

Special Troop 371

Chapter 371: Fated to Meet Again!

Could it be that they could eliminate all these strong teams?

Gao Shiwei didn't say anything. He just looked at the screen quietly.

Just as the fist was about to land on Geng Hu's face, Geng Hu quickly reacted.

He tilted his head and brushed past Li Hao's fist.

"It's my turn." Geng Hu whispered.

In the next second, Geng Hu kicked Li Hao at an even faster speed.

This time, Li Hao seemed to have predicted Geng Hu's next move. He jumped and dodged Geng Hu's kick.

"Wonderful!" The commanders in the command center praised him.

At this moment.

Geng Hu smiled as if he was waiting for Li Hao to jump.

Before Li Hao could land, Geng Hu gave another horizontal kick.

This time, Li Hao was not so lucky.

He had no time to dodge and was sent flying by Geng Hu's kick.

Thump!

With a dull thud, Li Hao fell heavily to the ground.

Li Hao's fall made the Northeast Military Region's chief's heart jump to his throat.

Soon, Li Hao got up from the ground.

It was the same move as last time!

Li Hao looked at Geng Hu. "You only have these few moves."

"These few moves are enough to deal with you."

Just as the two of them were talking, another member of the Ferocious Tiger Special Forces rushed towards Geng Hu.

Geng Hu reacted quickly and grabbed the man's wrist.

"It's not that easy to ambush me." Geng Hu's expression changed.

He exerted strength in his hand and threw the person out.

"Who let you get involved!" Li Hao cursed.

He didn't want to relive the scene where he couldn't win against a few people with more people.

Moreover, they could only win this time.

Li Hao quickly launched another attack.

This time, he went behind Geng Hu and wanted to push him to the ground.

Geng Hu wasn't someone to be trifled with. He dodged Li Hao's attack.

In the next second, Geng Hu quickly threw Li Hao over his shoulder and he fell to the ground again.

"What a fast reaction speed!" The Bureau Chief suddenly said.

The group of officers did not say anything. After all, they could not see the current situation clearly.

They wanted to know who would have the last laugh in this battle.

"I'm not playing with you anymore." Geng Hu smiled wickedly and punched Li Hao again.

This time, Geng Hu's speed was even faster than before, and his strength was even greater!

Li Hao's face swelled up at a speed visible to the naked eye.

Just as Li Hao was about to stand up and retaliate, Geng Hu grabbed Li Hao's hands.

Li Hao's entire body was bound, unable to move.

Li Hao couldn't help but want to break free, but Geng Hu suddenly let go of his hands.

"What are you doing?" Li Hao was confused by Geng Hu's actions.

He grabbed him one second and let him go the next.

What was this kid up to?

"See you next time." Geng Hu suddenly said.

Li Hao looked into Geng Hu's eyes and seemed to suddenly understand something.

He hurriedly stood up.

Unfortunately, it was too late.

Geng Hu grabbed Li Hao's epaulet and pulled it hard, causing it to fall into his hands.

Geng Hu stood up and patted the snow off his body.

"We'll meet again if fate allows."

Geng Hu said indifferently.

His tone was as if he was saying, "It's time to eat."

Seeing this scene, the face of the Northeast Military Region's chief instantly darkened.

"Looks like we're brothers in distress." The chief of the Guangnan Military Region teased.

"It seems that after this competition ends, the two of you will have to learn from Old Gao." The Bureau Chief said in a deep voice.

“It’s not really learning from each other.” Gao Shiwei suppressed the joy in his heart and said calmly.

On this side, Qin Yuan and Long Xiaoyun were staring at the screen.

“Not bad.” Qin Yuan said.

“Indeed, but I don’t know when they’ll meet the Dragon Soul.” Long Xiaoyun pondered.

After all, their greatest opponent was the dragon soul.

“Wait, we’ll meet eventually.” Qin Yuan smiled.

Time slowly passed.

Along the way, Battle wolf and the others encountered many other special forces teams.

Without a doubt, Battle wolf easily took the heads of these teams.

However, they did not encounter the Dragon Soul Special Forces.

“Where do you think Dragon Soul’s group went?” Wang Yanbing said.

They knew very well that the dragon soul was their true opponent.

According to the strength of these teams, it was impossible for them to defeat the dragon souls.

Therefore, the Dragon Soul was definitely not eliminated, but they did not see any members of the Dragon Soul Special Forces.

“They might be looking for us too.” He Chenguang said thoughtfully. Geng Hu seemed to have thought of something. “Take out Falcon’s epaulets.” “What’s wrong?” Zheng Xiaohu asked in confusion.

Ever since the last time, he could not understand Geng Hu anymore.

He felt that Geng Hu had become a different person. He had become more intelligent and capable of thinking.

“Of course it’s useful.” Geng Hu smiled mysteriously.

After everyone took out Falcon’s epaulets, Geng Hu spoke again.

“Tear off your epaulets.”

Hearing this, everyone instantly understood what Geng Hu wanted to do.

Geng Hu wanted them to pretend to be Falcon!

However, wasn’t it stipulated that one couldn’t tear off the epaulets to confuse the eyes?

Everyone was puzzled.

“When did you become more muddle-headed than me?”

“The rules only say that you can’t tear off the captain’s, but it doesn’t say that you can’t tear off the team members.”

Geng Hu explained.

That seemed to be the case.

Everyone was enlightened. “Alright, when did you become so smart?”

Zheng Xiaohu smiled.

“I’ve been with you guys for a long time. How can I not be careful?”

“Half of you will put on the Falcon Special Forces epaulets, and the rest will remain the same.”Geng Hu said.

“It was so dark during our competition yesterday. The people from Dragon Soul probably didn’t see what we looked like.”

“If you meet them, pretend to be Falcon’s men.”

“The rest of you will pretend to fight Falcon. This way, the Dragon Soul will definitely make a move.”

Geng Hu voiced out his thoughts.

Everyone looked at Geng Hu in shock. Was this really Geng Hu?

At this moment, they seemed to see Qin Yuan’s shadow on Geng Hu.

“I think it’s not bad.” He Chenguang spoke first.

Actually, if Geng Hu didn’t say it, he would have suggested it as well.

After all, this was the best solution he could think of at the moment.

He Chenguang, Wang Yanbing, Leng Feng, Li Erniu, Zheng Xiaohu, Fatty Zhang, and Jiang Feng tore off their epaulets and pasted Falcon’s epaulets on them.

The rest of the people continued to wear Battle wolf’s epaulets.

The team was divided into two parts, walking forward with a certain distance between them.

After all, the others were not fools. If they walked close together, they would easily be suspected.

Just in case, Geng Hu walked at the back of the group. After walking for a long time, everyone suddenly stopped.

“There’s someone!” Li Erniu whispered.

Everyone quickly reacted and the two teams pretended to fight.

They didn’t know if the team in the distance was a dragon soul or not.

The team had obviously noticed them.

Soon, the team gradually approached.

However, he didn’t go forward immediately. Instead, he stopped behind a rock 50 meters away.

He could see the best distance between the two teams.

“It’s Falcon and Battle wolf.” someone said.

“Don’t move first. Let’s see.” The leader said.

The people who were fighting caught a glimpse of the team hiding behind the rock from the corner of their eyes.

After all, Battle wolf had been waiting for them to arrive.

“You can’t see their epaulets from behind the rocks.” Fatty Zhang whispered. “Er Niu, did you see it clearly?” Wang Yanbing asked in a very low voice.

After all, Li Erniu’s eyes were the sharpest among them.

“I didn’t see them clearly either. They were too fast.” Li Erniu shook his head.

“They hid behind there as soon as they came over. I didn’t even have time to look.” The Dragon Soul’s group was too fast, and Li Erniu was at his wit’s end.

“I have to think of a way.” He Chenguang said.

“We should be able to see it clearly as we fight.” Leng Feng, who had been silent all this while, spoke.

“Makes sense. I think what Leng Feng said will work.” Everyone said.

Everyone leaned over without batting an eyelid. There was not the slightest trace of acting on their faces..

Chapter 372: The Final Battle of the Dragon Soul

Battle wolf and the others quickly got into character. As they fought, they moved closer to the stone.

