

Special Troop 681

Chapter 681: "Information Tactics" Entering the Door of the 808th Brigade?

"If it were anyone else, I would definitely open the door and welcome them!"

"Qin Yuan wants to come in?"

"No way!"

Political Commissar He felt that this was inappropriate. "How about this? I'll go and tell them that you're not here." "You don't have the face to see anyone, so I'll step in, okay?" Then, he reminded her.

"The army in the war zone has already informed us!" Who knew that Wu Tian had a stubborn temper.

"That won't do!"

"Who do you think they are after?"

"They're clearly here for me!"

I've told you that this matter has nothing to do with the political commissar. Think about it, the drill hasn't even started, and we've already become captives."

"Is this called capturing prisoners? This is clearly humiliating us!"

Humiliating our 808th Brigade!"

"I haven't settled the score with him yet!"

"Alright! He had come knocking on his own door! What's so awesome about it!"

It seemed that Wu Tian's mood was still not over yet. He was so angry that he kept cursing.

' Also, we haven't finished our summary yet, but he brought the summary of the Mountain Leopard Brigade over. Isn't he just trying to stink at us?"

Political Commissar He saw that his words were getting more and more unpleasant and felt very helpless. "Your view is too biased!" Wu Tiancai didn't think so.

"You see, I didn't treat them badly."

As he spoke, he pointed at the image on the screen.

Two guards walked out with a box in their hands. The box contained water and food.

He placed it in front of Qin Yuan and Liu Ye.

"Please enjoy."

With that, he turned around and left.

Liu Ye cursed angrily.

“Hey!”

“Tell your brigade commander to take this away. Don’t give me that!” Qin Yuan quickly advised.

Alright, alright. Let’s not argue with the soldiers. They’re just following orders.”

As he spoke, he squatted down and opened the box to see what was inside.

Then, she said with a smile.

“You don’t say, Wu Tian is quite generous!”

He picked up a bottle of water and handed it to Liu Ye.

“Come on! Drink some water first!”

However, Liu Ye did not appreciate Wu Tian’s kindness and said angrily.

“No, Brigadier General, a gentleman doesn’t eat food handed out in front of others!”

Qin Yuan’s mentality was still relatively calm.

” You’ve been standing outside for more than two hours. Aren’t you thirsty?”

“I’m so angry that I’m full!”

Liu Ye said as he took the water from Qin Yuan’s hand.

Qin Yuan looked at the angry expression on his face and continued.

“Look at your magnanimity. You’re not as magnanimous as Senior Captain Long.”

Look at how Captain Long went to the 909th Brigade to deliver the information. He’s eating and drinking as he should, and he’s on pretty good terms with him.”

“And Wang Zhigang has already agreed to study our materials.”

Liu Ye said disdainfully.

“Wang Zhigang can seriously read our materials?”

“I think he’s hiding a knife behind his smile! ”

“Alright, don’t think so badly of others. At least he’s not like Wu Tian, right?”

“You didn’t shut us out and leave us here for half a day, right?” Liu Ye could only nod.

Political Commissar He was in his office, looking at the image on the computer. He felt a little sorry.

So he turned to Wu Tian and said.

“It was just a joke, but don’t tell me we won’t meet again in the future?”

“If you really don’t want to see them, then I’ll step in!”

This time, Wu Tian was anxious.

“Why did you step forward?”

” The responsibility for the defeat lies with the brigade commander. No one is allowed to interfere!”

After saying that, he turned to look at the screen and said with a smile. “If Qin Yuan wants to be our 808th Brigade’s gatekeeper, we welcome him!”

Seeing that he was still acting like a child, Political Commissar He was helpless.

At this moment, Advisor Jin walked in.

Reporting to the brigade commander. Everything has been arranged.”

“Good!”

Suddenly, the phone on the table rang.

Advisor Jin glanced at it.

“Brigade Commander, the call is from Qin Yuan!”

“Answer it. Just say that I’m not here!”

Just as Advisor Jin was about to pick up the phone, Wu Tian hurriedly stopped him.

Hold on, answer it. Turn on the speaker. I want to hear what this kid has to say.”

“Yes.”

Then, Advisor Jin pressed the answer button and the speaker button.

“Hello, who are you looking for?”

“Is this Brigadier Wu? I’m Qin Yuan.”

“You’re looking for the brigade commander? The brigade commander isn’t here, he went to the company.”

“I am Advisor Jin!”

“Advisor Jin, please tell your brigade commander that we have received the food and drinks he sent us. Thank him for his warm hospitality.” “ We’ll definitely be gentler during the next drill. We’ll save him some face!”

Advisor Jin hurriedly hung up the phone because Wu Tian’s expression was already very ugly.

When Wu Tian heard this, he shouted angrily at Qin Yuan on the screen.

“Who are you saving face for!”

“It’s already good enough that I didn’t let the sentries catch you today!”

“Bye bye!”

Qin Yuan, who was standing outside the door, put away his phone. Liu Ye, who was beside him, said angrily.

“Brigade Commander, I’ll tell you the truth.”

“So I don’t have a good impression of Wang Zhigang.”

“But after this incident, I feel that Wu Tian is not as good as Wang Zhigang at all!”

” I think our main opponent from now on is Wang Zhigang!”

“This Wu Tian is really too infuriating!”

Qin Yuan smiled.

“That’s not necessarily true. You can’t just look at the surface.”

“Look at this Wu Tian. He’s acting on impulse. He might be acting differently behind the scenes. Let’s wait and see.”

“Then it’s not a good idea for us to just stand here now!”

“But we can’t go back!”

Chapter 682 - 682: “Information Tactics” Entering the Gate of the 808th Brigade?

“We haven’t completed our mission yet.”

Liu Ye thought for a moment.

“Why don’t we go to a nearby restaurant for a meal and rest for a while?”

“We’ll come back in the afternoon and see if they’ll let us in.” “Speaking of food, I’m really a little hungry. Let’s go then?”

Hearing this, Liu Ye became happy.

“Let’s go!”

“I heard that there’s a seafood restaurant nearby that’s especially delicious.

Brigade Commander, let’s go and try it together!”

In the office, after seeing Qin Yuan and the other two leave, Political

Commissar He could only shake his head helplessly

He sighed and took out a document from behind him.

“Brigadier general, I’ve changed several parts of this summary. Take a look.”

Wu Tian stood up and said flatteringly.

“50% off, right?” “Yes, we’ll do as you say. We’ll give you a 50% discount.”

“Fifteen years behind!”

Hearing this, Wu Tian smiled in satisfaction.

“Good!”

“As expected of my good political commissar!” “I don’t worry about you!”

“Then I still have something to do, so I’ll leave first?”

“Alright.”

After Political Commissar He left, Wu Tian casually flipped through it and threw it into the drawer.

He lay on the chair and fell asleep.

It was afternoon.

Advisor Jin, who was sitting in the duty room, suddenly received a call.

“Hello?” “I’m Advisor Jin. Go ahead.”

After a while.

“What?”

“You mean Chief of Staff Shen of the theater of operations is going to inspect the military region?”

