

Star of Space 1001

Chapter 1001 Go to jail and eat for a few years!

"You... stop talking nonsense with me here, just one sentence, will you give me the money? Now that Changfeng has made a career, you don't need the five taels of silver, right? As long as you give us the money, we will leave immediately, otherwise ...Hmph!"

She narrowed her old eyes and looked towards Lin Changfeng.

"Don't blame us for leaving this door. Let Lin Changfeng, an unfilial person, never want to go to the imperial city again! In-laws, you should know that whether it's Jieyuan or Juren, reputation is the most important thing."

Hearing this, Lu Qiubo took a deep breath, while Yang Lin's eyes widened. She couldn't believe that this was her natal family!

"Mom, how can you threaten us with Changfeng's future? Changfeng..."

She stumbled up to Mrs. Yang and reached out to grab her arm, but she was still thrown away.

"go away!"

Mrs. Yang looked at Yang Lin as if she were looking at a pile of garbage.

"What's wrong with five taels of silver? You guys are broke and can't even get out five taels of silver? I've already seen it. If nothing else, the cow in your cowshed is worth five taels of silver. , if you can't take it out, we can just take the cow away later!"

"you....."

Yang Lin opened his mouth and couldn't say a word.

"We are not as evil as you. We are really open-mouthed. One hundred and eight thousand taels, why don't you go and grab it?" Seeing that she was silent, Mrs. Yang continued.

"Grandma, Grandma, did I hear you correctly?"

At this time, Lin Caisang, who had been watching from the sidelines, had to stand up.

It seems that this family is really not something that ordinary people can handle. They cannot squeeze out money, and even the old cow in the family can be valued. This time it is the old cow. Next time, do you want them to give the house to them? sold? Give them money to spend?

"This mother-in-law, although the third aunt married into our Lin family, she only married into the third room of the Lin family. This old cow belongs to our eldest room. If you want to take her away, it doesn't matter. Just take her away."

She shrugged, looking indifferent.

"real?"

When Mrs. Yang heard what she said, she couldn't tell whether it was good or bad, and her eyes lit up.

"real."

Lin Caisang nodded.

"You can take it away, it doesn't matter, but as soon as you take this old cow away, I will go to the county government office to surrender, and let the government people arrest you bandits one by one. Go to jail and eat for a few years!"

She glanced sharply, glanced at those people coldly, and spoke word by word.

Do you really think that the Lin family is so easy to bully? The third aunt came from the Yang family, so she couldn't say anything to this family, so she could only pretend to be miserable. Brother Changfeng was the grandson of this family, so she couldn't say anything.

But she can. To put it bluntly, she and this family are incompatible!

"you--"

When she heard the word 'big prison', Mrs. Yang immediately took a step back.

These days, everyone is afraid of seeing the official, and she is no exception. If she really goes to the county government office, even if she is not put in jail, half of her life will be lost!

"Mom, do you believe her nonsense? She is just a little girl, what good can she do? Let's take that old cow away. What can she do to us?" Uncle Yang immediately stood up when he saw that his mother was about to give in.

Anyway, today's trip can't be in vain.

Chapter 1002 We can afford it

"They must come up with money today, otherwise, Lin Changfeng will not be able to live well!"

"Yep.

When Mrs. Yang heard her son's words, she immediately responded.

"Listen, you people from the Lin family, either come out with the money, or we can take away the old cow. Anyway, if you want to sue the officials, then go ahead and sue. Then we will say that it was she, Yang Lin, who gave it to us. Lin is your daughter-in-law, right? What can you do if she gives her mother something?"

"You, you..."

Yang Lin's eyes were red, and now he didn't even have the strength to cry.

"Hehe, hehe.

Lin Caisang chuckled twice, really aroused by these dead pigs.

"you....."

"Fathers and mothers of the Yang Lin family, this is what's wrong with you, isn't it?"

Lin Caisang was about to fight back, but she heard Patriarch Lin's voice ringing in her ears, and she immediately fell silent.