“Dragon soul members.” Li Erniu whispered.

“I saw it clearly.”

The sharp-eyed Li Erniu saw the epaulets on the team hiding behind the rock at a glance as he approached.

Everyone nodded. “We’ll follow the plan.”

After confirming that the other party was Dragon soul members, the Battle wolf quickly moved according to their original plan.

The battle between the two sides became even more intense.

In order to make the Dragon Soul members more convinced, the few people disguised as the Falcon Special Forces even tore off Battle wolf’s epaulets.

“The few of you have been eliminated.” He Chenguang said loudly to those people, but his eyes were always looking behind the rock.

He was waiting for the Dragon Soul to take action.

As for the remaining Battle wolf and the others, they charged towards He Chenguang and the others without any fear.

He did not retreat because his teammate had been eliminated.

Seeing that the fight was getting more and more intense, the Dragon Soul members at the side could not hold it in anymore.

“Captain, should we go?” someone asked.

“That’s right, captain. We’ve been observing for so long, and I feel that Battle wolf’s strength is below ours.”

“Falcon doesn’t need to worry. They haven’t beaten us once in the past.”
Everyone from Dragon Soul said.

As the best special forces soldiers, they were very cautious, but they did not want to waste time that should not be wasted.

Therefore, after observing for a while, the Dragon Soul members wanted to quickly finish off their opponents and end the competition.

Captain Lin Lei said thoughtfully, “Battle wolf’s captain isn’t inside.”

After hearing Lin Lei’s words, the Dragon Soul members once again looked at Battle wolf’s group.

“It’s true. Only Falcon’s captain is inside.” Someone exclaimed.

“How about this, you guys go up and take off the Falcon Captain’s epaulet first, then eliminate one team first.” Lin Lei said in a deep voice.

“We’ll take it slow if we’re left with Battle wolf.”

It could be seen that as the captain of the third round, Lin Lei was very cautious.

Soon, the Dragon Soul members appeared in front of Battle wolf’s group.

“Dragon soul?” He Chenguang pretended to have just found out about the existence of the Dragon Soul and revealed a surprised expression.

“We’re here to help you end the battle.” the Dragon Soul member said directly.

Battle wolf and the others sized up Dragon Soul members, but they didn’t see the leader of the Dragon Soul team.

It seemed that Dragon Soul was indeed different from the other special forces.

At the very least, he was much more cautious than the people from the other military regions.

Soon, Dragon Soul and the others rushed toward He Chenguang and the others who were wearing Falcon Special Forces epaulets.

The opponent’s target was He Chenguang, who was wearing the Falcon Captain’s epaulet.

The Dragon Soul's attack speed was extremely fast. In the blink of an eye, they had already closed in on He Chenguang.

However, He Chenguang was not someone to be trifled with. He quickly reacted.

With a leap, he landed in the middle of Battle wolf's group.

"You're forcing yourself into a dead end." said one of the Dragon Souls.

He didn't know that He Chenguang was pretending to be Falcon. In his opinion, He Chenguang's action was suicidal.

Originally, only the Dragon Soul and the others were attacking him. If he did this, there would be the Dragon Soul in front and the Battle wolf behind. It could be said that he was attacked from both sides and had no way to escape.

There was only one outcome, and that was to be eliminated.

However, it would depend on who could take down He Chenguang's epaulet.

Was it a Battle wolf or a dragon soul?

However, the Dragon Soul members obviously wouldn't give this opportunity to Battle wolf.

Soon, the Dragon Soul members prepared to launch a second round of attacks.

Battle wolf and the others started to move, pretending to snatch He Chenguang's head from the Dragon Soul.

Just as the two teams were charging at He Chenguang, the Battle wolf suddenly threw their fists at Dragon Soul's members.

The Dragon Soul members did not understand Battle wolf's actions." Are you trying to take us down first?"

"We just wanted to take the Falcon's point." Battle wolf said.

"That depends on who has the ability."

As soon as the Dragon Soul members finished speaking, they attacked Battle wolf and the others.

The person in the lead took the lead and rushed out, arriving beside Battle wolf.

Immediately after, a fist smashed out, but Battle wolf's reaction was extremely fast. He immediately took a few steps back and dodged this attack.

The others joined in the battle, and they all fought one-on-one with tacit understanding.

The remaining Dragon Souls retreated to the side.

After all, they didn't want to be criticized by others, saying that their dragon souls were bullying them with numbers.

Just as everyone was fighting fiercely, He Chenguang and the others, who were disguised as Falcon, launched an attack on the remaining Dragon Soul members.

Although they didn't see the Dragon Soul's captain, they could still deal with these members first.

Just like what was said at the beginning, even if their captain didn't show up, there was nothing they could do after eliminating their team members.

Therefore, the Battle wolf quickly came to a consensus.

That was to get rid of the Dragon Soul members first.

The remaining Dragon Souls obviously did not expect He Chenguang and the others to suddenly attack.

However, as the old saying went, "When the soldiers come, we will block them. When the water comes, we will cover it with earth."

Since the other party had already made a move, there was naturally no reason for them not to retaliate.

Moreover, the opponent was Falcon, who had always been suppressed by them.

However, what they didn't expect was that the Falcon members in their eyes were actually Battle wolf's members in disguise..

Chapter 373: The Final Battle of the Dragon Soul

Instantly, the scene turned chaotic.

As for the Dragon Soul members who were fighting with He Chenguang and the others, they realized that something was wrong.

After a few rounds, they actually did not have the slightest advantage.

One had to know that when they faced the Falcon Special Forces in the past, the other party would be defeated in a few moves.

But today, they fought back and forth with them, and even Dragon Soul and the others felt a little tired.

Did Falcon and his gang become stronger?

For a moment, their faces were filled with confusion.

"Not bad, Old Gao. Your subordinates are quite interesting." "It's almost confusing the Dragon Soul group."

"Looks like the Dragon Soul has met its match this time."

The commanders of several military regions in the command center laughed.

"A competition is called a competition when there are opponents. Otherwise, there's nothing to watch." The chief of the Beijing Military Region, who had been silent all this while, spoke up.

The dragon soul was from the Beijing Military District.

"Yeah, it still depends on your dragon souls." Gao Shiwei smiled.

“Don’t be so humble. You Battle wolf have scared my subordinates.” Wang Haifeng, the commander of the Beijing Military District, said happily.

Naturally, he hoped that the Dragon Soul could maintain their standards and win the competition as usual.

But at the same time, he was very pleased to have an opponent like Battle wolf.

After all, it had been a long time since the Dragon Soul had encountered such a powerful opponent. This was a test for them.

If they won, it would be the best, but if they lost, it meant that the Dragon Soul still needed to work harder.

However, Wang Haifeng believed that Dragon Soul wouldn’t let him down.

After a round of discussion, the chiefs turned their attention back to the screen.

At this moment, Dragon Soul and the others who were fighting Battle wolf and the others had the advantage.

He tore off the epaulets of three Battle wolf in succession.

“You guys still need to practice.”

Dragon Soul and the others said mercilessly.

The winner was king, and the loser was a bandit.

Naturally, they would not sympathize with the weak.

However, they felt that Battle wolf and his men were much stronger than the other special forces.

They had just been lucky enough to beat Battle wolf and the other two.

However, the remaining Battle wolf and the others took the opportunity to rush up while Dragon Soul and the others were talking.

Their speed was extremely fast, so fast that the Dragon Soul’s group did not have time to react.

In the next second, the epaulets of the Dragon Soul members were torn off.

“Courtesy is reciprocated.” Battle wolf and the others said.

Dragon Soul and the others were stunned. “Are you pretending to be a pig to eat a tiger?”

They really didn’t expect Battle wolf and the others to be so fast.

They suddenly felt that tearing off the epaulets of Battle wolf and the others was like a dream.

He Chenguang sped up and rushed towards his opponent.

“Be careful!”

The people from Dragon Soul reacted quickly. They took a big step forward and slid to the other side.

He perfectly avoided the fists of He Chenguang and the others.

“Your reaction is very fast.” He Chenguang said.

