

Special Troop 451

Chapter 451: Battle Wolf, Qin Yuan!

At this moment, Long Xiaoyun instructed the ten Battle wolf members.

‘Yes, sir!’

“Yes, sir!”

After saying that, the 10 Battle wolf members immediately followed Long

Xiaoyun’s instructions and headed towards the designated location. Long Xiaoyun immediately rushed to Geng Hu and the others.

“Captain Long!”

“Captain Long!”

After seeing Long Xiaoyun, everyone greeted Long Xiaoyun.

“Have those injured brothers been transferred back?”

After seeing Geng Hu, Long Xiaoyun immediately asked the injured brothers.

“Not yet, Captain Long. Currently, we have five brothers who have suffered varying degrees of injuries.”

“However, I’ve already bandaged them up.”

“The situation is urgent now. We can only finish the battle first before moving our brothers out.”

Geng Hu immediately said after hearing Long Xiaoyun’s words.

“Where are they now?”

Long Xiaoyun asked after seeing that there were no injured people around.

“They’re all under that big rock now. That place is hidden. Captain Long, don’t worry.”

“We’ve already dealt with them. We’ll bring them back after the battle is over.”
Geng Hu explained.

When Qin Yuan arrived, they had already started to move their injured brothers there.

“Good! Be careful, and they will be up soon.”

“The left and right sides have already been assigned to our Battle wolf brothers.”

“In a while, try your best to lure them towards our comrades.” At this time, Long Xiaoyun said to Geng Hu and the others.

“What is it? Captain Long, is our main force here?”

“Yes, Captain Long.”

After hearing Long Xiaoyun’s words, everyone’s faces revealed an excited expression.

If the main force came, then it would be easy for them to deal with these guys.

“Captain Qin and I have brought ten teammates with us. I have already arranged for them to hide on both sides.”

Long Xiaoyun immediately explained when she saw everyone asking.

“That’s enough. With Captain Qin and Captain Long here, it’ll be easy to deal with these guys.”

“Yes, if we had enough ammunition, we wouldn’t have needed the captains to deal with these members of the organization.”

For a moment, Geng Hu and the others revealed excited expressions. With the addition of their teammates, they felt their tense hearts relax.

“Brothers, let’s get ready and start harvesting.”

As he spoke, Geng Hu revealed an evil smile.

“Yes, sir!”

“Yes, sir!”

Zhang Dajun and the others smiled and nodded.

“Why aren’t these guys moving?”

At this moment, Shang Kun was looking for Geng Hu and the others with his sniper rifle.

However, it had already been quite some time, but they still did not notice any movement from Geng Hu and the others.

Bang!

With the sound of a sniper rifle, a sniper bullet quickly flew out of the barrel.

“Not good!”

At this moment, Shang Kun, who was still looking for Geng Hu and the rest with his sniper rifle, felt a sense of danger approaching him.

This was the experience he had gained from so many years of actual combat.

However, Shang Kun had no time to dodge.

A bullet quickly pierced through his chest.

It’s him???”

“Is he here?”

At this moment, Shang Kun’s sniper rifle slipped from his hand. He clutched his chest and squatted down.

There seemed to be a trace of fear in his eyes.

This shot had indeed caught him off guard, and he was very familiar with this feeling.

It was just like the last time he was injured.

In his heart, he felt that only the Chinese soldiers who almost took his life last time had this kind of sniping ability.

For a moment, Shang Kun was a little nervous.

“Could it be that Sang Gou has already failed?”

At this moment, Shang Kun suddenly realized something.

He had spent hundreds of thousands of dollars to hire Sang Gou to deal with that Chinese soldier.

However, this Chinese soldier had actually appeared here, which meant that this guy had failed.

After all, Sang Gou had been out for so long. He would have met these Chinese soldiers by now.

Shang Kun took out his phone from his pocket and dialed a number.

Soon, the call went through.

“Sang Gou, where are you?”

“I spent so much money to invite you over to kill that guy.”

“But... Now he’s here.”

Shang Kun complained as soon as the call connected.

He had spent so much money to hire Sang Gou, but not only did this guy not deal with these Chinese soldiers, but he even let them come here.

Most importantly, the Chinese soldier who almost took his life last time was here, and he had been shot again.

“Sang Gou???”

Seeing that there was no response from the other side of the phone, Shang Kun continued to ask.

“I knew it. It was an assassin hired by you.”

“However, it seems that Sang Gou doesn’t have the life to spend your money.”

At this moment, Qin Yuan’s cold voice reached Shang Kun’s ears.

“You...Are you that Chinese soldier?”

Shang Kun was shocked when he heard Qin Yuan’s words. However, he soon knew that the person who spoke was the Chinese soldier who had almost killed him last time..

Chapter 452 Battle wolf, Qjn Yuan!

This proved that Sang Gou was dead.

“What’s wrong?”

“I didn’t expect that the person you invited couldn’t kill me.” “I’m sorry to disappoint you.”

Hearing Shang Kun’s doubt, Qin Yuan said with a faint smile.

It was simply a piece of cake for him to deal with these powerful experts.

Ever since he came here, he had yet to meet anyone he wanted to see.

This was not Qin Yuan’s arrogance. Moreover, with the system, he had already surpassed these people in all aspects.

However, Qin Yuan knew that there were still true experts in this world.

One day, he would encounter such a powerful person.

“You...Can you tell me your name?”

Shang Kun was still shocked when he heard the news of Sang Gou’s death.

After all, Sang Gou was indeed much stronger than him.

However, what he did not expect was that Qin Yuan’s strength was actually so strong.

“China Battle Wolf, Qin Yuan!”

Hearing Shang Kun’s question, Qin Yuan directly revealed his name. He knew that if he finished dealing with Shang Kun’s organization, he would be able to get rid of them.

Then the person behind this organization would definitely bear a grudge and would definitely come back to cause trouble for Battle wolf.

The main reason why Qin Yuan exposed his name was to blame all the hatred on himself.

Even if the people behind these organizations wanted revenge, they could just come to Qin Yuan.

“Battle wolf, Qin Yuan.”

“Alright, I’ll remember you. Don’t worry, you’ll definitely die in our hands.”

“You’ve already touched the interests of many people.”

“I know you are very strong, but you have to know that you are not the only strong person in this world.”

Hearing Qin Yuan reveal his name, Shang Kun’s eyes emitted a trace of killing intent.

Qin Yuan was very strong. He had already fallen into Qin Yuan’s hands twice, and he knew that he would only die if he faced Qin Yuan.

Qin Yuan was not someone he could deal with.

“Then let’s wait and see. Let’s see if you’re still so lucky today and walk out of my hands alive.”

After Qin Yuan finished speaking, he hung up the phone.

Anyway, no matter what, Qin Yuan would not let Shang Kun escape from his hands.

Moreover, a few of his team members had been seriously injured by Shang Kun. Qin Yuan would not let this go.

As he spoke, Qin Yuan picked up his sniper rifle and kept sniping at Shang Kun’s men.

Soon, Shang Kun’s men suffered heavy losses.

More than 20 of the 100 people were killed by Qin Yuan in an instant.

At this moment, Geng Hu and the others moved.

They kept attacking Shang Kun’s men.

