

Star of Space 1021

Chapter 1021 Is it a good idea?

She raised her finger and pointed at Lin Laojie and Lu Qiubo, her whole body shaking with anger.

"You... none of you in the Lin family are good people. You say you don't have money to spend on us, but you have money to hire these people to deal with us. You... Yang Lin, you white-eyed wolf, you are going to die!"

"Go ahead and scold me. Just keep scolding me. Just think of it as my family's biggest show."

Lin Caisang raised his hand, picked out his ears with his index finger, and looked at the four women in front of him indifferently.

"After scolding you, get out of my house. If I see you coming to my door again, you two don't need to be polite to them. Naturally, the more women who come to my door, the better."

"you you....."

Aunt Yang looked at Lin Caisang, her whole body trembling.

"You...Lin Caisang, you, a big girl, say such things, aren't you afraid that you won't be able to get married in the future?"

"What am I afraid of? Don't you know? I have already made a decision. Of course, I will definitely marry better than you in the future." Lin Caisang said with a chuckle.

"you--"

Aunt Yang took a deep breath and looked at Yang Lin.

"Yang Lin, you bitch, don't you want your son's reputation? Let me tell you, if you don't give us money today, I will make it impossible for your son to survive outside!

Don't think that I can't do it, my Sun Xiaoyue's words are not just for show! "

"Sister-in-law, you..."

"Go ahead and say it.

Before Yang Lin could say anything, she was interrupted by Lin Caisang. She looked at the four women with light eyes and took a step forward.

"Let me tell you this, my patriarch, Brother Feng, even if his reputation is ruined, there is still good food and drink in the house, but it is different in your Yang family. Have you seen them?

Today my brother Chang Feng's reputation has been somewhat damaged. Tomorrow I will ask them to go to your house and smash all the things in your house that should be smashed. All the edible things will be burned and your whole family will be allowed to drink. Go northwest wind!

How about this? Is this a good idea? Um? "

"you you....."

Old Mrs. Yang was frightened by Lin Caisang's words and swallowed secretly.

"You little bitch, how dare you!"

"See if I dare!"

Lin Caisang took another step forward and looked at them coldly.

"Rabbits will bite people when they are anxious, let alone humans! Don't you want to play tricks? Let me see, in this place, who can play tricks better than me!"

"you--"

Old Mrs. Yang didn't know how to reply.

"Yang Laoqi, you coward, haven't you seen your mother being bullied? If you don't fight me back, I'll kill this little bitch!"

She rolled her eyes and looked at Yang Wen, who was standing beside Yang Lin without saying a word, and shouted.

"Mom, I can't beat them two. Besides, if my hands are broken, who will do the work at home?" Yang Wen looked at the two men, then at his mother and The sisters-in-law reminded them in a low voice.

In fact, even if he could beat him, he wouldn't help his mother.

"You... I have known for a long time that you are just a white-eyed wolf, a white-eyed wolf who is not well-raised!"

Old Mrs. Yang looked at her son with hatred. If she had known earlier, she would have asked the boss and the three of them to come together. Otherwise, how could they have suffered such a loss!

"You white-eyed wolf, you have grown up. If you can, don't go back to the Yang family. Our old Yang family is not as coward as you! I will tell the leader of our Yang family to drive you out of the clan!"

Chapter 1022 Nothing will happen

"Yes, mother, we should kick him out and let him live in a broken house!" Aunt Yang agreed.

"Living in a shabby house is an advantage for him. He eats more than a pig and works less than a pig. What use can he do at home? When he gets old, won't he have to be supported by our children? It's better. It's time to die!"

Second Aunt Yang looked at Yang Wen with disgust and said.

"Mom, look at him. He has money and doesn't know how to use it to honor you, but instead brings it to Yang Lin, a little bitch. Can you still count on him in the future? It's better to kick him out now. I also wanted some peace and quiet."

Aunt Yang Wu also said.

"Ah, he is worthy of living in a broken house? He will freeze to death outside!" Mrs. Yang was even more cruel and spat directly on her son.