The person who was fighting with He Chenguang smiled.” You guys aren’t bad either.”

“But, you have to be careful.”

After that, the man kicked He Chenguang’s calf.

He Chenguang was forced to retreat by the kick and barely managed to stand still.

“Very good, it’s my turn.”

He Chenguang’s eyes became fierce.

He quickly rushed over and turned around to kick the man in the abdomen.

The terrifying speed and shocking strength sent that person flying.

He fell heavily to the ground.

He wanted to stand up, but he could not because of the intense pain in his abdomen.

This scene shocked the other members of the Dragon Soul.

How was this possible?

The Dragon Soul had never been treated like this before. It had always been them who beat others to the ground.

Wang Yanbing and the others seized the moment when everyone was in a daze and attacked one after another.

Just as their fists were about to hit Dragon Soul and the others...

A figure suddenly appeared and forced Wang Yanbing and the others back.

“Captain!”

The Dragon Soul members shouted.

It was Lin Lei, the captain of Dragon Soul’s operation.

“I told you to be vigilant at all times. Have you forgotten?” Lin Lei said coldly.

If he had not made a move in time, his teammates would have been eliminated. He Chenguang, Wang Yanbing, and the others looked at each other and smiled.

“It finally appeared.” Battle wolf and the others thought to themselves. It had to be said that Dragon Soul’s captain was really able to keep his cool.

If it were anyone else, they would have already gone on stage.

However, he would not appear unless it was a critical moment.

He had waited until just now to appear in front of everyone.

“You are not Falcon’s people.” Lin Lei looked at He Chenguang and said.

His tone was calm, but his eyes were firm.

He Chenguang was stunned, but he quickly regained his composure.

“How do you know?”

“Falcon, we have fought many times. They are not that strong. Of course, we cannot rule out the possibility that they have become stronger.”

“But if you really are Falcons, you have been fighting with Battle wolf for so long, but you haven’t finished yet.”

“Don’t you find it strange?”

Lin Lei smiled at He Chenguang.

“Also, although I don’t know the rest of Falcon, I remember their leader.”

“When I was behind the rock, I only saw the epaulets on your shoulders and did not see your face clearly, so I thought you were falcons.”

“After looking at you for a long time, plus now, I am very sure that you are not

Falcon’s man.”

“You are very smart.” He Chenguang said.

“If I’m not wrong, you should be a Battle wolf member.” Lin Lei’s gaze landed on He Chenguang again, waiting for his answer.

“You guessed right.”

He Chenguang realized that the captain of the Dragon Soul was not that easy to deal with.

“Not bad, this kid really made you proud.” the commander of the Northeast Military Region said to Wang Haifeng, the commander of the Beijing Military Region.

“If he can’t even see this, I think he shouldn’t stay in the Dragon Soul.” Wang Haifeng said with a smile.

Although he looked relaxed on the surface, he was actually sweating on the inside.

Fortunately, Lin Lei did not disappoint him.

“Which teams are left on the field?”The Bureau Chief asked.

“Now, only the dragon soul and Battle wolf are left.”The staff in charge of technical tracking replied.

“Interesting. Who do you think will win this round?”

The commanders of the military regions were deep in thought. It was really hard to say.

“I think it’s Dragon Soul. After all, Dragon Soul has always been the strongest in the entire military region.”The chief of Guangnan Military Region said.

“I’m definitely optimistic about our Battle wolf. “Gao Shiwei said.

If they didn’t even trust their own team, who else could they trust?

“I’m optimistic about Old Gao and the others.”The commander of the Northeast Military Region said happily.

After all, Battle wolf had given him too many surprises in the past few days.

“I still think the dragon soul has more hope. “The commander of the Northwest Military Region said.

“Then let’s continue watching and see who can give us this surprise.”

At the scene.

“Then I’m sorry.” He Chenguang said with a smile.

“Don’t speak too early.” Lin Lei laughed as well.

Soon, everyone from Battle wolf had gathered around.

They only had one thought, and that was to tear off Lin Lei’s epaulets.

However, the remaining members of the Dragon Soul weren’t fools. They quickly surrounded their captain.

A great battle was about to break out.

Lin Lei, on the other hand, launched an attack on He Chenguang. He had been observing the stone for a long time, so he was very clear about He Chenguang’s strength.

Or rather, the strength of Battle wolf and the others.

He could feel that these people were extremely powerful, and some were even more powerful than his team members.

However, they should all be below him.

If Battle wolf hadn’t held back their strength.

He Chenguang noticed Lin Lei’s actions and quickly reacted.

He could clearly feel that Lin Lei was very powerful.

Lin Lei took another big step forward and suddenly appeared beside He Chenguang. He grabbed He Chenguang’s calf.

This grab pushed He Chenguang backward. He Chenguang staggered and fell to the ground.

“What a fast speed!”

He Chenguang quickly got up, not giving Lin Lei a chance to get closer.

Immediately after, He Chenguang kicked Lin Lei sideways while Wang Yanbing punched Lin Lei from the other side.

Lin Lei smiled and flipped backward, dodging the attacks of the two.

He Chenguang and Wang Yanbing were lost in thought.

He had really met his match!

Chapter 374: Victory Undecided!

Qin Yuan and Long Xiaoyun, who were in front of the screen, were staring at Lin Lei.

It could be seen that Lin Lei's skills were extraordinary.

Moreover, his strength was above He Chenguang and the others.

"Dragon Soul isn't simple." Qin Yuan said in a low voice. Long Xiaoyun nodded. "Their captain even more so."

"Oh?" Qin Yuan was interested.

"Ren Xian, the captain of the Dragon Soul Special Forces, is very powerful.

After so many years, no one knows his true strength."

"Otherwise, why do you think his subordinates are so strong?"

Long Xiaoyun said.

"In that case, I really want to see it."

Long Xiaoyun naturally knew what Qin Yuan was thinking.

The two of them smiled at each other and focused on the screen. At this moment, Lin Lei, He Chenguang, and Wang Yanbing had already formed a two-on-one confrontation.

"Let your teammates attack together." Lin Lei smiled and said to He Chenguang and Wang Yanbing.

After hearing this sentence, the two of them felt as if they had heard the same thing somewhere before.

Wasn't this Geng Huts catchphrase when he beat others up?

As expected, the experts were all confident.

However, they suddenly felt that only Geng Hu could defeat this person in front of them.

Of course, if there were a few of them fighting him alone, they might be able to defeat him.

However, if they won by fighting more, it would be too embarrassing.

However, looking at how confident this person was, they were a little worried. They wouldn't be able to beat him even if they fought one more time. At that time, they would lose a lot of face.

The two of them looked at each other and confirmed what the other was thinking.

Rather than losing face, it was better to let them fight with all their might.

The two of them ran towards Lin Lei at the same time. This time, one of them chose to hug Lin Lei's legs while the other waited for an opportunity to move.

Just as the two of them were about to succeed, the other members of the Dragon Soul rushed up.

Although they knew that their captain would be angry, they would not allow their captain to be beaten up.

As expected, a trace of anger appeared on Lin Lei's face when he saw the Dragon Soul members blocking in front of him.

He knew that these people were protecting him, but in his opinion, He Chenguang and Wang Yanbing couldn't do anything to him. "Captain, why don't we quickly finish them off?" someone said.

"Yeah, don't waste time."

"Let's end it early."

The other members of the Dragon Soul said.

A quick battle was their usual style, but they had already wasted a lot of time with Battle wolf's group.

Lin Lei nodded." Alright."

Seeing the Dragon Soul members' stance, the rest of the Battle wolf surrounded them.

For a moment, the scene was a mess.

Just as the two sides were locked in battle, Geng Hu appeared. "How can I not be involved in a fight?"

Geng Hu walked step by step to the center of the crowd.

The people who were entangled at the side stopped.

"It finally appeared." Lin Lei said.

"We've been waiting for you."

Lin Lei was still wondering when the captain of Battle wolf would appear.

The main thing was that after the exchange, both sides fought back and forth, and they were very anxious.

However, Battle wolf's captain still hadn't appeared. Lin Lei would be lying if he said he wasn't worried.