If she could get these people away properly, she would naturally not want to use drastic measures. After all, she was not on good terms with Brother Changfeng, so she did not want to do it directly.

"Which one are you?"

Old Man Yang looked at Patriarch Lin and asked.

"Lao Chan is the patriarch of the Lin clan in Ya Village, and he has watched Changfeng grow up. Patriarch Lin looked at Old Man Yang and said.

"When it comes to Changfeng, I really don't know how much hardship I have endured. In order to study well, I often find a bright and bright place where I can read. Even on a snowy day, I still read in the yard. , not afraid of the cold either.

If the reputation of such a hard-working kid is really ruined at the hands of you, his maternal family, then the patriarch, Lao Chan, will definitely not follow him! "

"What does it have to do with us whether you agree or not?"

Old Mrs. Yang jumped out and pointed at Patriarch Lin's nose.

"This boy has become successful now. As his grandfather and grandmother, is it not enough for us to ask him for some filial piety silver? Let alone five taels of silver, it is fifty taels or five hundred taels. We can all afford it. !"

"hiss!"

The two young men who came with Patriarch Lin gasped when they heard her words.

This old woman is crazy, right? Five hundred taels of silver. Not to mention that Lin Changfeng is just a Jieyuan and has not become an official. Even if he does become an official, it is impossible to have so much money all at once, right?

"Yes, if it's an ordinary outsider, we can afford it."

Patriarch Lin did not deny what they said, but nodded to them.

"But are you ordinary maternal wives? Who in our village didn't know what you did to Lin Yang's family back then? Also, in the past ten years, you, a Changfeng maternal family, have , have you ever come to visit him once?

Grandfathers and grandmothers of other people's families all carry things to see their grandchildren. What about you? Have you done anything for Changfeng?

Now that Changfeng is promising, do you think of him? No matter how promising he is, he was created by the Lin family's hands. Does it have anything to do with your Yang family? "

That's not to say it doesn't matter, after all, Yang Lin came from the Yang family.

However, Lin Changfeng had just passed the Jieyuan exam, and someone came to his door. It was really inappropriate, and no one would look down upon them.

"Changfeng is still at home. A scholar who can't lift his hands or carry his shoulders. How much money do you expect from him to give you to spend? According to me, Lao Gang's in-laws, you guys are coming to ask for money. , is it too early?

Chapter 1003 Didn't the cow be taken away?

After all, we have to wait until Lin Changfeng goes to the Imperial City for the Spring Festival next year before he can come to visit, right?

When that time comes, you will also be able to follow Changfeng and benefit from the glory. Now that you are here, are you here to follow in the glory or to add insult to injury? Are you just pointing out that the Changfeng family has been squeezed dry by you and will have no future at all, and you are happy? "

"You...you're talking nonsense! We didn't think that!" Mrs. Yang suddenly became unhappy when she heard his words.

But looking back and thinking about it, if Lin Changfeng really became successful, based on what happened in the past, how could he be kind to the Yang family? Maybe what will happen to them?

Thinking about it this way, Lin Changfeng is still hopeless!

"Whether you think so, I don't want to know."

Patriarch Lin glanced at Old Woman Yang and Old Man Yang lightly.

"But the third brother of the Lin family is just relying on Lin Baiyi to do some carpentry work to earn some scattered silver. If you want to take the silver from their hands, it is impossible. They are still thinking about where to borrow money. It's for Changfengshi!"

"this....."

Old Man Yang took another look at Yang Lin's clothes. They were all patched.

He couldn't help but wonder, were the Lin family really that poor? That old cow is their Lin family... No, he just heard Lin Changfeng say that the Lin family has been divided, and now the third bedroom belonging to Lin Baiyi has been separated.

That old man is not from Lin Baiyi's family, but from the Lin family's eldest family?

Then isn't Lin Baiyi's family extremely poor now?

"Hmph, Lin Baiyi, you cowards. Fortunately, I thought you were a good person back then and even married my daughter to you. How could I have known that you were such a useless person? I must have been wrong about you!"

He scolded Lin Baiyi.