"Yang Wen, from now on, you are no longer a member of our Yang family. Aren't you facing Yang Lin? Then go with her. Hum, I want to see if the Lin family will keep you here. Coward!"

You're like this, you can scare people to death at night, it's only because I'm kind-hearted that I didn't strangle you to death when you were born, you white-eyed wolf, you are still looking at outsiders, you deserve to starve to death outside! "

"Mom, how can you say that?"

Yang Wen looked at his mother with heartache on his face. Listening to her words, it was like a knife was cutting his flesh.

Didn't he earn any money while he was at home? It's obvious that he earns the most money.

Yes, he should be filial to his parents, but isn't he? When did you earn money, the bulk of it wasn't given to your mother first?

As for the little money he had hidden away, couldn't he save some money when he was twenty-five years old and consider marrying a wife to live in the future? He knew very well that relying on the boss and the others would be unreliable at all!

"You don't need to say anything, just wait. I will ask your father to deliver the divorce papers. You guys will eat everything inside and outside. You will have nothing to do with our Lao Yang family in the future! You are no longer my son!"

After Mrs. Yang finished speaking, she glared at Lin Caisang and Yang Lin fiercely again, turned around and left!

She wanted to go home and call the boss and the others over. She must make the Lin family look good. She couldn't just let it go!

"Mother, mother, you..." Yang Wen saw his mother leaving and hurriedly chased after her.

"Wen, Wen..."

Yang Lin wanted to chase him, but was pulled back by Lin Baiyi.

"Arin, what are you doing?"

It's not that he doesn't care about this brother-in-law, but his wife is pregnant with a child now, so why did she run away?

"Third Aunt, don't worry, I will have someone follow me. Uncle Yang Qi will be fine." Lin Caisang immediately spoke to Yang Lin and glanced at the two men she had just brought back.

Seeing this, one of the men raised his feet and followed him out.

"Uncle Yang Qi is always from the Yang family, so nothing will happen to him."

she said.

After hearing her words, Yang Lin thought that was the case. After all, Yang Wen was the son of the second elder of the Yang family. No matter what, he would never really be kicked out of the house. Even if her mother had that intention, her father would not Agree!

But in fact, Yang Lin and Lin Caisang thought the Yang family was too kind.

...

Two hours later, Lin Caisang got the news that after Yang Wen returned to the Yang family, Old Man Yang drove him directly into the ancestral hall of Yang Village, called the clan leader, and actually deleted the person from the family tree.

Chapter 1023. Decided to keep the person?

They were not even given a house and were immediately kicked out of the village.

There were people in Yang Village who wanted to say a few words for Yang Wen, but they couldn't stand the fuss made by several people in the Yang family, and finally let it go.

In the end, Yang Wen originally wanted to go to the mountains near Yangcun and find a cave to live in. Later, the man forcefully took him back to Yacun and back to the Lin family.

"Sang Sang, come here, I have a few words to say to you."

Lin Laogan watched the Yang Lin siblings sitting in the main room. One comforted them, the other secretly wiped his eyes. He sighed softly and called his granddaughter into his room.

"Grandpa, do you want to tell me about Uncle Yang Qi?"

Lin Caisang naturally knew that her grandfather had always been kind-hearted, but he just couldn't bear to see others having a hard time.

Especially this person, who is also related to their family. After all, he is Yang Lin's biological brother, and he is not a bad person. It is because of Yang Lin that he was kicked out by his family.

"Look at your third aunt, her belly is getting bigger and bigger. This Yang Wen has been kicked out of the house and has no place to live. If he really leaves this house, your third aunt will be so worried."

Lin Laogan looked at his granddaughter and said.

"Originally, your grandma should tell you about this, but your grandma... I'm afraid she still hates the Yang family in her heart. I have no choice but to open my mouth to you here."

"Then Grandpa decided to keep the person?" Lin Caisang asked him.

"It depends on what you mean."

Lin Laogong looked at his granddaughter and said.

No matter what he said here, if his granddaughter disagreed, he would not keep Yang Wen.