10 minutes later, the Battle wolf members lying in ambush on the left and right started firing at Shang Kun’s men.

* Ck.”

Shang Kun hid not far away and saw his men being shot through the gap.

Shang Kun cursed.

Originally, he wanted to find trouble with Qin Yuan’s subordinates, but who would have thought that Qin Yuan would come out at this time?

According to this situation, they simply could not hold on for too long.

With Qin Yuan’s participation, this battle was simply one-sided.

At first, he could still suppress the others, but Qin Yuan came and shot him.

If it wasn’t for his many years of combat experience, this shot might have taken his life.

Qin Yuan’s amazing gun technique was simply unreasonable.

It was as if no matter how he dodged, the bullet would still hit him.

Shang Kun took out his phone and called John.

“Mr. John, I beg you to help me fight against them.”

After the call went through, Shang Kun had no choice but to lower his stance and ask John for help.

Qin Yuan was too terrifying. If they relied on them now, they would not be able to deal with him at all. They might even die here.

This was not the time to care about face. They were about to lose their lives, so who would care about face?

“Shang Kun, I don't think our deal included fighting them with you, let alone the Chinese soldiers.”

Hearing Shang Kun's request for help, John's lips curled into a faint smile.

He was waiting for Shang Kun to say this.

They had been watching in the dark for a long time. At first, they thought that Shang Kun could handle it himself.

But unexpectedly, the situation seemed to have reversed in an instant. Shang Kun's men were being killed continuously.

At the start, there were more than two hundred people, but now there were only a few dozen people left.

If Shang Kun called him for help now, the price would be different.

“Mr. John, I'll give you an extra million dollars for this batch of firearms as long as you help me this time.”

“Very soon, we will be conducting an arms deal worth 50 million US dollars with you.”

“I think Mr. John, you should be very happy to cooperate with me.”

After hearing John's words, Shang Kun was so angry that he wanted to curse. John was obviously hitting him when he was down.

However, he had no choice. At this time, he had to ask John and the others for help.

Therefore, he could only tempt John and the others to help him with benefits.

Otherwise, he wouldn't have lowered his head to John like this.

One had to know that in a transaction between two parties, whoever bowed down would lose.

“Mr. Shang Kun, I don't think I have any reason to reject your offer.” “But...I want two million dollars in cash.”

“After all, it's troublesome for us to attack the Chinese soldiers here.”

Hearing Shang Kun agree to his conditions so readily, John immediately raised his own benefits.

After all, it was obvious that Shang Kun had no choice but to lower his head.

There had never been a better time to discuss business.

“Alright. As long as you make a move, I agree to your conditions.”

Hearing John raise the price again, Shang Kun could only suppress his anger.

Now that he was injured, if John and the others did not help, he might die here today, at the hands of Qin Yuan.

Therefore, no matter what John asked, Shang Kun would agree.

“Good!”

John hung up the phone.

“Sir, are we really going to help Shang Kun and the others deal with the Chinese soldiers?”

At this moment, John’s trusted subordinate walked up and said.

After all, if they were to fight with the Chinese soldiers in this place, not only them, but the group behind them would be in trouble. “Shang Kun’s offer seems impossible to refuse.”

“And... So what if he fought with the Chinese soldiers here?” “You have to know that no one cares about this in this place.”

At this moment, John smiled and said to everyone.

After all, this condition was not always available. He had been waiting for Shang Kun to call him for help.

“But...”

Seeing that John seemed to have made up his mind, the trusted subordinate hesitated.

Although it was indeed as John had said.

However, it seemed that it was not worth it to attack China for this little benefit.

“Alright, I’ll inform my comrades to go and support Shang Kun immediately.”

“As for the problem you are worried about, you don’t have to worry at all.”

“Nothing will happen if we fight them here.”

“Even the people behind us are the same. Let’s fight them and try to test the strength of the Chinese soldiers over the years.”

“Go ahead. Carry out the order!”

John immediately said when he saw his subordinate’s confusion.

His eyes were filled with playfulness.

To him, the Chinese soldiers were not that powerful.

One had to know that they had brought some heavy firepower with them this time-

Furthermore, if he helped Shang Kun, then whether it was here or the people behind Shang Kun and the others in the future...

Their firearms would definitely fetch a good price.

This was not a small amount of income. After all, the people behind Shang Kun ruled many territories.

Many places had traces of these people.

John did this to catch the big fish.

Besides, it was just helping Shang Kun deal with a few Chinese soldiers. John was happy to do so..

Chapter 453 Destroy Them

“Yes, Mr. John.”

Seeing that John had already made up his mind, the confidant did not say anything more.

Hence, he retreated and immediately followed John’s request to bring his men to where Shang Kun and the others were.

“It seems that this transaction is quite good.”

Seeing that his subordinates had already rushed over, John stood not far away and sighed slightly.

This time, as long as he helps Shang Kun, he might be in charge of all the arms trading in this region in the future.

Although this place wasn’t big, it was very chaotic.

The more chaotic the place, the more arms deals there would be.

This was a good thing for John.

At this moment, Qin Yuan’s early warning radar rang.

“Looks like these rats can’t stay idle.”

Qin Yuan sighed softly as he saw many people suddenly surge in from the other direction.

He knew that these people were the Americans who had traded with Shang Kun.

From the looks of it, Shang Kun knew that he could not hold on any longer and had already asked the Americans for help.

“In that case, there’s no need for us to be polite.”

Seeing this situation, Qin Yuan said indifferently. The Americans had chosen to help Shang Kun. Did they really think that they were so easy to bully?

Qin Yuan knew that in the eyes of these Americans, they had never taken them seriously.

Today!

“Geng Hu, pay attention to the five o’clock direction. There are many people coming over. These people are the Americans that Shang Kun traded with.”

“In a while, as long as they make a move, we’ll directly destroy them. There’s no need to be polite.”

At this moment, Qin Yuan said to Geng Hu through the walkie-talkie.

“What?”

“Captain! At this time, the Americans wanted to participate?”

After hearing Qin Yuan’s words, Geng Hu was a little surprised.

When they fought with Shang Kun and the others, the Americans had already retreated.

He had thought that the Americans would not choose to fight the soldiers here.

But now, they were back.

“That’s right, Shang Kun has already asked them for help.”

“I think Shang Kun’s offer for them is probably very attractive. Also, these Americans don’t take us seriously at all.”

Hearing Geng Hu’s question, Qin Yuan immediately explained.

Now that the Americans were involved, they would have to be more careful.

After all, these Americans had a lot of heavy firepower.

Qin Yuan was not worried about himself, but the other members of Battle wolf could not.

“Captain! Are we really going to fight the Americans here?”

“Will this make things difficult for the higher-ups? This...”

At this moment, the sudden situation made Geng Hu worried.

After all, if they fought with the Americans, it would affect international issues.

It would be very troublesome then.

“Don’t worry about that. Since they dare to make a move in this place, there’s no need to be polite to them.”

“I only ask for one thing. Beat them up properly.” “If something happens, I’ll take responsibility for you.”

“Do you understand?”

After hearing Geng Hu’s words, Qin Yuan said bluntly.

