Chapter 1011 Go and sit at Brother Mo Lian's house

"Sonny, you should know me.

Ya Molian looked at Lin Caisang, raised her hand and tapped the tip of her nose.

"In my eyes, all the women in the world can only be divided into two types, you and others. You are the one who wants to accompany me throughout this life, and other people...if they dare to destroy me and you, then I will make her a dead person!"

As he spoke, he looked at Zhou Yan with bloodthirsty eyes.

"hiss!"

Zhou Yan gasped and really wanted to rush out of the door.

But at this moment, her grandfather was holding her arm tightly, and she couldn't even walk.

"Grandfather...grandfather..."

She looked at her grandfather with tears in her eyes, wanting him to let her go.

But how could Old Master Zhou fulfill her wish? At this moment, all he wanted to do was to make Ya Molian fall in love with his granddaughter. In that case, everyone would be happy.

"Yan'er, your brother Mo Lian is joking with you. He is doing it in front of your sister Sangsang. It's not good to embarrass her. In this way, we won't stay in the Lin family anymore, and we will follow you Mo Lian. Let's go sit at his house."

After he spoke to his granddaughter, he looked at Ya Molian with a smile.

"Mo Lian, you see my Yan'er is also pretty good. She can go to the living room and go to the kitchen, which is much better than some people. If you don't mind it, then we will go to your house to sit down and tell you about the marriage. How about settling down?"

To be honest, it is your blessing to be engaged to my Yan'er. As for Sangsang, this girl will always be my Zhou family's daughter-in-law from now on, so you don't need to care about her.

Everyone in the courtyard: "..."

They have never seen anyone so thick-skinned.

As for the granddaughter of his Zhou family, as long as he can like other people, it is the blessing of other people's families. It doesn't matter whether others are engaged or have a sweetheart?

Lin Caisang took a deep breath and looked at Old Master Zhou, whose face was thicker than the city wall.

His lifelong reputation would be completely destroyed at this moment, right?

"Old Master Zhou, I'm still here. Xiao Xiang, my man, Lin Caisang, have you asked me if I agree? I'm afraid everyone in the Zhou family is sick, right? And the illnesses are unclear!"

As for me, I can be considered a doctor after all. How about I take advantage of your family being here today to show you all the disease and see if I have it? Don't worry, I'll give you a discount on the consultation fee, it won't be very expensive. "

She looked at Old Master Zhou with a faint look and said coldly.

"I'm talking to Mo Lian, what's the matter with you!"

Old Master Zhou's face turned dark and he cursed at Lin Caisang.

"I haven't even learned the rules of how to treat others. I just want to get married. I don't mind that it will disgrace the Lin family! You really should let your grandpa and grandma teach you. When men are talking, women should Interrupt!"

Lin Caisang: "..."

"you....."

"Sonny, leave it to me."

Lin Caisang was about to reply, but was interrupted by Ya Molian. After his eyes glanced at her softly, he looked at Old Master Zhou again and instantly became cold.

"Old Master Zhou, you are not going to make things easier for the Lin family today, are you?"

"How did you say this?"

Old Master Zhou smiled when he heard what he said.

He snorted coldly in his heart. The leader of the Lin family actually disagreed with Lin Caisang's marriage to his grandson. How could he make it easier for the Lin family?

He must bring this man Ya Molian into his home, and no one can object to this.

Chapter 1012 Are you sure you don't want to leave?

"Mo Lian, our Zhou Ya family is discussing marriage now, and it has nothing to do with their Lin family. Don't worry, my Yan'er is a good hand at home. The dishes she makes are so delicious. Yes, I promise to take good care of you in the future.

On the side, Zhou Yan's face turned red to her ears as she listened to her grandfather's words.

What about cooking? She has servants at home, does she still need to do those things? If she was asked to enter the kitchen, it would be good if she didn't burn the kitchen down. Fortunately, her grandfather could boast about this Haikou!

"When you marry me, do you mean to marry a slave and bring her home to cook and clean?" Ya Molian said.