Although he is the head of this family, Sang Sang is taking care of everything in the family, and all the money is spent on her. If he wants to force outsiders to stay, he can't do it so insistently.

"You can keep people, but you have to be willing to do so," Lin Caisang said.

The people of the Yang family were really good at what they did. She had really seen Uncle Yang's hand just now, and there was actually a divorce document in his hand.

Just doing the slightest thing that didn't go with the wishes of the two elders of the Yang family was enough to drive Qijiu Yang to a dead end. He was kicked out without a penny, not even a place to stay.

It seems that Uncle Yang Qi was not regarded as a son by the second elder of the Yang family before.

"He asked your third aunt to speak for herself. I think your third aunt probably means the same thing."
Lin Laogeng said.

"What do you mean, grandpa, this matter has been settled like this?" Lin Caisang raised an eyebrow and looked at his grandpa.

"Let's settle it."

Lin Laogan thought for a while and said.

However, he still raised his head and glanced at his granddaughter.

"By settling Yang Wen down, your brother Changfeng can also feel at ease. Otherwise, your third aunt will be in a bad mood every day. Can Changfeng, a son, be able to study? Sangsang, do you have other ideas?"

"No."

Lin Caisang shook his head.

She doesn't have big ideas, but she has small ideas...

"Grandpa, have you ever thought about it, if our family keeps Uncle Yang Qi, what will the Yang family do if they find out in the future that they often come to make trouble because Uncle Yang is in our house?"

She comes up with her own ideas.

"this....."

When it came to the Yang family, Lin Laogan's face suddenly turned bad.

"So Sang Sang, what do you think we should do? This Yang Wen is penniless. Where can he go if he leaves our house?"

Chapter 1024 The thugs are coming

Hearing this, Lin Caisang lowered his head and thought for a while.

The little family property I have in my hands is now being guarded by those who bought it. Although I feel relieved, after all, I often don't take care of things.

Moreover, her brother Mo Lian's battlefield is not in the Liang Kingdom, and she cannot always be here. It is better to find someone who can be trusted and let him take care of those shops and her mulberry garden. You can also feel at ease yourself.

But Uncle Yang Qi...

She had to observe and observe first. After all, she was from the Yang family. If she had the bad habits of those people in the Yang family, she would naturally not be able to keep them.

"Stay here first. It just so happens that the winter vegetables on my Menghuang Mountain haven't been planted yet. Let Uncle Yang Qi help us with the work. As for my eldest brother, let him study hard in school and stop caring about Meng. The barren mountains are in dire straits at both ends.

she said.

"Okay, that's what you do. Let Yang Wen live in Menghuang Mountain, and your third aunt will be cured of her heart disease." Lin Laogong nodded.

"Then I'll go talk to Third Aunt."

Lin Caisang looked at his grandfather, said something, and left the room.

...

In the yard, Lu Qiubo was standing under the corner, listening to his grandfather and grandson. When he saw his granddaughter coming out, he quickly called her to the kitchen to whisper.

"Sangsang, has your father really decided to keep your third aunt and her brother?" she asked.

After hearing this, Lin Caisang glanced at his grandma funnyly.

"Grandma, don't you mean this? Aren't you tired of seeing grandpa always caring about his own face, deliberately pretending not to know anything, and letting grandpa come to my place to save face?"

How could she not know about the little Jiujiu in her grandma's heart? At that time, Grandpa always wanted to take sides when it came to Liu Baixiao, and Grandma was really angry.

No, I want to get that scene back today.

"You kid, what are you talking about? Am I like your grandma?" Lu Qiubo glared at her angrily.

"However, when I look at Yang Wen, he is quite honest and honest. Judging from today's incident, he is not a filial piety. Whether he stays at our house, he can always help the family.

If he really decides to stay, after a few days, let your grandma adopt him as a godson. "

Lin Caisang: "..."

I have to say that her grandma is much more vicious than her grandpa, and even her godson is out.

"That's fine, whatever grandma says is whatever she says."

Naturally, she had no objection. Whether Yang Wenliu stayed or not didn't matter to her.