Lin Baiyi curled his lips slightly and thought to himself.

You may have seen it wrong. If you have seen me correctly, then I should be the one crying. You have to move all the things in the house.

"What are you guys doing standing there? Hurry up and leave!"

Old man Yang looked at his sons, then at old woman Yang, said something to them, and prepared to go out.

"Dad, just leave like this? Didn't you take the cow with you?" Uncle Yang was still staring at the old cow. He felt that if there was no money, it would be okay to take the old cow away. At least he could sell it. A few taels of silver.

"What a fart!" Old Man Yang glared at his second son.

Didn't you hear someone say that the cow didn't belong to Lin Baiyi's family, but to the Lin family's eldest family.

The girl who just spoke seemed to be someone who was not easy to mess with. Her aura was not deceiving. If she really took the cow away, she would really be sued to the county government.

He didn't want to spend time in prison at his old age.

"Wait, wait."

Seeing that her family members were all gone, Mrs. Yang also wanted to catch up.

But thinking about the few plates of dried fruits I had just seen in the main room, I swallowed, rushed into the main room, poured the dried fruits in the basin into my chest, covered it with both hands, and hurried out. He left the yard and chased his family.

Everyone: "..."

This is really a family that can only get in and out, and even such a small thing has to be taken away.

"call!"

Yang Lin looked at his parents and brothers leaving, raised his hand to wipe his face, and exhaled heavily.

Chapter 1004: Show mercy to them?

She finally left. If she didn't leave, she wouldn't know what to say.

"It seems that people from the Yang family are really..."

Patriarch Lin smiled helplessly and looked at Lin Laogong.

"Old bastard, you have to make plans in advance. This family won't just let it go."

They were fooled today, but they would figure it out sooner or later. If they found out so many things in Sangsang's name, they might be interested in Sangsang.

The Yang family's face is also indescribably thick-skinned. Next time, they won't be fooled so easily.

"I know."

Lin Laogong was also very tired, but he could only respond.

...

After a while, Patriarch Lin left after saying a few words to Ya Molian.

After making such a fuss at home, Yang Lin was tired and went back to his room to rest, while everyone else went into the main room and sat down.

Lin Changfeng lowered his head, still thinking about his grandfather's family. He really didn't know how to deal with this family. He couldn't beat them, scold them, or drive them away.

"Grandpa, grandma, don't worry about those things. Now that Brother Mo Lian is back, let Brother Mo Lian handle the Yang family's affairs." Lin Caisang saw that everyone was not interested. , then he spoke.

"Ah."

Lin Laogong couldn't help laughing when he heard his granddaughter's words.

"You kid, do you think Mo Lian is working for you? You left it to him. The Yang family is not easy to deal with!"

Not to mention whether to deal with it or not, the Yang family is Changfeng's maternal family after all, so they can't really offend them, right? At that time, Changfeng's reputation will be damaged.

"Grandpa, leave this matter to me, I will take care of it." Ya Molian said to him.

He only found out today that the Lin family and the Yang family were in such trouble, but it was not too late to find out today. He could just make the Yang family have no intention of showing up in Yacun anymore. It would still be possible to find some trouble for them.

"Mo Lian, can you really handle this?" Lin Laogan looked at Ya Mo Lian.

"can."

Ya Molian nodded.

"I just happened to come back today, so I'll take care of this matter first. As for the other things... Grandpa, from today on, it's best for Changfeng to live in Menghuang Mountain. We can't do it just because he passed the Jie Yuan exam. I don't even want to read the book. I have to go to the Imperial City during the Spring Festival next year."

he said.

"Yep."

Lin Laogan responded repeatedly.

"Mo Lian, although the Yang family is not good, they are still Sangsang's third aunt's natal family, so don't..."

"Grandpa, please don't worry about it. Brother Mo Lian knows what's appropriate." Lin Caisang interrupted before Lin Laojie could finish his words.

If the people of the Yang family don't beat them to death with a stick, especially in such a noisy situation today, they don't know how they will ruin Brother Changfeng's reputation outside in the future.

