Chapter 1121 As long as you hook up

But I didn't expect that the little girl was really a powerful character.

Everyone believed that those two people were the poisoners, and the two people confessed themselves, but the little girl Fianzi didn't believe it and asked Agent Jin to check him out.

Since they were the ones who came to his door, if he didn't kill them, it would be his own death!

"Ms. sir, what do you want to do? I'll stay and help you!" The woman was also brave, and even now she could still say such a thing.

"Stop causing trouble for me here and go back quickly." Zeng Wuzuo looked at the woman with disgust and said.

"Ms. sir, I can help you. 69844118dm"

The woman refused to leave and continued to talk to Zeng Wuzuo.

"you....."

Zeng Wuzuo wanted to drive her away, but his words suddenly got stuck in his throat.

The person he had to deal with was not only Lin Caisang, but also Agent Jin who had inquired about everything. It was easy for a man to deal with a woman, but to deal with a man, a woman was still needed.

"In this case, you take this and go to Agent Jin. He is in the yard west of the county government office. Just put poison in his food or tea."

"Wha...what?!"

The woman was startled when she heard his words.

"Ms. sir, I...I don't know Captain Jin. How could he eat the food I sent?"

She swallowed and asked.

"idiot!"

Zeng Wuzuo scolded her impatiently.

"It's precisely because Agent Jin doesn't know you that things are easy to handle. What do you do with this good-looking face? Can't you even get a man? Don't worry, someone like Agent Jin will be fine as long as you seduce him." With one hook, he will fall under your pomegranate skirt."

What's more, Agent Jin drank so much wine with Lao Chen. How can a drunk man have any willpower?

"Mr. Sir, you want me to...seduce...seduce other men?" The woman looked at her husband in disbelief.

She has been married to this man for several years. She has given birth to children for him and managed the family well. Even the unscrupulous things he did outside, she hid for him.

But in the end, he actually asked her to seduce other men, and he said it so openly?

Is this the same man who was considerate to her before? When did he become like this?

"Why, don't you go? If you don't go, just wait for death. It doesn't matter if you die, but if it takes my life, I will let your whole family bury me with you!"

Zeng Wuzuo glanced at the woman with a sinister look and said.

"I...I'll go."

The woman swallowed again and could only grit her teeth and agree.

She knew that what this man said was true. If she didn't go, he would really be harmful to her family, and he would not even let her children go.

Who told him to be a murderer in the first place?

"Go quickly, I don't have time to hang around with you!"

Zeng Wuzuo lowered his voice and yelled at her again. After watching her leave, he took a deep breath and walked towards the temporary pharmacy where Lin Caisang was.

"Miss Lin, if you want to seek death, don't blame me for being merciless!" He said coldly to the air.

...

In another place, the prince was finishing his dinner and preparing to take a sip of tea, but he heard the guard beside him mention something.

Chapter 1122 Not killing is not enough to vent public anger!

"What did you say?"

He raised his head in surprise and looked at his guards.

"What did Miss Ziyu next to Miss Lin just come to ask you about? What did Zeng Wu do?" he asked.

"Yes, Your Majesty."

The guard responded, his face full of confusion.

"My subordinates also find it strange. Miss Ziyou asked what Zeng Wuzuo was doing when she had nothing to do. She actually asked...and asked..."

"What else are you asking?"

The eldest prince asked, looking at the embarrassed look on the guard's face, he felt even more anxious.

Lin Caisang would not check anyone's whereabouts for no reason, unless she suspected something.

"When we brought those people back, didn't I have diarrhea? Miss Ziyou came to ask if I had seen Zeng Wuzuo at that time.

Strange to say, when you sent your subordinates to do things that day, they actually met Zeng Zuo, and they met twice, both times at the gate of the county government office. What a coincidence. "

Hearing this, the eldest prince took a deep breath and almost cursed.

He thought to himself: How could such a coincidence happen in this world? It was obvious that someone was waiting for him at the gate of the county government office.