As for the other people in the Yang family, she will naturally not show mercy to those who should be dealt with, and now, Brother Mo Lian should have asked the banished people to attack the people in the Yang family, right?

"Grandma, are you going to tell third aunt?"

"That's natural, why don't you say it? That's not cool." Lu Qiubo said.

After all, her granddaughter is still young. How can she come forward openly about family matters? It seems like they are so useless to the grandparents.

...

On this side, the Lin family decided to keep Yang Wen at home, while on the other side, Yang Cun.

The Yang family was quite lively today. Old man Yang had just stepped forward to drive Yang Wen out of the house. Not long after, the gangsters from the town came to the door with a few thugs.

Families like the Yang family have always bullied the weak and feared the strong, and they can do anything blatantly in the village.

But when they really encountered a tough situation, they didn't even dare to let out a fart. Facing those gangsters, they only dared to huddle in the corner, and no one dared to stand out.

Chapter 1025 Returning the principal to you with interest

There was a 'pop' sound.

A stack of IOUs was slapped on the table.

Everyone in the Yang family felt their hearts skip a beat and were trembling in the corner.

"Tell me, who will repay these silver coins?" The man looked at the Yang family members with a hateful expression and asked in a cold voice.

"What else?"

Except for Uncle Yang, no one else in the Yang family knew that Uncle Yang owed so much money, so naturally they didn't know what was going on.

Mrs. Yang simply thought that it was because she went to the Lin family to make trouble. Lin Caisang was so angry that she asked gangsters to come to deal with them. Who would have known that although Ya Molian was secretly acting here, everything was still the same. Made by their own sons.

"What money? We don't...we don't owe anyone any money." Mrs. Yang replied in a low voice.

"Don't owe any money?"

After hearing her words, the man's voice immediately rose.

"Go over and pull the person out!"

After giving instructions to the thugs under him, the man immediately strode forward, pulled Uncle Yang out of the crowd, threw him to the ground, and stepped on his chest.

"Ah, ah!"

Uncle Yang screamed several times.

"Master Gong, please give me a few more days. When I have the money in a few days, I will return it to you with interest. (つ●_●)つ

"How many days?"

Third Master Gong sneered and glanced at Uncle Yang with a sinister look.

"That's right, a few days, just a few days."

Uncle Yang lay on the ground like a turtle, nodding his head repeatedly.

"Third Master, I...my fourth sister's family has a lot of silver. I have a mountain of gold and silver piled up in it. When I get the silver, I will definitely return it to you."

"hehe."

After hearing what he said, Third Master Gong just sneered.

The next moment, a slap fell on Uncle Yang's face, making his ears buzz.

"Who do you think our third master is? This money is owed to you, not to anyone else. We have already inquired about it. Your fourth sister has been married a long time ago. If the third master wants to get money from her, , can I ask for it?"

What's the matter, you thieves, do you want to cause the third master to be sued to the Yamen? He is indeed a black-hearted person!

If there is no money today, it's easy. Third Master, how about we chop off the hands and feet of their family? Take it back and enjoy it with wine and food! "

"Ah, no!"

When Second Aunt Yang heard this, she was so frightened that she screamed. She didn't want her hands and feet cut off.

"Yang Er, you loser, you went to gamble money behind your family's back. Do you want everyone in your family to die with you? Dad, Mom, I won't live anymore. Your son wants to kill me. , My poor child, how can he have such a father? "

The two elders of the Yang family didn't come back to their senses until they heard the cry of their second daughter-in-law.

"Second brother, how can you... bet? Tell your mother, is someone forcing you? Don't be afraid. If someone forces you, my mother will seek justice for you even if she files a lawsuit with the government. "

Old Mrs. Yang also howled.

When Mr. Gong heard this, he couldn't help but raise his eyebrows.

"Does this mean that I forced your son?" He frowned and looked at Mrs. Yang.

"Xiao Liu, this old thing is dishonest. Let me teach her a lesson first." Looking up, he ordered his thugs.