“Yes, captain! ”

After hearing Qin Yuan’s order, Geng Hu replied loudly.

Since Qin Yuan had said so, what else did they care about? These Americans had always been high and mighty.

He always thought that he was the best in the world.

Today, they could take this opportunity to have a good chat with these Americans.

It let them know that they were not as weak as they had imagined.

“Battle wolf!” “Here! ”

“Here!”

Geng Hu called out to the rest of the Battle wolf. “Everyone, listen up.”

“There’s a group of rats at our five o’clock.”

“When we fight later, give them a good beating.”

“Captain said that if anyone embarrasses him, they don’t have to return to Battle wolf. ”

Geng Hu said to the rest of the Battle wolf.

“Yes, sir!”

“Yes, sir!”

After hearing Geng Hul s words, everyone was stunned. The group of rats that Geng Hu was talking about should be the Americans that Shang Kun and the others had just traded with.

The decision to fight the Americans here made them a little excited.

They had wanted to try fighting the Americans for a long time.

Now, Qin Yuan’s order was for them to make a move against the Americans.

For a moment, everyone from Battle wolf had a look of anticipation on their faces. They had long wanted to see how strong these Americans were.

“Captain Long, bring 10 people and hide in the direction of the Americans.”

“Geng Hu, we’ll clear out Shang Kun’s men in five minutes.”

Immediately after, Qin Yuan began to command through his earpiece.

“Yes, Captain.”

“Understood!”

After receiving Qin Yuan’s order, Geng Hu and the others fought fervently.

Currently, Shang Kun and his men only have about 30 people left.

Ever since Qin Yuan arrived, their combat strength seemed to have increased by several times. Up until now, there were only 30 or so people left in Shang Kun’s group.

And this small number of people would only take them a few minutes.

Long Xiaoyun immediately led the ten Battle wolf members toward the direction of the Americans.

“Be careful later. Those Americans have some heavy firepower..”

Chapter 454: Destroy Them Then

“After Geng Hu and I finish off Shang Kun’s men, we’ll go over and take action.”

At this moment, Qin Yuan reminded him through his earpiece again.

“Got it. ”

Hearing Qin Yuan’s instructions, Long Xiaoyun immediately responded.

She knew what Qin Yuan meant. These Americans were not like the members of Shang Kun’s organization.

Many of these Americans were retired soldiers.

Therefore, their combat strength was not something that Shang Kun and the others could compare to.

There were not many Americans, only 50 to 60 of them.

However, the heavy firepower in the hands of the Americans was not a joke. In addition, these people were well-trained.

This was still quite a bit of pressure for Battle wolf.

After all, they only had a dozen Battle wolf members.

This was no small challenge for Battle wolf.

However, as long as Qin Yuan was around, they did not panic at all.

This was the mental power that Qin Yuan could give them. Qin Yuan was their spiritual pillar.

“Geng Hu, you guys take care of the rest. I need to go to Captain Long. Shang Kun was now under a rock not far away.”

“This guy, he didn’t die after being shot by me, but he’s already heavily injured.”

“Be careful later. Don’t let this guy escape!”

“Otherwise, don’t f * cking return to Battle wolf.”

Seeing that there were still more than ten Shang Kun’s men left, Qin Yuan immediately said to Geng Hu.

These Americans were already very close to Long Xiaoyun and the others, so Qin Yuan had to go over and help them.

As for Shang Kun, Qin Yuan knew that this fellow could not escape. He would keep him alive to see if the reinforcements he had called for could save him as he had expected.

“Captain, you can rest assured.”

“Shang Kun won’t be able to escape.”

Geng Hu said with a smile after hearing Qin Yuan’s words.

Hence, he quickly killed the two of them and walked towards Shang Kun.

“Captain Long, they’re already in. Are we going to shoot?”

At this moment, the Battle wolf member beside Long Xiaoyun asked.

John's men had already arrived in front of Long Xiaoyun and the others. This distance was the best shooting distance.

"Wait a little longer. Captain Qin said to wait for him first."

"They will be able to settle the battle over there very soon."

Seeing that these Americans were holding heavy weapons in their hands, Long Xiaoyun immediately stopped thinking of making the first move.

After all, if they were to act like this, their Battle wolf might lose their members here.

"Captain Long, there are about 50 to 60 Americans who have come in, and they are holding some heavy firepower, heavy machine guns, rocket launchers, and other weapons. "

At this moment, another Battle Wolf member reported to Long Xiaoyun.

"I understand. Don't act rashly yet."

Long Xiaoyun ordered after hearing the report from the Battle wolf.

"Yes, Captain Long!"

After saying that, the rest of the people hid themselves according to Long Xiaoyun's request.

"Captain Bolt, why do you think Mr. John asked us to help that Shang Kun?"

That guy was quite arrogant when he faced us just now."

"If it weren't for Mr. John not letting us act rashly, I would have beaten him up just now."

"Now that they're fighting, it's better to just let him die."

"Now, he wants us to help him."

At this moment, an American subordinate said unhappily to the leader.

One had to know that during the negotiation just now, Shang Kun was very arrogant, so they did not like him. "Alright, we'll carry out Mr. John's orders. "

"The rest is not up to us to decide."

After hearing his subordinate's words, Burt was very helpless. To be honest, he really did not want to come and support Shang Kun.

However, John had already given the order, so they could only carry it out. "Captain Bolt, it seems like we can't hear the gunshots anymore." "Do you think Shang Kun and the others will be wiped out?"

At this time, another subordinate immediately said to Bolt.

They had come as soon as they received the order, but now it seemed that they could no longer hear any gunshots.

“Hurry up and leave. No matter what, we have to bring Shang Kun out.”

After hearing his subordinate’s words, Bolt noticed the situation and immediately urged his subordinate to rush in Shang Kun’s direction.

“Captain Long, you guys attack them from behind.”

“Leave the front to me.”

At this moment, Qin Yuan’s voice came from Long Xiaoyun’s earpiece.

When Qin Yuan came over, he realized that Bolt and the others had already come over.

“Understood ! ”

After hearing Qin Yuan’s voice, she knew that Qin Yuan’s side had been settled.

After saying that, Qin Yuan took the sniper rifle and found a high vantage point. Then, he hid.

This time, Bolt and the others rushed over with more than 60 people. After walking for a distance, they stopped.

Bang...

With the sound of a sniper rifle, an American carrying a rocket launcher was shot in the head.

“Be careful, spread out!!!”

“There’s a sniper!”

The sudden gunshots made Bolt’s heart tighten, so he immediately ordered his men to spread out.

“Ram, six o’clock. Find him.”

After watching for a while, Bolt ordered his sniper rifle.

“Don’t worry, Captain Bolt.”

“Leave this fellow to me.”

After saying that, the sniper named Ram confidently moved to the side.

Qin Yuan noticed all of this.

Since these Americans had chosen to help Shang Kun, Qin Yuan would not be polite to them.

“The rest of you, suppress the fire in the five o’clock direction.”

“Reynolds, take out the mortar and kill him.” As he spoke, Bolt said to the people in the team.

“Yes, sir!”

“Yes, sir!”

After receiving Bolt’s order, Reynolds immediately went to set up the mortars.

“Mortars?”