“Okay, okay, I got it.”

Then, she hung up the phone and rushed to Wu Tian’s office.

At this moment, Wu Tian was still sleeping soundly on the chair. No one knew what kind of beautiful dream he was having.

Advisor Jin’s report sounded outside the door.

Only then did Wu Tian wake up in a daze.

“Come in.”

Advisor Jin hurried in.

Brigadier general, we’ve just received a call from the duty room of the military headquarters. Chief of Staff Shen of the theater of operations is going to inspect the military headquarters!”

“After lunch, prepare to go to the army for a tour.”

“It’s very likely that they will pass by our brigade. Let us prepare to receive them.”

Wu Tian was a little surprised, and his mind suddenly cleared up.

“Chief of Staff Shen is coming?”

“It’s very likely. Otherwise, he wouldn’t have called to inform us.” “Good! Report to the political commissar immediately.”

“This is the first time Staff Officer Shen has visited...Our standards must be high!”

“Yes, sir!”

Knowing that Staff Officer Shen was coming, Wu Tian was in high spirits. He began to prepare to receive Staff Officer Shen.

Not long after, Wu Tian and Commissar He walked out of the administrative building together.

There was a banner hanging in front of the administrative building.

Warmly welcome Chief of Staff Shen of the theater of operations to visit our brigade!

There were soldiers cleaning the stairs on both sides.

It was obvious how much Wu Tian valued the arrival of Staff Officer Shen. “Political commissar, is the door of the military history hall open?”

“I opened it a long time ago. Do I need you to say that?”

“Did the gay girls go?”

“Little Wang and Little Lian have already arrived. Little Wang will be the speaker today, so don’t worry!”

“That’s great, political commissar. With you around, I can rest assured!”

As he walked down the stairs, Political Commissar He suddenly thought of something.

“Hey!”

“This Staff Officer Shen suddenly came to our brigade. Could he be here for the drill summary?”

However, Wu Tian was not anxious at all.

“It’s a blessing, not a curse. If it’s a curse, you can’t avoid it.”

“Let’s ignore him.”

” As long as Chief of Staff Shen can step into our 808th Brigade and witness the glorious history of our 808th Brigade.” “I don’t believe that he won’t be shocked!”

Political Commissar He reminded. “When the time comes, no matter what I say, listen to me!”

“Aiya! Don’t worry, political commissar!”

” I will accept all the criticisms. I will not do anything that will make Chief Shen unhappy!”

At this moment, Advisor Jin jogged over.

Brigade Commander, I just received a call.”

” The Chief of Staff has just left the 807th Brigade. He’ll be here soon.”

“Good!”

Then, the two of them began to tidy up their clothes. Wu Tian said to Staff Officer Jin. “Advisor Jin, organize the team immediately!”

“Yes, sir!”

“Gather!”

The surrounding soldiers put down their work and began to tidy up their clothes and ranks.

Wu Tian began to speak.

“When the Chief of Staff comes, everyone, be more energetic!” “Don’t embarrass our 808th Brigade, do you understand?”

Everyone said in unison.

“Got it!”

After a while, a military vehicle slowly drove in.

The soldiers of the 808th Brigade stood neatly on both sides of the road.

Wu Tian and Commissar He stood straight in front of the administrative building. Behind them were two soldiers from the communication room carrying two cameras.

This scene was extremely grand.

The car stopped in front of them.

However, the person who got out of the car was different from what they had expected.

Seeing Qin Yuan and Liu Ye get out of the car, Wu Tian and Liu Ye’s smiles immediately collapsed.

Qin Yuan walked over with a smile. In Wu Tian’s eyes, it was as if he was gloating.

Qin Yuan saluted him and teased.

“Brigade Commander Wu, I’m here to apologize. There’s no need to mobilize so many people.”

Wu Tian was speechless.

Qin Yuan continued.

“It’s understandable that Brigadier Wu doesn’t want to see me. However, we’re following the order of the head of the army in the theater of operations. I have to deliver this information to you.”

“Moreover, I have to listen to your opinion in person. Otherwise, I won’t be able to bear the consequences.”

Political Commissar He looked at Staff Officer Yang with some doubt. “Staff Officer Yang, we received a notice that Staff Officer Shen is coming.”

“But now...”

Staff Officer Yang explained.

It’s like this. Chief of Staff Shen is still watching the troops at the 807th Brigade training ground!”

“There’s still a seminar tonight. Today... I won’t be coming over.”

“What about tomorrow?” “Tomorrow...I was told to come and see you.”

“If time is tight, I won’t come.”

“I’ll ask the chief when we get back.” Wu Tian turned to look at Qin Yuan.

“Then what’s going on with these two?”

“Oh!”

“That... On the way to the 807th Brigade, Staff Officer Shen ran into Brigade Commander Qin and Staff Officer Liu.”

“I heard that the two of them came to your brigade to deliver this...”

Before he could finish his sentence, Qin Yuan was worried that Wu Tian would misunderstand and go to Chief of Staff Shen to pressure him after he was rejected, so he interrupted.

“Brigade Commander Wu, it’s like this.”

“We were having lunch at the restaurant when we bumped into Staff Officer Shen.”

He asked us why we didn’t have lunch with the 808th Brigade.”

“The two of us said that we didn’t have time to come to the 808th Brigade.”

“I thought I’d come over to deliver the materials after lunch.”

” Chief of Staff Shen was anxious when he heard that. He said to hurry and not delay things!”

Didn’t we ask Staff Officer Yang to give us his car?”

It’s mainly to complete the mission that Staff Officer Shen gave us.”

Only then did Political Commissar He realize.

“So that’s what happened!”

Seeing that the matter had been explained clearly, Staff Officer Yang said.

“Then, Brigade Commander Wu, Brigade Commander Qin, I will return to the 807th Brigade now.”

“The chief still needs the car in the afternoon.” Qin Yuan did not forget to say.

“Thank you for your hard work, Staff Officer Yang!”

After Staff Officer Yang drove away, only Qin Yuan and Liu Ye were left.

Seeing that there were no outsiders, Wu Tian stopped pretending.

He looked at Qin Yuan unhappily.

“Qin Yuan, I don’t care about your sneaky tactics. If you have the ability, let’s compete openly!”

“Brigade Commander Wu, how can we have a fair fight?”

Political Commissar He saw that Wu Tian was very aggressive at this time and quickly said.

Brigade Commander Qin, if you have anything to say, let’s talk in the reception room. ”

“We also received a notice from the army that you were coming.”

Qin Yuan glanced at Wu Tian. Seeing that he did not say anything, he knew that he must be unhappy, so he said.

“How about this!”

” As long as you are happy, Brigadier Wu, we will accept the challenge no matter how fair the fight is.”

Wu Tian narrowed his eyes and stared at him, not knowing what he was up to.

After a while, he said.

“Good! This is what a soldier should look like!”

Chapter 683 - 683: Qin Yuan and Wu Tian's Head-on Duel!

As he spoke, he brought the two of them to the training ground of the 808th Brigade.

The soldiers on the field were still training in full swing.

Wu Tian walked straight to the boxing training ground, followed by Qin Yuan and the other two.