The thug Xiaoliu responded, strode forward and picked up Old Mrs. Yang, and slapped her face with the big-eared scraper. After a while, Old Mrs. Yang's face was filled with blood.

Chapter 1026. Have you passed the genealogy?

"Uh, ow.

Old Mrs. Yang wanted to struggle, but as an old woman, there was no way she could struggle. She could only be beaten.

When other members of the Yang family saw this, no one dared to say a word.

"Yang Quan, this silver must be paid back today. If it's not as good as that, it's easy. Three taels of silver per head. If you have one here, I'll send someone to sell it in a dental shop for money!"

Mr. Gong looked at Yang Quan who was being stepped on on the chest and said word by word.

"What?!"

Uncle Yang screamed when he heard this.

"Why, this is the second child... No, Yang Quan did it himself, what does it have to do with us?"

He doesn't owe anyone any money, so this has nothing to do with him, right?

"Aren't you a family? Isn't it written in the same family tree?" Mr. Gong raised his eyebrows lightly and looked at Uncle Yang.

"I....."

Uncle Yang opened his mouth, but no words came out.

They are members of the same family. He has been unlucky for eight lifetimes, so he and Yang Quan are members of the same family!

"Xiao Qi, have you heard everything clearly? How many people are there in the Yang family?" Master Gong asked another thug.

"Go back to me, I've found out everything. There are twenty-four people in the Yang family, including the old and the young. No, we are a step late. One of them was driven away by those two old immortals. Master, do you want me to be younger?" Send someone to capture him?"

The thug Xiaoqi replied.

"Driven away? Have you passed the genealogy?" Master Gong asked.

"pass."

The thug Xiaoqi replied.

"There's nothing you can do after passing the genealogy."

Third Master Gong shook his head with regret and looked at the Yang family huddled in the corner.

"Why are there only twenty-three people? This one hundred and fifty taels of silver is not enough. Xiao Qi, get those little girls out!"

"Yes, Master."

The thug Xiao Qi responded, and together with several other thugs, they directly picked up nine girls from the Yang family's descendants and stood in front of him.

"The big ones like me can be sold at a good price, but these two little ones are not good. Even if they are sold to a brothel, they won't want them." Xiao Qi looked at the nine girls and said.

"What?!"

When the three daughters-in-law of the Yang family heard this, they were so frightened that they almost fainted on the spot.

They had heard of what kind of place the brothel was. How could they let their girl be sold to a place like that?

"No, don't sell us. We have money. My fourth sister has a lot of money. Follow me to my fourth sister's house and ask her for money. Master, I beg you, don't sell my girl."

Aunt Yang finally couldn't stand it anymore, she crawled out with a cry and said to Third Master Gong.

"Yes, yes, if we have money, my fourth sister will help us pay it back. Third Master, follow me to my fourth sister's house, and she will definitely help me pay it back."

Second Uncle Yang followed his sister-in-law's words and hurriedly said.

After all, she is the daughter he gave birth to, and no matter how much he dislikes it, he is still somewhat reluctant to part with it. Besides, he will definitely get a lot of money if he sells it in a brothel. Even if he wants to sell it, he has to earn the money himself.

"laugh."

Third Master Gong glanced at Uncle Yang evilly and sneered.

"You even pointed out that Yang Lin can repay the money for you. As expected, your family doesn't even know how to offend someone. Why, do you think your fourth sister can really cover the sky with one hand?"

"What? Third Master, what do you mean?"

Uncle Yang's chest was stepped on. Although it was painful, he was not stupid. When he heard this, he knew something was going on.

Happy New Year, Happy New Year, Happy New Year! ! !

Chapter 1027 I'll beat you to death!

"It's Yang Lin, right? She didn't want us to have an easy time, so she asked you to deal with us?"

"Damn you bitch, if I had known she was evil-hearted, I should have strangled her to death when she was born!" Mrs. Yang burst into tears when she heard her son's words.

"Why do I have such a miserable life? I have such a daughter. She doesn't leave any chance of survival for a mother like me. That bitch, a damn bitch, an unfilial thing, will die a good death sooner or later. !"