Do you still want her to show mercy to them?

Her grandpa is good at everything, but he is too soft-hearted and cannot be cruel to anyone.

"Brother Mo Lian, you just came back and haven't been home yet. I'll go back with you and help you tidy up the house. It must be full of dust, right?" As she said this, she stood up.

"Grandpa, grandma, I'll go there with Brother Mo Lian."

"Go ahead."

Lin Laogong waved to the two of them.

"You are telling me, then the Yang family came to the door and talked about our family tradition. You still want Mo Lian not to be too harsh to them. What are you thinking about?"

Chapter 1005 The easiest to deal with

After the two people left, Lu Qiubo looked at Lin Laojie, frowning and scolding him.

She now wished that the Yang family would disappear before their eyes and never appear again, although he knew that was impossible.

But Changfeng can't stand any trouble now. They don't dare to do anything outside. The Yang family has come to the door. If those who give gifts to their family know that the Yang family is Changfeng's maternal family, , sent the gift over there...

"Tsk, this is not good. Changfeng, grandma told you that your grandfather's family does not prevent you from interacting with their family, but the truth is...except for your mother, you are the only one in the family. My uncle is a good person. Others...you must never make mistakes for them in the future, you know?"

She warned Lin Changfeng on the side.

"Grandma, I understand."

How could Lin Changfeng not understand?

What do officials fear most? What they fear most is not having no money, but having relatives who have the skills to poke a big hole in the sky.

If the Yang family really did something behind his back, then his life would be over.

What else could there be?

...

"I don't know anything about the Yang family, so I asked Ban Jue to check it out first."

When they arrived at Ya Molian's house, the house had already been cleaned spotlessly, and the two of them sat down in the main room.

Yang Lin's family had never had any contact with each other. Naturally, he would not pay attention to such a family, but now trouble has come to his door.

Fortunately, he's back. If he hadn't come back, Sonny would be alone here and I wouldn't know what this girl would do.

"Not really."

Lin Caisang looked at him and shook his head.

"I have asked people to check before. The life of the Yang family in Yangcun is relatively easy, and it is not to the point of having no food to eat. However, the second uncle of the Yang family is a person who likes to gamble. He goes outside behind his family's back. I borrowed a lot of money.

This time, I guess the second uncle of the Yang family just came to our house to give it a try. If the five taels of silver are really taken away, then the Yang family will be a bottomless pit without end. "

"Have you checked?"

Ya Molian looked at him in surprise.

"Um."

Lin Caisang nodded.

"Before Brother Changfeng went to attend Qiu Wei, I asked people to check the Zhou family, the Yang family, the county governor's house, and everyone who would be involved with Brother Changfeng. This Yang Home is the easiest to deal with."

Because the second uncle of the Yang family was addicted to gambling and lost nine times out of ten, if he wanted to prevent the Yang family from getting ahead again, it would be easy to get in touch with the people who lent money to the second uncle Yang.

"Not only the second uncle of the Yang family, the fifth uncle of the Yang family also has a relationship with two widows in their village. Anyway, it is quite complicated. If this piece of information is dug out, the Yang family's affairs still have to be dealt with.

Of course, no one should know about the fifth uncle of the Yang family. "

Whether it is the matter of Liu Yushui or Uncle Yang, if someone really makes a fuss about it, Brother Changfeng's reputation will definitely be implicated.

There is already something about Liu Yushui that I can't hide. If there is another fifth uncle Yang, it will really be...

"Leave this matter to me."

Ya Molian gave her a reassuring look and said.

"Sonny, what do you think should be done with those people?"

Although everything can be done by him, he still has to ask Sonner how to deal with the Yang family. After all, they are Yang Lin's natal family. As Lin Laojie said, it is always difficult to really deal with the Yang family. Have people been killed?

Chapter 1006 We, the Lin family, look down upon you!

"According to what I said, the Yang family has not been separated yet. They all live together. If the affairs of Second Uncle Yang are revealed at this time, and those creditors come to ask for money..."

Lin Caisang looked at Ya Molian and expressed his inner thoughts.