When the soldiers on the field saw their brigade commander, they all made way for him.

Wu Tian took off his uniform as he walked.

“Boxing gloves!”

A soldier beside him had two pairs of red and blue gloves on the ground. Wu Tian held the red one and threw the blue one to Qin Yuan.

“Qin Yuan, aren’t you proficient in the combat techniques of various countries?”

“How about I teach you a lesson today?”

Liu Ye, who was standing beside Qin Yuan, snatched the gloves.

“What are you doing?”

“Let me do it!”

Qin Yuan could not snatch it from him, so he could only let him go.

Who knew that Wu Tian would say this when he saw how fierce their fight was?

“Alright, give me another pair of boxing gloves!” He waved his fists and said arrogantly.

“You two come together!”

Liu Ye could not stand him looking down on him and Qin Yuan.

She quickly took off her uniform and prepared to fight him.

Political Commissar He hurriedly said.

“There’s no need to compete. Let’s talk.”

Our brigade commander has already arranged the dining room in the guest house.”

Qin Yuan smiled.

Liu Ye echoed.

“Then come! ”

Wu Tian, who was on the field, was already eager to give it a try. “What do you mean by red and blue confrontation?”

“This is what a real confrontation between red and blue is like!” As he said that, he even incited the surrounding soldiers to jeer.

Liu Ye stared at him and thought to himself.

Keep being arrogant! I’ll teach you a lesson later!

Then, he put on the gloves and unblocked his muscles and bones.

Wu Tian shouted when he saw him dawdling. “Come on!”

“Don’t be like a woman. Why are you dawdling there?”

“If you’re afraid, just say it!”

Liu Ye, who had a fiery temper, could not stand such blatant humiliation and provocation.

Before Qin Yuan could react, he shouted and rushed over.

First, he stood up and kicked, but Wu Tian easily dodged it.

Anger had already filled his mind.

After he steadied himself, he immediately threw a series of left and right uppercuts.

Wu Tian himself was able to become a brigade commander because he was not a pushover.

He raised his hands and placed them horizontally in front of his door. He was in a defensive position and blocked Liu Ye's fierce attack.

Liu Ye's fist became faster and faster. He took a deep breath and then threw a punch filled with anger.

Through the gaps between his hands, Wu Tian could tell that the other party was going to give him a fierce blow.

With quick reflexes, she used her right hand to block the attack from his left hand.

Then, he crouched down slightly and bent his waist slightly, cleverly dodging this fatal blow.

When Liu Ye saw that his fist missed, he reacted quickly.

Using the momentum of his punch, he turned around and kicked Wu Tian's waist.

Wu Tian took advantage of the fact that his hands were free to block the attack with his arms in front of his waist.

He took a few steps back to the side.

Then, the two of them began to stop.

Wu Tian looked at Liu Ye in front of him and shook his numb arm as he said with a smile.

"Kid, your strength is not bad!"

"But if that's all you're capable of, why don't you change your brigade commander to come up earlier? You're still not my match!" At this moment, Liu Ye was also nowhere to be seen.

Her kick just now had indeed landed squarely on his waist.

However, Wu Tian was also very shrewd.

He cunningly aimed his elbow joint at Liu Ye's leg.

Now, Liu Ye's legs were also throbbing with pain.

Seeing that he had taken his kick, he actually dared to mock him.

He flew into a rage out of humiliation and continued to rush over.

"Cut the crap!"

"Beat me first!"

"Take this!"

Wu Tian sneered.

"Alright, I'll beat you up first!"

"Let's see if your brigade commander is still indifferent!" As he spoke, he also rushed towards Liu Ye.

However, their charging postures were different.

Liu Ye was waving his fists, while Wu Tian was still in a defensive position.

Liu Ye couldn't help but feel puzzled.

“What is Wu Tian trying to do?”

“Didn't you say you were going to beat me down?”

“My attack hasn't even arrived, and he's already starting to defend.”

However, he did not think too much about it because the person was already in front of him.

He had no choice but to seize such a good opportunity to launch an intense attack.

However, no matter which direction he attacked Wu Tian from, Wu Tian could accurately predict where his fist would land. He used his own arms to block Liu Ye's attacks.

This made Liu Ye furious.

Let's see how long you can hold on, you coward!

As he thought about it, the speed of his fists began to increase. The frequency of his punches was so fast that no one could see the shadows of his fists.

As the distance between the two of them got closer and closer, Liu Ye grabbed Wu Tian's head and hands and pressed them down.

His knees also began to attack him, wanting to break his head. However, Wu Tian had been fighting in the arena for so many years..

Chapter 684 - 684 Qin Yuan and Wu Tian's Head-on Duel!

He had already planned out a countermeasure in his heart.

He straightened Liu Ye's body and began to retreat.

This way, when Liu Ye raised his leg and bent his knee, his body could not help but move forward. The distance between his knee and Wu Tian's face was not enough.

Wu Tian managed to dodge these attacks.

Liu Ye was even more indignant when he saw his attacks miss.

One after another, they kept pushing against Wu Tian's face, and they kept moving forward as Wu Tian retreated.

Seeing that he was starting to get anxious, Wu Tian laughed as if he had succeeded.

Be angry!

The angrier you are, the sooner your weaknesses and flaws will be exposed.

At that time, I will defeat you in one strike!

Qin Yuan, who was standing below the stage, also saw this scene. He could not help but shake his head and smile.

It seemed that Liu Ye was still too young. He had fallen into Wu Tian's trap so quickly.

I'll have to do it personally later!

Liu Ye's face was flushed red, and he began to pant heavily.

That's right!

Who wouldn't be tired after experiencing such a high frequency of kicks?

As for Wu Tian?

He only bent his body slightly and retreated a little. It was completely effortless.

Now, his face was not red, and his heart was not beating. He had been observing Liu Ye's movements.

Not long after, Liu Ye's movements began to slow down. He was planning to use another attack method to break through Wu Tian's defensive stance.

Who knew that Wu Tian would take the opportunity to turn his body to the right.

He used his left elbow joint to block Liu Ye's left leg's attack, and his right hand gathered strength to strike. He directly threw an uppercut and hit Liu Ye's chin!

Liu Ye raised his head and retreated.

Suddenly, he felt like he was seeing stars and his reaction was slow.

Wu Tian did not have the time to play with him anymore.

She leaped up and flew towards him.

He went up and punched Liu Ye.

Liu Ye could only subconsciously use his hands to block, but he was helpless against him.

Wu Tian seemed to have vented all his anger from being beaten up on him.

He punched Liu Ye's arms again and again, each punch more ferocious than the last.

Liu Ye had already recovered from the blow to his chin by Wu Tian.

He did not want to be suppressed by Wu Tian, so he planned to attack again.

Seizing the opportunity when Wu Tian withdrew his fist, he directly swung the hammer to the right and attacked Wu Tian's face.

However, he did not expect Wu Tian to have seen through his attack style and techniques.

He suddenly lowered his head and dodged Liu Ye's full-powered punch.

Liu Ye's abdomen was also exposed in his attack vision.