"Shut up!"

Mr. Gong took out his ears and shouted angrily at Mrs. Yang.

"As for your daughter, she still can't get me to do anything about it! Keep an eye on their family and bring them to the county tomorrow. If one of them is missing, I will use you to pay for the money they sold themselves to!"

He ordered to the thugs below.

"Yes, Third Master."

The thugs responded and watched Mr. Gong leave.

"How could this happen? How could this happen?"

Old Man Yang murmured, he couldn't believe that he was so old, how could he still end up in such a bad situation.

Are we going to keep them under guard today so that they can be taken to the county and sold to the dental shop tomorrow? In that case, how will they live their lives in the future?

"You beast, I'll beat you to death!"

He looked at his son who had just been pulled up by Xiao Liu, and he no longer cared about being afraid and rushed towards the person.

But Xiao Liu was not a vegetarian. He pushed Old Man Yang to the ground with a backhand push. He glared fiercely and raised the knife in his hand.

"Are you itching? Be honest, if you make trouble again, each of you will be stabbed so that none of you can move!"

Old Man Yang opened his mouth and wanted to scold him back, but he couldn't overcome the fear in his heart, so he didn't say anything. He sat on the ground and didn't dare to get up. He was really afraid that Xiaoliu would really give him a knife.

...

The next day, Yamolian took Lin Caisang out, saying that she was going to the county to buy some things.

"What did you do to the Yang family?"

In the carriage, Lin Caisang opened his mouth and asked Ya Molian who was silent.

His intuition told him that life for the Yang family would not be easy, but she didn't know exactly why.

"We'll find out later."

Ya Molian smiled and did not tell her directly.

"The marriage between Zhou Liang and the Sheriff's Mansion will be finalized today. As for Zhou Yan..."

His eyes were sharp, trying to get the idea on him, but he wanted to see if Old Master Zhou had the fate to be related to him.

"What's wrong with her?" Lin Caisang asked.

That little girl, she really didn't take it to heart.

"Old Master Zhou will find a 'good' family for her that is 'well-matched'," Ya Molian said.

Lin Caisang naturally understood the meaning of her brother Mo Lian's words.

"It's just a little girl. There's really no need to pay attention to it. However, just deal with it and deal with it. This will save Old Master Zhou from any whims and plots."

"Are you soft-hearted?" Ya Molian asked her back.

"without."

Lin Caisang shook his head.

She just looked at Zhou Yan who was unwilling to do so. It was a pity that she was tricked by her own grandfather.

However, this does not mean that one family does not enter the same house. Old Master Zhou personally harmed his own granddaughter. How can he blame others if something happens later? She has nothing to feel sorry for.

Chapter 1028 I don't want to be sold

"Brother Mo Lian, when will you go back?" she asked him.

"You want to drive me away so much?" Ya Molian raised an eyebrow.

He didn't want to leave Sonner at all, and even if he went back, he really wanted to pack this little girl up and take him back with him.

But he also knew that that was impossible.

"Look at what you said, it sounds like I have no conscience." Lin Caisang rolled her eyes at him.

"I want to take advantage of this new year to carefully study your poison. Naturally, if I want to study your poison, you must be by my side. I am not afraid that you will want to leave if you can't wait. "

she said.

"Wait a minute, I still have to go back. I will set off in three days. When I come back, I will let you study it to your heart's content." He said.

As the year approaches, he will always avenge his Son'er who dares to harm him like this. As well as Concubine Lian and Suizi Jin, there are some things that he should take a closer look at.

"Leaving in three days? So soon?"

Hearing this, Lin Caisang really frowned. She was no longer with her in three days. She was really not used to it.

"How about waiting a little longer and letting them go first? I can also go to Shaohua City. I can take you there directly and save you from traveling long distances. The poison in my body is... .."

"good."

Yamollian responded.

...

Qianlin County, inside Yaxing.

Lin Caisang is already a regular customer in the dental shop, because there are not many servants like her who buy so many servants at once, and the dental lady will naturally remember them.