"I see."

Ya Molian said immediately.

"Let the banishment be carried out, so that the Yang family will never come to Yacun again."

"Um."

Lin Caisang nodded.

"besides....."

"Palace Master, it's not good, people from the Zhou family are here.

In the courtyard, Ban Jue hurriedly came in and said to the two people in the main room.

At this time, Old Master Zhou and the Zhou family had entered the courtyard of the Lin family. After hearing his words, they both stood up.

"What do the Zhou family want to do?" Lin Caisang frowned.

"Sang'er, I never mentioned to you that Zhou Liang failed in the autumn. The Zhou family is also despised by the county magistrate, and he is considering whether to cancel the marriage with the Zhou family."

Yamollian said.

"What?!"

After hearing his words, Lin Caisang was shocked and looked at Ya Molian.

"With the county governor's nine thousand gold, what else is there to choose from? Wouldn't it be better to go directly to harm Zhou Liang?"

What's going on now? Old Master Zhou felt that there was no hope of getting married to the Sheriff's Mansion, so he thought of setting his sights on her, so he came to visit her again?

How thick-skinned is this family!

"Mother, the Zhou family has been here several times, but you are not here. Looking at Lin Caisang's bad expression, he told everything he had learned.

"The Zhou family, I am so kind to them!"

Lin Caisang took a deep breath and stood up from the chair.

"Since they are shameless, why should I save my face for them? Brother Mo Lian, if you have nothing to do, you have nothing to do. Why don't you join in the fun?"

"good."

Ya Molian also stood up, and the two of them walked out of the main room hand in hand.

...

Lin.

After sending away the Yang family who was begging for money, Lin Laogan's expression had just softened a little, but he saw Old Master Zhou coming to the door with his grandchildren.

His expression suddenly became extremely ugly again.

"What are you doing here again? Why are you so thick-skinned? Didn't I tell you that my Sangsang has nothing to do with you at all? Even if your Zhou family has gold and silver, our Lin family won't look down on it!"

Lu Qiubo was preparing to kill the chicken outside the kitchen, because Ya Molian was back and his granddaughter was also back, and he was thinking of celebrating.

Who would have known that the Zhou family came to the door shamelessly this time? She was holding a bloody knife in her hand and just stared at those Zhou family members!

"Sister Qiubo..."

"Who is your Qiubo sister? Old Master Zhou, do you still want to show some respect? You are already a lot older. Stop being a monster and stop coming to my house. Your Zhou family is really not as high as our Lin family. Up!"

Lu Qiubo interrupted Old Master Zhou with a cold face.

"Why can't you reach such a high level? As long as Sangsang is willing, I will immediately ask Zhou Liang to get engaged to her. He Ya Mo Lian can give it to me, and my Zhou family can give it to me, and they can give more."

Mrs. Zhou followed Lu Qiubo's words and spoke.

Lu Qiubo: "..."

Lin Laogong: "..."

This shameless old guy really knows how to climb up the pole. He made it so clear that this guy just thought she was being polite to him, didn't he?

Chapter 1007 Let go quickly, let go!

Haha, she really didn't think there was anything to be polite about with this old guy!

"Old Geng, no, I heard that Ya Molian has left Ya Village, and she will definitely not come back, right?" Seeing that they were both silent, Old Master Zhou continued.

"Your family, Sangsang, has already arranged to get married twice. If we want to talk about marriage again, who would be willing? Only my family, Zhou Liang, is the only one, right? Otherwise, while today is a good day, we will arrange the marriage of these two children. How about settling down?"

Everyone in the Lin family: "..."

Is this old guy sick? Is he still thinking wildly?

"Yes, yes, Grandpa Lao Ge, Grandma Qiubo, I really like Sangsang. As long as Sangsang marries me, I promise that I will be good to Sangsang in the future and will never let her suffer any injustice.

Zhou Liang, who was following Old Master Zhou, saw that neither Lin Laojie nor Lin Laojie had anything to say, so he immediately jumped out and assured them with a shy face.