“It’s possible. It seems that these guys have some serious firepower.”
Remember, arms control is all about timing.

These people and their equipment are obviously not something an ordinary arms dealer would possess.

“Since you’ve all brought this, why don’t you try it out yourselves?” said Qin Yuan as he picked up the sniper rifle and aimed it at the person setting up the mortar, then pulled the trigger.

Bang...

Following the sound of a sniper rifle, a bullet quickly flew forward.

Bang...

Bang...

The bullet hit a mortar shell.

Suddenly, explosions sounded in all directions, and the surrounding people were directly blown into pieces.

After seeing this situation, Burt was so angry that he cursed.

He did not expect to be sniped by Qin Yuan from such a long distance.

Moreover, this explosion had directly caused them to lose more than ten people.

“Ram, do you see him?”

“You have to kill him!”

For a moment, Bolt roared into his earpiece.

It had been so long, but Ram still had not found Qin Yuan’s location. This made him very angry.

“Captain Bolt, this guy is an expert.” “But please believe me, I will find him very soon.”

Hearing Bolt’s roar, the sniper felt helpless.

She had been looking for Qin Yuan for a long time, but she still could not find him.

At this moment, he knew that the military sniper opposite him was an expert.

“Captain Bolt, I see him!”

A minute later, Ram said excitedly into his earpiece.

“Alright, kill him!”

Hearing that Ram had already discovered Qin Yuan, Bolt said excitedly.

Bang...

At this moment, a sniper rifle shot was heard. Ram saw a bullet pass through his sniper rifle and fly towards him..

Chapter 455: Battle wolf, Attack!

“Not good!”

As soon as Ram finished speaking, a bullet pierced through his forehead.

Then, he fell backward.

Seeing Ram’s head explode, Bolt was very angry.

They thought about how strong the Chinese soldiers were. Ram was the best sniper among them.

However, it didn’t take long for him to be killed. This was a situation that Bolt didn’t expect.

“Shoot in which direction!”

Seeing this situation, Bolt said to the underlings behind him.

“Yes, sir!”

“Yes, sir!”

After saying that, everyone raised their guns and fired in Qin Yuan’s direction.

Qin Yuan kept dodging and changing places, but the sniper rifle in his hand did not stop.

He continued to shoot at Bolt and the others.

Almost every shot took away a member of the Bolt team.

“Captain Bolt, this sniper is too strong. If this continues, we’ll lose a lot of people!”

At this moment, a member of the team walked up to Bolt and said. The current situation was not very optimistic for them. “F * ck! Give me the rocket launcher!”

At this time, Bolt would give a direct order.

How could Bolt not know about this situation? But he did not expect that his sniper would be gone just like that.

Moreover, they had let Qin Yuan destroy the mortars. They had lost a lot of people because of this.

‘Yes, sir!’

After receiving the order, the team member took out a rocket launcher from behind and handed it to Bolt.

“Go to hell!”

Bolt took the rocket launcher and fired it in Qin Yuan’s direction.

At this moment, Qin Yuan’s early warning radar kept flashing red alarms.

Qin Yuan quickly ran in the left direction.

Bang...

With an explosion, the place where Qin Yuan was just now was blown into a flat ground.

A few giant trees collapsed with a loud bang.

“These guys have quite the firepower!”

Looking at the location where he had just escaped, Qin Yuan sighed softly.

“It seems that these weapons and equipment must be destroyed.”

Looking at the power of these American weapons, Qin Yuan sighed in his heart.

This place would soon become a living hell.

The commoners did not have a good life at all.

“Captain Bolt, that guy should be dead, right?”

At this time, the team member beside Bolt looked at the small hill that had been flattened not far away and immediately asked.

“Bring a few people over to take a look. Even if this guy doesn’t die, he’s at least heavily injured.”

Looking at the small hill that had been flattened not far away, Bolt smiled faintly in his heart.

Bolt firmly believed that under such powerful firepower, no matter how strong Qin Yuan was, he would not be able to escape the damage range of the rocket launcher.

“Yes, sir!”

After saying that, the team member led the other team members and groped towards Qin Yuan.

“Qin Yuan, are you okay?”

At this moment, Long Xiaoyun’s voice came through Qin Yuan’s earpiece.

When she heard the sound of the rocket launcher just now, she was worried about Qin Yuan’s condition. “I’m fine!”

“These things can’t hurt me.”

After hearing Long Xiaoyun’s words, Qin Yuan immediately replied.

“In a while, I’ll snipe those who are holding heavy firepower. You can attack them from behind! ”

“These guys, other than having better equipment, their strength isn’t much!” At this moment, Qin Yuan said to Long Xiaoyun with a smile.

Looking at Bolt and the others not far away, they were at most slightly stronger.

Many of them weren’t even as strong as the current Battle wolf.

“Okay!”

Seeing that Qin Yuan was fine, Long Xiaoyun was relieved. After all, the power of these heavy firepower was not a joke.

“Everyone, pay attention.”

“Listen to my orders later. After going around to their back, we’ll attack directly and cooperate with Captain Qin Yuan!”

Long Xiaoyun then turned to the Battle wolf members beside her.

“Yes, sir!”

“Yes, sir!”

After everyone heard Long Xiaoyun’s order, they immediately checked their guns and sneaked in the direction of Bolt and the others.

On Qin Yuan’s side, the team members of Bolt had already fumbled over.

It was only a hundred meters away from Qin Yuan.

Seeing them walk to the spot where he had just hidden, the corners of Qin Yuan’s mouth curled up slightly.

“You want to save people from us with this strength?”

Seeing this situation, Qin Yuan smiled. Although these Americans were not elites, Qin Yuan really looked down on them with their strength.

He had been looking forward to meeting some experts, but this had already disappointed him.

At this moment, Qin Yuan’s sniper rifle continued to aim at the approaching people.

Bang...

Bang...

Bang...

With three consecutive gunshots, the three people at the front were shot in the head by Qin Yuan.

“F * ck, that guy isn’t dead yet. Quickly retreat!”

Seeing this situation, the team member shouted in surprise.

He did not expect Qin Yuan to be unscathed from the explosion of the rocket launcher..

Chapter 456: Battle wolf, Attack!

One had to know that the area covered by the power just now was not small. No matter how powerful Qin Yuan was, how could he escape?

At this moment, everyone was extremely surprised when they heard the sniper gunshot.

“Run?”

“Is that possible?”

Seeing the few people in front of him escape, Qin Yuan revealed a faint smile.

Hence, he picked up his sniper rifle and fired non-stop at the few people who were retreating.

Since they were already here, how could Qin Yuan let them go?

“F * ck, just how strong is this guy?”

“He’s actually fine after such a violent explosion?”

Not far away, Bolt was shocked by the situation.

That was because the rocket he had just fired was accurately aimed at where Qin Yuan was.

Moreover, the area covered by the explosion was not small. No matter how powerful a person was, it was impossible for them to escape from that area in such a short time.

For a moment, Bolt’s expression darkened. “Captain Bolt, this sniper is too strong.”

‘What should we do now?’

At this moment, a team member behind Bolt walked up to him and said.

In this situation, they might even die here, let alone rescue Shang Kun. Facing Qin Yuan’s terrifying strength, they all felt some fear in their hearts.