"If this is really the case, then if there are a lot of people like this in the dental shop, just bring in a few people, it will be much better than this one in your house. There is no need to make me angry now, Mr. Zhou, you are so self-aware, you can't do it. .

"Well."

Old Master Zhou choked at his words.

"How can this be the same? If you marry Yan'er, she will be able to give birth to children for you! Can those slaves in the dental shop compare to that?"

Lin Caisang: "..."

This week, the old master really compared his granddaughter with the slave woman in the dental shop.

It was really sad to have such a grandfather, she finally saw it.

"Old Master Zhou, even a woman can give birth to children," she reminded.

Of course, if Zhou Liang really married the nine thousand gold man from the county governor's mansion, it would be impossible to continue the Zhou family's legacy. Of course, she knew this.

It's a pity that even if she knew about it, she would not tell Old Master Zhou and his family.

"You...let me talk too much!"

Old Master Zhou was so angry.

This Lin Caisang is simply a troublemaker. She is everywhere, but she is annoying and doesn't even know it!

I don't know how Lin Laogong taught his granddaughter!

"Old Master Zhou, are you sure you don't want to leave?" Ya Molian looked at him coldly and asked for the last time.

"Let's go, let's go."

Old Master Zhou said quickly.

"Let's go, Mo Lian, let's go to your house to talk, go..."

"Excommunicate, drive this shameless family out of Yacun! If they dare to enter Yacun again, their legs will be broken directly!" Before Yamolian could speak, Lin Caisang faced the yard. Li shouted.

The next moment, everyone felt a strong wind blowing in front of them, and then, a scream sounded.

"ah!"

Zhou Liang, who was standing next to Mrs. Zhou, was first picked up by Ban Jue and thrown directly outside the Lin family courtyard.

"Liang'er, Liang'er."

It took Mrs. Zhou a long time to react and hurried out to see her son.

"You...who are you?"

Old Master Zhou trembled when he saw the sudden appearance of the banishment, but he was still scared in his heart.

But thinking that this person only appeared after Lin Caisang spoke out, he suddenly had a plan in mind and turned to look at Ya Molian.

"Mo Lian, look at it, how long has it been since you came back? Lin Caisang has a sweetheart around him. Do you dare to ask for such a girl? Our Yan'er is better, right?"

Listening to his words, Ya Molian took a deep breath.

"Exile Jue, throw all the people out." He ordered to Exile Jue.

"Yes, Master."

Ban Jue responded, stepped forward, and walked in front of Old Master Zhou.

"Old Master Zhou, do you leave on your own, or do I throw you out? You choose one."

Chapter 1013 Leave it to me

"you you....."

Only then did Master Zhou realize that this man was not Lin Caisang's, but was brought back by Ya Molian after he went outside.

"You...you are doing well! Ya Mo Lian, you don't like a girl as good as my Yan'er, but you choose Lin Caisang, who is nothing. Just wait and see, you will regret it in the future. when!"

With that said, he pulled Zhou Yan and led the people out of the Lin family's yard.

"Grandpa, I won't leave. I want to marry Lin Caisang. Didn't you promise me? You will definitely let me marry Lin Caisang. How can I leave now?" Outside the yard, Zhou Liang still refused to leave.

"If you don't leave, are you going to embarrass yourself here?" Old Master Zhou glared at him and said.

Everyone in the Lin family yard: "..."

You, the Zhou family, haven't lost enough people here today. Even the words "disgraceful" are not enough for your family to share!

Finally, Zhou Liang reluctantly left under the dragging of several members of the Zhou family.

As for the Lin family, they were really disgusted by this family, but what could they do? After all, they can kill people directly if they are not disgusting.

I can only bear with it.

"Leave the affairs of the Zhou family to me." Ya Molian just said to Lin Caisang.

"Um."

Lin Caisang didn't say anything and nodded.

The Zhou family actually has nothing to say. The defeat has been decided. It is understandable that Old Master Zhou would become so shameless.

After all, Zhou Liang became what he is now after breaking off his engagement with her. He used to know how to put on a show at home to make his family think he was a promising person.