Wu Tian sneered.

His right hand directly punched Liu Ye's waist.

Liu Ye was in so much pain that he let out a muffled sound, and his movements paused for a moment.

Immediately after, Wu Tian quickly straightened his body and pulled the bow with his left hand.

A full left uppercut landed heavily on Liu Ye's face.

Liu Ye lost his footing and was knocked to the ground.

It could be seen how terrifying Wu Tian's strength was!

Qin Yuan did not immediately go over to help him up. He only sighed.

Sigh!

It's good to let you suffer a little. It'll help you remember in the future.

Wu Tian saw that Liu Ye had been beaten to the ground by him and did not even look at him.

He turned to look at Qin Yuan and shouted.

“Come on! Brigade Commander Qin!”

However, he was also a little puzzled.

This guy, his subordinates were taught such a lesson by me. Isn't he angry?

At this moment, Qin Yuan also turned his head and looked at him indifferently. There was no joy or anger on his face.

“Alright!”

“Since Brigadier Wu has invited me, I can only accept.”

“But we have to make things clear in advance!”

“Whether you win or lose later, you must follow the instructions of the head of the army in the theater of operations.”

“Take my information and read it carefully. Also, give me your opinion in person.”

At this moment, Wu Tian was getting braver and braver as the battle progressed. He only wanted to have a grand and fair battle with Qin Yuan as soon as possible. Qin Yuan was beaten to the ground to take revenge for the humiliation on the drill ground. He was not in the mood to talk nonsense with him.

“Alright, alright!”

“Hurry up!”

“I say, are you Mountain Leopard Brigade all women?”

“Why are all of you dawdling!”

Hearing this, Qin Yuan naturally knew that this was one of his psychological tactics. Instead of being angry, he laughed.

“Alright, I'll take it that you agree!”

“Fists and kicks have no eyes. Brigade Commander Wu, you have to be careful!”

Chapter 685 Is He Still Not Leaving?

Qin Yuan stood up, patted the dust off his butt, and said.

"Leave? I'm not leaving!"

"Didn't you hear me clearly?"

" Brigade Commander Wu Tian said he would treat us to a meal. How can we reject him?"

"Right?"

After saying that, she winked at Liu Ye.

I hope you won't spoil my plans like a blockhead!

Just now, Liu Ye was also in a hurry. After seeing his brigade commander being beaten up, he was very angry and wanted to reason with Wu Tian.

But now that Qin Yuan was giving her a look, she immediately understood.

I told you! The brigade commander was so powerful. How could he have been successfully ambushed by Wu Tian?

So he did it on purpose!

It was probably for the sake of the mission, so that he could successfully hand over the information to Wu Tian. That was why he pretended to be defeated.

After understanding Qin Yuan's meaning, Liu Ye sorted out his emotions, cleared his throat, and said. Nôv(el)B\jnn

"Since Brigade Commander Wu has the intention to treat us to a meal and apologize, we are not petty people."

" I just hope that after dinner, Brigade Commander Wu Tian will read the information we sent over."

When Qin Yuan heard him say this, he gave him an appreciative look.

Not bad!

You understood my meaning so quickly. You're really smart!

Seeing Liu Ye's attitude change so quickly, Wu Tian could not help but feel a little puzzled.

What were these two people up to?

When Political Commissar He saw Liu Ye change his words, he could not help but heave a sigh of relief.

He was afraid that this incident would ruin the relationship between the two brigades.

It was fine if their relationship was strained. If they reported the matter of being "bullied" by Wu Tian in the 808th Brigade to the Bureau Chief, it would be fine.

Then he and Wu Tian would definitely be in trouble!

Therefore, he quickly said.

"It's my duty! It's my duty!"

"Brigade Commander Qin, it's our fault for not entertaining you well this time."

"We have prepared a sumptuous meal in the dining hall of the guest house. Please come with Advisor Jin!"

Qin Yuan saw that Political Commissar He was quite reasonable. It was just that this Wu Tian was too impulsive, like a little brat.

If he didn't change this bad habit of his, he definitely wouldn't be able to achieve anything big.

Then, Qin Yuan said.

"Alright!"

"Then I'll accept your offer."

Advisor Jin walked over.

Brigade Commander Qin, Staff Officer Liu, please follow me."

Then, Qin Yuan and Liu Ye followed Advisor Jin to the guest house.

Wu Tian, who was standing at the side, was still in a daze. Commissar He hurriedly pulled him into the office.

Wu Tian complained when he was pulled into the office for no reason.

"Why are you pulling me?"

"What are you doing!"

Seeing that he still dared to complain to him, Political Commissar He directly threw his uniform on the sofa and pointed at him angrily.

"How could you beat someone up like that!"

Wu Tian said indifferently.

"I didn't break the rules of mixed martial arts. It was his skill that was inferior to others. He can't blame me."

"But I've already shouted to stop. Moreover, Qin Yuan has already stopped, but you still want to rush forward. Isn't that a foul?"

Who knew that Wu Tian would say that as a matter of course.

"You saw it too. I was in a daze just now and didn't hear you stop."

"Even if I heard him, I would still go up and punch him."

"I just want Qin Yuan to know the result of the opponent's foul. I want him to have a taste of being beaten!"

Political Commissar He was so angry that he had nothing to say.

"You..."

"You're simply being unreasonable!"

"Do you still look like a brigade commander?"

Seeing that he was really furious, Wu Tian could only wave his hand and say.

"I already said that I'll treat him to a meal and apologize. Isn't that enough?"

At the mention of this, Political Commissar He became even angrier and turned around to argue with him.

"You beat him up until his face is swollen and his mouth is full of blood. How do you expect him to eat this food?"

Thinking of this, she had to hurry over to accompany Qin Yuan and the other man.

"You stay here for a while. I'll go and accompany Brigade Commander Qin and Staff Officer Liu!"

Seeing that he was about to leave, Wu Tian hurriedly called out to him.

"Wait a moment."

"It's fine if they don't want to eat. We've also saved a meal."

"Tell him that I, Wu Tian, do not welcome the two of them!"

Political Commissar He was so angry that he slammed the door and walked out, ignoring him.

As for Qin Yuan?

Advisor Jin sent two soldiers to fetch two basins of water.

At this moment, Qin Yuan was washing up in the reception room.

Otherwise, how could he eat with his face covered in dirt?

Advisor Jin, who was standing at the side, looked at the two of them and said awkwardly.

"I'm sorry, Brigade Commander Qin."

Qin Yuan put down the towel and said with a smile.

"What are you talking about?"

"What's there to be sorry about?"

"It's normal for soldiers to spar with each other."

He did not forget to take the opportunity to praise Wu Tian.

"And your Brigade Commander Wu's fist technique is indeed very powerful."

This made Advisor Jin even more embarrassed.

Brigade Commander Qin, I'm really sorry."

"Look at what happened. Why don't we go to the guest house's restaurant to eat and rest?"

"That won't do!"

"We haven't completed our mission yet. How would we dare to eat and rest casually?"

"Brigade Commander Qin, the situation is a little awkward now."

Chapter 686 Is He Still Not Leaving?