“No matter what, we have to get rid of him.”

“Mr. John has already said that we have to save Shang Kun.”

After hearing his subordinate’s words, Bolt felt helpless. He did not expect this Chinese soldier to be so strong.

They had yet to see Shang Kun, but they were already blocked by a sniper.

Moreover, the losses were not small.

“But...However, his sniping ability was too strong.”

“Right now, our team members aren’t showing their heads. Once they do, they will be killed in the next second.”

When he heard that Bolt still wanted to rescue Shang Kun, the subordinate immediately reminded Bolt.

One had to know that they had no way to deal with Qin Yuan now. If this continued, they might all die here.

“No buts!”

“You know Mr. John’s temper.”

“If we can’t complete the mission, we’ll be punished when we go back.”

“Inform the rest to charge forward. He’s alone. I don’t believe that dozens of us can’t deal with him.”

After hearing his subordinate's words, Bolt said to the team member directly.

It would be difficult for him to explain to John now.

After all, Shang Kun was still inside. They were here to rescue him. If they went back just like that, John would not stop explaining.

This situation made them unable to react for a while.

“Yes, sir! Captain Bolt!”

Hearing that Bolt still gave the order to continue charging, the squad member helplessly went down to carry out the order.

It was obvious that they had no way to deal with the sniper in front of them. If they continued to charge, they would only be courting death.

“Right! Later on, fire all the rocket launchers you brought over there first.”

“I don't believe that no matter how powerful he is, he can still be stronger than our heavy firepower.”

At this moment, Bolt immediately ordered his team member.

He had thought that rescuing Shang Kun would be easy, but who would have thought that he would encounter such a strong opponent?

This was simply beyond his imagination.

“Yes, sir! Captain Bolt!”

After saying that, the team member immediately retreated.

Soon, all the members carrying the rocket launchers immediately aimed in Qin Yuan's direction and began to fire non-stop.

“F * Ck you, I don't believe that you can still survive such a fierce attack!”

Looking at the rockets firing in Qin Yuan's direction, Bolt forced a smile on his face.

He believed that under such a fierce attack, it was impossible for anyone to survive.

“Qin Yuan!”

At this moment, Long Xiaoyun heard the violent explosion and immediately shouted into the earpiece.

Because she knew that it was the sound of a rocket explosion, she was worried for a moment.

“Don't worry, I'm fine. These guys used a bunch of rockets to shoot birds!”

“But needless to say, I ate a lot of ashes.”

After hearing Long Xiaoyun's call, Qin Yuan immediately replied.

He had already guessed that Bolt and the others would definitely use the rocket launcher to bombard him.

Therefore, he left that area early.

These were the usual tricks of the Americans. As long as there was a battle, they liked to cover it with firepower first.

“Birds? I really thought you became one.”

After hearing that Qin Yuan was fine, Long Xiaoyun’s worried heart finally relaxed.

“Don’t you know what my strength is?”

“This little thing can’t take my life.”

“You can attack now. They should have used up most of these rockets.”

“Next, it’s time for us to start harvesting.”

As he spoke, Qin Yuan smiled faintly.

“Alright, we’re already behind them. We can attack them now.” Long Xiaoyun immediately said after hearing Qin Yuan’s words.

“Alright. Let’s begin! Leave no one alive!”

Qin Yuan said to Long Xiaoyun when he saw that the heavy firepower of Bolt and the others had stopped.

Since these guys were here, Qin Yuan would let them know what pain was.

“Understood ! ”

After saying that, Long Xiaoyun turned around and said to the members of Battle wolf,

“Battle wolf!”

“Yes!”

“Yes!”

“Attack! Leave no one alive!”

Long Xiaoyun immediately gave the order to attack.

“Yes, sir!”

“Yes, sir!”

After receiving the order, the 10 members of Battle wolf immediately began to attack the position of Bolt and the others. “F * ck? What happened?”

This sudden development shocked Bolt.

A small team had actually appeared behind them and was attacking them non-stop.

“Not good, Captain Bolt!”

“A group of people suddenly appeared behind us and attacked us.”

“And their shooting skills are really good. We’ve already lost a lot of members.”

“Captain Bolt, why don’t we retreat first?”

At this moment, a member of the team ran to the side of Bolt and reported.

They had never expected that their rear would suddenly be attacked and that they would lose quite a number of men.

“Retreat?”

“Retreat what?”

“Kill them!”

“Rocket launcher! Use the rocket launchers to kill them!”

After hearing his subordinate’s report, Bolt was furious. The sniper had already made him very angry, and now another team had suddenly appeared to attack them.

“But...But Captain!”

“We only have about twenty members left.”

“And we only have ten rockets left.”

Seeing that Bolt was still unwilling to retreat, the team member reported the current situation to Bolt.

This time, they had not even seen Shang Kun’s face, but so many people had already died.

According to the current situation, if this continues, all of them might die here. After all, they did not even know how many people the other party had.

“Then aim at them and blast them. I want them to pay a heavy price.” At this moment, Bolt immediately ordered.

To be honest, he was very depressed. Not only was he blocked here, but he suffered such heavy losses.

This was the first time they had encountered such a situation.

“Yes, sir! Captain Bolt.”

After saying that, the team member immediately relayed the order to everyone. Soon, the members carrying the rocket launchers aimed at Long Xiaoyun and the others.

Bang!

At this moment, the sound of a sniper rifle rang out. A sniper bullet quickly flew toward a person carrying a rocket launcher.

Bang!

Bang!

Bang!

The sniper bullet hit the rocket and instantly exploded.

The shockwave from the explosion sent Bolt flying.

“F * Ck you. F * Ck you.”

After hitting a tree, Bolt spat out a mouthful of blood.

Seeing this, he knew that the sniper had not died under the firepower..

Chapter 457: Reaper squad!

Looking at the members who were blown into pieces not far away, Bolt’s heart was bleeding.

This was the first time they had encountered such a tragic battle.

He had brought more than 60 members with him, but in just a short time, almost all of them had died.

At present, only he, who was seriously injured, and a few members who were missing arms and legs were left.

He had never expected such an outcome.

“Captain Bolt, we...Our team members have almost all been sacrificed.”

At this moment, a team member crawled out from a deep pit not far away. He looked at the surrounding scene and said to Bolt in fear.

They had been in such a sorry state in their previous battle. For a moment, the team member’s eyes were filled with fear.

“F * Ck you. Inform Mr. John of the situation immediately. We were ambushed and suffered heavy losses.”

At this time, Bolt looked at the surrounding scene and said slowly. He even spat out a mouthful of blood.

The shockwave from the rocket explosion sent him flying, and his internal organs were severely damaged.

If he had been a little closer, he would have been dead by now.

“This... This sniper from the Chinese base was too powerful. His part-time job is a devil, a demon, and a Reaper sent by hell!”

At this moment, the team member was wailing non-stop. His eyes were filled with fear. It was obvious that he was scared silly.

“Report to Mr. John immediately!”

“We...We need reinforcements!”

Seeing the dazed look on the team member’s face, Bolt called out once again.

“Yes, Captain Bolt!”

After hearing Bolt’s voice, the team member came back to his senses and nodded.