"Wait, you just said that it was Miss Ziyou who was next to Miss Lin who came to ask?" Suddenly, as if he thought of something, he raised his eyes and asked, still looking confused. He didn't know what year Jin Xi was a guard.

"Yes, Your Majesty." The guard responded.

"Then what are you waiting for? Why don't you quickly send someone to protect Miss Lin?" The great prince raised his thick eyebrows and glared at the guards.

"ah?"

The guard opened his mouth, but for a moment he didn't understand what his prince said.

If Sui Ziyu comes to ask, why do you want to protect Miss Lin? Moreover, does this matter have anything to do with Zeng Wuzuo?

Could it be that Miss Lin suspected that the two poisoners they caught were fake and that the real murderer of so many people in Wan County was actually Zeng Zuo?

This...is impossible?

"Yes, Your Majesty, I will send someone to protect Miss Lin."

Even though he thought it was impossible, the guard still answered.

Seeing his guards leaving in a hurry, the great prince also had doubts in his heart.

He had always thought that these people could be caught so easily, that they were so accommodating to them that they didn't even have to spend any extra effort.

So, those two people were just scapegoats deliberately thrown out by Zeng Wuzuo? And was Zeng Wuzuo himself the devil who killed so many people in Wan County with poison?

If that's the case, then this person is so terrible that not killing him is enough to vent the public's anger!

...

In the temporary pharmacy, Lin Caisang was sorting the purchased medicinal materials one by one, and Sui Ziyu was beside her, helping her.

"Sister-in-law, since we already know that person is the poisoner, why don't we take action? What are you waiting for?" Sui Ziyou asked.

She didn't understand. A lot of evidence had been found, which was enough to convict Zeng Wuzuo. Why didn't Lin Caisang take action and continue to play with these medicinal materials?

"wait."

Lin Caisang just uttered one word.

Xianzhi put a piece of medicinal material to the tip of his nose and smelled it, then put it back, then wrapped the package of medicinal materials and put it on the other side.

"What are you waiting for?"

Sui Ziyou asked aloud.

"Sister-in-law, are you waiting for that person to throw himself into the trap?" she asked.

"What, can't it?" Lin Caisang asked her.

Chapter 1123 It's better to keep it for yourself

Hearing this, Sui Ziyou just shook his head, thinking that this possibility was really unlikely.

"Is it impossible? Can he continue to kill people? If he knows that he has been exposed, then he should run away. Sister-in-law, I think we should take action. If we wait until someone runs away, it will be too late.

Such a crazy person has killed so many people here. There is no guarantee that he will not kill more people with poison in other places. "

"He will not continue to kill others." Lin Caisang said pointedly.

"You won't kill others, could it be..."

Suddenly, Sui Ziyou's eyes widened and he looked at his sister-in-law in disbelief.

"Sister-in-law, do you mean that he will come to kill you?"

"It's not me, it's us, and Detective Jin is no exception." Lin Caisang raised his eyes, glanced at her, and explained.

"Then Captain Jin isn't..."

Sui Ziyou raised her hand and pointed her index finger at the door. When Agent Jin left just now, her sister-in-law didn't remind him of anything.

"Do you think Agent Jin is you? How could he not think of the vicious person Zeng Zuo was?" Lin Caisang replied with a faint smile.

That Agent Jin is also a talent, otherwise how could he be used by her? They can be considered to be using each other, and Agent Jin is also using him to gain power in the Wan County government office in the future.

"When will Zeng Wuzuo come over? I can't wait."

Sui Ziyou asked with a hint of excitement in his eyes.

She wanted to know what this murderer who killed so many people in Wan County looked like, and whether he was particularly ferocious and hateful.

"Just wait, it's coming soon." Lin Caisang said.

She took out a porcelain bottle from her small satchel and handed it to Sui Ziyou.

"Hold it, just in case."

"Sister-in-law, I am a slave, am I not immune to any evil?" Sui Ziyou blinked and asked her.

Lin Caisang: "..."

It seems like that's really the case.

Since Sui Ziyou is used by Jinzhu Space, Jinzhu Space will naturally ensure her life safety, at least she will not be killed by poison.

