

Star of Space 109

Chapter 109 Curing diseases and saving lives?

"For the time being, only Gong Yu, the third wife of the Gong family, has been found. According to Mr. Gong, it was Gong Yu who suggested not to incinerate the body of the third young master." Capt. Wei said to Lin Caisang.

"It's just that I don't know if this is true."

As he said that, he turned his head and glanced at Mr. Gong who was wiping his cold sweat.

After all, this old guy is so dishonest, and nothing he says is true. Who knows if he is deliberately looking for a scapegoat by pushing Gong Yushi out now?

"Really, really, it's true." Master Gong heard his words and spoke nervously.

At this moment, his life is at stake. How dare he say any more nonsense? If he says something wrong, his life will be lost here.

"Master Gong, let me ask you something, was it you who sent those unscrupulous people to kill me before?" Lin Caisang stared at Master Gong and asked him calmly.

"Well."

Mr. Gong was choked by her words and his face became stiff.

But he had to nod. Those people didn't kill Lin Caisang, but were arrested by Wei's arrester instead. There weren't many tough-talking people who would speak up if they were frightened.

He can't deny it either.

"Yes, it's me. But I didn't do it willingly. It was the Yu family. It was that bitch Yu family who instigated me to do this."

"Is this the Yu family again?" Lin Caisang chuckled.

She is just a concubine, but she still has such great power and can do whatever she wants?

"It seems that the Yu family is in charge of Mr. Gong's family, right?"

"No, it's not..."

Master Gong wanted to deny it, but Lin Caisang didn't give him a chance.

"Captain Wei, it seems you should really investigate the Gong Mansion. Who knows what secrets are hidden in it? Not only the Yu family, but also several other ladies should investigate it. "

She looked at Capt. Wei and suggested.

"This... Miss Liu, you are here to treat illnesses and save people. Why do you care about so many things? Can't you just save the people in the town?" Mr. Gong gritted his teeth and looked at Lin Caisang and said.

This woman was truly a nuisance. She disturbed the Gong family as soon as she arrived, and even dug his son's grave.

Without her, who would have known that his son's body had been stolen? How could something like this happen now, where he was forced into a desperate situation by Capt. Wei!

"Cure illnesses and save people? Master Gong said it quite lightly." Lin Caisang looked at him with slightly cold eyes.

"Master Gong thinks that this disease can be cured casually? You don't even know the cause of the disease and how to cure it. Why not let Master Gong treat it, eh?"

"you--"

Master Gong was furious and stared at her angrily.

"If I can cure diseases, what else do I need from you?"

If he knew medicine, why would he need to spend so much money to offer a reward to the doctor? If he had gone into battle earlier, his son would not have died in an unknown situation.

"Since you don't understand medicine, stop talking nonsense!" Lin Caisang's eyes were cold and stern, and he cast them on Master Gong. It was like scraping his flesh, causing him great pain.

"You haven't even found the cause of the disease, but you still treat it, huh!"

"I....."

"Master Gong, I advise you to speak less." Wei Captou saw that he wanted to speak and warned him coldly.

"If you really want to say it, I don't mind if you tell me how the strange thing happened in your house."

"This, I..."

Mr. Gong immediately had nothing to say and had to shut his mouth.
