barely managing to handle the soldiers from the Logistics Platoon..

Chapter 150: Captured!

“How did these guys improve so quickly?”

Long Xiaoyun was the most surprised! Two months ago, she had beaten up the soldiers of the logistics company.

Although she had no problem facing seven or eight logistics soldiers, she realized that the strength of these soldiers had increased so quickly.

If she were to fight against the soldiers of the logistics company like last time, she really didn't know if she could deal with them so easily.

After more than ten minutes, the pace of the match had slowed down. The members of Lone Wolf Group B were sweating!

It could be said that this was the most powerful regular army they had encountered since they became special forces soldiers.

If it was any other regular army, they could easily deal with ten soldiers alone.

However, it was really difficult for them to face two soldiers from the logistics company alone. They even felt that they could not defeat them.

“I thought that Old Gao's training was ruthless enough, but now I feel that Qin Yuan might be even more ruthless than him. Otherwise, how could these guys be so terrifying?”

After Old Pao kicked away the two soldiers who were fighting with him, he moved closer to Geng Jihui. He knew that if this continued, they really wouldn't be able to defeat the logistics company.

“You're right. It's only been a while. We can't even deal with the two of them alone. Moreover, don't you feel that they haven't used their full strength yet?”

“They're draining our stamina!”

Geng Jihui started to analyze the situation with Old Pao with their backs against each other. He looked at his other teammates and it was just as he had said. The soldiers of the logistics company were wasting their energy.

Just as Qin Yuan stood by, attentively observing the situation on the field, he was satisfied with what he saw. Apart from Long Xiaoyun's side, where the outcome was still uncertain, the other areas were leaning towards a decisive victory.

After half an hour, the balance of the battle shifted toward the Logistics company.

BOOM...

In an instant, the paratrooper was caught off guard by the soldiers of the logistics company. They kicked the paratrooper to the ground, and the two of them pressed down on the paratrooper's body.

“Hey, hey, hey. I say, can you let go of me!”

The paratrooper was suffocated by the pressure, but the two soldiers from the logistics company ignored him.

“Company Commander Qin! We’ve settled everything on our side!” Zhou Qing walked to Qin Yuan’s side and said.

“That’s good. But it seems that you guys are having some difficulties?” Seeing that Zhou Qing’s face was also bruised, Qin Yuan knew that their battle must not have been easy.

“It’s alright. They’re very strong, but it’s still not a problem. We have so many people!”

Zhou Qing also smiled. He did not dare to think that one day, they would actually capture the Wolf Fang Special Forces.

In the past, he knew how difficult it was to become a special forces soldier, and he also knew how strong a special forces soldier was. This time, he also personally experienced the terror of a special forces soldier.

It took Zhou Qing and the soldiers of the 30th logistics company a long time to tie up Old Gao and his team!

“How’s the battle?”

Qin Yuan also asked with a smile.

“Including my thirty-one men, ten of them have slight sprains, and the rest are just a little bruised! It’s nothing serious!” Zhou Qing explained.

“What about Old Gao and the others?”

“We’ve tied them up. They’re at the training ground now. Third Platoon Leader and a few brothers are guarding there!”

After hearing Zhou Qing’s words, the corners of Qin Yuan’s mouth curled up slightly.

He had never seen the day when he tied up Old Gao’s dog head. If Fan Tianlei found out, he would be so angry that he would vomit blood!

“Good! As for the rest of the brothers, let them come over. It would be best if they could settle the previous grudge!”

Qin Yuan watched the situation on the field, realizing that the soldiers attacking Long Xiaoyun were unable to withstand her strength. He smiled and said to Zhou Qing that since Zhou Qing’s side had already been resolved, only Long Xiaoyun remained.

“Yes! I’ll have them come over right away!” Zhou Qing replied.

After speaking, Zhou Qing headed towards the training ground.

A minute later, only Xiao Zhuang and Geng Jihui were still fighting in Team B. The rest of them were pressed to the ground by the soldiers of the logistics company.

After Long Xiaoyun kicked away the two soldiers from the logistics company, she realized that the situation was very disadvantageous to them. For a moment, her face revealed an anxious expression.

When she saw more than 20 soldiers from the logistics company walking over, her heart skipped a beat.

She knew that if that was the case, it meant that the battle on Old Gao's side was over. The result was obvious. They had lost to the soldiers of the logistics company.

“Lone Wolf Team A, reply received.”

For a long time, there was no response from her earpiece. It seemed that it was just as she had thought.

“All of you, attack. Remember how you got beaten up last time? This time, go and reclaim your pride!”

Qin Yuan looked at the twenty soldiers of the logistics company who followed Zhou Qing over and said to them.

“Yes, sir!”

“Yes, sir!”

The eyes of the twenty people were burning. They knew how embarrassing they had been beaten up the last time. They had trained with all their might for the past two months, just so that they could take revenge one day.

With that, twenty people swarmed into the battlefield. With the addition of twenty people, Xiao Zhuang, and Geng Jihui were quickly defeated. Long Xiaoyun frowned.

“Seems like this bunch of fellows really hold grudges!”

After repelling a few soldiers from the logistics company, Long Xiaoyun rubbed her arm. She felt that it was difficult to resist the siege of so many people.

Her right arm also felt a slight pain. She had just blocked a few people's sudden attacks. She could also feel how powerful these soldiers of the logistics company were.

Seeing Long Xiaoyun stop and rub her arm, Qin Yuan knew that Long Xiaoyun was injured! Qin Yuan wanted to laugh when he thought of Long Xiaoyun's confident face back then.

“My soldiers are not that easy to beat up!”

Standing at the side, Qin Yuan sat down leisurely and quietly watched the changes on the field.

He knew that with the current strength of the soldiers in the logistics company, Long Xiaoyun would be exhausted to death!

After pausing for a while, Long Xiaoyun resumed her battle stance and rushed toward the logistics company.

She knew that she would be the one to lose if she continued to drag things out. Even if she was very strong, the strength of the logistics company's soldiers had increased to a terrifying level.

After more than ten minutes, Long Xiaoyun gradually couldn't hold on any longer, and bruises began to appear on her cold face.

“Damn it. This guy...What kind of person is he?”

Long Xiaoyun glanced at Qin Yuan who was not far away and was furious. Qin Yuan was actually sitting there leisurely and drinking tea..