Now, Zhou Liang failed in the autumn period, and Old Master Zhou directly connected this with the breakup of the engagement with her.

Does he think that as long as Zhou Liang can get engaged to her again, Zhou Liang will still succeed in three years? In that way, the glory of the Zhou family will come back, and it will not become unpopular and no one cares about it.

"Mo Lian, do you want to go back? Let's have dinner here. It's deserted to go home alone. Oh, who...you call this banishment? You can also eat at home."

When Lu Qiubo saw that Ya Molian was leaving, he quickly spoke out to persuade her to stay.

Naturally, Ya Molian would not refuse, but he still had things to deal with.

"Grandma, I'm going to take care of some things first and come back later." With that said, he raised his hand and patted Lin Caisang's head, then left with Ban Jue.

"Sang Sang, come on, come over and help grandma light the fire."

Seeing Ya Mo Lian leave, Lu Qiubo watched everyone in the yard disperse, and Lin Laojie was pushed back to the room by Lin Baiyi, so he called his granddaughter to the kitchen.

"okay."

Lin Caisang entered the kitchen in response and glanced at Lin Changfeng who had already entered the kitchen and was picking vegetables.

"I didn't expect that there would be so many moths in the Zhou family." She sighed softly, sat down under the stove, and started to light the fire.

"Ugly people are causing trouble in the Zhou family this time!"

Lu Qiubo said something and continued to do her thing.

"The Zhou family originally pinned everything on Zhou Liang, but now that Zhou Liang has no hope, they will naturally try their best to remedy the situation. Now, they will focus on you again.

Phew, the people in the Zhou family are thinking beautifully! "

She took a sip and felt funny when she thought of what Old Master Zhou had just done.

Chapter 1014 Grasshopper after Autumn

Seeing that her family Sang Sang had a difficult idea, she actually wanted to force her granddaughter to Ya Molian in front of so many people. It was only thanks to Old Master Zhou that he was so thick-skinned that he could come up with this idea.

"We have to let Mo Lian deal with them properly, otherwise, they won't even know who they have offended!"

"Grandma..."

Lin Caisang looked at his grandma speechlessly.

"The Zhou family are already like grasshoppers after the fall. They can't jump out. Even if no one comes to clean them up, they are just clowns. You really can't be angry with such people."

she advised.

She really didn't care about the Zhou family. Even if Old Master Zhou did something, it would still depend on whether the Lin family was willing to let the Zhou family do it.

To put it another way, even if the Zhou family wanted to discredit their family, the way outsiders would interpret it would be that Zhou Liang failed in the autumn, and the Zhou family was not very popular, so this happened.

However, the Yang family is different. The Yang family is Brother Changfeng's maternal family.

If they go out and say something, even if it is not the truth, other people will most likely believe it if they hear it.

Therefore, she and Brother Mo Lian have the same idea. The most important thing now is to deal with the Yang family.

"Brother Changfeng, Brother Mo Lian and I are going to deal with the Yang family. Do you have any ideas?" She looked at Lin Changfeng seriously and asked.

Hearing this, Lin Changfeng thought for a while and finally shook his head.

"As long as no one is killed, I don't have any other ideas."

If the Yang family hadn't gone too far, he wouldn't have such thoughts, but with those mouths of the Yang family, who can guarantee that they won't talk nonsense?

Therefore, his request was limited to not causing any loss of life, that's all.

"As long as you have such an attitude, it will be easy to handle." Lin Caisang said.

...

In Yangcun, just as Lin Caisang expected, it was impossible for the Yang family not to talk nonsense outside.

When I came back from Yacun, I didn't get a single coin. Along the way, whenever I met someone, no matter if she was familiar with him or not, Mrs. Yang would drag them and talk about Lin Changfeng's faults with Jieyuan.

No one else in the Yang family has seen anyone, but everyone knows about the newly released Lin Jieyuan. Even if they haven't seen it with their own eyes, they have always heard about it. There is an extraordinary person in Yacun.

The Yang family returned to Yangcun, and along the way, Lin Changfeng's reputation was ruined.