"Mom, come here quickly. Didn't you tell me before that if Sangsang could marry into our Zhou family, you would treat her well? Tell Grandpa Lao Ge quickly."

Mrs. Zhou was pulled out by her son, and when she was told this, her face suddenly turned red.

It doesn't count that she uses these words to coax her son at home, but it doesn't mean that she has to lose her old face in front of her future in-laws. Besides, who is Lin Caisang?

Being able to let her into the Zhou family's house has already given her a huge amount of face. Why do he want her to look good on Lin Caisang?

Should she be asked to worship Lin Caisang as a Bodhisattva?

"Mom, please speak quickly, why don't you speak?"

Seeing that his mother was still silent, Zhou Liang immediately urged her.

"I....."

"I think Mrs. Zhou is too forgetful, right?"

Suddenly, a familiar voice behind her interrupted what Mrs. Zhou was about to say.

Hearing this voice, Mrs. Zhou's face suddenly became uncomfortable, and her whole body froze even more. She stiffened her neck, turned her head, and watched Lin Caisang slowly walk in. Moreover, she was not alone unless she was following him. I've seen Ya Mo Lian several times!

"Sangsang, you're back, you..."

When Zhou Liang heard Lin Caisang's voice, his eyes suddenly lit up and he hurriedly ran towards Lin Caisang.

However, as soon as he turned around, he saw Ya Molian and saw their hands tightly connected. His face suddenly turned green, as if his wife had put a big cuckold on him.

"What are you doing? Let go, let go!"

He rushed towards the two of them, reaching out to pull their hands away.

next moment.....

"ah!"

A scream rang out, and everyone saw that before Zhou Liang could touch Lin Caisang's hand, he was kicked in the stomach by Ya Molian, jumped up, and fell heavily to the ground.

"Liang'er!"

When Mrs. Zhou saw this, her face suddenly turned pale. She ran towards her son who fell to the ground and helped him up.

"Ya Mo Lian, you dare to hurt my Liang'er, do you know what you are doing?!" Old Master Zhou stared at Ya Mo Lian, so angry that his beard almost stood on end.

His grandson, no matter how big a mistake he made, he would not let go of a hair on his head, but today he was beaten by Ya Molian. It was really good, good job.

"If you dare to touch Son'er, I will show mercy without breaking his hand!" Ya Molian glanced at Old Master Zhou with cold eyes and said.

Chapter 1008 A black-hearted family!

Could his son be touched by Zhou Liang's dirty hands? This time it was just a warning. If there was a next time, he would cut off his hand directly so that he would never be able to touch Sonny again!

"Old Master Zhou, you are also a well-known old gentleman. Can't you teach your own grandson well? Sonny is my fiancée. How can your grandson be able to touch him if he wants? His hand has not been broken. You should be lucky!"

"you--"

After hearing his words, Old Master Zhou felt his eyes darken.

After all, he did something wrong, actually throwing away such a good marriage from the Lin family!

Originally, he could have a good grandson-in-law, and Ya Molian could also be his grandson-in-law. What a great thing, but he messed it up!

"Mo Lian..."

"Ya Molian, who do you think you are? Sangsang is my fiancée. My marriage to her has been decided since I was a child!" Before Mrs. Zhou could say anything, she was beaten by Zhou Liang who got up from the ground. broken.

He rushed towards Ya Molian and Lin Caisang again, but after taking a few steps, he was pulled back by Mrs. Zhou.

"Liang'er, don't go, don't go over." Mrs. Zhou pulled her son tightly.

Knowing that all of them together are no match for Ya Molian alone, this man is very scary.

"Lin Caisang, if you repent today, it's still too late, and you will still be a good wife of my Zhou family in the future. If you insist on being with the reckless man, you will not only destroy yourself, but also your cousin Lin Changfeng's life." Reputation, do you know?"

She looked at Lin Caisang and tried to use Lin Changfeng to stab Lin Caisang.

"Do you think Yamo Lian, a hunter, can give you so much as a gift based on something in the mountains? He may have gotten his money from somewhere, or it may have been a life spent!