So he picked up his phone and handed it to Bolt.

“Mr. John, we...We’ve been ambushed. We’ve suffered heavy losses. Almost all of our members have been eliminated. Requesting backup, requesting backup!”
As soon as the call connected, Bolt immediately said into the phone.

“What?”

“Ambush?”

“How many people are there?”

“You’ve already brought more than sixty members with you, and they’re even equipped with heavy firepower. How could this be?”

After hearing the report, John frowned. He had not expected this situation.

When the call came, he thought that Bolt and the others had completed their mission. Who knew that it was a call for help?

‘Mr. John, we have discovered about ten enemies.

Hearing John’s surprised voice, Bolt immediately explained that their entire team had indeed been destroyed by Qin Yuan alone.

What was even more hateful was that Qin Yuan was not human at all. They had already used the rocket launcher to cover his position.

However, who knew that Qin Yuan would be fine? This situation made Bolt very surprised.

“What?”

“Are you trash? A small team of a dozen or so people almost wiped you out?”

“The heavy firepower I gave you guys is for you to carry and play with?”

After hearing Bolt’s explanation, John was even more furious. The enemy was only a small team of a dozen people, and they were even equipped with heavy firepower.

But now, Bolt was telling him that their 60-man team, which was equipped with heavy firepower, had been ambushed by a small team of more than 10 people.

How could John not be angry in such a situation?

“No. It’s not like that.”

“Mr. John, this sniper’s strength is too abnormal. We’ve already covered his position with heavy firepower.”

“But this person... This person is completely fine. Our heavy firepower can’t kill him at all!”

After hearing John’s words, Bolt knew that John was very angry, but that was the truth.

This was the first time he had seen someone survive such a dense barrage of heavy firepower.

“If you can’t kill them, I think you’re a bunch of trash.”

“F * ck!”

After hearing Bolt’s words, John cursed angrily.

“Where’s Shang Kun? How is that guy now?”

Although John didn’t know what was going on, he was still concerned about whether Shang Kun was okay. If he was dead, there was no need for him to send more people over.

He had only brought about a hundred men with him this time, while Bolt had brought more than half of his men.

“Mr. John, we... We were ambushed halfway before we even saw Shang Kun.”

“It’s as if they knew we would come to rescue Shang Kun.”

“According to... Based on the current situation, Shang Kun might have already been sacrificed!”

When he heard John’s question, Bolt answered John’s question helplessly, and he kept vomiting blood.

“Alright then! I’ll send someone over.”

After saying that, John hung up the phone, and his eyes turned cold.

“Mr. John, I’ll lead the team!”

After John hung up the phone, John’s trusted subordinate walked up and said, He had heard the situation on the phone just now.

Now, he was very curious as to what kind of enemy Bolt and the others had encountered.

“There’s no rush. We don’t know if Shang Kun is dead or not. As for that useless Bolt, if he’s dead, then so be it.”

“I’m just very curious now.. Which Chinese team is the team that Bolt and the others encountered?”

Chapter 458 Reaper Squad!

At this moment, John was deep in thought.

According to the situation reported by Bolt on the phone, John felt that Bolt and the others might have encountered the Chinese Dragon Soul.

“Mr. John, do you think they encountered the Chinese Dragon Soul?”

At this moment, Jack thought of the Dragon Soul team. The most powerful special force in China was none other than the Dragon Soul.

“I’m not sure. If it’s a dragon soul…”

“Perhaps there’s no need for us to continue getting involved in this mess.”

After hearing Jack’s words, John said thoughtfully.

“Mr. John, why don’t we go and take a look?”

“To be honest, our group’s Reaper Squad isn’t weak either. Let’s try to see the difference between us and the dragon soul.”

Seeing that John was certain that it was the dragon soul team, Jack’s eyes flashed with anticipation.

Their group had their own training team, and the Reaper Team was the current Death Servant of their group. Moreover, their combat strength was not much different from the special forces.

“Alright, Jack, take the Reaper Squad over.”

“We have to see if Shang Kun is dead or not. If he isn’t, we have to save him.”

“If you can’t win, retreat immediately!”

After hearing Jack’s words, John nodded.

Originally, he thought that if he let Bolt bring his men, the battle would be easily resolved.

But what he didn’t expect was that Bolt and the others were ambushed and almost all of them died.

John was surprised by this situation. In his opinion, there was no such team in the Chinese army unless they really encountered the Chinese Dragon Soul.

John wanted to know how big the gap was between the Reaper Squad, which they had spent so much money to train, and these special forces.

“Yes, sir! Mr. John.”

“We will complete the mission. As long as Shang Kun is still alive, we will definitely bring him back.”

After saying that, Jack retreated. Then, he brought the trump card, the Reaper Team, to where Bolt and the others were.

On Qin Yuan’s side.

As two sniper bullets burst out from the barrel, Bolt and the team member were directly shot in the head.

This time, the team of 60 people was killed by Qin Yuan and the others in just ten minutes.

“Captain! ”

“Captain!”

At this moment, the Battle wolf members behind Long Xiaoyun immediately called out when they saw Qin Yuan walking up.

“Very good, you did well this time.”

“However, this is only the beginning of your journey. In the future, you will only encounter more opponents like this, or even stronger enemies.”

As he spoke, Qin Yuan immediately instructed everyone.

“Yes, sir! Captain!”

“We understand!”

After hearing Qin Yuan’s words, the members of Battle wolf nodded.

To put it bluntly, this battle was all Qin Yuan’s credit. They had only ambushed him for a while.

When they thought of how Qin Yuan had walked out unscathed under such dense firepower, they were very shocked.

They knew that Qin Yuan was very strong, but they did not expect him to be so strong.

For a moment, everyone was looking forward to when they would be able to reach Qin Yuan’s strength in the future. “Clean up the battlefield and return to Geng Huts side immediately.”

As he spoke, Qin Yuan immediately instructed.

“Yes, sir!”

“Yes, sir!”

After everyone heard the order, they quickly cleaned up the battlefield. These guys still had a lot of weapons and equipment.

“Qin Yuan, I feel that there shouldn’t be only these people. This team has been killed by us. I believe that reinforcements will come soon.”

At this moment, Long Xiaoyun walked to Qin Yuan’s side and said. Long Xiaoyun knew very well that the people they had killed were only a portion of them, and their strength was not very strong.

He believed that these Americans definitely had a backup plan, and those people were definitely very strong.

“I know. Since they dared to come here to trade, they definitely didn’t bring only these people.”

“There must be some stronger enemies that haven’t been sent over.” After hearing Long Xiaoyun’s words, Qin Yuan smiled faintly.

In fact, Qin Yuan had heard the phone call between Bolt and the others just now. Moreover, when Qin Yuan used the system radar to scan the area, he had discovered that there were many powerful members in the area where the Americans were.

“Then let’s go next. Do you want to take the injured back first?”

“Also, have you dealt with Shang Kun?”

At this moment, Long Xiaoyun immediately asked.

“I’ve handed Shang Kun over to Geng Hu. Shang Kun is heavily injured and can’t escape.”

“Moreover, they should be unconscious by now. Geng Hu and the others can handle them.”