Although most people don't believe it, rumors always come from disbelief to belief. Who cares whether it is true or not?

The news that Lin Changfeng kicked the family out quickly spread.

When Old Man Yang and Mrs. Yang returned home, they were still sulking, but they saw their daughters-in-law. When they came back, they looked at them eagerly and kept asking about the money.

"No, where did the money come from? I'm so angry!" Mrs. Yang glared and said angrily.

"No, how come there isn't?"

When Aunt Yang heard what her mother-in-law said, her eyes widened immediately and she looked at Uncle Yang.

"What's going on? Why didn't you get the money? Is it because that little bitch Yang Lin refused to give it?"

"What can I give? The family is poor." Uncle Yang shook his sleeves and said.

"How can you be poor? You fool, you must have been deceived by your sister. I have already inquired about it. The Lin family is very powerful now. The little girl from his family, named Sangsang, is in the county. I have a shop here, how can I have no money?"

Chapter 1015 I am so sorry that my intestines are blue

Second Aunt Yang stretched out her hand and twisted her husband's arm and said harshly to him.

"Then...then they have separated a long time ago."

Uncle Yang whispered to his wife.

That Lin Caisang is the eldest child of the Lin family. No matter how much money he earns, it has nothing to do with his sister. They still can't get a single copper!

"You're stupid!"

Second Aunt Yang was so angry when she heard what he said.

"What kind of separation of families? Do you believe this? The two old guys of the Lin family are not dead yet, so what kind of separation of families? Even if the family is divided, if your sister's family is in trouble, can their eldest brother not help?

You guys were just fooled. Mom, did you listen to me? Did you see anything in their yard? "

She looked at her mother-in-law and asked.

Mrs. Yang was stunned for a moment when she heard what her second daughter-in-law said.

Recalling that when she was at the Lin family's house, she paid special attention to the Lin family's yard. There were not only cows but also several pigs and old hens. She also took a look at the kitchen of her house. It's hanging pork.

It is definitely impossible to say that such a family is poor!

"Old man, we were deceived by that little bitch A Lin. How could their family be so poor? You didn't see what that brat Lin Changfeng was wearing. What's the difference? Only the clothes A Lin was wearing were patched. , everyone else is well dressed!"

Even Lin Laogeng, who had broken his leg, was wearing brand new clothes!

Good guy, after all her life, she was so smart that she was tricked by her stupid daughter. How could she not be angry?

At this time, she was so regretful that her intestines were green. If she had known it, she would have sat in the Lin family's yard and not left. Would they dare not give her any money?

"The person who killed Qian Dao asked them for fifty taels of silver. He refused to do so. Wait, let's go back tomorrow and ask him for fifty taels. If they don't give it, we won't leave!"

"Mom, is this... too much?" Uncle Yang hesitated after hearing his mother's words.

"I think that brat Lin Changfeng spends a lot of money on weekdays. No matter how much stuff they have at home, I'm afraid it won't be enough for Lin Changfeng."

"Uncle Fifth, what do you know!"

Second Aunt Yang glared at Uncle Yang.

"The granddaughter of the Lin family may be patient. Not only did she open a shop, but her father also bought her a mountain and a big land when the Lin family lived there. I heard that the Lin family only grew food this year. , enough to feed a village for a year."

"real?"

Old man Yang looked at his second daughter-in-law and asked.

"Can this be false?"

Second Aunt Yang raised her eyebrows, feeling that what she had heard must be correct.

"Old man, listen, what the second daughter-in-law said is definitely right. The Lin family is so weird that they must have deliberately not given us money." Mrs. Yang has always stood by her daughter-in-law.

What's more, this is related to whether their family can get money, so they have to stand on their own side.

"Alin, that unfilial thing, really married into someone else's family. She is a born white-eyed wolf. She still complains about poverty and asks for money from us. I think she is just playing tricks!"

"Mom, don't say that. The fourth sister is very nice. If she can help, she will definitely help our family." Finally, someone in the family stood up and said a word for Yang Lin.