"Miss Lin, you are here."

Seeing her and Ya Molian, Ya Pozi, who had dealt with them before, immediately came up to them.

"Has anyone arrived yet?"

Ya Molian glanced at Mrs. Ya and asked coldly.

"people?"

Yabozi didn't react for a while, and it took a while before she finally understood who the person in Ya Molian's mouth was.

"Oh, we're here, we're here. The third master sent the people here early in the morning. They are all locked up inside. They are waiting for you two."

"Lead the way." Ya Molian said.

The two of them followed Yabozi and walked inside.

In the backyard, twenty-three members of the Yang family were all locked in the same room.

I have never seen such a scene before. The people in the backyard were crying and howling, but as soon as those men with knives in their hands came over, everyone really wanted to silence their breathing.

This feeling is really terrible.

And those few disobedient little girls were beaten and slapped by the thugs, and some were even humiliated in front of so many people.

After only being in the backyard for half an hour, the little girls from the Yang family were crying like tears. Their mother who was holding her was trembling with fear, and she was saying that she wanted to live or die.

But unfortunately, those thugs under Mr. Gong who couldn't be defeated before have been signed into a contract of betrayal and are no longer free.

"Mom, I don't want to be sold, I want to go home."

Uncle Yang's youngest daughter looked at her mother with tearful eyes and cried softly.

Aunt Yang Wu secretly wiped tears after hearing her daughter's words.

She didn't want to be sold, but they were powerless, so they were no match for those thugs with knives in their hands. What's more, the IOU was real. If they didn't pay back the money, they would demand it. Being sold.

Thinking about it, she looked at Uncle Yang with vicious eyes!

Chapter 1029 Is it quite lively?

It's all him. He can't live a good life, but he has to gamble. The two girls in the second room of the Yang family should be sold to a brothel!

But her children are innocent, why should they suffer along with them?

"It's you, it's all because of you, why don't you die, you thief!" She pointed at the second uncle of the Yang family with trembling hands, her poisonous gaze as if she wanted to stare him to death.

"What are you scolding him for? Things are already like this. What's the use of blaming anyone else?" Old man Yang still couldn't bear to see his son being scolded, so he couldn't help but say something to his second daughter-in-law.

"I don't blame him, but who does he blame? Do I blame you? Look at what kind of sons you two old immortals have taught you!" Aunt Yang Wu also risked her life and roared at Old Man Yang.

She has already entered the dental shop, and the whole family must be waiting to be sold one by one. Who knows where they will be sold.

At this time, she still didn't care what others did, as long as her children could continue to be with her, she didn't care about other people at all, whether they died or not.

As for her damn husband, don't think he doesn't know about all the scandalous things he did in the village!

"My poor children, it's all your mother's fault. Marrying into such a sinister family will make you suffer along with your mother!" As she thought about it, she began to wipe her tears again and cried while holding several children in her arms. stand up.

"you....."

When Mrs. Yang heard what she said, she was very angry.

But what could she say? What if a fight broke out between the mother-in-law and daughter-in-law here, and the thugs were attracted back? She could only endure it.

"Daughter-in-law, don't say that, we are all a family."

Uncle Yang huddled in the corner, glanced at the others secretly, and then said to his wife.

"Go away, who is in the same family as you? You damn wicked thing. Don't think that I don't know what you did in the village. I don't make trouble with you because of the sake of the children. , otherwise, I would have asked you for the divorce letter and left in a hurry! "

At this time, Aunt Yang Wu no longer wants to sell anyone's face.

If she had known that this family was such a mess, she would have directly asked for divorce from her husband and left with the children, so that she could avoid this disaster.

I really regret it now, but it's too late to regret it.

"Don't think that those two bitches can still leave a seed for you. Let me tell you, if those two bitches are discovered, they will be soaked in the pig cage sooner or later! Just wait and see! See them arrive Will he come out of hell to settle the score with you?"

"I....."

When Uncle Yang heard what she said, he shrank in fear.

"Hey, it's quite lively, isn't it?"