“You guys were in too much of a rush just now, so I came over first. After all, these Americans are not something that Shang Kun and the other members of the organization can compare to.”

“In a while, bring Geng Hu and the others back first.”

“I’ll stay!”

Seeing Long Xiaoyun ask, Qin Yuan explained.

“You’re staying?”

“You mean you want to deal with these Americans yourself?” After hearing Qin Yuan’s words, Long Xiaoyun asked worriedly. “Don’t worry. You’ve seen my strength just now. Don’t worry about me.” “Take Geng Hu and the others back first. I’ll be fine with these guys.” Seeing Long Xiaoyun’s worried gaze, Qin Yuan smiled.

“Alright then! His team members had been injured for too long, so he had to bring them back for treatment first.”

“Then be careful later.”

Seeing that Qin Yuan had said so, Long Xiaoyun had nothing more to say.

With Qin Yuan’s strength, Long Xiaoyun knew that he could easily deal with these Americans.

Soon, the members of Battle wolf had finished cleaning up the battlefield.

Hence, Long Xiaoyun brought the Battle wolf members over to Geng Huts side.

Qin Yuan found the best sniping point and continued to hide.

Qin Yuan knew that the people sent by the Americans were the ones with some strength.

Therefore, Qin Yuan still planned to deal with these people alone.

As for Geng Hu, just as Qin Yuan had said, Geng Hu had already brought people to tie Shang Kun up.

Shang Kun was now heavily injured and had lost too much blood. His face was starting to turn pale. “Captain Long!”

“Captain Long!”

Seeing Long Xiaoyun and the other team members walking over, Geng Hu immediately walked forward and called out.

“Where’s Shang Kun?”

Upon seeing Geng Hu and the others, Long Xiaoyun immediately asked Shang Kun.

“This guy was seriously injured by his teammates and is now unconscious.”

“We’ve already tied him up.”

“Captain Long, where’s the captain?”

Seeing that Long Xiaoyun and the others had come over but did not see Qin Yuan, Zhang Dajun immediately asked.

“Captain Qin still has something to do. He asked me to bring you back first.”

“Alright, bring Shang Kun and our injured team members back first.”

“Shang Kun can definitely dig out a lot of people from behind him. Don’t let him die!”

Looking at the unconscious Shang Kun, Long Xiaoyun instructed Geng Hu and the rest.

Since Shang Kun was still alive, they had to make good use of him.

After all, Shang Kun was just a puppet in this area. There were many people behind him.

Therefore, she could get some useful information from Shang Kun.

“Yes, sir! Captain Long!”

After hearing Long Xiaoyun’s words, Geng Hu and the others did not ask anything else. They knew that Qin Yuan definitely had other things to do, but he did not want them to participate.

Usually, such things should be very dangerous, so Qin Yuan did not let them participate.

“Speed! Let’s hurry up and send our comrades back for treatment.” Long Xiaoyun said to the members of Battle wolf as well.

“Yes, sir!”

“Yes, sir!”

On Qin Yuan’s side, the system radar showed many figures surging towards him.

“It seems that this time, he has revealed his trump card.” Looking at the speed of these people, Qin Yuan sighed softly..

Chapter 459 One with the Gun!

“Jack, Bolt and the others are up ahead.”

“According to the current situation, they should have all been sacrificed.”

At this time, Jack brought the Reaper Squad to a place not far from where the battle had just taken place.

Looking at the mess around them, a member of the Reaper team said softly. “Bolt and his team should have been destroyed.”

“This battle should have just ended not long ago. They shouldn’t have retreated far.’

“Let’s chase after him and see if Shang Kun has sacrificed himself.” “There’s the grudge against Bolt and the others. They must pay the price.” Looking at the corpse not far away, Jack’s eyes were filled with anger.

This time, the people they brought with them, other than the members of the Reaper Team, were all dead.

“Jack! The sniper was very powerful.”

“Take a look. From the position where they were shot, almost all of them were headshotted, and they all hit the center of their brows. This sniper’s sniping ability has even surpassed mine.”

At this moment, the sniper of the Reaper Squad looked at the dead people and immediately reminded Jack.

For a moment, the Sniper’s eyes flashed with a trace of surprise. As a Sniper, he knew how difficult it was to get a headshot in such a battle, and it was all right between the eyebrows.

It could be said that he could not do it with his current strength. “Gray, you said that his sniping ability surpassed yours?”

After hearing Gray’s words, Jack stopped and looked at Gray in surprise.

One had to know how difficult it was to get Gray to say that someone was stronger than him.

Gray was one of the top ten Sniper players in the world. It was an international competition.

Back then, in order to poach Gray, their group had paid a considerable price.

To be able to say such words from his mouth, it could prove how strong Qin Yuan’s sniping ability was.

“Yes! This person’s sniping ability has indeed surpassed mine.”

“So even if we go after them, it might be a headache to deal with such an opponent.”

Seeing Jack’s question, Gray sighed softly.

As snipers, they respected every sniper who was stronger than them.

Therefore, Gray would not force himself on this issue, nor would he lie.

One had to know that at this time, arrogance would only cost one’s life.

“I haven’t heard of any sniper in the Dragon Soul team that is ranked in the top ten in the world.”

“Could it be...Did they deliberately hide their strength?”

At this time, Jack was a little puzzled. According to his understanding of Dragon Soul, there didn’t seem to be any Sniper ranked in the top ten in the world.

“It shouldn’t be the Dragon Soul Squad. If it was, Bolt and the others would have died here long ago. They wouldn’t even have the time to call for backup.”

“Moreover, according to the situation at the scene, almost all of them died under the sniper’s gun.”

“It can be said that most of the people were killed by that sniper.”

Gray looked at the traces of the battle and immediately analyzed Jack.

From the traces of the battle, Gray knew that it wasn’t the Dragon Soul Squad that had destroyed Bolt and the others.

Although he had never fought the dragon soul team before, he knew some information about the members of the dragon soul team.

Moreover, if it was really Dragon soul, it would not have chosen such a troublesome battle method.

Bolt and the others. They didn’t need to sneak attack from behind. “Forget it. Even if his sniping ability is strong, we have to chase after him.”

“Gray, you lead the way.”

“I think this sniper will be behind us.” “As a fellow sniper, I believe in your abilities.”

“Such a sniper must be killed!”

After hearing Gray’s confirmation, Jack felt a trace of pressure, but a trace of killing intent flashed in his eyes.

Now that they had accepted the mission from John, they couldn’t just go back like this. Otherwise, he wouldn’t be able to explain it to John.

“I understand. Everyone, be careful later.”

“If he’s alone, with the overall strength of our Reaper team, it shouldn’t be a problem to deal with him.”

Seeing that Jack was still determined to pursue, Gray could only say to everyone.

He knew that the sniper was stronger than him, but that didn’t mean that they were afraid.

If that was the case, then there was no need for them to join this group.

“Alright!”

“Everyone listen up. Follow Gray later. The sniper will definitely ambush us along the way, so be careful.”

Jack turned around and said to the other members of the Reaper team.

He knew that Gray was not joking. This sniper must be very strong.

“Understood.”

“Yes, sir!”

After hearing Jack’s arrangement, everyone agreed loudly.