"Forget it, I'll keep it for myself."

She took the porcelain bottle back and put it back in her small satchel.

...

After a while.

Sure enough, Lin Caisang and the other two people in the house heard a slight noise in the yard.

"coming."

The two looked at each other and walked towards the yard.

As soon as he stepped out of the door, he saw a silver light flash before his eyes, and the next moment, a long knife struck Lin Caisang's head.

"Sister-in-law, be careful!"

Sui Ziyou stretched out his hand, quickly pulled Lin Caisang back, and directly raised his foot to kick Zeng Wuzuo out.

"ah!"

Zeng Wuzuo let out a scream and fell down on the mud not far away.

But the next moment, he didn't show any pain. Instead, he looked at Lin Caisang and Sui Ziyou and smiled foolishly.

"Haha, hahahaha."

"Sister-in-law, is he crazy?"

Sui Zi looked at Zeng Wuzuo speechlessly, then looked at Lin Caisang.

They were all caught red-handed, yet they acted so stupidly, did they think they were incapable of escaping from under his nose?

"He feels that he has succeeded again, and we will definitely be poisoned to death by his poison." Lin Caisang looked at Zeng Wuzuo with cold eyes and explained to Sui Ziyou.

"What?"

Sui Ziyou was startled and looked at Zeng Wuzuo with his eyes widened.

"Does he really dare to poison us? Aren't you afraid that someone will suspect him?"

Chapter 1124 It can't hurt us yet

"Haha...cough!"

At this time, Zeng Wuzuo had already stood up, staring at Lin Caisang and Lin Caisang with cannibal eyes.

Because he laughed too hard, he almost laughed out loud, and his whole face turned red. After taking a deep breath, he continued to speak to the two of them.

"So what if I kill you, isn't there poisonous blood in your body anyway? It's not surprising that you got it anytime. You two bitches, if I'm to blame, I blame you for being nosy.

You don't know how to cherish your good life. You have to come here to seek death. If I don't kill you, who else can you kill? "

"laugh."

Sui Zi sneered.

"Sister-in-law, does this guy really think she can poison us to death? She wants to deal with us with such a little poison, and she's not afraid of making others laugh.

She looked at Zeng Wuzuo with contempt, feeling really pitiful for this man.

No, this man is not pitiful, he is pathetic!

"You...you are actually okay!"

Zeng Wuzuo also discovered that his poison was originally on people's bodies. Although he didn't feel anything, he could still see the changes in the poisoned person's face.

But these two bitches in front of me actually had nothing going on.

"Should we be okay?"

Lin Caisang's red lips curled up slightly and she asked him.

"Zeng Wuzuo, you have killed so many people. It can be said that your bad deeds have been wiped out. If you don't kill, the people will not be angry!"

"So what, those people deserve to die, they are all bitches, none of them are worth anything!" Zeng Wuzuo roared at Lin Caisang.

Those people deserved to die, how could he let those people live?

"If you hadn't appeared out of thin air, all those people would have died, and there would still be no one left alive. It's all because of you. Therefore, you two deserve to die too, you deserve to be killed!"

As he spoke, his eyes flashed sharply.

When he raised his right hand, a small crossbow appeared in his sleeve. He aimed it directly at Lin Caisang and shot out an arrow.

"Sister-in-law, be careful!"

Sui Ziyu reminded again and once again wanted to pull Lin Caisang aside.

But there was one person who was faster than her. He directly intercepted the flying arrow and held it in his hand.

"My lord, why are you here?" Lin Caisang looked at the person and asked.

"Someone, take it down!"

The eldest prince did not answer her question, but directly ordered the guards to take down Zeng Wuzuo first. Then he threw the arrow in his hand to the ground and turned to look at Lin Caisang and Sui Ziyu.

"Miss Lin, are you okay?"

"It's okay. We are protected by the great prince. He can't hurt us." Lin Caisang said with a chuckle.

Hearing this, the eldest prince also took a deep breath.