If these things are revealed, Lin Changfeng will be completely ruined in the future and will be killed by you! "

Lin Caisang: "..."

I have to say that this wife of the Zhou family is really imaginative and dares to think about anything.

"Mrs. Zhou, please stop talking so shamelessly!"

At this time, Lin Changfeng stood up and glanced at Mrs. Zhou with angry eyes.

"If our Lin family gets involved with your Zhou family again, we will be in danger. As for your dirty and vicious thoughts, you should keep them for your own family. Don't come out to harm others! My Lin family can't reach your level. This evil-hearted family!"

"You...Lin Changfeng, you are a Jieyuan, how can you speak so viciously? What heinous thing did I do that made you curse me like this?" Mrs. Zhou cursed at him.

"What evil things? Does Mrs. Zhou want me to tell you one by one in front of so many people?" Lin Changfeng asked her.

"you--"

After Mrs. Zhou spoke for a while, she remembered the incident on the official road before, and her face became even more ugly.

She was still thinking about this matter. She always wanted to get it back from Lin Caisang. After Lin Caisang married into her Zhou family, she would have plenty of time to slowly settle things with Lin Caisang.

Now it seems that Lin Changfeng has remembered this matter.

"Brother Changfeng, why do you need to tell her this?"

Lin Caisang saw that Mrs. Zhou was already angry to death, but she didn't dare to let Lin Changfeng talk about those things. She felt that Lin Changfeng was still not suitable to talk to someone like Mrs. Zhou, so she stood up and came out.

Chapter 1009 Who do you think you are, a princess?

"Mrs. Zhou, let me remind you that the people you bribed back then were not just you who could be bribed with money. People who are blind to money will naturally listen to whoever gives them more money.

Of course, I think that my current wealth is no less than that of your Zhou family.

How about it, Mrs. Zhou, do you want to compare with me, eh? "

"you....."

Mrs. Zhou opened her mouth, but didn't know how to reply.

"Also, Mr. Zhou, I have advised you before that you should save some face for yourself as a human being. Don't lose all your face. Only then will others come. You feel that it is because others don't give you face that they let you His face was disgraced.

Your Zhou family and I have broken off our engagement a long time ago. If you have forgotten, I still have the divorce papers I wrote at that time, which have been kept very well. Of course, I won't show them to you, so as not to When I got it, it was damaged by someone in your family, and it was not mine. From now on, I won't even have a place to talk!

Now, Brother Mo Lian and I are engaged. If you continue to make such unreasonable troubles, it will really make it difficult for our Lin family to behave.

Mr. Zhou, as an elder, you are also well-known in Qianlin County. You should not do these things that are beneath your status. Otherwise, if you think that it is our Lin family's fault that you broke off the engagement with Zhou Liang, I will I can definitely accompany your Zhou family to the county government office.

How about letting the county magistrate publicly hear the matter of our Zhou and Lin family's divorce? "

Lin Caisang looked at Old Master Zhou and asked.

"Sang Sang, my Liang'er still has you in my heart."

Old Master Zhou was told this by Lin Caisang. Although he could not save his face, for the future of the Zhou family, he still had to patiently persuade Lin Caisang.

"Look at Liang'er, my heart is full of you now. In the future, you will marry into our Zhou family and live happily..."

"Shut up!"

Lin Caisang shouted sharply and interrupted him.

"Old Master Zhou, you didn't understand what I told you so much, did you? Who do you Zhou family think you are, do you deserve to have anything to do with me, Lin Caisang? Zhou Liang? Someone who likes a woman when he sees her, also Do you deserve to let me, Lin Caisang, take another look?

Are you, the Zhou family, really going to make yourself proud? Let me tell you, even if your Zhou family is related to the emperor, I will not like your family. Now, get out of my house right now! "

She pointed in the direction of the courtyard gate and said to Old Master Zhou.

"you....."

Old Master Zhou was so angry that he staggered and almost fell to the ground.

"Lin Caisang, why is my Liang'er not good enough for you? Who do you think you are?"