After all, the two sides were still at loggerheads, but if one more person joined in, the situation would soon be resolved.

He was a little afraid that the captain of the Battle wolf would suddenly attack. If that happened, it would be hard to say who would win.

Fortunately, Geng Hu did not do that. Instead, he walked out openly.

This action increased Lin Lei's impression of Geng Hu.

Even if they were opponents.

"Don't make it so troublesome. I'll just fight with you." Geng Hu said directly. "You have a forthright personality." Lin Lei thought as he sized up Geng Hu.

"He should be a ruthless character." Lin Lei thought to himself.

After all, to be able to be the captain of this group of people meant that he definitely had some strength.

His teammates weren't weak, so Lin Lei concluded that Geng Hu was definitely not weak.

"You don't want to fight like this?" Seeing that Lin Lei had not spoken, Geng Hu asked in confusion.

After hearing Geng Hu's question, Lin Lei finally reacted.

"Sure." Lin Lei met Geng Hu's gaze.

There was a hint of determination in their eyes.

Soon, Battle Wolf and the others from Dragon Soul stood to the side.

Only Lin Lei and Geng Hu were left on the field.

The two of them did not say anything else and directly entered battle mode.

An epic battle was about to start.

Seeing the two of them about to fight, the commanders in the command center were interested.

After all, these two could be said to be a contest between experts.

As one of the most outstanding special forces of Dragon Soul, Lin Lei had performed too well in the competition over the years.

The Bureau Chief remembered all these very clearly.

As for Geng Hu, they didn't know much about him. However, from his performance in the past two days, they were very clear that Geng Hu wasn't someone to be trifled with.

The Bureau Chiefs were looking forward to the duel between the two of them.

After all, this concerned the final result of this special forces competition.

Would Battle Wolf win or would Dragon Soul continue to be the champion?

"Old Wang, are you nervous?" The commander of the Northeast Military Region asked with a smile.

Wang Haifeng, the commander of the Beijing Military District, smiled and said, "I've been through a lot. I'm not nervous about this."

“Old Gao, what about you?” The commander of the Northeast Military Region didn’t get the answer he wanted from Wang Haifeng, so he asked Gao Shiwei..

Chapter 375: Victory Undecided!

“Even Old Wang isn’t nervous, so what’s there to be nervous about?” Gao Shiwei boasted.

Everyone understood what Gao Shiwei meant.

Gao Shiwei’s words were easy to understand. He was basically saying that Battle wolf was a new team, so there was nothing to be ashamed of if they lost.

It would be even better if he could win.

However, Dragon Soul was different. They had basically won the championship of the special forces competition in the entire military region all these years.

If they lost, they would definitely lose face.

The key was that Battle wolf was a new team that had not been established for long.

Therefore, if Wang Haifeng wasn’t nervous, Gao Shiwei wouldn’t be nervous either.

“Won’t you know if you keep watching?” It was unknown who said this, but everyone’s attention was once again focused on the screen.

Geng Hu teleported behind Lin Lei.

He grabbed Lin Lei’s hand with one hand and quickly buckled it on his back.

Everyone was stunned.

What was going on?

What had passed?

In the blink of an eye, Geng Hu had pinned Lin Lei’s hand on his back?

Everyone widened their eyes.

Especially the Dragon Soul members. They knew Lin Lei’s strength the best, but how could Lin Lei not react?

In comparison, Lin Lei was much calmer. Lin Lei said softly, “Not bad.”

The next second, he quickly withdrew his hands.

Geng Hu was indeed very strong, but Lin Lei was not an ordinary person.

If he didn’t even have this ability, then there was no need for him to stay in the Dragon Soul.

Battle wolf and the others were surprised. After all, they rarely saw anyone break free from Geng Hu’s grasp.

However, He Chenguang and Wang Yanbing looked as if they had expected

this.

After the fight with Lin Lei, the two of them knew that this person's strength could not be underestimated.

Geng Hu seemed to have guessed it. "You're not bad yourself."

Lin Lei smiled. In the next second, he suddenly attacked Geng Hu.

His fist landed on Geng Hu's face.

'What a fast speed!'

"He's too fast!"

Everyone from Battle wolf discussed.

They didn't know if Geng Hu really didn't dodge or if he didn't mean to dodge, but they were sure of one thing. Lin Lei was very strong!

"I'm sorry." Lin Lei looked at Geng Hu.

"Sooner or later, you'll have to pay for what you did." Geng Hu smiled as if he was not the one who had just been beaten up.

Looking at Geng Hu's calm expression, Lin Lei was a little puzzled.

Just as Lin Lei was deep in thought, Geng Hu made his move.

Geng Hu punched Lin Lei's abdomen. At the same time, he sent a roundhouse kick towards Lin Lei's right cheek.

Lin Lei retreated in pain and dodged Geng Hu's kick.

At this moment, the Dragon Soul members could not help but break out in cold sweat for Lin Lei.

At the same time, the way they looked at Geng Hu changed.

They stared at Geng Hu as if they were looking at a monster.

This was the first time they saw Lin Lei being hit by someone else. All this while, very few people could get close to Lin Lei.

Not to mention the fight with Lin Lei.

They even felt that Lin Lei was having a hard time against Geng Hu.

Seeing this, Geng Hu did not stop attacking.

He quickly rushed towards Lin Lei. At the same time, Lin Lei attacked him head-on.

The two of them crashed into each other. Neither of them had the slightest intention of backing down. Neither of them gave in to the other. At this moment, Lin Lei suddenly grabbed Geng Hu's epaulet.

Not good!

Battle wolf and the others' expressions changed drastically.

They did not expect Lin Lei to suddenly make a move. They thought that Lin Lei would fight Geng Hu for a few more rounds.

In fact, after fighting Geng Hu a few times, Lin Lei was very clear that if they continued to fight, he really did not have the confidence to defeat Geng Hu.

Therefore, Lin Lei did not want to waste any more time.

He was pretending to attack, but in reality, his focus was on Geng Huts epaulet.

On the contrary, everyone from the Dragon Soul was overjoyed.

Lin Lei did not disappoint them!

Wang Haifeng, the chief of the Beijing Military Region, was smiling from ear to ear. "Gao, it seems that the competition is going to end soon.

"The older the ginger, the spicier." The commander of the Northeast Military Region said with a smile.

Gao Shiwei's heart was gripped tightly.

Although he had prepared himself for the possibility of losing, he still wanted to see the Battle wolf win this game.

He could not help but turn his head to look in the direction of Qin Yuan and Long Xiaoyun.

Qin Yuan's face was expressionless, and it was impossible to tell what he was thinking.

Long Xiaoyun opened her mouth, wanting to say something, but nothing came out.

Both of them remained silent, their eyes still staring at the screen.

Until the last moment, the outcome was still uncertain.

Just as Lin Lei was about to forcefully pull off Geng Hut s epaulet, Geng Hu grabbed Lin Lei's hand with one hand and quickly grabbed Lin Lei's epaulet with the other.

Lin Lei was obviously stunned for a moment. He did not expect Geng Hu to suddenly make a move.

The situation seemed to have become confusing.

However, he quickly reacted and immediately grabbed Geng Huts hand that was holding his epaulet with his other hand.

Everyone was dumbfounded. This round had given them quite a fright.

Everyone's hearts were thumping. This was the first time they were so nervous.

Lin Lei suddenly raised his leg and used his knee and elbow to hit Geng Hu's abdomen.

In order to dodge this attack, Geng Hu released his hands.

The corners of Lin Lei's mouth curled up.

The opportunity had come!

Taking advantage of the gap between Geng Hu's hands, Lin Lei grabbed Geng Hu's epaulets with both hands.

"Not good!" Battle wolf and the others couldn't help but exclaim.

Lin Lei increased the strength in his hands, and the epaulets were just inches away.

"Well done!" Wang Haifeng shouted in front of the screen.

"Haha, congratulations in advance, Old Wang." The commanders of the Northeast Military Region and Guangnan Military Region said.

At the scene.

The Dragon Soul members couldn't help but smile.

Just as the Dragon Soul members were about to cheer, Geng Hu suddenly grabbed Lin Lei's epaulet.