If he hadn't happened to come over at this time, who would have been hurt by the arrow in Zeng Wuzuo's hand.

"My lord, this is a military crossbow."

After the guards captured Zeng Wuzuo, they took off the crossbow from his wrist and came to report to the great prince.

"check!"

The great prince gave the order directly.

Then, he looked at Zeng Wuzuo who was tied up with five flowers.

"I really can't believe that a small county government office can actually afford military bows and crossbows."

This kind of crossbow is rarely used even in the military. It is a good product in the military. How could it fall into the hands of a small gangster?

He must find out about this matter.

"Pull the person directly outside the county government office and call the people to come. I want everyone to know how vicious this vicious murderer is!" He ordered the guards.

"Yes, Your Majesty."

The guard responded and went to do it.

Chapter 1125 Let's pronounce the sentence

...

More than half an hour later, outside the county government office.

Because it was already dark, the policemen all held torches high in their hands, illuminating the entire street outside the county government office as brightly as day.

The people had gathered around one floor after another, and some even climbed to the second floor of other people's homes, looking down from the corridor while cursing Zeng Wuzuo.

On the other hand, Zeng Wuzuo, although his eyes were scarlet, his face was unusually calm, and he sat there kneeling and said nothing.

"Did Zeng Wuzuo really do this? It's too scary, isn't it? Zeng Wuzuo is not such a ruthless person on weekdays, but he can actually do such vicious things?"

"Who says otherwise? You really know people but don't know their hearts. Fortunately, the county magistrate was wise and arrested this villain. Otherwise, we don't know how many people would have died in our county!"

The common people stared at Zeng Wuzuo with angry eyes, some whispered, and some pointed at Zeng Wuzuo's face and scolded him on the spot.

In those homes where people had died, there were old people crying, children glaring at Zeng Wuzuo with cannibalistic eyes, and even women throwing vegetable leaves and other things at Zeng Wuzuo.

"My surname is Zeng, my family has no grudges against you. You thief, why do you want to harm my son, my poor child?"

Listening to those voices, Lin Caisang, who was standing in front of the county government office, could only take a deep breath.

This Zeng Zuo was really harmful to people, and he ruined so many happy families. Now that he was killed like this, it was really easy for him.

But unfortunately, a person can only be killed once. If this person was beheaded and could be saved and beheaded a few more times, then she would definitely let Zeng Zuzuo be beheaded a few more times to vent everyone's anger.

"Your Excellency, the County Magistrate, pronounce the sentence." The Great Prince glanced at the County Magistrate and ordered.

"Yes, Your Majesty."

The county magistrate responded and looked sharply at Zeng Wuzuo who was kneeling on the ground.

"It has been found that countless people in Wan County in the past two months were poisoned by Zeng Wuzuo. The county has pronounced that Zeng Wuzuo..."

"Sir, this is unfair!"

Before the magistrate had finished speaking, he heard a woman's voice.

He paused for a moment and then looked at the woman who was tied up by Agent Jin and escorted over. He saw that she was crying and threw herself next to Zeng Wuzuo, and knelt down towards the magistrate.

"Lao Jin, what's going on?"

He frowned and looked at Agent Jin.

"Returning to your lord, this woman is Mrs. Nie, the wife of Zeng Wuzuo. Today, my subordinate was pestered by Mrs. Nie on the way home. This Mrs. Nie was shameless and wanted to seduce me. She poisoned me. The subordinates caught him."

Agent Jin said to the county magistrate.

"The subordinates tied her up and took her to the county government office."

"What, there is such a thing?"

When the county magistrate heard this, he was so shocked that his eyes almost popped out of his head.

It's really terrible for these two former husband and wife. In order to achieve their goals, they actually let their daughter-in-law seduce other men.

The common people began to whisper again and pointed at Zeng Wuzuo and his wife.

"Ms. Nie, what else do you have to blame? Do you think you and your wife haven't killed enough people?" The county magistrate looked at Ming Nie coldly and asked sternly.

"My lord, this is unfair."