"How about this? Since you're already here, I'll take your tactical analysis and summary first."

"When our brigade commander's mood has calmed down, we'll find an opportunity to sit down and have a good chat."

Qin Yuan said awkwardly.

"Advisor Jin, this is really impossible!"

"Where's the mission that the chief gave us? The tactical analysis summary report. Hand it over to Brigade Commander Wu personally."

"After he's done reading it, he can give us some suggestions. We'll then report our opinions to the chief. Only then will this mission be considered completed."

"If we leave now, how are we going to report to the chief?"

"Should I say that I exchanged pointers with Brigadier Wu on fist techniques, and then this report was passed to you?"

"I'm afraid that won't do, right?"

Liu Ye, who was at the side, was also a little impatient as he began to speak.

"That's right. Hurry up and inform your Brigade Commander Wu."

Seeing that Qin Yuan had brought up the Bureau Chief, Advisor Jin was so scared that he nodded repeatedly.

"Yes, yes, yes!"

"It's indeed not suitable."

"But our brigade commander is in a fit of anger right now. Even if you sit down and talk, I don't think you can get anything out of it."

"Is there any other way?"

This immediately stumped Liu Ye. He turned his head and looked at Qin Yuan questioningly.

However, Qin Yuan knew very well that to deal with a straightforward person like Wu Tian, he needed to coax him until his temper was gone before he could sit down and have a good chat with him.

However, he did not say it out loud. Instead, he sat on the sofa.

"I... I can't think of any other way."

"How about this? I'll stay in your 808th Brigade for a while. Let me think about it."

"Let's leave when I think of another way!"

"In short, if I don't see Brigade Commander Wu today, I definitely won't leave!"

His words made Advisor Jin laugh.

"We're all brothers. How did we become enemies after a drill?"

"We didn't treat you as enemies. We took the initiative to visit you!"

"I know this, but..."

"How about this? You guys go to our brigade's military history museum and take a look."

"Wait for Political Commissar He to do a good job of educating Brigade Commander Wu, okay?"

Qin Yuan immediately agreed.

"Alright!"

"I've long heard of the history of the 808th Brigade. It's like the history of our People's Liberation Army. It's a good opportunity for us to take a look!"

..

After Political Commissar He made arrangements for Qin Yuan to meet up, he returned to Wu Tian's office.

She saw him sleeping with his legs on the table.

For a moment, he was so angry that he laughed.

She sneaked over and slapped his legs off, almost causing him to fall to the ground.

"Aiyo! What are you doing!"

Political Commissar He laughed and scolded.

"You're really something. You can still sleep!"

Wu Tian asked.

"Qin Yuan left?"

"No, I haven't."

Wu Tian was anxious.

"Is he really going to stay here and not leave?"

Political Commissar He said resentfully.

"I asked Advisor Jin to show them around the military history museum of the 808th Brigade."

Hearing this, Wu Tian stood up in surprise and praised.

"Visit the Military History Museum?"

"This move is good!"

"As expected of the political commissar of our 808th Brigade!"

Then, he began to talk non-stop about his self-righteous imagination.

"Let Qin Yuan learn well. Let him know what kind of unit our 808th Brigade is!"

"How many founding generals have come out of the 808th Brigade!"

"A troop like our 808th Brigade, with a glorious history, glorious achievements, and illustrious military exploits!"

15:51

"How many troops do you think there are in the entire army?"

At this point, Wu Tianrang's face was radiant and full of energy, as if he was giving an impassioned speech.

Then, he put on an arrogant look.

"The Mountain Leopard Brigade that Qin Yuan established only half a year ago is nothing in front of our 808 Brigade."

"What's so awesome about him!"

Political Commissar He couldn't stand it anymore. He stood up and tried to persuade him in a soft voice.

"Old Wu, can we stop lying on the bed of glorious history and be complacent?"

"We've already been defeated by them. Let's face reality!"

Wu Tian didn't answer him and changed the topic.

"Why isn't he leaving yet?"

Political Commissar He said seriously.

"He wants to hand over the battle summary to you personally."

Wu Tian was getting impatient.

"Won't it be over if I hand it over to you?"

"To be honest, I get annoyed just by looking at him!"

"They are sincere and want to hand the summary to you personally. This is also a sign of respect to our 808th Brigade!"

"It's also Chief of Staff Shen's idea."

"He hasn't completed his mission. How can he leave?"

Wu Tian could not help but say when he saw that he was talking to him.

"Political commissar, which side are you on?"

"Don't forget that you're the political commissar of the 808th Brigade. Why do you always speak up for Qin Yuan?"

These words angered Political Commissar He so much that he threw the cup in his hand on the table.

"I really regret partnering with you when I meet such an unreasonable and inconsiderate person like you!"

Then, she sat on the sofa and stopped looking at him.

"I don't like what you're saying."

"Didn't you tell me that you've learned a lot after working with me for so many years?"

"Knowing me will benefit you for the rest of your life?"

"You even went to the Bureau Chief to plead for me behind my back."

"In the end, you even made a notice of criticism to the entire army."

Then, he put on a pained expression.

"To be honest, I always thought you were a good political commissar who would do anything for the brigade commander."

"Now that you've said the word regret, I think you've been dragged down by Qin Yuan!"

Political Commissar He said lightly.

"I won't go into the water. I'm really regretting it!"

His attitude suddenly became so calm, and his tone did not seem to be fake.

Wu Tian immediately became anxious.

She quickly walked over to him and sat down beside him.

She patted his knee and said tentatively.

"Political commissar."

"Old He."

"Tell me the truth. Do you really regret it?"

Political Commissar He said with an aggrieved expression.

"Yes, sir!"

"Why should I go to the Bureau Chief and plead for you?"

"Are you worthy of me interceding for you?"

"I was criticized by the entire district, and in exchange, I got this useless Wu Tian!"

"Why did I ruin myself like this!"

After saying that, she stood up and was about to leave, not wanting to see him again.

Wu Tian quickly pulled him back and compromised.

"Hey, hey, hey!"

"Sit, sit, sit!"

"Political commissar, don't be angry!"

"Isn't it just collecting a set of materials?"

"I'll accept it!"

"Come, come, come. Drink some water first and calm down."

Wu Tian looked like a husband who was apologizing to his wife. It was hilarious.

When Political Commissar He heard what he said, his expression did not look any better.

"I still want your opinion."

Wu Tian immediately snapped, and the smile on his face instantly collapsed.

He put down the cup and turned his head away.

"I have no objections!"

"This is not a sincere attitude!"

"What is a sincere attitude? What?"

"I said I wouldn't see him at first, but I changed my mind."

"I said I wouldn't take his materials, and now I'm taking them. Am I right?"

"What else do you want me to do?"

Then, he began to reveal his true colors.

"To be honest, I'm really tired of working with you!"

Political Commissar He rolled his eyes at him and whispered.

"You won't die of exhaustion!"

"What did you say?"

"I said, I'm not asking you to pretend."

"Just treat it like how you treat the leaders of your neighboring troops. When you meet them, make small talk and meet them out of courtesy."