This time, Geng Hu did not hesitate at all.

He was about to tear off Lin Lei's epaulet.

Lin Lei increased the strength of his hand, wanting to tear off Geng Hu's epaulet.

Everyone could not help but take a deep breath. This was too exciting.

"Hiss!"

"Hiss! "

The two of them tore off each other's epaulets almost at the same time.

Everyone was dumbfounded.

How was this evaluated?

Who would win?

The few officers in front of the screen were a little dazed. How was this possible?

However, they could clearly see that the two of them tore off their epaulets at the same time.

Wang Haifeng's face changed.

For a moment, he regretted his earlier act of rejoicing.

The commanders of the Northeast Military Region and Guangnan Military

Region were stunned. This was the first time they had seen such a situation! A smile appeared on Gao Shiwei's face. For him, this result couldn't be better.

"Wonderful! Wonderful!"

The commander smiled.

"It's been a long time since I've seen such an exciting match."

The group of Bureau Chiefs laughed. "Bureau Chief, how do we determine the

winner or tms segment(”

A few of them asked the question that they were most concerned about. After all, there had to be a winner in the competition.

“We all saw it. It was torn off almost at the same time. Then who do you won? Give it to the Dragon soul? Or Battle wolf?” The commander of the main military region threw the question to the commanders of the other military regions.

No one said anything.

“In my opinion, in this third round, Battle wolf and Dragon Soul fought to a draw and can tie for first place!” The commander of the general military region pondered.

A draw?

A few of them felt that this result was the most appropriate and nodded one after another.

In that case, it would depend on the results of the first two segments.

Soon, the staff in charge of tabulating the results handed over the results of the first two rounds.

The commander of the military district looked at the scene with a subtle expression.

A few military commanders noticed this scene. “Chief, what’s wrong?”

“Take a look for yourselves.” The commander handed the results to them.

What was that? The chiefs were shocked.

How could it be such a coincidence?

Chapter 376: Meeting at the Peak

The commanders of the few military regions were a little dazed.

They repeatedly looked at the results in front of them and could not help but be a little lost in thought.

They still couldn’t believe that there would be such a coincidence.

Battle Wolf and Dragon Soul had the same results in the first round.

In the third round of the competition, the two teams had already fought to a draw.

It was the first time they had encountered such a situation in so many years.

Truly amazing!

In this way, it was obvious who would win.

After all, Dragon Soul used less time than Battle wolf in the second round.

In other words, the winner of the second round was the Dragon soul.

Since the first and third rounds were tied, it would depend on the second round.

Dragon Soul was the champion of the second round, which meant that the champion of the All-Army Special Forces Competition was still Dragon Soul!

“Not bad, Old Wang. It’s your Dragon Soul who took it down again.” The Northeast Military Region’s chief said.

“The Dragon soul kept its reputation.” The chief of the Guangnan Military Region said.

All the leaders congratulated Wang Haifeng.

However, Wang Haifeng didn’t feel happy. Instead, he felt great pressure.

After all, he knew very well that the environment of the second round for Battle wolf was much worse than the Dragon Soul.

If Battle wolf had not been affected by the weather, it would have been hard to say who would have won.

He had a premonition that Battle wolf would soon surpass their dragon soul.

This was the problem he was most worried about. No one wanted to give up the title of the strongest special forces team.

While Wang Haifeng was deep in thought, the military leaders spoke again.

“Old Gao, you really have some skills.”

“That’s right, your Battle wolf has only been established for a short while, but you’re quite capable.”

“We have to learn from you.”

Gao Shiwei was delighted to hear the polite words of the military commanders.

Although they did not get first place, it was already very good for them!

It was second only to the strongest Dragon Soul in the entire military region.

What an honor!

One had to know that Battle wolf was a new team that had not been established for long.

Wolf Fang had always been suppressed in the Special Forces Competition, but Battle wolf had fought hard for him.

It could be said that he was proud and elated.

This was the honor of the entire Southeast Military Region.

Gao Shiwei was touched. He was not wrong about Qin Yuan.

Qin Yuan did not disappoint him!

Soon, everyone returned to the gathering point.

It was still that familiar general, that familiar microphone.

“Comrades, congratulations on completing the last round of the competition!”

“Next, I will announce the results of this special forces competition!”

Hearing this, the soldiers below the stage became excited.

Although they could more or less guess, they were still looking forward to it.

After all, this was the only fun they had in their boring military life. “There’s no need to think. The first place will definitely be the Dragon Soul.” “You’re the smartest huh. You make it sound like we can’t guess.”

“Who do you think will be in second place?”

“The Snow Leopard Special Forces of the Northwest Military Region, right?”

“I feel that the Ferocious Tiger Special Forces of the Northeast Military Region are very likely. They are quite fierce.”

Everyone basically believed that the Dragon Soul would definitely be the champion, so they began to discuss who would be the winner of the second place.

“The first place is! Dragon Soul Special Forces!” The general said loudly.

A round of applause rang out from below the stage.

“See, I told you the first place was the dragon soul!”

“Don’t flatter yourself. Who wouldn’t guess that the dragon soul is number

“That’s right. If Dragon Soul doesn’t get first place, my name will be written backward!”

Everyone expressed their thoughts.

“The second place is...” The admiral deliberately dragged out his voice.

“Who is the second place? Why are you still keeping us in suspense?”

“I’m so worried. I just want to know if the second place is the Snow Leopard Special Forces of the Northwest Military Region.”

“Why is it so mysterious this year? I remember that in the past, it was always announced directly.”

Everyone was very curious about the winner of the second place.

“The second place is! The Southeastern Military Region’s Battle wolf Special Forces!”
The general shouted.

What was that?

Battle wolf was second?

After hearing the results, the soldiers were dumbfounded. They had never thought that the second place would be the Battle wolf Special Forces.

“Everyone knows that Battle wolf is a new team that has just been formed. To have such results is already very good.”

“What I want to mention here is that in the first and third round, Battle wolf and Dragon Soul fought to a draw!”

At this point, the admiral’s face showed a hint of excitement.

The crowd below the stage became even more excited.

Everyone’s faces revealed an incredulous expression.

Both segments were tied with the Dragon Soul.

This was too awesome!

Moreover, these two segments were completely dependent on individual strength. From this, it could be seen that the strength of the Battle wolf was very strong.

This was something that the teams that were defeated by Battle wolf had experienced.

Everyone suddenly thought that since these two rounds were tied, then Battle wolf had lost to Dragon Soul in the second round.

They remembered that the weather during the Battle wolf competition was worse than any other team.

If the weather was the same, wouldn’t Battle wolf’ results be better?

No one dared to think further.

Chapter 377: Meeting at the Peak

When Zhang Fei, the captain of the Falcon Special Forces, heard this result, his face was full of shock.

At the same time, he regretted mocking Battle wolf before the match.

Originally, he had given a death order to Falcon and the others to teach Battle wolf and the others a lesson.

In the end, their Falcon team was eliminated by Battle wolf.

Battle wolf had the last laugh.

They even obtained a good result that was second only to the Dragon Soul.

Thinking about how he mocked Long Xiaoyun, Zhang Fei wanted to slap himself.

It was really embarrassing!

He moved back so that he would not appear in the line of sight of Qin Yuan and Long Xiaoyun.

Little did he know that Qin Yuan and Long Xiaoyun did not take him to heart.

“Is it as you expected?” Long Xiaoyun asked in a low voice.

Qin Yuan smiled slightly.

“If we really snatch the first place from Dragon Soul, wouldn’t we be slapping the faces of so many military regions?”

“Besides, our subordinates really need to train a little more.”

After hearing Qin Yuan’s words, Long Xiaoyun understood what he meant. As the strongest special forces in the entire military region, Dragon Soul wasn’t that easy to defeat.

However, it was not impossible to win.

Battle wolf’s group had this kind of strength, but they still needed some time.

“Then I’ll have to go back and see you, the captain.” Long Xiaoyun smiled.

After these days of interaction, Long Xiaoyun had completely put down her grudge against Qin Yuan.

They were even more determined to build Battle wolf with Qin Yuan to be even more outstanding.