Nie didn't care what others said, she only knew that her husband couldn't die like this.

Chapter 1126 Tell me what happened back then

"Sir, listen to my wife, it's those people who have wronged my husband-in-law in the first place. It really has nothing to do with my husband-in-law. It's them who deserve to die. They are all dead. Why should my husband-in-law be asked to do it?" What about those dead people?"

Everyone: "..."

How could this woman be so in need of a beating? I really wanted to raise my fist and beat this woman to death!

"Nonsense!"

The magistrate shouted again.

"They deserved to die? How did they deserve to die? How did they offend you and your wife?"

Even if you just offend a little, it won't lead to death, right?

Moreover, even if those people really offended Zeng Wuzuo, then Zeng Wuzuo and his wife should report the people directly to the county government. How could they be freed to kill them whenever they wanted?

"Yes, yes, it's them.

Nie nodded and looked into the crowd.

"It was him, it was them. It was they who refused to lend money to my husband-in-law at the beginning, which made my husband-in-law lose his reputation during the autumn period. In the end, he had to do a despised work in order to make a living and survive."

Everyone: "..."

What happened to Wuzuo? Why was he so disliked?

Common people like them have no way to have anything to do with the county government, but Zeng Wuzuo is at least in the county government every day. At least he can see the county magistrate often, right?

Isn't that good enough?

"Zeng, Nie, our family hasn't treated you well enough over the years? What do you mean my family refuses to lend you money?" An old woman was helped out and pointed at Zeng Wuzuo and Nie with trembling hands. , questioned.

"Okay, can you treat me well? If you were really kind, would you have let me go to Jian'an City to take the exam instead of lending me any money?" Zeng Wu squinted, looked at the old woman, and sneered.

"I lost my reputation three years ago. How can your grandson pass the exam three years later? He is obviously a vampire in your family, blocking my official path. If I don't kill your whole family, it would be considered a mercy. .

Therefore, I am going to poison your whole family. If your grandson had not been lucky enough to be sent to the countryside by you, he would have been the first person to be poisoned! "

"you--"

After hearing his words, the old woman felt a breath of bad breath stuck in her throat, and almost fainted from the anger.

"Zeng Wuzuo, are you saying this because of your own conscience? How did my old lady and master feel sorry for you? Don't you know what happened three years ago?"

The woman serving beside the old woman immediately stood up and questioned Zeng Wuzuo.

"Since everyone is here today, let's talk about what happened back then."

That woman should be a more powerful person around the old woman. When she saw her coming out, the old woman didn't object.

"Back then, you borrowed five hundred taels of silver from the old man as soon as you opened your mouth, saying that you wanted to go to Jian'an City to participate in the Autumn Palace. But you are obviously not a scholar in Jian'an City, why should you go to Jian'an City to participate in the Autumn Palace?"

Oh, for the sake of my pitiful face, I have to spend five hundred taels of silver to buy a place to attend the Autumn Festival in Jian'an City? And it was borrowed?

My old man was kicked in the head by a donkey, so he lent you his money to make such a fool of himself. Even my young master participated in the Qiu Wei on his own side and never spent the family's money carelessly.

You let everyone judge, should my old man lend you the five hundred taels of silver? ! "

Chapter 1127 You are dreaming!

As soon as the woman finished speaking, the people began to accuse Zeng Wuzuo.

"This man must be crazy. He wants to go to Jian'an City to participate in the Autumn Festival with money. He has brought shame to Wan County."

"That's not true. If your family doesn't have enough money, don't go out and embarrass yourself. Do his neighbors deserve to owe him? If it were me, I wouldn't borrow money. This kind of person should be beaten out directly. It's such an embarrassment to my parents."

"To kill so many people for such a small thing is so unconscionable. Cutting off our heads a hundred times is not enough to eliminate the hatred in our hearts!"

"It's so embarrassing to bring out these embarrassing things and talk about them!"

"You, what do you know?!"

When Nie heard what the people said, she was so angry that she wanted to stand up and yell at them, but was pushed back by the guards.