They knew Gray’s sniping ability very well. As members of the Reaper Team, they knew Gray’s sniping ability the best.

Since Gray had said so, it proved that the person they were going to face next was not simple.

“Let’s go!”

After saying that, Gray was the first to disappear into the depths of the forest, and the other members of the Reaper team followed closely behind.

“Interesting. It seems that these guys have quite the analytical ability.”

“However, do you think we are from the Dragon Soul?”

Chapter 460 One with the Gun!

At this time, Qin Yuan, who had been hiding at the high ground, discovered Jack and the others.

Moreover, Qin Yuan had heard their conversation.

“Then I’ll have you know that China doesn’t only have dragon soul. There’s also Battle wolf!”

With that, Qin Yuan stood up with a smile and kept retreating.

All he wanted to do now was draw Jack and the others in, and then he would take care of these guys.

According to the system’s scan, the sniper was the only one with decent strength in the Reaper Squad.

The rest of the people were similar to those from Battle wolf.

In fact, some of them were even weaker than Battle wolf's members.

If he had not asked Geng Hu and the others to escort Shang Kun back and the injured back, Qin Yuan would have let the members of Battle wolf try fighting it out with these guys.

This Reaper Party was a pretty good whetstone.

However, since he was here, he would deal with these guys himself.

Soon, after retreating more than a kilometer, Qin Yuan found a sniper point and hid.

This place was surrounded by mountains, and there was only a ravine on the road. It was a good ambush spot.

More than ten minutes later, Jack and the others appeared in front of Qin Yuan again.

"Top ten snipers in the world?"

"Then I want to see what kind of strength it is."

Looking at Jack and the others not far away through the sniper scope, the corners of Qin Yuan's mouth curled up.

"Stop!"

At this moment, Gray stopped and looked at the environment in front of him. He immediately turned around and said to Jack and the others.

"What's wrong, Gray?"

"Could it be that the sniper is lying in ambush in front?"

Jack immediately asked when he saw Gray suddenly stop.

"I'm not sure, but it's a good location for an ambush."

"This place is very suitable for sniping. If I were him, I would choose this place."

"And if we ambush a sniper there, it will be very difficult for us to pass through here today."

At this moment, Gray looked at the environment not far away and immediately explained.

"Can you find him?"

"We don't have much time left."

After hearing Gray's analysis, Jack was a little helpless. If they dragged on, they wouldn't have to chase anymore.

"I'll try. If I were to face him, I can't guarantee that I can kill him." "However! Before that, I suggest that we cover them with rockets!" Gray suggested.

Facing someone stronger than him, he did not dare to let his guard down.

So he thought about it. They had brought a lot of rockets with them. He was not stupid to use them at a time like this.

“That’s a good idea!”

“Just in time to test the power of our product this time!” After hearing Gray’s suggestion, Jack revealed an evil smile. “Coordinates, 37 degrees north latitude, 65 degrees east longitude.” “Coordinates, 45 degrees north latitude, 23 degrees east longitude.”

“Use fire coverage according to these positions.”

At this moment, Gray said to the team members carrying the rocket launchers.

The positions he mentioned were the best sniping points. If it were him, he would choose these positions to snipe.

“Yes, sir!”

“Yes, sir!”

After saying that, the team members carrying the rocket launchers walked forward and launched fierce attacks according to the coordinates given by Gray.

Boom!

Boom!

Boom!

For a moment, the few locations Gray had mentioned were being bombarded by rockets.

Dust and wood flew everywhere.

Qin Yuan, who was lying in ambush not far away, was smiling.

“This guy’s combat experience is not bad.”

“However, you’re facing me, Qin Yuan!”

Qin Yuan sighed with a smile as he looked at the few best sniper positions that had been blasted to the ground.

When he first arrived here, he knew that those positions were the best sniping positions.

If it was an ordinary sniper, they would choose to snipe at these positions.

However, Qin Yuan was different. He knew that if he could tell, so could others. Moreover, with his sniping ability, he did not need to choose any sniping point at all.

Therefore, he had avoided those positions early on, and he knew that these people would definitely cover them with fire.

For Qin Yuan, as long as the gun was around, his bullets could accurately hit the enemy.

After a few rounds of bombardment, the locations that Gray had mentioned were revealed.

The power of the rockets had already destroyed all the obstructions around those locations.

‘Gray. He doesn’t seem to be here.’ ‘Perhaps he has retreated?’ Jack turned around and said to Gray.

‘It shouldn’t be.’

‘I firmly believe that he will stay behind to cover the rear. This is the best position for us to ambush.’

At this moment, Gray was a little puzzled. If it were him, he would definitely choose to snipe here. However, the best spots were all covered by rockets, and he didn’t see anyone. This was still very strange.

Actually, Gray’s guess was right. Qin Yuan had indeed chosen this position.

However, Qin Yuan did not choose the best sniping position because he did not need it at all.

‘Then, can we continue to pursue them now?’

‘We don’t have much time left. If they leave this area in another hour, we won’t be able to chase them.’

Jack immediately asked. He could feel that Shang Kun definitely didn’t die. He might have been taken away.

Otherwise, these Chinese soldiers would not have retreated in such a hurry.

‘In that case, let’s go!’

‘However, everyone should still be careful. I keep feeling that a pair of eyes are watching us.’

At this time, Gray could only say helplessly.

However, he had a bad feeling in his heart, and the surroundings were filled with danger.

However, they really did not have time to stay. If they continued to delay, their mission this time would be considered a failure.

‘Alright!’

‘Everyone has them. Speed up. We can’t let them escape from this area.’

Jack said to everyone.

‘Yes. sir!’

‘Yes, sir!’

After saying that, everyone immediately walked in the direction of the ravine.

Bang!

‘Not good! He’s here.’

Along with the sound of a sniper rifle, Gray shouted loudly.

Hence, he quickly dodged to the side.

At this moment, a sniper bullet pierced through the forehead of a member of the Reaper Squad. “F * Ck you.”

“Find cover!”

The sudden loud noise made Jack a little confused, but he quickly reacted and immediately shouted at everyone. “Gray, what’s going on?”

“Is he really here?”

At this time, Jack asked Gray in surprise.

They had already covered the sniper positions that Gray had mentioned.

“He is stronger than I imagined!”

“He didn’t even choose the best sniping position.”

“And based on that shot just now, I can feel his sniping ability. It seems that he doesn’t need the best sniping position anymore.”

“One with the gun realm!!!”

Hearing Jack’s words, Gray’s face darkened. One had to know what it meant to not need a sniper position.

Snipers were no longer affected by the environment, position, air, demeanor, and other factors.

He was the kind of sniper who could carry out sniping missions anywhere. He had truly achieved the realm of being one with the gun.

“Gray, what do we do now?”

“Have you found his location?”

After hearing Gray’s words, Jack’s face turned gloomy. He had heard of the realm of being one with the gun.

That was the highest realm of a Sniper, but it had been so many years, and they had never heard of a Sniper who could reach such a realm. “No, there’s no way to hear where the gunshot came from.”

“In this ravine, all you hear is an echo.”

Gray said helplessly.

There were mountains on both sides. In this mountain valley, it was difficult to find where the gunshot came from..