As the two of them spoke, the general’s speech was nearing its end.

Just when everyone thought that they were about to disperse, the general spoke.

“We are very pleased to see everyone’s performance. We are thinking about what kind of leader would bring out such outstanding special forces soldiers like you!”

“And this leader is your captain!”

“Therefore, we have decided at the last minute that the captains of the special forces will have a competition!”

“If the soldiers under you are so outstanding, then your captain is naturally even more outstanding!”

The moment the general’s words came out, there was another uproar below the stage.

“What do you mean? A competition between captains?”

“This year’s competition is too interesting. After we finish, the captains will continue competing.”

“I really want to see Captain and the others compete. What’s the point of Captains always watching us compete? It’s only fun if we watch them once.” The soldiers started discussing.

The captains of the special forces were a little confused. Most of them had participated in the special forces competition several times.

And every time, they would bring a team to participate. There had never been a competition between them.

“I think the Bureau Chief wants to see the battle between the captains of the two teams, Battle wolf and Dragon Soul.” Han Yu, the captain of the Snow Leopard Special Forces, said.

Based on his understanding of these officers, it was most likely because Battle wolf’s results were too eye-catching, which aroused their interest in Battle wolf.

As mentioned before, they wanted to see what kind of captain could lead such a team.

However, with so many special forces, the Bureau Chief definitely wouldn’t name the captains of Battle wolf and Dragon Soul in front of so many people.

That was the reason for the previous incident.

Han Yu voiced out his thoughts.

“It can’t be?” Li Dashan, the captain of the Ferocious Tiger Special Forces, looked puzzled.

“I think that if you want to compete, why don’t you guys just compete among the military regions? We small fries won’t participate.” The special forces from the other military regions said.

The others nodded in agreement. If they were to only watch the battle between Battle Wolf and Dragon Soul, they would be looking down on the captains of the Northeast Military Region and Northwest Military Region.

After all, they were ranked at the top.

Soon, Han Yu was elected as the representative and stood out.

“Sir! We have something to say!” Han Yu shouted.

The general heard Han Yu’s voice. “Go ahead.”

“In order not to waste everyone’s time and energy, we suggest that the captains of the special forces who are ranked at the top compete!”

“The team leaders have come to this conclusion after discussion, nobody has any objections.” Han Yu added.

He knew that the Bureau Chief didn’t mention their names at the start because he was afraid that the other special forces ‘captains would have an opinion and think that the Bureau Chief was looking down on them.

But now, this was the idea that they had unanimously agreed upon after discussion, so the Bureau Chief no longer had to worry about this.

“Since you think so, we will definitely respect your choice!” The general said with a smile.

This was his initial thought.

“It seems that these captains are still very sensible. They know how to figure out our thoughts.” The admiral thought to himself.

“Then tomorrow morning at 8 am, the captains of the five special forces, Battle wolf, Dragon Soul, Snow Leopard, Ferocious Tiger, and Falcon, will compete!”

“The captains and soldiers of the other troops can watch the battle on their own!” the general said.

“Bureau Chief, what is the content of our competition?” Han Yu asked.

“We’ll find out tomorrow.” The general smiled.

Hearing this, Han Yu did not ask any further.

In any case, those who had just arrived would eventually come.

Soon, the soldiers of the special forces returned to their tents.

Battle wolf and the others sat together, waiting for Qin Yuan to speak.

They didn’t know how their captain would react if they didn’t get first place.

Therefore, they were all silent.

“Why are all of you acting like withered cucumbers today? This isn’t like you.” Qin Yuan joked.

Everyone was a little surprised. From the captain’s tone, he seemed to be quite happy?

However, they still didn’t dare to say anything. If their captain was calm before the storm, they would be in big trouble.

They knew very well that Qin Yuan’s thoughts were not something they could guess.

They would never know what Qin Yuan would do in the next second.

Seeing the silent crowd, Qin Yuan knew very well what they were thinking.

They were just afraid that he would scold them if they lost and did not get first place.

“Captain, we didn’t get first place.” Geng Hu stammered.

Geng Hu did not want to speak at first, but he knew that if no one spoke, Qin Yuan would still get angry.

Instead of waiting for the captain to lose his temper, it was better to say it first.

Everyone lowered their heads, not daring to meet Qin Yuan’s gaze.

“What do you think of the Dragon Soul?” Qin Yuan did not directly answer Geng Hu’s question.

“Very strong.” Geng Hu said.

“What about you guys?” Qin Yuan looked at the others.

“Raise your heads!”

Qin Yuan’s tone became fierce.

He wanted these people to be the best special forces soldiers, but he didn’t want them to be sore losers.

Noticing Qin Yuan’s emotional change, the others immediately raised their heads.

“Captain, we feel that the Dragon Soul is very strong.”

“Since you all think that the Dragon Soul is very strong, is it embarrassing to lose to a powerhouse?”

“If you feel embarrassed, then be the strongest.”

Qin Yuan said word by word, his voice sonorous and powerful.

“Moreover, Dragon Soul has always been the strongest special forces in the entire military region. They have trained many times longer than you.”

“As for you guys, you haven’t been training for long. I’m not disappointed that you can get second place.”

After hearing Qin Yuan’s words, the eyes of Battle wolf and the others instantly lit up.

So the captain wasn’t angry!

“But I still hope that the next time, the one standing at the top will be you.”

“It’s Battle wolf from our Southeast Military Region!”

Qin Yuan’s words were like a ray of light, lighting up the direction in which Battle wolf and the others were advancing.

“Let’s meet at the peak!”

“We will definitely meet at the peak!” Battle wolf and the others shouted as if they had been injected with chicken blood.

“Alright, save your energy for your meal.” Long Xiaoyun, who had been silent all this while, reminded him.

The main reason was that these people were too loud. Those who didn’t know better would think that they were doing something in the tent. After confirming Qin Yuan’s thoughts, Battle wolf and the others relaxed.

“Captain, what do you think you’ll be competing against tomorrow?” Geng Hu asked.

“Does it affect me?” Qin Yuan smiled.

seeing his captain’s expression, Geng Hu wanted to slap himself.

What was he asking?

He knew Qin Yuan's strength the best. Wasn't asking such a question asking for scolding?

Geng Hu sat back down as if nothing had happened.

"Captain, will our Dragon Team compete tomorrow?" He Chenguang seemed to have remembered something.

Back then, he was talking about the captain of Battle wolf, but they had two captains.

He Chenguang's words made everyone fall into deep thought..

Chapter 378: I Am Qin Yuan

"If Chenguang didn't say it, I wouldn't have thought of this at all." Wang Yanbing suddenly realized.

"Yeah, then does Captain Long want to compete together?" Li Erniu said.

This was a question that concerned the rest of the Battle wolf.

Qin Yuan smiled. "Your Captain Long is so strong. I'm afraid that she will embarrass the other special forces' captains."

Long Xiaoyun knew that Qin Yuan was trying to smooth things over for her. After all, if she were to go on stage, she would be facing several special forces captains with extraordinary strength.

Although her strength was not bad, there was always a difference in strength between men and women.

"Are you worried about Captain Qin going alone?" Long Xiaoyun said with a smile.

"Of course not."

Everyone hurriedly shook their heads in denial.

"Captain Long is right. Captain Qin alone is enough."

After confirming the situation of tomorrow's match, everyone began to chat happily.

They had 100% faith in Qin Yuan's strength.

There was no need for them to worry at all.

All they could do now was wait for tomorrow.

They were filled with anticipation.

That night, Battle wolf and the others did not sleep well.

Everyone was excited for Qin Yuan's competition tomorrow, even more excited than when they were competing themselves.

The next morning.

"Why are your eyes so swollen? Didn't you sleep well last night?" Jiang Feng looked at Fatty Zhang.

Fatty Zhang rubbed his eyes. "I was thinking about the captains match last night. "

"Captain, what's there to worry about? You don't have to think about it all night, right?" Jiang Feng was puzzled.

Although everyone was looking forward to today's match, none of them were like Fatty Zhang, who had stayed up all night.

"I don't know. I just didn't fall asleep." Fatty Zhang casually found an excuse to avoid it.