"Kneel down!"

"Kneel down, just kneel down and take your hands away."

Nie twisted her body and turned to glare at the guard hatefully.

Then, she turned back and looked at the people.

"When my parents-in-law passed away, the old man of the Hong family clearly promised them that they would take good care of my husband-in-law. However, they ignored their promise and did this to my husband-in-law. They refused to lend even such a small amount of money, which caused my husband-in-law to be harmed. No one passed the examination.

Their thoughts are so vicious, why don't you scold them?

Now, their grandson has passed the exam and actually held a big banquet at home and invited the neighbors to the banquet, but deliberately did not invite my husband-in-law. Isn't this deliberately not treating my husband-in-law as a human being?

If it were you, could you swallow this breath? "

"You... you..."

The old woman was really angry and had two lines of tears on her face.

"Zeng Wuzuo, Zeng Wuzuo, not to mention how my old man promised your parents to take care of you back then, but are you an adult now? Is it possible that you want my old man to give you all the family property?"

Furthermore, three years ago was the most difficult time for my family. Everyone knew that our family went to the countryside to collect some fur goods and do some small business. However, a heavy rain three years ago soaked all the fur goods we collected. All the money was lost.

In such a situation, when you came to our house, you borrowed three or five taels of silver and never paid it back, and the old man never said anything. What else do you want from us?

Did I sell the house to raise the five hundred taels of silver for you?

You are a dishonest person yourself, chasing after vain fame and fortune, but you want my family to accompany you. You are dreaming!

Finally, after my grandson was admitted to the Juren Examination, he invited all the neighbors but didn't invite you. Don't you understand? In the past three years, you don't know the way you have looked at my family, right?

That look in his eyes made him want to kill our whole family. You never ignored me when we met outside on weekdays. Who dares to let you come to our door to find us unhappy? "

Hearing this, Zeng Wuzuo just gritted his teeth and looked at the old woman with scarlet eyes.

"Now of course it's whatever you say, so what else can I say? Haha." He sneered twice.

He has already been caught, and the next thing he has to face is the word death. What else is there to say? Saying more is just a waste of saliva.

"Why didn't you say anything?"

The old woman didn't give him a chance to shut up.

"If you hate my family, then you can kill me if you want. But why do you want to harm so many people in Wan County? How did they offend you?"

Chapter 1128: Extremely Conscientious

"It's not all your fault!"

When Nie heard what the old woman said, she became even more excited.

"If my husband-in-law hadn't killed your old man and couldn't bear it anymore, how could he have killed so many people? This is all your family's fault and has nothing to do with my husband-in-law!"

As she spoke, she looked at the county magistrate standing at the gate of the county government office.

"Lord County Magistrate, Lord County Magistrate, if you want to arrest them and their whole family, it's all because of them that my husband-in-law became what he is today. So many people died in Wan County. It's all their fault. My husband-in-law has nothing to do with me."

County Magistrate: "..."

Everyone: "!!!"

What kind of existence is this Zeng family couple? The idea is really hard to figure out.

After killing so many people, you still brazenly say that it was all the victims' fault?

"laugh."

Lin Caisang sneered.

"Mr. Nie, are you trying to say that it's not your fault that you poisoned those victims, but that those victims were too weak to withstand the crippling effects of the poison? It's their fault, so they I shouldn't have died so easily, causing you to commit a crime?"

After hearing Lin Caisang's words, everyone shook their heads. How could there be such a truth in this world?

However, after hearing Lin Caisang's words, Mr. Nie nodded repeatedly.

"Yep."

Turning her eyes, she looked at the magistrate.

"Lord County Magistrate, the girl next to you is right. This matter is obviously not my husband-in-law's fault. It's all those people. How could they be so weak? They would have died if they were given a little poison. If they hadn't died, My husband-in-law is not committing a crime, is he?

So, it's all those people's fault! It's those people's fault, Lord Magistrate, please quickly order them to be arrested and let us go. "

After hearing her words, the people swallowed in horror.