"Is this alright?"

Since he had already said this, Wu Tian could not persuade him and could only agree.

"Alright! My political commissar will listen to you!"

"I'll call Qin Yuan now!"

"Do you have his number?"

"I didn't!"

"I can beat up Staff Officer Jin!"

"I don't believe that it's so difficult to make a phone call!"

With that, he picked up the phone and dialed the number.

"Hello, brigade commander."

"Advisor Jin, is it convenient to talk?"

"It's convenient. Go ahead."

"How was the tour?"

"The effect is very good!"

"Are you shocked by our glorious history?"

"That's right!"

Chapter 687 The Rules of Modern War!

"The moment they entered the exhibition hall, they saluted the flag of our 808th Brigade!"

Wu Tian immediately became happy when he heard that.

"Is that so? That's great!"

"This is the power of tradition!"

"Right, where are they now?"

"The volunteer army's part. Battle at Shangganling."

"Brigade Commander Qin and Staff Officer Liu took off their hats and bowed."

This time, it was Wu Tian's turn to be surprised.

"What's wrong? You even took off your hat and bowed?"

"Yes, they stayed in many places for a long time."

"What did they say?"

"They said that our 808th Brigade is really too great!"

"It's really a blessing to be able to be a soldier in this army!"

Wu Tian could not believe it.

"Did he really say that?"

Advisor Jin nodded.

"It's true!"

"We're all moved by them."

"What else did he say?"

"He also said that it was not easy for the 808th Brigade's military history to be passed down to this day. The Mountain Leopard Brigade should always learn from the 808th Brigade."

"And he even said that he wanted to make it a system!"

Wu Tian found it ridiculous.

"You made this up yourself, didn't you?"

Jin Changmo immediately spoke.

"Brigade Commander, even if you lend me a hundred guts, I wouldn't dare to spout nonsense!"

"I can see that Brigade Commander Qin is really feeling emotional."

After saying that, Wu Tian, who was on the other end of the phone, fell silent.

After putting down the phone slowly, he thought for a while.

"So it's like this..."

Then, he put on his uniform, tidied himself up, and rushed to the military history museum.

After a while, Wu Tian walked to the 808th Brigade Military History Museum in a formal suit and happened to meet Qin Yuan and Staff Officer Jin, who had just finished their tour.

Advisor Jin said.

"Brigadier, you're here?"

Qin Yuan and Wu Tian looked at each other for a while and saluted each other.

Wu Tian was the first to speak.

" Brigade Commander Qin, Wu Tian apologizes to you!"

Qin Yuan smiled and said,

"Brigadier Wu, you're too kind."

"I'm the one who wants to thank you. Thank you for giving us a chance to learn!"

"Brigade Commander Qin, please forgive us for our poor reception!"

"Please!"

"Alright, please!"

With that, everyone walked into the reception room.

Qin Yuan said after sitting down.

" Brigade Commander Wu, Staff Officer Jin, we were very shocked when we visited your military history museum!"

"At the same time, I'm very touched!"

" Our Mountain Leopard Brigade is a new unit established after the military reform. We don't have any glorious history to speak of."

" But we are still part of the Chinese army."

" If you allow it, we would like to use your military history museum as an educational base for all the officers and soldiers of the Mountain Leopard Brigade!"

"I wonder if Brigadier Wu and Advisor Jin are willing to?"

Qin Yuan's words not only showed that the Mountain Leopard Brigade was indeed not as glorious as the 808th Brigade in history.

The 808th Brigade was a place that soldiers yearned for, and he should learn from them.

Wu Tian was overjoyed when he heard this.

His previous dissatisfaction with Qin Yuan and Liu Ye instantly flew to the clouds.

He said happily.

"Brigadier General Qin, you're welcome!"

" The glorious tradition of the 808th Brigade is not my private property, nor is it the pride of the 808th Brigade.

15:52

" He is the precious spiritual wealth that our ancestors and martyrs left for the people's army!

"It is the honor of all the officers and soldiers in the army!"

" All the soldiers of the 808th Brigade welcome you!"

"He definitely won't be rejected by me like today!"

Liu Ye looked at the smile on Wu Tian's face. It was a world of difference from when they had just entered and had been at loggerheads with each other!

He could not help but give Qin Yuan a thumbs up in his heart.

As expected of Boss!

He was able to handle such a troublesome matter with ease.

Qin Yuan said with a smile.

"Alright, thank you!"

Qin Yuan saw that his relationship with Wu Tian had eased up, and the atmosphere was not as cold as before.

So he turned around and gestured for Liu Ye to bring the information over.

They began to talk about serious matters.

" According to Chief Shen's instructions, we have sent you the tactical analysis report for this exercise."

As she spoke, she handed the folder to Wu Tian.

"I hope that after you finish reading it, you can give us some valuable opinions so that we can communicate with each other."

Wu Tian looked at the folder in his hand and said humbly.

"Brigade Commander Qin, we were the losing side during the drill."

"We can only learn from you seriously. What qualifications do we have to give opinions!"

Qin Yuan saw his expression and wanted to brush it off again, so he quickly explained.

"Brigade Commander Wu, you flatter me!"

"Brigade Commander Qin, when we were sparring just now, I made a mistake."

"I sincerely apologize to you again!"

Qin Yuan waved his hand.

"Brigade Commander Wu, you already showed mercy when we were sparring just now. Don't be polite with me."

This made Wu Tian a little embarrassed.

He scratched his head.

"Brigade Commander Qin, your words are a little unrealistic."

This was because when he saw Qin Yuan and his wife at the 808th Brigade Military History Museum, he truly admired the 808th Brigade.

Advisor Jin, who was sitting at the side, also took the opportunity to speak up for Qin Yuan. [nôv\(el\)B\jnn](http://www.novel.com)

Brigadier General, I think Brigadier General Qin and the others are really sincere in coming to exchange combat experience with us."

Chapter 688 The Rules of Modern War (2)

"I'm talking about boxing!"

"Qin Yuan, to be honest, do you think I'm holding back, or do you think you're holding back?"
Nôv(el)B\jnn

"Speak!"

Wu Tian really wanted to know how Qin Yuan had dodged his punch on the training ground.

Thinking that he had not figured it out yet, he took this opportunity to ask.

Qin Yuan smiled but did not say anything.

Wu Tian immediately became anxious.

"Alright, stop pretending!"

"Outsiders watch the show, experts watch the show!"

"When an expert makes a move, there's nothing!"

"Your fist technique has incorporated martial arts moves. Don't think that I can't tell."

"That means Brigadier Wu is an expert! You can tell at a glance!"

Wu Tian said proudly.

"Yeah!"

"Sanda is all about courage, strength, and technique!"

"I could tell the moment you stepped onto the stage. You're not afraid or timid. You dare to take my moves. Courage comes first."

"This is the most basic quality of a boxing player, right?"

"Next, let's see the strength of my fists and legs."

"When you attack, I can feel the power of your fists and palms from the speed of your punches!"

He pondered for a while.

"You must have at least ten years of martial arts experience!"

"Am I right?"

Hearing his analysis, Qin Yuan felt a little amused.