He didn't want to tell Jiang Feng the real reason.

After all, he had promised Qin Yuan not to tell others about their relationship.

The reason why he did not sleep the entire night was because Qin Yuan was his good brother. He knew that his elder brother was very powerful, but he wanted to see what kind of state Qin Yuan would be in in the competition between these experts.

He wanted to know more than anyone else because Qin Yuan was his role model.

However, Fatty Zhang would not tell anyone about this.

"Let's go. It's almost time." Jiang Feng reminded.

By the time Battle wolf and his men arrived at the gathering point, the other special forces had already arrived.

Even the other special forces captains who did not participate in today's competition had brought their teammates to the scene.

"It seems that everyone is very enthusiastic. Then I hope that today's captains can bring us an exciting competition! "

The general on the stage said loudly.

"Everyone knows that the focus of our special forces competition this time is on combat. Everyone's performance is very good, which means that our captain is naturally not bad!"

"Therefore, the first part of today's competition is combat! "

"Other than fighting, we have many other training subjects. In the past, it was the captain who watched you practice. Today, we will see your captain's level."

"The second round of the competition, shooting!"

"On the battlefield, we are at a disadvantage if we rely on our bare hands. We must use weapons. As a special forces soldier, their shooting skills were several times better than ordinary soldiers."

“The third round of the competition, the IFV’s rapid obstacle shooting! With the continuous development of modern warfare, traditional infantry has long been unable to adapt to the battlefield. What we need is armored infantry.”

“As for all of you, you have undergone training. Each of you must master the piloting skills of large mechanized weapons. For example, a good pilot could play a decisive role in an IFV.”

As soon as the general finished speaking, the people below the stage began to discuss in low voices.

“Are you sure? Didn’t they need a gunner and a machine gunner for rapid fire?”

“That’s true, but there won’t be much of an impact if we don’t arrange for artillery bombardment and gunfire.”

Everyone voiced their doubts.

As members of the special forces, they knew very well what was required for the rapid-fire obstacle course.

Generally speaking, in addition to the driver of the IFV, an artillery captain and a machine gunner were needed to complete the fire suppression.

If they let their captain drive the IFV, who would be the one to suppress them?

Soon, the general’s words resolved the doubts in their hearts.

“In the third segment, we have already arranged for professional gunners to assist the team leaders in completing the rapid shooting of obstacles.”

“We didn’t arrange for a machine gunner. In other words, the third segment will be completed by the team leaders and the gunner.”

“In this segment, whoever takes the least time will win!”

As the general finished his speech, the competition between the captains officially began.

On this side, the captains had changed into their training uniforms and were waiting for the referee’s orders.

“Does fighting mean that everyone fights? Let’s see who stands last?” The onlookers could not help but feel puzzled.

The general didn’t say anything specific when he said it just now. He only said that they were going to fight.

He didn’t say anything.

“We use the points system for combat. Whoever gets the most points in the end will be the winner.”

“There will be a IVI match between the captains. The winner of each match will accumulate 1 point, and the one with the highest score will be the winner.” As soon as the referee spoke, the doubts in everyone’s hearts disappeared..

Chapter 379: I Am Qin Yuan

Soon, the competition began.

The first to go on stage was the captain of the Falcon Special Forces, Zhang Fei. He looked at the captains and walked straight to Qin Yuan.

“Captain, I want to fight with you first. You won’t mind, right?” Zhang Fei said with a faint smile.

The bystanders did not understand Zhang Fei’s actions. Why would Zhang Fei look for Battle wolf’s captain?

Could it be that Battle wolf was a new team and their captain was easy to bully?

However, everyone quickly denied this thought.

Although Battle wolf was a new team that had just been formed, they had witnessed the performance of their members.

The person who could lead such a team was definitely not an ordinary person.

Then why would the captain of the Falcon take the initiative to challenge the captain of the Battle wolf? Everyone still couldn’t figure out the reason.

Only Zhang Fei himself knew why he wanted to find Battle wolf’s captain.

His team members had been defeated by Battle wolf’s team time and time again, and he couldn’t take this lying down.

He didn’t believe that the captain of Battle wolf could be more powerful than him, who had been a veteran for many years.

At this moment, he seemed to have forgotten that he had lost to Long Xiaoyun. He only wanted to compete with Qin Yuan.

“Since Captain Zhang is so interested in sparring with me, I’m naturally happy to.” Qin Yuan said indifferently.

Qin Yuan remembered very clearly Zhang Fei’s face on the night he first arrived here.

Qin Yuan could not help but smile.

This was Zhang Fei himself who came to find him, so don’t blame him for being impolite.

Under everyone’s gaze, the two of them quickly entered battle mode.

Zhang Fei’s eyes were fierce as he rushed towards Qin Yuan.

Whoosh!

A fist the size of a sandbag smashed towards Qin Yuan's face. Zhang Fei's strength was so great that even the air whistled.

"Good skills!"

"Awesome, as expected of Falcon's captain!"

The onlookers couldn't help but praise.

Zhang Fei's fist was only a centimeter away from Qin Yuan's cheek.

However, Qin Yuan did not move.

"Why didn't you dodge?"

"Are you dumbfounded?"

"Isn't this eating a fist for nothing?"

They knew very well that with Zhang Fei's strength, if he really hit Qin Yuan's face, Qin Yuan would definitely be sent flying.

Just as everyone thought that Zhang Fei's fist was about to hit Qin Yuan's face, Qin Yuan moved.

No one saw clearly how he moved. Everyone only saw Zhang Fei's fist brush past Qin Yuan's cheek.

In the next second.

Qin Yuan kicked Zhang Fei's abdomen.

Zhang Fei grunted and flew out.

It was as if a rock had hit the ground.

With a dull thud, Zhang Fei fell to the ground.

Zhang Fei's face turned pale in an instant.

Qin Yuan's kick made Zhang Fei feel as if his abdomen had been pierced through. The pain made him break out in a cold sweat.

He wanted to get up, but he could not move at all. It was too painful!

If he moved, his abdomen would be pulled and hurt.

Zhang Fei simply stopped struggling and lay on the ground.

At this moment, he was somewhat lost in thought.

He had never thought that the captain of Battle wolf would have such skills.

With just a kick, he had crushed himself. This scene shocked everyone who was watching. "Isn't this too fierce?"

"To be honest, I didn't even see how he moved."

"This speed and strength are a little scary."

The shock on the faces of the few officers in front of the screen was no less than that of everyone else.

Except Gao Shiwei.

“This kid really didn’t disappoint me.” Gao Shiwei looked at the shocked officers beside him and thought to himself.

“Old Gao, you’re really calm.” The Northeast Military Region’s chief said.

“This captain under you is really something. He has such ability at such a young age.” The commander of the Northwest Military Region sighed. Gao Shiwei smiled. “We’re old now. We can only look at the young people.”

The three of them were all smiling, except for the chief of Guangnan Military Region.

It was too embarrassing.

Losing to Battle wolf time and time again, he really had no place to put his old face.

However, he could feel that the captain of Battle wolf was indeed skilled.

“2!”

As the referee counted down from three, Zhang Fei still could not get up from the ground.

“Captain Battle wolf wins, one point!” the referee said loudly.

Everyone looked at Zhang Fei on the ground in a daze. According to the current situation, could Falcon’s captain continue to fight with the others?

“I didn’t do anything ruthless. He just needs to rest for half an hour.” Qin Yuan said.

After hearing Qin Yuan’s words, everyone was even more shocked.

This was not ruthless?

Wouldn’t it be even more terrifying if he really used his strength?

For a moment, everyone looked at Qin Yuan with a hint of fear.

Only the members of Battle wolf were filled with joy. They were already used to this.

The captain was indeed telling the truth. If the captain had been ruthless, the Falcon captain would have been lying in the temporary infirmary.

However, the captain was really handsome!

Time slowly passed, and the match was nearing its end.

After the captain of the Snow Leopard Special Forces lost to Qin Yuan, the referee announced the points of each team.

“Snow Leopard Special Forces, 2 points!”