"Old Qi, you idiot, what do you know!" Seeing him speak, the third daughter-in-law of the Yang family opened fire and scolded him in unison.

Chapter 1016 I can't kill their family!

"My parents are not doing this just for you. Look at you like this. If you don't have a few taels of silver, how can you find a wife for you? It doesn't matter how old you are. You don't even have one now." I didn't even see my wife's hair!"

"That is, if you can, go and find a wife yourself. Don't expect our son to die for you in the future!"

"You know you can't speak, but you still don't shut up. Do you think it's easy to earn money now? My parents are so old, and they have to go out to earn money for you. You are still making sarcastic remarks at home. Tell me, you are still human. ?"

"I....."

Yang Laoqi opened his mouth, but finally closed it and said nothing.

He knew that no matter what he said, he would never be able to speak out against the three sisters-in-law in his family.

However, he knew in his heart that when his parents went to the fourth sister's house to ask for money, it was not for him at all. What kind of wife? He had never even thought about it, let alone his parents never told him about it.

"Old Qi, you are a coward, why don't you go back!"

Mrs. Yang glanced at her son, and the anger in her heart became even more intense.

"If I had known you were such a coward, I shouldn't have given birth to you in the first place!"

The seventh eldest son of the Yang family really has the best temperament in the family. Although he is a bit unusual in appearance and is naturally a sloppy person, he has never been left behind in the work at home.

When Yang Lin got married, he was only seven years old. Before Yang Lin got married, Yang Lin was doing the work at home, but after she got married, seven-year-old Yang Laoqi took over the responsibility.

Nowadays, Yang Laoqi is already twenty-five years old, but because of his appearance and legs, no girl is willing to marry him.

Of course, looks and sloping legs are only a small part of the reason. The key is that as soon as the blind daters hear about the Yang family's situation, no one wants their girl to marry into such a family and suffer hardship.

Therefore, Yang Laoqi, who has already reached the age of getting married, still does not have a wife.

"Hmph, I'm going to the Lin family tomorrow. If they don't come up with money, I'll see if I can kill their family! Unless they don't want Lin Changfeng's reputation as that brat!"

Yang Laoqi, who was about to enter his room, couldn't help but turn around when he heard his mother's words, glanced at her, turned around, and sighed softly.

"Yes, mother, you are right, I will go with you tomorrow." Second Aunt Yang immediately agreed.

"Mom, I'm going too!"

Aunt Yang also echoed.

...

In the room, Yang Laoqi was sitting on a futon on the ground, weaving straw mats. This was the only thing he knew how to do. When the weather gets hotter next year, he could take these straw mats to the town and sell them for a few bucks.

He felt sad when he thought about what he heard his parents say in the yard.

"Why don't they think about it? It's not easy for the fourth sister!"

The three daughters of the Yang family, that is, his three sisters, the third sister married far away and was sold to a poor ravine as if she was selling herself. His parents knew that there would be no benefit from the third brother-in-law.

And where Sixth Sister is...

The sixth sister was sold to a dental shop for money, and now she is working as a slave and a maid. It is impossible for her parents to reap the benefits.

The only one who can get it is the fourth sister.

But those things his mother did many years ago had ruined the fourth sister's affection for them, right?

Chapter 1017 The seventh eldest son of the Yang family?

Now that we know Changfeng is promising, his parents still want to come to ask for benefits?

Is anything really that cheap in this world? Which is so good? The fourth sister didn't kick the person out directly, she just pretended to be poor. Is it for the sake of her relatives?

However, the fourth sister can't really survive, right?

"It shouldn't be the case, the fourth brother-in-law is a good person." He shook his head and said.

However, thinking about his mother going there tomorrow and bringing her sister-in-law and the others with her, he felt his heart tingling. If these four women started making trouble together, who could bear it?

Thinking of this, he stood up and looked outside through the crack in the door to make sure there was no one in the yard. Then he turned to a corner of the room, turned over the broken barrel there, and then removed it from the barrel. A piece of wood was dug out from underneath.

With a 'click' sound, a few pieces of broken silver fell into his hand.