How could he have such a long foundation in martial arts?

It was all because of the system, alright?

However, she could not tell him this secret, so she could only nod and go along with him.

Liu Ye took the opportunity to say.

"Our brigade commander once participated in the group army's scout combat competition and won first place!"

Wu Tian finally understood.

So that was how it was!

He had previously looked down on others, but in the end, the clown was himself.

She smiled awkwardly and said,

"I said so!"

"When we fought, your two punches were the most lethal!"

"Although I only blocked the first punch, your other hand can attack again."

"But you didn't. You just waved your hand in front of my eyes and retracted it."

"I can see that you don't want to fight for real. You're just playing perfunctory, right?"

Seeing that he mentioned this, Qin Yuan was afraid that he would be angry again, so he hurriedly explained.

"No, no!"

"Brigade Commander Wu, actually, I've been looking for your weakness."

"But you, your offense and defense are flawless!"

"Moreover, after every move, there is another move."

"That's why I didn't dare to attack rashly."

"If I attack rashly, I'll be the one at a disadvantage, don't you think so?"

Qin Yuan's words were very accurate. It showed that he had done his best and did not skimp on it.

In another way, he praised Wu Tian and gave him a way out.

Wu Tian said with a smile.

"You can tell?"

"Of course!"

"I say, it's very difficult for ordinary people to break through your fist technique, Brigadier Wu."

"If we're talking about holding back, it's you, Brigadier Wu, who left me with a trick."

Wu Tian saw him turn around and put the blame on himself.

He hurriedly explained.

"I used all my strength in the circle. I didn't play for nothing at all."

Qin Yuan looked at his legs and said.

"Brigade Commander Wu, you haven't used your leg technique yet!"

"The whole method of boxing is about straight, hook, swing, and cover."

"As for the leg technique, it focuses on whipping, kicking, and kicking."

"Brigade Commander Wu, if you had used your legs, we would have lost a long time ago."

These words made Wu Tian feel very comfortable.

"Hahaha!"

"Of course."

"Boxers often say that the hand is like two doors, and you hit people with your legs."

"Three-part punch and seven-part kick!"

"You can tell?"

Qin Yuan nodded.

Wu Tian cupped his fists.

"Qin Yuan, nice to meet you!"

"Look, your step and slide are not bad. Your lower body is also stable."

"Have you practiced the Eight Trigrams Palm and the Mud Stomp Steps?"

Hearing this, Liu Ye was a little puzzled.

Eight Trigrams Palm? Mud Steps?

Wasn't this the martial arts secret manual on TV?

Could it be that the brigade commander had also learned these martial arts?

He looked at Qin Yuan in confusion.

If Qin Yuan had not learned it before, of course, he had not!

These techniques of his were all based on his own physical fitness and improvised accordingly.

There were no martial arts manuals to speak of.

However, he couldn't tell Wu Tianming that he was in the middle of a heated conversation with him. He couldn't spoil his mood.

Otherwise, he would be unhappy and not accept his materials.

Then wouldn't he and Liu Ye be in vain?

After thinking for a moment, he said.

"I learned a little when I was young, but I didn't continue my studies."

Wu Tian continued to ask.

"Then have you practiced the Buckle Step, the Swinging Step, the Complex Eight Step, the Seven Star Step, and the Work Step?"

Qin Yuan nodded and randomly picked a few.

"I've practiced some eight-word steps and work steps."

Wu Tian nodded.

"Actually, I think the basics of Chinese martial arts are very useful for boxing!"

Qin Yuan followed his words.

"Brigade Commander Wu, I think your last move was the most exciting."

Wu Tian immediately became anxious.

15:53

"You're talking nonsense!"

"My last punch was the most embarrassing!"

Liu Ye said.

"Indeed, what I am most dissatisfied with is your last punch."

"The match has been called to a halt, yet you still threw a punch. Isn't that considered a sneak attack?"

Seeing that this kid was starting to cause trouble for him again, Qin Yuan immediately said seriously.

"Wrong!"

"I think the most exciting move is the last move!"

Wu Tian asked tentatively.

"Qin Yuan, you really don't blame me?"

Qin Yuan shook his head.

"I don't blame you. I admire you!"

Wu Tian looked at him meaningfully.

"Alright, then tell me why you admire me."

Qin Yuan sat up straight.

"Look, there are rules for martial arts and mixed martial arts competitions."

" And our usual combat is similar to sports competitions. There are also competition rules."

"If anyone breaks the rules, they have to leave the field, right?"

Wu Tian did not know what he wanted to say, so he could only nod.

"Indeed."

Qin Yuan continued.

"But if we encounter a criminal, will the criminal tell you the rules?"

" The criminals might throw sand at you, or they might call a group of people to stab you with daggers."

"At that time, no matter how good your martial arts foundation is, as long as you take a knife, you will either die or be crippled."

Wu Tian was confused.

"That was a fight, not training."

" Alright, then let's talk about terrorist attacks and the war on terror."

"When did the terrorists greet you?"

" Modern wars are fought without any reason or warning.

" So, I was ambushed. It was because my awareness was weak that Brigadier Wu had the chance to successfully ambush me."

"Since we are talking about training that is close to actual combat, we should break the competitive mode."

"And those who dare to break the rules are the ones who will win in the end!"

Wu Tian felt that what he said was interesting.

"Are you saying that fighting is similar to war? There are no rules and the winner is king?"

Qin Yuan did not say it clearly, but gave him an example.

" Look, bin Laden used a commercial airliner to crash into the World Trade Center."

"Who would have thought of such a crooked trick?"

"There are also wars around the world now. Which war do you think has rules?"

"It's often people who take advantage of others and don't follow the rules."

" As for those who suffered losses, they were too strict with the rules and refused to relax."

"Brigade Commander Wu, winning is the only way!"

Qin Yuan took this opportunity to educate Wu Tian.

He hoped that he could understand that his blue army could win in the previous exercise.

It wasn't because the 808th Brigade wasn't strong enough, but because they were still stuck in their old ways of training.

At the same time, she hoped that he would quickly wake up and stop being stuck in his own place.

These words made Wu Tian think deeply and began to consider Qin Yuan's words.

After a while, he nodded.

"What you said makes sense."

Chapter 689: Playing Along?

"But then again, no matter what, I injured you today. This matter is still my fault!"

"Even if you forgive me, I won't forgive myself."

Wu Tian said sincerely.

Qin Yuan could only smile and not say anything.

"Qin Yuan! The two of us can be said to have become friends without fighting."

"I will definitely read the analysis report that you sent over today!"

"Please rest assured!"

Qin Yuan saw that his goal had been achieved and the mission had been successfully completed. He did not plan to stay for long.

Thus, he said.

"Alright, then we'll take our leave first!"

"Alright, I'll send you guys off."

Then, Wu Tian followed Qin Yuan and the others to the entrance of the 808th Brigade and personally watched Qin Yuan and the others leave.

At this time, Political Commissar He also came out and stood beside Wu Tian. Wu Tian said to Political Commissar He as he watched the car gradually leave.

"How is it?"