On the other side, Mrs. Zhou became angry when she heard that Lin Caisang had devalued her son as worthless.

"You're a country bumpkin who doesn't know how to read. If my Liang'er falls in love with you and marries you as a concubine in our Zhou family, it's already a tribute to the ancestors of your Lin family! How dare you find it inappropriate to do this or that? Yes, who do you think you are, princess?"

"mother!"

Zhou Liang listened to his mother's words, although he agreed in his heart.

However, after all, he wanted to marry Lin Caisang first. Before he got the girl, he didn't want to get involved again, so he secretly pulled Mrs. Zhou's arm.

"Mom, what's your mother? Did I say anything wrong about your mother?"

Mrs. Zhou waved her son's hand away and glared at him viciously.

Chapter 1010 I have long been attracted to you

"Look at her, and then look at the Lin family. She doesn't have anything to ask for, but she only yells at people. No matter how you look at her, she is a despicable person. How can she compare with Miss Ninth of the County Sheriff's Mansion?"

Hearing Mrs. Zhou's words, Lin Caisang just curled her red lips slightly and did not reply.

However, when she thought of Miss Ninth of the Sheriff's Mansion, she couldn't help but feel happy. She was just waiting to see how the Zhou family would marry that girl into their family and see how they would end up.

On the other side, Old Master Zhou looked at the Lin family and couldn't make any sense, so he fixed his eyes on Ya Molian.

He had heard before that Yamo Lian had given the Lin family a lot of good things just for being engaged to Lin Caisang, so there must be more in his family, right? If he could really win Yamolian into his home as he thought before, that would definitely be the best.

Moreover, as long as Ya Molian and Lin Caisang broke off their engagement, he would come back to propose marriage to Lin Laogan. If Lin Laogan didn't want to agree, he would have no choice but to agree.

He gritted his teeth and looked back at the girl who had been standing behind him without saying anything. She was his granddaughter and Zhou Liang's biological sister.

"Yan'er, come here."

He waved to Zhou Yan and motioned for her to come to him.

Zhou Yan obediently took two steps forward and came to her grandfather's side.

"grandfather."

"Yan'er, that's your brother Mo Lian. When you came to the Lin family before, you met him once or twice. Go over and say hello. Old Master Zhou ordered Zhou Yan.

"Wha...what?!"

Zhou Yan was suddenly asked by her grandfather to greet a strange man, and was so frightened that she almost couldn't recover.

Especially when she turned her head and saw Ya Molian's fierce face, she was so frightened that she shivered and almost retracted her head into her neck.

"Grandpa, I...I won't go." She shook her head, unwilling to go there no matter what.

"What are you afraid of? Come here!"

Old Master Zhou glared at Zhou Yan.

Seeing that she was really scared, he directly reached out, pulled her arm, and led her towards Ya Molian and Lin Caisang.

"Mo Lian, this is your sister Yan'er. You have met her before, right? Look, your child is very popular. My Yan'er has been attracted to you for a long time. Don't let down my Yan'er. It's so heartfelt."

Everyone in the Lin family: "..."

Is this shameless old man really the face-loving old Master Zhou?

Ya Molian: "!!!"

If his hand hadn't been held tightly by Sonner at this moment, preventing him from making any move, he would have thrown these shameless guys out directly!

As for Lin Caisang, she really felt that she was wronged.

In fact, she didn't mean to hold Ya Molian's hand, she was just too surprised and couldn't recover for a while.

This old guy is so awesome. He even poached her. Zhou Yan has a crush on her brother Mo Lian. Do you think everyone is blind? Can't you see that Zhou Yan is eager to rush out of the door at this moment?

To put it another way, even if Zhou Yan really likes her brother Mo Lian...

Did you think that her fiancée was dead? She actually wanted to target her brother Mo Lian in front of her.

"hehe."

She sneered twice and looked up and down at Zhou Yan beside Old Master Zhou with her beautiful eyes.

"Brother Mo Lian, can't you tell? There are so many girls who like you everywhere. Just a random person like this is the girl who likes you."