This was the money he earned from selling straw mats and going up the mountain to pick some wolfberries and sell them in the town over the years. Half of them were given to his parents, and the other half he secretly hid.

"Send it to Fourth Sister tomorrow so that Fourth Sister can give my money to my parents." He murmured.

...

Early the next morning, not long after dawn, there was a knock on the Lin family's courtyard door.

Lu Qiubo was busy in the kitchen. Breakfast had just been prepared. When he heard someone knocking on the door outside, his heart skipped a beat.

"Who?"

She came out of the kitchen and shouted out to the yard.

Yesterday, the Yang family and Old Master Zhou made trouble one after another. She always felt fuzzy in her heart, as if someone was going to make trouble at any time.

"Fourth sister's mother-in-law, it's me, the seventh son of the Yang family." Outside, it was Yang Laoqi who had rushed over overnight.

"The seventh child of the Yang family?"

Lu Qiubo paused and thought for a long time before he remembered the seventh child of the Yang family.

When it comes to the Yang family, everyone thinks that they are the tyrants of Yang Village. The men are arrogant and unreasonable, and the women are just messy. However, this Yang Laoqi has always been like a shadow in the Yang family.

Anyway, Lu Qiubo had never met the seventh child of the Yang family. He had only heard of this person from Yang Lin's mouth.

"Wait a minute, come and open the door."

With that said, she opened the door and let the person in.

...

After a while, Yang Lin and Yang Laoqi sat in the main room together.

"Wen'er, why are you here? This genius...are you on your way at night?" Looking at the strange man in front of him, Yang Lin's eyes were red and he didn't know what to say.

She was familiar with the other members of the Yang family, they were her own family members after all, but the seventh child, Yang Wen, was only seven years old when she got married. Even though she returned to her parents' home in the next few years, the last time was thirteen years ago. Yang Wen was only twelve years old at that time.

It is very different from now.

"Fourth sister, are you...pregnant again?" Yang Wen looked at Yang Lin's belly and asked.

"Um."

Yang Lin nodded.

He reached out and touched his belly to answer Yang Wen's words.

"It's been seven months, and I will give birth in less than March. It will also be in the first month of next year."

"Then you have to take good care of it."

Yang Wen was a little embarrassed, and didn't know what to say for a moment. Looking at Lin Laogan, Lu Qiubo, and Lin Baiyi talking in the yard, he had to speak up even if he didn't want to say anything, so he reminded Yang Lin in a low voice.

"Fourth sister, yesterday I heard that my mother and sisters-in-law were coming to your house again today, so I just wanted to... come and tell you."

Chapter 1018 It's all fake!

"them....."

Yang Lin really didn't want to mention the people in the Yang family, but no matter how much she didn't want to mention them, they were still her natal family. What could she do?

"Let them come. Changfeng is not at home today. They can come as they please. Anyway, I don't have any money to give them. Otherwise, let them cut my flesh and sell it."

She knew very well that it was a bottomless pit. If you took it today, you would come back to get it tomorrow, endlessly.

"Fourth sister..."

Yang Wen looked at Yang Lin like this and took a deep breath.

"Fourth sister, I still have a few taels of silver here, which I have earned over the years. If mother and the others come, give these to them..."

With that said, he took out all the money he had from his arms and wanted to stuff it into Yang Lin's hand.

"How can this be possible? Wen, hurry up and put the money away." Upon seeing this, Yang Lin quickly stuffed the money back.

"You kid, you brought all the money. If your wife finds out, it's time to start a fight with you. You..."

"What kind of wife? Fourth sister, I haven't married a wife yet." Yang Wen said.

"What?"

Yang Lin was stunned when he heard what he said.

"Wen, what are you talking about? You haven't...you haven't married a wife yet?"

"yes.

Yang Wen nodded, lowering his head.

With his ugly appearance, who would want to marry him? What's more, marrying into their Yang family would mean working with him as a cow and a horse in the Yang family. Which girl would be willing?

"So, you take the money first and deal with your mother and sisters-in-law first. I will figure out the rest later."