“Ferocious Tiger Special Forces, 1 point!” “Falcon Special Forces, 0 points!” “Battle Wolf Special Forces, 3 points!”

“Dragon Soul Special Forces, 3 points!”

As soon as the referee finished speaking, there was an uproar.

“It’s a tie again?”

“Is this the legendary saying of enemies meeting on a narrow road?”

Battle wolf and Dragon Soul had already fought against the captains they had fought. Now, only these two captains had yet to fight.

Whoever could get this point would be the winner of the first round! The two of them looked at each other, and the atmosphere instantly became tense.

Qin Yuan recalled what Long Xiaoyun had said. The captain of Dragon Soul, Ren Xian, had terrifying strength.

Qin Yuan could tell from Ren Xian’s competition with the other captains.

However, Qin Yuan felt that that was definitely not Ren Xian’s full strength.

However, he would find out soon.

Thinking of this, Qin Yuan smiled.

Ren Xian was very interested in the young man in front of him.

It had been a long time since he had encountered such an opponent.

The result of the battle between Battle wolf and Dragon Soul made him feel that Battle wolf captain was definitely not an ordinary person.

Coupled with the performance of the Battle Wolf Captain, he was even more certain of his thoughts.

But he had never been afraid of anyone.

“Hello, I’m Ren Xian.” the Dragon Soul Captain said.

He did not know why he felt like he had hit it off the moment he met Qin Yuan’s gaze.

Perhaps this was the mutual affection between the strong.

“I’m Qin Yuan.” Qin Yuan said with a smile.

To be honest, Qin Yuan had an inexplicable feeling in his heart, but he could not tell what it was.

He only felt that he and Ren Xian should be comrades who fought side by side, not opponents who fought with fists and feet.

However, the competition still had to continue.

Qin Yuan took the lead and charged toward Ren Xian.

Qin Yuan was so fast that no one could see his figure clearly.

Ren Xian smiled slightly. “It’s indeed not bad.”

Others could not see Qin Yuan’s figure clearly, but he, Ren Xian, was no ordinary person.

Just as Qin Yuan was about to rush in front of Ren Xian, Ren Xian took a few steps back.

Qin Yuan's fist smashed into the air.

Qin Yuan revealed a look of admiration.

For so long, no one had been able to dodge his fist.

Ren Xian was the first.

However, Qin Yuan did not have the slightest intention of backing down. He took another big step forward and attacked Ren Xian.

Qin Yuan waved his fist and was about to smash down, but Ren Xian quickly dodged.

Seeing this, Qin Yuan smiled.

Everyone was confused. Why was he laughing?

Ren Xian felt that things were not that simple.

As expected, Qin Yuan took advantage of this time to kick Ren Xian with a roundhouse kick.

"Not bad." However, Ren Xian only took a few steps back from the kick and quickly stabilized his body.

The two of them fought back and forth, not in a hurry at all.

However, the surrounding crowd was no longer calm.

In everyone's opinion, the two of them were equally strong. If they continued to fight like this, how long would it take?

The two of them fought for a few more rounds, and neither of them had the slightest intention of losing.

The two of them seemed to have unlimited physical strength and did not feel tired at all.

At this moment, the middle-aged man only had one thought.

These two people were too abnormal!

Chapter 380: Surnamed Qin?

The chiefs in front of the screen frowned, their eyes never leaving the two of them.

In the beginning, their faces were filled with joy. After all, it had been a long time since they had seen such an evenly matched match.

However, the more they looked, the more they felt that something was wrong.

If the two of them continued to fight like this, it wouldn't end even if it was dark.

Qin Yuan and Dragon Soul's captain, Ren Xian, looked at each other again.

Qin Yuan smiled. "I'm sorry, Captain Ren."

Ren Xian was a little puzzled, but he quickly reacted.

From Qin Yuan's expression and words, he was about to use his ultimate move.

When they had just exchanged blows, Ren Xian could feel that Qin Yuan's strength was definitely more than that.

As expected.

Ren Xian smiled. "We've been waiting for this."

He knew that Qin Yuan had a trick up his sleeve, but so did Ren Xian himself.

For so many years, he had never displayed his true strength in front of everyone.

In the past competitions, he did not need to use all his strength to end the battle.

But today, when he faced Qin Yuan, he had a feeling that he had to make an exception.

However, it didn't matter as long as he could win.

After exchanging a glance with Qin Yuan, the atmosphere instantly became tense.

Their eyes became fierce as if they wanted to eat each other.

Ren Xian still chose the simplest fist technique and threw a punch at Qin Yuan. Although the technique was simple, Ren Xian's speed was shockingly fast!

"Captain is so cool!"

"Captain Dragon Soul is indeed awesome!"

It was just an ordinary straight punch, but it caused the crowd to cheer.

Because, judging from the sprinting speed that Ren Xian displayed, they seemed to have already seen the dawn of victory.

Qin Yuan smiled faintly and caught the punch with one hand.

"F * ck, this Battle wolf captain is a ruthless character."

"I didn't think so before, but now that I look at him, he's really a ruthless person."

Everyone exclaimed.

With such a fast sprint speed and such great strength, if it was an ordinary person, they would have been forced back a few steps even if they did not fall to the ground.

However, Qin Yuan forcefully received this punch!

Moreover, there was no pain on his face at all. It was as easy as clapping.

Ren Xian looked at Qin Yuan in surprise.

Although this punch looked very ordinary, Ren Xian knew very well that this punch was faster and stronger than the previous one.

Very few people could dodge his punch, let alone receive it.

However, Qin Yuan caught it effortlessly.

It seemed that Qin Yuan's strength was far stronger than he had imagined.

In the next second, Qin Yuan grabbed Ren Xian's wrist with his other hand and rushed forward with him.

Ren Xian reacted quickly and struggled free.

Qin Yuan was surprised. He did not expect Ren Xian to be able to break free from his restraints.

"It seems that this Dragon Soul captain is really as Long Xiaoyun said. His strength is unfathomable." Qin Yuan thought to himself.

Unfortunately, Ren Xian met Qin Yuan.

He had the system with him.

Soon, Qin Yuan rushed to Ren Xian's side with lightning speed. He grabbed Ren Xian's hands with both hands and threw him over his shoulder.

All of this happened too fast, so fast that Ren Xian himself did not even have time to react.

She felt something suddenly jump over and the next second, she was on the ground.

What terrifying speed!

The onlookers were dumbfounded.

What happened?

In the blink of an eye, the Dragon Soul Captain was lying on the ground?

They did not even see how Qin Yuan attacked.

But the fact was that the Dragon Soul Captain was lying on the ground.

Although Ren Xian was on the ground, he did not feel any pain.

Because he moved his body and wanted to stand up.

"How did this happen?" Ren Xian couldn't help but shout.

He could not stand up.

His hands could not exert any strength at all, and he could not support himself from the ground.

Ren Xian was confused.

His hands were powerless, which meant that he had lost the ability to fight against Qin Yuan.

What was going on?

The onlookers were a little stunned.

They were completely dumbfounded by the scene in front of them.

What's the situation with the Dragon Soul Captain?

Why aren't you standing up?

They did not see any pain on Ren Xian's face, so in their opinion, Ren Xian could continue to fight Qin Yuan.

The few officers in front of the screen were puzzled.

What happened to Ren Xian?

Previously, Falcon's Zhang Fei was knocked to the ground by Qin Yuan using the same move.

At that time, Zhang Fei's face instantly turned pale, and his expression was very painful.

Therefore, he had no way to fight back.

And from Ren Xian's expression, he didn't seem to be in the slightest bit of pain.

Coupled with Ren Xian's strength, he definitely had the ability to retaliate.

However, Ren Xian similarly fell to the ground and could not get up.

They could not figure out the reason.

Only Qin Yuan knew what had happened.

When he first caught Ren Xian's punch, he used the Taiyi Divine Needle Technique given by the system to silently stab into Ren Xian's palm.

Then, when he grabbed Ren Xian's wrist and brought him forward, he cleverly retracted the silver needle.

Even Ren Xian himself did not notice it, let alone the other onlookers. And that silver needle was the mastermind behind Ren Xian's loss of strength..