What a weird idea this is, Mrs. Nie is indeed the daughter-in-law of Zeng Wuzuo. They are both equally matched, and both have the same terrible brains. This kind of selfishness can be said.

Living in the same county as such people, they were really afraid that their lives would be lost in their hands sometime in the future.

Fortunately, the county magistrate was wise today and found out the true identity of this couple. Otherwise, the consequences would be unimaginable.

The county magistrate also looked at Mr. Nie with shock on his face.

But when he turned his gaze back from Nie to Zeng Wuzuo, he saw that he actually agreed with Nie's words and looked at the others with innocent eyes.

It was as if what he did was the only right thing in this world. No matter how many people he killed, it was because those people didn't kill them.

Such a person, let alone stay in the county government, even if he stays in Wan County, who would dare to live in the same county with him? Aren't you afraid that you will die without a complete body in the end?

"Zeng Wuzuo, Mr. Nie, you two have lost your conscience and killed so many innocent lives. You still don't know anything about your mistakes. You still cry out for injustice in front of me and the great prince. It is an unforgivable crime!"

He raised his hand and pointed directly at them, sternly cursing.

"I want to..."

"Lord County Magistrate, although I, Zeng, am not talented, I am still a scholar. As the county magistrate, you have no right to punish me!" Zeng Wuzuo interrupted him and looked at him without fear.

"Hmph, do you think I, Zeng, have worked in Wan County for so long for nothing? Even if I really broke the law, you would have to report it to the governor first, and he would then report it to the emperor. , first remove my reputation, and then you can convict me."

Chapter 1129 That's okay, I'll do it

And being deprived of his fame is already the biggest punishment. No matter how he is sentenced, he will not be sentenced to death. The most he can do is exile.

"you--"

The magistrate had a bad breath stuck in his throat and almost died of anger.

"The great prince."

He turned to look at the Grand Prince on the side and asked him for instructions with his eyes. He could not convict Zeng Zuo of the crime, but it was always possible for the Grand Prince to do so, right?

But he thought wrongly. Although he was a prince, he could not speak directly on behalf of the county governor of a place, because that would be disrespectful to the county governor and was not something he would do directly.

Unless the county governor of a certain place has committed a serious crime and no longer has the right to exercise his responsibilities.

but now.....

"Miss Lin, how about you come?"

He looked at Lin Caisang and suggested.

Lin Caisang: "!!!"

What does this have to do with her? Could it be possible that she could just spread the poison and poison people to death?

This may be very satisfying, but she is also committing murder, so what is the substantial difference between her and Zeng Wuzuo and his wife?

"How do I get here?" she asked in a lowered voice.

"Don't you have a gold medal to avoid death?" the great prince said.

Lin Caisang: "..."

So what if she has the gold medal for immunity from death? Could it be that the great prince wanted her to use the gold medal to die in name, so did he let these two people go?

Raising her eyebrows, she looked at the great prince.

"Miss Lin, you don't know something. This gold medal for immunity from death can not only save people, it can also punish prisoners. The power of a gold medal for immunity from death is second only to the emperor."

Seeing her puzzled face, the eldest prince explained.

"You still bring something like this?" Lin Caisang raised an eyebrow.

No wonder their expressions were so weird when she gave the death-free gold medal to Beidou and the others. It turned out that this death-free gold medal was so useful.

In other words, when she used the gold medal to scare the governor of Ye County, she must have scared him out of courage, right?

No wonder he didn't pay any attention to the Zhou family's affairs after that, and even secretly suppressed the Zhou family. It seemed that he was afraid of the gold medal she had to avoid death, right?

"Okay, I'll do it."

She nodded and took the death-free medal directly from her small satchel.

"Magistrate Lu, I order you to investigate all the evil deeds Zeng Wuzuo has done and immediately bring him to the execution ground to enforce the law and uphold the laws of the country!

In addition, Zeng Wuzuo's wife, Nie, can also tell from her words and deeds that she was aware of Zeng Wuzuo's poisoning of the victim, and even helped.