"You don't have a wife?"

Yang Lin murmured Yang Wen's words, feeling shocked.

Her brother is already twenty-five years old, how could he not have a wife yet?

"That's not right, Wen. Back then...when my mother came to me and asked me for money, she said yes...you were getting engaged, and the girl's family wanted a dowry gift of three taels of silver. At that time..."

That year, that is, thirteen years ago.

Originally, her family still had a few taels of silver. Even if she gave birth to Lin Caihe, she would still be able to survive on those few taels of silver.

But at that time, her mother came over and said that Yang Wen was getting engaged. The girl's family wanted a betrothal gift of three taels of silver before they agreed to the marriage. Otherwise, they would marry the girl to someone else.

As soon as she and Lin Baiyi put it all together, they discussed with her parents and her uncle Lin Baizhong, and gave her mother a few taels of silver from the family and asked her to take it back.

But as a result, when her mother went back that day, she actually took away all Lin Caisang's clothes and didn't even leave her a diaper. If the uncle hadn't brought Sang Sang's clothes, her daughter would not have been allowed to wear them. Frozen to death?

However, now she actually told her that Yang Wen was not engaged, let alone married? !

"No, Fourth Sister, when did this happen? My mother has never made an engagement for me." After hearing Yang Lin's words, Yang Wen was also stunned.

"That's...that's the year He Yatou was born." Yang Lin said.

Yang Wen was only twelve years old at that time, but if it was just for an engagement, twelve years old was acceptable. The sooner the marriage was finalized, the better.

She never thought that this so-called marriage would be all fake!

Yang Lin looked at his sister blankly.

He thought that his mother just took back the clothes and didn't do anything else, but he didn't expect that she actually asked for money from the fourth sister and used his marriage as an excuse!

Chapter 1019 Finally saw it again

"How could mother...how could she do this?"

His hands holding the silver were shaking, and he didn't know what to say.

"Sister, forget about the past for now. Mom and sister-in-law will definitely be here soon. You take the money first, I have to leave now."

After a long while, he came to his senses, stuffed the money into Yang Lin's palm, and was about to leave. If he met his mother and sisters-in-law here, his life would be difficult.

But at this moment, a sharp roar came from the yard.

"Mom, am I right? Yang Laoqi stole the family's money and gave it to Yang Lin, a little bitch." Several figures jumped directly over Lin Laogan and Lu Qiubo in the yard and rushed into the main room. .

Aunt Yang's proud voice came to my ears.

"Well, you cheating Yang Laoqi still dares to give money to a bitch like her behind my back. You are also a bitch, an ignorant wolf! My love for you all these years has been in vain!"

As Mrs. Yang cursed angrily, a loud slap fell on Yang Wen's face.

"Bring it!"

Aunt Yang snatched the money from Yang Lin's hand and stuffed it directly into her waist.

"Yang Laoqi, Yang Laoqi, you do nothing but eat at home every day, and you dare to give your family's money to this white-eyed wolf outside. What's the matter? You don't want to stay in the Yang family anymore, do you?"

She raised her hand and pushed Yang Laoqi until he was pushed to the corner of the main room.

"Yang Lin, can't you tell? You bitch is pretty good at seducing people. You won't even let go of your own brother. Why are you so capable?" Aunt Yang Wu looked at her with a sharp face. Yang Lin said sourly.

"you--"

Yang Lin was so angry that his stomach twitched, his face suddenly turned pale, and he took in big breaths.

"What are you doing? Get out of our Lin family!"

In the yard, Lin Baiyi finally came to his senses and rushed in.

But he was a man, so he couldn't have any physical conflicts with Aunt Yang and the others. He could only shout a few words.

"Arin, are you okay?"

Coming to Yang Lin's side, he asked with concern.

"No, it's okay."

Yang Lin shook his head, took a deep breath, and exhaled heavily.

Just now, the words of these people were really unpleasant, and she was angry for a moment. Now think about it, why is she angry with these people? Nothing wrong with that at all!

"Mom, I have something to ask you."

She lifted it and looked at Mrs. Yang.