"Did I do well this time?"

Political Commissar He was somewhat puzzled.

"Performance?"

"I'm taking the initiative and being passionate enough to Qin Yuan this time, right?"

Only then did Political Commissar He react.

So the attitude and expression of having a heated conversation with Qin Yuan just now and regretting not meeting him earlier were all fake for himself and others to see!

Political Commissar He was speechless.

If Qin Yuan, who had just left, knew about this, wouldn't he vomit blood and be angered to death?

However, in the end, the materials were handed over to Wu Tian personally. The task assigned by Chief of Staff Shen was considered to have been successfully completed.

Political Commissar He rolled his eyes at him. "Old Wu, you've really impressed me!"

"You're really something!"

Hearing this, Wu Tian was not angry. He was even a little proud.

"Of course!"

"Isn't it just sending Qin Yuan away? Isn't that simple?"

Political Commissar He still had a glimmer of hope, hoping that his brigade commander could really turn over a new leaf.

He asked.

"Did you really just send him away?"

Wu Tian didn't disappoint him. He nodded and said.

"Humph! This is the only way to deal with a shameless person like him!"

"I thought you were sincere!" Wu Tian said calmly. "Sincere?"

"It's not that time yet."

"In the past, they didn't have any friendship with us. This time, they've made the two of us dirty again."

"I'm telling you, I don't know how to explain this to the old leaders of our brigade!"

Political Commissar He could not help but say when he saw that he was still not focused on the important matter at hand and was only thinking about those trivial things.

"I advise you to show him the drill report that he sent over first. The army is already urging us!"

"Political commissar, haven't you finished writing?"

"When the time comes, let me read it and sign it."

Seeing that he wanted to be so perfunctory, Political Commissar He became anxious.

"I'll tell you clearly!"

"Don't you dare do this to me!"

“What did you promise me before?”

“What’s wrong? You must have forgotten about it after chatting with Brigade Commander Qin. ”

“Do you want me to help you remember now?”

Wu Tian saw that he was about to chant scriptures and chant Buddha in his ear again, so he quickly raised his hands in surrender.

“Alright, alright!”

“My good political commissar, I know, okay?”

“Then I’ll take a good look at the materials he sent over first.”

“If you have something to do, go ahead!”

“I’ll definitely take a good look at his materials!”

“Alright, I’m leaving!”

After saying that, he immediately ran away.

If he stayed any longer, his ears might grow calluses!

However, Wu Tian did not play dumb with Political Commissar He. After returning to his office, he immediately picked up the materials that Qin Yuan had sent over and read them carefully.

Because Wu Tian was carrying this severe warning, the order of the military had been delayed in the army and had not been announced.

He didn’t tell them how long it would be delayed.

Political Commissar He knew better than anyone else that this delay in the announcement was the most fatal thing for Wu Tian.

If he couldn’t make it this year, Wu Tian’s years as an Adjudicator would come to an end.

This also meant that his military career had come to an end.

However, Wu Tian did not seem to care at all. He had never asked about it.

He only cared about what he cared about the most.

In the words of Political Commissar He, Wu Tian’s pole was up.

Therefore, during this period of time, Political Commissar He had been persuading him to put down his prejudice and complete the summary of this exercise.

It would allow him to perform well in front of the chiefs.

Political Commissar He paced back and forth in his office, thinking about something.

Suddenly, the phone on the table rang.

Political Commissar He picked up the microphone.

“Hello?”

To his surprise, Wu Tian’s voice came from the receiver.

“Political commissar!”

“Brigadier?”

“You haven’t slept yet?”

“Political commissar, I’m finished!”

“What do you mean finished?”

“Oh! I’ve read all the materials that Qin Yuan and the others sent over.” Hearing this, Political Commissar He couldn’t help but laugh.

It seemed that this guy was quite obedient!

“How is it? What experience do you have?”

Who knew that his next sentence would be to criticize Qin Yuan. “I think Qin Yuan is setting up an ambush for us!”

” The tactical analysis report he sent over isn’t comprehensive!”

Chapter 690 - 690 Playing Along?(2)

“How can it be incomplete?”

“How about this? I’ll talk to you after I go to your office.”

After saying that, Wu Tian hung up the phone, got up, picked up the materials, and rushed to Political Commissar He.

After a while, Wu Tian pushed open the door and entered.

” Political commissar, I’ve changed a few places in your report. Go back and take a look.”

“Where did you change it?”

“You can take your time to read it later!”

“I can’t explain it clearly right now.”

“Besides, we have more important things to do now.”

Political Commissar He looked at the materials in his hand and smiled.

Wu Tian asked in confusion.

“What are you laughing at?”

“There won’t be any discounts this time, right?”

Wu Tiandu felt a little awkward and quickly changed the topic.

“After I read the tactical analysis report of Qin Yuan and the others, I realized that they must have another more detailed and comprehensive report in their hands. They didn’t give it to us!”

“Do you think Qin Yuan is lying in ambush with the two of us?”

“It can’t be?”

“Is there a need for him to ambush us?”

“Don’t always be so paranoid.”

After Political Commissar He said this, Wu Tian became a little sentimental.

He sighed.

“It’s all because of Qin Yuan’s battle!”

“I’ve always been suspicious of him!”

Political Commissar He didn’t understand.

“Why?”

“He’s a professional blue team!”

“I have to guard against this!”

” Political commissar, I heard that they also sent a copy to the 909th Brigade.”

” That material should be for the second phase, to fight against the 909th Brigade.”

“Tell me, he didn’t give it to us. What does that mean?”

Only then did Political Commissar He heave a sigh of relief.

“I thought it was something!”

“Isn’t this normal?”

“The materials he gave us are related to us.”

“And the confrontation exercise between the Mountain Leopard Brigade and the 909th Brigade, is it related to us?”

“It makes sense that they didn’t give it to us, don’t you think?”

She did not forget to take the opportunity to mock him.

“You’ve recovered.”

“You didn’t take her when she came to your door. Now that you want to see her, you’re cramming up.”

“It’s not impossible!”

“Why don’t you call Qin Yuan now and ask for one?”

“It’s not too late to mend the fold.”

When he heard that he had to call Qin Yuan personally, Wu Tian could not accept it.

“I’m not making this call.”

“Why?”

“I don’t even know what to say to him!”

Political Commissar He saw his unnatural appearance and teased him.

“Hey!”

“Didn’t you perform very well this morning?”

“He’s so passionate that he can’t wait to keep others to be the guards of our 808th Brigade.”

“What happened this time?”

Wu Tian said helplessly when he saw him reveal his true identity.

“I was forced by you!”

“I was just pretending to send him away.”

“Now...Now is the time.”

Political Commissar He could tell that he was in a difficult position, so he “kindly” instigated him.

“Give him a call first to express your condolences again. Ask him how his face is recovering from the injury you caused!”

“Say some polite words!”

“Then we can talk about the information. Isn’t that fine?”

Wu Tian saw his reluctant expression and had no intention of making the call for him.

She hurriedly pulled the phone on the table to him and begged him.

“Political commissar, I think it’s better for you to make this call!”
