“I’m sorry! Commander Qin, I’m sorry to let you see this!” Zhou Qing smiled bitterly.

“It’s alright! The logistics unit has been held back for so many years that it’s lost all the qualities of a soldier!” Qin Yuan said indifferently.

“Commander Qin... Actually, they...” Zhou Qing wanted to say something, but he swallowed the words that were on the tip of his tongue.

“If you have something to say, then say it! We’re all company commanders, so we’ll have to work hard together to lead this logistics company well in the future. No need to hide anything. ”

“Commander Qin, in fact, they had their own dreams of being a strong Army too. Some of them were eliminated because their physical abilities were too poor. You also know that the logistics company is assigned to the nasty people from other companies.”

“To put it bluntly, the company commanders who came here before all left in less than three months! In fact, some of them are just here to take a look. I think you already know about this.”

“Although they have all kinds of problems, they are all soldiers. Who doesn’t want to be a good soldier? It’s just that as time passed, that bit of passion seemed to have slowly worn away.” Zhou Qing said frankly.

“Instructor Zhou, you have to know that no one is born weak. In this world, if you’re not strong and don’t fight for yourself, no one will pity you. In my eyes, I never thought of them as weak, cowardly soldiers!”

“But! I’m afraid they’ve lost the spirit of a soldier.”

“Alright! There are only three months left before the military exercise. Although we’re logistics soldiers, who says we have to be worse than others?” Qin Yuan said as he looked at Zhou Qing.

“Good! Commander Qin, I’ll listen to you. If you have any training arrangements, just tell me and I’ll do my best to cooperate with you.” Zhou Qing said in a deep voice.

The impression Qin Yuan gave him was completely different from the previous battalion commanders. This young man, who was several years younger than him, might not have come here just for a transition.

Furthermore, the regiment commander had also informed him to do his best to help Qin Yuan train this logistics company!

“Commander Qin, this is your room. Take a rest!”

“It’s fine, don’t worry.”

“Instructor Zhou, can you give me a copy of the files of the soldiers in our logistics company?” Qin Yuan said.

“Okay, I’ll get the correspondent to bring it to you later.”

After speaking, Zhou Qing walked out of the room.

After Zhou Qing left, Qin Yuan quickly opened the system’s virtual control panel.

“I have to see what the effect of this basic body-strengthening liquid is.”

At this moment, Qin Yuan could not wait to increase his strength. After all, in order to conquer these soldiers, he not only needed brains but also strength.

Qin Yuan took down the basic body-strengthening liquid from the virtual panel and a small glass bottle of green liquid appeared in his hand.

Qin Yuan couldn’t wait to open it and drink it.

After a short while, Qin Yuan felt a warm current flowing through his entire body. The original muscles in his body were also undergoing a rapid qualitative change.

His arms seemed to be filled with more explosive power.

This basic body-strengthening liquid is really good. Even the four years of training in the military school didn’t seem to have as amazing an effect as this drug. Qin Yuan muttered.

Qin Yuan opened the virtual panel again.

[Host: Qin Yuan]

[Position: Commander of Iron Fist logistics company]

[Rank: Captain]

[Constitution: 30 (10 for normal people)]

[Skills: Elementary Eagle Eye, elementary radar warning system, elementary special fighting technique.]

[Skill points: 500. Skill points can be obtained by completing missions or training soldiers to enhance their abilities.]

[Mission: Manage the logistics recruit company and upgrade the logistics company to the first company of the iron fist Regiment within three months. Upon completion, you will be rewarded with 10000 skill points.]

“The changes brought about by this physique are indeed different. I wonder what the limits of the human body are. If I give every soldier in the company one now, wouldn't the problem of physique be solved? Let's see how many skill points I need to exchange for this body strengthening liquid!” Qin Yuan thought to himself.

Qin Yuan swiped the virtual panel. At this time, the items on the panel were all gray. When he saw that the basic body-strengthening liquid costs 10000 skill points, he instantly gave up on this idea.

“This... the basic body-strengthening liquid costs 10000 skill points? The system is really a scammer. 10000 skill points? Even 500 skill points wouldn't be enough! Ah, forget it. I still have to take it one step at a time.”

“Dong Dong Dong!”

“Commander Qin.”

Zhou Qing opened the door and walked in with a stack of case files.

“Commander Qin, these are the files you wanted. The correspondent just sent it over. Our company, including the two of us, has a total of 50 people. Other than your information, the information of all the soldiers is here.” Zhou Qing said.

“Alright! Instructor Zhou, you should go and rest! We're going to make a big move tonight.” Qin Yuan said.

“Big move? Commander Qin, are you going to...” Zhou Qing asked.

“I hope you understand that I won’t be like the previous battalion commanders who came here just to pass time. Starting today, the entire battalion will be preparing for the exercise!” Qin Yuan said in a deep voice.

“Alright! Company commander Qin!”

Zhou Qing was also extremely excited. It had been a long time since he felt this way.

“Go back and rest! I’ll call you later.” Qin Yuan said.

“Good! I’ll be leaving then.”

After speaking, Zhou Qing closed the door and left.

After Zhou Qing left, Qin Yuan picked up the file on the table and started reading.

Zhou Qing: Current military instructor of the logistics company. Originally the number one marksman of the 4th Sharpshooter platoon. He was injured by a bullet during a mission, causing him to be unable to continue being a sniper. He was transferred to the logistics company as a military counselor.

“It turns out that instructor Zhou used to have his glory days! No wonder...”
Qin Yuan said.

Liu Ye: The current Deputy company commander of the logistics company, a former veteran of the Iron Fist Regiment’s 4th company.

Lu Zhengtao, nicknamed ‘Fatty’, is the current platoon leader of the first platoon of the logistics company. He was the first gunner of the 365 Battalion. Due to an operational error, the barrel of the gun exploded, causing permanent damage to the arm of a comrade in the same vehicle. He was transferred to the logistics company due to a psychological disorder and later became the platoon leader of the first platoon.

“This must be the fatty who was waiting for his retirement fees.” Qin Yuan thought as he looked at the photo in Fatty’s file.

Zheng Xiaohu, nicknamed ‘monkey’, is currently the second platoon leader of the logistics company, a former soldier of the Iron Fist regiment reconnaissance company.

Zhao Xiaowu: Currently the third platoon commander of the logistics company, former soldier of the Ferocious Tiger sixth company.

....

Looking at the soldiers' files, he realized that a small number of people had the experience of being elite soldiers or even being elite soldiers before. They only came to the logistics company for "retirement" or various reasons!
