

Star of Space 100

Chapter 100 They all have a background?

"Anyway, I won't go back now. What if I get the disease? If I go back now, won't I harm the people in the village?" She looked at Ya Molian and said seriously.

"You shouldn't have come!"

"You, you, are so... stubborn!" Ya Molian had no way to deal with her.

What else can I do? I can only spend the time here with her. Hong Lingzhen is really a bit troublesome.

"Just tell me what you want to do next, and I'll be with you."

With him by his side, those who want to take advantage of Lin Caisang should stay away. At least, the situation like just now will not happen again.

"real?"

Hearing his words, Lin Caisang's eyes lit up.

Just now she saw Ya Molian's skill and knocked down the masked men in just a few strokes. With him here, she didn't have to worry about anything anymore.

"Fake!"

Ya Molian glared at her angrily.

"Brother Mo Lian, you are so kind. With you here, I can work with peace of mind." Lin Caisang was happy in her heart, and she did not forget to make Ya Mo Lian happy. She was safe in Hongling Town, but it all depends on Yamolian.

"As long as I know whether I'm good or not, you don't need to flatter me!" Ya Molian replied.

"hey-hey.

Lin Caisang rubbed his hands and laughed awkwardly.

"By the way, Brother Mo Lian, how did you know that I was here? How could you actually find me here? Isn't this a big deal?"

She was confused when she saw him just now. She really didn't understand how he came and flew here with wings? Or can you still calculate and calculate that she is here?

"I heard from Changhong that you went to collect medicine outside the town." Ya Molian just said this.

Lin Caisang immediately understood. With Yamolian's ability, how could he not know how many medicinal materials could be dug in the mountains? Her words could only deceive her grandpa and grandma.

By the way, what's going on with her eldest brother? Why is he always digging holes for his sister to jump into? You must talk to him properly when you go back!

"Come here, let me tell you about the things in Hongling Town."

Ya Molian waved to her and entered the room prepared for Lin Caisang.

Lin Caisang could only follow in, thinking to himself, does this Hongling Town have any big background? She hadn't heard of it either.

...

"So, all the wealthy families in Hongling Town have a background?"

After a long time, half of the sesame cake in Lin Caisang's hand was eaten, and the two sesame cakes he gave to Ya Molian had been eaten and wiped clean by him rudely. She stared at him in surprise.

According to what Ya Molian said, there are still dark forces in Hongling Town, and several noble gentlemen are obviously or secretly related to those dark forces?

"Hongling Town was almost the same as Yueya Town more than ten years ago. It has only become rich in the past ten years. However, the only ones who are truly rich are a few families, but the people do not have enough to eat or wear. Most of them."

Ya Molian looked at her and said word by word.

"The current Hongling Town is comparable in size to Qianlin County. This matter has attracted the attention of the county magistrate. He has sent people to conduct secret investigations several times before to see what is strange about Hongling Town."

Originally, it was not bad for a town to be richer, but this Hongling Town was really strange. It became rich for no reason. The people in the town did not have any special livelihood or career path. Could it be that the money they could spend was Did it fall from the sky?