Suddenly, a familiar voice reached the ears of the Yang family.

The whole family looked up at the iron railing at the same time, and saw a toothpaste walking over with a man and a woman. Seeing the two people, Mrs. Yang narrowed her eyes, stretched out her hands from the railing, and pointed at Lin. Picking mulberries.

"It's you, you little bitch. It's you who caused the trouble, isn't it? I should have known that no one in your Lin family is a good person. That's why Yang Lin learned to be so heartless by following your family. He even dared to harm his own parents. You guys Sooner or later it will be better...ah!"

Before she finished speaking, she felt pain in her arm.

It turned out that Mrs. Ya couldn't listen to Mrs. Yang's cursing and being disrespectful to the distinguished guests, so she hit Old Mrs. Yang on the arm with the wooden stick in her hand. The pain made her retract her hand with a grin on her face, squatting on the ground and wailing.

Chapter 1030 What else do you want?

"A bunch of despicable idiots still dare to be disrespectful to distinguished guests. It seems they need a lesson. Come on..."

Yabozi looked back and was about to call the thugs, but was stopped by Lin Caisang.

"Forget it, I'll teach these people a lesson after I take them back, so I won't bother you anymore." Lin Caisang said calmly.

"Yes, yes, the girl is right." Yabozi heard her words and responded repeatedly.

"Lin Caisang, do you want to buy us?"

When Aunt Yang Wu heard what they said, her eyes lit up. She hurriedly pushed the children away and came to the railing and asked.

"What? I want to buy you, and you are still not happy?" Lin Caisang looked at her and asked.

"Yes, yes!"

Aunt Yang Wu nodded repeatedly.

Now as long as someone can buy their family and prevent her children from being sent to those despicable places, she is willing to do anything.

What's more, the person who bought her was Lin Caisang, which was different. After all, there was someone in the Yang family who was Lin Caisang's aunt. She wouldn't treat them like pigs or dogs, right?

"Shut up, you woman, what do you know? What good thing can come from her little bitch buying us? She must be holding back something bad!" Uncle Yang rushed up and pulled Aunt Yang Wu away. He opened his eyes and stared at Lin Caisang with fierce eyes.

"Do you still want her to buy us all back, and do what you want to do with them, and use them as cattle and horses for her? Don't you know, it was this little bitch who caused us to be like this? It was all her..."

"enough!"

Listening to Second Uncle Yang's words, even Second Aunt Yang couldn't help but shout angrily.

"What is she? It's obviously you who caused us to do this! If you hadn't gone out to gamble and owed so much money, would we have been sold here? Your parents are willing to pamper you and pamper you. I hate seeing people, but others don't!"

"you....."

Uncle Yang looked at his wife blankly, opened his mouth, but could not speak.

Second Aunt Yang did not look at him again, but looked at Lin Caisang, with hope in her eyes.

"Pick mulberries, pick mulberries, buy us all. I can do everything. Even those who don't know how to do it can learn. As long as you buy us, I will work hard for your family in the future, and I will never do it again." I can't say a word about your family members."

Now, any dignity or arrogance is just nonsense. As long as her children can avoid going to that kind of place, she can do whatever she wants!

No matter whether the people who want to buy them are the Lin family that they looked down upon the most in the past, and no matter how much hardship they will suffer in the future, at least, if they are bought by Lin Caisang, their family will still be decent people even if they become slaves, no Those scoundrels!

"you you....."

Uncle Yang looked at his wife and said the word "you" several times, but he couldn't say a complete sentence.

Could it be that he really wanted to bow his head to Lin Caisang, a bitch?

He knew clearly that Mr. Gong would appear in their house because of Lin Caisang, who was the one who secretly caused the trouble. But now, except for Lin Caisang, he didn't even know where the last life-saving straw was. .

"Father, mother, don't we have any other way out?" He looked at the two elders and asked with a sad face.

"Then what else do you want?"

Old Man Yang gave him a hard look.

Isn't it because Lin Caisang was so angry that they went to her house to make trouble that she caused all this behind her back?