"snort!"

Old Mrs. Yang looked at her and snorted coldly.

"I'm here to ask for money today, not to listen to your nonsense. If you are sensible, please take out the money quickly, otherwise, we will stay at your house today!"

Yang Lin: "..."

How many years has it been, how many years has it been since she saw her mother acting like a bad girl?

Yesterday and today, I finally saw it again.

"Really? But I don't want to talk nonsense to you. As for the money, mother, don't worry, no matter how much money my family has, I will never give you another copper plate to the Yang family!"

she said loudly.

"What did you say?!"

Mrs. Yang was shocked by her words.

Does this daughter feel that she can compete with her because of the support of others?

"Yang Lin, your wings are stiff now, do you still want to fly? You have to take out this money if you don't want to, otherwise..."

Chapter 1020: Coming to make people uncomfortable!

"What else? Mom, do you want to stay at my house? It doesn't matter. You can lie down wherever you like in this yard, as long as you and your sisters-in-law can lie down, it's up to you!"

Yang Lin took her words directly.

"you--"

Old Mrs. Yang choked and couldn't continue to speak.

"Yang Lin, if your son is promising now, if you don't take the money, we will go outside and ruin your son's reputation! Let's see what you will do in the future!"

Seeing that her mother-in-law was frustrated, Aunt Yang immediately took over the conversation.

Humph, Lin Changfeng was the Jieyuan whom the Lin family had finally surrendered. If his reputation was ruined, everything would be over.

She didn't believe it, and she couldn't bear Yang Lin's death!

"Sister-in-law, how can you say that? Changfeng is promising, and our Yang family will also be proud of it, right?" Yang Wen heard his sister-in-law's words and stood up and said something.

But just this sentence was caught by Aunt Yang.

"Yang Laoqi, you bastard, what's the matter with you? Do you really think that when you get to the Lin family, you will become a member of the Lin family? You look like this, and you will be disgusted by all the devils. If you have the ability, you can live in the Lin family." , Don't go back to our old Yang's house again!"

She yelled and cursed at Yang Wen.

"If you don't have the ability, just stay calm and let me see if your father and mother will beat you to death when you go back!"

"I....."

Yang Wen opened his mouth, not knowing how to reply.

In the yard, Lin Laojie was sitting in a wheelchair, and Lu Qiubo was standing there, looking at the Yang family, and really wanted to drive them away with a broom.

But looking at today's situation, he couldn't get away even if he wanted to. For a moment, Lu Qiubo didn't know what to do.

"Old man, what do you think we should do?"

"Go and chase down all the wolves on Menghuang Mountain." Lin Laogan ordered Lu Qiubo.

"Isn't this... bad?"

When Lu Qiubo heard this, although she wanted to get rid of the family quickly, she felt something would happen if she just drove them away.

"If they leave like this, will they be able to say good things outside?"

Hearing this, Lin Laogong lowered his head, but only hesitated for a moment before raising his head to look at Lu Qiubo.

"No matter how much money they extort from our house, they will not say a good word about Changfeng. Instead, it will make them even more motivated!" He said word by word.

"Besides, you should know better than me who earns our family's money."

"this....."

Of course Lu Qiubo knew that the source of all the family's money now came from her family, Sangsang.

"Okay then, I'll go right away..."

"Grandma, what are you going to do?"

Just when she gritted her teeth and was about to take down the wolves on Menghuang Mountain and drive them away, she saw her granddaughter already standing at the door.

Behind her were two sturdy men.

"Sang Sang, these two are..."

"Oh, I've invited people to come and see my house. From now on, I'll let them live in the room at the end of the West House. They can do all the work in the house, and they can also take care of the house, and don't let those shameless people live in it. They come to make people uncomfortable!"

Lin Caisang signaled the two men beside him with his eyes. The two understood, and immediately walked into the main room with their feet raised.

The next moment, several screams rang out at the same time. Zhou Shi, the three aunts of the Yang family, rushed out of the hall and came to the door of the yard. After a while, Mrs. Yang couldn't stand it anymore and escaped.