This can be concluded from the fact that she seduces a man with lust and wants to poison him.

You don't have to go to the county government office to hold a court hearing, you can directly review the case outside the county government office in front of all the people. For these two extremely evil people, not a single bad thing will be spared! "

When Magistrate Lu saw Lin Caisang taking out the gold medal for immunity from death, he was so frightened that he knelt down. Even the prince and his accompanying guards knelt down.

Even though Lin Caisang, the former great prince, was in awe, he never thought that such a little girl would have a death-free gold medal in her hands.

In Liang State, with the gold medal for immunity from death, you can walk sideways.

"Yes, Wei Chen obeys your order."

Because the gold medal for immunity from death represents the emperor, he even changed his name.

As a scholar, Zeng Wuzuo had never seen what the so-called gold medal for immunity from death looked like, but a gold medal could make so many people kneel down, and he already looked bad.

Chapter 1130 Everyone must die!

She screamed something bad in her heart and cursed Lin Caisang hundreds of times.

"You bitch, if I had known better, I should have killed you early in the morning!" He stood up from the ground and was about to rush in the direction of Lin Caisang.

Just as he stood up, he was pushed down by the guard behind him.

"Stop being so presumptuous, kneel down!"

He could only stare at Lin Caisang fiercely with dark eyes.

This woman is his nemesis. If she hadn't been nosy, he would have been arrested, and he could have attacked anyone in the future.

But this woman is so nosy that he is going to be arrested now!

"Lin, even if I become a ghost, I will never let you go!"

"laugh."

Lin Caisang sneered and looked at Zeng Wuzuo with disdain.

"I'm not even afraid of people, so why would I be afraid of you turning into a ghost?"

It was broad daylight now, what did she have to be afraid of? Furthermore, when he turns into a ghost, such an evil ghost, even if he reaches the palace of the king of hell, the king of hell will not be able to spare him, right?

"Where's the antidote? If you hand over the antidote, maybe you can die a little easier."

she asked.

"laugh."

Zeng Wuzuo looked sideways at Lin Caisang and sneered.

"Hmph, kill me and you will never get the antidote. All of those people will die!

Don't you all want me dead? Haha, I deserve so many lives to pay for my burial, but I'm just afraid that you people won't be willing to let me die! "

He was extremely proud.

He was originally afraid of being beheaded or something, but as soon as Lin Caisang asked what he just said, he was no longer afraid.

Only he can cure the poison of those people, so what is he afraid of? Are you afraid that everyone wants him to die?

Now they are begging him to save the lives of those people!

"you--"

The county magistrate looked at him looking like he was in need of a beating, and he was so angry that he almost spit out a mouthful of blood.

"hehe."

Zeng Wuzuo still looked like he was not afraid of death, looking at the people at the gate of the county government arrogantly.

"Your Majesty, the County Magistrate, I advise you to let me go as soon as possible, and then treat me nicely and give me 180,000 taels of silver. Maybe I will be kind-hearted and give you the antidote." You, I asked you to save people."

The Great Prince: "..."

He has never seen such a shameless person. How did this guy survive until now?

"Zeng Wuzuo, I am really glad that your neighbor did not lend you the money. Otherwise, with your character, if you really succeed in the examination, you will kill many people in the future!"

Hearing this, Lin Caisang glanced sideways at him.

"He alone can pass the examination?"

"Well."

The eldest prince was swallowed by her words, and immediately raised his hand and patted his lips.

"I am confused. How could such a person pass the exam? He is only worthy of going to the Palace of Hell!"

"You...don't you want the antidote?"

Zeng Wuzuo saw the two of them looking indifferent, but they were still chatting there. More importantly, they were talking about his own affairs, and he suddenly became very angry.

So what if he failed in Qiu Wei? If those bitches hadn't been unwilling to help him, would he have failed? Will it become a masterpiece that everyone despises?

He was admired by others early on and became a high-ranking official!

"Let me tell you, I am the only one in the world who has the antidote to that poison. If you dare to treat me badly, don't even think about those people's lives!" He threatened.
